include, but are not limited to, statements about the operations, business lines, financial condition, risk management, priorities, targets, ongoing objectives, strategies, the regulatory environment in which we operate and outlook of CIBC for calendar year 2016 and subsequent periods. Forward-looking statements are typically identified by the words believe, expect, anticipate, intend, estimate, forecast, target, object, similar expressions or future or conditional verbs such as will, should, would and could. By their nature, these statements require CIBC to make assumptions and are subject to inherent risks and uncertainties that may be general or specific. A variety of factors, many of which are beyond CIBC's control, affect the operations, performance and results of CIBC, and could cause actual results to differ materially from the expectations expressed in any of CIBC's forward-looking statements. These factors include: credit, market, liquidity, strategic, insurance, operational, reputation and legal, regulatory and environmental risk; the effectiveness and adequacy of CIBC's risk management and valuation models and processes; legislative or regulatory developments in the jurisdictions where CIBC operates, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations issued and to be issued thereunder, the Organisation for Economic Co-operation and Development Common Reporting Standard and regulatory reforms in the United Kingdom and Europe, the Basel Committee on Banking Supervision's global standards for capital and liquidity reform and those relating to the payments system in Canada; amendments to, and interpretations of, risk-based capital guidelines and reporting instructions, and interest rate and liquidity regulatory guidance; the resolution of legal and regulatory proceedings and related matters; the effect of changes to accounting standards, rules and interpretations; changes in CIBC's estimates of reserves and allowances; changes in tax laws; changes to CIBC's credit ratings; political conditions and developments; the possible effect on CIBC's business of international conflicts and the war on terror; natural disasters, public health emergencies, disruptions to public infrastructure and other catastrophic events; reliance on third parties to provide components of CIBC's business infrastructure; potential disruptions to CIBC's information technology systems and services; increasing cyber security risks which may include theft of assets, unauthorized access to sensitive information, or operational disruption; social media risk; losses incurred as a result of internal or external fraud; anti-money laundering; the accuracy and completeness of information provided to CIBC concerning clients and counterparties; the failure of third parties to comply with their obligations to CIBC and its affiliates or associates; intensifying competition from established competitors and new entrants in the financial services industry including through internet and mobile banking; technological change; global capital market activity; changes in monetary and economic policy; currency value and interest rate fluctuations, including as a result of market and oil price volatility; general business and economic conditions worldwide, as well as in Canada, the U.S. and other countries where CIBC has operations, including increasing Canadian household debt levels and global credit risks; CIBC's success in developing and introducing new products and services, expanding existing distribution channels, developing new distribution channels and realizing increased revenue from these channels; changes in client spending and saving habits; CIBC's ability to attract and retain key employees and executives; CIBC's ability to successfully execute its strategies and complete and integrate acquisitions and joint ventures; the risk that expected synergies and benefits of the acquisition of PrivateBancorp, Inc. will not be realized within the expected time frame or at all or the possibility that the acquisition does not close when expected or at all because required regulatory, shareholder or other approvals are not received or other conditions to the closing are not satisfied on a timely basis or at all; and CIBC's ability to anticipate and manage the risks associated with these factors.

This list is not exhaustive of the factors that may affect any of CIBC's forward-looking statements. Additional information about these factors can be found in the Management of Risk section of CIBC's Annual Report for the year ended October 31, 2015 which is incorporated by reference in this Prospectus Supplement and the accompanying Short Form Base Shelf Prospectus. RISK FACTORS

An investment in the Notes is subject to certain risks. Before deciding whether to invest in the Notes, investors should carefully consider the risks set out herein, in the accompanying Short Form Base Shelf Prospectus and incorporated by reference in this Prospectus Supplement and the accompanying Short Form Base Shelf Prospectus. These risks are not the only ones the Bank faces. Additional risks not presently known to the Bank or that it currently deems immaterial may also impair its business operations and even the risks described below may adversely affect its business in ways it has not described or does not currently anticipate. The Bank's business, financial condition or results of operations could be materially adversely affected by any of these risks. In such case, you may lose all or part of your original investment.

Our credit ratings may not reflect all the risks of your investment in the Notes; downgrades or other changes in our credit ratings could affect our financial results and reduce the market value of the Notes.

