SUMMARY

This summary highlights information about us and the Exchange Offer. Because it is a summary, it does not contain all the information that you should consider before tendering Old Notes for exchange and we urge you to read this entire prospectus carefully, including the Risk Factors section and the information and documents incorporated by reference herein, including our financial statements and notes thereto, before deciding to tender Old Notes for exchange. See the section of this prospectus entitled Where You Can Find More Information.

Seaspan Corporation

We are the world's largest independent containership owner operator. The majority of the containerships in our fleet are chartered on long-term, fixed-rate time charters with major container liner companies. As of June 1, 2018, we operated a fleet of 112 containerships. As of June 1, 2018, the average age of the 112 vessels in our operating fleet was approximately five years, on a TEU weighted basis.

On March 13, 2018, we acquired the remaining 89% equity interest in Great China Intermodal Investments LLC (GCI) that we did not already own from affiliates of The Carlyle Group and the minority owners of GCI. We refer to this as the GCI Acquisition. Through the GCI Acquisition, we increased our fleet by 18 modern containerships, two of which were newbuild vessels which have been delivered to us as of June 1, 2018. We managed each of the 16 operating vessels prior to the GCI Acquisition.

The vessels in our fleet that are deployed on long-term, fixed-rate time charters generate stable cash flows and high utilization rates that are typically associated with long-term time charters. A portion of our fleet are deployed on short-term, fixed-rate time charters that generate stable cash flows while chartered. We seek to enter into new time charters for our vessels immediately upon expiry of existing time charters; however, the charter rates available are subject to change based on prevailing market conditions, and there may be a period where a vessel is off-charter between expiry of an existing time charter and commencement of a new time charter. As such, vessels in our fleet deployed on short-term, fixed-rate time charters are subject to more variability in cash flows and are expected to have lower utilization rates than vessels deployed on long-term, fixed-rate time charters. As of June 1, 2018, the charters on the 112 vessels in our operating fleet had an average remaining term of approximately five years, on a TEU weighted basis, excluding the effect of charterers' options to extend certain time charters.

Customers for our operating fleet as at June 1, 2018 were CMA CGM S.A., its subsidiaries ANL Singapore Pte. Ltd., APL Singapore Pte. Ltd. and Cheng Lie Navigation Co., Ltd., COSCO Shipping Lines Co., Ltd., COSCO (Cayman) Mercury Co., Ltd., COSCO Shipping Lines (Europe) GmbH (a subsidiary of COSCO Shipping Lines Co., Ltd.), China Shipping Container Lines (Asia) Co., Ltd. (a subsidiary of China Shipping Container Lines Co., Ltd., which merged its container shipping business with COSCO Shipping Lines Co., Ltd.), Hapag-Lloyd AG, Maersk Line A/S, its subsidiary MCC Transport Singapore Pte. Ltd., MSC Mediterranean Shipping Company S.A., Kawasaki Kisen Kaisha Ltd. and Mitsui O.S.K. Lines, Ltd. (operating together under ONE, the Ocean Network Express), and Yang Ming Marine Transport Corp.

Table of Contents***New Vessel Contracts***

Our primary objective is to continue to grow our business through accretive vessel acquisitions as market conditions allow.

The following table indicates the estimated number of owned, leased and managed vessels in our fleet as of March 31, 2018:

	Quarter Ended March 31, 2018	Scheduled for the Year Ended December 31, 2018
Owned and leased vessels, beginning of year	89	89
Deliveries ⁽¹⁾⁽²⁾	3	7
Acquired ⁽¹⁾	16	16
Total Fleet, end of period	108	112
Total Capacity (TEU)	865,900	905,900

(1) Our acquisition of GCI on March 13, 2018 included 16 operating vessels and two vessels under construction.

(2) We have delivered the four newbuilding containerships and as of June 1, 2018 have 112 ships with a total capacity of 905,900 TEU.

Table of Contents

Summary Description of the Exchange Offer

The following summary is provided solely for your convenience. This summary is not intended to be complete. You should read the full text and more specific details contained elsewhere in this prospectus.

The Exchange Offer

We are offering up to \$250,000,000 in aggregate principal amount of our new 5.50% Senior Notes due 2025, which have been registered under the Securities Act, for any and all of our outstanding unregistered 5.50% Senior Notes due 2025 issued on February 14, 2018.

Expiration Date

The Exchange Offer will expire on the Expiration Date, or a later date and time to which we extend it.

Withdrawal; Non-Acceptance

You may withdraw any Old Notes tendered in the Exchange Offer at any time prior to the Expiration Date. If we decide for any reason not to accept any Old Notes tendered for exchange, the Old Notes will be returned to the registered holder at our expense promptly after the Expiration Date or termination of the Exchange Offer. In the case of the Old Notes tendered by book-entry transfer into the Exchange Agent's (as defined below) account at The Depository Trust Company (DTC), any withdrawn or unaccepted Old Notes will be credited to the tendering holder's account at DTC. For further information regarding the withdrawal of tendered Old Notes, see the sections entitled The Exchange Offer Terms of the Exchange Offer and the The Exchange Offer Withdrawal of Tenders.

