PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON OCTOBER 15, 2015

INTRODUCTION

This Proxy Statement and enclosed proxy card are being furnished commencing on or about August 24, 2015 in connection with the solicitation by the Board of Directors (the *Board*) of Barnes & Noble, Inc., a Delaware corporation (the *Company*), of proxies for use at its annual meeting of stockholders to be held on October 15, 2015 and any adjournment or postponement thereof (the *Meeting*) for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

The Board of Directors unanimously recommends that you vote FOR the election of each of the Board of Directors' nominees, FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers as disclosed in the Proxy Statement and FOR the ratification of the appointment of Ernst & Young, LLP as independent registered public accountants for the Company's fiscal year ending April 30, 2016.

Stockholders Entitled to Vote

Only holders of record of the Company's Common Stock, par value \$.001 per share (*Common Stock*), as of the close of business on August 19, 2015 are entitled to notice of and to vote at the Meeting. As of the record date, 76,264,375 shares of Common Stock were outstanding, which number includes 26,975 shares of unvested restricted stock that have voting rights and that are held by members of the Board and the Company's employees. Each share of Common Stock entitles the record holder thereof to one vote on each matter brought before the Meeting.

How to Vote

Your vote is very important to the Board no matter how many shares of Common Stock you own. Whether or not you plan to attend the Meeting, we urge you to vote your shares today.

If You Are a Registered Holder of Common Stock

If you are a registered holder of Common Stock (including unvested restricted stock), you may vote your shares either by voting by proxy in advance of the Meeting or by voting in person at the Meeting. By submitting a proxy, you are legally authorizing another person to vote your shares on your behalf. We urge you to use the enclosed proxy card to vote FOR the Board's nominees, FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers as disclosed in this Proxy Statement and FOR the ratification of the appointment of Ernst & Young LLP as independent registered public accountants for the Company's fiscal year ending April 30, 2016. If you submit your executed proxy card, but you do not indicate how your shares are to be voted, then your shares will be voted in accordance with the Board's recommendations set forth in this Proxy Statement. In addition, if any other matters are brought before the Meeting (other than the proposals contained in this Proxy Statement), then the individuals listed on the proxy card will have the authority to vote your shares on those other matters in accordance with their discretion and judgment.

Whether or not you plan to attend the Meeting, we urge you to promptly submit a proxy: (a) by telephone or the Internet following the easy instructions on the enclosed proxy card or (b) by signing, dating and returning the enclosed proxy card in the postage-paid envelope provided. If you later decide to attend the Meeting and vote in person, that vote will automatically revoke any previously submitted proxy.

Table of Contents

If You Hold Your Shares in Street Name

If you hold your shares in street name, i.e., through a bank, broker or other holder of record (a custodian), your custodian is required to vote your shares on your behalf in accordance with your instructions. If you do not give instructions to your custodian, your custodian will not be permitted to vote your shares with respect to non-discretionary items, such as the election of directors and the approval, on an advisory basis, of the compensation of the Company's named executive officers. Accordingly, we urge you to promptly give instructions to your custodian to vote FOR all items on the agenda by using the voting instruction card provided to you by your custodian. Please note that if you intend to vote your street name shares in person at the Meeting, you must provide a legal proxy from your custodian at the Meeting.

Questions on How to Vote

If you have any questions or require any assistance with voting your shares, please contact the Company's proxy solicitor:

Innisfree M&A Incorporated

Stockholders May Call Toll-Free: (877) 456-3422.

Quorum and Votes Required

Quorum

The presence in person or by proxy at the Meeting of the holders of shares of capital stock of the Company having a majority of the voting power of the capital stock entitled to vote at the Annual Meeting outstanding as of August 19, 2015 will constitute a quorum.

Votes Required

The three nominees for director receiving the highest vote totals will be elected as directors of the Company.

Approval of the proposal regarding approval, on an advisory basis, of compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast on the proposal.

Because the votes on compensation of named executive officers are advisory, they will not be binding upon the Board.

Approval of the proposal to ratify the appointment of the Company's independent registered public accountants requires the affirmative vote of a majority of the votes cast on the proposal.

Withheld Votes, Abstentions and Broker Non-Votes

With respect to the proposal to elect directors, withheld votes and any broker non-votes are not counted in determining the outcome of the election. A broker non-vote occurs when a custodian does not vote on a particular proposal because it has not received voting instructions from the applicable beneficial owner and does not have discretionary voting power on the matter in question.

With respect to the proposal regarding approval, on an advisory basis, of compensation of the Company's named executive officers, abstentions and any broker non-votes would not be included in the votes cast and, as such, will have no effect on the outcome of this proposal.

Table of Contents

With respect to the proposal to ratify the appointment of the Company's independent registered public accountants, abstentions and any broker non-votes would not be included in the votes cast and, as such, will have no effect on the outcome of this proposal.

Withheld votes, abstentions and any broker non-votes would be included in determining whether a quorum is present.

Attendance at the Annual Meeting

Attendance at the Meeting or any adjournment or postponement thereof will be limited to stockholders of record of the Company as of the close of business on the record date and guests of the Company. If you are a stockholder of record, your name will be verified against the list of stockholders of record prior to your admittance to the Meeting or any adjournment or postponement thereof. Please be prepared to present photo identification for admission. If you hold your shares in street name or through the Company's 401(k) Plan, you will need to provide proof of beneficial ownership, such as a brokerage account statement, a copy of a voting instruction form provided by your custodian with respect to the Meeting, or other similar evidence of ownership, as well as photo identification, in order to be admitted to the Meeting. Please note that if you hold your shares in street name and intend to vote in person at the Meeting, you must also provide a legal proxy obtained from your custodian. Note that 401(k) Plan participants will not be able to vote their 401(k) Plan shares in person at the Meeting.

How to Revoke Your Proxy

Your proxy is revocable. The procedure you must follow to revoke your proxy depends on how you hold your shares.

If you are a registered holder of Common Stock, you may revoke a previously submitted proxy by submitting another valid proxy (whether by telephone, the Internet or mail) or by providing a signed letter of revocation to the Secretary of the Company before the closing of the polls at the Meeting. Only the latest-dated validly executed proxy will count. You also may revoke any previously submitted proxy by attending the Meeting and voting your shares in person. Note that simply attending the Meeting without taking one of the above actions will not revoke your proxy.

If you hold shares in street name, in general, you may revoke a previously submitted voting instruction by submitting to your custodian another valid voting instruction (whether by telephone, the Internet or mail) or a signed letter of revocation. Please contact your custodian for detailed instructions on how to revoke your voting instruction and the applicable deadlines.

Director Qualifications and Nominations

Minimum Qualifications

The Company does not set specific criteria for directors except to the extent required to meet applicable legal, regulatory and stock exchange requirements, including, but not limited to, the independence requirements of the NYSE and the SEC, as applicable. Nominees for director will be selected on the basis of outstanding achievement in their personal careers; board experience; wisdom; integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board duties. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Corporate Governance and Nominating Committee believes that each director should have a basic understanding of (a) the principal operational and financial objectives and plans and strategies of the Company, (b) the results of operations and financial condition of the Company and of any significant subsidiaries or businesses, and (c) the relative standing of the Company and its businesses in relation to its competitors.

Table of Contents

The Company does not have a specific policy regarding the diversity of the Board. Instead, the Corporate Governance and Nominating Committee considers the Board's overall composition when considering director candidates, including whether the Board has an appropriate combination of professional experience, skills, knowledge and variety of viewpoints and backgrounds in light of the Company's current and expected future needs. In addition, the Corporate Governance and Nominating Committee also believes that it is desirable for new candidates to contribute to a variety of viewpoints on the Board, which may be enhanced by a mix of different professional and personal backgrounds and experiences.

Nominating Process

Although the process for identifying and evaluating candidates to fill vacancies and/or expand the Board will inevitably require a practical approach in light of the particular circumstances at such time, the Board has adopted the following process to guide the Corporate Governance and Nominating Committee in this respect. The Corporate Governance and Nominating Committee is willing to consider candidates submitted by a variety of sources (including incumbent directors, stockholders (as described below), Company management and third-party search firms) when reviewing candidates to fill vacancies and/or expand the Board. If a vacancy arises or the Board decides to expand its membership, the Corporate Governance and Nominating Committee may ask each director to submit a list of potential candidates for consideration. The Corporate Governance and Nominating Committee then evaluates each potential candidate's educational background, employment history, outside commitments and other relevant factors to determine whether he or she is potentially qualified to serve on the Board. At that time, the Corporate Governance and Nominating Committee also will consider potential nominees submitted by stockholders, if any, in accordance with the procedures described below, or by the Company's management and, if the Corporate Governance and Nominating Committee deems it necessary, retain an independent third-party search firm to provide potential candidates. The Corporate Governance and Nominating Committee seeks to identify and recruit the best available candidates, and it intends to evaluate qualified stockholder nominees on the same basis as those submitted by Board members, Company management, third-party search firms or other sources.

After completing this process, the Corporate Governance and Nominating Committee will determine whether one or more candidates are sufficiently qualified to warrant further investigation. If the process yields one or more desirable candidates, the Corporate Governance and Nominating Committee will rank them by order of preference, depending on their respective qualifications and the Company's needs. The Corporate Governance and Nominating Committee Chair will then contact the preferred candidate(s) to evaluate their potential interest and to set up interviews with the full Corporate Governance and Nominating Committee. All such interviews include only the candidate and one or more Corporate Governance and Nominating Committee members. Based upon interview results and appropriate background checks, the Corporate Governance and Nominating Committee then decides whether it will recommend the candidate's nomination to the full Board.

When nominating a sitting director for re-election at an annual meeting, the Corporate Governance and Nominating Committee will consider the director's performance on the Board and its committees and the director's qualifications in respect of the criteria referred to above.

Consideration of Stockholder-Nominated Directors

In accordance with its charter, the Corporate Governance and Nominating Committee will consider candidates for election to the Board at a stockholder meeting if submitted by a stockholder in a timely manner. Any stockholder wishing to submit a candidate for consideration for election at a stockholder meeting should send the following information to the Company's Corporate Secretary, Barnes & Noble, Inc., 122 Fifth Avenue, New York, New York 10011:

Stockholder's name, number of shares owned, length of period held, and proof of ownership;

A supporting statement which describes the candidate's reasons for seeking election to the Board;

A description of any arrangements or understandings between the candidate and the Company; and

A signed statement from the candidate, confirming his/her willingness to serve on the Board.