The Bank's credit ratings are an assessment by rating agencies of the Bank's ability to pay its debts and deposit liabilities when due. These credit ratings may not reflect the potential impact of risks relating to the structure or marketing of the Notes; additional factors discussed in this Prospectus Supplement, in the accompanying Short Form Base Shelf Prospectus or in the documents incorporated by reference herein or therein and other factors that may affect the value of the Notes. Ratings are not a recommendation to buy, sell or hold any security; and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

The value of the Notes will be affected by the general creditworthiness of the Bank. Prospective investors should consider the categories of risks identified and discussed in the Bank's annual information form and management's discussion and analysis of results of operations for the year ended October 31, 2015 and the Bank's management's discussion and analysis of results of operations for the three-month and nine-month periods ended July 31, 2016, each of which is incorporated by reference in this Prospectus Supplement and the accompanying Short Form Base Shelf Prospectus, including credit risk, market risk, liquidity risk, operational risk, reputational and legal risk, regulatory risk and environmental risk. There is no assurance that the credit ratings assigned to the Notes or the Bank will remain in effect for any period of time or that they will not be lowered. Real or anticipated changes in credit ratings on the Bank's deposit liabilities may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which the Bank can transact or obtain funding, and thereby affect the Bank's liquidity, business, financial condition or results of operations and, therefore, the Bank's ability to make payments on the Notes could be adversely affected.

The Indenture contains limited covenants and does not limit the Bank's ability to incur future indebtedness, pay dividends, repurchase securities or engage in other activities, which could adversely affect the Bank's ability to pay its obligations under the Notes.

The Indenture does not contain any financial covenants and contains only limited restrictive covenants. In addition, the Indenture does not limit the Bank's or its subsidiaries' ability to incur additional indebtedness, issue or repurchase securities, pay dividends or engage in transactions with affiliates. Except to the extent regulatory requirements affect the Bank's decisions to issue more senior debt, there is no limit on the Bank's ability to incur additional senior debt. The Bank's ability to incur additional indebtedness and use its funds for any purpose in the Bank's discretion may increase the risk that the Bank will be unable to service its debt, including paying its obligations under the Notes.

Your ability to transfer the Notes may be limited by the absence of an active trading market, and there is no assurance that an active trading market will develop for the Notes.

Each series of Notes is a new issue of securities for which there is no established market. The Bank does not intend to apply for listing or quotation of either series of Notes on any securities exchange or automated

Table of Contents

quotation system. While the underwriters have informed the Bank that they intend to make a market in each series of Notes, the underwriters will not be obligated to do so and may stop their market making at any time. In addition, any market-making activities will be subject to limits under U.S. Federal securities laws. These factors may affect the pricing of each series of Notes in any secondary market, the transparency and availability of trading prices and the liquidity of either series of Notes. There can be no assurance that an active trading market will develop for either series of Notes after the offering, or if developed, that such a market will be sustained at the offering price of such Notes.

Future trading prices of the Notes of each series will depend on many factors and the Notes may trade at a discount from their initial offering price.

Future trading prices of the Notes of each series will depend on many factors, including prevailing interest rates, foreign exchange movements, the market for similar securities, general economic conditions and the Bank's financial condition, performance, prospects and other factors. If any of the Notes are traded after their initial issuance, they may trade at a discount from their initial offering price.

Investors in the United States may have difficulty bringing actions and enforcing judgments against the Bank and others based on securities law civil liability provisions.

The Bank is organized under the federal laws of Canada and its principal executive office is located in the Province of Ontario. Many of the directors and officers of the Bank and some of the experts named in this Prospectus Supplement, the accompanying Short Form Base Shelf Prospectus and the documents incorporated by reference herein and therein are residents of Canada or otherwise reside outside the United States, and a substantial portion of their assets and those of the Bank are located outside the United States. As a result it may be difficult for investors in the United States to bring an action against such directors, officers or experts or to enforce against those persons or the Bank a judgment obtained in a United States court predicated upon the civil liability provisions of federal securities laws or other laws of the United States.

Increased regulatory oversight and changes in the method pursuant to which the LIBOR rates are determined may adversely affect the value of the Floating Rate Notes.