Conditions to the Exchange Offer

The Exchange Offer is subject to customary conditions, including the following:

the Exchange Offer does not violate applicable law or any applicable interpretations of the staff of the SEC;

the Old Notes are validly tendered in accordance with the Exchange Offer;

no action or proceeding would impair our ability to proceed with the Exchange Offer; and

any governmental approval has been obtained that we believe, in our sole discretion, is necessary for the completion of the Exchange Offer as outlined in this prospectus.

Procedures for Participation in the Exchange Offer

If you wish to accept the Exchange Offer, sign and date the letter of transmittal that was delivered with this prospectus in accordance with the instructions, and deliver the letter of transmittal, along with the Old Notes and any other required documentation, to the Exchange Agent. Alternatively, you can tender your outstanding Old Notes by following the procedures for book-entry transfer, as described in this prospectus. See [The Exchange Offer Procedures for Tendering](#).

Table of Contents

By executing the letter of transmittal or by transmitting an agent's message in lieu thereof, you will represent to us that, among other things:

the New Exchange Notes you receive will be acquired in the ordinary course of your business;

you are not participating, and you have no arrangement with any person or entity to participate, in the distribution of the New Exchange Notes;

you are not an affiliate (as defined in Rule 405 under the Securities Act) of ours, or, if you are such an affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;

if you are a broker-dealer, you have not entered into any arrangement or understanding with us or any of our affiliates to distribute the New Exchange Notes; and

you are not acting on behalf of any person or entity that could not truthfully make these representations.

If the exchange offeree is a broker-dealer holding Old Notes acquired for its own account as a result of market-making activities or other trading activities, it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of New Exchange Notes received in respect of such Old Notes pursuant to the Exchange Offer.

Special Procedures for Beneficial Owners If you are a beneficial owner whose Old Notes are registered in the name of the broker, dealer, commercial bank, trust company or other nominee and you wish to tender your Old Notes in the Exchange Offer, you should promptly contact the person in whose name the Old Notes are registered and instruct that person to tender on your behalf. If you wish to tender in the Exchange Offer on your own behalf, prior to completing and executing the letter of transmittal (or any Agent's Message in lieu thereof) and delivering your Old Notes, you must either make appropriate arrangements to register ownership of the Old Notes in your name or obtain a properly completed bond power from the person in whose name the Old Notes are registered.

U.S. Federal Income Tax Considerations The exchange of the Old Notes for New Exchange Notes in the Exchange Offer will not be a taxable transaction for United States federal income tax purposes. See the discussion in the section entitled **Material United States Federal Income Tax Considerations** for more information regarding the tax consequences to you of the Exchange Offer.

Resales Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that the New Exchange Notes you receive in the Exchange Offer may be offered

Table of Contents

for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the New Exchange Notes if:

you are our affiliate, as defined in Rule 405 under the Securities Act;

you are not acquiring the New Exchange Notes in the Exchange Offer in the ordinary course of your business; or

you are engaged in or intend to engage in, or have an arrangement or understanding with any person to participate in, the distribution, as defined in the Securities Act, of the New Exchange Notes you will receive in the Exchange Offer.

If any of the statements above apply to you, you cannot rely on the position of the SEC staff described above and you must, therefore, comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the New Exchange Notes, unless an exemption from these requirements is available to you. In that case, if you transfer any New Exchange Notes without delivering a prospectus that meets the requirements of the Securities Act or without an exemption from registration of your New Exchange Notes from those requirements, you may incur liability under the Securities Act. We will not assume or indemnify you against that liability. In addition, the SEC has not considered the Exchange Offer in the context of its interpretive letters and we cannot be sure that the staff of the SEC would make a similar determination with respect to the Exchange Offer as in such other circumstances.

We have not entered into any arrangement or understanding with any person who will receive New Exchange Notes in the Exchange Offer to distribute those New Exchange Notes following completion of the Exchange Offer. We are not aware of any person that will participate in the Exchange Offer with a view to distribute the New Exchange Notes.

Restrictions on Sale by Broker-Dealers

Each broker-dealer that receives New Exchange Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such New Exchange Notes. See Plan of

Distribution.

Consequences of Not Exchanging Old Notes

If you do not exchange Old Notes for New Exchange Notes, you will not be able to offer, sell or otherwise transfer your Old Notes except:

in compliance with the registration requirements of the Securities Act and any other applicable securities laws;

pursuant to an exemption from the securities laws; or

Table of Contents

in a transaction not subject to the securities laws.