In accordance with the charter of the Corporate Governance and Nominating Committee, in order for the Corporate Governance and Nominating Committee to consider a candidate submitted by a stockholder for election at a stockholder meeting, the Company must receive the foregoing information not less than 30 days, nor more than 60 days, prior to such meeting; provided, that if less than 40 days' notice of such meeting is given to stockholders, the Company must receive the foregoing information no later than the 10th day following the day on which notice of the date of such meeting was mailed or publicly disclosed. The Company's Corporate Secretary will promptly forward such materials to the Corporate Governance and Nominating Committee. The Company's Corporate Secretary also will maintain copies of such materials for future reference by the Corporate Governance and Nominating Committee when filling Board positions.

Additionally, the Corporate Governance and Nominating Committee will consider stockholder nominated candidates if a vacancy arises or if the Board decides to expand its membership, and at such other times as the Corporate Governance and Nominating Committee deems necessary or appropriate. In any such event, any stockholder wishing to submit a candidate for consideration should send the above-listed information to the Company's Corporate Secretary, Barnes & Noble, Inc., 122 Fifth Avenue, New York, New York 10011.

Board Leadership Structure; Lead Independent Director

The Chairman of the Board is selected by the members of the Board. The positions of Chairman and CEO have been separate since 2002, and the positions remained separate when the Company named Ronald D. Boire to be CEO of the Company in July 2015. Mr. Boire's employment with the Company starts on September 8, 2015 and he will report directly to the Chairman of the Board. The Board has determined that the current structure is appropriate at this time in that it enables Mr. Boire to focus on his role as CEO of the Company while enabling Leonard Riggio, the Chairman of the Board, to continue to provide leadership on policy at the Board level. Although the roles of CEO and Chairman are currently separated, the Board has not adopted a formal policy requiring such separation. The Board believes that the right Board leadership structure should, among other things, be informed by the needs and circumstances of the Company and the then current membership of the Board, and that the Board should remain adaptable to shaping the leadership structure as those needs and circumstances change.

In addition, in accordance with the Corporate Governance Guidelines, non-management directors meet in executive sessions at every Board meeting. In addition, the independent directors meet at least once a year in an

Table of Contents

executive session of only independent directors. Ms. Higgins is currently the Lead Independent Director. The Lead Independent Director, among other things, (a) acts as a liaison between the independent directors and the Company's management, (b) presides at the executive sessions of non-management and independent directors, and has the authority to call additional executive sessions as appropriate, (c) chairs Board meetings in the Chairman's absence, (d) coordinates with the Chairman on agendas and schedules for Board meetings, and information sent to the Board, reviewing and approving these as appropriate, and (e) is available for consultation and communication with major stockholders as appropriate.

Risk Oversight

The Board's primary function is one of oversight. In connection with its oversight function, the Board oversees the Company's policies and procedures for managing risk. The Board administers its risk oversight function primarily through its Committees. Board Committees have assumed oversight of various risks that have been identified through the Company's enterprise risk assessment. The Audit Committee reviews the Company's risk assessment and risk management policies and the Audit Committee reports to the Board on the Company's enterprise risk assessment.

Communications Between Stockholders and the Board

Stockholders and other interested persons seeking to communicate with the Board should submit any communications in writing to the Company's Corporate Secretary, Barnes & Noble, Inc., 122 Fifth Avenue, New York, New York 10011. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. The Company's Corporate Secretary will forward such communication to the full Board or to any individual director or directors (including the non-management directors as a group) to whom the communication is directed.

Attendance at Annual Meetings

All Board members are expected to attend in person the Company's annual meetings of stockholders and be available to address questions or concerns raised by stockholders. All of the then-incumbent directors attended the 2014 annual meeting of stockholders.

Executive Summary*Fiscal 2015 Business Performance Highlights*

During Fiscal 2015, the Company delivered solid financial performance, while making significant progress against its strategic goals and successfully implementing strategic and operating initiatives. The Company's management team was instrumental in driving all three business segments to contribute to the Company's success, with Retail and College generating positive results and NOOK significantly reducing year-over-year losses. Overall, the Company generated consolidated annual earnings before interest, taxes, depreciation and amortization (EBITDA) of \$327 million, an increase of 30.4% over Fiscal 2014.

The Company's Retail segment had a strong year, generating EBITDA of \$322 million as management focused on key sales and merchandising initiatives, as well as extraordinary execution in our bookstores, all while working on the re-launch of our e-Commerce site. Full year College EBITDA decreased 20.5% to \$91 million, primarily due to continued investments to support new business growth and the Yuzu digital education platform, as well as the \$8 million favorable LIFO adjustment in the prior year. Total College sales increased 1.4% as compared to a year ago and would have increased 2.3% for the year, excluding the comparison to the 53rd week last year.

The Company's senior management was instrumental in leading NOOK in executing on its operating and financial plans, including selling through its device inventory, reducing expenses and exploring opportunities to grow content sales, which led to a \$131 million, or 60.4%, reduction in EBITDA loss from Fiscal 2014. The Company's acquisition of Microsoft and Pearson's interests in NOOK Media was an important positioning step in Fiscal 2015. It enabled the Company to combine the Retail and NOOK businesses, which serve the same consumer book market, with a goal of providing high quality reading experiences to existing and new customers in whatever format they choose. Under the guidance of management, the Company continues to build its partnership with Samsung in creating customized tablets that combine Samsung's leading tablet technology with NOOK's award-winning reading experience. The Company also continued to rationalize NOOK's operations,

resulting in significant cost savings. As a result of the actions undertaken by the Company in Fiscal 2015, NOOK is now well-positioned to achieve its operating goals in Fiscal 2016 and is expected to further decrease its EBITDA losses.

The Compensation Committee carefully considered these achievements and the financial challenges faced by the Company in Fiscal 2015 in order to ensure that the compensation program for Fiscal 2015 adequately reflects the Company's compensation principles.

Fiscal 2015 Compensation Highlights

Compensation for our named executive officers in Fiscal 2015 was closely aligned with performance and the Company's business and talent strategies.

We exceeded our Fiscal 2015 Adjusted EBIT (earnings before interest and taxes) goal.

Achievement of the Fiscal 2015 Adjusted EBIT goal is a threshold performance requirement before any payments can be made under our performance-based annual incentive compensation program. In addition to exceeding the Adjusted EBIT goal, performance-based annual incentive compensation awards are subject to EBITDA and Adjusted EBITDA goals.

We exceeded target performance levels of Company and segment Fiscal 2015 EBITDA and Adjusted EBITDA goals.

Exceeding the Fiscal 2015 EBITDA and Adjusted EBITDA goals for the Company and the retail, college and digital business segments resulted in payouts of 117% of target with respect to the portion of performance-based annual incentive compensation of the named executive officers determined based on the achievement of such targets.

We developed and adopted in Fiscal 2015 a new long-term equity incentive program for making annual grants, including performance-based awards, which will be implemented with respect to the Company's named executive officers in Fiscal 2016.

Beginning in Fiscal 2016, we will make annual long-term equity incentive grants that will include performance-based awards for 50% of long-term incentive value for our named executive officers, subject to the achievement of cumulative three-year financial goals.

Compensation and Governance Best Practices

The Compensation Committee regularly reviews best practices in governance and executive compensation. The Company's current best practices and policies include the following, which are described in more detail in this Compensation Discussion and Analysis.

What We Do

- ii **Focus on Variable At-Risk Pay.** We tie pay to performance and our stock price. In Fiscal 2015, 67% of our Chief Executive Officers, and on average 56% of our other named executive officers, total targeted direct compensation was variable with performance.
- ii **Provide Double-Trigger Vesting.** Historically and under the new annual long-term equity incentive program the Company adopted in Fiscal 2015, the outstanding and unvested equity awards generally provide that they will not vest automatically upon a change of control and, instead require a qualifying termination of employment in order to accelerate. Similarly, all change of control severance benefits that we provide to our named executive officers are double-trigger.
- ii **Apply Multi-Year Vesting to Equity Incentive Awards.** Historically and under the new long-term equity incentive program the Company adopted in Fiscal 2015, awards vest over a three-year period following the grant date, subject to applicable service conditions (and performance conditions for grants under the new long-term equity incentive program).
- ii **Use Performance Metrics Applicable to Business Segments.** We mitigate compensation-related risk by using performance measures applicable to the Company's various business segments in our performance-based annual incentive plans.
- ii **Provide Limited Perquisites.** We provide limited perquisites to our named executive officers.
- ii **Offer Broad-Based Benefits.** Our named executive officers are eligible for the same health and retirement benefits as other full-time employees.
- ii **Conduct Annual Risk Review.** Our Compensation Committee conducts an annual review of the Company's compensation programs to confirm that there are no compensation-related risks that are reasonably likely to have a material adverse effect on the Company.
- ii **Utilize Structured Compensation Process.** Our Compensation Committee employs a rigorous evaluation process in determining the level of payout to our named executive officers under the individual performance component of our performance-based annual incentive compensation awards. For business segments executives, individual objectives relate to critical metrics (other than EBITDA) that are measurable.
- ii **Engage with Stockholders.** We communicate with our largest stockholders to obtain valuable feedback on the Company's compensation programs and governance practices regularly.
- ii **Retain an Independent Compensation Consultant.** Our Compensation Committee directly retained Frederic W. Cook & Co., Inc. (Cook & Co.), its independent compensation consultant, to advise on our executive compensation programs. Cook & Co. performs no other services for the Company.
- ii **Use Peer Group Evaluation.** We evaluate our compensation peer groups periodically to align with investor expectations and changes in the Company's business and market practice.
- ii **Ensure Independence of Compensation Committee.** Our Compensation Committee consists entirely of independent directors.
- ii **Maintain Clawback Policy.** Our Amended and Restated 2009 Incentive Plan allows the Compensation Committee to provide that cash and equity awards granted under such plan be canceled or gains realized from such awards be forfeited or repaid, in the event of a financial restatement or in other similar circumstances.
- ii **Impose Stock Ownership Guidelines.** Our Compensation Committee adopted stock ownership guidelines for its named executive officers and certain other executive officers during Fiscal 2015, which require such executives to accumulate and hold a meaningful level of stock ownership in the Company.

What We Don't Do

- X **No Excise Tax Gross-Ups on Change of Control.** We do not have any excise tax gross-ups with respect to any change of control payments.
- X **No Repricing.** Our equity plan prohibits repricing or the buyout of underwater stock options or stock appreciation rights without shareholder approval.
- X **No Discount Options.** Our equity plan prohibits granting stock options or stock appreciation rights with a grant price less than the fair market value of the Common Stock on the date of grant.

Compensation Philosophy and Objectives

We Strive to Attract, Incentivize and Retain Talented Individuals. It is imperative that we attract, incentivize and retain individuals whose skills are critical to the current and long-term success of the Company.

We pay competitively. The compensation program is designed to be competitive relative to the compensation provided by peer group companies. We generally consider market median compensation for our peer group and from certain competitive survey data when negotiating the employment agreements of our named executive officers and assessing the competitiveness of executive compensation levels.

