On or about May 19, 2015, we expect to mail our shareholders a notice containing instructions on how to access our proxy materials and submit their proxy electronically over the Internet. The notice includes instructions on how you can request and receive a paper copy of the proxy materials, including the notice of the annual general meeting, proxy statement and proxy card, and the annual report on form 10-K. Q: How does our board of directors recommend that I vote on the proposals?

A: At the annual general meeting, our board of directors unanimously recommends our shareholders vote:

2. FOR the approval, on an advisory and non-binding basis, of named executive officer compensation, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures (see Proposal No. 2);
3. FOR the approval of the Incentive Plan in order to provide for future bonus awards to certain key executive officers that are deductible under Section 162(m) (see Proposal No. 3);
4. FOR the approval of the amendment to the 1995 Plan to provide for awards under the plan that comply with the exemptions from the deduction limitations imposed under Section 162(m), and to enable the grant of a full range of awards to non-employee directors (see Proposal No. 4); and
5. FOR the re-appointment of PricewaterhouseCoopers as our auditors and independent registered public accounting firm, and authorization of the audit committee, acting on behalf of our board of directors, to fix the remuneration of the auditors and independent registered public accounting firm, in both cases for our fiscal year ending January 30, 2016 (see Proposal No. 5).

If any other matters properly come before the annual general meeting or any adjournment or postponement thereof, the persons named in the proxy card will vote the shares represented by all properly executed proxies in their discretion.

Q: Why did I receive a one-page notice in the mail regarding Internet availability of proxy materials instead of a paper copy of proxy materials?

A: The SEC has adopted rules to allow proxy materials to be posted on the Internet and to provide only a Notice of Internet Availability of Proxy Materials to shareholders. We have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our shareholders of record and beneficial owners. All shareholders receiving the Notice will have the ability to access the proxy materials over the Internet and request to receive a paper copy of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the Notice. In addition, the Notice contains instructions on how you may request access to proxy materials in printed form by mail or electronically on an ongoing basis. The Notice also instructs you on how to submit your proxy electronically over the Internet or by mail.

Q: How can I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to:

View the proxy materials for the annual general meeting on the Internet; and

Edgar Filing: MARVELL TECHNOLOGY GROUP LTD - Form DEF 14A

Instruct us to send future proxy materials to you by email.

Our proxy materials are also available on our website at the investor relations page of our website at www.marvell.com or by going to www.marvellproxy.com.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual general meetings on the environment. If you choose to receive

Table of Contents

future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Q: Who can vote?

A: The record date for the annual general meeting has been set as the close of business Pacific Time on May 4, 2015. Only shareholders of record as of such date will be entitled to notice of and to vote at the meeting. On the record date, there were 518,447,233 common shares outstanding. Each share outstanding is entitled to one vote on the proposals to be voted on at the meeting. There is no cumulative voting in the election of directors. Shares held as of the record date include shares that are held directly in your name as the shareholder of record and those shares held for you as a beneficial owner through a broker, bank or other nominee.

Q: What should I do now to vote?

A: You may vote your shares either by voting in person at the meeting or by submitting a completed proxy via the Internet, telephone or by mail. The meeting will take place on June 30, 2015. After carefully reading and considering the information contained in this proxy statement, please follow the instructions as summarized below depending on whether you hold shares directly in your name as shareholder of record or you are the beneficial owner of shares held through a broker, bank or other nominee. Most of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between the procedures for voting shares held of record and those owned beneficially.

Q: If I am a shareholder of record, how do I vote my shares?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company (the *Transfer Agent*), you are considered the shareholder of record with respect to those shares and the Notice was sent directly to you. There are four ways to vote:

In person. If you are a shareholder of record, you may vote in person at the annual general meeting. We will provide you a ballot when you arrive.

Via the Internet. You may submit your proxy via the Internet by following the instructions provided in the Notice.

By Telephone. You may submit your proxy by calling the toll free number found on the proxy card.

By Mail. If you request printed copies of the proxy materials by mail, you may submit your proxy by filling out the proxy card and sending it back in the envelope provided.

Please be aware that if you issue a proxy or give voting instructions over the Internet or by telephone, you may incur costs such as Internet access and telephone charges for which you will be responsible.

Q: If my shares are held in *street name* by my broker, bank or other nominee, how do I vote my shares?

A: If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in *street name*, and the Notice will, subject to the terms made between you and the shareholder of record, be forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the shareholder of record. If the shares you own are held in *street name* by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of submitting voting instructions over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on a voting instruction form.

Table of Contents

If your shares are held in street name, you may also vote your shares in person at the annual general meeting. You must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares as of the record date, together with a form of personal identification, in order to be admitted to the annual meeting. To be able to vote your shares held in street name at the annual meeting, you will need to obtain a proxy from the shareholder of record.

Q: What happens if I do not cast a vote?

A: Many of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholders of record If you are a shareholder of record and you do not cast your vote or submit a proxy, no votes will be cast on your behalf on any of the items of business at the annual general meeting. However, if you sign and return the proxy card with no further instructions, the proxy holders will vote your shares in the manner recommended by our board of directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual general meeting. A shareholder may also abstain from voting on any proposal. An abstention occurs when a shareholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. Abstention votes have the same effect as an against vote with respect to the election of directors (Proposal No. 1). Abstentions will have no effect on the outcome of the vote for all other proposals.

Beneficial owners If you hold your shares in street name it is critical that you instruct your broker, bank or other nominee to cast your vote if you want it to count in the election of directors (Proposal No. 1), approval of named executive officer compensation (Proposal No. 2), approval of the Incentive Plan (Proposal No. 3) and approval of the amendment to the 1995 Plan (Proposal No. 4). The term broker non-vote refers to shares held by a broker or other nominee (for the benefit of its client) that are represented at the meeting, but with respect to which such broker, bank or nominee is not instructed to vote on a particular proposal and does not have discretionary authority to vote on that proposal. Brokers, banks and nominees do not have discretionary voting authority on non-routine matters (including Proposal Nos. 1, 2, 3 and 4) and accordingly may not vote on such matters absent instructions from the beneficial holder. Thus, if you hold your shares in street name and you do not instruct your broker, bank or other nominee on how to vote in the election of directors (Proposal No. 1), with respect to votes related to named executive officer compensation (Proposal No. 2), regarding the approval of the Incentive Plan (Proposal No. 3), or regarding the approval of the amendment to the 1995 Plan (Proposal No. 4), no votes will be cast on your behalf.

The proposals at the annual general meeting to appoint PricewaterhouseCoopers as our auditors and independent registered public accounting firm, and authorize the audit committee, acting on behalf of our board of directors, to fix the remuneration of the auditors and independent registered public accounting firm, in both cases for our fiscal year ending January 30, 2016 (Proposal No. 5) is considered a routine matter for which brokerage firms may vote uninstructed shares. The election of directors (Proposal No. 1), the proposal to approve on an advisory (non-binding) basis named executive officer compensation (Proposal No. 2), the proposal to approve the Incentive Plan (Proposal No. 3) and the proposal to amend the 1995 Plan (Proposal No. 4) are not considered routine matters for which brokerage firms may vote uninstructed shares and it is important to us that you affirmatively vote for the election of each of the nominees for director under Proposal No. 1, and for Proposal No. 2, Proposal No. 3 and Proposal No. 4.

Q: How are votes counted?

A: Each share held by a shareholder as of the record date will be entitled to one vote. There is no cumulative voting in the election of directors. All votes will be tabulated by the inspector of elections appointed for the meeting, who will count the votes, determine the existence of a quorum, validity of proxies and ballots, and certify the results of the voting. Voting at the meeting will be taken on a poll in accordance with our Bye-Laws.

Table of Contents

Q: What if I plan to attend the meeting in person?

A: To help ensure your shares are voted, we recommend that you submit your proxy or voting instruction form anyway. If you are a shareholder of record, please bring a form of personal identification to be admitted to the meeting. If your shares are held in the name of your broker, bank or other nominee and you plan to attend the meeting, you must present proof of your beneficial ownership of those shares as of the record date, such as a bank or brokerage account statement or letter, together with a form of personal identification, to be admitted to the meeting.

Q: How can I change or revoke my proxy after I have submitted it?

A: You may change or revoke your proxy at any time before it is voted at the annual general meeting by (1) delivering to our registered office at Canon's Court, 22 Victoria Street, Hamilton HM 12, Bermuda, a written notice stating that the proxy is revoked, (2) submitting another proxy on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the annual general meeting will be counted), (3) signing and returning a new proxy card with a later date, or (4) attending the annual general meeting and voting in person. If you are a beneficial owner and submitted voting instructions to your broker, bank or other nominee, please refer to the instructions provided by your broker, bank or other nominee on how to change your vote.

Q: What if other matters come up at the meeting?

A: The matters described in this proxy statement are the only matters that we know of that will be voted on at the meeting. If any other matters properly come before the annual general meeting or any adjournment or postponement thereof, the persons named in the proxy card will vote the shares represented by all properly executed proxies in their discretion.

Q: What quorum is required for action at the meeting?

A: The presence in person of two or more persons representing in person or by proxy in excess of 50% of the total issued and outstanding shares of Marvell throughout the meeting shall constitute a quorum at the meeting. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. In the event there are not sufficient shares present for a quorum at the time of the annual general meeting, the meeting will stand adjourned for one week or otherwise as may be determined by our board of directors in accordance with the Bye-Laws in order to permit the further solicitation of proxies.

Q: What vote is required to approve each proposal?

A: Proposal No. 1: The nominees for director receiving the affirmative vote of a simple majority of the votes cast in person or by proxy at the annual general meeting will be elected as directors to serve until the next annual general meeting of shareholders or until their successors are duly elected. Abstention votes have the same effect as an against vote with respect to the election of directors and broker non-votes will be entirely excluded from the vote and will have no effect on the outcome of this proposal.

Proposal No. 2: Our shareholders will have an advisory (non-binding) vote on named executive officer compensation as described in this proxy statement, which requires the affirmative vote of a simple majority of the votes cast in person or by proxy at the annual general meeting in order to be approved. Abstentions and broker non-votes will be entirely excluded from the vote and will have no effect on the outcome of this proposal. The vote is advisory and therefore not binding on our board of directors; however, our board of directors and the executive compensation committee (the ECC) will consider the result of the vote when making future decisions regarding our executive compensation policies and practices.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

Nominees

Our Bye-Laws provide that our board shall consist of not less than two directors or such number in excess thereof as our board of directors may determine. The number of directors is currently fixed at six and there are currently six members serving on our board of directors. The nominating and governance committee has recommended and our board of directors has nominated the six current members of our board of directors to stand for election at the annual general meeting. If the current nominees are elected, we will have six members serving on our board of directors and the number of directors will be fixed at six. All nominees elected as directors will serve one year terms until the next annual general meeting of shareholders or until their respective successors are duly elected. In the event any new nominees are appointed as directors after this annual general meeting, they will be required to stand for election at the next annual general meeting and each annual general meeting of shareholders thereafter.

Our director nominees for the 2015 annual general meeting are Dr. Sehat Sutardja, Ms. Weili Dai, Dr. Juergen Gromer, Dr. John G. Kassakian, Mr. Arturo Krueger and Dr. Randhir Thakur. Biographical information for the nominees can be found beginning on page 10 of this proxy statement. We have been advised that each of our nominees is willing to be named as such herein and each of the nominees is willing to serve as a director if elected. However, if one or more of the director nominees should be unable to serve as director, the proxy holders may vote for a substitute nominee recommended by the nominating and governance committee and approved by our board of directors.

Board Recommendation and Required Vote

Our board of directors unanimously recommends that you vote FOR the nominees for director identified above.

Unless authority to do so is withheld, the proxy holders named in the proxy card will vote the shares represented thereby FOR the election of each such nominee. Assuming the presence of a quorum, the required vote is the affirmative vote of a simple majority of votes cast and entitled to vote at the annual general meeting. Abstentions are included in the calculation of votes cast and will have the same effect as an against vote with respect to the election of such director. Broker non-votes will be entirely excluded from the vote and will have no effect on the outcome. If the proposal for the appointment of a director nominee does not receive the required affirmative vote of a simple majority of the votes cast, then the director will not be appointed and the position on our board of directors that would have been filled by the director nominee will become vacant. Our board of directors has the ability to fill the vacancy upon the recommendation of the nominating and governance committee, in accordance with the Bye-Laws, with that director subject to election by our shareholders at the next following annual general meeting of shareholders.

Corporate Governance Guidelines and Practices, Board Leadership Structure, Risk Management, Meetings, Independence and Compensation of Directors

Corporate Governance Guidelines and Practices

Our board of directors has adopted a set of corporate governance guidelines and practices to establish a framework within which it will conduct its business. The corporate governance guidelines and practices can be found on our website at www.marvell.com/investors/governance.jsp. The corporate governance guidelines and practices were last revised on April 19, 2013. The corporate governance guidelines and practices provide, among other things, that:

in the absence of a non-executive Chairman of the Board, our board of directors shall designate a lead independent director who, among other duties, is responsible for presiding over executive sessions of independent directors;

a majority of the directors must be independent;

our board of directors shall appoint all members of the board committees;

Table of Contents

the nominating and governance committee screens and recommends board candidates to our board of directors;

the audit committee, ECC and nominating and governance committee must consist solely of independent directors; and

the independent directors shall meet regularly in executive session without the presence of the non-independent directors or members of our management.

We also provide our directors annual training events on issues facing us and on subjects that would assist the directors in discharging their duties.

Our board of directors may modify the corporate governance guidelines and practices from time to time, as appropriate. Our independent directors have appointed Mr. Krueger to serve as the lead independent director for our board of directors. Mr. Krueger has served as our lead independent director since April 2009. The duties of the lead independent director are set forth as follows in our corporation governance guidelines and practices:

develop the agenda for, and moderate executive sessions of, meetings of our independent directors;

help promote good communication between the independent directors and the Chairman of the Board and/or the Chief Executive Officer;

chair the meetings of our board of directors in the absence of the Chairman of the Board;

make recommendations to the Chairman of the Board regarding the appropriate schedule of board meetings, seeking to ensure that the independent directors can perform their duties responsibly while not interfering with the flow of our operations;

jointly with the Chairman of the Board, set agendas for board meetings and make recommendations to the Chairman of the Board regarding the structure of board meetings;

make recommendations to the Chairman of the Board in assessing the quality, quantity and timeliness of the flow of information from our management that is necessary for the independent directors to effectively and responsibly perform their duties; and

coordinate with the nominating and governance committee and corporate counsel to promote a thorough annual self-assessment by our board of directors and its committees.

Board Leadership Structure

Our board of directors believes that our Chief Executive Officer is best situated to serve as Chairman of the Board, because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the company and industry, while the Chief Executive Officer brings company-specific experience and expertise. Our board of directors believes that the combined role of Chairman of the Board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our board of directors, which are essential to effective governance. Our independent directors have appointed Mr. Krueger to serve as the lead independent director for our board of directors. The role of our lead independent director is described above.

Edgar Filing: MARVELL TECHNOLOGY GROUP LTD - Form DEF 14A

One of the key responsibilities of our board of directors is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. Our board of directors believes the combined role of Chairman of the Board and Chief Executive Officer, together with a lead independent director, is in the best interest of our shareholders because it provides the appropriate balance between strategy development and independent oversight of management.

Table of Contents

Risk Management

Our board of directors has an active role, as a whole and also at the committee level, in overseeing management of our risks. Our board of directors regularly reviews information regarding our liquidity, intellectual property, significant litigation matters and operations, as well as the risks associated with each of such items. Our ECC is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements as well as our compensation plans that generally apply to all employees. The audit committee oversees management of financial, legal and IT compliance risks as well as business continuity planning. The nominating and governance committee manages risks associated with the independence of our board of directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks.

During fiscal 2015, our board of directors received reports on the most important strategic issues and risks facing Marvell. In addition, our board of directors and its committees receive regular reports from our head of internal audit or other senior management regarding compliance with applicable risk related policies, procedures and limits.

We believe that our leadership structure supports the risk oversight function. As indicated above, certain important categories of risk are assigned to committees that review, evaluate and receive management reports on risk.

Meetings of our Board of Directors; Attendance

There were nine meetings of our board of directors in fiscal 2015. Each director attended at least 75% of the total number of meetings of our board of directors and committees on which such director served. The independent directors met in executive sessions without the presence of the non-independent directors or members of our management at each of our five regularly scheduled in-person meetings. Our board of directors also formed a special committee with the authority to declare dividends that is made up of four independent directors.