Old Notes that remain outstanding after completion of the Exchange Offer will continue to bear a legend reflecting these restrictions on transfer. In addition, upon completion of the Exchange Offer, you will not be entitled to any rights to have the resale of Old Notes registered under the Securities Act, and we currently do not intend to register under the Securities Act the resale of any Old Notes that remain outstanding after the completion of the Exchange Offer. The transfer restrictions and the availability of New Exchange Notes that are freely tradable could adversely affect the trading market for your Old Notes.

Use of Proceeds

We will not receive any proceeds from the Exchange Offer.

Exchange Agent

Bank of New York Mellon is the Exchange Agent for the Exchange Offer. You can find the address and telephone number of the Exchange Agent below in the section entitled "The Exchange Offer Exchange Agent."

Risk Factors

For risks related to the Exchange Offer, please read the section of this prospectus entitled "Risk Factors" beginning on page 11 of this prospectus to determine whether participating in the Exchange Offer is appropriate for you.

Table of Contents**The New Exchange Notes**

The terms of the New Exchange Notes and those of the Old Notes are substantially identical, except that the transfer restrictions and registration rights relating to the Old Notes do not apply to the New Exchange Notes. The following summary contains basic information about the New Exchange Notes. It does not contain all of the information that may be important to you. Collateral

The New Exchange Notes will be secured on a pari passu basis with the Old Notes by a pledge of all of the limited liability company interests of GCI directly held and owned from time to time by Seaspan Investment and all products and proceeds thereof, which collateral will also secure on an equal and ratable basis certain other indebtedness.

Ranking

The New Exchange Notes will be our senior unsecured obligations and rank equally in right of payment with all of our other senior obligations (including the Old Notes) and senior in right of payment to all of our indebtedness that by its terms is subordinated to the New Exchange Notes. The guarantees of the New Exchange Notes (the New Exchange Note Guarantees) will, in the case of the New Exchange Note Guarantee of (i) Seaspan Investment, be a senior secured obligation of such Guarantor that is secured by the collateral and (ii) each other Guarantor, be a senior unsecured obligation of such Guarantor and, in each case, rank equally in right of payment with all other senior obligations of such Guarantor (including its guarantee of the Old Notes) and senior in right of payment to all indebtedness of such Guarantor that by its terms is subordinated to the New Exchange Note Guarantee of such Guarantor.

Additional Amounts

All payments made by us or on our behalf under or with respect to the New Exchange Notes or by any Guarantor with respect to its New Exchange Note Guarantee, will be made free and clear of and without withholding or deduction for, or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (hereinafter Taxes) unless the withholding or deduction of such Taxes is then required by law. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of the government of the Republic of Marshall Islands, or any political subdivision or any authority or agency therein or thereof having power to tax, or any other jurisdiction in which we (including any successor entity) or such Guarantor is organized or is otherwise resident for tax purposes, or any jurisdiction from or through which payment is made (including the jurisdiction of each paying agent) (each, a Specified Tax Jurisdiction), will at any time be required to be made from any payments made under or with respect to the New Exchange Notes or the New Exchange Note Guarantees. Subject to certain exceptions, we and the Guarantors will pay such additional amounts (the Additional Amounts) as may be necessary so that the net amount received in respect of such payments by a holder of a New Exchange Note (including Additional Amounts) after such withholding or deduction will not be less than the amount such holder would have received if such Taxes had not been withheld or deducted. See Description of the New Exchange Notes Additional Amounts.

Table of Contents

Optional Tax Redemption

We may redeem the New Exchange Notes, at our option, at any time in whole but not in part, upon irrevocable notice, at a redemption price equal to 100% of the outstanding principal amount of New Exchange Notes, plus accrued and unpaid interest (if any) to, but excluding, the applicable redemption date and all Additional Amounts (if any) then due and which will become due on the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date and Additional Amounts (if any) in respect thereof), in the event that we determine in good faith that we have become or would become obligated to pay, on the next date on which any amount would be payable with respect to the New Exchange Notes and such obligation cannot be avoided by taking reasonable measures available to us (including making payment through a paying agent located in another jurisdiction), as a result of certain changes in the laws of a relevant taxing jurisdiction or interpretations thereof (including regulations or rulings in respect thereof).

Optional Redemption

On or after February 14, 2023, we may, at our option, redeem the New Exchange Notes in whole or in part at any time and from time to time at a redemption price equal to 100% of the principal amount of the New Exchange Notes to be redeemed plus accrued and unpaid interest (if any) to but excluding the redemption date.

Change of Control

If we undergo a change of control, we will be required to make an offer to each holder to repurchase all or a portion of their New Exchange Notes at 101% of their principal amount, plus accrued and unpaid interest (if any) to the date of repurchase.

Annual Put Right

It is anticipated that we will be required to make an offer to each holder to repurchase all or a portion of their New Exchange Notes at 100% of their principal amount, plus accrued and unpaid interest (if any) to the date of repurchase, which date of repurchase will be on each February 14, beginning on February 14, 2019.

