**PROXY STATEMENT**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

We are soliciting proxies from our stockholders to vote at our 2017 Annual Meeting of Stockholders, or at any continuation, postponement or adjournment thereof, for the purposes discussed in this proxy statement. The annual meeting will be held at 4:00 p.m. local time on Thursday, February 16, 2017 at the offices of Locke Lord LLP, located at 111 Huntington Avenue, Boston, Massachusetts 02199. For directions to the offices of Locke Lord LLP in order to attend the annual meeting in person, please visit the [Investors Annual Meeting Materials](#) section of our website at [www.enanta.com](http://www.enanta.com) or contact Investor Relations at (617) 607-0710.

The proxy materials, including this proxy statement, the proxy card and our 2016 annual report to stockholders, are being distributed and made available on the Internet at the [Investors Annual Meeting Materials](#) section of our website at [www.enanta.com](http://www.enanta.com) on or about January 6, 2017.

This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

All references in this proxy statement to a particular year, e.g. 2016, refer to our twelve-month fiscal year ended on September 30 of that year, e.g. September 30, 2016, unless the context indicates otherwise.

**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING**

*Why did I receive these materials?*

We are soliciting proxies for our annual meeting of stockholders to be held on Thursday, February 16, 2017. You are receiving a proxy statement because you owned shares of our common stock on December 27, 2016, the record date for the special meeting, and that ownership entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting.

*When and where is the Annual Meeting?*

The annual meeting will be held at the offices of Locke Lord LLP, located at 111 Huntington Avenue, Boston, Massachusetts 02199 at 4:00 p.m. on Thursday, February 16, 2017, or at any future date and time following an adjournment or postponement of the meeting.

*What proposals will be voted on at the Annual Meeting?*

The three proposals to be considered and voted on at the annual meeting, as set forth in the accompanying Notice of Annual Meeting of Stockholders, are (i) the election of two Class I directors, (ii) the approval of the performance measures in the 2012 Equity Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code, and (iii) the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2017 fiscal year.

As far as we know, the only matters to be brought before the annual meeting are those referred to in this proxy statement. If any additional matters are presented at the annual meeting, the persons named as your proxies may vote your shares in their discretion.

**Table of Contents**

*Do I have to attend the meeting to vote?*

No. If you want to have your vote count at the meeting, but not actually attend the meeting in person, you may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. The following summary outlines the various procedures for voting:

*Stockholder of Record: Shares Registered in Your Name.*

If on December 27, 2016 your shares were registered directly in your name with our transfer agent, then you are a stockholder of record. If you are a stockholder of record, you may vote in person at the annual meeting or by mail. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy. Voting in person will revoke your proxy. There are three ways to vote:

To vote in person, please come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, please complete, sign and date the proxy card furnished to you with the notice of this meeting and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote via the internet, access the website of the Company's tabulator, Broadridge, at: [www.proxyvote.com](http://www.proxyvote.com), using the voter control number printed on the proxy card furnished to you with the notice of this meeting. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. If you vote on the Internet, you may also request electronic delivery of future proxy materials.

*Beneficial Owner: Shares Registered in the Name of a Broker or Bank.*

If on December 27, 2016 your shares were held not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then your shares are held in street name and you are the beneficial owner and not the record owner of the shares. If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Please complete and mail that proxy card to ensure that your vote is counted. Alternatively, you may vote over the Internet, if instructed by your broker or bank that you may do so. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials or contact your broker or bank to request such a proxy form.

*Who can vote at the Annual Meeting?*

Only stockholders of record at the close of business on December 27, 2016, the record date, are entitled to notice of, and to vote at, the annual meeting or any adjournment or postponement of the meeting. On the record date, we had outstanding 19,040,267 shares of common stock, each of which is entitled to one vote upon each of the matters to be presented at the meeting.

See *Do I have to attend the meeting to vote* above for more information regarding voting.

*What is the quorum requirement?*

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or present by proxy. On the record date, there were 19,040,267 shares outstanding and entitled to vote. Thus, 9,520,134 shares must be represented by stockholders present at the meeting in person or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

**Table of Contents**

*How are votes counted?*

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions and broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker in street name, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are proposals considered routine on which your broker may vote shares held in street name in the absence of your voting instructions. Non-discretionary items are matters such as mergers, stockholder proposals, executive compensation and elections of directors. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

*What if I return a proxy card but do not make specific choices?*

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For our two nominees for director, For approval of the performance measures in our 2012 Equity Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code, and For ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our 2017 fiscal year.

*Can I change my vote after submitting my proxy?*

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of four ways:

You may submit another properly completed proxy vote with a later date which must be delivered in person at the meeting or by mail or any other method specified by the record holder if your shares are held in street name.

You may submit your revocation over the Internet or by telephone prior to the close of the Internet voting facility or the telephone voting facility.

You may send a written notice that you are revoking your proxy to our Secretary, Nathaniel S. Gardiner, c/o Enanta Pharmaceuticals, Inc., 500 Arsenal Street, Watertown, Massachusetts 02472.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

*What is the vote required for a proposal to pass?*

Proposal 1

The affirmative vote of the holders of a plurality of the shares represented in person or by proxy is required for the election of directors. Broker non-votes and proxies marked to withhold authority with respect to the election of one or more Class I directors will not be voted with respect to the director indicated. The two director nominees receiving the highest number of votes will be elected.