Although directors are encouraged to attend annual general meetings of shareholders, we do not have a formal policy requiring such attendance. One of our current independent directors attended the 2014 annual general meeting.

Director Independence

Our board of directors has determined that, among the director nominees standing for election, each of Dr. Gromer, Dr. Kassakian, Mr. Krueger and Dr. Thakur are independent as such term is defined by the rules and regulations of the NASDAQ Stock Market (Nasdaq) and the rules and regulations of the SEC. To be considered independent, our board of directors must affirmatively determine that neither the director, nor any member of his or her immediate family, has had any direct or indirect material relationship with us within the previous three years.

Our board of directors considered relationships, transactions and/or arrangements with each of the directors and concluded that none of the four non-employee directors (Outside Directors), or any of his immediate family members, has or has had within the previous three years any relationship with us that would impair his independence.

Compensation of Directors

Directors who are also employees of Marvell do not receive any additional compensation for their services as directors.

The Annual RSU Award vests as to 100% of the shares on the earlier of the date of the next annual general meeting of shareholders or the one year anniversary of the date of grant. An Outside Director who is elected or appointed after an annual general meeting of shareholders will receive a pro rata RSU award based on the number of quarters completed since the prior annual general meeting of shareholders. The actual value that a director will realize on each RSU award will depend on the price per share of our common shares at the time shares underlying the RSUs are sold. There can be no assurance that the actual value realized by a director will be at or near the grant date fair value of the RSUs awarded. This number was calculated based on the maximum number of RSUs that could be granted pursuant to the Annual RSU Award on July 1, 2014, which is 15,058 RSUs under the 2007 Director Plan.
- (2) The following table provides the number of shares subject to outstanding RSUs held at January 31, 2015 for each current Outside Director, as applicable:

Our board of directors has determined that each member of the nominating and governance committee meets the applicable independence requirements of Nasdaq and the SEC.

Role of Compensation Consultants

Under its charter, the ECC has the authority to directly retain outside legal counsel and other advisors. Pursuant to that authority, the ECC has directly retained Mercer as its independent compensation consultant since April 2009.

The ECC retained Mercer to provide information, analyses and advice regarding executive compensation, as described below; however, the ECC makes all decisions regarding the compensation of our executive officers. The Mercer consultant who performs these services reports to the chairman of the ECC. In addition, the Mercer consultant attended meetings of the ECC during fiscal 2015, as requested by the chairman of the ECC. Mercer provided the following services to us during fiscal 2015:

Evaluated the competitive positioning of our named executive officers' base salaries, annual incentive and long-term incentive compensation relative to our peer companies to support fiscal 2015 decision-making;

Advised on fiscal 2015 target award levels within the annual and long-term incentive program and, as needed, on actual compensation actions;

Assessed the alignment of company compensation levels relative to our performance against our peer group and relative to the ECC's articulated compensation philosophy;

Worked with the ECC in developing program changes in response to Say on Pay vote results and shareholder feedback, including the re-introduction of performance-based RSUs;

Reviewed appropriateness of the peer group in terms of size, industry, business profile and talent market;

Assessed whether our compensation programs might encourage inappropriate risk taking that could have a material adverse effect on us; and

Assisted with the preparation of the Compensation Discussion and Analysis for this proxy statement.

During fiscal 2013, the Securities and Exchange Commission issued new rules under the Dodd-Frank Act concerning compensation consultant independence. Under these rules the ECC must determine whether any work

completed by a compensation consultant raised any conflict of interest after taking into account six independence-related factors. For fiscal 2015, the ECC has reviewed these six factors in their totality as they apply to Mercer and determined that no conflict of interest exists.

Additional information concerning the compensation policies and objectives established by the ECC and the respective roles of our Chief Executive Officer and the compensation consultant in assisting with the determination of compensation for each of the executive officers named in the Summary Compensation Table, referred to in this proxy statement as our named executive officers, is included under the heading Executive Compensation.

Nominations for Election of Directors

The nominating and governance committee identifies, recruits and recommends to our board of directors, and our board of directors approves, director nominees for election at each annual general meeting of shareholders and new directors for election by our board of directors to fill vacancies that may arise. Under the Bye-Laws, any director appointed by our board of directors would need to be reappointed by shareholders at our next annual general meeting of shareholders.

The nominees for election at this annual general meeting were unanimously recommended and approved by the nominating and governance committee and our board of directors, respectively. The nominating and governance committee will consider proposals for nomination from shareholders that are made in writing to our Secretary at Canon's Court, 22 Victoria Street, Hamilton HM 12, Bermuda that are timely and that contain sufficient background information concerning the nominee to enable proper judgment to be made as to his or her qualifications. For general information regarding shareholder proposals and nominations, see Future Shareholder Proposals and Nominations for the 2016 Annual General Meeting on page 65.

Director Qualifications

The nominating and governance committee believes that the following specific, minimum qualifications must be met by a nominee for the position of director:

the highest personal and professional ethics and integrity;

the ability to work together with other directors, with full and open discussion and debate as an effective, collegial group;

current knowledge and experience in our business or operations, or contacts in the community in which we do business and in the industries relevant to our business, or substantial business, financial or industry-related experience; and

the willingness and ability to devote adequate time to our business.

Moreover, it is the policy of the nominating and governance committee to engage annually with our shareholders who hold 5% or more of our outstanding common shares as of December 31 of each year and to discuss desirable skills and attributes for members of the Board with such shareholders.

We are required to have at least one member of our board of directors who meets the criteria for an audit committee financial expert as defined by Nasdaq and the SEC, and to have a majority of independent directors who meet the definition of independent director under applicable Exchange Act, Nasdaq and SEC rules. We also believe it is appropriate for certain key members of management to participate as members of our board of directors. Other than the foregoing there are no stated minimum criteria for director nominees.

Table of Contents

When making its determination whether a nominee is qualified for the position of director, the nominating and governance committee may also consider such other factors as it may deem are in the best interests of the company and its shareholders, such as the following qualities and skills:

relationships that may affect the independence of the director or conflicts of interest that may affect the director's ability to discharge his or her duties;

diversity of experience and background of the proposed director, including the need for financial, business, academic, public sector or other expertise on our board of directors or its committees; and

the fit of the individual's skills and experience with those of the other directors and potential directors in comparison to the needs of the company.

When evaluating a candidate for nomination, the nominating and governance committee does not assign specific weight to any of these factors or believe that all of the criteria necessarily apply to every candidate.

Identifying and Evaluating Nominees for Director

The nominating and governance committee reviews the appropriate skills and characteristics required of directors in the context of the current composition of our board of directors. Candidates considered for nomination to our board of directors may come from several sources, including current and former directors, professional search firms and shareholder nominations. The nominating and governance committee will consider all persons recommended in the same manner, regardless of the source of nomination.

A shareholder seeking to recommend a prospective nominee for the nominating and governance committee's consideration should submit the candidate's name and qualifications to our Secretary at Canon's Court, 22 Victoria Street, Hamilton HM 12, Bermuda. The nominating and governance committee will consider candidates recommended by shareholders in the same manner as candidates recommended to the nominating and governance committee from other sources. Nominees for director are evaluated by the nominating and governance committee, which may retain the services of a professional search firm to assist them in identifying or evaluating potential nominees.

Shareholder Communications with our Board of Directors

At present, our Chairman and Chief Executive Officer is responsible for maintaining effective communications with our shareholders, customers, employees, communities, suppliers, creditors, governments and corporate partners. It is the policy of our board of directors that management speaks for the company. This policy does not preclude independent directors from meeting with shareholders, but management, where appropriate, should be present at such meetings.

Nonetheless, our board of directors has established a process for shareholders to send communications to our directors. If you wish to communicate with our board of directors or individual directors, you may send your communication in writing to: General Counsel, Marvell Semiconductor, Inc., 5488 Marvell Lane, Santa Clara, California 95054. You must include your name and address in the written communication and indicate whether you are a shareholder of Marvell. The General Counsel (or other officer acting in such capacity) will compile all such communications and will forward them to the appropriate director or directors or committee of our board of directors based on the subject matter or to the director or directors to whom such communications is addressed.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information regarding compensation paid to our named executive officers during fiscal 2015, which ran from February 2, 2014 until January 31, 2015. During fiscal 2015, the named executive officers were:

Dr. Sehat Sutardja, our Chief Executive Officer and Chairman of the Board;

Ms. Weili Dai, our President;

Mr. Michael Rashkin, our Chief Financial Officer; and

Dr. Zining Wu, our Chief Technology Officer.

Our named executive officers are also the only officers with the responsibility level and business impact to qualify as executive officers under SEC rules.

Executive Summary

Our Business

We are a fabless semiconductor provider of high-performance application-specific standard products. Our core strength of expertise is the development of complex System-on-a-Chip and System-in-a-Package devices, leveraging our extensive technology portfolio of intellectual property in the areas of analog, mixed-signal, digital signal processing, and embedded and standalone integrated circuits. The majority of our product portfolio leverages the ARM technology portfolio. We also develop platforms that we define as integrated hardware along with software that incorporates digital computing technologies designed and configured to provide an optimized computing solution. Our broad product portfolio includes devices for data storage, enterprise-class Ethernet data switching, Ethernet physical-layer transceivers, mobile handsets, connectivity, Internet-of-Things devices and other consumer electronics.

Fiscal 2015 Business Highlights

In fiscal 2015, we experienced growth in net revenue for the second consecutive year. Net revenue in fiscal 2015 reached a record high of \$3.7 billion and was 9% higher than net revenue of \$3.4 billion in fiscal 2014. The growth was led by a 28% increase in revenue from products for the mobile and wireless end markets, particularly in the first half of fiscal 2015, together with stable year over year growth in the storage market. Moreover, our operating income in fiscal 2015 accelerated more rapidly than revenue as we effectively controlled our operating expenses. Going into fiscal 2016, we expect revenue growth to be driven by areas such as mobile handsets, tablets, connectivity and smart home devices, along with a continued focus on operational execution.

Our cost of goods sold as a percentage of net revenue for fiscal 2015 was higher than that of fiscal 2014. As we expand our presence in the mobile and wireless end markets, we expect our gross margin to face downward pressure, as these end markets generally have lower average gross margins than the rest of our business. However, we expect this growth will result in improvement to total gross margin dollars and operating profit. In addition, we are focused on efforts to improve both aspects of our gross profit, including cost improvement and pricing.

We believe our financial position is strong and we remain committed to deliver shareholder value through our share repurchase and dividend programs.

Our cash, cash equivalents and short-term investments were \$2.5 billion at January 31, 2015.

We generated cash flow from operations of \$728.9 million during fiscal 2015.

Table of Contents

We paid cash dividends of \$0.24 per share for a total of \$122.8 million during fiscal 2015 and recently announced a dividend of \$0.06 per share to be paid during the first quarter of fiscal 2016.

We repurchased 5.1 million of our common shares for \$65.0 million during fiscal 2015.

Actions Taken in Consideration of Say on Pay Vote

At the 2014 annual general meeting, our shareholders voted on an advisory basis to approve fiscal 2014 named executive officer compensation. We received support from approximately 60% of shareholders voting on the proposal for our fiscal 2014 named executive officer compensation program. We take shareholder feedback very seriously and will continue to proactively review our named executive officer compensation program and take actions to ensure that executive pay is aligned with company performance. Highlights of actions taken since the last shareholder vote include the following:

Action Taken	Example
1. Incorporating shareholder feedback, and company performance considerations, into the fiscal 2015 compensation programs	During fiscal 2015, we continued the administration of a performance based annual incentive plan, and re-introduced performance-based equity grants for all named executive officers.
2. Shareholder outreach during fiscal 2015	We have an annual process of outreach to major shareholders, led by our Lead Independent Director, which includes discussions about governance issues of interest to the shareholders.
3. Consideration of shareholder feedback received as part of the outreach process in determining fiscal 2016 compensation	Continued pay for performance emphasis for name executive officer compensation programs, including the introduction of relative total shareholder return (TSR) as a metric for performance-based equity awards to be granted to all named executive officers in fiscal 2016.

Additionally, we continue to maintain good governance pay practices described in more detail elsewhere in this proxy statement, including stock ownership guidelines, a policy concerning recoupment of CEO and CFO bonuses following restatements, no gross up provisions, effective risk management, maintenance of 162(m) of the Internal Revenue Code of 1986, as amended (the Code) eligible plans, and anti-hedging provisions in our insider trading policy.

We hold advisory votes to approve named executive officer compensation on an annual basis. When making future compensation decisions, the ECC will consider the results from the prior year's advisory vote on named executive officer compensation, as well as feedback from shareholders throughout the course of such year.

CEO Pay Alignment with Company Performance

A key element of our CEO's compensation is the explicit link between his compensation and both overall business results and individual performance, as discussed more generally below under Compensation Philosophy. We made the following key decisions relating to fiscal 2015 and fiscal 2016 compensation of our CEO in light of the company's fiscal 2015 performance:

No merit increase in base salary for fiscal 2015;

Above target annual incentive plan payouts based on fiscal 2015 financial performance;

Above target vesting of performance based equity awards that are subject to fiscal 2015 financial and strategic performance

Target compensation for fiscal 2016 that remains aligned with the peer group median;

Continued use of performance based restricted stock units (RSUs) as the primary equity vehicle for fiscal 2016;

Introduction of relative TSR as a multi-year performance metric to be the basis for vesting of a portion of the performance based RSUs granted in fiscal 2016; and

Incentive plan goals that incorporate both internal (financial and strategic company goals) and external (relative TSR) perspectives of company performance.

Fiscal 2015 saw continued performance improvements and significant strategic business changes. As a result, the degree of revenue achievement, operating income and strategic goals resulted in above target fiscal 2015 annual incentive payouts and above target fiscal 2015 performance based RSU vesting for the CEO and other named executive officers. As a result of our stock price performance, the ECC believes our CEO and other named executive officers were appropriately rewarded for fiscal 2015 performance.

The relationship between our CEO's target pay opportunity, realizable pay, and company performance as measured by TSR (each as defined below) further illustrates the alignment of our CEO's compensation with

Table of Contents

business performance, and our emphasis on shareholder value creation. While most of the required compensation disclosures discuss pay opportunities, i.e., the awards that *may be earned*, realizable pay considers actual compensation that was earned or could be earned based on performance.

Target pay opportunity for a given fiscal year means the sum of the salary and target cash bonus opportunity in that fiscal year, plus the grant date fair value of all equity awards (stock options and restricted stock units) granted during the fiscal year;

Realizable pay for a given fiscal year means the sum of salary and actual cash bonus paid for that fiscal year, plus the current (2015 fiscal year-end) realizable value of equity granted in that fiscal year. The current realizable value of equity is calculated as the in the money value of stock options assuming that any vested stock options remain unexercised plus the market value of restricted stock units, assuming that shares underlying any vested restricted stock units are still held by the CEO. For equity awards with performance based vesting the target number of shares are included for periods in respect of fiscal years that have not been completed and the actual number of shares that vested are included for completed performance periods; and

Total shareholder return is the increase in company stock price plus reinvested dividends, measured from the start of each fiscal year from fiscal 2012 through 2015 fiscal year end.

The following graph shows the target pay opportunity and realizable pay of our CEO, Dr. Sutardja, for each fiscal year since fiscal 2012, and the strong correlation of his realizable pay with total shareholder return.

	FY2012	FY2013	FY2014	FY2015
Dr. Sutardja Target Pay Opportunity	\$ 13,324,040	\$ 13,916,750	\$ 8,385,200	\$ 9,143,158

Fiscal 2015 Named Executive Officer Compensation Determination

Compensation Philosophy

The ECC oversees the development and administration of our executive compensation program, including the underlying philosophy and related policies. Our primary business objective is to create long-term value for our shareholders. To achieve this objective, our executive compensation program is intended to achieve five primary objectives:

Market Competitive: Provide a market-competitive level of total compensation opportunity that reflects the individual executive's role and ability to impact business performance;

Performance Based: Establish an explicit link between compensation and both overall business results and individual performance;

Long-Term Focused: Promote a long-term focus for our named executive officers through incentive compensation that vests over multiple years;

Aligned with Shareholders: Align the interests and objectives of our named executive officers and employees with furthering our growth and creating shareholder value through distribution of equity; and

Equity Stake: Distribute equity to key employees to allow them to participate in the creation of shareholder value.

