Dear Fellow Shareholders:

On behalf of the Board of Directors, I cordially invite you to attend the Annual General Meeting of Shareholders of Nielsen Holdings plc to be held at 9:00 a.m. (Eastern Time) on Tuesday, June 21, 2016. Once again this year you will be able to attend the Annual General Meeting online, vote your shares electronically and ask questions during the meeting by visiting nielsen.onlineshareholdermeeting.com.

Our Board of Directors has fixed the close of business on April 22, 2016 as the record date for the determination of shareholders entitled to notice of and to vote at our Annual General Meeting and any adjournments or postponements thereof.

Whether or not you plan to attend the Annual General Meeting, it is important that your shares be represented and voted at the meeting. You may vote your shares by proxy on the Internet, by telephone or by completing, signing and promptly returning the proxy card (if you received one), or by attending the Annual General Meeting online.

We are pleased to have utilized for the first time the U.S. Securities and Exchange Commission rule allowing companies to furnish proxy materials to their shareholders over the Internet rather than in paper form. We believe that this e-proxy process will expedite our shareholders receipt of proxy materials and lower the costs, and reduce the environmental impact, of our Annual General Meeting. Accordingly, unless you have previously requested to receive proxy materials in paper form, you will receive a Notice of Internet Availability of Proxy Materials (the Notice). If you received a Notice by mail and did not receive, but would like to receive, a printed copy of our proxy materials, you should follow the instructions for requesting such materials included on page 6 of this proxy statement or in the Notice.

Our proxy materials are first being distributed or made available to shareholders, as the case may be, on or about April 29, 2016.

Thank you for your continued support.

Sincerely,

Mitch Barns

Chief Executive Officer

NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

Notes:

1. In accordance with our articles of association (the Articles), all resolutions will be taken on a poll. Voting on a poll means that each share represented in person or by proxy will be counted in the vote. All resolutions will be proposed as ordinary resolutions, which under applicable law means that each resolution must be passed by a simple majority of the total voting rights of shareholders who vote on such resolution, whether in person or by proxy. Explanatory notes regarding each of the proposals (and related resolutions) are set out in the relevant sections of the accompanying proxy materials relating to such proposals.
2. The results of the polls taken on the resolutions at the Annual Meeting and any other information required by the UK Companies Act 2006 will be made available on the Company's website as soon as reasonably practicable following the Annual Meeting and for a period of two years thereafter.
3. To be entitled to attend and vote at the Annual Meeting and any adjournment or postponement thereof, shareholders must be registered in the register of members of the Company at the close of business in New York on April 22, 2016. Changes to the Register of Members after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the meeting. If you hold shares through a broker, bank or other nominee, you can attend the Annual Meeting and vote by following the instructions you receive from your bank, broker or other nominee.
4. Shareholders are entitled to appoint a proxy to exercise all or any of their rights to attend and to speak and vote on their behalf at the meeting. A shareholder may appoint more than one proxy in relation to the meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. A proxy need not be a shareholder of the Company.
5. If you are a shareholder of record or hold shares through a broker, bank or other nominee and are voting by proxy through the Internet, by telephone or by mail, your vote must be received by 11:59 p.m. (Eastern Time) on June 20, 2016 to be counted. A shareholder of record who has returned a proxy instruction is not prevented from attending the Annual Meeting and voting in person if he/she wishes to do so. If you hold shares through Nielsen's 401(k) plan, the plan trustee, Fidelity Management Trust Company, will vote according to the instructions received from you provided that your instructions are received by 11:59 p.m. Eastern Time on June 16, 2016. Your instruction cannot be changed or revoked after that time, and the shares you hold through the 401(k) plan cannot be voted online at the Annual Meeting.
6. You may revoke a previously delivered proxy at any time prior to the Annual Meeting. Shareholders may vote at the Annual Meeting, thereby cancelling any previous proxy. Shares held through Nielsen's 401(k) plan cannot be voted online at the Annual Meeting.
7. Shareholders meeting the threshold requirements set out in the UK Companies Act 2006 have the right to require the Company to publish on the Company's website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be presented before the Annual Meeting; or (ii) any circumstance connected with the auditor of the Company ceasing to hold office since the previous annual general meeting at which annual accounts and reports were presented in accordance with the UK Companies Act 2006. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with the UK Companies Act 2006. Where the Company is required to place a statement on a website under the UK Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Annual Meeting includes any statement that the Company has been required under the UK Companies Act 2006 to publish on a website.

8. Pursuant to the rules of the U.S. Securities and Exchange Commission, our proxy statement (including this Notice of Annual General Meeting), our US annual report for the year ended December 31, 2015 (including the annual report on Form 10-K for the year ended December 31, 2015), our UK Annual Report and Accounts and related information prepared in connection with the Annual Meeting are available at: www.proxyvote.com and www.nielsen.com/investors. The following questions and answers are intended to address briefly some commonly asked questions regarding our Annual General Meeting of Shareholders to be held on June 21, 2016 (the "Annual Meeting"). These questions and answers may not address all questions that may be important to you. Please refer to the more detailed information contained elsewhere in this proxy statement, its annexes and the documents referred to or incorporated by reference in this proxy statement for more information. For instructions on obtaining the documents incorporated by reference, see "Incorporation by Reference."

Q: WHY AM I BEING PROVIDED WITH THESE PROXY MATERIALS?

A: We are providing this proxy statement to you in connection with the solicitation by the Board of Directors (the "Board") of Nielsen Holdings plc (Nielsen, we or the Company) of proxies to be voted at our Annual Meeting, and at any postponements or adjournments of the Annual Meeting. A Notice of Annual General Meeting of Shareholders required under the UK Companies Act 2006 is also attached to this proxy statement. We have either (1) delivered to you a Notice of Internet Availability of Proxy Materials (the "Notice") and made these proxy materials available to you on the Internet or (2) delivered printed versions of these materials, including a proxy card, to you by mail. We encourage you to read the proxy statement carefully. Directors, officers and other Company employees may solicit proxies by telephone or otherwise. Banks, brokers and other nominees will also be requested to solicit proxies or authorizations from beneficial owners. We have retained D.F. King & Co., Inc. to assist in soliciting proxies. You are invited to attend the Annual Meeting and vote your shares online.

Q: WHY DID I RECEIVE A ONE-PAGE NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS THIS YEAR INSTEAD OF A FULL SET OF PROXY MATERIALS?

A: Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide shareholders access to our proxy materials over the Internet. We believe that this e-proxy process will expedite our shareholders' receipt of proxy materials and lower the costs, and reduce the environmental impact, of our Annual Meeting. Accordingly, we sent a Notice on or about April 29, 2016 to shareholders of record entitled to vote at the Annual Meeting. All shareholders will have the ability to access the proxy materials on a website referred to in the Notice and to download printable versions of the proxy materials or to request and receive a printed set of the proxy materials from us. Instructions on how to access the proxy materials over the Internet or to request a printed copy from us may be found on the Notice. We encourage you to read the proxy statement carefully.

Q: WHAT WILL I NEED IN ORDER TO ATTEND THE ANNUAL MEETING?

A: We will be hosting the Annual Meeting live via the Internet. There is no physical meeting location for the Annual Meeting. Any shareholder can attend the Annual Meeting live via the Internet at nielsen.onlineshareholdermeeting.com. The webcast will start at 9:00 a.m. (Eastern Time) on June 21, 2016. You will need your 16-digit control number included on your Notice or proxy card in order to be able to enter the Annual Meeting. Instructions on how to attend and participate via the Internet are posted at www.proxyvote.com (before the meeting) and nielsen.onlineshareholdermeeting.com (during the meeting). Shareholders may vote and ask questions while attending the Annual Meeting via the Internet. However, shares held through Nielsen's 401(k) plan cannot be voted online at the Annual Meeting.

GENERAL INFORMATION

Q: MAY I VOTE AT THE ANNUAL MEETING RATHER THAN BY PROXY?

A: Although we encourage you to vote through the Internet or the telephone or to complete and return a proxy card (if you received one) prior to the Annual Meeting to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares online. If you vote by proxy and also attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote. All holders of shares in the Company as of April 22, 2016, including shareholders of record and shareholders who hold their shares through banks, brokers, other nominees or any other holders of record as of April 22, 2016, are encouraged to attend the Annual Meeting online. Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE NOTICE OR ONE SET OF PROXY MATERIALS ON OR ABOUT THE SAME TIME?

A: It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, please sign and return each proxy card (if you received one) or, if you vote by Internet or telephone, vote once for each Notice or proxy card you receive.

Q: MAY I CHANGE MY VOTE OR REVOKE MY PROXY?

A: Yes. Whether you have voted by Internet, telephone or mail, if you are a shareholder of record, you may change your vote and revoke your proxy by:

Voting again by Internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Time) on June 20, 2016;

Submitting a properly signed proxy card (if you received one) with a later date that is received no later than June 20, 2016;

Sending a written statement to that effect to our Corporate Secretary, provided such statement is received no later than June 20, 2016; or

Attending the Annual Meeting, revoking your proxy and voting online.

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

If you hold shares through the Nielsen 401(k) plan, you may change your vote and revoke your proxy by any of the first three methods listed above if you do so no later than 11:59 p.m. (Eastern Time) on June 16, 2016. You cannot, however, revoke or change your proxy with respect to shares held through the Nielsen 401(k) plan after that date, and you cannot vote those shares at the Annual Meeting.

If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy by attending the Annual Meeting online.

GENERAL INFORMATION

Broker Non-Votes: Broker non-votes occur when shares held by a bank, broker or other nominee are not voted with respect to a proposal because (1) the bank, broker or other nominee has not received voting instructions from the shareholder who beneficially owns the shares and (2) the bank, broker or other nominee lacks the authority to vote the shares at its/his/her discretion. Proposals Nos. 1, 5, 6, 7 and 8 are considered to be non-routine matters under NYSE rules. Accordingly, any bank, broker or other nominee holding your shares will not be permitted to vote on those proposals at the meeting without receiving voting instructions from you.

If you just sign and submit your proxy card (if you received one) without giving specific voting instructions, this will be construed as an instruction to vote the shares as recommended by the Board of Directors, so your shares will be voted FOR each director nominee listed herein (Proposal No. 1) and FOR Proposal Nos. 2, 3, 4, 5, 6, 7, and 8, and in accordance with the discretion of the holders of the proxy with respect to any other matters that may be voted on.

Abstentions and broker non-votes will not affect the voting results.

Q: WHO WILL COUNT THE VOTES?

A: Representatives of Broadridge Financial Solutions, Inc. (the Inspectors of Election) will tabulate the votes and act as inspectors of election.

Q: COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

A: At the date this proxy statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement.

If other matters are properly presented to be considered and voted on at the Annual Meeting for consideration and you are a shareholder of record and have submitted a proxy card (if you received one), the persons named in your proxy card will have the discretion to vote on those matters for you.

Q: WHO IS SOLICITING MY PROXY?

A: Proxies are being solicited by and on behalf of our Board of Directors.

Q: WHO WILL PAY FOR THE COST OF THIS PROXY SOLICITATION?

A: We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person or by telephone, internet and facsimile transmission. In addition, we have hired D.F. King & Co., Inc. to assist in soliciting proxies. We expect to pay approximately \$10,000 plus reasonable out-of-pocket expenses for these services.

Q: IS MY VOTE CONFIDENTIAL?

A: Proxy cards and voting tabulations that identify individual shareholders are mailed or returned directly to the Inspectors of Election and handled in a manner that protects your voting privacy. Your vote will not be disclosed *except*:

as needed to permit the Inspectors of Election to tabulate and certify the vote;

as required by law; or

in limited circumstances such as a proxy contest in opposition to the Board of Directors.

In addition, all comments written on the proxy card or elsewhere will be forwarded to management, but your identity will be kept confidential unless you ask that your name be disclosed.

Table of Contents

In accordance with the NYSE rules, a majority of our Board of Directors consists of independent directors, and our Audit Committee, Compensation Committee and Nomination and Corporate Governance Committee are fully independent.

Pursuant to our articles of association and in accordance with the UK Companies Act 2006, our directors are responsible for the management of the Company's business, for which purpose they may exercise all the powers of the Company. The directors may delegate any of the powers, authorities and discretions which are conferred on them under the articles.

Each director owes a duty to the Company to properly perform the duties assigned to him or her and to act in the best interest of the Company. Under English law, this requires each director to act in a way he or she considers, in good faith, would be most likely to promote the success of the Company for the benefit of its shareholders as a whole, and in doing so have regard (among other matters) to the likely consequences of any decision in the long-term, the interests of the Company's employees, the Company's business relationships with suppliers, customers and others, the impact of the Company's operations on the community and the environment and the need to act fairly between shareholders. Our directors are expected to be appointed for one year and will be re-electable each year at the annual general meeting of shareholders.

In accordance with our articles of association, resolutions of our Board of Directors will be adopted by a simple majority of votes cast in a meeting at which at least the majority of its members is present or represented.

DIRECTOR INDEPENDENCE AND INDEPENDENCE DETERMINATIONS

The Board of Directors must make an affirmative determination at least annually as to the independence of each director. A director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with the Company or any of its subsidiaries. Heightened independence standards apply to members of the Audit Committee and Compensation Committee.

The NYSE independence definition includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. The Board is also responsible for determining affirmatively, as to each independent director, that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board will broadly consider all relevant facts and circumstances, including information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the Company's management. As the concern is independence from management, the Board does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding.

The categorical standards set forth in our Corporate Governance Guidelines are intended to assist the Board of Directors in determining whether or not certain relationships between our directors and us, either directly or as a partner, shareholder or officer of an organization that has a relationship with us, are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which such relationships are deemed to be material.

The Board of Directors undertook its annual review of director independence. As a result of the independence review, the Board of Directors affirmatively determined that each of Messrs. Attwood, Kilts, Manwani, Pozen, Ranadivé and Teruel and Ms. Hoguet, Marinello and Zalaznick is independent under Section 303A.02 of the NYSE listing rules and under our Corporate Governance Guidelines for purposes of board services. In addition, the Board of Directors affirmatively determined that each of Messrs. Pozen and Teruel and Ms. Hoguet and Marinello is independent under Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended (the Exchange Act) for purposes of Audit Committee services and that each of Messrs. Manwani, Ranadivé and Teruel and Ms. Marinello is independent under the NYSE listing rules applicable to Compensation Committees. In making the director independence determinations, the board of directors considered the fact that Mr. Teruel indirectly holds approximately 6% of the capital stock of, and until July 2015 served as a director of, a private

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

entity in which Nielsen invested \$2.5 million, which represents approximately 12.5% of such entity's capital stock. Nielsen has a board seat on, and a commercial arrangement with, this entity.

LEADERSHIP STRUCTURE

Under our Corporate Governance Guidelines, the Board must select its chairperson from its members in any way it considers in the best interest of the Company. Effective January 1, 2016, Mr. Attwood, formerly the Board's Lead Independent Director, began serving as the Board's non-executive, independent Chairman (replacing Mr. Calhoun as Chairman who continues as a Board member). In light of Mr. Attwood's independence from the Company and his appointment as Chairman, the Company does not currently have a Lead Independent Director. As noted further below, each Board committee also has a non-executive, independent chairman. Our Board believes our leadership structure best encourages the free and open dialogue of competing views and provides for strong checks and balances.

BOARD COMMITTEES AND MEETINGS

Our Board of Directors has established the following Committees: an Audit Committee, a Compensation Committee and a Nomination and Corporate Governance Committee. The current composition and responsibilities of each Committee are described below. Members serve on these Committees until their resignation or until otherwise determined by our Board of Directors.

Karen M. Hoguet	Chairman		
James M. Kilts			
Harish Manwani			
Kathryn V. Marinello			
Robert Pozen			Chairman
Vivek Ranadivé			
Javier G. Teruel		Chairman	
Lauren Zalaznick			

Pursuant to our Corporate Governance Guidelines, all directors are expected to make every effort to attend all meetings of the Board and meetings of the Committees of which they are members. Directors are encouraged to attend board meetings and meetings of committees of which they are members in person, but may also attend such meetings by telephone or video conference.

During the year ended December 31, 2015, the Board, the Audit Committee, the Compensation Committee and the Nomination and Corporate Governance Committee held five, nine, seven and five meetings, respectively. Each director attended 75% or more of the total number of 2015 meetings of the Board and of the Committees on which each such director served and that were held during the period that such director served.