Retention is a key objective of the compensation program. Because the implementation of the Company's business strategy requires long-term commitments on the part of the named executive officers, and because competition for top talent is intense in the Company's industry, retention is a key objective of the compensation program.

We Pay for Performance. We firmly believe that pay should be tied to performance. Superior performance enhances stockholder value and is a fundamental objective of the Company's compensation program.

We reward attainment of established goals. The compensation program is designed to reward the named executive officers for attaining established goals that require the dedication of their time, effort, skills and business experience to the success of the Company and the maximization of stockholder value.

Performance-based annual incentive compensation is a key component of our compensation program. Annual performance is rewarded through performance-based annual incentive compensation, and is based on our financial results in the applicable fiscal year measured principally by the Company's consolidated EBIT and the Company's and/or relevant business segment's EBITDA, each as adjusted as described below, if applicable, as well as each individual named executive officer's contribution to those results.

We Align Pay to Business Objectives and Long-Term Strategy. The compensation program is designed to reward and motivate the named executive officers' individual and team performance in attaining business objectives and maximizing stockholder value. Compensation decisions are based on the principle that the long-term interests of the named executive officers should be aligned with those of the Company's stockholders.

We grant incentive awards recognizing that the Company is undergoing a transition. Each of our three businesses—retail, college and digital—is currently undergoing significant transitions, and our stock price has experienced volatility relating to such transitions and the overall environment in our industry. The Compensation Committee therefore believes that awarding annual incentives with focused goals provides greater control over the incentives created for the Company's named executive officers (and employees generally) than would a regular annual long-term equity incentive program.

Table of Contents

Our practice has been to grant long-term equity incentive awards on a case-by-case basis. In recent years, we have primarily used equity incentive awards as a recruitment and retention incentive and to align the interests of our named executive officers with stockholder interests. In Fiscal 2015, the Compensation Committee did not make any long-term equity grants to our named executive officers. However, the Compensation Committee adopted a new long-term incentive program, under which the first set of grants will be made in Fiscal 2016.

Pay Mix

Compensation for our named executive officers is weighted towards at-risk variable compensation, where actual amounts earned may differ from target amounts. Each of our named executive officers has a target performance-based annual incentive compensation opportunity that is assessed annually by the Compensation Committee to ensure alignment with the Company's compensation objectives and market practice. Historically, each of our named executive officers might, from time to time, have received long-term equity compensation awards that ultimately deliver value based on the returns realized by our stockholders, aligning the executive's interests with those of our stockholders.

In light of the Company not granting any long-term equity incentive awards in Fiscal 2015, the targeted total direct compensation of our Chief Executive Officer and our other named executive officers, as a group, in Fiscal 2015 was approximately 67% and 56%, respectively, variable and at-risk.

Say-On-Pay Results

At the Fiscal 2014 annual meeting of stockholders of the Company that was held on September 17, 2014, the stockholders approved, on an advisory basis, the Fiscal 2014 compensation of the Company's named executive officers, which is commonly referred to as a say-on-pay proposal, by an affirmative vote of approximately 80% of the votes cast on the proposal. In light of the vote result, we undertook an evaluation of our compensation program and adopted stock ownership guidelines for certain executive officers and a new long-term incentive program for implementation in Fiscal 2016 that includes performance-based awards. We will continue to focus on aligning pay with the achievement of short- and long-term financial and strategic objectives and building stockholder value. We will also continue to communicate regularly with our largest stockholders to obtain valuable feedback on the Company's compensation programs and governance practices.

Process for Determining Named Executive Officer Compensation

Roles of the Compensation Committee and Management in Compensation Decisions for the Named Executive Officers

The Compensation Committee has responsibility for establishing, implementing and overseeing the Company's compensation program for the named executive officers, and reviews and approves the Company's compensation philosophy and objectives and the compensation of the named executive officers. The Compensation Committee reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates his performance in light of those goals and objectives and determines and approves his compensation level based on this evaluation. The Compensation Committee also annually reviews and approves the annual base salary levels, the performance-based annual incentive opportunity levels, the long-term equity incentive opportunity levels, the employment and severance agreements and any special or supplemental benefits, in each case as, when and if appropriate, for each of the executive officers of the Company and any other executives of the Company earning a base salary of \$400,000 or more. In addition, the Compensation Committee annually reviews and makes recommendations to the Board with respect to the compensation programs and policies applicable to the Company's non-employee directors and officers, including incentive compensation plans and equity-based plans, and approves all new incentive plans and major benefit programs. The Compensation Committee also administers the Company's equity incentive plan.

Table of Contents

The Compensation Committee annually reviews the performance of each of the Executive Chairman and the Chief Executive Officer. The Executive Chairman and the Chief Executive Officer annually review the performance of each of the other named executive officers. Their compensation recommendations following these reviews are presented to the Compensation Committee, together with the Executive Chairman's compensation recommendations with respect to the Chief Executive Officer. The Executive Chairman's compensation is determined exclusively by the Compensation Committee and the Executive Chairman and the Chief Executive Officer do not make recommendations regarding their own compensation. The Compensation Committee considers all key elements of compensation separately and also reviews the full compensation package afforded by the Company to the named executive officers. In accordance with the Company's compensation philosophy and objectives, the Compensation Committee considers the compensation package provided to each of the named executive officers in light of: (a) the Company's business performance; (b) each named executive officer's experience, prior performance and anticipated future performance; (c) relative compensation among the named executive officers; (d) industry-wide business conditions; and (e) compensation provided by the Company's peers. When approving equity awards, the Compensation Committee considers the size and vesting schedule of outstanding awards. Based on its judgment and expertise, the Compensation Committee may exercise its judgment to modify any or all recommended elements of compensation or awards to the named executive officers.

Retention of Consultants

The Compensation Committee has retained an independent compensation consultant. In order to ensure that the consultant's advice to the Compensation Committee remains objective and is not unduly influenced by the Company's management, the consultant reports to and takes direction from the Compensation Committee itself and not from the Company's management. With the consent of the Compensation Committee, the consultant may contact the Company's management for information necessary to fulfill its assignments, such as information regarding personnel responsibilities and salaries. The consultant may also, and frequently does, provide reports and presentations to and on behalf of the Compensation Committee that management also receives. Management's contact with the compensation consultant in this regard is at the Compensation Committee's direction. All decisions with respect to the amount and form of director and executive compensation are made by the Compensation Committee alone, subject to the approval of the full Board with respect to the compensation of the directors, and may reflect factors and considerations other than the information and advice provided by the compensation consultant.

In Fiscal 2015, the Compensation Committee continued the engagement of Cook & Co., an independent nationally recognized compensation consulting firm, to provide information, analyses and advice regarding executive compensation and other matters. During Fiscal 2015, Cook & Co. provided assistance on the operation of the performance-based annual incentive compensation program, changes to the composition of the peer group, and the development of executive stock ownership guidelines and the new long-term incentive program. Cook & Co. does not provide other services to the Company in addition to providing compensation consulting services to the Compensation Committee. The Compensation Committee has assessed the independence of Cook & Co., as required by both the SEC rules and the New York Stock Exchange Listing Standards, and concluded that no conflict of interest exists with respect to its services to the Compensation Committee.

Review of Competitiveness

Compensation Peer Group. During Fiscal 2015, Cook & Co., at the request of the Compensation Committee, undertook a review of the compensation peer group (Compensation Peer Group), which was originally developed to consist of a mix of specialty and internet retail companies, as well as technology hardware and software companies. In light of the Company's refocused digital business strategy, the Compensation Committee believed such a review was appropriate. Following the review, four technology hardware companies were removed (Blackberry Limited, NCR Corporation, SanDisk Corporation and Western Digital Corporation) and three additional specialty retailers were included (Cabela's Incorporated, GameStop

Table of Contents

Corp. and GNC Holdings, Inc.). As shown in the table below, the peer group for Fiscal 2015 continues to consist of a mix of specialty and internet retail companies, as well as technology companies that are better aligned with the Company's digital business strategy.

Barnes & Noble's Fiscal 2015 Peer Group

Adobe Systems Incorporated	Intuit Inc.
Bed Bath & Beyond Inc.	L Brands Inc.
Cabela's Incorporated	Netflix, Inc.
Dick's Sporting Goods, Inc.	Office Depot Inc.
eBay Inc.	Priceline Group Inc.
Expedia, Inc.	Radio Shack, Corp.
GameStop Corp.	Williams-Sonoma, Inc.
The Gap, Inc.	Yahoo! Inc.

GNC Holdings, Inc.

The Company's peer group for Fiscal 2015 was selected based on their size and market capitalization and the complexity of their businesses, as well as the availability of comparative data. The Company has developed a new peer group for Fiscal 2016 which takes into account the further evolution of the Company's digital business strategy. Furthermore, the Compensation Committee recognizes that Radio Shack has filed for bankruptcy and will not be included in the peer group for Fiscal 2016.

In addition, the Compensation Committee considers market information based on technology industry survey data from Radford, an Aon Hewitt company, and general industry survey data from Cook & Co. (together, "Competitive Survey Data"). In Fiscal 2015, the Compensation Committee considered Competitive Survey Data generated in Fiscal 2014. Depending on the position being analyzed, the general industry survey data included between 23 and 114 company participants. The surveys do not provide sufficient detail to identify which survey company participants provided data for each position analyzed. All survey data are sized to be appropriate for the Company's annual revenue when the analysis was conducted.

Competitiveness. The Compensation Committee does not set percentile goals for its executive compensation relative to any peer group. However, the Compensation Committee generally considers market median compensation for the Compensation Peer Group and the Competitive Survey Data when negotiating the employment agreements of certain named executive officers and assessing the competitiveness of executive compensation levels.

Competitive market data is just one factor that the Compensation Committee considers in determining compensation levels for the named executive officers. In addition, the Compensation Committee considers: (a) the Company's business performance; (b) each named executive officer's job responsibilities, experience, prior performance and anticipated future performance; (c) relative compensation among the named executive officers; (d) industry-wide business conditions; and (e) the recommendations of the Executive Chairman and the Chief Executive Officer; however, the Executive Chairman and Chief Executive Officer do not make recommendations with respect to their own compensation. In Fiscal 2015, the compensation of the named executive officers was determined by taking into account the terms and conditions of their respective employment agreements, their respective principal job responsibilities and their roles in managing the Company's retail, college and digital businesses, as applicable.

A portion of the compensation of the named executive officers in Fiscal 2015 was based on the terms and conditions of their employment agreements or offer letters. Mr. Roberts's agreement was executed in Fiscal 2015. Messrs. Huseby and Lindstrom's employment agreements and Mr. Veerina's offer letter were executed in Fiscal 2014. Messrs. Klipper and Riggio's agreements were executed in Fiscal 2010. Mr. Klipper entered into a retirement and advisory agreement, effective January 20, 2015, which supersedes his current agreement.