## **Table of Contents**

### Proposal 2

The affirmative vote of the holders of a majority of votes cast at the meeting is required for approval of the performance measures in the 2012 Equity Plan in order to comply with the requirements of Section 162(m) of the Internal Revenue Code so that equity awards under the plan to covered employees are exempt from the limitations of Section 162(m). Proxies marked as abstentions on such matter will not be voted, although they will be counted for purposes of determining whether there is a quorum at the meeting. Abstentions and broker non-votes will have no effect on the voting outcome.

### Proposal 3

The affirmative vote of the holders of a majority of votes cast at the meeting is required for approval of the vote to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2017 fiscal year. Proxies marked as abstentions on such matter will not be voted, although they will be counted for purposes of determining whether there is a quorum at the meeting. Abstentions and broker non-votes will have no effect on the voting outcome.

### *How can I find out the results of the voting at the Annual Meeting?*

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the Securities and Exchange Commission, or SEC, within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the annual meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

### *Who is paying for this proxy solicitation?*

We will pay for the entire cost of soliciting proxies. In addition to mailing the proxy materials, our officers, directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Officers, directors and employees will not be paid any additional compensation for soliciting proxies. We may also utilize the assistance of third parties in connection with our proxy solicitation efforts and we would compensate such third parties for their efforts.

### **Implications of being an emerging growth company**

We are an emerging growth company as that term is used in the Jumpstart Our Business Startups (JOBS) Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about the company's executive compensation arrangements. In addition, we are not required to conduct non-binding advisory votes on executive compensation. We will remain an emerging growth company until the earliest of (1) September 30, 2018 (the last day of the fiscal year following the fifth anniversary of the completion of our initial public offering), (2) the last day of the fiscal year in which we have total annual gross revenue of at least \$1.0 billion, (3) the last day of the fiscal year in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the prior March 31st, and (4) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

### **Householding of Annual Meeting Materials**

Some banks, brokers and other nominee record holders may be householding our proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you call or write us at our principal executive offices, 500 Arsenal Street, Watertown, Massachusetts 02472, Attn: Investor Relations, telephone: (617) 607-0710. In the future, if you want to receive separate copies of the proxy statement or annual report to stockholders, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and telephone number.

**Table of Contents****No Appraisal Rights**

There are no appraisal rights associated with any of the proposals being considered at the annual meeting.

**BENEFICIAL OWNERSHIP OF COMMON STOCK**

The following table and footnotes set forth certain information regarding the beneficial ownership of our common stock as of December 1, 2016 by (i) persons known by us to be beneficial owners of more than 5% of our common stock, (ii) each of our current executive officers named in the Summary Compensation Table included in Executive Compensation below, (iii) our current directors and (iv) all our current executive officers and directors as a group. The percentage of shares beneficially owned is computed on the basis of 19,038,937 shares of our common stock outstanding as of December 1, 2016.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC and includes voting or investment power with respect to our common stock. Shares of our common stock that a person has the right to acquire within 60 days of December 1, 2016 are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. Except as otherwise indicated in the footnotes below, we believe the persons and entities in this table have sole voting and investing power with respect to all of the shares of our common stock beneficially owned by them, subject to community property laws, where applicable. Except as otherwise indicated in the footnotes below, the address of the beneficial owner is c/o Enanta Pharmaceuticals, Inc., 500 Arsenal Street, Watertown, MA 02472.

Our executive officers and directors and persons who own beneficially more than 10% of our equity securities are required under Section 16(a) of the Securities Exchange Act of 1934 to file reports of ownership and changes in their ownership of our securities with the SEC. They must also furnish copies of these reports to us. Based solely on a review of the copies of reports furnished to us and written representations that no other reports were required, we

believe that for our 2016 fiscal year our executive officers, directors and 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

**Table of Contents**

**PROPOSAL 1**

**ELECTION OF DIRECTORS**

Our Board of Directors has fixed the number of directors at seven, which will be reduced to six effective after the resignation of Dr. Afting upon completion of his current year of service on February 15, 2017. Under our charter, our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of one class expires, with their successors being subsequently elected to a three-year term, at each annual meeting of stockholders. At the 2017 annual meeting, the two nominees named in this proxy statement as Class I Directors will be elected to hold office for three years until their successors are elected and qualified. The Board has nominated Bruce L.A. Carter, Ph.D. and Jay R. Luly, Ph.D. for election as Class I Directors at the upcoming annual meeting. Dr. Carter is an independent director as defined by applicable NASDAQ Stock Market standards governing the independence of directors. Dr. Luly is our President and Chief Executive Officer. Each nominee has consented to serve, if elected. If any nominee is unable to serve, proxies will be voted for any replacement candidate nominated by our Board of Directors.

**Votes Required**

Directors will be elected by a plurality of the votes cast by the stockholders entitled to vote on this proposal at the meeting. Broker non-votes and proxies marked to withhold authority with respect to one or more Class I directors will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the election.

**Nominees for Director and Current Directors**

The following table contains biographical information as of December 1, 2016 about the nominees for Class I Director and current directors whose terms of office will continue after the annual meeting. The table includes information provided by the directors individually as to their age, current position, principal occupation and experience for the past five years, and the names of other publicly-held companies for which they currently serve as a director or have served as a director during the past five years.

Current SEC rules require us to discuss briefly the specific experience, qualifications, attributes or skills that led the Board to conclude that each director or nominee for director should serve on our Board of Directors. We have provided this discussion in a separate paragraph immediately below the biographical information provided for each director.