The ECC believes that both the elements and level of fiscal 2015 compensation for our named executive officers was consistent with the five primary objectives contained in our compensation philosophy as well as the overall goal of emphasizing sustained share price growth. In particular, the ECC believes that the structure and level of our fiscal 2015 compensation for our named executive officers was linked to our business performance.

Table of Contents

Fiscal 2015 Peer Group

During fiscal 2015, the ECC reviewed the existing peer group for alignment with companies that are similar in revenue, industry segment and/or which compete with us for talent. The ECC utilized competitive market compensation data based on the practices of the revised peer group to guide fiscal 2015 pay decisions:

Peer Group for Fiscal 2015

Company	Status for Fiscal 2015 Peer Group
Adobe Systems Incorporated	Remained Peer
Advanced Micro Devices, Inc.	Remained Peer
Altera Corporation	Remained Peer
Analog Devices, Inc.	Remained Peer
Broadcom Corporation	Remained Peer
LSI Corporation	Remained Peer
Juniper Networks Inc.	Remained Peer
NetApp, Inc.	Remained Peer
NVIDIA Corporation	Remained Peer
Xilinx, Inc.	Remained Peer
QUALCOMM Incorporated	Removed

Description of Fiscal 2015 Peer Group

Consists of semiconductor companies and other similarly-sized companies in the technology industry the ECC believed to be generally comparable to us in terms of revenue, EBITDA margin and market value.

Changes from Fiscal 2014 Peer Group

The ECC determined to remove Qualcomm Inc. due to concerns over its current size relative to that of us.

The Determination Process

After establishing our guiding principles and amending the peer group as outlined above, the ECC then determined the amount of each compensation element for the named executive officers in a two-step process, as follows:

Work Step	Description
1. Evaluate each element of compensation separately	Ensure that each component of compensation meets the desired objectives for that element (i.e., base salary, target annual incentive opportunity and equity awards).
2. Review the value of the total compensation package to ensure consistency and appropriateness	Ensure that:

In aggregate, the total value of the compensation package is reasonable when compared against the peer group; and

Compensation is consistent with market practices and all decisions are based on the judgment of the members of the ECC.

As a starting point, the ECC reviewed competitive compensation market data collected and analyzed by Mercer from the compensation peer group described above. The compensation data represented the most recently available data at the conclusion of calendar year 2013.

Key Elements of Compensation for Fiscal 2015

Fiscal 2015 Salaries

Following the year-end assessment of individual officer and company performance, a comparison of officer compensation relative to the peer group companies and consideration of shareholder feedback, the ECC decided that there would be no salary increase for Dr. Sutardja for fiscal 2015. Base salaries for Ms. Dai, Mr. Rashkin and Dr. Wu were adjusted to \$560,000, \$400,000 and \$400,000, respectively, to reflect their new roles within the organization. The new salaries for Ms. Dai and Dr. Wu were effective April 1, 2014 consistent with effective dates for salary increases to the broader employee population. Mr. Rashkin's new salary was effective

Table of Contents

February 2, 2014. The increases occurred during fiscal 2015, in part, because no changes had been made to their salaries during fiscal 2014 when each was appointed as an executive officer.

The resulting fiscal 2015 named executive officer salaries were below the median (50th percentile) of peer company salary data (as available at the time that the ECC approved our fiscal 2015 compensation programs), except for Ms. Dai, who was above the median. Details about named executive officer compensation relative to the peer group companies are provided in the section **Total Compensation Value and Competitive Positioning** below.

Executive	Fiscal 2015 Base Salary	Fiscal 2014 Base Salary	Fiscal 2015 % Increase
Dr. Sehat Sutardja	\$ 850,000	\$ 850,000	0.0%
Ms. Weili Dai	\$ 560,000	\$ 510,000	9.8%
Mr. Michael Rashkin	\$ 400,000	\$ 120,000 ¹	233.3%
Dr. Zining Wu	\$ 400,000	\$ 312,833	27.9%

- (1) Mr. Rashkin's fiscal 2014 salary reflects his part-time role as interim CFO at the time the salary was determined, and was calculated as 75% of an equivalent full-time salary of \$160,000.

Fiscal 2015 Annual Incentive Plan (Cash)

For the fiscal 2015 annual incentive plan the ECC established the following threshold, target and maximum amount of awards payable, expressed as a percentage of base salary, for each of our named executive officers:

Executive	Fiscal 2015 Annual Incentive Opportunity Expressed as a Percentage of Base Salary ¹			
	Below Threshold	Threshold Performance	Target Performance	Maximum Performance
Dr. Sehat Sutardja	0%	97.5%	150%	300%
Ms. Weili Dai	0%	52.0%	80%	160%
Mr. Michael Rashkin	0%	32.5%	50%	100%
Dr. Zining Wu	0%	32.5%	50%	100%

- (1) Annual incentive payout is calculated using a straight line interpolation for performance between threshold and target or between target and maximum.

The fiscal 2015 annual incentive plan for our named executive officers was funded based on a combination of equally weighed revenue and modified non-GAAP operating income goals reflecting significant year-over-year growth targets. Growth in revenue and operating income are considered by the Board to be key drivers of the success of the company. The funding amount varied based on the achievement of goals at threshold, target and maximum levels. The funding formula was based on a pre-established, objective formula, and the fiscal 2015 incentive plan was intended to qualify under Section 162(m) of the Code.

Our actual fiscal 2015 performance was such that the revenue achieved was just below the target goal established by the ECC and the actual modified non-GAAP operating income achieved was just below the maximum goal established by the ECC.

The following table presents the revenue and modified non-GAAP operating income goals established by the ECC at threshold, target and maximum performance levels and actual fiscal 2015 performance for each of these metrics:

Level of Performance Achievement (in millions)	Actual Fiscal 2015 Performance
---	-----------------------------------

Performance Metric	Weighting	Threshold	Target	Maximum	(in millions)

Modified Non-GAAP Operating Income (1)	50%	\$ 530	\$ 558	\$ 588	\$ 585

Table of Contents

- (1) For purposes of the 2015 annual incentive plan, non-GAAP operating income is defined as GAAP operating income less (i) share-based compensation (ii) amortization of acquisition-related intangible assets and acquisition-related costs, (iii) restructuring and other exit-related costs, and (iv) litigation settlement costs removed for non-GAAP purposes in our quarterly earnings releases, except with respect to the litigation with Carnegie Mellon University (the CMU litigation). Modified Non-GAAP operating income excludes amounts paid or accrued in respect of final judgments or settlements related to the CMU litigation, regardless of whether these amounts are excluded from Non-GAAP operating income in our quarterly earnings releases.

Based on the revenue and modified non-GAAP operating income growth achieved in fiscal 2015, the named executive officers received the following payouts under the fiscal 2015 annual incentive plan.

Executive	Fiscal 2015 Base Salary	Actual Fiscal 2015 Annual Incentive Payout (% of Target)			
		Fiscal 2015 Target Incentive Opportunity (% of Base Salary)	Revenue Metric Payout (% of Target)	Non-GAAP Operating Income Metric Payout (% of Target)	Total Fiscal 2015 Annual Incentive Payout (% of Target)
Dr. Sehat Sutardja	\$ 850,000	\$ 1,275,000 (150%)	\$608,972 (95.5%)	\$ 1,209,430 (189.7%)	\$ 1,818,402 (143%)
Ms. Weili Dai	\$ 560,000	\$ 448,000 (80%)	\$213,976 (95.5%)	\$ 424,960 (189.7%)	\$ 638,936 (143%)
Mr. Michael Rashkin	\$ 400,000	\$ 200,000 (50%)	\$ 95,525 (95.5%)	\$ 189,714 (189.7%)	\$ 285,239 (143%)
Dr. Zining Wu	\$ 400,000	\$ 200,000 (50%)	\$ 95,525 (95.5%)	\$ 189,714 (189.7%)	\$ 285,239 (143%)

The ECC will continue to review non-equity incentive opportunities relative to the difficulty of plan goals and affordability of payouts relative to financial performance.

Other Fiscal 2015 Cash Bonus Awards

When the Company completed its fiscal year 2014 employee performance and compensation review in March and April 2014, the Company determined to allocate no funds for distribution to the Company's vice presidents for service in fiscal year 2014 in order to maximize funds available for distribution to employees below the vice president level, and all such funds were distributed in April 2014.

Subsequently, based on the Company's review of its financial results for the first quarter of fiscal year 2015, including cost savings achieved in that quarter, in May 2014 the Company created a budget for bonuses for employees at the vice president level who had been excluded from the fiscal year 2014 bonus program. The Company allocated bonuses to nonexecutive vice presidents in June 2014.

In connection with this process, the Company recognized that Mr. Rashkin and Mr. Wu would have been eligible for a bonus pursuant to this program but for the fact that they had been appointed as executive officers very late in fiscal year 2014 (December 2013 and January 2014, respectively). Subsequently, the Executive Compensation Committee approved payments to Messrs. Wu and Rashkin consistent with the bonuses allocated to nonexecutive vice presidents under this program, in the following amounts:

Executive	Cash Bonus
Mr. Michael Rashkin	\$ 30,000
Dr. Zining Wu	\$ 110,000

Table of Contents*Fiscal 2015 Long-Term Incentive Awards (Equity)*

Our executive compensation packages are designed to ensure that a substantial portion of compensation is linked to incentivizing and rewarding increases in our market capitalization as a result of sustained share price growth. For fiscal 2015 and in response to shareholder feedback, the ECC decided to accomplish this objective by granting equity awards to named executive officers as follows:

75% as performance-based RSUs and performance awards with equal potential vesting tranches on April 1, 2015 and April 1, 2016, subject to the achievement of pre-determined fiscal 2015 and fiscal 2016 company performance and individual performance goals; and

25% as stock options with equal vesting on each of April 1, 2017 and April 1, 2018.

Each of the foregoing stock options, performance-based RSUs and performance awards were made pursuant to the 1995 Stock Plan. The performance-based RSUs and performance awards were granted on April 29, 2014, and stock option awards were granted on June 16, 2014. The exercise price of each stock option award was equal to \$14.59, the closing price of our common shares as reported on the NASDAQ Global Select Market on June 16, 2014.

The tables below provide the number of shares underlying the equity awards described above.

Table of Contents

The Individual Strategic Goals identified for each executive officer included a mix of financial and operational, quantitative and qualitative factors. For fiscal 2015 these included but were not limited to: execution of the strategic plan; cost management, expense and pricing related goals; product development goals. The strategic goals and weightings approved by the Committee were tailored to the specific roles and responsibilities of each named executive officer. Vesting of the portion of performance awards subject to Individual Strategic Goals is subject to achievement of a company financial performance gate requiring attainment of the Threshold goal for either of the Revenue or Modified Non-GAAP Operating Income performance metrics described above. Achievement of the gate allows for vesting of all shares under this portion of the performance awards, but subject to the ECC applying negative discretion based on actual achievement of individual strategic goals to determine the number of shares that shall vest in respect of the performance award for each named executive officer.

Total Compensation Value and Competitive Positioning

The ECC positioned the fiscal 2015 named executive officer compensation packages to be consistent with the compensation philosophy and compensation principles discussed above. The table below presents the resulting positioning of fiscal 2015 compensation for our named executive officers:

- (i) As a percentage of the median (50th percentile) of competitive compensation data collected for the 2015 peer group companies; and
- (ii) As a percentile rank relative to competitive compensation data collected for the 2015 peer group companies.

The value attributed to the equity awards is equal to the accounting grant date fair value of the awards. The named executive officer competitive compensation positioning is relative to publicly disclosed compensation information for the 2015 peer group companies as available at the time that the ECC approved our fiscal 2015 compensation programs, and therefore reflects historical not current year compensation. For purposes of the table below, AIP means Annual Incentive Plan, LTI means Long-Term Incentive.

Outstanding Performance Based Equity Awards

In fiscal 2012, performance based equity awards were granted in the form of stock options with vesting contingent on the achievement of a stringent average stock price hurdle described in more detail below. In fiscal 2013, no performance based equity awards were granted. In fiscal 2014, Ms. Dai received a performance based equity award which is no longer outstanding. In fiscal 2015, all named executive officers received performance based equity awards in the form of RSUs and performance awards.

Table of Contents

The table below provides detailed information regarding outstanding performance based equity awards granted to each named executive officer, including vesting conditions and number of shares vesting based on fiscal 2015 performance.

1. Performance goals disclosed in detail in the section Fiscal 2015 Long-Term Incentive Awards
2. Performance based stock options have a ten-year term and vest contingent on the achievement of a stringent average stock price hurdle before April 29, 2016. If the closing price of our common shares as reported by the NASDAQ Global Select Market equals or exceeds an average of \$24.70 for a period of 200 consecutive trading days prior to the 5th anniversary of the date of grant (the Trigger Event), then 100% of the shares subject to the stock option will vest on the date of the Trigger Event, subject to continued service through both the date of the Trigger Event and April 1, 2013. Each of the performance-based stock options will immediately expire if the Trigger Event does not occur prior to the 5th anniversary of the date of grant

Actual Performance Achievement and Awards Vested

Following the end of fiscal 2015, the ECC measured the performance criteria associated with each named executive officer's respective performance based equity grants and the ECC determined the number of awards that would vest during the fiscal 2015 performance period for each grant.

The share price Trigger Event for the performance based stock options granted in fiscal 2012 was not met;

Achievement of revenue, modified non-GAAP operating income and strategic objectives resulted in vesting of an above target number of performance based RSUs and performance awards during fiscal 2015 and subject to vesting based on fiscal 2015 performance. Specific performance achievement and number of shares that vested are disclosed in the tables below:

Our named executive officers are eligible to participate in our life, health and welfare benefit programs and our tax-qualified Section 401(k) plan. They participate in these plans on the same terms and conditions as our other salaried employees. Beginning in January 2011, employees contributions to the Section 401(k) plan are matched dollar for dollar up to a maximum of \$500 for each quarter of the calendar year.

We also offer all employees, including our named executive officers, the ability to purchase our common shares at a discount under our 2000 Employee Stock Purchase Plan, as amended and restated (the ESPP). Employees who own more than 5% of our stock may not participate in the ESPP. As a result, Dr. Sutardja and Ms. Dai are not eligible to participate in the ESPP. Named executive officers did not receive any material employee benefits or perquisites in fiscal 2015 other than the employee benefits and perquisites provided to all employees and the one described in the paragraph below.

The ECC has approved a formal policy for personal use of Marvell's corporate jet. This policy permits personal use of our corporate jet only by Dr. Sutardja, as our CEO. Dr. Sutardja may use our jet for three personal round trip flights annually. Any additional personal use of our corporate jet by Dr. Sutardja requires the approval of the ECC. For purposes of the three round trip limitation, a multi-stop trip will be considered one round trip flight. Dr. Sutardja may be accompanied by his family and friends and any persons involved in a charitable interest of Dr. Sutardja or he may permit any of these people to use the jet in his place within the guidelines. During fiscal 2015, Dr. Sutardja did not make use of the jet for any personal flights. We disposed of our corporate jet in March 2015.

Risk Considerations

During fiscal 2015, the ECC requested of Mercer, and later discussed with management, an assessment of our compensation programs for (i) the named executive officers, (ii) the broad-based employee population and (iii) the sales professionals. The purpose of the review was to determine whether such programs might encourage inappropriate risk taking that could result in a material adverse effect. Mercer, with the help of our management, reviewed these programs considering:

Pay mix;

Caps on incentive pay;

Performance measures;

Funding mechanisms; and

Plan governance.

The annual risk assessment specifically noted that:

Edgar Filing: MARVELL TECHNOLOGY GROUP LTD - Form DEF 14A

Our emphasis on performance based long-term incentives for named executive officers, as described above, minimizes large windfalls based on short-term performance;

Stock options granted to named executive officers do not begin vesting for two years, rewarding long-term growth in shareholder value not short-term results;

Table of Contents

Performance based RSUs and other performance awards reward a balance of internal (company financial and strategic goals) and external (stock price) performance;

Annual incentives are paid pursuant to fixed, pre-established financial and strategic objectives, consistent with the requirements of Section 162(m) of the Code;

Dr. Sutardja and Ms. Dai collectively owned approximately 13% of our outstanding common shares as of April 1, 2015. This strongly aligns the financial interests of the two executives with that of shareholders. We have executive stock ownership guidelines that apply to all named executive officers and, in general, strong corporate governance features that provide protection against possible windfall payouts to the named executive officers;

No material changes were made for fiscal 2015 to the broad-based annual incentive plan. The plan continues to provide safeguards designed to prevent inappropriate risk taking. The broad-based incentive plan contains both an overall plan funding cap and individual award caps thus mitigating the opportunity for windfall payouts. Multiple metrics impacting plan funding and an allocation process requiring multiple levels of approval mitigates the ability to impact short-term results by excessive risk taking.