Table of Contents**Key Elements of Compensation in Fiscal 2015**

Consistent with the Compensation Committee's compensation philosophy and objectives, the following elements made up the compensation of the named executive officers:

Base Salary

Performance-Based Annual Incentive Compensation

Retirement, Other Benefits and Limited Perquisites

The Company will implement its new long-term incentive program of annual equity grants and performance-based awards in Fiscal 2016.

Base Salaries

The Company pays its named executive officers a base salary to provide them with a guaranteed minimum compensation level for their annual services. A named executive officer's base salary is determined by evaluating the responsibilities of the position held, the individual's experience and the competitive marketplace for executive talent. The base salary is a component of total direct compensation, which is reviewed periodically for competitiveness relative to the total direct compensation paid to executive officers at peer group companies with comparable qualifications, experience and responsibilities, as discussed above.

In Fiscal 2015, the Compensation Committee approved salary increases for each of Messrs. Lindstrom and Roberts.

The table below sets forth the base salaries of each named executive officer as of the end of Fiscal 2015 and Fiscal 2014.

Executive Name	Base Salaries	
	Final Base Salary in Fiscal 2014	Final Base Salary in Fiscal 2015
Michael P. Huseby	\$ 1,200,000	\$ 1,200,000
Allen W. Lindstrom	\$ 500,000	\$ 520,000
Mitchell S. Klipper	\$ 1,064,080	\$ 1,064,080
Max J. Roberts	\$ 783,000	\$ 850,000

Table of Contents*Performance-Based Annual Incentive Compensation*

Overview. In Fiscal 2015, each of the named executive officers was granted performance-based annual incentive compensation awards with a target payout opportunity expressed as a percentage of annual salary. These incentive compensation awards were structured so that achievement of an Adjusted EBIT target was required for eligibility for any payout of the awards, with a maximum potential payout of 117% of the target payout. Actual payout levels were then determined based on the achievement of Company and business segment EBITDA or Adjusted EBITDA goals as well as individual goals.

Each of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina was granted performance-based annual incentive compensation awards in the form of cash-settled performance units, payable in accordance with the Amended and Restated 2009 Incentive Plan, and subject to achievement of a corporate performance target of adjusted earnings before interest and taxes (Adjusted EBIT)*. The amounts that Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina were eligible to receive were further subject to a combination of Company-wide or business segment EBITDA or Adjusted EBITDA** and individual targets. Because Mr. Riggio's compensation is not subject to certain tax deduction limitations, his performance-based annual incentive compensation was not structured in the form of performance units, but was based solely on achievement of Company-wide EBITDA goals.

* Adjusted EBIT is defined as the Company's income from ongoing operations (excluding income on investments and foreign currency gains) on a consolidated basis, before deduction of interest payments and income taxes, as reported in the Company's income statement for Fiscal 2015, prior to accrual for any amounts for payment under the Fiscal 2015 performance unit awards, and adjusted to exclude the effects of charges for (a) restructurings, discontinued operations, acquisitions, divestitures, debt restructuring or early repayment, inventory or asset write-downs, severance costs incurred in connection with any restructuring, divestiture or reorganization, extraordinary items and other unusual or non-recurring items, (b) any event either not directly related to the operations of the Company or not within reasonable control of the Company's management, (c) the cumulative effect of tax or accounting changes or restatement, (d) any costs or expenses related to any effort to prepare for or implement or resulting from, a partial or complete separation of one or more of the Company's businesses, (e) non-routine litigation expenses such as shareholder derivative actions and (f) the termination of the Company's Employees Retirement Plan, in each case, as determined in accordance with generally accepted accounting principles and identified in the Company financial statements, notes to the financial statements or management's discussion and analysis with respect to the financial statements as filed with the Securities and Exchange Commission.

** Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, adjusted to exclude the effects of charges for (a) any costs or expenses related to any effort to prepare for or implement or resulting from, a partial or complete separation of one or more of the Company's businesses and (b) the termination of the Company's Employees Retirement Plan.

Threshold Performance Requirement. The performance units granted to each of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina had an Adjusted EBIT target of negative \$145,749,000, which was established by the Compensation Committee in consultation with the Executive Chairman and Cook & Co.

Table of Contents

during the first quarter of Fiscal 2015, and was set to ensure a minimum level of performance for payment of annual incentives. The target level for Adjusted EBIT was a negative number because our digital business was expected to have significant cash flow requirements in Fiscal 2015.

The Compensation Committee considers Adjusted EBIT to be an appropriate performance metric for performance units because it reflects the financial performance of the Company and aligns performance-based annual incentive compensation with the interests of stockholders. Following the close of Fiscal 2015, the Compensation Committee certified that the Company had achieved the Adjusted EBIT goal, which enabled the Compensation Committee to award annual incentive compensation to Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina. The Compensation Committee then applied the Company and business segment EBITDA or Adjusted EBITDA goals and individual performance goals, as discussed further below, to determine the actual payment amounts.

Fiscal 2015 Performance-Based Incentive Compensation Metrics. In establishing the target payout levels of Fiscal 2015 annual performance-based incentive compensation, the Compensation Committee conducted an analysis that took into consideration each of the covered named executive officer's prior performance and anticipated future performance and the responsibilities of each named executive officer, both within the Company and as compared to the responsibilities of similarly situated executives in the Compensation Peer Group. The Compensation Committee also considered the payout necessary to achieve the level of target cash compensation and total direct compensation that the Compensation Committee determined was necessary to incentivize and retain each of these named executive officers.

The Compensation Committee chose Consolidated EBITDA as the Company-wide performance metric in order to incentivize the named executive officers to work together to advance the Company's continuing efforts to realize operational efficiencies and to provide a superior and seamless experience for customers. Additionally, to reflect the fact that certain of the Company's named executive officers maintain a primary focus in one or more of the Company's business segments, the Compensation Committee chose to allocate a percentage of such executive's overall award opportunity to EBITDA or Adjusted EBITDA calculated with respect to a particular business segment. The Compensation Committee established targets for the various performance metrics based on the Company's prior year's performance, the Board's expectations for future performance and the Compensation Committee's desire to appropriately motivate the executives. In addition, each of our named executive officer's performance-based annual incentive compensation opportunity is subject to achievement of individual performance goals established by the Compensation Committee at the beginning of Fiscal 2015.

Set forth below is a chart showing the various performance metrics that comprise each of our named executive officers' annual award opportunity and their weighting relative to the executive's total award opportunity.

Executive	Percentage of Overall Award Opportunity				Individual Performance Goals
	Consolidated EBITDA	Retail EBITDA	Digital EBITDA	College Adjusted EBITDA	
Michael P. Huseby	50%				50%
Allen W. Lindstrom	50%				50%
Mitchell S. Klipper	25%	50%			25%
Max J. Roberts	25%			50%	25%
Mahesh Veerina	25%		50%		25%
Leonard Riggio	100%				

Consolidated EBITDA is calculated by adding Depreciation and Amortization to Operating Income/(Loss) as reported in the Company's audited financial statements.

Retail EBITDA is defined and determined in the same manner as Consolidated EBITDA, but only with respect to the Company's retail operating segment.

Table of Contents

Digital EBITDA is defined and determined in the same manner as Consolidated EBITDA, but only with respect to the Company's digital operating segment.

College Adjusted EBITDA is defined and determined in the same manner as Consolidated EBITDA, but only with respect to the Company's college operating segment, and adjusted to exclude the effects of charges for any costs or expenses related to any effort to prepare for or implement or resulting from, a partial or complete separation of one or more of the Company's businesses.

Mr. Huseby. The Compensation Committee set the target payout percentage for Mr. Huseby at 200% of base salary, with a maximum payout percentage with respect to the Consolidated EBITDA target of 117% of target. Mr. Huseby's performance-based annual incentive compensation was structured to be based 50% on Consolidated EBITDA and 50% on individual performance goals.

Mr. Lindstrom. The Compensation Committee set the target payout percentage for Mr. Lindstrom at 75% of base salary, with a maximum payout percentage with respect to the achievement of the Consolidated EBITDA target of 117% of target. Given Mr. Lindstrom's overall responsibility for the Company, his Fiscal 2015 performance-based annual incentive compensation was structured to be based 50% on Consolidated EBITDA and 50% on individual performance goals.

Mr. Klipper. The Compensation Committee set the target payout percentage for Mr. Klipper at 200% of base salary, with a maximum payout percentage with respect to the achievement of each applicable EBITDA target of 117% of target. Mr. Klipper's target payout percentage was increased from 150% to 200% to incentivize him to execute on the business plan and deliver on the Retail EBITDA under challenging market conditions. Based on the importance of Mr. Klipper's leadership to both the Company's retail business and the Company's overall consolidated performance, Mr. Klipper's Fiscal 2015 performance-based annual incentive compensation was structured to be based 25% on Consolidated EBITDA, 50% on Retail EBITDA and 25% on individual performance goals.

Mr. Roberts. The Compensation Committee set the target payout percentages for Mr. Roberts at 150% of base salary, with a maximum payout percentage with respect to each applicable EBITDA or Adjusted EBITDA target of 117% of target. Mr. Roberts's target payout percentage was increased from 100% to 150% in order to retain him when his employment agreement was renewed and in recognition of his many years of service. Given Mr. Roberts's responsibility for the Company's college business, including the scope of his duties and his individual capacity to affect the overall performance of the college business, Mr. Roberts's performance-based annual incentive compensation was structured to be based 25% on Consolidated EBITDA, 50% on College Adjusted EBITDA and 25% on individual performance goals.

Mr. Veerina. The Compensation Committee set the target payout percentage for Mr. Veerina at 100% of base salary, with a maximum payout percentage with respect to the achievement of each applicable EBITDA or Adjusted EBITDA target of 117% of target. Based on the importance of Mr. Veerina's leadership to both the Company's digital business and the Company's overall consolidated performance, Mr. Veerina's Fiscal 2015 performance-based annual incentive compensation was structured to be based 25% on Consolidated EBITDA, 50% on Digital EBITDA and 25% on individual performance goals.

Mr. Riggio. Mr. Riggio was eligible for Fiscal 2015 performance-based annual incentive compensation with a target payout percentage of 150% of base salary and a maximum payout percentage of 117% of target, based solely on the attainment of the Consolidated EBITDA target.

Fiscal 2015 Individual Performance Results. The Compensation Committee determined that the accomplishment of the Company's strategic objectives during Fiscal 2015 and the operational challenges it faced, as well as the achievement of Consolidated EBITDA and segment EBITDA and Adjusted EBITDA goals at maximum levels, represented extraordinary work for the named executive officers and specifically with respect to the individual performance goals established under the performance units for each of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina. Additionally, the Compensation Committee noted that these named executive officers had exhibited strong leadership over the Company's various operating business segments, took important action during the year and accomplished significant positive results, relating to, among other things, the long-term strategy of the Company's digital, retail and college businesses that favored the Company's long-term transition strategy and stockholder value creation. The Compensation Committee specifically determined that each of the named executive officers had achieved the individual performance goals discussed below.