In accordance with our Corporate Governance Guidelines, the CEO is expected to attend the annual general meeting and each extraordinary general meeting of shareholders. All non-executive directors are encouraged (but not required) to attend the annual general meeting and each

extraordinary general meeting of shareholders. All directors attended the annual general meeting held in 2015.

Table of Contents

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Our Nomination and Corporate Governance Committee determines selection criteria and appointment procedures for members of our Board of Directors and periodically assesses the scope and composition of our Board of Directors, among other responsibilities.

BOARD AND COMMITTEE EVALUATION

Each year, the Chairman of the Nomination and Corporate Governance Committee oversees the Board and committee evaluation process.

Typically the process utilizes a director questionnaire to facilitate the annual evaluation, which covers topics such as board and committee composition and effectiveness. Our Chairman reviews the results of the board assessment, and each Committee chairperson reviews the results of each committee assessment. These assessments are shared and discussed with the full board and each committee.

RISK OVERSIGHT

Our Chief Executive Officer and other executive officers regularly report to the Board of Directors and the Audit, Compensation and Nomination and Corporate Governance Committees to ensure effective and efficient oversight of the Company's activities and to assist in proper risk management and the ongoing evaluation of management controls. The Senior Vice President of Corporate Audit reports functionally and administratively to the Company's Chief Financial Officer and directly to the Audit Committee. The Company believes that the Board's leadership structure provides appropriate risk oversight of the Company's activities.

EXECUTIVE SESSIONS

Pursuant to our Corporate Governance Guidelines, to ensure free and open discussion and communication among the directors of the Board, they meet regularly with no members of management present. The Chairman presides at these meetings, referred to as executive sessions. The directors met five times in executive session in 2015. In addition, in 2015, the independent directors met four times.

COMMITTEE CHARTERS AND CORPORATE GOVERNANCE GUIDELINES

Our commitment to corporate governance is reflected in our Corporate Governance Guidelines, which describe the Board of Directors' views on a wide range of governance topics. These Corporate Governance Guidelines are reviewed from time to time by the Board of Directors to ensure that they effectively comply with all applicable laws, regulations and stock exchange requirements, in addition to our articles of association. Our Corporate Governance Guidelines, our Committee charters and other corporate governance information are available on our website at

CODE OF CONDUCT AND PROCEDURES FOR REPORTING CONCERNS ABOUT MISCONDUCT

We maintain a Code of Conduct and Procedures for Reporting Concerns about Misconduct (the Code of Conduct), which is applicable to all of our directors, officers and employees. The Code of Conduct sets forth our policies and expectations on a number of topics, including conflicts of interest, compliance with laws and ethical conduct. The Company will promptly disclose to our shareholders, if required by applicable laws, any waivers of the Code of Conduct granted to officers by posting such information on our website rather than by filing a Current Report on Form 8-K.

The Code of Conduct may be found on our website at www.nielsen.com/investors under Governance Documents.

DIRECTOR NOMINATION PROCESS

The Board of Directors seeks to ensure that the Board is composed of members whose particular experience, qualifications, attributes and skills, when taken together, will allow the Board to satisfy its oversight responsibilities effectively. Our Nomination and Corporate Governance Committee identifies potential new candidates and may utilize the services of a professional search firm. More specifically, in identifying candidates for membership on the Board, the Nomination and Corporate Governance Committee takes into account (1) threshold individual qualifications, such as strength of character, mature judgment and industry knowledge or experience and (2) all other factors it considers appropriate, including alignment with our shareholders. In addition, the Board maintains a formal diversity policy governing the nomination of its members as described below.

When determining whether our current directors have the experience, qualifications, attributes and skills, taken as a whole, to enable our board to satisfy its oversight responsibilities effectively in light of our business and structure, our Board focused primarily on our directors' valuable contributions to our success in recent years and on the information discussed in the biographies set forth under Proposal No. 1 Election of Directors Nominees for Election to the Board of Directors. Diversity Policy

The charter of our Nomination and Corporate Governance Committee requires the Committee to consider age, gender, nationality and ethnic and racial background in nominating directors and to review and make recommendations, as the Nomination and Corporate Governance Committee deems appropriate, regarding the composition and size of the Board of Directors in order to ensure the Board has the requisite expertise and its membership consists of persons with sufficiently diverse and independent backgrounds.

The implementation of these diversity policies rests primarily with the Nomination and Corporate Governance Committee as the body responsible for identifying individuals believed to be qualified as candidates to serve on the Board of Directors and recommending that the Board nominate the candidates for all directorships to be filled by the shareholders at their annual general meetings.

As Board seats become available, the Nomination and Corporate Governance Committee, and the Board of Directors as a whole, have the opportunity to assess the effectiveness of the diversity policy and how, if at all, our implementation of the policy, or the policy itself, should be changed.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Subject to shareholder approval as may be required under the laws of England and Wales, the Audit Committee is directly responsible for the appointment and termination of the independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. In addition, and also subject to shareholder approval as may be required under the laws of England and Wales, the Audit Committee is responsible for the compensation, retention and oversight of any such firm, including the resolution of disagreements between management and such firm regarding financial reporting. In exercising this responsibility, the Audit Committee pre-approves all audit and permitted non-audit services provided by the independent registered public accounting firm, except that pre-approval is not necessary for minor non-audit services if: (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than 5% of the total amount of revenues paid by the Company to its auditor during the year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee. All of the services covered under Audit and Non-Audit Fees were pre-approved by the Audit Committee.

The Audit Committee may form and delegate to subcommittees consisting of one or more of its members, when appropriate, the authority to pre-approve services to be provided by the independent auditors so long as the pre-approvals are presented to the full Audit Committee at its next scheduled meeting.

The Board of Directors recommends that shareholders vote FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016.

AUDIT COMMITTEE REPORT

The Audit Committee operates pursuant to a charter which is reviewed annually by the Audit Committee. Additionally, a brief description of the primary responsibilities of the Audit Committee is included in this proxy statement under The Board of Directors and Certain Governance Matters Committee Membership Audit Committee.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by applicable PCAOB standards. In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, the Audit Committee recommended to the Board that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2015 filed with the Securities and Exchange Commission.

We are asking our shareholders to approve the Nielsen Holdings plc 2016 Employee Share Purchase Plan (the "ESPP"), which will permit our eligible employees to purchase up to 2,000,000 of our shares. The ESPP will provide our employees with the opportunity to purchase shares through accumulated payroll deductions at a discount from the market price and will give our employees the ability to acquire an equity interest in the Company. This will motivate our employees and further align their interests with those of our shareholders. The Board of Directors, on the recommendation of the Compensation Committee, approved the ESPP on April 28, 2016, subject to shareholder approval at the Annual Meeting. If approved by our shareholders, the ESPP will become effective on June 21, 2016.

Summary of ESPP

The following is a summary of the material features of the ESPP and does not describe all of the ESPP's provisions. We urge you to read the complete text of the ESPP that is included as Annex A to this proxy statement.

Administration

The ESPP is administered by the U.S. Administrative Committee (or another committee that may be appointed by the Board or the Compensation Committee to act in such capacity). The U.S. Administrative Committee will have the authority to construe, interpret and apply the terms of the ESPP, to administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the ESPP, to designate separate offering periods, to designate subsidiaries as participating companies, to determine eligibility, to adjudicate all disputed claims filed under the ESPP, and to establish, amend, suspend, or waive any rules.

Shares Subject to the ESPP

The ESPP authorizes the issuance of a total of 2,000,000 of our shares, which represent an overhang of approximately 0.6% based on the number of our outstanding shares as of March 15, 2016. The "overhang" is calculated as the total of (i) shares available for issuance under the ESPP, divided by (ii) the total number of outstanding shares and shares available for issuance under the ESPP. The shares to be issued under the ESPP will be made available from authorized but unissued shares. Any shares issued under the ESPP will reduce, on a share-for-share basis, the number of shares available for issuance under the ESPP. In the event of any change to our outstanding shares, such as a recapitalization, stock split or similar event, appropriate adjustments will be made to the ESPP and to each outstanding purchase right (explained below).

Depending on the assumptions used, we expect that 2,000,000 of our shares will satisfy our equity needs under the ESPP for at least five years. When considering the number of shares to approve for the ESPP, the Compensation Committee reviewed, among other things, the potential dilution to our current shareholders as measured by the overhang and the projected share usage over the expected life of the ESPP.

Purchase Rights, Offering Periods and Purchase Dates

The ESPP operates by offering eligible employees the right to use accumulated payroll deductions to purchase our shares (referred to as a purchase right) through a series of successive or overlapping offering periods. Although an offering period may be as long as 27 months under the ESPP, with multiple purchase dates inside of any given offering period, we currently intend to operate the ESPP using a single purchase date at the end of each three-month offering period. The purchase date will be the last trading day of the offering period.

Table of Contents

APPROVAL OF THE NIELSEN HOLDINGS PLC 2016 EMPLOYEE SHARE PURCHASE PLAN

Eligibility and Participation

The ESPP is broad-based and does not provide for discretionary grants. All eligible employees of the Company and its designated subsidiaries may participate in the ESPP.

In order to participate in the ESPP, an employee who is eligible at the beginning of the offering period will authorize payroll deductions of up to a maximum of 10% of his or her eligible earnings, in any multiple of 1%. We refer to employees who have enrolled in the ESPP as participants. A participant's accumulated deductions will be used each purchase date to buy whole shares of our capital stock at the applicable purchase price (as explained below). For purposes of the ESPP, eligible earnings generally include total cash compensation. A participant may generally stop contributing to the ESPP during an offering period and allow his or her accumulated payroll deductions to be used to purchase shares, or he or she may fully withdraw from the ESPP during an offering period, and his or her accumulated payroll deductions will be refunded and not used to purchase shares.

Purchase Price

We currently intend that the purchase price for our shares acquired on each purchase date will be 95% of the fair market value of the shares on the purchase date. However, the U.S. Administrative Committee has the authority and discretion to set different purchase price methodologies for individual offering periods, provided that the purchase price of the shares acquired on each purchase date may be no less than 85% of the lower of (i) the last sale price per share on the first day of the offering period; or (ii) the last sale price per share on the purchase date at the end of the relevant offering period.

Special Limitations

The ESPP and the relevant provisions of the Internal Revenue Code impose certain limits on an employee's right to acquire shares through the ESPP, including the following:

Employees who own our shares (including shares that may be purchased at the end of an ongoing offering period) possessing 5% or more of the total combined voting power or value of all classes of our shares or the stock of any of our affiliates may not participate in the ESPP;

A participant may not be granted purchase rights with respect to more than \$25,000 worth of our shares (valued at the beginning of the offering period) for each calendar year in which such purchase rights are outstanding; and

No participant may purchase more than the fixed number of shares established by the U.S. Administrative Committee prior to the beginning of an offering period (currently 850 shares).

Termination of Employment

If a participant's employment is terminated for any reason, he or she is no longer eligible to participate in the ESPP. Any payroll deductions that the participant made for the offering period in which his or her employment ends will be refunded and will not be used to purchase shares.

Special Provisions for Foreign Subsidiaries

The U.S. Administrative Committee may set offering periods of the ESPP that are intended to provide employees of our foreign subsidiaries with the opportunity to participate in the ESPP in a manner that is intended to qualify under Section 423 of the Internal Revenue Code. The U.S. Administrative Committee may also set offering periods for eligible employees residing outside the United States that do not comply with

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

Section 423 of the Internal Revenue Code, if necessary or desirable to achieve tax, securities law or other objectives or as necessary to comply with local laws, regulations or rules. As a result, there may be one or more concurrent offerings with different terms operating under the ESPP.

No Shareholder Rights

A participant will not have shareholder rights with respect to the shares covered by his or her purchase right until the shares are actually purchased on the participant's behalf.

Assignability

No purchase rights will be assignable or transferable by the participant, except by will or the laws of inheritance following a participant's death.

Reorganization

In the event of the merger or consolidation of the Company with or into another entity or any other corporate reorganization; or the sale, transfer or other disposition of all or substantially all of the Company's shares or assets or the complete liquidation or dissolution of the Company (a Corporate Reorganization), the ESPP may be continued or assumed by the surviving corporation or its parent corporation. If the acquirer refuses to continue or assume the ESPP, then, with respect to each purchase period then in progress for which the purchase date (A) would occur after the Corporate Reorganization, the U.S. Administrative Committee will set a new purchase date, which will be on a date selected by the U.S. Administrative Committee that occurs before the Corporate Reorganization, and the applicable purchase period(s) will terminate on the new purchase date, and (B) would occur before the Corporate Reorganization, the U.S. Administrative Committee may set a new purchase date if the committee, in its discretion, deems it advisable to do so. The new purchase date would be before the Corporate Reorganization, and the applicable purchase period(s) would terminate on the purchase date; provided, that, in all events any offering period(s) then in progress would terminate on the last purchase date that occurs before the Corporate Reorganization.

Share Proration

Should the total number of shares to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares available for issuance under the ESPP at that time, the U.S. Administrative Committee will make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis. Any accumulated payroll deductions in excess of the aggregate purchase price payable for the shares allocated to a participant will be refunded.

Amendment and Termination

The Compensation Committee may at any time amend, modify or suspend or terminate the ESPP. However, the Compensation Committee may not, without shareholder approval increase the number of shares issuable under the ESPP.

Term

The ESPP will terminate upon the earlier of: (i) the termination of the ESPP by the Compensation Committee; (ii) the date on which no more shares are available for issuance; or (iii) the tenth anniversary of the effective date of the ESPP.

U.S. Federal Income Tax Consequences

The following is a general summary of the material U.S. federal income tax consequences of the ESPP and is intended to reflect the current provisions of the Internal Revenue Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local and payroll tax considerations. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant. The following is not to be considered as tax advice to any person who may be a participant, and any such persons are advised to consult their own tax counsel.

Table of Contents

APPROVAL OF THE NIELSEN HOLDINGS PLC 2016 EMPLOYEE SHARE PURCHASE PLAN

The ESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code. The ESPP is not qualified under Section 401(a) of the Internal Revenue Code. No taxable income will be recognized by a participant, and no deductions will be allowable to the Company, upon either the grant or the exercise of the purchase rights. Taxable compensation income will not be recognized until: (i) there is a sale or other disposition of the shares acquired under the ESPP; or (ii) the participant dies while still owning the purchased shares.

If a participant sells or otherwise disposes of the purchased shares within two years after the beginning of the offering period in which such shares were acquired or within one year after the purchase date, the participant will recognize ordinary compensation income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and the Company will be entitled to an income tax deduction, for the taxable year in which the disposition occurs, equal in amount to the ordinary compensation income that the participant recognizes. The participant also will recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary compensation income recognized in connection with their acquisition.

If a participant sells or otherwise disposes of the purchased shares more than two years after the beginning of the offering period in which such shares were acquired and more than one year after the purchase date, the participant will recognize ordinary compensation income in the year of sale or disposition equal to the lesser of the amount, if any, by which the fair market value of the shares at the time of the disposition of the shares exceeded the purchase price paid for those shares and the amount, if any, by which the purchase price paid for the shares was exceeded by the fair market value of the shares on the first day of the offering period (i.e., the time the purchase right or option was granted). Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

Non-U.S. Income Tax Consequences

The tax consequences and related withholding and reporting obligations for employees of our foreign subsidiaries may differ depending upon the country of residence. Generally, non-U.S. participants will recognize ordinary compensation income at purchase equal to the amount by which the fair market value of the shares on the purchase date exceeds the purchase price paid for those shares.

If the Company charges the foreign subsidiaries for this expense, the foreign subsidiaries should be entitled to an income tax deduction with respect to such purchase. The timing and amount of the tax deduction may vary depending upon the applicable local country corporate tax and accounting rules. If the Company does not charge this expense to the foreign subsidiaries, generally no corporate income tax deduction would be available to them.

New Plan Benefits

The benefits to be received by our employees as a result of the adoption of the ESPP (and the benefits that would have been received by our employees in 2015 had the ESPP been in effect then) are not determinable, since the amounts of purchases by participants are based on elective participant payroll contributions. No purchase rights have yet been granted, and no shares have been issued, with respect to the 2,000,000 of our shares reserved for issuance pursuant to the ESPP.

The Board of Directors recommends that the shareholders vote FOR the approval of the ESPP.