Changes were made to our sales incentive plan for fiscal 2015, Risk mitigating features such as a mix of performance metrics and reasonable pay opportunities were retained from the prior plan, and individual award caps were introduced which further helps avoid any concerns of incentivizing excessive risk taking; and

Broad-based employee equity awards for fiscal 2015 consisted of a fixed mix of stock options and RSUs that varied by level (no equity choice). The most senior levels of employees received RSUs with performance based vesting criteria but all other equity awards are subject to service based vesting only. Equity awards are broadly used to align employees to long-term company value creation and to provide retention through vesting of equity over time. The broad-based equity award levels, vehicles and vesting conditions do not encourage inappropriate risk-taking.

Based on such assessment, the ECC concluded that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on us.

Factors Considered in Determining Executive Compensation

Employment Agreements

We do not have any employment, change-in-control, or severance agreements or arrangements with any of our named executive officers. This enables us to terminate their employment with flexibility as to the terms of any severance arrangement.

Other Considerations

Equity Grant Practices

Our board of directors has adopted a policy with respect to our stock option grant practices. Our current policy covers, among other things, the following:

All stock option grants must have an exercise price per share no less than the per share fair market value of our common shares on the date of grant, as determined under the appropriate U.S. financial accounting rules and the applicable rules and regulations under the U.S. securities laws.

The ECC or a subcommittee thereof has the authority to approve equity grants to employees, provided that only the ECC (and not a subcommittee) may approve equity grants to our executive officers.

Table of Contents

Equity grants to newly hired employees are made monthly during regularly scheduled ECC or subcommittee meetings. An equity award proposal is generally prepared for consideration by the second month following the month of the new employees' date of hire. These awards may only be made by the ECC or a subcommittee of the ECC, and are typically based upon the recommendation of the CEO. It is our policy for equity grants to newly hired employees to vest over five years.

Annual focal equity grants to employees are generally made after the annual performance review process is completed and are scheduled to be made no later than the last Friday of our fiscal month in April in each calendar year, provided that such grants shall not be made during any period of time commencing with the last day of a fiscal quarter and ending with the first full trading day following our earnings release for such quarter. If focal awards have not been granted by the last Friday of the fiscal month of April, then focal awards are to be granted during an "open window" as set forth in our insider trading policy. Other than with respect to annual focal equity grants, grants to named executive officers must be made during an "open window."

Management regularly reviews share usage (run rate), potential dilution and total cost of equity grants with the ECC, relative to internal and external benchmarks, to ensure that share usage is carefully and appropriately managed. The table below shows the company run rate for the three most recent fiscal years (all number of shares granted are in thousands):

Fiscal Year	Share-Based Run Rate (All Stock Options and RSUs Granted)		Stock Option Equivalent Based Run Rate (2:1 Stock Option to Full Value Share Conversion)	
	# Granted	% Average Common Shares Outstanding	# Stock Option Equivalents	% Average Common Shares Outstanding
2015	13,176	2.59%	19,986	3.88%
2014	22,750	4.53%	26,578	5.29%
2013	14,411	2.60%	21,781	3.92%

Policy Concerning Recoupment of CEO and CFO Bonuses Following Restatements

In the event of a restatement of our financial results, where a bonus was paid to the CEO and/or the CFO based on financial results that were subject to the restatement and there is finding by a majority of the disinterested members of our board of directors at the time of the restatement that the restatement was due, in whole or in part, to the gross recklessness or intentional misconduct of either the CEO or CFO, respectively, our board of directors shall review all such bonuses for the period(s) in which the results were restated. If such bonuses would have been lower had they been calculated based on the restated results, our board of directors will, to the extent permitted under applicable law, seek to recoup for the benefit to us of all such bonuses paid to the CEO and/or CFO, as applicable. This policy shall apply in addition to any right of recoupment against the CEO and the CFO under Section 304 of the Sarbanes-Oxley Act of 2002.

Stock Ownership Guidelines for Executive Officers

Our board of directors has established equity ownership guidelines for our executive officers designed to encourage long-term stock ownership and more closely link their interests with those of our other shareholders. These guidelines were amended in March 2012 to provide that, within a five-year period, executive officers should have actual ownership of common shares equal in value to (i) six times the annual base salary for the CEO and (ii) two times their respective annual base salary for the other named executive officers. Our board of directors reviews progress against these guidelines annually and updates them as appropriate. Each of our currently employed named executive officers has either satisfied these ownership guidelines or has time remaining to do so as of April 30, 2015.

Role of Consultants

The ECC engages executive compensation consulting firms to provide advice and market data relating to executive compensation. Such compensation consulting firms serve at the discretion of the ECC. In fiscal 2015, the ECC engaged Mercer. Mercer serves at the discretion of the ECC to provide analysis, advice and guidance with respect to compensation.

During fiscal 2013, the Securities and Exchange Commission issued new rules under the Dodd-Frank Act concerning compensation consultant independence. Under these rules the ECC must determine whether any work completed by a compensation consultant raised any conflict of interest after taking into account six independence-related factors. For fiscal 2015, the ECC has reviewed these six factors in their totality as they apply to Mercer and determined that no conflict of interest exists. For additional information regarding the role of Mercer, please see the section entitled *Role of Compensation Consultants* on page 19 of the Proxy Statement.

Tax Considerations

Generally, Section 162(m) of the Code (*Section 162(m)*) disallows a tax deduction to publicly-held corporations for compensation paid to certain of their executive officers to the extent such compensation exceeds \$1.0 million per covered officer in any year. This limitation does not apply to compensation that is considered *qualified performance-based compensation* for purposes of Section 162(m), which definition allows for certain types of performance-based compensation to be excluded from the \$1.0 million deduction limit if specific requirements are met. We have determined that, for fiscal 2015, the compensation earned by each of our named executive officers is deductible by us under Section 162(m).

The ECC considers the impact of Section 162(m) when designing our short-term and long-term incentive compensation programs so that awards may be granted under these programs in a manner that qualifies them as *performance-based compensation* for purposes of Section 162(m). We believe that in establishing these programs for our executive officers, however, the potential tax deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. We believe it is important to maintain cash and equity incentive compensation at the levels and with the design features needed to attract and retain the executive officers essential to our success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation. Accordingly, the ECC may grant awards under which payments may not be deductible under Section 162(m) when the ECC determines that such non-deductible arrangements are otherwise in the best interests of the company and in furtherance of the stated objectives for our executive compensation program.

Section 409A of the Code (*Section 409A*) imposes taxes in the event that an employee, including a named executive officer, receives *deferred compensation* that does not satisfy the requirements of Section 409A. Although we do not maintain a traditional nonqualified deferred compensation plan, Section 409A applies to certain severance arrangements and equity awards. Consequently, to assist our employees in avoiding the taxes imposed by Section 409A, we have structured our equity awards in a manner intended to either avoid the application of Section 409A or, to the extent doing so is not possible, comply with the applicable Section 409A requirements.

Accounting Considerations

We are required to estimate and record an expense for each equity award over its vesting period. The ECC reviews the effect of the compensation expense under FASB ASC Topic 718 for equity compensation to the named executive officers.

Insider Trading/Anti-Hedging

All employees, officers and directors of, and consultants and contractors to, us or any of our subsidiaries are subject to our Insider Trading Prohibition Policy and Guidelines. The policy prohibits the unauthorized

Table of Contents

disclosure of any nonpublic information acquired in the work-place and the misuse of material nonpublic information in securities trading. The policy also includes specific anti-hedging provisions.

To ensure compliance with the policy and applicable federal and state securities laws, all individuals subject to the policy must refrain from the purchase or sale of our securities except in designated trading windows. Even during a trading window period, certain identified insiders, which include the named executive officers and directors, must comply with our designated pre-clearance policy prior to trading in our securities. The anti-hedging provisions prohibit all employees, officers and directors from engaging in short sales of our securities or in trading market exchanged derivative securities tied to our securities.

In April 2008, our board of directors amended our insider trading policy to permit Rule 10b5-1 trading plans. None of our named executive officers had a Rule 10b5-1 plan in effect at April 1, 2015.

Key Fiscal 2016 Compensation Program Decisions

For fiscal 2016, the ECC determined to retain many elements of the fiscal 2015 named executive officer compensation program that already promote strong pay for performance alignment, such as the overall compensation philosophy, the use of company financial and a strong weighting on equity awards with performance contingent vesting. However, the ECC determined to make some program changes for fiscal 2016 to ensure ongoing appropriateness and to continue in its efforts to improve the named executive officer compensation program and ensure appropriate pay-for-performance.

Specifically the ECC made the following changes for fiscal 2016:

Peer group changes intended to maintain the continued appropriateness and robustness of the executive officer compensation peer group;

Base salary increases to reflect the ECC's assessment of the performance and contributions of each executive officer;

The addition of individual strategic objectives into the annual incentive plan to reflect the importance of fiscal 2016 strategic goals; and

The introduction of a relative total shareholder return performance measurement for 50% of the performance-based vesting stock awards, providing a balance of internal and external performance perspectives in the long term incentive program.

Table of Contents*Fiscal 2016 Peer Group Revisions*

During fiscal 2015 one of the peer companies, LSI Corporation, was acquired resulting in a 9 remaining peer organizations. In order to maintain a robust ongoing comparator group the ECC reviewed a list of potential additional peer companies (companies of similar revenue size, industry segment and/or talent competitors) as identified by Mercer and made the decision to add three new peer companies for fiscal 2016. The ECC utilized competitive market compensation data based on the practices of the revised peer group, presented below, to guide fiscal 2016 pay decisions.

Description of Fiscal 2016 Peer Group

Consists of semiconductor companies and other similarly-sized companies in the technology industry the ECC believed to be generally comparable to us in terms of revenue, EBITDA margin, market value and/or that Marvell competes with for executive talent.

Changes from Fiscal 2015 Peer Group

LSI Corporation was removed from the peer group because it was acquired by Avago Technologies

Cadence Design Systems Inc., Freescale Semiconductor Ltd., and Synopsys Inc. were added due to concerns over the number of peer companies and the resulting robustness of the comparator group for benchmarking purposes

The ECC acknowledges that the peer group should continue to evolve in tandem with Marvell's evolving size, performance, and business strategy. As a result, the ECC will continue monitoring the peer group to ensure that peers are similar in terms of revenue, industry segment and/or competition for talent.

Fiscal 2016 Salaries

Following the year-end assessment of officer and company performance, a study of officer compensation relative to the peer companies and a review of shareholder feedback, the ECC decided that it was appropriate to make adjustments to the executive officer salaries for fiscal 2016

Edgar Filing: MARVELL TECHNOLOGY GROUP LTD - Form DEF 14A

Dr. Zining Wu	\$ 435,000	\$ 400,000	8.8%

Fiscal 2016 Annual Incentive Plan

Similar to the fiscal 2015 plan, the fiscal 2016 annual incentive plan for executive officers incorporates achievement of revenue and modified non-GAAP operating income goals. However, the fiscal 2016 plan also incorporates a portion funded based on achievement of individual strategic objectives. The fiscal 2016 incentive plan is intended to qualify under Section 162(m).

Table of Contents

The target and maximum amount of awards payable for each of our named executive officers is set forth in the table below:

Fiscal 2016 Long-Term Incentive Awards

Marvell's compensation packages are designed to ensure that a substantial portion of named executive officer compensation is linked to incentivizing and rewarding the increase of our market capitalization through sustained company performance and share price growth. For fiscal 2016, in consideration of shareholder feedback and an assessment of market practices, the ECC currently intends to keep the same mix of performance-contingent equity awards and stock options as fiscal 2015 but to introduce relative total shareholder return (TSR) performance measurement in addition to company goals:

75% as performance-based RSUs and performance awards, split evenly between

A portion vesting on April 1, 2016 subject to achievement of fiscal 2016 company revenue, modified non-GAAP operating income and strategic goals; and

A portion vesting on April 1, 2017 based on TSR performance relative to the constituents of the PHLX Semiconductor Sector index (SOX) during the 2 year period covering fiscal 2016 and fiscal 2017

25% as stock options with equal vesting on each of April 1, 2018 and April 1, 2019

Each of the stock option, performance-based RSUs and performance awards are to be made pursuant to the 1995 Stock Plan.

Other Fiscal 2016 Compensation Arrangements

In December 2006, in connection with a review by a special committee of our board of directors relating to our historical stock option practices and related accounting matters, we reformed certain outstanding option agreements for option grants previously awarded to our executive officers at the time by the former members of the ECC. These outstanding option agreements were for option grants (i) determined to have measurement dates for accounting purposes different from the recorded grant dates and (ii) where the fair market values of our common shares on the determined measurement dates were higher than those on the corresponding recorded grant dates. Pursuant to the reformed option agreements, the parties corrected the exercise price for each affected grant still outstanding to that which would have been applicable had the grant been made using the applicable determined measurement date. To the extent that such an option already had been exercised, each applicable executive remitted to us the full amount of the difference between the exercise prices of the options as granted and the fair market values of the underlying common shares on the determined measurement dates.

However, in connection with the exercise in January 2006 of one such option grant to our Chief Executive Officer, Dr. Sutardja, the Internal Revenue Service and the California Franchise Tax Board determined that penalty taxes pursuant to Section 409A of the Code (Federal Tax Code) and California Revenue and Taxation Code Section 17501 (California Tax Code) and, together with the Federal Tax Code, the Tax Codes) applied. This determination was made despite the fact that (a) the relevant option agreement had been subsequently reformed to correct the exercise price for the affected grant to that which would have been applicable had the grant been made using the determined measurement date and (b) to the extent that option had been exercised,

Table of Contents

Dr. Sutardja had remitted to us the full amount of the difference between the exercise price of the option as granted and the fair market values of the underlying common shares on the determined measurement date. On March 2, 2011, our board of directors authorized, based on the recommendation of the Nominating and Governance Committee, the indemnification of Dr. Sutardja for reasonable fees and expenses that he may incur in a legal challenge of the determination that penalty taxes applied, based on the board's finding that Dr. Sutardja was not involved in setting the terms of the relevant options and that we had in 2007 taken responsibility for and paid the penalty taxes under the Tax Codes that were incurred by other similarly situated Marvell employees who had exercised options in 2006.

On February 27, 2013, the U.S. Court of Federal Claims ruled against Dr. Sutardja and determined that the Tax Codes applied to the exercise of the relevant option grant. After discussing and evaluating at several meetings the alternatives to a continuing legal challenge of the court's determination, the likelihood of success of further appeal by Dr. Sutardja and the potential negative impact on the Company of a continuation of the case regardless of the outcome, on February 25, 2015 the Executive Compensation Committee (comprised solely of board members who were not part of the Executive Compensation Committee that approved the relevant option grant to Dr. Sutardja) determined to provide Dr. Sutardja with relief from the financial effects of the penalty taxes, consistent with the relief provided to other similarly-situated Marvell employees in 2007. Accordingly, the ECC approved a one-time cash payment to Dr. Sutardja equal to the amount of his penalty taxes owed under the Tax Codes, plus accrued interest owed with respect to such liabilities, all grossed-up for income taxes that will be owed by Dr. Sutardja on receipt of such cash payment. We estimate that the total amount of this one-time payment will be approximately \$15.4 million.

- (1) The dollar value of RSUs and performance awards shown represents the grant date fair value calculated on the basis of the fair market value of the underlying common shares on the grant date in accordance with FASB ASC Topic 718 and without any adjustment for estimated forfeitures. The actual value that an executive will realize on each RSU award and performance award will depend on the price per share of our common shares at the time shares underlying the RSUs and performance awards are sold. There can be no assurance that the actual value realized by an executive will be at or near the grant date fair value of the RSUs or performance awards awarded.
- (2) The dollar value of the options shown represents the estimated grant date fair value determined in accordance with FASB ASC Topic 718 pursuant to the Black-Scholes option pricing model, with no adjustment for estimated forfeitures. For a discussion of valuation assumptions used in the calculations, see Note 12 of Notes to Consolidated Financial Statements in Part I, Item 8 of our Annual Report Form 10-K for fiscal 2015. The actual value, if any, that an executive may realize on each option will depend on the excess of the stock price over the exercise price on the date the option is exercised and the shares underlying such option are sold. There is no assurance that the actual value realized by an executive will be at or near the value estimated by the Black-Scholes model.
- (3) Companies make different assumptions regarding the volatility input when determining the estimated grant date fair value of stock option awards in accordance with FASB ASC Topic 718. We use a blended volatility that is an equally weighted combination of historical stock price volatility and implied volatility in our financial statements. The implied volatility is derived from traded options on our stock in the marketplace and the historical volatility is based on the actual historical changes in our stock price over an extended period of time prior to the grant. Because many companies use only an implied volatility, which is based on the level of volatility assumed in the market prices of freely traded options as of the date of grant, we believe it is useful to provide investors with what the value of stock option awards would be had we used only implied volatility as an input for comparative purposes. The following table presents the grant date fair value of our stock option awards in fiscal 2015 assuming an implied volatility of 31% (compared to a blended implied and historical volatility of 34%), the grant date fair value of our stock option awards in fiscal 2014 assuming an implied volatility of 41% (compared to a blended implied and historical volatility of 45%) and the grant date fair value of our stock option awards in fiscal 2013 assuming an implied volatility of 37% (compared to a blended implied and historical volatility of 44%).