Mr. Huseby. The Compensation Committee noted Mr. Huseby's role in advancing strategic initiatives and actively assessing strategic partner alternative arrangements, as well as his success in building the confidence of the Company's investors. The Compensation Committee further noted Mr. Huseby's actions with respect to the digital and college segments, including stabilizing the digital business through rationalizing its cost structure while significantly reducing losses, as well as leading the efforts to spin-off the college segment into an independent publicly traded company. Mr. Huseby also successfully restructured the Microsoft and Pearson NOOK Media agreements at favorable economics to the Company, which allowed the Company to regain 100% ownership of the assets enabling separation of the College segment.

Mr. Lindstrom. The Compensation Committee considered Mr. Lindstrom's oversight and leadership in the stabilization, maintenance and improvement of key controls and upgrading systems, processes and documentation to ensure timely and accurate reporting, internal and external, of financial information throughout

Table of Contents

Fiscal 2015. In addition, Mr. Lindstrom coordinated closely with senior operating management to better understand and manage the financial risks of the Company and led the finance team through the College segment separation process.

Mr. Klipper. The Compensation Committee focused on Mr. Klipper's management of his team in the implementation of the Company's new e-Commerce website, and his role in increasing Retail EBITDA by more than \$40 million versus plan through his execution of the Company's sales and merchandising initiatives as well as the implementation of controls over expenses in Fiscal 2015.

Mr. Roberts. The Compensation Committee noted that under Mr. Roberts's leadership in Fiscal 2015, the College segment (i) exceeded the Fiscal 2015 College EBITDA budget; (ii) signed 19 new accounts and renewed 91 accounts (which translates into a client retention rate of 93%) and (iii) enhanced the Yuzu product line.

Mr. Veerina. The Compensation Committee noted that under Mr. Veerina, the Digital segment delivered on key products and launched a brand new NOOK Reading App while at the time same time reducing its cost structure. In addition, Mr. Veerina successfully delivered on Microsoft priorities and assisted in negotiating a successful exit from the Microsoft partnership.

Taking into account these factors, the Compensation Committee determined that it was appropriate to pay out the individual performance goal-related portion of these named executive officers' Fiscal 2015 performance units at 100% of target.

Fiscal 2015 Performance-Based Annual Incentive Compensation Payment Amounts. Set forth below is a chart showing target, maximum and actual annual performance-based incentive compensation under the performance units for each of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina and under the performance-based annual incentive compensation award for Mr. Riggio for Fiscal 2015.

Long-Term Incentive Awards

The Company did not grant long-term incentive awards in Fiscal 2015, in part, because it was designing and developing a new long-term incentive program. In Fiscal 2015, the Compensation Committee approved a new long-term incentive program consisting of annual equity grants. The new program will provide for the grant of both time-vested and performance-based awards that are subject to the achievement of cumulative three-year financial goals. The first grants under the new program will be made with respect to Fiscal 2016. In determining the value of long-term equity incentive awards with which to compensate the named executive officers, the Compensation Committee considers the value of equity awards issued to similarly situated executives at companies in peer groups (as discussed above), the availability of equity for employee grants and the appropriate balance between cash incentives and equity-based awards.

Table of Contents*Other Components of Compensation*

Retirement Benefits. Each of the named executive officers is entitled to participate in the Company's tax-qualified defined contribution 401(k) plan on the same basis as all other eligible employees. The 401(k) plan provides the Company's named executive officers and other employees with a means for accumulating tax-deferred savings for retirement purposes. The Company matches the contributions of participants, subject to certain criteria. Under the terms of the 401(k) plan, as prescribed by the Code, the contribution of any participating employee is limited to the lesser of 75% of annual salary before taxes or a maximum dollar amount (\$18,000 for 2015), subject to a \$5,500 increase for participants who are age 50 or older. The amount of the Company's matching payments for each of the named executive officers is set forth in Note 7 to the Summary Compensation Table.

As of December 31, 1999, substantially all employees of the Company were covered under the Company's Employees' Retirement Plan (the Retirement Plan). The Retirement Plan is a defined benefit pension plan. As of January 1, 2000, the Retirement Plan was amended so that employees no longer earn benefits for subsequent service. The Retirement Plan was frozen to reduce financial volatility and transition the Company's employees to a more customary defined contribution plan. Subsequent service continued to be the basis for vesting of benefits not yet vested at December 31, 1999 until November 1, 2014, the effective date of the Retirement Plan's termination, at which time all Retirement Plan participants became vested. The Retirement Plan will continue to hold assets and pay benefits until all necessary regulatory approvals are received and the Retirement Plan's obligations are fully discharged by payment of lump sum distributions and/or annuity purchase as available to remaining Retirement Plan participants.

The estimated pension benefits accrued by the named executive officers are set forth below in the table entitled Pension Benefits.

Limited Perquisites and Other Compensation. The Company does not have a formal program providing perquisites to its named executive officers. Instead, Messrs. Lindstrom and Klipper are (and, in the case of Messrs. Huseby and Roberts, were) entitled to the limited perquisites (i.e., pertaining to supplemental life and disability insurance and a car allowance) set forth in their employment agreements. The Company provides perquisites to provide for the financial security of named executive officers and their families and to enhance their business efficiency.

The perquisites and other compensation received by the named executive officers are set forth in Note 7 of the Summary Compensation Table.

Severance and Change of Control Payments and Benefits. The employment agreement or offer letter, as applicable, of each of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina provides for certain severance payments and benefits upon termination of employment by the Company without cause or by the named executive officer for good reason (including upon termination within two years following a change of control). The triggering events that would result in the severance payments and benefits and the amount of those payments and benefits were selected to provide these named executive officers with financial protection upon loss of employment in order to support our executive retention goals and to enable them to focus on the interests of the Company and its stockholders in the event of a potential change of control. When the agreements were entered into, the triggering events and amounts were considered to be competitive with severance protection being offered by other companies with whom we compete for highly-qualified executives.

The compensation that could be received by each of the named executive officers upon termination or change of control is set forth in the Potential Payments Upon Termination or Change of Control Table.

Retirement and Advisory Agreement. The Company entered into a Retirement and Advisory Agreement with Mr. Klipper, effective January 20, 2015 pursuant to which he retired as the Chief Executive Officer - Retail and transitioned to Special Advisor to the Company at the end of Fiscal 2015. Mr. Klipper was entitled to his

Table of Contents

current annual base salary through the end of Fiscal 2015 and his Fiscal 2015 annual bonus. During the time he serves as Special Advisor to the Company, his annual base salary will be \$400,000 and he will not be eligible to receive an annual bonus or equity awards. Mr. Klipper also will receive any benefits to which he is entitled under the employee benefits plans that the Company provides for its employees and executive officers generally, as well as certain other benefits. Under the Advisory Agreement, all outstanding unvested equity awards held by Mr. Klipper vested on January 20, 2015.

Clawback Policy. Awards granted under the Company's Amended and Restated 2009 Incentive Plan may provide that such award will be canceled, or that a named executive officer or other employee will forfeit any gain realized on the vesting or exercise of such award or repay gain previously realized under such award, under certain circumstances, including in the event the Compensation Committee determines that the named executive officer or other employee engaged in fraud or other conduct contributing to a financial restatement or violated any Company clawback policy as in effect on the date the award was granted, or to the extent necessary to address the requirements of applicable law.

Stock Ownership Guidelines. The Compensation Committee approved stock ownership requirements for named executive officers and certain other executive officers effective as of June 2014, to encourage such executives to hold a meaningful stake in the Company and thereby demonstrate the alignment of their interests with shareholders. The ownership requirements are expressed as a multiple of base salary as follows:

Position	Multiple of Salary
Chief Executive Officer	3X
Chief Financial Officer	1X
Chief Executive Officer - Business Segments	1X
Other Named Executive Officers	1X

Each executive subject to such guidelines will provide a statement of Common Stock owned annually, and will be required to retain at least 50% of net shares of Common Stock received upon exercise of stock options or vesting of restricted stock or restricted stock units until the applicable stock ownership level has been achieved. Shares of Common Stock actually owned by the executive, beneficially owned shares held indirectly and shares held in the Company's 401(k) Plan count toward compliance with these requirements. Mr. Klipper satisfied his ownership requirement and our other named executive officers are making progress to achieving their guidelines.

Employment Agreements with the Named Executive Officers

For a summary of the material terms of the employment agreements with the named executive officers that affect the amounts set forth in the tables following this Compensation Discussion and Analysis, see the discussion in the Narrative to the Summary Compensation Table and the Grants of Plan-Based Awards Table - Employment Agreements with the Named Executive Officers section of this Proxy Statement.

Tax Implications

In making its compensation determinations, the Compensation Committee considers the potential impact of Section 162(m) of the Code, which disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1,000,000 in any taxable year paid to its chief executive officer or any of its three other highest-paid officers employed at the end of the fiscal year (other than the Chief Financial Officer) unless generally (a) the compensation is payable solely on account of the attainment of performance goals, (b) the performance goals are determined by a committee of two or more outside directors, (c) the material terms under which compensation is to be paid are disclosed to and approved by stockholders and (d) the determining committee certifies that the performance goals were met. To be eligible to pay certain types of compensation on a

Table of Contents

deductible basis to its executives, the Company obtained stockholder approval for the Amended and Restated 2009 Incentive Plan, which provides for the payment of compensation in compliance with Section 162(m) of the Code, and the Compensation Committee administers those plans in a manner intended to comply with Section 162(m) of the Code. However, it is possible that one or more grants under these plans may not qualify as performance-based awards as may be determined by the Internal Revenue Service. Additionally, in certain circumstances, the Company may determine that it is in the best interests of the stockholders to pay awards or other compensation (including salaries) that do not qualify as performance-based compensation under Section 162(m) of the Code.

Compensation Committee Report

The Compensation Committee on July 15, 2015 reviewed and discussed the foregoing Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee as of that date recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Employment Agreements with the Named Executive Officers - General Provisions

The non-solicitation covenants apply during each executive's employment and for the two-year period (in the case of Messrs. Huseby, Klipper, Roberts and Riggio) or one-year period (in the case of Messrs. Lindstrom and Veerina) following the termination of his employment, and the confidentiality and non-disparagement covenants (other than in the case of Mr. Veerina) apply during the term of each executive's respective employment agreement and at all times thereafter.