Table of Contents

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act) and the related rules of the SEC, at the 2011 annual general meeting of shareholders, we submitted to our shareholders a non-binding, advisory vote on executive compensation, as well as a non-binding, advisory vote on the frequency with which shareholders believed we should submit the non-binding, advisory vote on executive compensation. A majority of the shareholders voted that the non-binding, advisory vote on executive compensation should occur every three years. However, the Board of Directors subsequently decided to propose at each annual general meeting of shareholders the approval of the compensation paid to the named executive officers. We are including in the proxy materials a separate resolution regarding the compensation of our named executive officers as disclosed pursuant to the SEC rules. While the results of this vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote.

The language of the resolution is as follows:

RESOLVED, THAT THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THE PROXY STATEMENT PURSUANT TO THE SEC RULES, INCLUDING THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND ANY RELATED NARRATIVE DISCUSSION, IS HEREBY APPROVED.

In considering their vote, shareholders may wish to review with care the information on the Company's compensation policies and decisions regarding the named executive officers presented in Executive Compensation Compensation Discussion and Analysis.

In particular, as discussed in Executive Compensation Compensation Discussion and Analysis, shareholders should note the following:

Our executive compensation program is designed to incent and reward our leadership team for delivering sustained financial performance and long-term shareholder value.

A substantial portion of compensation for our senior executives is at risk by being subject to performance. The at risk component consists of annual cash incentives and long-term equity incentives, which play a significant role in aligning management's interests with those of our shareholders.

Annual cash incentives for our senior executives are determined by a formula which provides initial payouts on the basis of our EBITDA growth over the prior year relative to plan objectives (as described under Executive Compensation), with consideration given to our cash flow performance. Final awards may then be adjusted based on individual performance against objectives and defined qualitative factors such as degree of difficulty and leadership impact.

Our long-term performance plan significantly increases the proportion of total long-term incentives that are subject to long-term quantitative performance targets.

Other long-term equity incentives for our senior executives consisted of time-based options which provide a powerful incentive for executives to focus on long-term performance and time-based restricted stock units for their retention value.

The Board of Directors recommends that shareholders vote FOR approval of the compensation of our named executive officers.

Executive Changes

Effective January 1, 2016, Mr. Hasker was appointed Global President and Chief Operating Officer with responsibility for global client service and product leadership across our Watch and Buy businesses.

Mr. West, our former Chief Operating Officer, left the Company effective December 31, 2015. Mr. West had served in this role since March 10, 2014 and was with the Company since February 23, 2007. During this time, Mr. West achieved his primary goal of restructuring Global Business Services to focus resources globally on digital innovation in our technology platforms and on efficiency in our client delivery operations. He recruited a Chief Technology Officer and developed an internal candidate to lead the newly-created Technology and Operations functions, respectively. Both candidates became direct reports to Mr. Barns following Mr. West's departure.

Mr. West did not receive severance payments in connection with his departure. Details of the treatment of his annual incentive compensation for 2015 and his unvested equity compensation upon his departure are discussed under Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2015 Table Summary Compensation Table.

On December 30, 2015, Mr. Lewis announced he would leave the Company effective June 30, 2016. The separation arrangements for Mr. Lewis are generally in accordance with the terms of the form of severance agreement previously filed with the SEC.

Mr. Lewis ceased to be an executive officer on December 30, 2015, but otherwise would have been an NEO for 2015. He is therefore considered an NEO for 2015 because he is an individual who was as highly compensated as at least one of the other NEOs, but was no longer serving as an executive officer as of December 31, 2015.

Business Performance

Nielsen is dedicated to driving consistent performance through the cycles and has proven this commitment by posting solid operating performance for nearly 10 years and by reliably returning value to shareholders. The company's long-term business performance and progress against strategic initiatives form the context in which pay decisions are made. We have delivered resilient business performance with sustained growth over the last three years, and notably sustained solid growth in 2015, Mitch Barns' second year as CEO, as presented below:

For 2015:

Revenues up 5.0% over prior year on a constant currency¹ basis (down 1.8% on a reported basis as shown below)

Adjusted EBITDA² up 7.2% over prior year on a constant currency¹ basis (up 1.1% on a reported basis as shown below)

Normalized free cash flow³ up 18.1% over prior year

The reconciliation of normalized free cash flow to net cash provided by operating activities in the last three years is provided below:

Normalized Free Cash Flow³ (\$ in millions as reported)	2013	2014	2015
Net cash provided by operating activities	\$901	\$1,093	\$1,179
Capital expenditures	(374)	(412)	(401)
Free Cash Flow	\$527	\$681	\$778
Excess tax benefit on stock-based compensation (2015)			26
One-time Arbitron costs	46		
Normalized Free Cash Flow	\$573	\$681	\$804

- 1 We calculate constant currency percentages by converting our prior-period local currency financial results using the current period foreign currency exchange rates and comparing these adjusted amounts to our current period reported results. See pages 42 and 43 of our annual report on Form 10-K for the year ended December 31, 2015 filed with the SEC on February 19, 2016 for the reconciliation of the revenue and Adjusted EBITDA growth on a constant currency basis.
- 2 We define Adjusted EBITDA as net income or loss from our consolidated statements of operations before interest income and expense, income taxes, depreciation and amortization, restructuring charges, goodwill and intangible asset impairment charges, stock-based compensation expense, and other non-operating items from our consolidated statements of operations as well as certain other items considered unusual or non-recurring in nature. For a reconciliation of net income to Adjusted EBITDA, see page 37 of our annual report on Form 10-K for the year ended December 31, 2015 filed with the SEC on February 19, 2016.
- 3 We define normalized free cash flow as net cash provided by operating activities, plus the excess tax benefit on stock-based compensation in 2015 and one-time Arbitron transaction costs in 2013 less net capital expenditures.

TOTAL SHAREHOLDER RETURN¹

The chart below shows the value of a \$100 investment in Nielsen stock over a 3-year period beginning January 1, 2013 and ending December 31, 2015. This period aligns with the introduction of our dividend policy and share repurchase program in 2013. We have compared our performance to the S&P 500 and to a market cap-weighted composite of the peer group we use to measure relative total shareholder return in our Long-Term Performance Plan (LTPP) as described under How Pay Decisions are Made Long-Term Performance Plan (LTPP). Over the 3-year period we have delivered more value for investors than a comparable investment in either of these benchmarks.

NIELSEN HOLDINGS plc 3-YEAR CUMULATIVE TOTAL SHAREHOLDER RETURN (as of December 31 of each year)

¹ We define total shareholder return as the change in stock price over the 3-year period ended December 31, 2015, assuming monthly reinvestment of dividends.

Strategic Overview

Nielsen's strategy is centered on our measurement and our data, our diligent focus on the consumer and our global presence. Our measurement and data allow our clients to understand their market performance and improve that performance. While consumption habits may fragment and change, Nielsen measures consumers, and we have the tools to follow them wherever they go. This strategy provides us degrees of flexibility and allows us to understand changes in consumption habits following them in-step as they evolve. And we do all of this in 106 countries that cover 90% of the world's population and GDP.

Our independent, third-party measurement has never been more valuable to our clients. In Watch, we successfully rolled out independent, representative ratings that comparably measure video viewing across all screens, devices, and platforms, within our Nielsen Total Audience framework. In Buy, our sales and market share data provide both granular local views *and* consistent global views. Our analytics focus helps our clients increase the return on investment of their advertising, maximize the impact of their promotions, and boost the success rates of their new product innovations.

Highlights for 2015:

We made outstanding progress on the Nielsen **Total Audience Measurement** framework, especially our coverage of viewing via rapidly evolving digital platforms. While the work will continue well into 2016, our teams executed extraordinarily well, and we are steadily gaining client adoption. Our Digital Ad Ratings product is in 17 markets that represent 85% of global digital advertising spend. An independent survey of media agency professionals found that 72% of those professionals chose Nielsen's Digital Ad Rating for their video ad guarantees.

We announced our new **Connected Buy System** that will allow our clients to seamlessly connect vast amounts of data and analytics to help them understand what happened, why it happened, and what to do about it faster than ever. This will be a unique and powerful data integration, analytics, and activation system.

Our **Emerging Markets** have performed well, led by Latin America, China, and Southeast Asia. Our teams in the Middle East and sub-Saharan Africa have also turned in solid years in very challenging markets.

Our recent **acquisitions** are contributing positively to our strategy and revenue growth as described below.

Brandbank is already converting into solid margin growth for the company;

Affinnova has been a key factor to our recent successes in our Innovations business; and

eXelate has successfully integrated thousands of Nielsen data streams and has become one of the largest third-party cross-device data sets in the world. The acquisition has allowed Nielsen to launch its own enterprise marketing platform that enables marketers to migrate from marketing to many potential customers to marketing to their exact customer.

Executive Compensation Overview

Nielsen's executive compensation program is designed to incent and reward our leadership team to deliver sustained financial performance and long-term shareholder value.

Key considerations in 2015 were:

Say-on-Pay

In 2015, more than 98% of the votes cast at our shareholder meeting were for the approval of our executive compensation program on an advisory basis. During the year, we consulted with shareholders who provided valuable feedback on our programs and disclosure. One of our directors (either the Chairman of the Compensation Committee, the Lead Independent Director or the Chairman of the Nomination and Corporate Governance Committee) participated in each discussion. As a result of this feedback, we have continued to strengthen our disclosure of the performance basis of annual incentive payments and the rigor with which we define targets in our annual and long-term performance

plans.

Meritocracy

Our *pay for performance* philosophy differentiates rewards based on quantitative assessments of business financial performance and individual contributions towards key objectives. NEOs participate in the same performance assessment process applicable to all managerial employees, including an annual performance appraisal and semi-annual individual peer rankings of performance and leadership impact.

Total Company Performance

We strive to create a culture that reflects our core values of Open, Simple, and Integrated. Our compensation programs reinforce these values by focusing all employees on simple, unifying objectives. To that end, NEOs participate in the same annual incentive plan applicable to all managerial employees, which is funded based on company EBITDA performance (which funding level is referred to as the Bonus Funding EBITDA) and as described under How Pay Decision are Made Annual Incentive Plan. Additionally, NEOs performance assessments and pay decisions are influenced by our total company performance versus financial objectives (see 2015 Pay Decisions and Performance Total Company Performance Financial) and specific individual business financial objectives.

EXECUTIVE COMPENSATION

Variable Pay at Risk

A significant portion of each NEO's compensation is *at risk*; dependent on the achievement of challenging annual and long-term performance targets and/or the performance of our share price as laid out in the charts and tables below. Long-term pay is delivered exclusively in equity to align the interests of the NEOs with the creation of shareholder value. For 2015, short-term pay was delivered mostly in cash, but 25% of the annual incentive payment was delivered in RSUs that vest over two years. The Compensation Committee noted that the proportion of equity provided by long-term incentive grants in the NEOs' total annual pay mix had reached the targeted range. Therefore, for the 2016 plan year, the Compensation Committee decided that annual incentive payouts would revert to being paid 100% in cash (versus 75% in cash and 25% in RSUs that had been our practice since 2013).

	Elements of Total Direct Compensation	2015
CEO	Proportion of pay subject to specific quantitative performance criteria	55%
	Proportion of pay at risk	89%
	Proportion of pay delivered in the form of equity	72%
	Proportion of pay delivered in long-term equity (vesting periods of three years or more)	67%

	Elements of Total Direct Compensation	
NEOs	Proportion of pay subject to specific quantitative performance criteria	51%
	Proportion of pay at risk	77%
	Proportion of pay delivered in the form of equity	59%
	Proportion of pay delivered in long-term equity (vesting periods of three years or more)	53%

1 Excludes the \$325,000 payment made to Mr. Jackson in February 2015 pursuant to the terms of his offer letter dated February 20, 2014 to compensate him for the loss of his unvested SERP benefit from his previous employer. (see below under Summary Compensation Table, Footnote 1)

2 Mr. West was excluded from the chart above because he did not receive a full equity grant due to his departure from the company.

Realizable Pay

A significant portion of executive pay is at risk depending on business performance and market conditions. The actual pay earned as cash or made available via the vesting of stock awards during the year is referred to as realizable pay. Realizable pay is different from the amounts reported in the Summary Compensation Table (as shown under Tables and Narrative Disclosure Summary Compensation Table), which uses the accounting grant date value of equity awards.

We define realizable pay as:

cash received as base salary in each year;

cash annual incentives and other bonuses earned in each year;

intrinsic value (share price minus exercise price) of stock option awards vesting in each year using the share price on December 31, of the respective year;

market value of restricted stock units vesting in each year using the share price on December 31 of the respective year; and

value of financial planning reimbursements and executive wellness reimbursements as outlined under Summary Compensation Table Other Compensation.

The table below presents the realizable pay for each of our NEOs in the period stated compared to the amount of compensation reported for each of our NEOs in the Summary Compensation Table.

	Realizable Pay ¹		Total Compensation in Summary Compensation Table ¹ Percentage Increase/	Percent Variance to 2015

CEO Performance Assessment for Mitch Barns

The Compensation Committee considered Bonus Funding EBITDA, total company revenue, and free cash flow performance as presented above, as well as Mr. Barns' performance against objectives as presented below to arrive at his final performance assessment.

Objectives

COMMERCIAL GROWTH

Commercial growth met operating plan objectives as follows:

Total company growth

Reported revenues for the full year decreased 1.8% to \$6,172 million mainly due to the impact of foreign currency exchange, but increased 5.0% on a constant currency basis compared to 2014. The Company's practice is to focus primarily on constant currency results which are a better reflection on the underlying operating performance of the business.

Business segment growth

Revenues within the Buy segment decreased 5.1% on a reported basis, or increased 5.0% on a constant currency basis, to \$3,345 million in line with expectations. On a constant currency basis our Buy segment showed strong resilience in emerging markets with revenues increasing 8.5% and continued solid growth of 3.5% in developed markets. The segment growth was driven by our investments in coverage, new client wins and success in new verticals, such as Retail.

Revenues within the Watch segment increased 2.2% on a reported basis, or 4.9% on a constant currency basis, to \$2,827 million in line with expectations. Growth was driven by strong performance in Audience Measurement of Video and Text and Marketing Effectiveness.

Diversity

Ensuring that our associates are representative of the markets we serve and communities we live in is a fundamental tenet of our business. We believe that diversity and inclusion provide us with growth, strength, and innovation. In 2015, Ms. Finn continued to advance Nielsen's efforts to promote diversity and inclusion as integral to our strategy. Several leadership moves strengthened the diversity within our senior leadership team, including the roles of President, Expanded Verticals, Chief Data Science Officer and Chief Diversity Officer. In addition, Ms. Finn continued to make substantial investments in our Diverse Leadership Network and our entry level rotational leadership programs. Nielsen was named to the Diversity Top 50 by Diversity Inc. for the second year in a row, moving up eight slots to number 42.

Based on its full performance assessment, the Compensation Committee approved a payout of \$430,000 or 101% of her target opportunity.

How Pay Decisions are Made

Annual Base Salaries

Base salary is the only fixed component of our executive officers' compensation. The Compensation Committee considers market benchmarks supplied by its compensation consultant, Meridian Compensation Partners, LLC (Meridian), to ensure that base salaries are competitive in the marketplace and are serving their purpose to attract and retain top talent.

The Compensation Committee considers executive officers for salary increases generally in 24-36+ month intervals unless there is a change in role.

Executive officers are not involved in determining their own compensation.

Annual Incentive Plan

The purpose of the annual incentive plan is to motivate executives to accomplish short-term business performance goals that contribute to long-term business objectives. The Compensation Committee approves the applicable targets under the plan at the beginning of each year. NEOs participate in the same incentive plan as the Company's senior managers (approximately 900 associates). Approximately 9% of the incentive fund was paid to NEOs in 2015.

In determining the target opportunity for each NEO, the Compensation Committee considered general industry market benchmarks and peer group data provided by Meridian; executives' total direct compensation mix; changes in role and job responsibilities; and company financial performance and individual performance.

In 2015 we discontinued our practice of setting individual incentive targets at the level of prior year payouts. While the prior year payout method had served its initial purpose well particularly in establishing our culture of meritocracy its effect over time tended to restrict our ability to

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

provide market competitive and motivating targets for segments of our employee population. We decided, therefore, to revert to the approach of setting a target opportunity each year as described in Executive Compensation Overview Executive Compensation Elements.