- (6) This amount includes premium for basic life insurance of 2.5 times annual salary up to \$1,000,000 in the amount of \$1,890.
- (7) Represents payment in connection with a bonus program developed in the second quarter of fiscal year 2015 for certain of the Company's vice presidents who had received no bonus for service in fiscal year 2014. When the Company completed its fiscal year 2014 employee performance and compensation review in March and April 2014, the Company determined to allocate no funds for distribution to the Company's vice presidents for service in fiscal year 2014 in order to maximize funds available for distribution to employees below the vice president level, and all such funds were distributed in April 2014. Subsequently, based on the Company's review of its financial results for the first quarter of fiscal year 2015, including cost savings achieved in that quarter, in May 2014 the Company created a budget for bonuses for employees at the vice president level who had been excluded from the fiscal year 2014 bonus program. The Company allocated bonuses to nonexecutive vice presidents in June 2014. In connection with this process, the Company recognized that Mr. Rashkin and Mr. Wu would

have been eligible for a bonus pursuant to this program but for the fact that they had been appointed as executive officers very late in fiscal year 2014 (December 2013 and January 2014, respectively). Subsequently, the Executive Compensation Committee approved payments to Messrs. Wu and Rashkin consistent with the bonuses allocated to nonexecutive vice presidents under this program.

(8) This amount represents matching contributions to 401(k) of \$2,000.

(9) This amount includes premium for basic life insurance of 2.5 times annual salary up to \$1,000,000 in the amount of \$791, a 401(k) match of \$2,000, cash out of accrued vacation of \$7,692, and payments under our non-executive patent award program to Dr. Wu prior to his appointment as an executive officer of \$91,750.

RELATED PARTY TRANSACTIONS

The nominating and governance committee is responsible for review, approval or ratification of related-person transactions between us or our subsidiaries and related persons. Under SEC rules and our written policy, a related person is a director, officer, nominee for director, or 5% shareholder since the beginning of the last fiscal year and their immediate family members. We have adopted written policies and procedures that apply to any transaction or series of related transactions in which Marvell or a subsidiary is a participant, the amount involved exceeds \$120,000 in any calendar year and a related person has a direct or indirect material interest. Pursuant to our policy, the following transactions will not be deemed to be related person transactions requiring approval by the nominating and governance committee:

Employment of executive officers. Any employment by us of an executive officer if: (a) the related compensation is required to be reported in our proxy statement under SEC compensation disclosure rules; or (b) the executive officer is not an immediate family member of another executive officer or director of our company, and the related compensation would have been reported in our proxy statement under SEC compensation disclosure rules if the executive officer was a named executive officer, and the ECC approved (or recommended that our board of directors approve) such compensation.

Director compensation. Any compensation paid to a director if the compensation is required to be reported in our proxy statement under SEC compensation disclosure rules.

Certain transactions with other companies. Any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or two percent of that company's total annual revenues.

Transactions where all shareholders receive proportional benefits. Any transaction where the related person's interest arises solely from the ownership of a class of our equity securities and all holders of that class of our equity securities received the same benefit on a pro rata basis (e.g., dividends).

Transactions involving competitive bids. Any transaction involving a related person where the rates or charges involved are determined by competitive bids.

Regulated transactions. Any transaction with a related person involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority.

Certain banking-related services. Any transaction with a related person involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services.

Other Transactions. Any other transaction where disclosure of such transaction would not be required pursuant to Item 404 of Regulation S-K, as may be amended from time to time.

Marvell International Ltd., a direct subsidiary (MIL) is party to a technology license agreement with VeriSilicon Holdings Co., Ltd. (VeriSilicon), which has been amended various times since its assumption by MIL to include additional technology beyond the scope of the original agreement and is renewable annually. MIL assumed this technology license agreement between VeriSilicon and UTStarcom, Inc. after our acquisition of the semiconductor business of UTStarcom in December 2005. In addition, in September 2010, MIL entered into a services agreement with VeriSilicon, pursuant to which VeriSilicon provides design support services to MIL on various projects. In connection with all of its transactions with VeriSilicon, MIL paid \$3.7 million to VeriSilicon during fiscal 2015. As of May 2, 2015, MIL had approximately \$0.5 million of accrued liability to VeriSilicon. Ms. Dai's brother (and Dr. Sutardja's brother-in-law) is the Chairman, President and Chief Executive Officer of VeriSilicon. Ms. Dai is also a shareholder of VeriSilicon. Ms. Dai is our President and Dr. Sutardja is our Chief Executive Officer.

Dr. Sutardja and Ms. Dai are husband and wife.

In December 2009, MIL entered into a technology license agreement with Vivante Corporation (Vivante) that provides for the license of graphics technology and associated services. This agreement restates, expands and succeeds previous agreements between the parties for the same technology. In December 2012, the parties renewed this technology license agreement for another three years. The total amount of the license fee was approximately \$13.0 million (to be paid over three years) and ten percent for support fees (to be paid over three years). In February 2012, the parties entered into a services agreement, pursuant to which Vivante agreed to provide support services to MIL. In connection with all of its transactions with Vivante, MIL paid \$9.1 million to Vivante during fiscal 2015. As of May 2, 2015, MIL had approximately \$3.2 million of accrued liability to Vivante (which includes amounts payable on renewal of the technology license agreement). Dr. Sutardja and Ms. Dai, through their ownership and control of Estopia LLC, are indirect shareholders of Vivante. In addition, Dr. Sutardja is also a direct shareholder and chairman of the board of directors of Vivante. Ms. Dai's brother (and Dr. Sutardja's brother-in-law) is the Chief Executive Officer of Vivante.

Indemnification Arrangements

We have agreed to indemnify certain current and former directors, officers and employees of us and our subsidiary Marvell Semiconductor, Inc. for reasonable costs and expenses incurred by such individuals in connection with certain civil actions and governmental investigations relating to our past stock option granting practices. Our agreement to pay reasonable fees and costs is subject to each individual's agreement to reimburse us in the event that it is subsequently determined that the individual is not entitled to indemnification under the Bye-Laws or applicable law. In addition, we have agreed to indemnify Dr. Sutardja for reasonable fees and expenses that he may incur in a legal challenge of the determination that penalty taxes applied, based on the board's finding that Dr. Sutardja was not involved in setting the terms of the relevant options and that we had in 2007 taken responsibility for and paid the penalty taxes under the Tax Codes that were incurred by other similarly situated Marvell employees who had exercised options in 2006. See Executive Compensation Key Fiscal 2016 Compensation Program Decisions Other Compensation Arrangements.

We have also entered into a standard form of indemnification agreement with each of our named executive officers and directors.

PROPOSAL NO. 2:

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Under Section 14A of the Exchange Act, our shareholders are entitled to vote to approve, on an advisory and non-binding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the Executive Compensation Compensation Discussion and Analysis section of this proxy statement beginning on page 22. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on our named executive officers' compensation as a whole.

The ECC oversees the development and administration of our executive compensation program, including the underlying philosophy and related policies. Our primary business objective is to create long-term value for our shareholders. To achieve this objective, the executive compensation program is intended to achieve five primary objectives:

Market Competitive: Provide a market-competitive level of total compensation opportunity that reflects the individual executive's role and ability to impact business performance.

Performance-Based: Establish an explicit link between compensation and both overall business results and individual performance.

Long-Term Focused: Promote a long-term focus for our named executive officers through incentive compensation.

Aligned with Shareholders: Align the interests and objectives of our named executive officers and employees with furthering our growth and creating shareholder value.

Equity Stake: Share the enterprise value created by our named executive officers and employees through distribution of equity to key employees.

The ECC believes that both the elements and level of fiscal 2015 compensation for executive officers is consistent with the five primary objectives contained in our compensation philosophy as well as the overall goal of emphasizing sustained share price growth, and that the re-introduction of performance-contingent equity awards helps to further reinforce our compensation program objectives. In particular, the ECC believes that the structure and level of our fiscal 2014 compensation is linked to our business performance. Before casting your vote on this proposal, please carefully review the Compensation Discussion and Analysis to understand how our named executive officer compensation is designed.

We are asking our shareholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote FOR the following resolution at the annual general meeting:

RESOLVED, that, on an advisory and non-binding basis, the compensation of Marvell's named executive officers, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures be and is hereby APPROVED.

The say-on-pay vote is advisory, and therefore not binding on us, the ECC or our board of directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the ECC will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and our ECC value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns and the ECC will evaluate whether any actions are necessary to address those concerns.

PROPOSAL NO. 3:

APPROVAL OF THE EXECUTIVE PERFORMANCE INCENTIVE PLAN

The ECC has approved a new Executive Performance Incentive Plan (the *Incentive Plan*), subject to the approval of our shareholders at the annual general meeting. Our shareholders approved the previous Executive Performance Incentive Plan (the *Previous Incentive Plan*) at the annual general meeting held in May 2010. The *Previous Incentive Plan* lasted for a period of five (5) years and expires this year by its terms. If approved by the shareholders, the *Incentive Plan* will have a similar term of five (5) years. The *Incentive Plan* is substantially similar to the *Previous Incentive Plan*, except that the maximum award in a given year under the *Incentive Plan* is \$6,000,000, while the maximum award in a given year under the *Previous Incentive Plan* was \$5,000,000.

The ECC believes that we must offer a competitive performance bonus program if we are to continue to successfully attract and retain the best possible candidates for positions of substantial responsibility within Marvell. As with the *Previous Incentive Plan*, the ECC expects that the *Incentive Plan* will be an important factor in attracting, retaining and rewarding the high caliber employees essential to our success and in providing incentive to these individuals to promote our success.

If the shareholders approve the *Incentive Plan*, it will constitute an approval of the material terms of the *Incentive Plan* as such term is used for purposes of Section 162(m) of the Code. If the shareholders do not approve the *Incentive Plan*, the *Previous Incentive Plan* will terminate by its terms.

Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including qualified performance-based compensation, are generally excluded from this deductibility limit. By approving the *Incentive Plan*, the shareholders will be approving, among other things, eligibility requirements for participation in the *Incentive Plan*, performance measures upon which specific performance goals applicable to certain awards would be based, limits on the compensation that could be made to participants, and the other material terms of the *Incentive Plan* and incentives granted under the *Incentive Plan*.

The following paragraphs provide a summary of the principal features of the *Incentive Plan* and its operation. The *Incentive Plan* is set forth in its entirety as *Annex B* to this proxy statement. The following summary is qualified in its entirety by reference to *Annex B*.

Board Recommendation and Required Vote

Our board of directors unanimously recommends that you vote FOR the approval of Proposal No. 3.

Unless authority to do so is withheld, the proxy holders named in each proxy will vote the shares represented thereby FOR Proposal No. 3. Assuming the presence of a quorum, the required vote is the affirmative vote of a simple majority of votes cast and entitled to vote at the annual general meeting. Abstentions and broker non-votes will be entirely excluded from the vote and will have no effect on the outcome.

Purpose

The *Incentive Plan* is intended to increase shareholder value and our success by motivating participants to perform to the best of their abilities, and to achieve our objectives. The *Incentive Plan*'s goals are to be achieved by providing participants with the opportunity to earn incentive awards for the achievement of goals relating to our performance. The *Incentive Plan* will replace the old executive incentive plan that expired this year.

The *Incentive Plan* is intended to allow us the opportunity to elect to pay incentive compensation that may be performance-based compensation within the meaning of Section 162(m). Under Section 162(m), we may not

Table of Contents

receive a federal income tax deduction for compensation paid to our chief executive officer and certain other highly compensated executive officers to the extent that any of these persons receives more than \$1 million in any one year. However, if we pay compensation that is performance-based under Section 162(m), we still can receive a federal income tax deduction for the compensation even if it is more than \$1 million during a single year. We also may choose to grant compensation under the Incentive Plan that is not intended to qualify as performance-based compensation.

Eligibility to Participate

The ECC selects which of our employees (and employees of our affiliates) will be eligible to receive awards under the Incentive Plan. The actual number of employees who will be eligible to receive an award cannot be determined in advance because the ECC has discretion to select the participants. However, we currently expect that all of our named executive officers will participate in the Incentive Plan.

Target Awards and Performance Goals

Each performance period, the ECC assigns each participant a target award and the performance goal or goals that must be achieved before an award will actually be paid to the participant. A performance period generally is a fiscal year, but the ECC has the discretion to adjust this period to a longer or shorter duration in its discretion. The participant's target award is expressed as a formula or payout matrix relating to the performance goal or goals that have been established by the ECC for that award. The formula or payout matrix will (i) be in writing, (ii) be based on a comparison of actual performance against performance goals, (iii) provide for the payment of an award if the performance goals are achieved at the predetermined level, and (iv) provide for the payment of an actual award greater or less than the target, depending upon the extent to which actual performance exceeds or falls below the performance goals. The formula or payout matrix may differ from participant to participant. The ECC determines the participants in the Incentive Plan, the performance goals and the target awards within 90 days following the commencement of any performance period, but in no event beyond when 25% (or such other time as may be required or permitted by Section 162(m)) of the performance period has elapsed.

The performance goals for any target award may provide for a targeted level or level of achievement using one or more of the following measures: attainment of research and development milestones, business divestitures and acquisitions, cash flow, customer retention or acquisition, business unit performance, earnings (which may include earnings before interest, taxes, depreciation or amortization (EBITDA)), earnings per share, expense reduction, gross margin, growth with respect to any of the foregoing measures, market share, net income, new product development, operating income, operating margin, pre-tax profit, product release timelines, productivity, return on capital employed, return on shareholder equity, return on sales, revenue, revenue growth and total shareholder return.

The performance goals may differ from participant to participant, performance period to performance period and from award to award. Any criteria used may be measured in absolute terms and/or in relative terms over the passage of time or against other companies or financial or business or stock index metrics particular to us, measured on a per share and/or share per capita basis, measured against our performance as a whole or against any affiliate, particular segment, business unit, or product, measured on a pre-tax or post-tax basis, and/or measured using an actual foreign exchange rate or on a foreign exchange neutral basis. Before the latest possible date that will not jeopardize the qualification of an award as performance-based compensation within the meaning of Section 162(m), the ECC determines whether any element will be included in or excluded from the calculation of any performance goal with respect to any participant. In all other respects, the performance goals will be calculated in accordance with our financial statements, generally accepted accounting principles, or under a methodology established by the ECC prior to or at the time of the issuance of an award and which is consistently applied with respect to a performance goal in the relevant performance period.

Table of Contents

Actual Awards

After the performance period ends, the ECC certifies in writing the extent to which the pre-established performance goals applicable to each participant for the performance period actually were achieved or exceeded. A participant will be eligible to receive an actual award intended to qualify as performance-based compensation under Section 162(m) only if the performance goals for the performance period are achieved. The actual award that is payable to a participant is determined using his or her applicable formula or payout matrix to the level of performance certified by the ECC. Notwithstanding anything to the contrary, no actual award to any participant will exceed a maximum of \$6,000,000 in any performance period, even if the formula otherwise indicates a larger award. In determining the amounts earned by a participant intended to qualify as performance-based compensation under Section 162(m), the ECC may reduce or eliminate (but not increase) the amount payable at a given level of performance to take into account additional factors that the ECC may deem relevant to the assessment of individual or corporate performance for the performance period.