Employment Agreements with the Named Executive Officers Severance and Change of Control Benefits

The employment agreements of Messrs. Lindstrom, Klipper and Riggio provide (and, in the case of Messrs. Huseby and Roberts, provided) that each such named executive officer's employment may be terminated by the Company upon death or disability or for cause, and (except in the case of Mr. Riggio's employment agreement) by the named executive officer without good reason. If the employment of Messrs. Lindstrom, Klipper or Riggio is terminated (and, in the case of Messrs. Huseby and Roberts, was terminated) upon death or disability, by the Company for cause or by such named executive officer without good reason, the named executive officer is (and, in the case of Messrs. Huseby and Roberts, was) entitled to payment of base salary through the date of death, disability or termination of employment. Mr. Riggio's employment agreement does not provide for any severance benefits. Mr. Huseby additionally was entitled to a pro-rata bonus payment and pro-rata vesting of any then-outstanding equity awards upon a termination of his employment upon death or disability.

If the employment of Messrs. Lindstrom, Klipper or Veerina is terminated (and, in the case of Messrs. Huseby and Roberts, was terminated) by the Company without cause or by such named executive officer for good reason, such named executive officer is entitled, provided he signs a release of claims against the Company, to lump-sum severance equal to two times (or, in the case of Messrs. Lindstrom and Veerina, one times) the sum of (a) annual base salary, (b) the average annual incentive compensation paid to him with respect to the preceding three completed years (or, in the case of Mr. Huseby, such number of completed years beginning on May 1, 2013 and ending on the date of termination) and (c) the cost of benefits. In addition, the equity-based

awards granted to Messrs. Huseby, Lindstrom and Klipper pursuant to their current (and, in the case of Mr. Huseby, prior) employment agreements would vest immediately upon a termination of employment by the Company without cause or by the named executive officer for good reason, and the equity-based awards granted to Mr. Veerina pursuant to his offer letter would vest to the extent such awards would have vested in the 12-month period following termination.

Mr. Huseby's employment with the Company terminated as of August 1, 2015, and he received severance payments based on the terms of his employment agreement with the Company, effective as of January 7, 2014. Under the terms of his employment agreement, upon a resignation for Good Reason, Mr. Huseby was entitled to receive lump-sum severance equal to two times the sum of (a) annual base salary, (b) the average annual incentive compensation paid to the named executive officer with respect to the preceding two completed years and (c) the cost of benefits. In addition, Mr. Huseby was entitled to accelerated vesting of the equity-based awards granted pursuant to his employment agreement. As a result, Mr. Huseby received a severance payment equal to \$7,742,332 and additionally received 300,000 shares of the Company's common stock pursuant to the accelerated vesting of the equity-based awards, which shares were retired for cash based on the closing price of the Company's common stock on the record date of the spin-off in an amount equal to \$8,022,000.

If the employment of Messrs. Lindstrom, Klipper or Veerina is terminated (and, in the case of Messrs. Huseby and Roberts, was terminated) by the Company without cause or by such named executive officer for good reason within two years (or, in the case of Messrs. Huseby, Lindstrom and Roberts, the remainder of the named executive officer's term of employment under his employment agreement, whichever is longer) following a change of control of the Company, each of Messrs. Lindstrom, Klipper and Veerina is entitled (and, in the case of Messrs. Huseby and Roberts, was entitled), regardless of whether he signs a release of claims against the Company, to lump-sum severance equal to three times (or, in the case of Mr. Lindstrom, two times, or in the case of Mr. Veerina, one and a half times) the sum of (a) annual base salary, (b) the average annual incentive compensation paid to the named executive officer with respect to the preceding three completed years (or, in the case of Mr. Huseby, such number of completed years beginning on May 1, 2013 and ending on the date of termination) and (c) the cost of benefits. However, if such severance payments trigger the golden parachute excise tax under Sections 280G and 4999 of the Code, they would be reduced if such reduction would result in a greater after-tax benefit to the named executive officer.

Except as set forth below with respect to certain one-time grants made to Messrs. Huseby and Veerina, in the event of a change of control, unless otherwise provided by the applicable award agreement, if the successor company assumes or substitutes for an outstanding equity award, such award will continue in accordance with its applicable terms and not be accelerated. Under the option award agreements, if the holder were terminated within 24 months following a change of control, then the unvested options underlying the award or substitute award would immediately vest. Furthermore, under the restricted stock award agreements, if the holder were terminated other than for cause within 24 months following a change of control, then the unvested shares of restricted stock underlying the award would immediately vest. Finally, under the restricted stock unit award agreements, if the holder were terminated other than for cause at any time following a change of control, then the unvested restricted stock units underlying the award would immediately vest. Under the stock option and restricted stock award agreements executed under the 2004 Incentive Plan, change of control generally means any of the following: (a) a change of control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A under the Securities Exchange Act of 1934, as amended; (b) a merger or consolidation of the Company with another company; or (c) a sale of substantially all of the assets of the Company to another company. Under the restricted stock, stock option and restricted stock unit award agreements executed under the 2009 Incentive Plan (prior to its amendment and restatement), change of control generally means any of the following: (a) a change in the ownership of the Company; (b) a change in the effective control of the Company; or (c) a change in the ownership of a substantial portion of the Company's assets, in each case, within the meaning of Section 409A of the Code and the regulations promulgated thereunder. Under the restricted stock, stock option and restricted stock unit award agreements executed under the Amended and Restated 2009 Incentive Plan, change of control generally means any of the following: (a) during any period of 24 consecutive months, a change in the composition of a majority of the Company's directors, as constituted on the first day of such period, that was not supported by a majority of the incumbent directors; (b) the consummation of certain mergers or consolidations of the Company with any other corporation,

or the sale of all or substantially all the assets of the Company, following which the Company's then current stockholders cease to own more than 50% of the combined voting power of the surviving entity; or (c) the acquisition by a third party (other than Mr. Riggio and his affiliates) of 40% or more of the combined voting power of the then-outstanding voting securities of the Company. Under the restricted stock and restricted stock unit award agreements, *cause* generally means (i) a material failure by the holder to perform his or her duties (other than as a result of incapacity due to physical or mental illness) during his or her employment with the Company after written notice of such breach or failure and the holder failed to cure such breach or failure to the Company's reasonable satisfaction within five days after receiving such written notice; or (ii) any act of fraud, misappropriation, misuse, embezzlement or any other material act of dishonesty in respect of the Company or its funds, properties, assets or other employees.

Each of the restricted stock unit awards granted to Messrs. Huseby and Veerina pursuant to his current (and, in the case of Mr. Huseby, prior) employment agreement or offer letter, as applicable, will, in the case of Mr. Veerina, and would, in the case of Mr. Huseby, vest upon a change of control.

The estimated payments to be made by the Company to the named executive officers in the event of a change of control are set forth below in the table entitled *Potential Payments Upon Termination or Change of Control*.

Employment Agreements with the Named Executive Officers Defined Terms

cause, for purposes of the employment agreements generally means any of the following: (a) the named executive officer's engaging in intentional misconduct or gross negligence that, in either case, is injurious to the Company; (b) the named executive officer's indictment, entry of a plea of *nolo contendere* or conviction by a court of competent jurisdiction with respect to any crime or violation of law involving fraud or dishonesty (with the exception of misconduct based in good faith on the advice of professional consultants, such as attorneys and accountants) or any felony (or equivalent crime in a non-U.S. jurisdiction); (c) any gross negligence, intentional acts or intentional omissions by the named executive officer that constitute fraud, dishonesty, embezzlement or misappropriation in connection with the performance of the named executive officer's duties and responsibilities; (d) the named executive officer's engaging in any act of intentional misconduct or moral turpitude reasonably likely to adversely affect the Company or its business; (e) the named executive officer's abuse of or dependency on alcohol or drugs (illicit or otherwise) that adversely affects the named executive officer's job performance; (f) the named executive officer's willful failure or refusal to properly perform the duties, responsibilities or obligations of the named executive officer's service for reasons other than disability or authorized leave, or to properly perform or follow any lawful direction by the Company; or (g) the named executive officer's material breach of the agreement or of any other contractual duty to, written policy of, or written agreement with, the Company.

change of control, for purposes of the employment agreements, generally means any of the following: (a) the acquisition by any person or group (other than the named executive officer or his or her affiliates or Mr. Riggio or any of his heirs or affiliates) of 40% or more of the Company's voting securities; (b) the Company's directors immediately prior to a merger, consolidation, liquidation or sale of assets cease within two years thereafter to constitute a majority of the Board; or (c) the Company's directors immediately prior to a tender or exchange offer for the Company's voting securities cease within two years thereafter to constitute a majority of the Board.

good reason, for purposes of the employment agreements (other than Mr. Riggio's, whose agreement does not have a good reason definition), generally means any of the following: (a) in the case of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina, a material diminution of authority, duties or responsibilities; (b) a greater than 10% reduction in base salary and, in the case of Mr. Huseby, a greater than 25% reduction in his annual target bonus, (c) the relocation of the Company's principal executive offices outside of the New York City metropolitan area, or, in the case of Mr. Veerina, a relocation of the Company's principal executive offices to a location more than 50 miles from its current location; or (d) a failure by the Company to make material payments under the agreement.

Pension Benefits

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Mitchell S. Klipper	Retirement Plan	11.25	\$ 269,894	
Leonard Riggio	Retirement Plan	8	\$ 195,536	\$ 13,438

Effective as of January 1, 2000, the Retirement Plan, a tax-qualified defined benefit plan that had covered substantially all of the Company's employees, was amended to freeze benefits. Accordingly, participants as of December 31, 1999 no longer earned benefits for service with the Company and no new employees became participants in the Retirement Plan after that date. Service with the Company after December 31, 1999 continues to be taken into account for determining whether participants are vested in their accrued benefits on December 31, 1999, if they were not vested on that date. The Retirement Plan continues to pay benefits in accordance with its provisions as in effect on December 31, 1999.

A participant's annual benefit payable at normal retirement age (65) is equal to the sum of:

- (a) 0.7% of the participant's five-year average annual pay up to the Social Security-covered compensation limit, multiplied by the participant's years of credited service; and
- (b) 1.3% of the participant's five-year average annual pay in excess of Social Security-covered compensation limit, multiplied by the participant's years of credited service.

For purposes of the Retirement Plan, pay is the sum of the participant's base compensation, overtime, incentive compensation and commissions. Pay under the Retirement Plan does not include any amounts paid on or after January 1, 2000, and is limited to the maximum amount permitted under the Code for 1999 (\$160,000) and previous years.

The calculation of the present value of accumulated benefit shown in the Pension Benefits table assumes a discount rate of 4.25% and mortality under the RP-2000 Mortality Table with projections for April 30, 2013.

Table of Contents

Benefits under the Retirement Plan are generally not payable as a lump sum; they are paid as a monthly annuity for the life of the retiree. Participants who retire at the later of age 65 or the completion of five years of service receive an unreduced benefit. Participants may elect early retirement with reduced benefits after attaining age 55 and completing five years of vesting service. An immediate benefit is payable at early retirement equal to the normal retirement benefit, reduced by an annual reduction factor of 6-2/3% for each of the first five years and 3-1/3% for each of the next five years that payment commences prior to age 65.