In connection with this change we simplified the description of the formula by which the incentive pool is funded such that 100% Bonus Funding EBITDA performance to target equates to 100% pool funding.

162(m) Plan

Under Section 162(m) of the Code, expenses from compensation to *covered employees* in excess of \$1 million (per employee) during a taxable year are only tax-deductible to the extent that the compensation is *performance-based* or otherwise qualifies as exempt from the deductible limit. Our annual incentive payments qualify as *performance-based compensation* under the Code. Our covered employees are our chief executive officer and the three other most highly-paid named executive officers, other than our chief financial officer. A maximum annual incentive payout fund for the NEOs is determined by a formula which calculates 2% of Adjusted EBITDA performance and allocates it to each executive officer in proportions ranging between 10% and 18% of the fund. This yields a maximum fund and the Committee exercises negative discretion to determine final payouts using the Annual Incentive Plan Payout Formula described below. This qualifies payouts under the plan as tax deductible under Section 162(m).

Annual Incentive Plan Payout Formula

A total payout fund is derived formulaically based on our achievement against our target growth of Bonus Funding EBITDA. 100% achievement of the Bonus Funding EBITDA target yields a 100% funding percentage.

Bonus Funding EBITDA differs from the calculation of Adjusted EBITDA because it is calculated using a standard 2015 budget rate to eliminate the impact of foreign currency exchange. The Bonus Funding EBITDA growth targets for 2015 were calculated from 2014 Adjusted EBITDA performance restated at 2015 budget rates.

Initial individual payouts are determined by applying the funding percentage to the individual's target opportunity.

Final individual payouts are determined after a full assessment of each individual's performance versus quantitative objectives combined with a qualitative assessment.

Individual payouts may be adjusted up or down to ensure that total performance is reflected in the final payouts.

Aggregate individual payouts may not exceed the total payout fund.

Performance targets are aggressive and achievable

The Compensation Committee believes that Bonus Funding EBITDA growth is highly correlated to the creation of shareholder value and is an effective measure of NEO's contributions to short-term company performance.

In establishing the plan's Bonus Funding EBITDA growth target, the Compensation Committee considered the Company's historical performance against prior year targets and concluded that the process had been effective in establishing targets that were both aggressive and achievable. It noted that over the prior five years, Adjusted EBITDA had grown at a challenging annual growth rate and in each year had been assessed as either on target or closely approaching target.

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

The 2015 Bonus Funding EBITDA growth target was fully aligned with our 2015 operating plan.

Funding formula and individual payouts

The funding/initial payout formula shown below correlates Bonus Funding EBITDA growth from prior year with payout percentages indexed to target opportunities. For 2015, a funding/initial payout of 100% is achieved when Bonus Funding EBITDA performance meets the target threshold of 7% growth. If performance falls between the benchmark performance targets, the payout amount is calculated using interpolation between those benchmarks. If performance falls below the minimum threshold, no payouts are funded.

Target	107%	100%
Actual Performance	107%	100%
Minimum	97%	70%
< Minimum	<97%	Zero

Additionally, the Compensation Committee considers total company financial performance (see 2015 Pay Decisions and Performance Total Company Performance Financial) and each NEO's contribution to that performance. Performance against other objectives is assessed and consideration given to qualitative factors such as degree of difficulty, extraordinary market circumstances, and leadership impact. As a result, initial payouts for each individual may be adjusted up or down to ensure that total performance is reflected in the final payout. NEOs who are assessed as performing above expectations receive higher payouts than they would have received if their bonus were calculated based only on the initial payout.

Individual payouts are capped at 200% of the target bonus opportunity

2015 Results

The 2015 Bonus Funding EBITDA achieved 7% growth over prior year. Consequently, the plan funded at 100% and the initial payout was set at 100% of each NEO's target bonus opportunity.

Before approving the incentive plan funding, the Compensation Committee assessed the Company's free cash flow performance against annual plan objectives. The Compensation Committee has discretion to reduce the fund by up to 30% if free cash flow falls short of objectives. There is no discretion to increase the fund in the event that free cash flow performance exceeds objectives.

We define free cash flow as net cash provided by operating activities less capital expenditure. For a reconciliation of free cash flow to net cash provided by operating activities, see Executive Summary.

The Compensation Committee reviewed the Company's free cash flow performance, which was within our target range at 18% growth over prior year (as shown under Executive Summary and 2015 Pay Decisions and Performance Total Company Performance Financial). Therefore, no reduction was made to the incentive funding.

2016 Changes

The Compensation Committee noted that the proportion of equity in executives' total annual pay mix had reached the targeted range. Therefore, for the 2016 plan year, annual incentive payouts will revert to being paid 100% in cash (versus 75% cash and 25% in RSUs that had been our practice since 2013).

EXECUTIVE COMPENSATION

Long-term Incentives (LTI)

The purposes of long-term incentive awards are to focus executives on long-term sustainable performance and to align executive rewards with long-term returns delivered to shareholders. Currently, all long-term incentives are delivered as equity-based awards.

LTI MIX 50% IS SUBJECT TO QUANTIFIABLE LONG-TERM PERFORMANCE

Equity-based awards are made to executives, other employees and directors pursuant to the Amended and Restated Nielsen 2010 Stock Incentive Plan (the 2010 Plan). Our goal is to provide at least 50% of the NEO pay mix in long-term equity, progressing to 60% over time, and to have approximately 50% of the LTI subject to quantifiable long-term performance metrics. Prior to finalizing award sizes, the Compensation Committee considers general industry market benchmarks and peer group data provided by its compensation consultant, Meridian; executives total direct compensation mix and prior year award values; changes in role and job responsibilities; current company financial performance and individual performance.

Long-Term Performance Plan (LTPP)**2015 Plan**

LTPP participants are awarded a target number of performance RSUs that are earned subject to the Company's performance against two cumulative 3-year performance metrics, free cash flow and relative total shareholder return, with assigned weightings of 60% and 40%, respectively. The Compensation Committee decided to assign more weight to the free cash flow metric over which executives have relatively more direct control. The performance period commenced on January 1, 2015 and ends on December 31, 2017. Grants are denominated in share units and settled in Nielsen shares. Based on the performance at the end of the 3-year period, executives may earn less or more than the target performance RSUs granted. Relative total shareholder return below the 30th percentile of our performance peer group or free cash flow performance below 85% of the free cash flow target will result in 0% payout for each metric. Payouts for each metric are calculated independently of each other. The maximum payout for each metric is 200%. In the case of absolute negative total shareholder return of the Company over the performance period, payments under the relative total shareholder return component of the plan are capped at 100% of target.

The table below summarizes the plan performance-payout matrix, which is unchanged from 2014. The Compensation Committee re-affirmed its belief that this design provides appropriate rigor in the ratio of performance to reward, as well as, the right balance between individual risk and motivation. The free cash flow targets are intended to be aggressive and achievable and are fully aligned with our 3-year strategic plan objectives and long-term guidance issued to investors.

Compensation Practices and Governance

Compensation Committee

The Compensation Committee regularly reviews the philosophy and goals of the executive compensation program and assesses the effectiveness of compensation practices and processes. The Compensation Committee sets performance goals and assesses performance against these goals. The Committee considers the recommendations and market data provided by its independent consultant as well as the judgment of the CEO on the performance of his direct reports. The CEO does not participate in the Compensation Committee discussion regarding his own compensation. The Compensation Committee makes its decisions based on its assessment of both Nielsen and individual performance against goals, as well as, on its judgment as to what is in the best interests of Nielsen and its shareholders.

The responsibilities of the Compensation Committee are described more fully in its charter, which is available in the Corporate Governance page of our website at www.nielsen.com/investors under Corporate Governance: Governance Documents: Compensation Committee Charter.

Independent Compensation Consultant

The Compensation Committee retains Meridian as its compensation consultant. Meridian has provided market data and perspective on executive and independent director compensation and related governance. Meridian and its affiliates did not provide any services to Nielsen or its affiliates in 2015 other than executive and director compensation consulting to the Compensation Committee. Discussions between Meridian and Nielsen management are limited to those necessary to complete work on behalf of the Compensation Committee.

The Compensation Committee determined that Meridian and its lead consultant for Nielsen satisfy the independence factors described in the NYSE listing rules. The Compensation Committee also determined that the work performed by Meridian in 2015 did not raise any conflict of interest.

Benchmarking

The Compensation Committee uses the executive compensation of a peer group of companies, selected for their business relevance and size appropriateness to Nielsen, as one of many considerations when making executive compensation pay decisions. To account for differences in the size of our peer group companies, the market data are statistically adjusted to allow for valid comparisons to similarly-sized companies. The peer group information may also be supplemented by general industry survey data selected by Meridian to provide reasonable benchmarks for a company of Nielsen's size and business type. After a review by the Compensation Committee in December 2014, Adobe Systems Incorporated was added to the peer group and Dun & Bradstreet, Inc. and Teradata Corp were removed.

Consideration of Risk

The Compensation Committee conducted a risk assessment of Nielsen's 2015 pay practices, which included the review of a report from Meridian. The Compensation Committee concluded that Nielsen's pay programs are not reasonably likely to have a material adverse effect on Nielsen, its business and its value. Specifically, the Compensation Committee noted the following:

Good balance of fixed and at-risk compensation, and good balance of performance in LTI plans plus share ownership requirements

Overlapping vesting periods that expose management, including the CEO, to consequences of their decision-making

EBITDA performance funds annual incentives and the Compensation Committee has discretion to reduce payouts if free cash flow targets are not met which results in shared value with shareholders

Annual incentive plan payout curve is reasonable, including steeper slope in the payout curve for zero or negative EBITDA growth over prior year. Payouts are capped at 200%

Executive compensation is benchmarked annually

Compensation Committee retains an independent consultant

Nielsen has a compensation clawback policy and anti-hedging policy

Pledging of shares subject to share ownership requirements is prohibited

Robust code of conduct and whistleblower policy

Share Ownership Guidelines

To ensure strong alignment of executive interests with the long-term interests of shareholders, executives are required to accumulate and maintain a meaningful level of stock ownership in the Company. The share ownership guideline policy was adopted in June 2011. Messrs. Barns and Hasker first became subject to our share ownership guidelines in 2013. Mr. Barns' guideline was subsequently changed from three times to six times salary on January 1, 2014 when he became the Company's Chief Executive Officer.

2016 PROXY STATEMENT 49

Table of Contents

EXECUTIVE COMPENSATION

The table below presents the guidelines and actual share ownership as of March 1, 2016 for each of our NEOs. Messrs. West and Lewis who had both met their share ownership guidelines have been excluded from the table because Mr. West has departed from the company and Mr. Lewis is no longer an executive officer.

Name	Guideline	Guideline Shares¹	Share Ownership²
Mr. Barns	6 x salary	128,800	88,682
Mr. Jackson	3 x salary	45,100	13,818
Mr. Hasker	3 x salary	57,900	36,644
Ms. Finn	1 x salary	14,000	32,363

1 The guideline shares were reset using \$46.60 share price at close of market on December 31, 2015. The guideline shares were not reset for Ms. Finn because she previously met her guideline.

2 Eligible shares include beneficially-owned shares held directly or indirectly and jointly-owned shares.

Other Policies and Guidelines**Perquisites**

We provide our NEOs with limited perquisites, reflected in the All Other Compensation column of the Summary Compensation Table and described in the footnotes. NEOs may claim financial planning and executive wellness expenses capped each year at \$15,000 and \$2,500, respectively. In very limited circumstances, we may permit NEOs and their family members to access our contractual arrangement for private aircraft for their personal use. We were reimbursed for the cost of such use in 2015. In certain circumstances, where necessary for business purposes, we also provide reimbursement for relocation expenses.

Severance

We believe that severance protections play a valuable role in attracting and retaining key executive officers. Between 2007 and 2010, we offered severance protections to executives pursuant to substantially identical severance agreements connected to awards granted under our 2006 Stock Acquisition and Option Plan for Key Employees, which required executives to make substantial personal investments in the Company. Each of our NEOs, except for Mr. Jackson, has entered into one of these individual severance agreements. These agreements only vary in the severance multiple provided depending on the position of the individual at the time the agreement was executed. Pursuant to the terms of his offer letter, Mr. Jackson is entitled to receive severance upon certain terminations of employment.

The relevant severance triggering events and amounts payable are described in further detail under Potential Payments Upon Termination or Change-in-Control (Severance Benefits).

Change-in-Control

For equity awards made in 2011 or later, under the 2010 Plan, as amended, unvested options and RSUs do not vest automatically in the event of a change-in-control. These benefits are described in further detail under Potential Payments Upon Termination or Change-in-Control.

Clawback Policy

Our clawback policy requires the Chief Executive Officer and his executive direct reports, in all appropriate cases, to repay or forfeit any bonus, short-term incentive award or amount, or long-term incentive award or amount awarded to the executive, and any non-vested equity-based awards previously granted to the executive if:

The amount of the incentive compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error; and

The executive engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error; and

The amount of the incentive compensation that would have been awarded to the executive, had the financial results been properly reported, would have been lower than the amount actually awarded.

EXECUTIVE COMPENSATION

Other Benefits

The CEO and each other NEO are eligible to participate in the health and welfare, defined contribution 401(k), and deferred compensation plans made available, per eligibility requirements, to all employees.

Tax Implications

Section 162(m) of the Code (as interpreted by IRS Notice 2007-49) denies a federal income tax deduction for certain compensation in excess of \$1 million per year paid to the chief executive officer and the three other most highly-paid executive officers (other than the company's chief financial officer) of a publicly-traded corporation. Certain types of compensation, including compensation based on performance criteria that are approved in advance by stockholders, are excluded from the deduction limit. In addition, grandfather provisions may apply to certain compensation arrangements that were entered into by a corporation before it was publicly held. The Compensation Committee's policy is to qualify compensation paid to our executive officers for deductibility for federal income tax purposes to the extent permitted. However, to retain highly skilled executives and remain competitive with other employers, the Compensation Committee will have the right to authorize compensation that would not otherwise be deductible under Section 162(m) and to pay bonuses in any amount, including discretionary bonuses or bonuses with performance goals that are different from those under our annual incentive plan.

The annual incentive plan has been designed to permit the Compensation Committee to grant awards thereunder which are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2015 (or any amendment thereto).

Submitted by the Compensation Committee of the Company's Board of Directors: April 28, 2016.

Due to the departure of Messrs. West and Lewis, their 2015 annual incentive was paid 100% in cash in February 2016, as opposed to 75% in cash and 25% in RSUs.

Pension Benefits for 2015

The following table presents information regarding the pension arrangements with each of our NEOs during the fiscal year ended December 31, 2015.

Name (a)	Plan Name (b)	Number of Years Credited Service	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
		(#) (c)	(\$) (d)	(\$) (e)

Steve Hasker				
John Lewis	Qualified Plan	3.92	19,972	
	Excess Plan	3.92	36,028	
Mary Liz Finn				

Assumptions for Present Value of Accumulated Benefit

Present values at December 31, 2015 are the present value of accumulated benefits as used under ASC960 and were calculated using an interest rate of 4.63% for the Qualified Plan (as defined below) benefits and 4.46% for the Excess Plan (as defined below) benefits, an interest credit rate of 3.38% and the white collar retiree RP 2014 table backed off to 2007 mortality tables projected with mortality improvements based on the MMP2007 Scale. These assumptions are consistent with those used for the financial statements of the Company's retirement plans.

United States Retirement Plans

Effective August 31, 2006, the Company froze its United States qualified and non-qualified retirement plans. No participants may be added and no further basic credits (described below) may accrue after this date. The retirement plans, as in existence immediately prior to the freeze, are described below.

We maintain a tax-qualified retirement plan (the Qualified Plan), a cash-balance pension plan that covers eligible United States employees who have completed at least one year of service. Prior to the freeze, we added monthly basic and investment credits to each participant's account. The basic credit equaled 3% of a participant's eligible monthly compensation. At the point of freeze, all basic credits were stopped, but participants continue to receive investment credits.