As you read the disclosure, please keep in mind that any specific qualification, attribute or skill that is attributed to one director should not necessarily imply that other directors do not possess that qualification, attribute or skill. Furthermore, this disclosure does not impose on any director any duties, obligations or liability that are greater than the duties, obligations, and liability imposed on each other member of the Board.

Because the discussion of the specific experience, qualifications, attributes or skills of a director is to be made each year in light of the Company's business and structure at that time, the content of this discussion may change for one or more directors in future years.

**PROPOSAL 2**

**APPROVAL OF PERFORMANCE MEASURES IN THE 2012 EQUITY INCENTIVE PLAN**

**FOR PURPOSES OF INTERNAL REVENUE CODE SECTION 162(m)**

Our 2012 Equity Incentive Plan, referred to as the 2012 Equity Plan, is an important part of our compensation program and we believe it is essential to our ability to attract and retain highly qualified employees in an extremely competitive environment in which employees view equity incentive awards as an important component of their compensation. Our Compensation Committee intends to continue to make such awards under the 2012 Equity Plan as it considers desirable to provide appropriate incentive to our employees, including our Chief Executive Officer and the next four highest paid executive officers (each, a covered employee), with the intention of also satisfying Section 162(m) of the Internal Revenue Code of 1986, as amended, with respect to such awards whenever possible.

We are asking stockholders to approve the performance measures in the 2012 Equity Plan in order to comply with the requirements of Section 162(m) of the Internal Revenue Code so that equity awards under the plan to covered employees are exempt from the limitations of Section 162(m).

The closing price of our common stock on the NASDAQ Stock Market on December 1, 2016 was \$31.24 per share. The material terms of the 2012 Equity Plan are set forth below.

**General Description of 2012 Equity Plan**

The purpose of the 2012 Equity Plan is to attract and retain employees, directors and consultants and to provide an incentive for these individuals to achieve long-range performance goals. The 2012 Equity Plan permits us to grant equity awards to our employees, directors and consultants, including incentive and non-statutory stock options, stock appreciation rights, performance shares, restricted stock and stock units. Under the 2012 Equity Plan to date, we have granted only incentive stock options, non-statutory stock options and restricted stock units, including performance share units and relative total stockholder return units.

As of December 1, 2016, 84 employees were eligible to participate in the 2012 Equity Plan. As of that date, a total of 1,912,264 shares were reserved for outstanding stock options and 112,460 shares were reserved for outstanding restricted stock unit awards under the 2012 Equity Plan. In addition, as of that date a total of 194,100 shares were reserved for potential issuance pursuant to performance-based and market-based stock unit awards. The Company has issued 12,951 shares of common stock upon option holders exercising options awarded under the 2012 Equity Plan through December 1, 2016. In addition, under the terms of the 2012 Equity Plan, at the beginning of each of our fiscal years an additional number of shares is automatically added to the reserve of shares available for issuance under the plan. The number of shares added is equal to the LESSER of (i) 3% of the outstanding shares on such date, (ii) 2,088,167 shares of Common Stock, or (iii) an amount determined by the Compensation Committee. For example, as of October 1, 2016, based on 3% of the outstanding shares of our common stock on that date, 571,077 shares of common stock were added to the shares available for future awards. Additionally, while no further awards have been made under our Amended and Restated 1995 Equity Incentive Plan, referred to as the 1995 Equity Plan, since our initial public offering in March 2013, shares subject to options that were granted under that plan and that are forfeited or that expire unexercised are then added to the shares available for issuance under the 2012 Equity Plan. To date we have had 28,871 shares added to the 2012 Plan from such forfeitures. There remain 455,649 shares subject to outstanding options awarded under the 1995 Equity Plan, which have exercise prices ranging from \$1.21 to \$14.18 per share.

Outstanding options awarded under the 2012 Equity Plan have exercise prices ranging from \$17.70 to \$49.92 per share. The weighted average exercise price of all outstanding options is \$33.19 per share. All options granted under the 2012 Equity Plan have a term of ten years. As the amount of any awards under the 2012 Equity Plan is within the Compensation Committee's discretion, total awards that may be granted for a fiscal year are not determinable until completion of the year.

**Table of Contents**

**Administration and Eligibility**

Awards are made by the Compensation Committee, which has been designated by our Board of Directors to administer the 2012 Equity Plan. Subject to certain limitations, the Compensation Committee may delegate to one or more of our executive officers the power to make awards to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 and are not covered employees for purposes of Internal Revenue Code Section 162(m). The Compensation Committee has authorized our Chief Executive Officer to make awards to non-executive employees within parameters approved by the Committee.

The Compensation Committee administers the 2012 Equity Plan and determines the terms and conditions of each stock option award to our executive officers and directors, including the exercise price, the form of payment of the exercise price, the number of shares subject to the award and the time at which such options become exercisable. The exercise price of any stock option granted under the 2012 Equity Plan may not, however, be less than the fair market value of the common stock on the date of grant and the term of any such option cannot be greater than ten years. The maximum number of shares of Common Stock with respect to which awards may be granted to any participant under the 2012 Equity Plan is 1,392,111 per calendar year. The Compensation Committee also determines the terms and

conditions of each full value award to our executive officers and directors, including the number of shares subject to the award and the time or times at which such options become exercisable and are issued, and the terms of any withholding of shares or other provisions to satisfy tax withholding requirements.