Participants may elect payment in the form of a 50%, 75% or 100% joint and survivorship annuity or in the form of a ten-year certain and life annuity. Election of these payment forms will result in a lower annuity payment during the retiree's life.

- (1) The values in this table reflect estimated payments associated with various termination scenarios, assume a stock price of \$22.70 (closing price of the Company's common stock on May 1, 2015, the last trading day of Fiscal 2015) and include all outstanding grants through the assumed termination date of May 1, 2015. Actual values will vary based on changes in the Company's common stock price.
- (2) In the case of Messrs. Huseby, Lindstrom, Klipper, Roberts and Veerina, cash severance is equal to the sum of (i) the named executive officer's annual base salary, (ii) the average of annual incentive compensation actually paid to the named executive officer with respect to the three completed years (or, in the case of Mr. Huseby, the two completed fiscal years) preceding the date of termination and (iii) the aggregate annual cost of benefits, times the named executive officer's severance multiple as follows: two times (or, in the case of Messrs. Lindstrom and Veerina, one times) for non-change of control and three times (or, in the case of Mr. Lindstrom, two times, or, in the case of Mr. Veerina, one and a half times) for change of control.
- (3) Mr. Riggio's employment agreement does not provide for any severance payments. Accordingly, any severance payments would be provided at the Board's discretion.

Table of Contents

Except as provided below, in the event of a change of control, unless otherwise provided by the applicable award agreement, if the successor company assumes or substitutes for an outstanding equity award, such award will continue in accordance with its applicable terms and not be accelerated. Absent a change of control, in the event of involuntary termination, termination for cause or resignation for any reason other than good reason, each restricted stock, stock option and restricted stock unit award will be forfeited. Furthermore, except as provided below, in the event of (i) a termination within 24 months following a change of control, provided that the termination is other than for cause, each restricted stock award will immediately vest, (ii) a termination within 24 months following a change of control, each stock option will immediately vest, (iii) a termination at any time following a change of control, also provided the termination is other than for cause, each restricted stock unit award will immediately vest and (iv) the holder's death or disability, each restricted stock and restricted stock unit award will immediately vest and each option will be forfeited, unless otherwise determined by the Compensation Committee. The restricted stock units granted to Messrs. Huseby, Lindstrom and Klipper pursuant to their current (and, in the case of Mr. Huseby, prior) employment agreements vest immediately upon a termination without cause or by the named executive officer for good reason and, in the case of Mr. Huseby, upon a change in control, and the restricted stock units granted to Mr. Veerina pursuant to his offer letter vest to the extent such awards would have vested in the 12-month period following termination upon a termination without cause or by Mr. Veerina for good reason and upon a change in control.

- (5) Following the termination of a named executive officer's employment due to death, the Company provides the named executive officer's spouse three months of premiums for medical and dental insurance in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

- (6) Following the termination of a named executive officer's employment due to disability, the Company provides the named executive officer a seven-month subsidy for premiums for medical and dental insurance in accordance with COBRA.

For the table above, the amount of potential payments to the named executive officers in the event of a termination of their employment in connection with a change of control were calculated assuming that a change of control occurred on the last business day of Fiscal 2015 (May 1, 2015), each named executive officer's employment terminated on that date due to involuntary termination or for good reason and the successor company did not assume the named executive officer's restricted stock, stock option and restricted stock unit awards.

For a summary of the provisions of the employment agreements with the named executive officers that were effective as of May 1, 2015 and the outstanding equity awards that were held by the named executive officers as of May 1, 2015, and therefore affect the amounts set forth in the table above in the event of involuntary termination or a change of control, see the discussions in the Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements with the Named Executive Officers General Provisions and Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements with the Named Executive Officers Severance and Change of Control Benefits sections of this Proxy Statement. Mr. Riggio's employment agreement does not provide for any severance benefits.

Compensation Risk Assessment

As a part of its oversight of the Company's compensation program, the Compensation Committee periodically reviews and considers the risk implications of the Company's compensation programs and practices. This process included a review of the Company's compensation programs for our employees, including non-executive officers; the identification and review of features of our compensation programs that could potentially encourage excessive or imprudent risk taking of a material nature; and the identification and review of factors that mitigate these risks. Based on the results of the risk assessment, the Compensation Committee noted several risk-mitigating features and effective safeguards against imprudent or unnecessary risk-taking, including:

Balanced mix of compensation elements, including cash versus equity compensation, short-term versus long-term awards and financial versus non-financial performance targets.

Annual cash incentives under our performance-based annual incentive compensation program that focus employees on corporate, business unit and individual performance, with senior management being evaluated on Adjusted EBIT and Adjusted EBITDA, fundamental measures of value creation for stockholders, as well as individual performance goals.

Regular advice of an outside compensation consultant engaged directly by the Compensation Committee in determining compensation pay structures and amounts.

Based on this process and the results of the risk assessment, the Compensation Committee concluded that the Company's compensation programs and practices were designed with the appropriate balance of risk and reward in relation to the Company's overall business strategy and were appropriately structured, well-aligned with stockholders value and did not create or encourage risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee will continue to consider compensation risk implications, as appropriate, in designing any new executive compensation components.

The Company believes that the transactions and agreements discussed below (including renewals of any existing agreements) between the Company and related third-parties are at least as favorable to the Company as could have been obtained from unrelated parties at the time they were entered into. The Audit Committee of the Board of Directors utilizes procedures in evaluating the terms and provisions of proposed related party transactions or agreements in accordance with the fiduciary duties of directors under Delaware law. The Company's related party transaction procedures contemplate Audit Committee review and approval of all new agreements, transactions or courses of dealing with related parties, including any modifications, waivers or amendments to existing related party transactions. The Company tests to ensure that the terms of related party transactions are at least as favorable to the Company as could have been obtained from unrelated parties at the time of the transaction. The Audit Committee considers, at a minimum, the nature of the relationship between the Company and the related party, the history of the transaction (in the case of modifications, waivers or amendments), the terms of the proposed transaction, the Company's rationale for entering the transaction and the terms of comparable transactions with unrelated third-parties. In addition, management and internal audit annually analyzes all existing related party agreements and transactions and reviews them with the Audit Committee.

The Company completed the acquisition (the Acquisition) of B&N College from Leonard Riggio and Louise Riggio (the Sellers) on September 30, 2009. In connection with the closing of the Acquisition, the Company issued the Sellers (i) a senior subordinated note in the principal amount of \$100,000,000 with interest of 8% per annum payable on the unpaid principal amount, which was paid on December 15, 2010 in accordance with its scheduled due date, and (ii) a junior subordinated note in the principal amount of \$150,000,000 (the Junior Seller Note), with interest of 10% per annum payable on the unpaid principal amount, which was paid on September 30, 2014 in accordance with its scheduled due date. Pursuant to a settlement agreed to on June 13, 2012, the Sellers waived their right to receive \$22,750,000 in principal amount (and interest on such principal amount) of the Junior Seller Note.

B&N College, the Company's subsidiary until the completion of the Spin-Off on August 2, 2015, has a long-term supply agreement (Supply Agreement) with MBS Textbook Exchange, Inc. (MBS), which is majority owned by Leonard Riggio and other members of the Riggio family. MBS is a new and used textbook wholesaler, which also sells textbooks online and provides bookstore systems and distant learning distribution services. Pursuant to the Supply Agreement, which has a term of ten years, and subject to availability and competitive terms and conditions, B&N College will continue to purchase new and used printed textbooks for a given academic term from MBS prior to buying them from other suppliers, other than in connection with student buy-back programs. Additionally, the Supply Agreement provides for B&N College to sell to MBS certain textbooks that B&N College cannot return to suppliers or use in its stores. MBS pays B&N College commissions based on the volume of these textbooks sold to MBS each year and with respect to the textbook requirements of certain distance learning programs that MBS fulfills on B&N College's behalf. MBS paid B&N College \$5,512,000, \$7,097,000 and \$8,106,000 related to these commissions in Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. In addition, the Supply Agreement contains restrictive covenants that limit the ability of B&N College and the Company to become a used textbook wholesaler and that place certain limitations on MBS's business activities. B&N College and the Company also entered into an agreement with MBS in Fiscal 2011 pursuant to which MBS agrees to purchase at the end of a given semester certain agreed upon textbooks which B&N College and the Company shall have rented to students during such semester. Total sales to MBS under this program were \$619,000, \$1,388,000 and \$772,000 for Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. In addition, B&N College entered into an agreement with MBS in Fiscal 2011 pursuant to which MBS purchases books from B&N College, which have no resale value for a flat rate per box. Total sales to MBS under this program were \$419,000, \$602,000 and \$503,000 for Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. Total outstanding amounts payable to MBS for all arrangements net of any amounts due were \$26,519,000 and \$31,142,000 for Fiscal 2015 and Fiscal 2014, respectively.

Table of Contents

The Company purchases new and used textbooks directly from MBS. Total purchases were \$68,947,000, \$84,498,000 and \$93,514,000 for Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. MBS sells used books through the Barnes & Noble dealer network. The Company earned a commission of \$2,269,000, \$2,231,000 and \$3,441,000 on the MBS used book sales in Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. In addition, the Company hosts pages on its website through which customers of the Company are able to sell used books directly to MBS. The Company is paid a fixed commission on the price paid by MBS to the customers. Total commissions paid to the Company were \$91,000, \$99,000 and \$104,000 for Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively.

In Fiscal 2010, the Company entered into an agreement with TXTB.com LLC (TXTB), a subsidiary of MBS, pursuant to which the marketplace program on the Company website was made available through the TXTB website. The Company receives a fee from third-party sellers for sales of marketplace items and, upon receipt of such fee, the Company remits a separate fee to TXTB for any marketplace items sold through the TXTB website. In Fiscal 2013, the Company also entered into an agreement with MBS Direct, a division of MBS, pursuant to which the marketplace program on the Company website was made available through the MBS Direct website. The Company receives a fee from third-party sellers for sales of marketplace items sold on the MBS Direct website and, upon receipt of such fee, remits a separate fee to MBS Direct for those sales. Total commissions paid to TXTB and MBS Direct were \$389,000, \$192,000 and \$302,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. Outstanding amounts payable to TXTB were \$7,000 and \$2,000 for Fiscal 2015 and Fiscal 2014, respectively. In Fiscal 2011, the Company entered into an agreement with TXTB pursuant to which the Company became the exclusive provider of trade books to TXTB customers through the TXTB website. TXTB receives a commission from the Company on each purchase by a TXTB customer. Total commissions paid to TXTB were \$40,000, \$46,000 and \$78,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. Outstanding amounts payable to TXTB and MBS Direct under this agreement were \$0 for Fiscal 2015 and Fiscal 2014.

