Item 2.02. Results of Operations and Financial Condition.

The information in this Item 2.02, including Exhibit 99.1 attached hereto, is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section and shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, except as otherwise expressly stated in such filing.

Attached as Exhibit 99.1 and incorporated by reference into this Item 2.02 is a copy of the press release issued by PepsiCo, Inc. (PepsiCo or the Company), dated February 13, 2014, reporting PepsiCo's financial results for the 16 and 52 weeks ended December 28, 2013.

Item 2.05. Costs Associated with Exit or Disposal Activities.

PepsiCo today announced that on February 7, 2014 it committed to a multi-year productivity plan (the 2014 Productivity Plan), that includes the next generation of productivity initiatives that we believe will strengthen our food, snack and beverage businesses by accelerating our investment in manufacturing automation; further optimizing our global manufacturing footprint, including closing certain manufacturing facilities; re-engineering our go-to-market systems in developed markets; expanding shared services; and implementing simplified organization structures to drive efficiency. The 2014 Productivity Plan is in addition to the productivity plan the Company began implementing in 2012 and is expected to continue the benefits of that plan. In connection with the 2014 Productivity Plan, PepsiCo expects to incur pre-tax charges of approximately \$990 million, \$53 million of which was reflected in its fourth quarter 2013 results, approximately \$440 million of which PepsiCo expects will be reflected in its 2014 results and the balance of which PepsiCo expects will be reflected in its 2015 through 2018 results. These charges totaling approximately \$990 million will consist of approximately \$565 million of severance and other employee-related costs; approximately \$210 million for other costs, including consulting-related costs and the termination of leases and other contracts; and approximately \$215 million for asset impairments (all non-cash) resulting from plant closures and related actions. PepsiCo anticipates that these charges will result in cash expenditures of approximately \$320 million during 2014, with the balance of approximately \$355 million of related cash expenditures in 2015 through 2018.