While the annual put right of each holder of a New Exchange Note described in the immediately preceding paragraph is not currently a part of the Indenture or any Old Note, we and the requisite holders of our Old Notes have agreed, subject to the satisfaction of certain conditions, to cause this put right to be added to the Indenture, and if it is added, it will inure to the benefit of the holders of the New Exchange Notes. Such right is expected to be added to the Indenture in July of 2018; however, no assurance can be given as to whether such conditions will be satisfied and such right will be so added during such month or ever. Consequently, no investor in the New Exchange Notes should assume

that this put right will in fact be included in the Indenture or the New Exchange Notes.

Certain Covenants

The indenture governing the New Exchange Notes contains covenants for the benefit of the holders of the New Exchange Notes that include, subject to important exceptions, restrictions on our ability and in certain cases, the ability of our subsidiaries to:

incur indebtedness and certain other liabilities that would cause our consolidated total borrowings to be equal to or exceed a percentage of our consolidated total assets;

permit our consolidated net worth to be equal to or less than a specified threshold;

create liens;

pay dividends, make distributions on or repurchase shares;

change our line of business;

merge or consolidate with, or sell, transfer, lease or otherwise dispose all or any substantial part of (i) our assets or (ii) the stock of any of our subsidiaries to, another person or liquidate or dissolve.

Each of these covenants is subject to a number of significant exceptions. You should read [Description of the New Exchange Notes](#) [Certain Covenants](#) for a description of these covenants.

Denominations

The New Exchange Notes will be issued in minimum denominations of \$1,000 and integral multiples thereof.

Governing Law

The Indenture and the Pledge Agreement are, and the New Exchange Notes will be, governed by New York law.

Trustee

The Bank of New York Mellon.

Risk Factors

Tendering your Old Notes in the Exchange Offer involves risks. You should carefully consider the information in the section entitled [Risk Factors](#) in this prospectus.

Table of Contents

RISK FACTORS

*Before participating in the Exchange Offer, you should carefully consider the risk factors described below and in our periodic reports filed with the SEC, together with all of the other information included in this prospectus and the other information that we have incorporated by reference, including those risks discussed in our Form 6-K furnished to the SEC on April 13, 2018 and under the caption **Item 3. Key Information D. Risk Factors** in our latest Annual Report on Form 20-F filed with the SEC. The risks and uncertainties described below and in the foregoing documents are not the only risks and uncertainties we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of such risks were to occur, our business, financial condition, operating results or cash flows could be materially adversely affected and could cause the value of our securities to decline, which in turn could cause you to lose all or a part of your investment.*

Risks Relating to the Exchange Offer and Holding the New Exchange Notes

Holders who fail to exchange their Old Notes will continue to be subject to restrictions on transfer and may have reduced liquidity after the Exchange Offer.

If you do not exchange your Old Notes for New Exchange Notes in the Exchange Offer, you will continue to be subject to the restrictions on transfer applicable to the Old Notes. The restrictions on transfer of your Old Notes arise because the Company issued the Old Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Old Notes if they are registered under the Securities Act and applicable state securities laws or are offered and sold under an exemption from these requirements.

In addition, the Company has not conditioned the Exchange Offer on receipt of any minimum or maximum principal amount of Old Notes. As Old Notes are tendered and accepted in the Exchange Offer, the principal amount of remaining Old Notes will decrease. This decrease could reduce the liquidity of the trading market for the Old Notes. The Company cannot assure you of the liquidity, or even the continuation, of the trading market for the Old Notes following the Exchange Offer.

You must comply with the Exchange Offer procedures to receive New Exchange Notes.

Holders are responsible for complying with all the Exchange Offer procedures. The issuance of New Exchange Notes in exchange for Old Notes will only occur upon completion of the procedures described in this prospectus under **The Exchange Offer**. Therefore, holders of Old Notes who wish to exchange them for New Exchange Notes should allow sufficient time for timely completion of the exchange procedures. Neither the Company nor the Exchange Agent is obligated to extend the Exchange Offer or notify you of any failure to follow the proper procedures or waive any defect if you fail to follow the proper procedures.

The New Exchange Notes have not been rated, and ratings of any other of our securities may affect the value of the New Exchange Notes.

We have not sought to obtain a rating for the New Exchange Notes, and the New Exchange Notes may never be rated. It is possible, however, that one or more rating agencies might independently determine to assign a rating to the New Exchange Notes or that we may elect to obtain a rating of our New Exchange Notes in the future. In addition, we may elect to issue other securities for which we may seek to obtain a rating. If any ratings are assigned to the New Exchange Notes in the future or if we issue other securities with a rating, such ratings, if they are lower than market expectations or are subsequently lowered or withdrawn (or if ratings for such other securities would imply a lower

relative value for the New Exchange Notes), could adversely affect the value of your investment in the New Exchange Notes. Ratings only reflect the views of the issuing rating agency or

Table of Contents

agencies, and such ratings could at any time be revised downward or withdrawn entirely at the discretion of the issuing rating agency. A rating is not a recommendation to purchase, sell or hold any particular security, including the New Exchange Notes. Ratings do not reflect market prices or suitability of a security for a particular investor, and any future rating of the New Exchange Notes may not reflect all risks related to us and our business, or the structure or value of the New Exchange Notes.