Participants became fully vested in their accrued benefits after the earlier of five years of service or when the participant reached normal retirement age (which is the later of age 65 or the fifth anniversary of the date the participant first became eligible to participate in the plan). Unmarried participants receive retirement benefits as a single-life annuity, and married participants receive retirement benefits as a qualified joint-and-survivor annuity. Participants can elect an alternate form of payment such as a straight-life annuity, a joint-and-survivor annuity, years certain-and-life income annuity or a level income annuity option. Lump sum payment of accrued benefits is only available if the benefits do not exceed \$5,000. Payment of benefits begins at the later of the participant's termination of employment or reaching age 40. The definition of compensation includes W-2 earnings plus deferrals minus unusual payments (e.g., stock awards, relocation and tuition reimbursement).

We also maintain a non-qualified retirement plan (the Excess Plan) for certain of our management and highly compensated employees. Prior to the freeze, the Excess Plan provided supplemental benefits to individuals whose benefits under the Qualified Plan are limited by the provisions of Section 415 and/or Section 401(a)(17) of the Code. The benefit payable to a participant under the Excess Plan is equal to the difference between the benefit actually paid under the Qualified Plan and the amount that would have been payable had the applicable Code limitations not applied. Although the Excess Plan is considered an unfunded plan and there is no current trust agreement for the Excess Plan, assets have been set aside in a rabbi trust fund. It is intended that benefits due under the Excess Plan will be paid from this rabbi trust or from the general assets of the Nielsen entity that employs the participants.

Table of Contents

EXECUTIVE COMPENSATION

Messrs. Barns and Lewis are the only NEOs who participate in the Qualified Plan and the Excess Plan.

Reduced early retirement benefits are available once the participant has reached age 40 and completed 5 years of service. Messrs. Barns and Lewis are both eligible for early retirement. The early retirement benefits payable are actuarially reduced to be equivalent to the benefit payable at normal retirement age for Mr. Barns. For Mr. Lewis, the early retirement benefits payable are the greater of the benefits under the cash-balance pension plan actuarially reduced to be equivalent to the benefit payable at normal retirement age and the frozen Dun & Bradstreet benefit reduced 3% per year from normal retirement age to age at commencement. The early retirement benefit for the non-qualified plan is the same, except that the frozen Dun & Bradstreet benefit is not reduced for early commencement when performing the comparison outlined above.

Nonqualified Deferred Compensation for 2015

The Company offers a voluntary nonqualified deferred compensation plan in the United States, which allows selected executives the opportunity to defer a significant portion of their base salary and incentive payments to a future date. Earnings on deferred amounts are determined with reference to designated mutual funds. Mr. Lewis and Ms. Finn are the only NEOs with a balance under this plan. Eligible employees may contribute up to 75% of their base salary and up to 90% of their annual incentive award.

The following table presents information regarding non-qualified deferred compensation arrangements with each of our NEOs during the fiscal year ended December 31, 2015.

John Lewis	500,000		84,014		2,541,176
Mary Liz Finn	86,875		33,391		985,446

1 Mr. Lewis' 2015 contribution of \$500,000 and Ms. Finn's 2015 contribution of \$86,875 were made from salary and annual cash incentive and are included in the Salary and Non-Equity Incentive Plan Compensation columns in the Summary Compensation Table.

2 Interest payments have not been reported in the Summary Compensation Table. Therefore, no contributions are reflected in the Summary Compensation Table.

Potential Payments Upon Termination or Change-in-Control

Except for Mr. Jackson, if an NEO is terminated by the Company without cause or the NEO resigns for good reason (as those terms are defined in the form of Severance Agreement), subject to their compliance with certain restrictive covenants (as described under Restrictive Covenants) and their execution (without revocation) of a general waiver and release of claims, they will be entitled to severance pay that includes:

base salary continuation for one year for Messrs. Barns and Hasker and Ms. Finn;

a pro-rata portion of their annual incentive award for the year of termination (based on actual performance); and

continued health and welfare benefits for the NEO and their covered family members for the duration of the severance period, with the cost of such health benefit premiums, at the active employee rate, deducted from the salary continuation payments on an after-tax basis.

Table of Contents

EXECUTIVE COMPENSATION

If Mr. Jackson's employment is terminated by the Company without cause or he resigns for good reason (as those terms are defined in his offer letter), Mr. Jackson is entitled to continue to receive his base salary and health benefits for himself and covered family members for a period of 12 months (with the cost of such health benefit premiums at the active employee rate deducted from his salary continuation payments on an after-tax basis).

Mr. West did not receive severance payments in connection with his departure. In recognition of his delivery of a seamless transition to the new technology and operations structure, the Compensation Committee approved provisions in accordance with our 2010 Plan policy whereby Mr. West forfeited all of his outstanding unvested equity, except that:

RSUs awarded in 2014 and 2015 in respect of the annual incentive plan performance in 2013 and 2014, respectively, will continue to vest according to the normal two-year ratable schedule;

2014 and 2015 LTPP awards will be earned following approvals at the end of the performance periods and paid pro-rata to service from the beginning of the performance period through December 31, 2015; and

stock option and RSU tranches, due to vest in 2016, will vest on a pro-rata basis based on service from the most recent vesting date through December 31, 2015.

On December 30, 2015, Mr. Lewis announced that he would leave the Company effective June 30, 2016. The separation arrangements for Mr. Lewis are in accordance with the terms of the form of severance agreement previously filed with the SEC.

If, on December 31, 2015, an NEO's employment had been terminated without cause by the Company, or an NEO had resigned for good reason, each would have received total payments as shown in the following table:

	Multiple of Base Salary	Base Salary x Multiple	Annual Incentive Award	Health & Welfare Benefits	Total
		\$	\$	\$	\$
Mitch Barns	1x	1,000,000	\$ 2,060,000	7,200	3,067,200

Mary Liz Finn	1x	550,000	\$ 430,000	7,200	987,200

In addition, on a change-in-control if the acquiring entity does not assume the awards or provide for the issuance of substitute awards on an equitable basis, any unvested options, or RSUs, granted in 2012, 2013, 2014 and 2015 under the 2010 Plan, as amended, would become vested and exercisable in full, and any unearned, unvested performance RSUs under the LTPP would become vested at 100% of the target award.

In accordance with the requirements of the UK Companies Act 2006, the UK Annual Report and Accounts contains:

1. a statement by the Chairperson of the Compensation Committee of the Board of Directors (the **Chairman's Statement**);
2. a directors' compensation policy (the **Directors' Compensation Policy**); and
3. the annual report on directors' compensation (the **Annual Report on Directors' Compensation**), setting out directors' compensation for the year ended December 31, 2015.

The **Chairman's Statement** and the **Annual Report on Directors' Compensation** (collectively the **Directors' Compensation Report**) is reproduced in Annex B to this proxy statement. An annual advisory shareholder vote is required on the **Directors' Compensation Report**. While the results of this vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote. The affirmative vote of a majority of the votes cast at the Annual Meeting is required to approve this proposal.

The **Directors' Compensation Policy** (referred to in item 2 above) is subject to a separate binding shareholder vote as set forth in Proposal 8 of this proxy statement.

The Board of Directors recommends that the shareholders vote FOR the approval of the Directors' Compensation Report (items 1 and 3 above).

Table of Contents

In accordance with the requirements of the UK Companies Act 2006, companies incorporated in the UK whose shares are publicly listed (whether in or outside of the UK) must submit their Directors' Compensation Policy to a binding shareholders' vote at least once every three years. The Company's Directors' Compensation Policy is set out in the UK Annual Report and Accounts and is reproduced in Annex C to this proxy statement.

The Directors' Compensation Policy sets out the Company's forward-looking policy on directors' compensation and all compensation must be paid in accordance with the Directors' Compensation Policy. If the Directors' Compensation Policy is approved, it will be valid without requiring additional shareholder approval until December 31, 2019. It is intended that, unless required earlier, the Company's shareholders will next be asked to approve the Directors' Compensation Policy at the 2019 annual meeting of shareholders.

If the Directors' Compensation Policy is not approved by the affirmative vote of a majority of shareholders at this Annual Meeting, the Company will, if and to the extent permitted by the UK Companies Act of 2006, continue to make payments to directors in accordance with existing obligations and will seek shareholder approval for a revised policy as soon as practicable after this Annual Meeting.

The Board of Directors recommends that the shareholders vote **FOR the approval of the Directors' Compensation Policy.**

Table of Contents

This section is provided in accordance with applicable SEC rules.

Commencing January 1, 2015, each of our independent directors were entitled to receive an annual cash retainer of \$80,000. Independent directors who are chairpersons of the Audit Committee, the Compensation Committee and the Nomination and Corporate Governance Committee were entitled to additional annual compensation of \$20,000, \$15,000 and \$15,000, respectively, and the Company's Lead Independent Director was entitled to an additional annual fee of \$30,000. All fees are payable quarterly unless deferred as described below.

Also in 2015, independent directors were entitled to annual equity grants in the form of Deferred Stock Units (DSUs) with a fair market value of \$135,000. A DSU represents an unfunded and unsecured right to receive one Nielsen share following the termination of the director's services with Nielsen. The DSUs vest in four substantially equal quarterly installments. The Board of Directors previously adopted a deferred compensation plan for directors under which they may defer the receipt of their cash payments into DSUs. DSUs accrue dividend equivalents (in the form of additional DSUs).

All independent directors received the foregoing compensation commencing January 1, 2015, except Mr. Attwood, who declined to receive compensation through June 30, 2015. He commenced receiving fees, including the Lead Independent Director fee, as of July 1, 2015.

Commencing January 1, 2016, the annual fees for the Audit and Compensation Committee chairpersons have been increased to \$25,000 and \$20,000, respectively, and the annual DSU grant has been increased to a fair market value of \$160,000. A Board Chairperson fee has also been implemented in the amount of \$150,000, with half that amount to be paid in quarterly installments in cash (unless the Chairperson elects to defer such amount into DSUs) and the other half to be paid in quarterly installments in the form of DSUs.

In June 2011, our Board of Directors adopted share ownership guidelines pursuant to which directors who receive fees for their services are required to maintain equity ownership in our Company equivalent to at least five times their annual fees. Shares beneficially owned by these directors, including vested DSUs and jointly-owned shares, are included in the calculation. These directors are expected to meet the guidelines within five years from the later of the adoption of the guidelines, their appointment as a director or the commencement of the receipt of director fees. Effective January 1, 2015, the Compensation Committee set the share ownership guidelines for Ms. Marinello (whose Board membership began on October 31, 2014), and Mr. Kilts (who began receiving Board fees on January 1, 2015) using a share price of \$44.73, the price at close of market on December 31, 2014. It also reset the guidelines for Mr. Teruel on that date to reflect his additional fees for 2015 as chairman of the Compensation Committee. Mr. Attwood began receiving Board fees on July 1, 2015 and his share ownership guideline was set using the share price at close of market on that date of \$45.12. Effective January 1, 2016, the Compensation Committee reset the share ownership guideline for Mr. Attwood based on additional fees for 2016 as Chairman of the Board of Directors and set guidelines for Mr. Calhoun (who began receiving Board fees on January 1, 2016) and Mr. Manwani (whose Board membership began on January 22, 2015) using a share price of \$46.60, the price at close of market on December 31, 2015. The guidelines and share ownership for this purpose as of February 29, 2016 are set forth below (excluding Mr. Navab, who resigned from the Board effective January 11, 2016, and Ms. Zalaznick, who became a director on April 28, 2016).

	Guideline Shares	Share Ownership
Mr. Attwood	12,000	22,999

James A. Attwood Jr.		167,500	167,500

Vivek Ranadivé		215,000	215,000
Javier G. Teruel	95,000	135,000	230,000

1 Pursuant to the directors' deferred compensation plan, Messrs. Attwood, Navab, Pozen and Ranadivé and Meses. Hoguet and Marinello elected to defer 100% of their cash board and committee fees in 2015 into DSUs (as described above). The number of DSUs credited to the director's DSU account in lieu of his or her quarterly fees is based on the closing trading price of a Nielsen share on the date the cash fees would otherwise be payable. The dollar value of fees deferred into DSUs in 2015 for Meses. Hoguet and Marinello and Messrs. Pozen, Navab, Ranadivé and Attwood was \$100,000, \$80,000, \$95,000, \$80,000, \$80,000 and \$55,000, respectively. These amounts include regular board and committee chairmanship fees for each such director. Amounts in this column also include the dollar value of the annual DSU grant made to each executive in May 2015 (as described above) of \$135,000 for services to be performed from May 2015 through April 2016. DSUs were granted at fair market value on date of grant and vest in four substantially equal quarterly installments from the grant date. The dollar amount shown represents the aggregate grant date fair value of DSUs calculated in accordance with Financial Accounting Standards Codification Topic 718, Compensation - Stock Compensation. Mr. Attwood commenced receiving fees on July 1, 2015. Each of Messrs. Attwood, Kilts, Manwani and Navab also received a prorated DSU grant reflecting service from the day they began receiving board fees through April 2015.

2 In connection with his departure as the Company's Chief Executive Officer and his appointment as the Executive Chairman of the Company's Board of Directors effective January 1, 2014, the Company entered into a Transition Agreement with Mr. Calhoun, described below under Transition Agreement. Other than as set forth in the Transition Agreement (which provides for the continued right of Mr. Calhoun to earn certain compensation granted to him in his position as Chief Executive Officer, as described below), Mr. Calhoun did not receive any compensation for serving as the Executive Chairman of the Board in 2015.

3 Resigned from the board effective January 11, 2016.

Each of Ms. Hoguet and Messrs. Pozen, Ranadivé and Teruel had an aggregate of 31,120, 40,335, 4,941 and 34,172 options to acquire our shares, respectively, outstanding on December 31, 2015. Also on that date, each of Meses. Hoguet and Marinello and Messrs. Attwood, Kilts, Manwani, Navab, Pozen, Ranadivé and Teruel had an aggregate of 17,576, 6,803, 3,594, 4,106, 3,923, 5,897, 17,332, 17,139 and 14,413 DSUs, respectively, which comprise DSUs received in lieu of cash board fees, DSUs awarded annually under the equity plan and dividend equivalents accrued in the form of DSUs (as described above). Of these DSU amounts, 1,533, 1,533, 1,786, 1,793, 1,747, 1,793, 1,533, 1,533 and 1,533, respectively, were not vested as of December 31, 2015. Each of Ms. Hoguet and Messrs. Pozen and Teruel had on December 31, 2015 an

aggregate of 4,000, 10,364 and 3,855 of our shares, respectively, received in lieu of cash board fees or otherwise granted to them by the Company during their tenure as director. As of December 31, 2015, Mr. Calhoun held 1,643,750 options to acquire our shares all of which were vested as of that date and 11,535 shares of restricted stock which were not vested as of that date.

Transition Agreement

In connection with his departure as the Company's Chief Executive Officer and his appointment as the Executive Chairman of the Company's Board of Directors effective January 1, 2014, the Company entered into a Transition Agreement with Mr. Calhoun, dated as of November 5, 2013, reflecting Mr. Calhoun's change in status.

Pursuant to the Transition Agreement, Mr. Calhoun had agreed to devote between 15% and 20% of his business time (determined on a quarterly basis) from January 1, 2014 through December 31, 2015 (or such earlier date as the Board decided to end his service) to provide guidance and advice to Mr. Barns with respect to all aspects of his duties and responsibilities as the new Chief Executive Officer of the Company (the Additional Services).

Table of Contents

DIRECTOR COMPENSATION

Other than as set forth in the Transition Agreement (which provided for the continued right of Mr. Calhoun to earn certain compensation granted to him in his position as Chief Executive Officer, as described below), Mr. Calhoun did not receive any compensation for serving as the Executive Chairman of the Board.

Mr. Calhoun received his annual bonus with respect to the 2013 fiscal year. 25% of the award was denominated in restricted shares which vested equally on the first and second anniversaries of the date of grant based on his continued service as a non-employee member of the Board.

The LTPP performance shares granted to Mr. Calhoun on February 20, 2013 and stock options that remain outstanding and unvested as of January 1, 2014 were eligible to vest for so long as Mr. Calhoun continued to serve as the Executive Chairman of the Board (which reflects an amendment to the terms of these stock awards pursuant to the Transition Agreement, as they would otherwise have continued to be eligible to vest so long as Mr. Calhoun served as a non-employee member of the Board). The vesting of the performance shares was conditional on the Company's achievement of the performance metrics established in the 2010 Plan and on Mr. Calhoun's provision of the Additional Services. In accordance with the terms of the 2010 Plan, the post-termination exercise period for the stock options held by Mr. Calhoun that were granted under such plan will not commence until he ceases to serve as a non-employee member of the Board. In order to encourage Mr. Calhoun to continue to hold such options and to maintain his significant ownership stake in the Company, the stock options held by Mr. Calhoun that were granted under the Company's 2006 Stock Acquisition and Option Plan were amended to provide that the post-termination exercise period for such options will not commence until he ceases to serve as a non-employee member of the Board.