## **Table of Contents**

### **Awards**

The 2012 Equity Plan provides for the following categories of awards:

*Stock Options.* Our Compensation Committee may grant options to purchase shares of common stock that are either incentive stock options, or ISOs, eligible for the special tax treatment described below, or nonstatutory stock options. No option may have an exercise price that is less than the fair market value of the common stock on the date of grant or a term of more than ten years. An option may be exercised by the payment of the option price in cash or with such other lawful consideration as our Compensation Committee may determine, including by delivery of a note or shares of common stock owned by the optionholder, including restricted stock, or by retaining shares otherwise issuable pursuant to the option, in each case valued at their fair market value on the date of delivery or retention.

*Restricted Stock.* Our Compensation Committee may grant shares of common stock that are only earned if specified conditions, such as a completing a term of employment or satisfying pre-established performance goals, are met and that are otherwise subject to forfeiture. Shares of restricted stock may not be sold, transferred or otherwise encumbered until earned, unless the Compensation Committee provides otherwise.

*Restricted Stock Units.* Our Compensation Committee may grant units that represent the right to receive shares of our common stock, subject to such terms, restrictions, conditions, performance criteria, vesting requirements, settlement terms, and payment rules, if any, as the Committee shall determine.

*Unrestricted Stock.* Our Compensation Committee may grant shares of common stock that are not subject to restrictions or forfeiture.

*Stock Appreciation Rights.* Our Compensation Committee may grant stock appreciation rights, or SARs, where the participant receives cash, shares of common stock, or other property, or a combination thereof, as determined by the Compensation Committee, equal in value to the difference between the exercise price of the SAR and the fair market value of the common stock on the date of exercise. SARs may be granted in tandem with options (at or after award of the option) or alone and unrelated to an option. SARs in tandem with an option shall terminate to the extent that the related option is exercised, and the related option shall terminate to the extent that the tandem SARs are exercised. SARs granted in tandem with options shall have an exercise price not less than the exercise price of the related option. SARs granted alone and unrelated to an option shall have an exercise price not less than 100% of the Fair Market Value of the common stock on the date of award may be granted at such exercise prices as the Committee may determine. The Committee shall determine the manner of calculating the excess in value of the shares of common stock over the exercise price of a SAR.

### **Federal Income Tax Consequences Relating to Stock Options and Restricted Stock**

*Incentive Stock Options.* An optionee does not realize taxable income upon the grant or exercise of an incentive stock option, known as an ISO, under the 2012 Equity Plan. If no disposition of shares issued to an optionee pursuant to the exercise of an ISO is made by the optionee within two years from the date of grant or within one year from the date of exercise, then (a) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) is taxed to the optionee as a capital gain and any loss sustained will be a capital loss and (b) no deduction is allowed to Enanta for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of the two-year and one-year holding periods described above, referred to as a disqualifying disposition, then (a) the optionee realizes

ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof and (b) Enanta is entitled to deduct this amount. Any further gain realized is taxed as a capital gain and does not result in any deduction to Enanta. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

*Non-statutory Stock Options.* No income is realized by the optionee at the time a non-statutory option is granted. Upon exercise, (a) ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise and (b) Enanta receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a capital gain or loss and will not result in any deduction by Enanta.

---

**Table of Contents**

*Restricted Stock.* Awards of restricted stock that are non-transferable and subject to forfeiture are generally not taxable to the recipient until the shares vest. When the shares vest, the recipient realizes compensation income equal to the difference between the amount paid for the shares and their fair market value at the time of the vesting, and we are entitled to a corresponding deduction. Appreciation in the value of the shares during the vesting period therefore increases the income subject to tax at ordinary income rates at the time of vesting as well as the corresponding deduction we are entitled to take at that time. The tax is payable for the year in which the vesting occurs, regardless of whether the shares are sold at that time. If the recipient is an employee, Enanta is required to withhold income and social security taxes from the compensation income (by withholding from shares, from other income of the employee or from a cash payment made by the employee to Enanta to cover the withholding taxes).

Instead of being taxed when the shares vest, a recipient may elect to be taxed in the year the shares are awarded by filing a Section 83(b) election with the Internal Revenue Service within 30 days after issuance of the restricted shares. The recipient then realizes compensation income in the year of the award equal to the difference between the amount paid for the shares and their fair market value at the time of issuance, and we are entitled to a corresponding deduction at that time.

*Unrestricted Stock.* Generally, a recipient will be taxed at the time of the grant of the award. The fair market value of the shares at that time will be treated as ordinary income. We receive a tax deduction for the amount reported as ordinary income to the recipient subject to the limitations of Internal Revenue Code Section 162(m). Upon disposition of the shares, any appreciation or depreciation after the taxable event is treated as short- or long- term capital gain or loss and will not result in any further deduction by us.

*Restricted Stock Units.* A recipient does not realize taxable income upon the grant or vesting of a restricted stock unit. When a stock unit is settled, i.e. when the underlying share of common stock is issued to the unitholder, the unitholder must include as ordinary income an amount equal to the fair market value of the shares (or the amount of cash) distributed to settle the award. Subject to the limitations of Internal Revenue Code Section 162(m), we receive a corresponding tax deduction at the time of settlement. If the award is settled in shares, then any subsequent appreciation or depreciation is treated as short- or long-term capital gain or loss and will not result in any further deduction by us.