Beginning in 2008, concerns were raised that some of the member banks surveyed by the British Bankers' Association (the "BBA") in connection with the calculation of LIBOR across a range of maturities and currencies may have been under-reporting or otherwise manipulating the inter-bank lending rate applicable to them. A number of BBA member banks have entered into settlements with their regulators and law enforcement agencies with respect to alleged manipulation of LIBOR, and investigations were instigated by regulators and governmental authorities in various jurisdictions. If manipulation of LIBOR or another inter-bank lending rate occurred, it may have resulted in that rate being artificially lower (or higher) than it otherwise would have been.

In September 2012, the U.K. government published the results of its review of LIBOR (commonly referred to as the "Wheatley Review"). The Wheatley Review made a number of recommendations for changes with respect to LIBOR including the introduction of statutory regulation of LIBOR, the transfer of responsibility for LIBOR from the BBA to an independent administrator, changes to the method of compilation of lending rates and new regulatory oversight and enforcement mechanisms for rate-setting. Based on the Wheatley Review, final rules for the regulation and supervision of LIBOR by the Financial Conduct Authority (the "FCA") were published and came into effect on April 2, 2013 (the "FCA Rules"). In particular, the FCA Rules include requirements that (1) an independent LIBOR administrator monitor and survey LIBOR submissions to identify breaches of practice standards and/or potentially manipulative behavior, and (2) firms submitting data to LIBOR establish and maintain a clear conflicts of interest policy and appropriate systems and controls. In addition, in response to the Wheatley Review recommendations, ICE Benchmark Administration Limited (the "ICE Administration") has been appointed as the independent LIBOR administrator, effective February 1, 2014.

Table of Contents

It is not possible to predict the effect of the FCA Rules, any changes in the methods pursuant to which the LIBOR rates are determined and any other reforms to LIBOR that will be enacted in the U.K. and elsewhere, which may adversely affect the trading market for LIBOR-based securities. In addition, any changes announced by the FCA, the ICE Administration or any other successor governance or oversight body, or future changes adopted by such body, in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged increase or decrease in the reported LIBOR rates. If that were to occur, the level of interest payments on and the trading value of the Floating Rate Notes may be adversely affected. Further, uncertainty as to the extent and manner in which the Wheatley Review recommendations will continue to be adopted and implemented and the timing of such changes may adversely affect the current trading market for LIBOR-based securities and the value of the Floating Rate Notes.

Changes in laws and regulations, including how they are interpreted and enforced in applicable jurisdictions, could have an impact on holders of our outstanding debt securities.

In August 2014, Canada's Department of Finance issued a consultation paper on a Canadian bank resolution framework, including the Canadian bail-in regime and Higher Loss Absorbency requirements that would apply to Canadian domestic systemically important banks that are designated by the Office of the Superintendent of Financial Institutions Canada (OSFI), including the Bank. On April 20, 2016, the Government of Canada introduced legislation to implement a bail-in regime, in accordance with regulations to the Canada Deposit Insurance Corporation Act that have not yet been prescribed (the CDIC Act Regulations). While such legislation does not indicate which instruments will be subject to the bail-in regime, as such details will be set forth in the CDIC Act Regulations, the 2014 consultation paper indicated that instruments subject to the bail-in conversion regime would include newly issued unsecured, tradable, transferable senior debt with an original term to maturity of greater than or equal to 400 days (Bail-In Debt), and that all Bail-In Debt would be convertible into common shares. The timing planned for implementation of the regime has not yet been determined.

Assuming that, as indicated in the 2014 consultation paper, only Bail-In Debt will be subject to the bail-in conversion regime, the Notes issued under this pricing supplement are not expected to be subject to the bail-in regime.

DESCRIPTION OF THE NOTES

The following summary description of the terms of the Notes supplements, and to the extent inconsistent therewith replaces, the description set forth under the heading "Description of the Debt Securities" in the accompanying Short Form Base Shelf Prospectus and should be read in conjunction with such description. This description does not purport to be complete and is qualified in its entirety by reference to all provisions of the Notes and the indenture, dated as of September 14, 2010 (the "Indenture"), between the Bank and The Bank of New York Mellon, as trustee (the "Trustee"). As used in this description, the terms "CIBC," "the Bank," "we," "us" and "our" refer only to Canadian Imperial Bank of Commerce and to any of its subsidiaries. All capitalized terms used under this heading "Description of the Notes" that are not defined herein have the meanings ascribed thereto in the accompanying Short Form Base Shelf Prospectus.