The New Exchange Notes may not be freely tradeable by you based on various factors, including your affiliate status.

Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that that the New Exchange Notes issued in the Exchange Offer may be offered for resale, resold or otherwise transferred by holders of such notes, subject to certain limitations. The New Exchange Notes may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

the holder is acquiring the New Exchange Notes in the ordinary course of its business;

the holder is not engaging in and does not intend to engage in a distribution of the New Exchange Notes;

the holder does not have any arrangement or understanding with any person to participate in the Exchange Offer for the purpose of distributing the New Exchange Notes; and

the holder is not an affiliate of ours or any of the guarantors of the New Exchange Notes, within the meaning of Rule 405 under the Securities Act.

However, we have not submitted a no-action letter to the SEC regarding this Exchange Offer and we cannot assure you that the SEC would make a similar determination with respect to this Exchange Offer. If you are an affiliate of ours or any of the guarantors of the New Exchange Notes, engaged in or intend to engage in or have any arrangement or understanding with respect to a distribution of the New Exchange Notes to be acquired pursuant to the Exchange Offer, you will be subject to additional limitations. Such affiliates may sell the New Exchange Notes only in compliance with the provisions of Rule 144 under the Securities Act or another available exemption. See The Exchange Offer Effect of the Exchange Offer in this prospectus.

If you are a broker-dealer, your ability to transfer the New Exchange Notes may be restricted.

A broker-dealer that purchased Old Notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it resells the New Exchange Notes. The Company's obligation to make this prospectus available to broker-dealers is limited, and, as a result, the Company cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their New Exchange Notes. See Plan of Distribution.

There is no public market for the New Exchange Notes, a market may not develop, and you may have to hold your New Exchange Notes to maturity.

The New Exchange Notes are a new issue of securities and there is no existing trading market for the New Exchange Notes. No assurance can be given that a liquid market will develop for the New Exchange Notes, that you will be able to sell your New Exchange Notes at a particular time or that the prices that you receive when you sell the New Exchange Notes will be favorable.

The liquidity of any market for the New Exchange Notes and the prices at which the New Exchange Notes will trade, if a trading market develops, will depend on a number of factors, including:

the number of holders of New Exchange Notes;

the Company's operating performance and financial condition;

Table of Contents

the Company's ability to complete the offer to exchange the Old Notes;

the market for similar securities;

the interest of securities dealers in making a market in the New Exchange Notes; and

prevailing interest rates.

We and our subsidiaries may still be able to incur substantially more debt. This could further exacerbate the risks associated with our level of indebtedness.

The terms of the Indenture permit us to incur substantial additional indebtedness in the future, including to finance working capital, capital expenditures, investments or acquisitions and including under any future credit facility. Although the Indenture limits our ability to incur additional indebtedness, and our ability and the ability of our subsidiaries to incur liens, these restrictions are subject to a number of qualifications and exceptions and, under certain circumstances, debt incurred in compliance with these restrictions could be substantial. To the extent that we incur additional indebtedness, the risks associated with our leverage, including our possible inability to service our debt, would increase.

The terms of the Indenture, and future indebtedness may, restrict our current and future operations, particularly our ability to respond to changes in our business and to take certain actions.

The Indenture contains, and agreements governing future indebtedness may contain, a number of restrictive covenants that impose operating and financial restrictions on us and may limit our ability to engage in acts that may be in our long-term best interest, including restrictions on our ability and, in certain cases the ability of our subsidiaries, to:

incur indebtedness and certain other liabilities that would cause our consolidated total borrowings to be equal to or exceed a percentage of our consolidated total assets;

permit our consolidated net worth to be equal to or less than a specified threshold;

create liens;

pay dividends, make distributions on or repurchase shares;

change our line of business; and

merge or consolidate with, or sell, transfer, lease or otherwise dispose all or any substantial part of (i) our assets or (ii) the stock of any of our subsidiaries to, another person or liquidate or dissolve.

The covenants in the Indenture are subject to important exceptions and qualifications, which are described under Description of the New Exchange Notes. In addition, if we enter into a credit facility in the future or issue other debt securities, they may contain financial covenants, including maintenance covenants that would require us to satisfy such covenants on an ongoing basis. Our ability to comply with these financial covenants can be affected by events beyond our control.