Actual awards are payable in cash and/or or in the form of an equity award as soon as administratively practicable following the ECC's determination of the actual award. To the extent that the ECC determines that an actual award is payable in part or in full as an equity award instead of cash, the number of shares subject to such equity award will be determined subject to a conversion ratio, as determined in the sole discretion of the ECC. An actual award payable as an equity award may be subject to service-based vesting and will be issued pursuant to the 1995 Plan or any successor equity incentive plan that we might adopt. A participant must generally be employed with us on the date of payment to receive an actual award. Under certain circumstances, the ECC has discretion to pay out all or part of an award if a participant terminates employment or in the event of a change of control of the company.

Administration, Amendment and Termination

The ECC administers the Incentive Plan. The ECC must consist of not less than two members of our board of directors. Members of the ECC must qualify as outside directors under Section 162(m). Subject to the terms of the Incentive Plan, the ECC has sole discretion to:

select the employees who will receive awards;

prescribe the terms and conditions of awards;

interpret the Incentive Plan and the awards;

adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Incentive Plan by employees who are foreign nationals or employed outside of the United States;

adopt rules for administration, interpretation, and application of the Incentive Plan; and

interpret, amend or revoke any such rules.

Our board of directors or the ECC may amend or terminate the Incentive Plan at any time and for any reason. The amendment, suspension or termination of the Incentive Plan will not, without the consent of the participants, alter or impair any rights or obligations under any awards granted under the Incentive Plan. No award may be granted during any period of suspension or after termination of the Incentive Plan.

The Incentive Plan continues, subject to the right to terminate set forth in the preceding paragraph, until the 2020 annual general meeting of shareholders.

Federal Income Tax Consequences

Edgar Filing: MARVELL TECHNOLOGY GROUP LTD - Form DEF 14A

We generally will be entitled to a tax deduction in connection with compensation paid under the Incentive Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income. Special rules limit the deductibility of compensation paid to our chief executive officer and other covered employees as determined under Section 162(m).

Table of Contents**Awards to be Granted to Certain Individuals and Groups**

Awards under the Incentive Plan are to be determined based on metrics that may be established from time to time and on actual performance. Therefore, future actual awards (if any) cannot now be determined. The following table sets forth certain information regarding bonuses paid for fiscal 2015 under the Previous Incentive Plan to (i) each of our named executive officers named in the Summary Compensation Table of this proxy statement; (ii) our named executives officers, as a group; and (iii) all employees who are not named executive officers, as a group:

PROPOSAL NO. 4:

APPROVAL OF AMENDMENT TO THE AMENDED AND RESTATED 1995 STOCK OPTION PLAN

Our board of directors through the ECC has approved the proposed amendment and restatement of the 1995 Plan (the Amendment), subject to, and contingent upon, approval from our shareholders at the annual general meeting. The Amendment: (i) is intended to be an approval of the material terms of the 1995 Plan as such term is used for purposes of Section 162(m); (ii) amends the 1995 Plan to expressly allow our non-employee directors, or outside directors, to receive all types of awards available under the 1995 Plan in addition to stock options; and (iii) places limitations on the maximum compensation payable to an outside director as described below. If the shareholders approve the Amendment of the 1995 Plan, it will constitute an approval of the material terms of the 1995 Plan as such term is used for purposes of Section 162(m) and outside directors would expressly be able to receive all types of awards under the 1995 Plan, subject to the limitations set forth in the 1995 Plan. If the shareholders do not approve the Amendment to the 1995 Plan, the current 1995 Plan will remain in effect.

Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including qualified performance-based compensation, are generally excluded from this deductibility limit. To enable compensation in connection with stock awards, stock units, performance awards and stock-based awards denominated in cash awarded under the 1995 Plan to qualify as performance-based within the meaning of Section 162(m), the 1995 Plan limits the sizes of such awards as further described below. By approving the Amendment to the 1995 Plan, the shareholders will be approving the material terms of the 1995 Plan, including, among other things, performance measures upon which specific performance goals applicable to certain awards would be based, limits on the numbers of shares or compensation that could be made to participants, and the other material terms of the awards described below.

We believe that long-term incentive compensation programs align the interests of management, employees and the shareholders to create long-term shareholder value. We believe that equity-compensation plans such as the 1995 Plan, as amended, increase our ability to achieve this objective.

Board Recommendation and Required Vote

Our board of directors unanimously recommends that you vote FOR the approval of Proposal No. 4.

Unless authority to do so is withheld, the proxy holders named in each proxy will vote the shares represented thereby FOR Proposal No. 4. Assuming the presence of a quorum, the required vote is the affirmative vote of at least a majority of votes cast and entitled to vote at the annual general meeting. Abstentions and broker non-votes will be entirely excluded from the vote and will have no effect on the outcome.

The following paragraphs provide a summary of the principal features of the 1995 Plan and its operation. The Amendment to the 1995 Plan that we are asking shareholders to approve is set forth in its entirety as *Annex C* to this proxy statement. The following summary is qualified in its entirety by reference to *Annex C*.

Shares Subject to the 1995 Plan

The purpose of the 1995 Plan is to attract and retain employees, consultants and outside directors of Marvell and its subsidiaries. The 1995 Plan provides for awards in the form of stock options, stock appreciation rights, stock awards, stock units, performance awards and other stock-based awards (Awards).

Subject to adjustment, a maximum of 383,440,718 common shares are authorized for issuance under the 1995 Plan.

Table of Contents

If an Award under the 1995 Plan expires or becomes unexercisable for any reason, the shares subject to such Award which have not been issued will be available for future issuance under the 1995 Plan. Shares retained to satisfy tax withholding obligation do not reduce the number authorized for issuance.

Subject to any required action by shareholders, (i) the number of shares subject to an outstanding Award, (ii) the shares authorized for issuance under the 1995 Plan but as to which no Awards have then been granted and (iii) the price per share of Awards will be proportionately adjusted in the event of a stock split, reverse stock split, stock dividend, combination, reclassification and other similar changes in our capitalization.

As of January 31, 2015, we had stock options outstanding under the 1995 Plan to purchase a total of 49,371,779 common shares at exercise prices ranging from \$5.70 to \$34.375, or a weighted-average exercise price per share of \$14.06, and 11,002,066 outstanding stock units. As of January 31, 2015, a total of 90,169,100 common shares were available for future grants under the 1995 Plan.

Participation

Employees, consultants and outside directors of Marvell and its subsidiaries are eligible to participate in the 1995 Plan. If the Amendment is approved, outside directors will be able to receive all types of awards available under the 1995 Plan in addition to stock options.

In any fiscal year, no employee may be granted more than 4,000,000 shares subject to Awards in the aggregate, adjusted proportionately for changes in our capitalization. If an Award is granted but cancelled in the same fiscal year, it will nonetheless count against the foregoing limit. The reduction of an option's exercise price is treated as the cancellation of an option and the grant of a new option.

Administration

The 1995 Plan is administered by the ECC. To make grants to certain of our officers and key employees, the members of the ECC must qualify as non-employee directors under Rule 16b-3 of the Exchange Act. The ECC's members qualify as outside directors under Section 162(m) (so that we can receive a U.S. federal tax deduction for certain compensation paid under the 1995 Plan).

The ECC has the administrative power to select individuals who receive Awards, determine the terms and conditions of Awards (subject to the provisions of the 1995 Plan), approve form agreements under the 1995 Plan, determine whether and under what circumstances to offer to buy out a stock option, modify grants of Awards to satisfy applicable local law and construe and interpret the 1995 Plan. The ECC's determinations are final and binding on all persons.

Stock Options

Stock options may include nonstatutory stock options. Incentive stock options are no longer available for grant under the 1995 Plan. Nonstatutory stock options may be granted under the 1995 Plan at an exercise price of not less than 100% of the fair market value of the common shares on the date of grant. On May 11, 2015, the closing price for the common shares on the Nasdaq Global Select Market was \$14.08 per share.

Payment for shares upon exercise of an option will be made in any lawful consideration approved by ECC and may, without limitation, consist of (1) cash, (2) check, (3) other shares that have a fair market value on the date of payment equal to the aggregate exercise price of the shares as to which option is exercised; provided that there is no adverse accounting consequences on such an exercise, (4) delivery by a brokerage firm approved by the ECC of an exercise notice together with full payment and other documentation as the ECC requires, or (5) any combination of the foregoing.

Table of Contents

Stock Appreciation Rights

Stock appreciation rights permit the participant to elect to receive any appreciation in the value of the underlying stock from us, either in shares of common shares or in cash or a combination of the two, with the ECC, as applicable, having the discretion to determine the form in which such payment will be made. The amount payable on exercise of a stock appreciation right is measured by the difference between the market value of the underlying common shares at exercise and the exercise price.

Stock Awards

Stock awards are restricted or unrestricted awards of common shares on such terms and conditions and for such consideration, including no consideration or such minimum consideration as may be required by law, as the ECC will determine.

Stock Units

A stock unit is an unfunded bookkeeping entry representing the equivalent of one share of common shares. A holder of stock units has no voting rights or other privileges as a shareholder but may be entitled to receive dividend equivalents equal to the amount of any dividends paid on the same number of shares of common shares. Dividend equivalents may be converted into additional stock units or settled in the form of cash, common shares or a combination of both.

Stock units, when vested, may be settled by distributing shares of common shares or by a cash payment corresponding to the fair market value of the appropriate number of common shares, or a combination of both.

Performance Awards

Performance awards are Awards payable on account of attainment of one or more performance goals established by the ECC. Performance awards may be paid by the delivery of common shares or cash, or any combination of common shares and cash, as determined in the sole discretion of the ECC.

Vesting Conditions

As noted above, the ECC determines the number of shares subject to Awards, as well as the vesting and other conditions. The vesting conditions may be based on the recipient's service, his or her individual performance, our performance or other criteria. Vesting may be accelerated in the event of the recipient's death, disability or retirement, in the event of a change in control with respect to us or upon other events.

Change in Control

The ECC may, in its discretion, determine at any time the effect a change in control (as defined in the 1995 Plan) may have on an Award, provided that a change in control will not have the effect of impairing the rights of a holder of any then-outstanding Award without his or her prior written consent. The ECC may determine that upon a change in control, an option: (i) fully vests and is exercisable for a limited period or for the remainder of the term, (ii) terminates upon or following the change in control, (iii) be cancelled in exchange for cash in the amount of the excess of the fair market value of the shares over the exercise price, (iv) be treated in a combination of the above or (v) be assumed by the acquirer.

Transferability of Awards

Recipients of Awards under the 1995 Plan generally may not sell, donate, pledge or otherwise transfer their Awards, except as provided by the ECC or as set forth in an Award agreement.

Table of Contents

Buyout

The ECC may at any time offer to buy out an option for a payment in cash or shares, based on such terms and conditions as the ECC may establish and communicate to the option holder at the time of the offer.

Section 162(m) Appendix

If the shareholders approve this Amendment, the terms of the Section 162(m) Appendix will control for any Award the ECC intends to qualify as performance-based compensation within the meaning of Section 162(m). All employees are eligible to receive Awards under the Section 162(m) Appendix intended to qualify as performance-based compensation within the meaning of Section 162(m). Awards of stock awards, stock units, performance awards and stock-based Awards denominated in cash under the 1995 Plan may be made subject to the attainment of performance goals in order to qualify as performance-based compensation. The ECC will establish objective performance goals based upon one or more targeted levels of achievement relating to one or more of the following business criteria within the meaning of Section 162(m): attainment of research and development milestones, business divestitures and acquisitions, cash flow, customer retention or acquisition, business unit performance, earnings (which may include earnings before interest, taxes, depreciation or amortization (EBITDA)), earnings per share, expense reduction, gross margin, growth with respect to any of the foregoing measures, market share, net income, new product development, operating income, operating margin, pre-tax profit, product release timelines, productivity, return on capital employed, return on shareholder equity, return on sales, revenue, revenue growth, and total shareholder return. The performance goals may differ from participant to participant, performance period to performance period and from award to award, may be used to measure our performance as a whole or a business unit or other segment of ours, or one or more product lines or specific markets and may be measured relative to a peer group or index. Any criteria used may be measured in absolute terms or in terms of growth, compared to other companies, measured against the market as a whole and/or according to applicable market indices, measured against us as a whole or a segment of us, and/or measured on a pre-tax or post-tax basis, if applicable. Before the latest possible date that will not jeopardize the qualification of an award as performance-based compensation within the meaning of Section 162(m), the ECC determines whether any significant element will be included in or excluded from the calculation of any performance goal with respect to any participant. In all other respects, the performance goals will be calculated in accordance with our financial statements, generally accepted accounting principles, or under a methodology established by the ECC prior to or at the time of the issuance of an award and which is consistently applied with respect to a performance goal in the relevant performance period.

To the extent necessary to comply with the performance-based compensation provisions of Section 162(m), with respect to any Award granted subject to performance goals, within 90 days following the commencement of any performance period, but in no event after 25% of the performance period has elapsed (or such other time as may be required or permitted by Section 162(m)), the ECC will, in writing: (i) designate one or more participants to whom an award will be made, (ii) select the performance goals applicable to the performance period, (iii) establish the performance goals, and amounts of such Awards, as applicable, which may be earned for such performance period, and (iv) specify the relationship between performance goals and the amounts of such awards, as applicable, to be earned by each participant for such performance period. Following the completion of each performance period, the ECC will certify in writing whether the applicable performance goals have been achieved for such performance period. In determining the amounts earned by a participant, the ECC may reduce or eliminate (but not increase) the amount payable at a given level of performance to take into account additional factors that the ECC may deem relevant to the assessment of individual or corporate performance for the performance period. A participant will be eligible to receive payment pursuant to an award for a performance period only if the performance goals for such period are achieved.

The Section 162(m) Appendix will continue in effect until the 2020 annual general meeting of shareholders, subject to our board's right to terminate the 1995 Plan by its own terms.

Individual Award Limitations

The Section 162(m) Appendix contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any one individual in any fiscal year (i) pursuant to stock awards is 1,000,000 shares, (ii) pursuant to stock units is 1,000,000 shares, and (iii) pursuant to performance awards is 1,000,000 shares. With respect to stock-based awards denominated in cash, the maximum initial dollar value of such awards issuable to any individual in a fiscal year is \$6,000,000. In addition, in connection with his or her initial service with us, an employee may be granted awards of up to an additional (a) 1,000,000 shares pursuant to stock awards, (b) 1,000,000 shares pursuant to stock units, (c) 1,000,000 shares pursuant to performance awards and (d) \$6,000,000 for stock-based awards denominated in cash.

The ECC will adjust the share limitations of (i)-(iii) and (a)-(c) in the above paragraph in the event of certain adjustment to our capitalization.

Outside Director Limitations

In addition, the Amendment provides that in any given year, an outside director will not receive (i) cash-settled awards having a grant date fair value greater than \$500,000, increased to \$1,000,000 in connection with his or her initial service; and (ii) stock-settled awards having a grant date fair value greater than \$500,000, increased to \$1,000,000 in connection with his or her initial service, in each case, as determined under generally accepted accounting procedures.

Amendment and Termination

Our board may at any time amend, alter, suspend, discontinue or terminate the 1995 Plan, but no such action will impair the rights of any Award holder under any then-outstanding Award without his or her prior written consent.

Summary of Federal Income Tax Consequences

The following summary is intended only as a general guide to the material U.S. federal income tax consequences of participation in the 1995 Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. As a result, tax consequences for any particular participant may vary based on individual circumstances.

Nonstatutory Stock Options

An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income equal to the amount that the fair market value of the shares on such date exceeds the exercise price. If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. No tax deduction is available to us with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant.

Stock Appreciation Rights

In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Table of Contents

Stock Awards

A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the vesting date. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The participant may elect, pursuant to Section 83(b) of the Code, to accelerate the ordinary income tax event to the date of acquisition by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Stock Units

There are no immediate tax consequences of receiving an award of stock units. A participant who is awarded stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such participant at the end of the applicable vesting period. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss.

Performance Awards

A participant generally will recognize no income upon the grant of a performance award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or non-restricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Section 409A

Section 409A provides certain new requirements for non-qualified deferred compensation arrangements. Awards granted under the 1995 Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Tax Effect for Marvell

We generally will be entitled to a tax deduction in connection with an award under the 1995 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our chief executive officer and other covered employees as determined under Section 162(m).

**RE-APPOINTMENT OF AUDITORS AND INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND
AUTHORIZATION OF THE AUDIT COMMITTEE TO FIX REMUNERATION**

In accordance with Section 89 of the Companies Act, our shareholders have the authority to appoint our auditors and independent registered public accounting firm, and to authorize the audit committee, acting on behalf of our board of directors, to fix the remuneration of the auditors and independent registered public accounting firm. At the annual general meeting, shareholders will be asked to re-appoint PricewaterhouseCoopers as our auditors and independent registered public accounting firm, and authorize the audit committee to fix the remuneration of the auditors and independent registered public accounting firm for the fiscal year ending January 30, 2016.