General

The following is a description of the terms of the (i) US\$1,000,000,000 aggregate principal amount of Fixed Rate Notes and (ii) US\$500,000,000 aggregate principal amount of Floating Rate Notes offered by this Prospectus Supplement (which are referred to in this Prospectus Supplement collectively as the "Notes" and, in the accompanying Short Form Base Shelf Prospectus, as "Debt Securities"). The Notes will constitute our unsecured and unsubordinated obligations and will constitute deposit liabilities of the Bank for purposes of the Bank Act and will rank equally with all of our other unsecured and unsubordinated debt including deposit liabilities, other than certain governmental claims in accordance with applicable law, and prior to all of our subordinated debt.

Payment of principal and interest on the Notes will be made in U.S. dollars. We will pay interest, principal and any other money due on the Notes at the corporate trust office of The Bank of New York Mellon or such other office as may be agreed upon. Holders of Notes must make arrangements to have their payments picked up at or wired from that office or such other office as may be agreed upon. We may also choose to pay interest by mailing checks.

The Notes are not entitled to the benefits of any sinking fund.

The Notes of each series will be issued in denominations of US\$2,000 and integral multiples of US\$1,000 in excess of such amount. Upon issuance, each series of Notes will be represented by one or more fully registered global notes. Each global note will be deposited with, or on the behalf of, DTC, as depository. Beneficial interests in the Notes will be shown on, and transfers thereof will be affected only through the book-entry records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream. See "Legal Ownership and Book-Entry Issuance" in the accompanying Short Form Base Shelf Prospectus.

Maturity

The Fixed Rate Notes will mature on September 6, 2019 and the Floating Rate Notes will mature on September 6, 2019.

Interest

Fixed Rate Notes

The Fixed Rate Notes will bear interest from and including September 6, 2016 at a rate of 1.600% per annum. We will pay interest semi-annually in arrears on March 6 and September 6 of each year, commencing on March 6, 2017 (each, a "Fixed Rate Notes Interest Payment Date"). Interest will be payable on each Fixed Rate Notes Interest Payment Date to the persons in whose names the Fixed Rate Notes are registered at the close of business on the preceding February 19 or August 22, as the case may be, whether or not a business day. However, we will pay interest on the maturity date to the same persons to whom the principal will be payable. If any Fixed Rate Notes Interest Payment Date or the maturity date falls on a day that is not a business day, the

Table of Contents

interest will be paid on the next following business day (and no interest will be paid in respect of the delay). A business day means any day other than a Saturday or Sunday that is neither a legal holiday nor a day on which banking institutions are authorized or obligated by law or executive order to close in the city of New York, New York or Toronto, Ontario.

Interest on the Fixed Rate Notes will accrue from and including their issue date to, but excluding, the first Fixed Rate Notes Interest Payment Date and then from and including each Fixed Rate Notes Interest Payment Date to which interest has been paid or duly provided for to, but excluding, the next Fixed Rate Notes Interest Payment Date or the maturity date, as the case may be.

Interest on the Fixed Rate Notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Floating Rate Notes

The Floating Rate Notes will bear interest for each interest period at a rate determined by the calculation agent. The calculation agent is The Bank of New York Mellon until such time as we appoint a successor calculation agent. The interest rate on the Floating Rate Notes for a particular interest period will be a per annum rate equal to three-month USD LIBOR as determined on the applicable interest determination date plus 0.520%. The interest determination date for an interest period will be the second London business day preceding the first day of such interest period. Promptly upon determination, the calculation agent will inform the Trustee and us of the interest rate for the next interest period. Absent manifest error, the determination of the interest rate by the calculation agent shall be binding and conclusive on the holders of the Floating Rate Notes, the Trustee and us. A London business day is a day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