A breach of the covenants under the Indenture, or under any agreements for future indebtedness, could result in an event of default under the applicable indebtedness. Such a default may allow the creditors of the defaulted indebtedness to accelerate the related debt and may also result in the acceleration of any other debt which has a cross-acceleration or cross-default provision to the related debt. Furthermore, if we were unable to repay the amounts due and payable under any secured arrangement, those respective lenders could proceed against the collateral securing such indebtedness, which could include the collateral securing the New Exchange Notes. In the event our lenders or noteholders accelerate the repayment of our borrowings, we and our subsidiaries may not have sufficient assets to repay that indebtedness.

Table of Contents

As a result of restrictions contained in the Indenture, and that may be contained in any agreements for future indebtedness, we may be limited in how we conduct our business, unable to raise additional debt or equity financing to operate during general economic or business downturns or unable to compete effectively or to take advantage of new business opportunities.

The Collateral may be difficult to realize upon and its value may not be sufficient to satisfy all the obligations secured by such Collateral. As a result, holders of the New Exchange Notes may not receive full payment on their New Exchange Notes following an event of default.

Liquidating the Collateral may not produce proceeds in an amount sufficient to pay any amounts due under the New Exchange Notes and the liquidation of assets that are not part of the Collateral may not produce sufficient proceeds to pay amounts due under the New Exchange Notes after applying such proceeds to satisfy the obligations of creditors with prior claims on such assets. To the extent the proceeds of any sale of the Collateral are insufficient to satisfy the obligations under the New Exchange Notes or the New Exchange Note Guarantees, any claim in respect of the New Exchange Notes and the New Exchange Note Guarantees for the difference between the amount, if any, realized by the holders of the New Exchange Notes from the sale of the Collateral, and the remaining obligations under the New Exchange Notes will rank equally in right of payment with all of our other unsecured, unsubordinated indebtedness and other obligations, including trade payables, and will be effectively junior in right of payment to any of our existing and future indebtedness that is secured by assets that are not part of the Collateral, to the extent of the value of the assets securing such indebtedness.

In addition, to the extent that liens, security interests and other rights granted to other parties encumber assets owned by us, those parties have or may exercise rights and remedies with respect to the property subject to their liens that could adversely affect the ability of the Collateral Agent or the holders of the New Exchange Notes to realize or foreclose on the Collateral. If we enter into a future credit facility or upon the issuance of the 5.50% Senior Notes due 2026 by the Company pursuant to the terms of the Subscription Agreement dated as of March 13, 2018, in addition to diluting your rights to the Collateral, pursuant to the terms of the pledge agreement governing the New Exchange Notes, the right of the lenders under the future credit facility or the 5.50% Senior Notes due 2026 to exercise certain remedies with respect to the Collateral could delay liquidation of the Collateral.

Bankruptcy laws and other laws relating to foreclosure and sale also could substantially delay or prevent the ability of the Collateral Agent or any holder of the New Exchange Notes to obtain the benefit of any Collateral. Such delays would likely have a material adverse effect on the value of the Collateral.

No appraisal has been made for any of the Collateral in connection with the issuance of the New Exchange Notes, and the book value of the Collateral should not be relied upon as a measure of realizable value for such assets. The value of the Collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers for the Collateral. In the event of a liquidation, bankruptcy or similar proceeding, no assurance can be given that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the New Exchange Notes or any of the Guarantors' obligations under the New Exchange Note Guarantees, in full or at all. By its nature, the Collateral may not have a readily ascertainable market value or may not be saleable or, if saleable, there may be substantial delays in its liquidation, particularly if we are forced to sell it under distressed circumstances in the future, if those circumstances arise.

Payment of principal and interest on the New Exchange Notes will be effectively subordinated to any secured indebtedness we may incur in the future that is secured by assets that are not part of the Collateral to the extent of the value of the assets securing such indebtedness.

In the event of a liquidation, dissolution, reorganization, bankruptcy or any similar proceeding, any debt that ranks ahead of the New Exchange Notes and the New Exchange Note Guarantees will be entitled to be paid in

Table of Contents

full from our assets before any payment may be made with respect to the New Exchange Notes and the New Exchange Note Guarantees. Accordingly, there may not be sufficient funds remaining to pay amounts due on all or any of the New Exchange Notes. Payment under the New Exchange Notes will be effectively junior in right of payment to any secured indebtedness we may incur in the future that is secured by assets that are not part of the Collateral (to the extent of the value of such assets).

The Company may not be able to purchase the New Exchange Notes upon the occurrence of a Change of Control or in connection with the Annual Put Right.

Upon the occurrence of a Change of Control (as defined below), the Company will be required to offer to purchase all of the New Exchange Notes then outstanding at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest. If a Change of Control were to occur, the Company may not have sufficient funds to pay the purchase price for the outstanding New Exchange Notes tendered, and expects that it would require third-party financing; *however*, the Company may not be able to obtain such financing on favorable terms, if at all. In addition, the occurrence of a Change of Control may result in an event of default under, or require the Company to purchase, the Company's other existing or future senior indebtedness. Moreover, the exercise by the holders of their right to require the Company to purchase the New Exchange Notes could cause a default under its existing or future senior indebtedness, even if the occurrence of a Change of Control itself does not, due to the financial effect of such purchase on the Company and its subsidiaries. The Company's failure to purchase tendered New Exchange Notes at a time when the purchase is required by the indenture would constitute an event of default under the indenture, which, in turn, may constitute an event of default under future debt. See Description of the New Exchange Notes Change of Control and Annual Put Right Change of Control.