Mr. Calhoun stepped down as Chairman effective December 31, 2015, but he continues to serve as a director. He commenced receiving director fees effective January 1, 2016.

If any shareholder wishes to propose a matter for consideration at our 2017 annual general meeting of shareholders under the SEC's shareholder proposal rule (Rule 14a-8(e) of the Exchange Act), the proposal should be mailed by certified mail return receipt requested, to the Corporate Secretary, Nielsen Holdings plc, 40 Danbury Road, Wilton, Connecticut 06897. To be eligible under the SEC's shareholder proposal rule for inclusion in our 2017 annual general meeting proxy statement and form of proxy, the proposal must be received by the Corporate Secretary on or before December 30, 2016.

Shareholder(s) meeting the requirements of the UK Companies Act 2006 and our articles of association are able to propose a resolution to be considered at the 2017 annual general meeting. In order to do so, the qualifying shareholder(s) must adhere to certain procedural requirements set out in the UK Companies Act 2006 and our articles of association, including notifying us in writing of such proposed resolution at least six weeks prior to the 2017 annual general meeting or, if later, the time the notice of the 2017 annual general meeting is given. Such written notification must identify the proposed resolution and must be authorized by the person(s) making it. The notification may be delivered in hard copy form to the Corporate Secretary at 40 Danbury Road, Wilton, Connecticut 06897 or in hard copy or electronically to our Investor Relations department, whose contact information is available on our website, www.nielsen.com/investors, under Contact Us. We may decide to include such proposed resolution in the proxy statement or circulate it separately. In addition, we may decide not to circulate a resolution proposed by shareholder(s) at the meeting that would be ineffective (whether by reason of inconsistency with any enactment or our articles of association) or is otherwise defamatory, frivolous or vexatious.

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as householding, provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request, and the Company will promptly deliver, a separate copy of the notice or the proxy materials by contacting the Corporate Secretary, Nielsen Holdings plc, 40 Danbury Road, Wilton, Connecticut 06897; telephone number, (203) 563-3500.

(c) **Reorganizations.** Any other provision of the Plan notwithstanding, in the event of a Corporate Reorganization, the Plan may be continued or assumed by the surviving corporation or its parent corporation. If such acquirer refuses to continue or assume the Plan, then, with respect to each Purchase Period then in progress for which the Purchase Date (A) would occur after the effective time of such Corporate Reorganization, the U.S. Administrative Committee shall set a new Purchase Date, which Purchase Date shall be on a date selected by the U.S. Administrative Committee in its discretion that occurs prior to the effective time of the Corporate Reorganization, and the applicable Purchase Period(s) shall terminate on such new Purchase Date, and (B) with respect to each Purchase Period then in progress for which the Purchase Date would occur prior to the effective time of such Corporate Reorganization, the U.S. Administrative Committee may set a new Purchase Date if the U.S. Administrative Committee, in its discretion, deems it administratively appropriate in order to facilitate the consummation of such Corporate Reorganization, which Purchase Date shall be on a date selected by the U.S. Administrative Committee that occurs prior to the effective time of the Corporate Reorganization, and any the applicable Purchase Period(s) shall terminate on such Purchase Date; provided, that, in all events any Offering Period(s) then in progress shall terminate on the last Purchase Date that occurs prior to the effective time of the Corporate Reorganization.

Section 4. ENROLLMENT AND PARTICIPATION.**(a) Offering Periods.**

(i) **Base Offering Periods.** The U.S. Administrative Committee may establish Offering Periods of such frequency and duration as it may from time to time determine as appropriate (the **Base Offering Periods**); provided, that a Base Offering Period shall in no event be longer than 27 months (or such other period as may be imposed under applicable tax law). The Base Offering Periods are intended to qualify under Code Section 423. Unless changed by the U.S. Administrative Committee, each Offering Period shall contain one single Purchase Period, which shall run concurrently with the Offering Period. The U.S. Administrative Committee may determine that the first Base Offering Period applicable to the Eligible Employees of a new Participating Company shall commence on any date specified by the U.S. Administrative Committee. The U.S. Administrative Committee shall determine when the first Base Offering Period will commence.

(ii) **Additional Offering Periods.** At the discretion of the U.S. Administrative Committee, additional Offering Periods may be conducted under the Plan (the **Additional Offering Periods**). Such Additional Offering Periods may, but need not, qualify under Code Section 423. The U.S. Administrative Committee shall determine the commencement and duration of each Additional Offering Period, and Additional Offering Periods may be consecutive or overlapping. The other terms and conditions of each Additional Offering Period shall be those set forth in this Plan, with such changes or additional features as the U.S. Administrative Committee determines necessary to comply with applicable local law.

(iii) **Separate Offerings.** Each Base Offering Period and Additional Offering Period conducted under the Plan is intended to constitute a separate offering for purposes of Code Section 423.

(iv) **Equal Rights and Privileges.** To the extent an Offering Period is intended to qualify under Code Section 423, all participants in such Offering Period shall have the same rights and privileges with respect to their participation in such Offering Period in accordance with Code Section 423 and the regulations thereunder except for differences that may be mandated by local law and are consistent with the requirements of Code Section 423(b)(5). Notwithstanding the foregoing, Eligible Employees who are citizens or residents of a non-U.S. jurisdiction (without regard to whether they also are citizens or residents of the United States or resident aliens (within the meaning of Section 7701(b)(1)(A) of the Code)) may be excluded from participation in the Plan or an Offering Period if the participation of such Eligible Employees is prohibited under the laws of the applicable jurisdiction or if complying with the laws of the applicable jurisdiction would cause the Plan or an Offering Period to violate Section 423 of the Code. In the case of an Offering Period not intended to qualify under Code Section 423, an Eligible Employee may be excluded from participation in the Plan or an Offering if the U.S. Administrative Committee has determined that participation of such Eligible Employee is not advisable or practicable.

(b) **Purchase Periods.** Unless changed by the U.S. Administrative Committee, the Plan shall operate such that Purchase Periods shall last three calendar months and shall run concurrently and continuously with the Offering Periods in which they occur. The U.S. Administrative Committee may determine that the first Purchase Period applicable to the Eligible Employees of a new Participating Company shall commence on any date specified by the U.S. Administrative Committee.

(c) **Enrollment.** In the case of any individual who qualifies as an Eligible Employee on the first day of any Offering Period, he or she may elect to become a Participant on such day by filing the prescribed enrollment form with the Company. The enrollment form shall be filed at the prescribed location at least 10 business days (or such other period as the U.S. Administrative Committee or its designee may designate) prior to such day or during such enrollment period prescribed by the U.S. Administrative Committee in its discretion.

(d) **Duration of Participation.** Once enrolled in the Plan, a Participant shall continue to participate in the Plan and will automatically participate in successive Offering Periods without action or election until he or she:

(i) Reaches the end of the Offering Period or Purchase Period, as applicable, in which his or her employee contributions were discontinued under Section 5(c) or Section 9(b);

(ii) Withdraws from the Plan under Section 6(a); or

(iii) Ceases to be an Eligible Employee.

A Participant whose employee contributions were discontinued automatically under Section 9(b) shall automatically resume participation at the beginning of the earliest Purchase Period ending in the next calendar year, if he or she then is an Eligible Employee. In all other cases, a former Participant may again become a Participant, if he or she then is an Eligible Employee, by following the procedure described in Section 4(c) above.

(e) **Applicable Offering Period.** For purposes of calculating the Purchase Price under Section 8(b), the applicable Offering Period shall be determined as follows:

(i) Once a Participant is enrolled in the Plan for an Offering Period, such Offering Period shall continue to apply to him or her until the earliest of (A) the end of such Offering Period, (B) the end of his or her participation under Subsection (d) above or (C) re-enrollment for a subsequent Offering Period under Paragraph (ii) or (iii) below.

(ii) Solely in the event that a Participant is enrolled in an Offering Period in which the Purchase Price may be determined based upon the Fair Market Value of a Share on the first day of such Offering Period, if the Fair Market Value of a Share on the first trading day of such Offering Period is higher than the Fair Market Value of a Share on the first trading day of the immediately subsequent Offering Period and the Purchase Price in such immediately subsequent Offering Period may also be determined based upon the Fair Market Value of a Share on the first day of such immediately subsequent Offering Period, the Participant shall automatically be re-enrolled for such subsequent Offering Period and the amount in the Participant's Plan Account at the time of such re-enrollment in the immediately subsequent Offering Period will instead be used to purchase Shares on the first Purchase Date in such immediately subsequent Offering Period.

(iii) When a Participant reaches the end of an Offering Period but his or her participation is to continue, then such Participant shall automatically be re-enrolled for the Offering Period that commences immediately after the end of the prior Offering Period.

Section 5. EMPLOYEE CONTRIBUTIONS.

(a) **Commencement of Payroll Deductions.** A Participant may purchase Shares under the Plan solely by means of payroll deductions. Payroll deductions shall commence on the first pay day identified by the U.S. Administrative Committee for such purpose, after the Company has received the prescribed enrollment form.

(b) **Amount of Payroll Deductions.** An Eligible Employee shall designate on the prescribed enrollment form the portion of his or her Compensation that he or she elects to have withheld for the purchase of Shares. Such portion shall be a whole percentage of the Eligible Employee's Compensation, but not less than 1% nor more than 10%.

(c) **Discontinuing Payroll Deductions.** If a Participant wishes to discontinue his or her payroll withholding deductions, such Participant may do so by filing a new enrollment form with the Company at the prescribed location at any time. The withholding shall be suspended effective as

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

soon as reasonably practicable after the Company has received such form but the amount then credited to the Participant's Plan Account with respect to such Offering Period shall be used to purchase Shares on the next Purchase Date in accordance with Section 8 below. (In addition, employee contributions may be discontinued automatically pursuant to Section 9(b).)

(d) **Increasing Withholding Rate.** If a Participant wishes to increase his or her rate of payroll withholding, such Participant may do so by filing a new enrollment form with the Company during periods of time or windows authorized by the U.S. Administrative Committee for such purpose. The new withholding rate may be effective on the first day of the next-upcoming Purchase Period, provided that the Participant has filed the enrollment form with the Company at the prescribed location at least 10 business days (or such other period as the U.S. Administrative Committee or its designee may designate) prior to such day. The new withholding rate may be any whole percentage of the Participant's Compensation, but not less than 1% nor more than 10%. For the avoidance of doubt, an increase in a Participant's rate of payroll withholding may not take effect during a Purchase Period that is already in progress.

Section 6. WITHDRAWAL FROM THE PLAN.

(a) **Withdrawal.** A Participant may elect to withdraw from the Plan (or, if applicable, from an Offering Period) by filing the prescribed form with the Company at the prescribed location at any time before the deadline set by the U.S. Administrative Committee before a Purchase Date. As soon as reasonably practicable thereafter, payroll deductions shall cease and the entire amount credited to the Participant's Plan Account with respect to such Offering Period shall be refunded to him or her in cash, without interest. No partial withdrawals from an Offering Period shall be permitted.

(b) **Re-Enrollment After Withdrawal.** A former Participant who has withdrawn from the Plan shall not be a Participant until he or she re-enrolls in the Plan under Section 4(c). Re-enrollment may be effective only at the commencement of an Offering Period.

Section 7. CHANGE IN EMPLOYMENT STATUS.

(a) **Termination of Employment.** Termination of employment as an Eligible Employee for any reason, including death, shall be treated as an automatic withdrawal from the Plan under Section 6(a). (A transfer from one Participating Company to another shall not be treated as a termination of employment, provided that each Participating Company is then participating in the same Offering Period.)

(b) **Leave of Absence.** For purposes of the Plan, employment shall not be deemed to terminate when the Participant goes on a military leave, a sick leave or another *bona fide* leave of absence, if the leave was approved in writing by the Company or the Participating Company that employs such participant. Employment, however, shall be deemed to terminate on the first day following three months after the Participant goes on a leave, unless a contract or statute guarantees his or her right to return to work. Employment shall be deemed to terminate in any event when the approved leave ends, unless the Participant immediately returns to work.

(c) **Death.** In the event of the Participant's death during an Offering Period, the amount credited to his or her Plan Account shall be paid to a beneficiary designated by him or her for this purpose on the prescribed form or, if none, to the Participant's estate. Such form shall be valid only if it was filed with the Company at the prescribed location before the Participant's death.

Section 8. PLAN ACCOUNTS AND PURCHASE OF SHARES.

(a) **Plan Accounts.** The Company shall maintain a Plan Account on its books in the name of each Participant. Whenever an amount is deducted from the Participant's Compensation under the Plan, such amount shall be credited to the Participant's Plan Account. Amounts credited to Plan Accounts shall not be trust funds and may be commingled with the Company's general assets and applied to general corporate purposes. No interest shall be credited to Plan Accounts.

(b) **Purchase Price.** Except to the extent provided otherwise by the U.S. Administrative Committee for a specific Offering Period or Periods, the Purchase Price for each Share purchased on a Purchase Date shall be 95% of the Fair Market Value of such Share on the Purchase Date. Notwithstanding the foregoing, the U.S. Administrative Committee shall have the authority and discretion to set different Purchase Price methodologies for individual Offering Periods; provided, that in all events the Purchase Price shall not be less than the lesser of:

(i) 85% of the Fair Market Value of such Share on the first day of the applicable Offering Period (as determined under Section 4(e)); or

(ii) 85% of the Fair Market Value of such Share on the Purchase Date.

NIELSEN HOLDINGS PLC 2016 EMPLOYEE SHARE PURCHASE PLAN

(c) **Number of Shares Purchased.** On each Purchase Date, each Participant shall be deemed to have elected to purchase the number of Shares calculated in accordance with this Section 8(c), unless the Participant has previously elected to withdraw from the Offering Period in accordance with Section 6(a). The amount then in the Participant's Plan Account shall be divided by the Purchase Price, and the number of Shares that results shall be purchased from the Company with the funds in the Participant's Plan Account. The foregoing number of Shares purchasable by a Participant are subject to the limitations set forth in Section 9. The U.S. Administrative Committee may determine with respect to all Participants that any fractional Share, as calculated under this Section 8(c), shall be rounded down to the next lower whole Share.

(d) **Available Shares Insufficient.** In the event that the aggregate number of Shares that all Participants elect to purchase with respect to a particular Purchase Period exceeds (i) the number of Shares that were available under Section 3 above for sale under the Plan on the first day of the applicable Offering Period, or (ii) the number of Shares that were available under Section 3 above for sale under the Plan on the applicable Purchase Date, then the number of Shares to which each Participant is entitled shall be determined by multiplying the number of Shares available for issuance by a fraction. The numerator of such fraction is the number of Shares that such Participant has elected to purchase, and the denominator of such fraction is the number of Shares that all Participants have elected to purchase. The Company may make a pro rata allocation of the Shares available on the first day of an applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional Shares for issuance under the Plan by the Company's shareholders subsequent to such date. In the event of a pro-rata allocation under this Section 8(d), the U.S. Administrative Committee may determine in its discretion to continue all Offering Periods then in effect or terminate all Offering Periods then in effect pursuant to Section 14.

(e) **Issuance of Shares.** The Shares purchased by a Participant under the Plan may be registered in the name of such Participant. The Company may permit or require that Shares be deposited directly with a broker designated by the Company or to a designated agent of the Company, and the Company may utilize electronic or automated methods of share transfer. The Company may require that Shares be retained with such broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such Shares. (The two preceding sentences shall apply whether or not the Participant is required to pay income tax in the United States.) Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a Participant will only have the rights of an unsecured creditor with respect to such Shares, and no right to vote or receive dividends or any other rights as a shareholder will exist with respect to such Shares.

(f) **Tax Withholding.** To the extent required by applicable federal, state, local or foreign law, a Participant shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any Shares under the Plan until such obligations, if any, are satisfied. In addition, the Company may, but will not be obligated to, withhold from the proceeds of the sale of Shares or any other method of withholding the Company deems appropriate to the extent permitted by U.S. Treasury Regulation Section 1.423-2(f).