In Fiscal 2010, the Company entered into an Aircraft Time Sharing Agreement with LR Enterprises Management LLC (LR Enterprises), which is owned by Leonard Riggio and Louise Riggio, pursuant to which LR Enterprises granted the Company the right to use a jet aircraft owned by it on a time-sharing basis in accordance with, and subject to the reimbursement of certain operating costs and expenses as provided in, the Federal Aviation Regulations (FAR). Such operating costs were \$155,000, \$175,000 and \$159,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. LR Enterprises is solely responsible for the physical and technical operation of the aircraft, aircraft maintenance and the cost of maintaining aircraft liability insurance, other than insurance obtained for the specific flight as requested by the Company, as provided in the FAR.

The Company has leases for two locations for its corporate offices with related parties: the first location is leased from an entity in which Leonard Riggio has a majority interest and expires in 2023; the second location is leased from an entity in which Leonard Riggio has a minority interest and expires in 2016. The space was rented at an aggregate annual rent including real estate taxes of approximately \$6,834,000, \$4,299,000 and \$5,098,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. The Company leased one of its B&N College stores from a partnership owned by Leonard Riggio, pursuant to a lease which was terminated on February 15, 2014. Rent of \$685,000 and \$862,000 was paid during Fiscal 2014 and Fiscal 2013, respectively. The Company leases an office/warehouse from a partnership in which Leonard Riggio has a 50% interest, pursuant to a lease expiring in 2023. The space was rented at an annual rent of \$262,000, \$707,000 and \$707,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. During Fiscal 2015, the Company received credits totaling \$418,000 representing the net effect of inadvertent overpayment of construction expenses and underpayment of base rent previously paid. Net of subtenant income and credits received in 2015, the Company paid \$174,000, \$270,000 and \$275,000 during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively.

The Company is provided with national freight distribution, including trucking services by Argix Direct Inc. (Argix), a company in which a brother of Leonard Riggio owns a 20% interest, pursuant to a transportation agreement which auto-renews with rate adjustments every two years and, at all times, requires a two-year notice

Table of Contents

to terminate. The Company paid Argix \$47,536,000, \$52,087,000 and \$54,768,000 for such services during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively, of which approximately 74%, 73% and 74% were remitted by Argix to its subcontractors for Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively. Subcontractors are not related to the Company. At the time of the agreement, the cost of freight delivered to the stores by Argix was comparable to the prices charged by publishers and the Company's other third-party freight distributors. However, due to higher contracted fuel surcharge and transportation costs, Argix's rates are higher than the Company's other third-party freight distributors. While the terms are currently unfavorable due to the higher fuel surcharges, the Company's management believes these additional charges are mitigated by the additional delivery services that Argix provides. These additional services are beneficial to store productivity which is not consistently met by other third-party freight distributors. Prior to renewal, the Company conducts an internal analysis of Argix's rates, fuel surcharges and additional delivery services and benchmarks them against the Company's other carriers.

Argix provided B&N College with transportation services under a separate agreement that expired April 30, 2015. B&N College paid Argix \$936,000, \$1,066,000 and \$1,069,000 for such services during Fiscal 2015, Fiscal 2014 and Fiscal 2013, respectively.

On August 18, 2011, the Company entered into an investment agreement between the Company and Liberty GIC, Inc. (Liberty), a subsidiary of Liberty Media Corporation (Liberty Media), pursuant to which the Company issued and sold to Liberty, and Liberty purchased, 204,000,000 shares of the Company's Series J Preferred Stock, par value \$0.001 per share, for an aggregate purchase price of \$204,000,000 in a private placement exempt from the registration requirements of the 1933 Act.

On April 8, 2014, Liberty sold the majority of its shares to qualified institutional buyers in reliance on Rule 144A under the Securities Act and has retained an approximate 10 percent stake of its initial investment. As a result, Liberty will no longer have the right to elect two preferred stock directors to the Company's Board. Additionally, the consent rights and pre-emptive rights to which Liberty was previously entitled ceased to apply.

The Company purchased trade books, primarily craft and hobby books, from Leisure Arts, Inc. (Leisure Arts), a subsidiary of Liberty Media. Total purchases from Leisure Arts following the date of the Liberty investment were \$38,000 and \$45,000 during Fiscal 2014 and Fiscal 2013. In Fiscal 2013, the Company entered into agreements with Starz Entertainment LLC (Starz Entertainment), then a subsidiary of Liberty Media, pursuant to which Starz Entertainment registered for the NOOK® developer program whereby Starz applications were made available for consumer download on NOOK® devices. Separately, the Company entered into a License Agreement with Starz Media, LLC (Starz Media) and, together with Starz Entertainment, (Starz) in Fiscal 2013, pursuant to which Starz granted certain video resale rights to the Company in exchange for royalty payments to Starz Media on such sales. Starz was spun-off from Liberty Media on January 11, 2013. Total payments to Starz during Fiscal 2013 prior to the spin-off were \$17,000. In Fiscal 2013, the Company entered into an agreement with Sirius XM Radio, Inc. (Sirius), a subsidiary of Liberty Media, pursuant to which Sirius registered for the NOOK® developer program whereby Sirius applications were made available for consumer download on NOOK® devices. Total commissions received from Sirius during Fiscal 2014 and Fiscal 2013 were \$1,000 and \$0, respectively.

AUDIT RELATED MATTERS

Independent Registered Public Accountants

The Audit Committee has retained Ernst & Young LLP (E&Y) as the Company's independent auditor for the fiscal year 2016. E&Y have been our independent auditors since 2013. E&Y, as the independent registered public accountants, examine annual financial statements and provide other non-audit and tax-related services for the Company. The Company and the Audit Committee have considered whether the non-audit services provided by E&Y are compatible with maintaining the independence of E&Y in its audit of the

Table of Contents

Company and have determined that, because such services are not considered prohibited services under the Sarbanes-Oxley Act of 2002, such services are compatible with maintaining the independence of E&Y.

Audit Fees. For Fiscal 2015 and Fiscal 2014, the Company was billed \$4,043,754 and \$2,043,194, respectively, by E&Y for audit services, including (a) the annual audit (including quarterly reviews) and other procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements, (b) the audit of the effectiveness of the Company's internal control over financial reporting, (c) consultation with management as to the accounting or disclosure treatment of transactions or events, (d) international statutory audits, and (e) services that only the independent auditor reasonably can provide, such as services associated with SEC registration statements, periodic reports and other documents filed with the SEC and review of draft responses to SEC comment letters. The audit fees for Fiscal 2015 include services for the audits of the carve-out financial statements of Barnes & Noble Education, Inc. and related services in connection with the Separation.

Audit-Related Fees. For Fiscal 2015 and Fiscal 2014, the Company was billed \$40,700 and \$40,700, respectively, by E&Y for Barnes & Noble College sales audits.

Tax Fees. In Fiscal 2015 and Fiscal 2014, the Company was billed \$0 and \$215,678, respectively, by E&Y for services related to tax compliance and consultation on tax matters, respectively.

All Other Fees. The Company did not pay to E&Y any other fees in Fiscal 2015 and Fiscal 2014.

Pre-approval Policies and Procedures. The Audit Committee Charter adopted by the Board requires that, among other things, the Audit Committee pre-approve the rendering by the Company's independent auditor of all audit and permissible non-audit services. The Audit Committee has approved all of the services provided by E&Y referred to above. The Audit Committee has also authorized the Company's management in advance to engage the Company's independent registered public accountants from time to time in the future to perform certain services in areas pre-approved by the Audit Committee that at any one time will not involve more than \$25,000 per project and more than \$100,000 in the aggregate.

Audit Committee Report

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and reporting process. The Company's independent registered public accountants are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles and the effectiveness of the Company's internal controls over financial reporting.

In this context, prior to the filing of the Company's Fiscal 2015 Annual Report on Form 10-K, the Audit Committee at that time reviewed and discussed with management and the Company's independent registered public accountants the Company's audited financial statements. The Audit Committee at that time discussed with the Company's independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). In addition, the Audit Committee at that time received from the Company's independent registered public accountants the written disclosures and letter required by Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committees Concerning Independence) and discussed with such accountants their independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board subsequently approved) that the Company's audited financial statements and management's report on internal controls be included in the Company's Fiscal 2015 Annual Report on Form 10-K for filing with the SEC.

ADVISORY VOTE ON EXECUTIVE COMPENSATION PROPOSAL 2

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables the Company's stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules.

The Company's executive compensation program is designed to advance the philosophy of the Compensation Committee of the Board of paying for performance, paying competitively and aligning pay to business objectives and the Company's long-term strategy. To align executive pay with both the Company's financial performance and long-term strategy, a significant portion of the named executive officers' compensation is based on the performance of the Company, and the compensation program is designed to reward both annual and long-term performance. Annual performance is rewarded through base salary and annual incentive compensation. Annual performance is measured principally by the Company's Adjusted EBIT, Adjusted EBITDA (in each case, as defined in this Proxy Statement) and individual performance goals. Long-term performance is rewarded through equity-based awards (through restricted stock, stock options and restricted stock units), the value of which is based upon the performance of the Company's stock price.

The Compensation Committee and the Board believe that the Company's Fiscal 2015 executive compensation programs align well with the Compensation Committee's philosophy and are sufficiently linked to the Company's performance.

For additional information on the Company's executive compensation programs and how they reflect the Compensation Committee's philosophy and are linked to the Company's performance, see the Compensation Discussion and Analysis above.

We are asking for stockholder approval of the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules, which disclosures include the disclosures under the Compensation Discussion and Analysis above, the compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this Proxy Statement.

This vote is advisory and therefore not binding on the Company, the Board or the Compensation Committee.

The Board unanimously recommends a vote FOR the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis above, the compensation tables and narrative discussion be, and hereby is, APPROVED.

Unless a proxy is marked to give a different direction, the persons named in the proxy will vote FOR the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

A representative of Ernst & Young will be present at the Meeting and will have the opportunity to make a statement and will be available to respond to appropriate questions.

The Board considers Ernst & Young LLP to be well qualified and **unanimously** recommends that the stockholders vote **FOR** ratification.

To the Company's knowledge, based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons (or counsel to such reporting persons) that no additional forms were required, all filing requirements applicable to its executive officers, Directors and greater than 10-percent stockholders have been complied with during Fiscal 2015.

Accordingly, the business of the annual meeting of stockholders to be held in 2016 shall not include voting on any stockholder nominee or proposal if proper notice as to such nominee or proposal is not properly delivered to the Company in accordance with the Company's Bylaws.

The delivery of this Proxy Statement after the date of this Proxy Statement shall, under no circumstances, create any implication that there has been no change in the affairs of the Company since the date of this Proxy Statement.