**Compliance with the Performance-Based Exemption of Internal Revenue Code Section 162(m)**

United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million accrued in any year with respect to any of the chief executive officer and the next four highest paid executive officers (each, a covered employee) unless the compensation is performance- based as defined in Internal Revenue Code Section 162(m). Stock options and SARs granted under an equity compensation plan are performance-based compensation if (a) stockholders approve a maximum aggregate per person limit on the number of shares that may be granted each year (the Annual Share Limit), (b) any stock options or SARs are granted by a committee consisting solely of outside directors, and (c) the stock options or SARs have an exercise price that is not less than the fair value of common stock on the date of grant.

Our Compensation Committee has designed the 2012 Equity Plan with the intention of satisfying Section 162(m) with respect to stock options and SARs, if any, granted to covered employees.

In the case of restricted stock and restricted stock units, Section 162(m) requires that the general business criteria of any performance measures that are established by our Compensation Committee be approved and periodically reapproved by stockholders (generally, every five years) in order for such awards to be considered performance- based and deductible by the employer. The performance goals must be established within a prescribed time frame

commencing at the beginning of the relevant performance period. Furthermore, satisfaction of any performance goals during the relevant performance period must be certified by our Compensation Committee.

The 2012 Equity Plan, as previously approved by our stockholders, has the following list of business criteria upon which our Compensation Committee may establish objective performance measures, which shall be based on the relative or absolute attainment of specified levels of one or any combination of such criteria, for deductible performance-based awards made to covered employees, which may be determined pursuant to generally accepted accounting principles, known as *GAAP*, or on a non-GAAP basis, as determined by the Committee: scientific progress, product development progress, business development progress, including in-licensing or out-licensing of

intellectual property, net income/(loss), earnings/(loss) before or after discontinued operations, interest, taxes, depreciation and/or amortization, operating profit/(loss) before or after discontinued operations and/or taxes, sales, sales growth, earnings growth, cash flow or cash position, gross margins, stock price, financings (issuance of debt or equity), refinancings, market share, return on sales, assets, equity or investment, improvement of financial ratings, achievement of balance sheet or income statement objectives or total stockholder return. Such goals may reflect absolute entity or business unit performance or a relative comparison to the performance of a peer group of entities or other external measure of the selected performance criteria and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. The Committee may specify that such performance measures shall be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the write-down of any asset, (v) fluctuation in foreign currency exchange rates, and (vi) charges for restructuring and rationalization programs. Performance goals may be particular to a participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit in which the participant works, or on the performance of the Company as a whole. The Compensation Committee has the authority to reduce (but not to increase) the amount payable at any given level of performance to take into account factors that the Compensation Committee may deem relevant.

**Proposed Approval of the Performance Goals of the 2012 Equity Plan**

We are seeking stockholder approval of the Compensation Committee's right to develop performance goals based upon the business criteria noted above for any future awards of restricted stock or restricted stock units to any of our covered employees. Stockholder approval of these business criteria will enable us to realize a full income tax deduction for these awards under the 2012 Equity Plan where the deduction would otherwise be restricted by Internal Revenue Code Section 162(m).

**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The firm of PricewaterhouseCoopers LLP, an independent registered public accounting firm, has audited our financial statements for each of the years ended September 30, 2016, 2015 and 2014. Our Audit Committee has appointed them to serve as our auditors for the fiscal year ending September 30, 2017. Detailed disclosure of the audit and tax fees we paid to PricewaterhouseCoopers LLP in 2016 and 2015 may be found in **Audit Fees** below. Based on these disclosures and information in the Audit Committee Report provided elsewhere in this proxy statement, our Audit Committee is satisfied that PricewaterhouseCoopers LLP is sufficiently independent of management to perform its duties properly. Although not legally required to do so, our Board considers it desirable to seek, and recommends, stockholder ratification of our selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2017. If the stockholders fail to ratify our selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of Enanta and its stockholders.

Jay R. Luly, Ph.D., our President and Chief Executive Officer who is also standing for re-election, is not considered independent. Dr. Carter has served as our non-executive Chairman of the Board since December 2015. Dr. Luly continues to be responsible for setting the strategic direction for our Company and the day-to-day leadership and performance of the Company. Ernst-Günter Afting, M.D., Ph.D. has decided to retire as a director, effective as of February 15, 2017, after more than twenty years of valued service to Enanta.

During 2016, each of the directors then in office attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings of the committees of the Board of Directors on which such director then served. Continuing directors and nominees for election as directors in a given year are required to attend the annual meeting of stockholders, barring significant commitments or special circumstances. All of our directors then serving as directors attended our 2016 annual meeting of stockholders, except for Dr. Carter, who had planned to attend but could not due to travel delays.

*Stockholder Communications.* Any stockholder wishing to communicate with our Board of Directors, a particular director or the chair of any committee of the Board of Directors may do so by sending written correspondence to our principal executive offices, to the attention of the Chairman of the Board. All such communications will be delivered to the Board of Directors or the applicable director or committee chair.

During 2016, our Board of Directors had three standing committees: Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

*Audit Committee.*

Our Audit Committee's responsibilities include:

**Table of Contents**

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and the Chief Executive Officer. In 2013 it also established a subcommittee consisting of Messrs. Vance and Buckley (the Nominating Subcommittee ) to work with an independent recruiting firm and Dr. Luly to help identify and recruit additional candidates, which resulted in the recruitment of Drs. Carter and Golumbeski. Additionally, in selecting nominees for directors, the Nominating and Corporate Governance Committee will review candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the committee and/or recommended by the Board. Any stockholder who wishes to recommend a candidate for consideration by the committee as a nominee for director should follow the procedures described later in this proxy statement under the heading Stockholder Matters-Stockholder Recommendations for Director Nominations. The Nominating Subcommittee will also consider whether to nominate any person proposed by a stockholder in accordance with the provisions of our bylaws relating to stockholder nominations as described later in this proxy statement under the heading Stockholder Matters-Deadline for Stockholder Proposals and Director Nominations.