In addition, if the covenant containing the Annual Put Right (as defined below) is added to the Indenture, which is expected to occur in July of 2018, each holder of the New Exchange Notes will have the right once a year, at its option, to require the Company to purchase all of the New Exchange Notes held by such holder at a purchase price of 100% of the principal amount thereof plus accrued and unpaid interest. The Company may not have sufficient funds to pay the purchase price for any New Exchange Notes tendered in connection with an Annual Put Right, and may require third-party financing; *however*, the Company may not be able to obtain such financing on favorable terms, if at all. Moreover, the exercise by the holders of their right to require the Company to purchase the New Exchange Notes could cause a default under its existing or future senior indebtedness, even if the Annual Put Right itself does not, due to the financial effect of such purchase on the Company and its subsidiaries. The Company's failure to purchase tendered New Exchange Notes at a time when the purchase is required by the indenture would constitute an event of default under the indenture, which, in turn, may constitute an event of default under future debt. See Description of the New Exchange Notes Change of Control and Annual Put Right Annual Put Right.

The provisions in the indenture that will govern the New Exchange Notes relating to change of control transactions will not necessarily protect you in the event of a highly leveraged transaction.

The provisions in the indenture will not necessarily afford you protection in the event of a highly leveraged transaction that may adversely affect you, including a reorganization, restructuring, merger or other similar transaction involving the Company or its subsidiaries. These transactions may not involve a change in voting power or beneficial ownership or, even if they do, may not involve a change of the magnitude required under the definition of Change of Control in the indenture to trigger the provision. Except as described under Description of the New Exchange Notes Change of Control and Annual Put Right Change of Control, the indenture does not contain provisions that permit the holders of the New Exchange Notes to require the Company to purchase the New Exchange Notes in the event of a takeover, recapitalization or similar transaction. Finally, the provisions under the indenture relative to the Company's obligation to make an offer to purchase the New Exchange Notes as a result of a Change of Control may be

waived or modified with the written consent of the holders of a majority in principal amount of the New Exchange Notes; accordingly, you may not be able to require the purchase of your New Exchange Notes upon a Change of Control even if you have not consented to the waiver of such obligation.

Table of Contents

Servicing the Company's indebtedness will require a significant amount of cash. The Company's ability to generate cash depends on a variety of factors, many of which are beyond its control.

The Company's ability to make payments on its indebtedness, including the New Exchange Notes, will depend on the Company's ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive and other factors that are beyond the Company's control. The Company's business may not be able to generate sufficient cash flow from operations and future borrowings may not be available to it in an amount sufficient to enable the Company to pay its indebtedness, including the New Exchange Notes, or to fund its other liquidity needs. The Company may need to refinance all or a portion of its indebtedness on or before maturity. However, the Company may not be able to complete such refinancing on commercially reasonable terms or at all.

The Company is a holding company, and its ability to make any required payment on the New Exchange Notes is dependent on the operations of, and the distribution of funds from, its subsidiaries.

The issuer of the New Exchange Notes, the Company, is a holding company, and its subsidiaries will conduct substantially all of its operations and own all of its operating assets. Therefore, the Company will depend on dividends and other distributions from its subsidiaries to generate the funds necessary to meet its obligations, including its required obligations under the New Exchange Notes. Moreover, each of the Company's subsidiaries is a legally distinct entity and, other than those of its subsidiaries that are the Exchange Note Guarantors, have no obligation to pay amounts due pursuant to the New Exchange Notes or to make any of their funds or other assets available for these payments.

Only some of the Company's subsidiaries will guarantee the New Exchange Notes. Your right to receive payments on the New Exchange Notes could be adversely affected if any of the Company's subsidiaries that are not Exchange Note Guarantors declare bankruptcy, liquidate or reorganize.

Not all of the Company's subsidiaries will guarantee the New Exchange Notes, and those subsidiaries may incur debt and other liabilities to the extent permitted by the indenture governing the New Exchange Notes. Accordingly, the New Exchange Notes will be effectively subordinated to the prior payment of debts and other liabilities (including trade payables) of the Company's subsidiaries that are not Exchange Note Guarantors. In the event of a bankruptcy, liquidation or reorganization of any of the Company's subsidiaries that are not Exchange Note Guarantors, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to the Company.

The indebtedness represented by the New Exchange Notes and the Exchange Note Guarantees may be unenforceable due to voidable transfer statutes.