Interest on the Floating Rate Notes will be paid to but excluding the relevant interest payment date. We will make interest payments on the Floating Rate Notes quarterly in arrears on March 6, June 6, September 6 and December 6 of each year, commencing on December 6, 2016. Interest will be payable on each interest payment date to the persons in whose names the Floating Rate Notes are registered at the close of business on the preceding February 19, May 22, August 22 or November 21, as the case may be, whether or not a business day. However, we will pay interest on the maturity date to the same persons to whom the principal will be payable. Interest on the Floating Rate Notes will accrue from and including September 6, 2016, to but excluding the first interest payment date and then from and including the immediately preceding interest payment date to which interest has been paid or duly provided for to but excluding the next interest payment date or maturity date, as the case may be. We refer to each of these periods as an interest period. The amount of accrued interest that we will pay for any interest period can be calculated by multiplying the face amount of the Floating Rate Notes then outstanding by an accrued interest factor. This accrued interest factor is computed by adding the interest factor for each day from September 6, 2016, or from the last date we paid interest to you, to the date for which accrued interest is being calculated. The interest factor for each day is computed by dividing the interest rate applicable to that day by 360. If an interest payment date for the Floating Rate Notes falls on a day that is not a business day, the interest payment date will be postponed to the next succeeding business day unless such next succeeding business day would be in the following month, in which case, the interest payment date will be the immediately preceding business day.

On any interest determination date, LIBOR will be equal to the offered rate for deposits in U.S. dollars having an index maturity of three months, in amounts of at least US\$1,000,000, as such rate appears on Reuters Page LIBOR01 at approximately 11:00 a.m., London time, on such interest determination date. If on an interest determination date, such rate does not appear on the Reuters Page LIBOR01 as of 11:00 a.m., London time, or if the Reuters Page LIBOR01 is not available on such date, the calculation agent will obtain such rate from Bloomberg L.P. page BBAM.

Table of Contents

If no offered rate appears on Reuters Page LIBOR01 or Bloomberg L.P. page BBAM on an interest determination date at approximately 11:00 a.m., London time, then we will select four major banks in the London interbank market and will request each of their principal London offices to provide a quotation of the rate at which three-month deposits in U.S. dollars in amounts of at least US\$1,000,000 are offered by it to prime banks in the London interbank market, on that date and at that time, that is representative of single transactions at that time, which such quotations we will promptly deliver to the calculation agent. If at least two quotations are provided, LIBOR will be the arithmetic average of the quotations provided. Otherwise, we will select three major banks in New York City and shall request each of them to provide a quotation of the rate offered by them at approximately 11:00 a.m., New York City time, on the interest determination date for loans in U.S. dollars to leading European banks having an index maturity of three months for the applicable interest period in an amount of at least US\$1,000,000 that is representative of single transactions at that time, which such quotations we will promptly deliver to the calculation agent. If three quotations are provided, LIBOR will be the arithmetic average of the quotations provided. Otherwise, the rate of LIBOR for the next interest period will be set equal to the rate of LIBOR for the then current interest period.

Upon request from any holder of Floating Rate Notes, the calculation agent will provide the interest rate in effect for the Floating Rate Notes for the current interest period and, if it has been determined, the interest rate to be in effect for the next interest period.

All percentages resulting from any calculation of the interest rate on the Floating Rate Notes will be rounded to the nearest one hundred-thousandth of a percentage point with five one millionths of a percentage point rounded upwards (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all U.S. dollar amounts used in or resulting from such calculation on the Floating Rate Notes will be rounded to the nearest cent (with one-half cent being rounded upward). Each calculation of the interest rate on the Floating Rate Notes by the calculation agent will (in absence of manifest error) be final and binding on the holders and us.

The interest rate on the Floating Rate Notes will in no event be higher than the maximum rate permitted by New York law as the same may be modified by United States law of general application. In no event will the interest rate on the Floating Rate Notes be less than zero.