The process used by the Nominating Subcommittee in 2013 is representative of the process the Board used to recruit Dr. Russell in 2016 and is likely to be the process for any future director searches. In 2013, the Nominating Subcommittee started the director search process by identifying a mix of types of experience and personal characteristics that the Nominating Subcommittee considered most valuable to complement the skills and experience of existing directors. Once the Nominating Subcommittee had identified prospective nominees, the Subcommittee then made an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination was based on the information provided to the Subcommittee in a report from the recruiting firm, as well as the Subcommittee's own knowledge of the prospective candidate. The preliminary determinations were based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee could satisfy the evaluation factors described below. The Subcommittee then evaluated the prospective nominees against the standards and qualifications set out in our Corporate Governance Guidelines, which include among others:

the extent to which the prospective nominee's skills, experience and perspective add to the range of talent appropriate for the Board and whether such attributes are relevant to our business and industry;

the prospective nominee's ability to dedicate the time and resources sufficient for the diligent performance of Board duties;

whether the prospective nominee meets the independence requirements and Audit Committee and Compensation Committee qualifications defined under applicable NASDAQ Stock Market standards and if appropriate, the Audit Committee financial expert requirements defined under applicable SEC rules and regulations; and

the extent to which the prospective nominee holds any position that would conflict with a director's responsibilities to Enanta.

Although the Committee does not have a formal policy for considering diversity in identifying nominees for director, it has sought a variety of occupational and personal backgrounds on the Board in order to obtain a range of viewpoints, perspectives and skills.

If the Nominating Subcommittee's initial evaluation was positive, the members of the Nominating Subcommittee each interviewed the candidate. Upon completion of this evaluation and interview process, the Nominating Subcommittee made a recommendation to the full Board as to whether the candidate should be nominated by the Board and invited other directors to interview the candidate in person or by phone. The Board then determined whether to approve the nominee after considering the recommendation and report of the Nominating Subcommittee.

In November 2016, the Nominating and Corporate Governance Committee established a new subcommittee (the Nominating Committee) for the purpose of determining the director nominees for election at the annual meeting of stockholders. The 2017 Nominating Committee consists of Messrs. Vance and Buckley and Dr. Golumbeski, who are all independent directors whose terms are not expiring at the 2017 annual meeting. In December 2016, the 2017 Nominating Committee approved the director nominees for election at the 2017 annual meeting.

**Certain Relationships and Related Transactions*****Policy on Related Person Transactions***

Our Board of Directors has adopted a written Policy on Related Person Transactions that sets forth our policies and procedures for the reporting, review, and approval or ratification of each related person transaction. Our Audit Committee is responsible for implementing this policy and determining that any related person transaction is in our best interests. The policy applies to transactions and other relationships that would need to be disclosed in this proxy statement as related person transactions pursuant to SEC rules. In general, these transactions and relationships are defined as those involving a direct or indirect interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or household of any of these individuals or stockholders, where we or any of our affiliates have participated in the transaction (either as a direct party or by arranging the transaction) and the transaction involves more than \$120,000. In adopting this policy, our Board expressly excluded from its coverage any transactions, among others, involving compensation of our executive officers or directors that it or our Compensation Committee has expressly approved.

Our ongoing collaboration with AbbVie is governed by our collaboration agreement entered into in 2006, which included AbbVie's purchase of stock that now constitutes 5.63% of our outstanding common stock as of December 1, 2016. The collaboration agreement was amended in fiscal 2015, primarily to confirm the portions of the net sales of AbbVie's combination therapies for hepatitis C virus infection that will be allocated to one of our collaboration's protease inhibitors for purposes of calculating our previously agreed royalties. We have not engaged in any other transactions with related persons since the beginning of our 2015 fiscal year.

- (1) The amounts shown in the Bonus column represent the portion of annual variable cash compensation awarded based upon the discretion of our Compensation Committee based primarily on individual performance.
- (2) The amounts in the Stock Awards column reflect the grant date value of relative total stockholder return units, or rTSRUs, awarded during the fiscal year, computed in accordance with the provisions of ASC 718. The fair values for rTSRU awards are estimated as of the date of grant using a lattice model with a Monte Carlo simulation. Assumptions used in this calculation are included on page F-23 in Footnote 10 of our 2016 Annual Report on Form 10-K. The amounts do not include any value for performance share units, or PSUs, awarded during the fiscal year because it was not probable at the date of grant that the awards would ultimately vest. There was no compensation expense related to these awards as none of the performance-based targets was probable of being achieved during the year. Further details on these awards and how the grant date fair values are determined can be found in the Outstanding Equity Awards at Fiscal Year-End 2016 Table. The values of the maximum payout possible for the 2016 and 2015 rTSRU awards based on the value at the respective dates of grant and the maximum number of units issuable based on performance for Dr. Luly would be \$809,906 and \$450,670,

respectively, for Dr. Or would be \$244,856 and \$193,523, respectively, and for Mr. Mellett would be \$216,602 and \$172,315, respectively. The values of the maximum payout possible for the 2016 and 2015 PSU awards based on the value at the respective dates of grant and the maximum number of units issuable based on performance for Dr. Luly would be \$688,860 and \$610,300, respectively, for Dr. Or would be \$208,260 and \$262,070, respectively, and for Mr. Mellett would be \$184,230 and \$233,350, respectively.