(g) **Unused Cash Balances.** Subject to the final sentence of Section 8(c), an amount remaining in the Participant's Plan Account that represents the Purchase Price for any fractional Share shall be carried over in the Participant's Plan Account to the next Purchase Period. Any amount remaining in the Participant's Plan Account that represents the Purchase Price for whole Shares that could not be purchased by reason of Section 8(c) or Section 8(d) above or Section 9(b) shall be refunded to the Participant in cash, without interest.

(h) **Shareholder Approval.** Any other provision of the Plan notwithstanding, no Shares shall be purchased under the Plan unless and until the Company's shareholders have approved the adoption of the Plan.

Section 9. PLAN LIMITATIONS.

(a) **Five Percent Limit.** Any other provision of the Plan notwithstanding, no Participant shall be granted a right to purchase Shares under the Plan if such Participant, immediately after his or her election to purchase such Shares, would own Shares and would hold outstanding options to purchase Shares possessing more than 5% of the total combined voting power or value of all classes of the capital shares of the Company or any Parent or Subsidiary of the Company, determined in accordance with applicable tax law.

NIELSEN HOLDINGS PLC 2016 EMPLOYEE SHARE PURCHASE PLAN

(b) **Dollar Limit.** Any other provision of the Plan notwithstanding, no Participant shall purchase Shares with a Fair Market Value in excess of the following limit:

(i) In the case of Shares purchased during an Offering Period that commenced in the current calendar year, the limit shall be equal to (A) \$25,000 minus (B) the Fair Market Value of the Shares that the Participant previously purchased under the Plan in the current calendar year.

(ii) In the case of Shares purchased during an Offering Period that commenced in the immediately preceding calendar year, the limit shall be equal to (A) \$50,000 minus (B) the Fair Market Value of the Shares that the Participant previously purchased under the Plan in the current calendar year and in the immediately preceding calendar year.

(iii) In the case of Shares purchased during an Offering Period that commenced in the second calendar year before the current calendar year, the limit shall be equal to (A) \$75,000 minus (B) the Fair Market Value of the Shares that the Participant previously purchased under the Plan in the current calendar year and in the immediately preceding two calendar years.

For all purposes under this Section 9(b), (A) the Fair Market Value of Shares shall be determined as of the beginning of the Offering Period in which such Shares are purchased; and (B) this Plan shall be aggregated with any other employee share purchase plans of the Company (or any Parent or Subsidiary of the Company) described in Code Section 423. If a Participant is precluded by this Section 9(b) from purchasing additional Shares under the Plan, then his or her employee contributions shall automatically be discontinued and shall automatically resume at the beginning of the earliest Purchase Period ending in the next calendar year (if he or she then is an Eligible Employee).

(c) **Purchase Period Share Purchase Limit.** Any other provision of the Plan notwithstanding, no Participant shall purchase more than 850 Shares with respect to any Purchase Period; provided, that the U.S. Administrative Committee may, for future Offering Periods, increase or decrease in its absolute discretion, the maximum number of Shares that a Participant may purchase during each Purchase Period.

Section 10. RIGHTS NOT TRANSFERABLE.

The rights of any Participant under the Plan, or any Participant's interest in any Shares or cash to which he or she may be entitled under the Plan, shall not be transferable by voluntary or involuntary assignment or by operation of law, or in any other manner other than by beneficiary designation or the laws of descent and distribution. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interest under the Plan, other than by beneficiary designation or the laws of descent and distribution, then such act shall be treated as an election by the Participant to withdraw from the Plan under Section 6(a).

If permitted by the U.S. Administrative Committee, a Participant may file a designation of a beneficiary who is to receive any Shares and cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to a Purchase Date on which the option is exercised but prior to delivery to such Participant of such Shares and cash. In addition, if permitted by the U.S. Administrative Committee, a Participant may file a designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death prior to exercise of the option. If a Participant is married and the designated beneficiary is not the spouse, spousal consent will be required for such designation to be effective.

Section 11. NO RIGHTS AS AN EMPLOYEE.

Nothing in the Plan or in any right granted under the Plan shall confer upon the Participant any right to continue in the employ of a Participating Company for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Participating Companies or of any Participant, which rights are hereby expressly reserved by each, to terminate the employment of such Participant at any time and for any reason, with or without cause, in each case subject to the requirements of applicable law.

Section 12. NO RIGHTS AS A SHAREHOLDER.

A Participant shall have no rights as a shareholder with respect to any Shares that he or she may have a right to purchase under the Plan until such Shares have been purchased on the applicable Purchase Date and until the Participant has been registered as the holder of such Shares on

the books and records of the Company.

Section 13. SECURITIES LAW REQUIREMENTS.

Shares shall not be issued, and the Company shall have no liability for failure to issue Shares, under the Plan unless the issuance and delivery of such Shares complies with (or is exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange or other securities market on which the Company's securities may then be traded.

Section 14. ADMINISTRATION, AMENDMENT OR DISCONTINUANCE.

(a) **Administrative Prerogatives.** Subject to the provisions of Section 2(a), the Plan will be administered by the U.S. Administrative Committee, and the U.S. Administrative Committee will be constituted to comply with all applicable laws. The U.S. Administrative Committee will have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan, to designate separate Offering Periods, to designate Subsidiaries as Participating Companies, to determine eligibility, to adjudicate all disputed claims filed under the Plan, to establish, amend, suspend, or waive any rules and regulations and appoint such agents as the U.S. Administrative Committee shall deem appropriate for the proper administration of the Plan and to establish such procedures that it deems necessary for the administration of the Plan (including, without limitation, to adopt such procedures and separate Offering Periods as are necessary or appropriate to permit the participation in the Plan by employees who are foreign nationals or employed outside the U.S., the terms of which separate Offering Periods may take precedence over other provisions of this Plan, with the exception of Section 3(a) hereof, but unless otherwise superseded by the terms of such separate Offering Periods, the provisions of this Plan shall govern the operation of each such separate Offering Period). Without limiting the generality of the foregoing, the U.S. Administrative Committee is specifically authorized to adopt rules and procedures regarding eligibility to participate, the definition of Compensation, handling of contributions, making of contributions to the Plan (including, without limitation, in forms other than payroll deductions), establishment of bank or trust accounts to hold payroll contributions, payment of interest, conversion of local currency, obligations to pay payroll tax, determination of beneficiary designation requirements, withholding procedures and handling of share certificates that vary with applicable local requirements. The U.S. Administrative Committee also is authorized to determine that, to the extent permitted by U.S. Treasury Regulation Section 1.423-2(f), the terms of an option granted under the Plan or an Offering Period to citizens or residents of a non-U.S. jurisdiction will be less favorable than the terms of options granted under the Plan or the same Offering Period to employees resident solely in the U.S. Every finding, decision and determination made by the U.S. Administrative Committee will, to the full extent permitted by law, be final and binding upon all parties.

(b) **General Rule on Amendments and Termination.** The Committee, in its sole discretion, may amend, suspend, or terminate the Plan, or any part thereof, at any time and for any reason. If the Plan is terminated, the Committee, in its discretion, may elect to terminate all outstanding Offering Periods either immediately or upon completion of the purchase of Shares on the next Purchase Date, or may elect to permit Offering Periods to expire in accordance with their terms (and subject to any adjustment pursuant to Section 3(b) or Section 3(c)). If the Offering Periods are terminated prior to expiration, all amounts then credited to Participants' accounts which have not been used to purchase Shares will be returned to the Participants (without interest thereon, except as otherwise required under local laws) as soon as administratively practicable.

(c) **U.S. Administrative Committee's Discretion.** Without shareholder consent and without limiting Section 14(b), the U.S. Administrative Committee will be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Shares for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as it determines in its sole discretion to be advisable and which are consistent with the Plan.

This Directors' Compensation Report contains the Statement from the Compensation Committee Chairperson and the Annual Report on Directors' Compensation.

STATEMENT FROM THE COMPENSATION COMMITTEE CHAIRPERSON

Compensation Philosophy

Executive Directors

Nielsen's executive compensation program which applies to our Executive Director, Mitch Barns as Chief Executive Officer (CEO), is designed to incent and reward the executive team to deliver sustained financial performance and long-term value to shareholders. The primary objectives of Nielsen's executive compensation program are to:

attract and retain top executive talent

motivate executives to accomplish short-term business performance goals that drive planned long-term business objectives and deliver long-term sustainable value to shareholders

align executive interests and rewards with long-term shareholder value

differentiate rewards based on quantitative assessments of business financial performance and individual contributions towards core objectives

Non-Executive Directors

Our compensation program for Non-Executive Directors is designed to attract and retain Directors who possess the requisite knowledge, skills, and experience to support and oversee the Company. Our policy is to deliver a substantial portion of Directors' compensation in the form of Deferred Stock Units (DSUs) in order to align rewards to Nielsen's long-term performance and create shareholder value. A DSU represents an unfunded and unsecured right to receive one Nielsen share following the termination of the Director's services. Each Director is required to acquire and maintain a threshold level of share ownership. Our share ownership guidelines for Directors are described in our 2016 Proxy Statement under Director Compensation.

2015 Compensation Program Changes and Highlights

Executive Director Program

Our Directors' Compensation Policy applies to our Executive Director, as CEO. In 2015 we consulted extensively with shareholders. The outreach discussions were wide-ranging, constructive, and yielded useful feedback on our compensation programs and their disclosure. We

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

received 98% shareholder approval of our Executive Director compensation programs in 2015, up from 77% in the prior year. A Nielsen Board Director (either the Chairman of the Compensation Committee, the Board's Lead Independent Director, or the Chairman of the Nomination and Corporate Governance Committee) participated in each meeting.

DIRECTORS COMPENSATION REPORT

The Committee took actions consistent with the Company’s philosophy and commitment to align with shareholder value, promote meritocracy and ensure good corporate governance. The changes made by the Committee are set out in the following table.

Modifications to peer groups The Company uses 2 peer groups each of whose composition is reviewed annually by the Committee

The Executive Compensation Peer Group is used as one of the factors in determining pay for Executive and Non-Executive Directors. The peer group companies are selected based on business relevance and size as measured by revenue and market capitalization. In 2015 we removed Teradata Corp and Dun & Bradstreet, Inc. from the list and added Adobe Systems. The full peer group is disclosed in our 2016 Proxy Statement under Compensation Practices and Governance Benchmarking.

The Long Term Performance Plan (LTPP) Peer Group is used to benchmark our relative Total Shareholder Return performance pursuant to this plan. Companies in the peer group are selected to represent a comparable investment profile to Nielsen by virtue of their being in comparable businesses or being representative of the markets we serve. To better align the peer group with this purpose, in 2015 the Committee added four companies to the group: IMS Health Holdings, Inc., Moodys, Viacom, and WPP. The full peer group is disclosed in our 2016 Proxy Statement under How Pay Decision are Made Long-Term Performance Plan (LTPP).

Adjustments to Long-term Performance Plan (LTPP) payout formula

After reviewing shareholder feedback, the Committee adjusted the formula for LTPP plan payouts for the 2015 and future awards, so that payments under the relative TSR component of the plan will be capped at target in the event that absolute TSR over the performance period is negative.

Adjustments to Annual Incentive Plan payout policy

The Committee approved two modifications to the annual incentive plan:

1. We discontinued our practice of setting individual incentive targets at the level of prior year payouts (PYPO). While the PYPO method had served its initial purpose well particularly in establishing our culture of meritocracy its effect over time tended to restrict our ability to provide market competitive and motivating targets for segments of our employee population. We decided therefore to revert to the more traditional approach of setting a target opportunity each year with reference to market benchmark and pay mix guidelines among other factors.

In tandem with this change we simplified the description of the formula by which the incentive pool is funded such that 100% EBITDA performance to target equates to 100% pool funding.

Base Salary

2. Additionally, the Committee noted that the proportion of equity in executives total annual pay mix had reached the targeted range. Therefore for the 2016 plan year we decided that annual incentive payouts would revert to being paid 100% in cash (versus 75% cash and 25% in Restricted Stock Units that had been our practice since 2013). The Committee re-affirmed its policy to review salaries in intervals of 24-36 months (except in the event of a role change or other special circumstances). Increases in compensation will be more heavily weighted to equity in order to further emphasize long-term equity in the executive pay mix.

We believe that the individual components and levels of compensation paid to Nielsen’s Executive Director are consistent with our philosophy and are serving their purposes well motivate accomplishment of annual performance goals that drive long-term business objectives and deliver sustainable long-term value to our shareholders. We will continue to monitor the design and effectiveness of our executive compensation programs as they apply to our Executive Director annually and make modifications as appropriate.

Non-Executive Director Program

In December 2014, following its annual review of Non-Executive Director compensation the Board approved the addition of a Lead Independent Director fee in the amount of \$30,000 and appointed Mr. Attwood to the role of Lead Independent Director, to be effective January 1, 2015.

Mr. Calhoun stepped down as Chairman of the Board effective December 31, 2015 but continues to serve as a Non-Executive Director. Mr. Attwood was appointed Chairman of the Board effective January 1, 2016 having previously served as the Company's Lead Independent Director during 2015. The Board approved fees and an annual DSU Grant for Mr. Attwood within the terms of our policy.

DIRECTORS COMPENSATION REPORT

Following its annual review of Non-Executive Director compensation the Board approved the following changes in Director compensation within the terms of our policy and which are expected to be in force for the next three years.

Compensation Component (Annual)	2015	Future
Board Fees ¹	\$ 80,000	\$ 80,000
Lead Independent Director	\$ 30,000	\$ 30,000
Board Chair Fee ²	None	\$150,000

Equity Grant ³	\$135,000	\$160,000

1 Directors may elect to receive Board fees in cash or in DSUs.

2 Board Chair fees are paid 50% in cash and 50% in DSUs. The Board Chair may elect to receive the cash portion in DSUs.

3 The annual equity grant is delivered in DSUs and vests in equal installments each quarter over 1 year.

The Board believes these changes were necessary to maintain a competitive compensation package and to continue to attract and retain talented members of our Board who possess the requisite knowledge, skills, and experience to support and oversee the Company.

On December 31, 2015 Mr. Calhoun resigned his position as Chairman of the Board but will continue to serve as a Board Director. The terms of Mr. Calhoun's Transition Agreement governing his transition from CEO to Chairman effective January 1, 2014 (disclosed below) expired on December 31, 2015. As a consequence the Board approved Director fees and an annual equity grant for Mr. Calhoun within the terms of our policy and equivalent to the compensation paid to other similarly situated Directors.

Mr. Attwood was appointed Chairman of the Board effective January 1, 2016 having previously served as the Company's Lead Independent Director during 2015.

Effective January 11, 2016, Mr. Navab resigned his position as a Non-Executive Director.

Performance Against Performance Targets for Annual Incentive for our Executive Director

A maximum annual incentive payout fund for the CEO is determined by a formula which calculates 2% of Adjusted EBITDA performance and allocates it to each executive officer in proportions ranging between 10% and 18% of the fund. This yielded a maximum fund of \$6,689,000 for the CEO. The Committee exercises negative discretion to determine final payouts using the Annual Incentive Plan Formula (described below). This qualifies payouts under the plan as tax deductible under US tax code Section 162(m).

Annual Incentive Plan Formula

The funding/initial payout formula (shown below) correlates Bonus Funding EBITDA (as defined on page C-2 of the Directors Compensation Policy) growth from the prior year with payout percentages indexed to target opportunities. For 2015, a funding/initial payout of 100% is achieved when Bonus Funding EBITDA performance meets the target of 7% growth. Maximum funding and individual payouts are capped at

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

200% of target. Threshold performance yields a payout/initial funding of 70%. If performance falls between the benchmark performance targets, the payout amount is calculated using interpolation between those benchmarks. If performance falls below the threshold no payouts are funded

2015 Performance -Payout Formula

Exceptional	114%	114%
Target	107%	100%
Actual Performance	107%	100%
Minimum	97%	70%
< Minimum	<97%	Zero

Additionally, the Committee considers total company financial performance and the Executive Director's contribution to that performance. Performance against objectives is assessed and consideration given to qualitative factors such as degree of difficulty, extraordinary market circumstances and leadership impact. As a result, the initial payout may be adjusted up or down to ensure that total performance is reflected in the final payout.