Further Issues

The Indenture does not limit the amount of notes, debentures or other evidences of indebtedness that the Bank may issue thereunder and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. The Bank may from time to time, without giving notice to or seeking the consent of the holders of the Notes of a series offered hereby, issue additional debt securities having the same terms as the Notes of such series (except for the issue date and, in some cases, the public offering price and the first interest payment date) and ranking equally and ratably with the Notes of such series. Any additional debt securities having such same terms, together with the Notes of the applicable series, will constitute a single series of securities under the Indenture, including for purposes of voting and redemptions. No such additional debt securities of such series may be issued if an event of default (as such term is defined in the accompanying Short Form Base Shelf Prospectus) has occurred and is continuing with respect to the Notes of such series.

Payment of Additional Amounts

Subject to the exceptions described below, all payments of principal or interest made by or on behalf of the Bank under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereafter Canadian taxes), unless the Bank is required to withhold or deduct Canadian taxes by law or by the official interpretation or administration thereof. If the Bank is so required to withhold or

Table of Contents

deduct any amount for or on account of Canadian taxes from any payment of principal or interest made under or with respect to the Notes, the Bank will pay to each holder of Notes as additional interest such additional amounts (additional amounts) as may be necessary so that the net amount received by each such holder after such withholding or deduction (and after deducting any Canadian taxes on such additional amounts) will not be less than the amount such holder would have received if such Canadian taxes had not been withheld or deducted, except as described below. However, no additional amounts will be payable with respect to a payment made to a holder (such holder, an excluded holder) in respect of the beneficial owner thereof:

with which the Bank does not deal at arm's length (for the purposes of the *Income Tax Act* (Canada)) at the time of the making of such payment or which is entitled to the payment in respect of a debt or obligation to pay an amount to a person with which the Bank does not deal at arm's length for the purpose of the *Income Tax Act* (Canada), at the time of making such payment;

which is, or which does not deal at arm's length with a person who is, a specified shareholder (within the meaning of subsection 18(5) of the *Income Tax Act* (Canada)) of the Bank (generally a person will be a specified shareholder for this purpose if that person, either alone or together with persons with whom the person does not deal at arm's length for the purpose of the *Income Tax Act* (Canada), owns or has the right to acquire or control 25% or more of (a) the Bank's voting shares, or (b) the fair market value of all of the Bank's shares);

which is subject to such Canadian taxes by reason of the holder being or having been a resident, domiciliary or national of, engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of the Notes or the receipt of payments thereunder;

which is subject to such Canadian taxes by reason of the holder's or beneficial owner's failure to comply with any certification, identification, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian taxes;

with respect to any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment, levy, duty, impost or other governmental charge;

which is a fiduciary or partnership or person other than the sole beneficial owner of such payment to the extent that the Canadian taxes would not have been imposed on such payment had such holder been the sole beneficial owner of such Notes; or

which is in respect of any tax imposed under Sections 1471 through 1474 of the United States Internal Revenue Code of 1986 (or any amended or successor provisions), any current or future regulations or official interpretations thereunder or official interpretations thereof, any agreements entered into pursuant to Section 1471(b)(1) of the United States Internal Revenue Code of 1986, any applicable intergovernmental agreement entered into in connection with the implementation of the foregoing and any fiscal or regulatory legislation, rules or official practices adopted pursuant to any such intergovernmental agreement.

The Bank will also:

make such withholding or deduction; and

remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

Edgar Filing: CANADIAN IMPERIAL BANK OF COMMERCE /CAN/ - Form SUPPL

The Bank will furnish to the Trustee and holders of the Notes, within 60 days after the date the payment of any Canadian taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by the Bank to the relevant taxation authority.

S-14

Table of Contents

The Bank will indemnify and hold harmless each holder of Notes (other than an excluded holder) from and against, and upon written request reimburse each such holder for the amount (excluding any additional amounts that have previously been paid by the Bank with respect thereto) of:

any Canadian taxes so levied or imposed and paid by such holder as a result of payments of principal or interest made by or on behalf of the Bank under or with respect to the Notes;

any penalties and interest arising therefrom or with respect thereto; and

any Canadian taxes imposed with respect to any reimbursement under the preceding two bullet points, but excluding any such Canadian taxes on such holder's net income or capital.