**Narrative Disclosure to Summary Compensation Table**

*Executive Compensation Elements*

The following describes the material terms of the elements of our executive compensation program during 2016.

*2016 Base Salaries*

As of October 1, 2015 the base salaries of Dr. Luly, Dr. Or. and Mr. Mellett salaries were at \$530,457, \$377,574 and \$352,010, respectively. As of January 1, 2016 their respective base salaries were increased by three percent. After giving effect to this increase, the base salaries of Dr. Luly, Dr. Or and Mr. Mellett were \$546,371, \$388,901 and \$362,570, respectively.

*2016 Variable Compensation*

Each named executive officer is eligible for variable compensation based upon the achievement of certain corporate performance objectives approved by our Compensation Committee and, in the case of executives other than our chief executive officer, individual performance. Our chief executive officer's variable compensation is based entirely on the company's performance relative to the corporate objectives.

The target level of variable compensation is set as a percentage of the executive officer's base salary. During 2016 Dr. Luly, Dr. Or and Mr. Mellett were eligible for targeted performance bonuses of 55%, 40% and 40% of their respective base salaries.

At the beginning of each year, our Compensation Committee, after considering the recommendations of management and our overall strategic goals, sets our corporate objectives for the year and the proportional emphasis placed on each objective. These objectives generally relate to factors such as research and development objectives and other factors primarily within management's control. Our Compensation Committee determines the level of achievement of the corporate objectives for each year. This achievement level is then applied to the portion of each named executive officer's target bonus determined by corporate performance for that year. In the case of our named executive officers other than our chief executive officer, 30% of the annual variable compensation in 2016 was based on corporate performance and 70% was based on individual performance.

All final variable cash compensation paid to our named executive officers is determined by our Compensation Committee, which retains full discretion to adjust individual target awards. The actual variable cash compensation, if any, awarded in a given year may vary above or below target, depending on individual performance and the achievement of corporate objectives and may also vary based on other factors at the discretion of our Compensation Committee. However, actual variable cash compensation would normally only exceed the target percentage for the executive if there were extraordinary performance during the year, as determined by our Compensation Committee.

For 2016, the corporate performance objectives generally fell into the categories of progress of the research and development pipeline, exploration of external augmentation of pipeline, expansion of the leadership team and investor relations. In evaluating management's corporate performance compared to the performance objectives for

**Table of Contents**

2016, our Compensation Committee determined to award a corporate achievement level of 105%. This achievement level was then used to determine our chief executive officer's variable cash compensation and a portion of each named executive officer's variable cash compensation. The variable cash compensation paid to our named executive officers for 2016 are set forth in the Summary Compensation Table above under the columns for Bonus and Non-Equity Incentive Plan Compensation.

*2016 Equity Awards*

In November 2015, the Compensation Committee awarded the following options to our named executive officers: Dr. Luly, options to purchase a total of 110,000 shares; Dr. Or, options to purchase a total of 33,000 shares; and Mr. Mellett, options to purchase a total of 30,000 shares. Each of these option awards has a ten-year term and the options vest quarterly over four years. The option awards have an exercise price per share of \$31.42, the fair market value of our common stock as of the date of grant. After considering alternatives for providing additional incentive to our senior management team based on the performance of the company and its returns for stockholders, in December 2015 the Compensation Committee also awarded our executive officers performance-based and market-based stock unit awards, which will only vest upon achievement of specified milestones by December 31, 2017. The performance-based units, or PSUs, will vest as to percentages of the target number of unit shares only upon achievement of up to three specified research and development milestones by the end of calendar 2017, with the actual number of shares that may be earned ranging from 0% to 200% of the target number. The market-based units (also referred to as relative total stockholder return units, or rTSRUs) will vest as to percentages of the target number of unit shares based on the relative ranking of the total stockholder return of our common stock in relation to the total stockholder return of the component companies in the NASDAQ Biotech Index over the two year period based on a comparison of average closing stock prices in December 2015 and December 2017. The actual number of shares that may vest under the market-based unit ranges from 0% to 200% of the target number. The target number of PSU and rTSRU shares granted for Drs. Luly and Or and Mr. Mellett were as follows:

	<b>PSUs</b>	<b>rTSRUs</b>
Jay R. Luly, Ph.D.	10,750	10,750
Yat Sun Or, Ph.D.	3,250	3,250
Paul J. Mellett	2,875	2,875

*Health and Welfare Benefits*

Our named executive officers are eligible to participate in all of our employee benefit plans, including our medical, dental, vision, group life and disability insurance plans, in each case on the same basis as other employees. We believe that these health and welfare benefits help ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

*Retirement Savings*

All of our full-time employees in the United States, including our named executive officers, are eligible to participate in our 401(k) plan. Pursuant to our 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit (which was \$18,000 in calendar 2016), with additional salary deferrals not to exceed \$6,000 available to those employees 50 years of age or older, and to have the amount of this reduction contributed to our 401(k) plan. In addition, in 2016 and 2015 we made matching contributions in the amount of 6% and 5% of base salary, up to a maximum of \$13,250 and \$13,188, respectively, per year, based on our policy of making profit-sharing contribution to each employee's account in amounts ranging from 3% to 6% of base salary and

bonus compensation paid in the calendar year, regardless of whether the employee makes a contribution to the 401(k) plan in that year. The percentage of the profit sharing contribution above 3% is based on the company's performance for the year. The 401(k) Plan currently does not offer the ability to invest in our securities.