Board Recommendation and Required Vote

Our board of directors unanimously recommends that you vote FOR Proposal No. 5.

Unless authority to do so is withheld, the proxy holders named in the proxy card will vote the shares represented thereby FOR the re-appointment of PricewaterhouseCoopers and the authorization of the audit committee to fix its remuneration. Assuming the presence of a quorum, the required vote is the affirmative vote of at least a simple majority of votes cast and entitled to vote at the annual general meeting. Abstentions and broker non-votes (unless the broker, bank or other nominee exercised discretionary authority to vote on such proposal) will be entirely excluded from the vote and will have no effect on the outcome. In the event that the shareholders do not re-appoint PricewaterhouseCoopers at the annual general meeting, the existing auditors and independent registered public accounting firm shall hold office until a successor is appointed in accordance with Bermuda law and the Bye-Laws.

INFORMATION CONCERNING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PricewaterhouseCoopers have been our auditors and independent registered public accounting firm for the financial statements for each year since the year ended January 31, 1998. Representatives of PricewaterhouseCoopers are expected to be present at the annual general meeting, and they will be given an opportunity to make a statement, if they desire to do so, and will be available to respond to any appropriate questions from shareholders.

**FUTURE SHAREHOLDER PROPOSALS AND NOMINATIONS FOR
THE 2016 ANNUAL GENERAL MEETING**

Under Rule 14a-8 of the Exchange Act, for a shareholder proposal to be considered for inclusion in the proxy statement for the 2016 annual general meeting of shareholders, we must have received the written proposal by such shareholder at the mailing address of our business offices set forth below, no later than January 20, 2016. Such proposals must comply with the other provisions of Rule 14a-8 and additional applicable SEC rules regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

If you desire to bring a matter before an annual general meeting and the proposal is submitted outside the process of Rule 14a-8, you may use the procedures set forth in the Bye-Laws to make a shareholder proposal, including director nominations, not intended to be included in our proxy statement under Rule 14a-8 so long as such proposal complies with the Bye-Laws. In accordance with Sections 12(3)(b), 12(3)(c), 12(4) and 34 of the Bye-Laws, shareholder nominations and proposals may be voted on at an annual general meeting of shareholders only if such nominations and proposals are made pursuant to written notice timely given to our Secretary and accompanied by certain information. To be timely, a shareholder's written notice must be received by us not less than 60 nor more than 180 days prior to the date set for the annual general meeting of shareholders (or if no such date is set, the date that is not less than 60 nor more than 180 days prior to the anniversary of the previous year's annual general meeting of shareholders). To comply with the Bye-Laws, a shareholder must provide appropriate notice to us no earlier than January 2, 2016 and no later than May 1, 2016. The notice must contain the name and business background of any person being nominated by such shareholder as a director and all material information on any proposal, statement or resolution to be put to the meeting and details of the shareholder submitting the proposal, statement or resolution, as well as other information that may be specified by our board of directors and the Bye-Laws as then in effect. Our board of directors will review proposals from eligible shareholders which it receives by that date and will determine whether any such proposal has been received in accordance with the Bye-Laws and whether any such proposal will be acted upon at the annual general meeting of shareholders.

All shareholder proposals or nominations pursuant to this section may be sent to our Assistant Secretary at Canon's Court, 22 Victoria Street, Hamilton HM 12, Bermuda.

In addition, Section 79 of the Companies Act provides that (i) any number of shareholders representing not less than 5% of the total voting power of the shares eligible to vote at a general meeting of shareholders, or (ii) not less than 100 shareholders may propose any resolution which may properly be moved at the next annual general meeting of shareholders. Upon timely receipt of notice, we shall, at the expense of such shareholder(s), give our other shareholders entitled to receive notice of the next annual general meeting of shareholders notice of such proposed resolution. To be timely, the proposal requiring notice of a resolution must be deposited at our registered office at least six weeks before the next annual general meeting of shareholders. Shareholders satisfying the criteria of Section 79 may also require us to circulate a statement in respect of any matter to come before an annual general meeting of shareholders by notice deposited at our registered office in the manner provided by the Companies Act.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on our review of the copies of such reports received by us during or with respect to the fiscal year ended January 31, 2015, and representations from such reporting persons, we believe that our officers, directors and 10% shareholders complied with all Section 16(a) filing requirements applicable to such individuals.

HOUSEHOLDING SHAREHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called householding. Under this procedure, multiple shareholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice, unless the affected shareholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

We expect that a number of brokers with account holders who are our shareholders will be householding our annual report and proxy materials, including the Notice. A single Notice and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. Shareholders may revoke their consent at any time by contacting Broadridge Financial Solutions, either by calling toll-free (800) 542-1061, or by writing to Broadridge Financial Solutions, Household Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, we will promptly deliver a separate copy of the Notice and, if applicable, annual report and other proxy materials to any shareholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice and, if applicable, annual report and other proxy materials, you may write or call our Investor Relations department at 5488 Marvell Lane, Santa Clara, CA 95054, telephone number (408) 222-0777.

Any shareholders who share the same address and currently receive multiple copies of our Notice or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding.

Performance Goals may differ from Participant to Participant, Performance Period to Performance Period and from award to award. Any criteria used may be measured, as applicable, (i) in absolute terms; (ii) in relative terms over the passage of time and/or any measurement against other companies or financial or business or stock index metrics particular to the Company; (iii) on a per share and/or share per capita basis; (iv) against the performance of the Company as a whole or against any Affiliate(s), or a particular segment(s), a business unit(s) or a product(s) of the Company; (v) on a pre-tax or after-tax basis; and/or (vi) using an actual foreign exchange rate or on a foreign exchange neutral basis. Prior to the Determination Date, the Committee shall determine whether any element(s) (for example, but not by way of limitation, the effect of mergers or acquisitions) shall be included in or excluded from the calculation of any Performance Goal with respect to any Participants (whether or not such determinations result in any Performance Goal being measured on a basis other than generally accepted accounting principles). In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to or at the time of the issuance of an award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. The Committee will appropriately adjust any evaluation of performance under a Performance Goal to exclude (i) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial conditions and results of operations appearing in the Company's annual report to shareholders for the applicable year; or (ii) the effect of any changes in accounting principles affecting the Company's or a business unit's reported results. In addition, the Committee will adjust any performance criteria, Performance Goal or other feature of an award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock.

3.2 Selection of Participants. The Committee, in its sole discretion, shall select the Employees who shall be Participants for any Performance Period. The Committee, in its sole discretion, also may designate as Participants one or more individuals (by name or position) who are expected to become Employees during a Performance Period. Participation in the Plan is in the sole discretion of the Committee, and shall be determined on a Performance Period by Performance Period basis. Accordingly, an Employee who is a Participant for a given Performance Period in no way is guaranteed or assured of being selected for participation in any subsequent Performance Period.

3.3 Determination of Performance Goals. The Committee, in its sole discretion, shall establish the Performance Goals for each Participant for the Performance Period. Such Performance Goals shall be set forth in writing.

3.4 Determination of Target Awards. The Committee, in its sole discretion, shall establish a Target Award for each Participant. Each Participant's Target Award shall be determined by the Committee in its sole discretion, and each Target Award shall be set forth in writing.

3.5 Determination of Payout Formula. On or prior to the Determination Date for a Performance Period, the Committee, in its sole discretion, shall establish a Payout Formula for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Performance Period are achieved at the predetermined level, and (d) provide for the payment of an Actual Award greater than or less than the Participant's Target Award, depending upon the extent

Table of Contents

to which actual performance exceeds or falls below the Performance Goals. Notwithstanding the preceding, in no event shall a Participant's Actual Award for any Performance Period exceed the Maximum Award.

3.6 **Date for Determinations.** The Committee shall make all determinations under Sections 3.2 through 3.5 on or before the Determination Date.

3.7 **Determination of Actual Awards.** After the end of each Performance Period, the Committee shall certify in writing (for example, in its meeting minutes) the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded, as determined by the Committee. A Participant will be eligible to receive an Actual Award intended to qualify as performance-based compensation under Section 162(m) of the Code for a Performance Period only if the Performance Goals for such period are achieved. If the Performance Goals for a Performance Period are not achieved, a Participant will not receive payment of any Actual Award based on such Performance Goals and will not receive a grant of any make-up Actual Award for such Performance Period or any other newly-granted Actual Award for such Performance Period. The Actual Award for each Participant shall be determined by applying the Payout Formula to the level of actual performance that has been certified in writing by the Committee. Notwithstanding any contrary provision of the Plan, in determining the amounts earned by a Participant pursuant to an award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee will have the right to (a) reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period, (b) determine what Actual Award, if any, will be paid in the event of a Termination of Employment as the result of a Participant's death or Disability or upon a Change in Control or in the event of a Termination of Employment following a Change in Control prior to the end of the Performance Period, and (c) determine what Actual Award, if any, will be paid in the event of a Termination of Employment other than as the result of a Participant's death or Disability prior to a Change in Control and prior to the end of the Performance Period to the extent an actual Award would have otherwise been achieved had the Participant remained employed through the end of the Performance Period.

SECTION 4

PAYMENT OF AWARDS

4.1 **Right to Receive Payment.** Each Actual Award that may become payable under the Plan shall be paid solely from the general assets of the Company or the Affiliate that employs the Participant (as the case may be), as determined by the Committee. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Actual Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled.

4.2 **Timing of Payment.** Subject to Section 3.7, payment of each Actual Award shall be made as soon as administratively practicable following the determination of the Actual Award payment.

4.3 **Form of Payment.** Each Actual Award shall be paid in cash (or its equivalent) in a single lump-sum and/or in the form of an equity award, as determined in the sole discretion of the Committee. To the extent that the Committee determines that an Actual Award is payable in part or in full as an equity award instead of cash, the number of shares subject to such equity award will be determined subject to a conversion ratio, as determined in the sole discretion of the Committee. All equity awards will be issued pursuant to the terms, conditions and procedures of the Marvell Technology Group Ltd. Amended and Restated 1995 Stock Option Plan as may be hereafter amended from time to time or any successor equity incentive plan that the Company may adopt from time to time (the Stock Plan) and an award agreement thereunder; provided that any such equity award may be subject to service-based vesting.

4.4 **Termination of Employment.** Except as permitted in Section 3.7, if a Participant incurs a Termination of Employment for any reason prior to the date of payment of an Actual Award, such Participant shall not be entitled to an Award.

SECTION 5

ADMINISTRATION

5.1 **Committee is the Administrator.** The Plan shall be administered by the Committee. The Committee shall consist of not less than two (2) members of the Board. The members of the Committee shall be appointed from time to time by, and serve at the pleasure of, the Board. Each member of the Committee shall qualify as an outside director under Section 162(m) of the Code. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify. Any member of the Committee may resign at any time by notice in writing mailed or delivered to the Secretary of the Company. As of the Effective Date of the Plan, the Plan shall be administered by the Executive Compensation Committee of the Board.

5.2 **Committee Authority.** It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees shall be granted awards, (b) prescribe the terms and conditions of awards, (c) interpret the Plan and the awards, (d) adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside of the United States, (e) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (f) interpret, amend or revoke any such rules.

5.3 **Decisions Binding.** All determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive and binding on all persons, and shall be given the maximum deference permitted by law.

5.4 **Delegation by the Committee.** The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; provided, however, that the Committee may not delegate its authority and/or powers with respect to awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code.

SECTION 6

GENERAL PROVISIONS

6.1 **Tax Withholding.** The Company or an Affiliate, as determined by the Committee, shall withhold all applicable taxes from any Actual Award, including any federal, state, local and other taxes. Notwithstanding the foregoing, to the extent an Actual Award is settled in whole or in part as an equity award pursuant to Section 4.3, the Committee shall provide for appropriate tax withholding requirements in the applicable award agreement consistent with the terms of the Stock Plan. Further, the obligation of the Company to deliver shares will be subject to a Participant satisfying the tax withholding obligations described in the preceding sentence.

6.2 **No Effect on Employment.** Nothing in the Plan shall interfere with or limit in any way the right of the Company or an Affiliate, as applicable, to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment. Employment with the Company and its Affiliates is on an at-will basis only. The Company expressly reserves the right, which may be exercised at any time and without regard to when during or after a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 **Participation.** No Employee shall have the right to be selected to receive an award under this Plan, or, having been so selected, to be selected to receive a future award.

6.4 **Indemnification**. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's charter and/or organizational documents, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

6.5 **Successors**. All obligations of the Company and any Affiliate under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company and/or such Affiliate, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company or such Affiliate.

6.6 **Nontransferability of Awards**. No award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution. All rights with respect to an award granted to a Participant shall be available during his or her lifetime only to the Participant.

SECTION 7

AMENDMENT, TERMINATION AND DURATION

7.1 **Amendment, Suspension or Termination**. The Board or the Committee, each in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Target Award theretofore granted to such Participant. No award may be granted during any period of suspension or after termination of the Plan.

7.2 **Duration of the Plan**. The Plan shall commence on the date specified herein, and subject to Section 7.1 (regarding the Board or the Committee's right to amend or terminate the Plan), shall remain in effect until the 2020 Annual General Meeting of Shareholders.

8.2 **Severability**. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

8.3 **Requirements of Law**. The granting of awards under the Plan shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

8.4 **Governing Law**. The Plan and all awards shall be construed in accordance with and governed by the laws of the State of California, but without regard to its conflict of law provisions.

2. **Defined Terms.** The meanings of defined terms (generally, capitalized terms) in this Plan are provided in Section 21 (Glossary).
3. **Shares Reserved.** Subject to Section 14, Shares that may be issued with respect to Awards granted under the Plan shall not exceed an aggregate of 383,440,718 Shares of Common Stock. The Shares may be authorized, but unissued, or reacquired Common Stock. Shares retained to satisfy tax withholding obligations do not reduce the number authorized for issuance.
- ~~2.~~
4. **Administration.**
- (a) **In General.** This Plan shall be administered by the Board or a Committee appointed by the Board. Once appointed, a Committee shall serve until otherwise directed by the Board. From time to time, the Board may increase the size of the Committee and appoint additional members, remove members (with or without cause) and appoint new members in their stead, fill vacancies however caused, and terminate the Committee and thereafter directly administer this Plan.
- (b) **Committee Composition.** The Board may provide for administration of this Plan with respect to Officers and directors of the Company by a Committee constituted so as to satisfy:
- (i) such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and
- (ii) such requirements as the Internal Revenue Service may establish for Outside Directors acting under plans intended to qualify for exemption under Section 162(m)(4)(C) of the Code.
- A Committee appointed under this Section 4(b) may be separate from any Committee appointed to administer this Plan with respect to Employees who are neither Officers nor directors. Within the limitations of this Section 4(b), any reference in the Plan to the Committee shall include such committee or committees appointed pursuant to this Section 4.
- (c) **Powers of the Administrator.** Subject to the provisions of this Plan and in the case of a Committee, subject to the specific duties delegated by the Board, the Administrator shall have the authority, in its sole and absolute discretion:

- (ii) to grant Awards to such Consultants, Outside Directors and Employees as it selects; provided, however, that notwithstanding any other provision of the Plan, grants of Awards to Outside Directors shall be limited to grants of Options upon initial appointment to the Board, and such Awards shall be subject to ratification by the Board;

(iii) to determine the terms and conditions of each Award granted, including without limitation the number of Shares subject to each Award, the exercise price per Share of Optioned Stock, ~~and whether an Option is to be granted as an ISO or a NSO;~~

(iv) to approve forms of agreement for use under this Plan;

(v) to determine whether and under what circumstances to offer to buy out an Option for cash or Shares under Section 12;

(vi) to modify grants of Awards to participants who are foreign nationals or employed outside of the United States in order to recognize differences in local law, tax policies, or customs; and

(vii) to construe and interpret the terms of this Plan and of each Award granted pursuant to this Plan.

(d) Administrator's Decisions Binding. All decisions, determinations, and interpretations of the Administrator shall be final and binding on all Grantees and any other holders of any Awards, and no member of the Administrator shall be liable for any such determination, decision, or interpretation made in good faith.