In any event, no additional amounts or indemnity amounts will be payable under the provisions described above in respect of any Note in excess of the additional amounts and the indemnity amounts which would be required if, at all relevant times, the holder of such Note were a resident of the United States for purposes of and was entitled to all of the benefits of the Canada-U.S. Income Tax Convention (1980), as amended, including any protocols thereto. As a result of the limitation on the payment of additional amounts and indemnity amounts discussed in the preceding sentence, the additional amounts or indemnity amounts received by certain holders of Notes may be less than the amount of Canadian taxes withheld or deducted or the amount of Canadian taxes (and related amounts) levied or imposed giving rise to the obligation to pay the indemnity amounts, as the case may be, and, accordingly, the net amount received by such holders of Notes will be less than the amount such holders would have received had there been no such withholding or deduction in respect of Canadian taxes or had such Canadian taxes (and related amounts) not been levied or imposed.

Wherever in the Indenture governing the terms of the Notes there is mentioned, in any context, the payment of principal, interest, if any, or any other amount payable under or with respect to a Note, such mention shall be deemed to include mention of the payment of additional amounts to the extent that, in such context, additional amounts are, were or would be payable in respect thereof.

In the event of the occurrence of any transaction or event resulting in a successor to the Bank, all references to Canada in the preceding paragraphs of this subsection shall be deemed to be references to the jurisdiction of organization of the successor entity.

Tax Redemption

The Bank (or its successor) may redeem the Notes at any time, in whole but not in part, at a redemption price equal to the principal amount thereof together with accrued and unpaid interest to the date fixed for redemption, upon the giving of a notice as described below, if:

as a result of any change (including any announced prospective change) in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada (or the jurisdiction of organization of the successor to the Bank) or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced or becomes effective on or after the date of this Prospectus Supplement (or, in the case of a successor to the Bank, after the date of succession), and which in the written opinion to the Bank (or its successor) of legal counsel of recognized standing has resulted or will result (assuming, in the case of any announced prospective change, that such announced change will become effective as of the date specified in such announcement and in the form announced) in the Bank (or its successor) becoming obligated to pay, on the next succeeding date on which interest is due, additional amounts with respect to the Notes as described under *Payment of Additional Amounts*; or

on or after the date of this Prospectus Supplement (or, in the case of a successor to the Bank, after the date of succession), any action has been taken by any taxing authority of, or any decision has been

Table of Contents

rendered by a court of competent jurisdiction in, Canada (or the jurisdiction of organization of the successor to the Bank) or any political subdivision or taxing authority thereof or therein, including any of those actions specified in the paragraph immediately above, whether or not such action was taken or decision was rendered with respect to the Bank (or its successor), or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to the Bank (or its successor) of legal counsel of recognized standing, will result (assuming, in the case of any announced prospective change, that such announced change will become effective as of the date specified in such announcement and in the form announced) in the Bank (or its successor) becoming obligated to pay, on the next succeeding date on which interest is due, additional amounts with respect to the Notes;

and, in any such case, the Bank (or its successor), in its business judgment, determines that such obligation cannot be avoided by the use of reasonable measures available to it (or its successor).

In the event the Bank elects to redeem the Notes pursuant to the provisions set forth in the preceding paragraph, it shall deliver to the Trustee a certificate, signed by an authorized officer, stating (i) that the Bank is entitled to redeem such Notes pursuant to their terms and (ii) the principal amount of the Notes to be redeemed.

Notice of intention to redeem the Notes will be given to holders of the Notes not more than 45, nor less than 30, days prior to the date fixed for redemption and such notice will specify, among other things, the date fixed for redemption and the redemption price.

Defeasance

The Notes are subject to defeasance under the conditions set forth in the Indenture and described under *Description of Debt Securities Defeasance* in the accompanying Short Form Base Shelf Prospectus.

Governing Law

The Indenture is, and the Notes will be, governed by and construed in accordance with the laws of the State of New York (other than with respect to the ranking of the Notes which will be governed by and construed in accordance with the laws of the Province of Ontario and the applicable laws of Canada).

Concerning the Trustee

The Trustee, in its individual and any other capacity, may make loans to, accept deposits from, and perform services for the Bank as if it were not the Trustee; however, if it acquires any conflicting interest, it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Indenture provides that in case an event of default shall occur and be continuing (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of the Notes, unless such holder shall have offered to the Trustee security and indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction.