Audit Committee	\$ 18,000	\$ 9,000
Compensation Committee	\$ 12,000	\$ 6,000

Other than the annual retainers and committee fees described above, non-employee directors were not entitled to receive any cash fees in connection with their service on our Board in 2016. Equity awards to our non-employee directors are made on the date of our annual meeting of stockholders and, in the case of new directors, when they join our board of directors. At our 2016 annual meeting of stockholders, each non-employee director who had served at least six months was awarded an option with respect to 6,000 shares, vesting monthly over the year of service until the next annual meeting. Any new director is entitled to an option award with respect to 10,000 shares upon joining our board of directors, which vests monthly over three years.

**AUDIT COMMITTEE REPORT**

The following is the report of the Audit Committee with respect to Enanta's audited financial statements for the year ended September 30, 2016.

The purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee Enanta's accounting and financial reporting, internal controls and audit functions. The Audit Committee Charter describes in greater detail the full responsibilities of the Committee and is available in the Investors' Corporate Governance section of our website at [www.enanta.com](http://www.enanta.com). The Audit Committee is comprised entirely of independent directors as defined by applicable NASDAQ Stock Market standards.

Management is responsible for our internal controls and the financial reporting process. PricewaterhouseCoopers LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards established by the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Committee's responsibility is to monitor these processes. The Audit Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers LLP.

In the course of its oversight of Enanta's financial reporting process, the Audit Committee:

reviewed and discussed with management and PricewaterhouseCoopers LLP Enanta's audited financial statements for the fiscal year ended September 30, 2016;

discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, *Communications with Audit Committees*;

received written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence;

reviewed with management and PricewaterhouseCoopers LLP Enanta's critical accounting policies;

discussed with management the quality and adequacy of Enanta's internal controls;

discussed with PricewaterhouseCoopers LLP any relationships that may impact their objectivity and independence; and

considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with its maintaining its independence.

Edgar Filing: ENANTA PHARMACEUTICALS INC - Form DEF 14A

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in Enanta's Annual Report on Form 10-K for the year ended September 30, 2016 for filing with the Securities and Exchange Commission.

By the Audit Committee,

Stephen Buckley, Jr., Chair  
Ernst-Günter Afting, M.D., Ph.D.  
Terry C. Vance

**Table of Contents****Audit Fees**

PricewaterhouseCoopers LLP, an independent registered public accounting firm, audited our financial statements for the year ended September 30, 2016. The Audit Committee, under delegated authority of the Board of Directors, has appointed PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending September 30, 2017. Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting to respond to appropriate questions, and will have the opportunity to make a statement if they desire.

The aggregate fees for audit and other services provided by PricewaterhouseCoopers LLP for fiscal years 2016 and 2015 are as follows:

	<b>2016</b>	<b>2015</b>
Audit Fees <sup>(1)</sup>	\$ 448,000	\$ 435,000
Tax Fees <sup>(2)</sup>	55,000	422,000
All Other Fees <sup>(3)</sup>	2,700	2,700
<b>Total</b>	<b>\$ 505,700</b>	<b>\$ 859,700</b>

- (1) Audit fees represent fees for professional services provided in connection with the audit of our financial statements and review of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings.
- (2) Tax fees were for services related to (a) tax compliance including sales and use taxes and (b) tax planning. The 2016 tax fees consisted of \$45,000 for tax compliance and \$10,000 for tax planning, primarily for an incentive tax credit grant. The 2015 tax fees consisted of \$28,000 for tax compliance and \$394,000 for tax planning, primarily for a one-time study of over 15 years of research and development expenditures to determine their qualification for income tax credits.
- (3) All other fees include technical research materials.

Our Audit Committee has adopted procedures requiring the pre-approval of all non-audit (including tax) services performed by our independent registered public accounting firm in order to assure that these services do not impair the auditor's independence. These procedures generally approve the performance of specific services subject to a cost limit for all such services. This general approval is to be reviewed, and if necessary modified, at least annually.

Management must obtain the specific prior approval of the Audit Committee for each engagement of the independent registered public accounting firm to perform other audit-related or other non-audit services. For engagements for audit-related or tax-related services within a specified dollar limit, the Chair of the Audit Committee has authority to provide such prior approval, and he reports to the full committee whenever he has exercised that authority. The Audit Committee does not delegate its responsibility to approve services performed by the independent registered public accounting firm to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of any type of non-audit service, or of any specific engagement to perform a non-audit service, is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent registered public accounting firm's independence under guidelines of the SEC and applicable professional standards. Relevant considerations include whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of our financial statements, whether the independent registered public accounting firm would be functioning

in the role of management or in an advocacy role, whether the independent registered public accounting firm's performance of the service would enhance our ability to manage or control risk or improve audit quality, whether such performance would increase efficiency because of the independent registered public accounting firm's familiarity with our business, personnel, culture, systems, risk profile and other factors, and whether the amount of fees involved, or the non-audit services portion of the total fees payable to the independent registered public accounting firm in the period would tend to reduce the independent registered public accounting firm's ability to exercise independent judgment in performing the audit.

Assuming the 2018 Annual Meeting is held on February 16, 2018, this would require that the advance written notice would need to be given between December 15, 2017 and January 2, 2018.