2015 Results

The 2015 Bonus Funding EBITDA achievement was 7% growth over prior year. Consequently the plan funded at 100% and the initial payout was set at 100% of the Executive Director's target bonus opportunity.

Before approving the incentive plan funding, the Committee assessed the Company's FCF performance against annual plan objectives. The Committee has discretion to reduce the fund by up to 30% if FCF falls short of objectives. There is no discretion to increase the fund in the event that FCF performance exceeds objectives.

We define FCF as net cash provided by operating activities less capital expenditure.

The Committee reviewed the Company's FCF performance, which represented 18% growth over prior year and decided that the performance was within the target range expected. The Committee made no reduction to the incentive funding.

¹ The 2013 award was made in the form of restricted shares. We were required to issue the maximum number of shares that may become payable under the plan. The target number of shares granted was 25,000. Actual payout is subject to the Company's performance against the performance metrics of the plan as disclosed in Summary of NEO Pay Decisions 2013 LTPP Performance Payouts contained in the 2016 Proxy Statement.

LTPP participants are awarded a target number of performance RSUs (PRSUs) that are earned subject to the Company's performance against two cumulative three-year performance metrics, RTSR and FCF, with assigned ratings of 40% and 60% respectively. The Committee decided to assign more weight to the FCF metric over which executives have relatively more direct control. Our Committee has decided not to disclose the actual FCF targets because it is commercially sensitive information.

The following sets forth the LTPP performance thresholds for LTPP grants made in 2013, 2014 and 2015

DIRECTORS COMPENSATION REPORT

Statement of the Directors Shareholding and Share Interests

In 2011, our Board of Directors adopted share ownership guidelines, pursuant to which our Directors who receive fees for their services are required to maintain equity ownership in our Company. The share ownership guideline for our Executive Director is six times his base salary and for our Non-Executive Directors is five times their annual fees (including Board Retainer, Board Chair, Lead Independent Director and Committee Chair Fees). Shares beneficially owned by these Directors, including vested DSUs and jointly-owned shares, are included in the calculation. These Directors are expected to meet the guidelines within five years from the later of the adoption of the guidelines or their appointments as a Director or the commencement of the receipt of Director fees. A Director may not sell or dispose of shares for cash unless the share ownership policy is satisfied. The share ownership guidelines are reviewed annually in January at which time the guideline is re-calculated for any Directors who have not yet met the guidelines using the prevailing annual salary and the closing share price of a Nielsen common share on the last day in the prior trading year. No re-calculation is performed for Directors who have met their guideline. As of December 31, 2015, six of the Directors have met the guidelines and five of the Directors were still working toward meeting their guideline. The following table provides details on the Directors' shareholdings as at December 31, 2015:

Performance Graph

The chart below shows the cumulative TSR of Nielsen stock assuming an initial \$100 investment over the period beginning on January 26, 2011 and ending December 31, 2015. This period represents the entire period that Nielsen stock has been publicly traded. In 2013, we introduced our dividend policy and share repurchase program. We have compared our performance to the S&P 500 and to a market cap-weighted composite of the peer group we use to measure total shareholder return in our LTPP. We believe these two indices are key to measuring our performance in our industry.

Percentage Change in the Chief Executive Officer s Compensation Compared to Employees

The table below shows the percentage year-on-year change in salary and bonus earned by the CEO between the year ended December 31, 2015 and the year ended December 31, 2014 compared to the average compensation for US-based associates that participated in our Annual Incentive Plan during each year. This comparative employee group was chosen as the make-up and calculation of their compensation for the categories in the table below most closely resembles that of our CEO. As the majority of our CEO s taxable benefits are related to expatriate/relocation benefits that are not applicable to the comparable employee group, this compensation category has been excluded from the below table.

Consideration by the Directors of Matters Relating to Directors Compensation

In 2015, the Committee consisted of the following members:

Harish Manwani

Alex Navab

Vivek Ranadive

Javier Teruel (Chair)

The Committee and the Board are responsible for determining the compensation of our Directors and regularly reviews the philosophy and goals of the Director compensation program and assesses the effectiveness of compensation practices and processes. The Committee sets performance goals and assesses performance against these goals. The Committee and the Board operate independently of management and consider the recommendations and market data provided by its independent consultant when reviewing and making compensation decisions. The CEO does not participate in the Committee and Board discussions regarding his own compensation. The Committee and the Board make their decisions based on their assessment of both Nielsen and individual performance against goals, market data provided by their independent compensation consultant, and on their judgment as to what is in the best interests of Nielsen and its shareholders.

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

The Committee is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate and shall have the sole authority to retain, oversee the work of, obtain advice from and terminate any compensation consultant, independent legal counsel or other adviser. The Company shall provide appropriate funding, as determined by the Committee, for payment of reasonable compensation to any compensation consultant, independent legal counsel or other advisers retained by the Committee, as well as funding for the payment of ordinary administration expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee undertakes an independence assessment prior to selecting any compensation consultant, legal counsel or other advisors that will provide advice to the Committee (other than in-house legal counsel) taking into account such factors as may be required by the New York Stock Exchange, the UK Companies Act 2006 and any other relevant legislation or regulation from time to time.

Any compensation consultant retained by the Committee to assist it in connection with setting the amount or form of Director compensation (other than any role limited to consulting on any broad-based plan that does not discriminate in

The Committee shall evaluate, on at least an annual basis, whether any work provided by the Committee's compensation consultant raised any conflict of interest.

The Committee retains Meridian Compensation Partners, LLC (Meridian) as its compensation consultant. Meridian has provided market data and perspective on Executive and Non-Executive Director compensation and related governance. Meridian and its affiliates did not provide any services to Nielsen or its affiliates in 2015 other than executive and Director compensation consulting to the Committee. Discussions between Meridian and Nielsen management are limited to those necessary to complete work on behalf of the Committee.

The Committee determined that Meridian and its lead consultant for Nielsen satisfy the independence factors described in the NYSE listing rules. The Committee also determined that the work performed by Meridian in 2015 did not raise any conflict of interest issues.

In 2015, Nielsen paid \$264,325 to Meridian for services rendered.

Implementation of Policy in 2016

Our 2016 Directors Compensation Policy has been implemented. All Executive and Non-Executive compensation complies with our Policy.

Long-Term Incentive (LTI)	Deliver long-term sustainable performance and align Executive Director rewards with long-term returns delivered to shareholders	Payouts are subject to recoupment under the terms of Nielsen's Clawback policy LTI award values are determined each year by reference to (1) our pay for performance philosophy, (2) market benchmark compensation data, (3) the Director's individual performance and contributions to the success of the business in the prior year, (4) company performance, (5) current pay mix, (6) role changes, and (7) prior year award

DIRECTORS COMPENSATION POLICY

Performance Measure Selection

The measures used under the AIP and the LTPP are reviewed and approved by the Committee annually. The other elements in the table above are not subject to the accomplishment of specific performance targets.

We strive to create a culture that reflects our core values of Open, Simple, and Integrated. Our incentive compensation programs reinforce the values by focusing all employees on simple unifying objectives. To that end, the CEO and other executives participate in the same annual incentive plan applicable to managerial employees. The plan is currently funded based on company EBITDA performance. The EBITDA target for incentive plan funding purposes is the equivalent of the EBITDA target approved in our annual operating plan. The target is intended to deliver aggressive EBITDA growth over the prior year and offer a challenging yet achievable goal for participants. Nielsen's business EBITDA growth is highly correlated to the creation of shareholder value and is an effective measure of Executive Director's contributions to short-term company performance. Before approving the incentive funding the Committee reviews the Company's annual free cash flow (FCF) performance and has the discretion to reduce the fund by up to 30% if performance falls short of objectives. There is no discretion to increase the incentive fund in the event that FCF exceeds objectives.

Two cumulative three-year performance metrics measure performance under the LTPP. FCF and relative total shareholder return (RTSR) were chosen due to their strong alignment with the long-term returns experienced by our shareholders. FCF is assigned a weighting of 60% to reflect the fact that executives have relatively more direct control over this metric. Specific FCF targets cannot be disclosed for competitive reasons but are aligned with the aggressive targets approved in the 3-year strategic plan and with our long-term guidance issued to investors. RTSR was assigned a weighting of 40%.

Under the rules governing the design and operation of the AIP and LTPP, the Committee has the discretion to select other performance metrics as business conditions may dictate in the future.

Remuneration Policy for Other Employees

The remuneration policy for other employees is based on the same philosophy and principles that govern the remuneration policy for Executive Directors. Annual salary reviews take into account company and individual performance, local pay and market conditions, and salary levels for similar roles in the relevant geographies. Senior executives are eligible to participate in the AIP and in LTI programs on similar terms as the Executive Directors. Managerial and professional employees are eligible to participate in the AIP provided for executives; opportunities vary by organizational level and an individual's role. Some employees below executive level are eligible to participate in the Stock Option and RSU components of the LTI program; opportunity levels are commensurate with organizational level.

Loss of Office and Service Agreements

In general we do not provide employment agreements for Executive Directors. The principal terms of employment for Executive Directors are as provided to other eligible employees with the exception of certain de minimis benefits (described within) and certain payments provided in the event the Executive Director is terminated not for cause or resigns for good reason (as defined in the documents referenced below under Potential Payments Upon Termination or Change-In-Control). In certain circumstances the Committee may provide employment agreements for Executive Directors where it is essential for continued sound governance.

Potential Payments Upon Termination or Change-In-Control

Severance terms for Executive Directors are defined, depending on the Executive Director's prior service and eligibility, in either The Management Stockholder's agreement connected with our former 2006 Stock Incentive Plan or the Executive Director's offer of employment letter or where applicable, the Executive Director's employment agreement.

In the event of termination of the Executive Director not for cause or his/her resignation for good reason as defined in the above documents, our severance policy provides for:

Base salary continuation of up to 24 months

Continuation of health benefits at active employee rates for the same period as salary continuation

DIRECTORS COMPENSATION POLICY

Annual incentive payment for the year of termination in accordance with the plan rules paid pro-rata based on service performed in the year of termination.

Executive outplacement services

Additionally, under the terms of the 2010 Nielsen Holdings Stock Incentive Plan (2010 Plan) if the Executive Director is terminated by the Company without cause or the Executive Director resigns for good reason (as those terms are defined in the plan document) they will forfeit all unvested equity as of the date of termination with the following exceptions:

LTPP: Executive Directors will receive a payout on the regularly scheduled payout date reduced pro-rata to their service through the performance period, calculated as number of days between the beginning of the performance period and the termination date divided by 1095.

Option and RSU Awards: Pro-rata vesting of the equity tranche that would have vested, but for the termination, in the 12 months following the termination date calculated by the number of days between the most recent vesting and the termination date divided by 365.

The Committee has the discretion to adjust the above payments in the event of extraordinary circumstances including but not limited to approved retirements, death, and permanent disability.

Change-In-Control Policy

For equity awards made in 2011 or later, under the 2010 Plan, as amended, unvested options and RSUs do not vest automatically in the event of a change-in-control.

Clawback Policy

Our clawback policy requires the Executive Director, in all appropriate cases, to repay or forfeit any bonus, short-term incentive award or amount, or long-term incentive award or amount awarded to the Executive Director, and any non-vested equity-based awards previously granted to the Executive Director if:

The amount of the incentive compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error; and

The Executive Director engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error, and

The amount of the incentive compensation that would have been awarded to the Executive Director, had the financial results been properly reported, would have been lower than the amount actually awarded.

Recruitment of Executive Directors

The compensation package for a new Executive Director will be set in accordance with the terms of the Directors Compensation Policy as set forth above or in force at the time of appointment or hiring. In determining the appropriate remuneration structure and levels, the Committee will take into consideration all relevant factors to ensure that arrangements are in the best interests of the Company and its shareholders.

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

In addition, to facilitate the recruitment of an individual to an Executive Director position, the Committee can use cash and/or LTI awards to buy-out previously-granted incentive awards and no limits will apply under this policy.

For external hires and internal appointments we may provide certain relocation reimbursements or allowances including expatriate benefits within limits set by the Committee that fairly reimburse Executive Directors for expenses incurred and provide for a smooth transition free of unnecessary distractions.

Consideration of Conditions Elsewhere in the Company

The Committee does not consult with employees specifically on its Executive Director compensation policy and framework however, when determining pay for Executive Directors, the Committee takes into account several data elements including but not limited to:

company and individual performance

Consideration of Shareholder Views

On a regular basis, the Committee engages with shareholders to solicit direct input regarding its Executive Director compensation programs. Input provided during these meetings and from shareholder advisory firms is used to shape our compensation programs. The majority of shareholders continue to express support for our compensation programs.

Illustration of Application of Compensation Policy for Executive Directors

The estimated compensation amounts received by the Executive Directors which group currently includes only our CEO are shown in the following graph, for the first full year (2016) in which the policy applies.

The amounts show payments at three levels of performance threshold, target and maximum

For the purpose of this illustration the following components values are constant at each level of performance:

Salary: reflects annualized rate for 2016

Restricted stock units: planned grant date fair value in 2016¹

Stock options: planned grant date fair value in 2016¹

Benefits: Estimated based on 2015 figures and 2016 premium or reimbursement rates including 401k savings match, relocation benefits, health and welfare perquisite, tax planning perquisite, and dividend equivalents accrued on unvested restricted stock units arising from the equity award granted on July, 26 2012 before the introduction of our dividend policy

Pension: reflects estimated aggregate change in the actuarial present value of accumulated benefits under the plan
The following components values vary by each level of performance:

Edgar Filing: Nielsen Holdings plc - Form DEF 14A

AIP: reflects potential cash payouts based solely on the plan's incentive funding formula

LTPP: reflects the fair value¹ at grant date at target and percentage payouts of target in accordance with the plan design at threshold and maximum levels of performance.

Both of the above values will differ from the actual payments earned by Mr. Barns under the 2015 AIP and 2013 LTPP and paid to him in February, 2016. Payment details are disclosed in our 2016 Proxy Statement under Summary Compensation Table.

¹ Calculated in accordance with IFRS 2, Share-based Payments. For a discussion of the assumptions and methodologies used to value the awards granted in 2015 please see Note 16 Stock based compensation to our audited consolidated financial statements, included in our Annual Report for the year ended December 31, 2015. In all cases the values reported assume no share price change relative to closing price of a Nielsen share on the date of grant.

DIRECTORS COMPENSATION POLICY

Compensation Policy for Non-Executive Directors

As of the effective date of this Policy, all of our Directors, with the exception of Mitch Barns, our CEO, are Non-Executive Directors.

Purpose

Nielsen's Compensation Policy for our Non-Executive Directors is designed to:

attract and retain talented individuals to help oversee the Company as members of the Board of Directors

align with the market value of the role and,

align with long-term shareholder returns.

Practice

The Committee reviews the Non-Executive Director compensation program annually but generally intends to make adjustments every three years unless special circumstances, such as market changes, require otherwise. The Committee last reviewed the program in December, 2015. The values quoted in each category are fixed (i.e., do not vary subject to a performance condition) and therefore represent the current maximum payout opportunity.

The Committee reviews market benchmarking data provided by its independent compensation consultant including information from the Company's Executive Compensation Peer Group, as well as from general industry benchmarks to establish compensation levels that are competitive and serve the stated purpose.

Annual equity grant delivered in DSUs vests in four equal quarterly installments

DSUs accrue dividend equivalents in the form of additional DSUs

Non-Executive Directors will only receive compensation for those services outlined in this Policy. There are no contracts or agreements that provide guaranteed amounts payable for service as a Non-Executive Director of Nielsen, and there are no similar arrangements that provide for any guaranteed compensation (other than for any accrued or deferred amounts, if applicable, for services rendered as a Non-Executive Director) upon a Non-Executive Director's termination of service from our Board of Directors. The Committee may in exceptional circumstances provide compensation that exceeds or is different from that payable to Non-Executive Directors but is aligned with the policy for Executive Directors. An example may include when an Executive Director transitions from company employee to Non-Executive Director. In these cases, the Committee

DIRECTORS' COMPENSATION POLICY

may find it appropriate to elect to continue offering components of the Executive Director compensation program for the former employee as it did for Mr. Calhoun (disclosed in the Directors' Compensation Report). When recruiting a new external Non-Executive Director, the Committee or Board will structure pay in line with the existing policy for Non-Executive Directors set out above.