5. Eligibility.

(a) General. Nonstatutory Stock Options and other Awards (other than Incentive Stock Options) may be granted to Employees, Consultants and Outside Directors. ~~Incentive Stock Options may be granted only to Employees. Other Awards may be granted to Employees and Consultants. An Employee or Consultant or Outside Director who has been granted an Award may, if otherwise eligible, be granted additional Awards. Incentive Stock Options may no longer be granted under the Plan.~~

(b) Limitations.

(i) While the Company or a successor has outstanding any class of equity securities required to be registered under Section 12 of the Exchange Act, the following limitations shall apply to grants of Awards to Employees:

(ii) No Employee shall be granted, in any fiscal year of the Company, Awards with respect to more than 4,000,000 Shares, in the aggregate, adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14. If an Award is granted but canceled in the same fiscal year, it shall nonetheless count against the foregoing limit. Reduction of an Option's exercise price is treated as a cancellation of the Option and the grant of a new Option.

(iii) Director Limitations.

(A) No Outside Director may be granted, in any fiscal year of the Company, cash-settled Awards with a grant date fair value (determined in accordance with U.S. generally accepted accounting principles) of more than \$500,000, increased to \$1,000,000 in connection with his or her initial service.

(B) No Outside Director may be granted, in any fiscal year of the Company, stock-settled Awards with a grant date fair value (determined in accordance with U.S. generally accepted accounting principles) of more than \$500,000, increased to \$1,000,000 in connection with his or her initial service.

6. Term of Options. The term of each Option shall be determined by the Administrator at the time of grant but shall not exceed ten years. ~~In the case of an ISO granted to an Optionee who, at the time of grant, owns stock representing more than ten percent of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the Option term shall not exceed five years.~~

Table of Contents

7. Date of Option Grant. Unless otherwise determined by the Administrator, the date of grant of an Option shall be the date on which the Administrator completes the actions necessary to grant the Option. Notice of the grant shall be given to the Optionee within a reasonable time after the date of the grant.

8. Option Exercise Price and Form of Consideration.

~~(a) Price~~. The per-Share exercise price of an Option shall be determined by the Administrator at the time of grant, but:

~~(i) In the case of an ISO:~~

~~(A) granted to an Employee who, at the time of grant, owns stock representing more than ten percent of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be at least 110% of the Fair Market Value on the date of grant; or~~

~~(A) granted to any other Employee, the per Share exercise price shall be at least the Fair Market Value on the date of grant.~~

~~(a) In the case of a NSO, the per-Share exercise price shall be at least the Fair Market Value on the date of grant.~~

(b) Form of Payment. Payment for Shares upon exercise of an Option shall be made in any lawful consideration approved by the Administrator and may, without limitation, consist of (1)-cash, (2)-check, (3)-other Shares that have a Fair Market Value on the date of payment equal to the aggregate exercise price of the Shares as to which Option is exercised; provided, however, that the Optionee shall not surrender, or attest to the ownership of, Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes, (4)-delivery by a broker or brokerage firm approved by the Administrator of a properly executed exercise notice together with payment of the exercise price and such other documentation as the Administrator shall require, (5)-net exercise or (6)-any combination of the foregoing. Notwithstanding the foregoing, a form of payment shall not be available if the Administrator determines, in its sole and absolute discretion, that such form of payment could violate any law or regulation.

9. Option Exercise.

(a) Exercisability. Each Option shall be exercisable at such times and under such conditions as determined by the Administrator at the time of grant.

(b) Vesting. Each Option and the corresponding Optioned Stock shall vest at such times and under such conditions as determined by the Administrator at the time of grant, and as are otherwise permissible under the terms of this Plan, including without limitation, performance criteria with respect to the Company and/or the Optionee.

(c) Fractional Shares. An Option may not be exercised for a fraction of a Share.

(d) Manner of Exercise; Rights as a Shareholder. Unless otherwise allowed by the Administrator, an Option shall be exercised by delivery to the Company of all of the following: (i)-written notice of exercise by the Optionee, in a form approved by the Administrator and in accordance with the terms of the Option, (ii)-full payment for the Shares with respect to which the Option is exercised, and (iii)-payment (or provision for payment) of withholding taxes pursuant to Subsection (g), below. Delivery of any of the foregoing may be by electronic means approved by the Administrator. The Optionee shall be treated as a shareholder of the Company with respect to the purchased Shares upon completion of exercise of the Option.

(e) Optionee Representations. If Shares purchasable pursuant to the exercise of an Option have not been registered under the Securities Act of 1933, as amended, at the time the Option is exercised, the Optionee

Table of Contents

shall, if required by the Administrator, as a condition to exercise of all or any portion of the Option, deliver to the Company an investment representation statement in a form approved by the Administrator.

(f) Termination of Employment or Consulting Relationship. If an Optionee's Continuous Service terminates, the Optionee (or the Optionee's estate or heirs, if termination is due to death or the Optionee dies during the post-termination exercise period of the Option) may exercise the Option, (i)-only within such period of time as is determined by the Administrator (but no later than the expiration date for the Option determined by the Administrator at the time of grant) and the Option shall terminate at the end of that period, and (ii)-unless otherwise determined by the Administrator, only to the extent that the Optionee was entitled to exercise it at the date of termination.

(g) Tax Withholding. The Company's obligation to deliver Shares upon exercise of an Option is subject to payment (or provision for payment satisfactory to the Administrator) by the Optionee of all federal, state, and local income and employment taxes that the Administrator determines in its discretion to be due as a result of the exercise of the Option or sale of the Shares.

10. Rule-16b-3. Except to the extent determined by the Administrator, Awards granted to persons subject to Section 16(b) of the Exchange Act shall comply with Rule 16b-3 and shall contain such terms as may be required or desirable to qualify Plan transactions for the maximum exemption from Section 16 of the Exchange Act.

11. Non-Transferability of Options. Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee.

12. Buyout of Options. The Administrator may at any time offer to buy out an Option for a payment in cash or Shares, based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time of the offer.

13. Other Awards. The Administrator may from time to time grant other stock-based awards to eligible Employees and Consultants in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine and set forth in the applicable Grant Agreement, including without limitation the following:

(a) Stock Appreciation Rights. The Administrator may from time to time grant Awards of stock appreciation rights (SAR). An SAR entitles the Grantee to receive, subject to the provisions of the Plan and the Grant Agreement, a payment having an aggregate value equal to the product of (i) the excess of (A) the Fair Market Value on the exercise date of one share of Common Stock over (B) the base price per share specified in the Grant Agreement, times (ii) the number of shares specified by the SAR, or portion thereof, which is exercised. Payment by the Company of the amount receivable upon any exercise of an SAR may be made by the delivery of Common Stock or cash, or any combination of Common Stock and cash, as determined in the sole discretion of the Administrator. If upon settlement of the exercise of an SAR a Grantee is to receive a portion of such payment in shares of Common Stock, the number of shares shall be determined by dividing such portion by the Fair Market Value of a share of Common Stock on the exercise date. No fractional shares shall be used for such payment and the Administrator shall determine whether cash shall be given in lieu of such fractional shares or whether such fractional shares shall be eliminated.

(b) Stock Awards. The Administrator may from time to time grant restricted or unrestricted Awards of Common Stock in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine.

(c) Stock Units. The Administrator may from time to time grant Awards denominated in stock-equivalent units (stock units) in such amounts and on such terms and conditions as it shall determine. Stock units shall be credited to a bookkeeping reserve account solely for accounting purposes and shall not require a segregation of any of the Company's assets. An Award of stock units may be settled in Common Stock, in cash, or in a combination of Common Stock and cash, as determined in the sole discretion of the Administrator. Except

Table of Contents

as otherwise provided in the applicable Grant Agreement, the Grantee shall not have the rights of a stockholder with respect to any shares of Common Stock represented by a stock unit solely as a result of the grant of a stock unit to the Grantee.

(d) Performance Awards. The Administrator may, in its discretion, grant performance awards which become payable on account of attainment of one or more performance goals established by the Administrator. Performance awards may be paid by the delivery of Common Stock or cash, or any combination of Common Stock and cash, as determined in the sole discretion of the Administrator. Performance goals established by the Administrator may be based on one or more business criteria selected by the Administrator that apply to an individual or group of individuals, a business unit, or the Company as a whole, over such performance period as the Administrator may designate. The Administrator may grant awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code under terms and conditions set forth in Appendix-A.

(e) Other Stock-Based Awards. The Administrator may grant other stock-based awards may be denominated in cash, in Common Stock or other securities, in stock-equivalent units, in stock appreciation units, in securities or debentures convertible into Common Stock, or in any combination of the foregoing and may be paid in Common Stock or other securities, in cash, or in a combination of Common Stock or other securities and cash, all as determined in the sole discretion of the Administrator.

(f) Deferral of Awards.

The Administrator (in its sole discretion) may provide that Shares or cash that otherwise would be delivered to a Grantee as a result of the exercise of an Option or other settlement of an Award may be converted into amounts credited to a deferred compensation account established for such Grantee by the Administrator as an entry on the Company's books. A deferred compensation account established under this Section 13(f) may be credited with interest or other forms of investment return, as determined by the Administrator. A Grantee for whom such an account is established shall have no rights other than those of a general creditor of the Company. Such an account shall represent an unfunded and unsecured obligation of the Company and shall be subject to the terms and conditions of the applicable Grant Agreement between such Participant and the Company. The Administrator (in its sole discretion) shall establish Grant rules, procedures and forms pertaining to any deferral of Awards pursuant to this Section 13(f).

14. Changes in Capitalization or Control.

(a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of Shares of Optioned Stock or of other Shares subject to an outstanding Award, and the number of Shares that have been authorized for issuance under this Plan but as to which no Options or other Awards have then been granted (including the number of shares automatically added to the Plan on annual basis as provided for in Section 3(i) and (ii)), or that have been returned to this Plan upon cancellation or expiration of an Option or an Award, as well as the price per Share of Optioned Stock or of other Shares subject to an outstanding Award, shall be proportionately adjusted for any change in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change in the number of issued Shares effected without receipt of consideration by the Company (not counting Shares issued upon conversion of convertible securities of the Company as effected without receipt of consideration). Such adjustment shall be made by the Board and shall be final, binding, and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no consequent adjustment shall be made with respect to, the number or price of Shares subject to this Plan.

(b) Change in Control. The Administrator may, in its discretion, determine at any time from and after the grant of an Award the effect that a Change in Control shall have upon the Award; provided, however, that a

Table of Contents

Change in Control shall not have the effect of impairing the rights of any Grantee under any then-outstanding Award without his or her prior written consent. Without limiting the foregoing sentence, the Administrator may determine that upon a Change in Control, an Option:

(i) shall become fully vested and exercisable either for a limited period following the Change in Control or for the remainder of the Option's term;

(ii) shall terminate upon or after a specified period following the Change in Control;

(iii) shall be cancelled in exchange for cash in the amount of the excess of the fair market value of the Optioned Shares over the exercise price upon termination; or

(iv) shall be treated as provided under a combination of clauses (i)-through (iii), or shall be so treated only if not adequately assumed (or substituted for) by a surviving or successor person or entity in the transactions or events that give rise to the Change in Control.

For purposes of this Section 14(b), (A)-the occurrence of any of the foregoing clauses (i), (ii), (iii)-or (iv)-shall not constitute an impairment of the rights of any Optionee and (B)-the Administrator shall be the Administrator as constituted before the Change in Control occurs.

15. Amendments; Termination. The Board may at any time amend, alter, suspend, discontinue or terminate this Plan, but no such action shall impair the rights of any Grantee under any then-outstanding Award without his or her prior written consent.

16. Securities Regulation-Requirements.

(a) Compliance with Rule. **AMENDED AND RESTATED 1995 STOCK OPTION PLAN IN RESPECT OF
PERFORMANCE-BASED COMPENSATION UNDER CODE SECTION 162(m)**

1. Purpose

The purpose of this Appendix is to modify, to the extent set forth herein, the Marvell Technology Group Ltd. Amended and Restated 1995 Stock Option Plan (the Plan) with respect to Awards intended to qualify as performance-based compensation under Section 162(m) of the Code.

2. Capitalized Terms

(a) Capitalized terms contained herein shall have the same meanings given to them in the Plan, unless otherwise provided by this Appendix.

(b) In addition, in this Appendix, the following terms shall have the meanings set forth beside them:

Determination Date means a date within ninety (90) days following the commencement of any Performance Period, but in no event after twenty-five percent (25%) of the Performance Period has elapsed (or such other time as may be required or permitted that will not jeopardize the qualification of an Award granted under the Plan as performance-based compensation under Section 162(m) of the Code).

Fiscal Year means the fiscal year of the Company.

Performance Goals will have the meaning set forth in Section 4 of this Appendix.

Performance Period means a Fiscal Year or such longer or shorter period as determined by the Administrator in its sole discretion.

3. General

If the Administrator, in its discretion, decides to grant an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the provisions of this Appendix will control over any contrary provision in the Plan. The Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals (as defined in Section 2 of this Appendix). The Performance Goals will be set by the Administrator on or before the Determination Date (as defined in Section 2 of this Appendix). In granting Awards which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals). Notwithstanding the foregoing, the Administrator may, in its discretion, grant Awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Code to such Grantees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Appendix.

4. Performance Goals

The granting and/or vesting of restricted or unrestricted Awards of Common Stock, stock units, performance awards and other incentives under the Plan may be made subject to the attainment of performance goals (Performance Goals). The Administrator shall establish objective Performance Goals based upon one or more targeted levels of achievement relating to one or more of the following business criteria within the meaning of Section 162(m) of the Code: attainment of research and development milestones, business divestitures and

acquisitions, cash flow, customer retention rates or acquisition, business unit performance, earnings (which may include earnings before interest, taxes, depreciation or amortization (EBITDA)), earnings per share, expense reduction, gross margin, growth with respect to any of the foregoing measures, market share, net income, new product development, operating income, operating margin, pre-tax profit, product release timelines, productivity, return on capital employed, return on shareholder equity, return on sales, revenue, revenue growth, and total shareholder return. Any criteria used may be measured, as applicable, (A) in absolute terms; (B) in relative terms over the passage of time and/or any measurement against other companies or financial or business or stock index metrics particular to the Company); (C) on a per share and/or share per capita basis; (D) against the performance of the Company as a whole or against any affiliate(s) or a particular segment(s), a business unit(s) or a product(s) of the Company; (E)-on a pre-tax or after-tax basis; and/or (F) using an actual foreign exchange rate or on a foreign exchange neutral basis. The Performance Goals may differ from Grantee to Grantee, Performance Period to Performance Period, and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s)-will be included in or excluded from the calculation of any Performance Goal with respect to any Grantee. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to or at the time of the issuance of an Award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. The Administrator will appropriately adjust any evaluation of performance under a Performance Goal to exclude (i) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial conditions and results of operations appearing in the Company's annual report to stockholders for the applicable year, or (ii) the effect of any changes in accounting principles affecting the Company's or a business unit's reported results. In addition, the Administrator will adjust any performance criteria, Performance Goal or other feature of an Award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to reflect any stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change in the number of issued Shares effected without receipt of consideration by the Company (not counting Shares issued upon conversion or convertible securities to the Company as effected without receipt of consideration).

5. Procedures

To the extent necessary to comply with the performance-based compensation provisions of Section 162(m)-of the Code, with respect to any Award granted subject to Performance Goals and intended to qualify as performance-based compensation under Section 162(m) of the Code, by the Determination Date, the Administrator will, in writing, (A) designate one or more Grantees to whom an Award will be made, (B) select the Performance Goals applicable to the Performance Period, (C) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (D) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Grantee for such Performance Period.

Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted Shares subject to stock awards covering up to an additional ~~500~~1,000,000 Shares subject to stock awards (for the avoidance of doubt, an Employee can be granted up to ~~4~~2,000,000 Shares subject to stock awards intended to qualify as performance-based compensation in connection with his or her initial service as an Employee). The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14 of the Plan.

7. Additional Limitations

Notwithstanding any other provision of the Plan, any Award which is granted to a Grantee and is intended to constitute qualified performance-based compensation under Section 162(m)-of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m))-or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)-of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

8. Determination of Amounts Earned

Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. If the Performance Goals for a Performance Period are not achieved, a Grantee will not receive payment of any Award based on such Performance Goals and will not receive a grant of any make-up Award for such Performance Period or any other newly-granted Award for such Performance Period. In determining the amounts earned by a Grantee pursuant to an Award intended to qualified as performance-based compensation under Section 162(m) of the Code, the Administrator will have the right to (A) reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may