The Company believes that the indebtedness represented by the New Exchange Notes and the Exchange Note Guarantees is being incurred for proper purposes, in good faith, and not to hinder, delay, or defraud any entity to which it is, or will become on or after the consummation of the Exchange Offer, indebted. Based on present forecasts, asset valuations and other financial information, the Company and the Exchange Note Guarantors are, and after the consummation of the Exchange Offer, will be, solvent and will have reasonably sufficient capital for carrying on the current and contemplated businesses of the Company and the Exchange Note Guarantors and will be able to pay debts of the Company and the Exchange Note Guarantors as they come due. Notwithstanding this belief, however, under federal or state voidable transfer laws, if a court of competent jurisdiction in a suit by an unpaid creditor or representative of creditors (such as a trustee in bankruptcy or a debtor-in-possession) were to find that the Company or the Exchange Note Guarantors did not receive fair consideration (or reasonably equivalent value) for issuing the New Exchange Notes or the Exchange Note Guarantees or for any indebtedness refinanced by the New Exchange Notes

and at the time of the issuance of that indebtedness or those Exchange Note Guarantees, the Company or the Exchange Note Guarantors were insolvent, were rendered insolvent by reason of that incurrence, were engaged in a business or transaction for which the Company s or the Exchange

Table of Contents

Note Guarantors' remaining assets constituted unreasonably small capital, intended to incur, or believed that the Company or the Exchange Note Guarantors would incur, debts beyond any of their ability to pay such debts as they became due, or that any of the Company or the New Exchange Notes Guarantors intended to hinder, delay or defraud its creditors, then that court could, among other things, (i) void all or a portion of the Company's obligations to the holders of the New Exchange Notes or the Exchange Note Guarantors' obligations under the Exchange Note Guarantees, (ii) subordinate all or a portion of the payments made to holders of the New Exchange Notes (or the Exchange Note Guarantees) to the Company's (or the Exchange Note Guarantors') other existing and future indebtedness to a greater extent than would otherwise be the case, the effect of which would be to entitle those other creditors to be paid in full before any payment could be made on the New Exchange Notes. The measure of insolvency for purposes of the foregoing will vary depending upon the law of the relevant jurisdiction. Generally, however, a company would be considered insolvent for purposes of the foregoing if the sum of that company's debts was greater than all of that company's assets at a fair valuation, or if the present fair saleable value of that company's assets was less than the amount that would be required to pay the probable liability on its existing debts as they become absolute and due. There can be no assurance as to what standards a court would apply to determine whether the Company or the Exchange Note Guarantors were solvent at the relevant time, or whether, whatever standard was applied, the Exchange Note Guarantees would not be voided on any of the grounds set forth above.

Risks Relating to Our Business

For a description of the risks associated with the Company, see the section entitled "Risk Factors" in our latest Annual Report on Form 20-F as well as the other information incorporated by reference in this prospectus.

Disruptions and security threats to our technology systems could negatively impact our business.

In the ordinary course of business, we rely on the security of information and operational technology systems, including those of our business partners and other third parties, to manage or support a variety of business activities including operating and navigating our fleet; tracking container contents and delivery; maintaining vessel infrastructure; communicating with personnel, management, customers and business partners; collecting, processing, transmitting, and storing electronic information, including personal, employee, business, financial and operational data; facilitating business and financial transactions; and providing services to our customers. A cyber-attack on us, or our business partners, could significantly disrupt these and other commercial activities and business functions resulting in a loss of revenue and customer relationships. For operational technology in particular, a cyber-attack could result in physical damage to assets and infrastructure, injury or loss of life and environmental harm.

Our global technology network faces many threats from criminal hackers and competitors who may use phishing emails, unauthorized network intrusions, electronic communications or portable electronic devices to distribute computer viruses and ransomware, enable fraudulent transactions, or otherwise alter the confidentiality, integrity and availability of our information and information systems. Despite our continuing efforts to secure our technology network infrastructure, protect our critical data and systems, and ensure operational resiliency, cyberattacks may occur that could have a material impact on our financial performance, reputation and continuous operations. Further, as the methods of cyber-attacks continue to evolve, we may be required to expend additional resources to enhance and supplement our existing protective measures. A successful cyber-attack could also result in significant costs associated with the investigation and remediation of our technology systems, as well as increased regulatory and legal liability. We have taken steps to manage this risk, including assessing the security of our systems and policies, developing tools that support tracking and monitoring cyber events, and increasing awareness and training of our employees.

	2018	2017	2016	2015	2014	2013
Ratio of earnings to fixed charges ⁽¹⁾	2.4	2.0	(²⁾	2.5	2.1	4.7
Dollar amount (in thousands of U.S. dollars) of deficiency in earnings to fixed charges			142,850			

(1) For purposes of calculating the ratios of consolidated earnings to fixed charges:

earnings consist of pre-tax income from continuing operations prepared under U.S. GAAP (which includes non-cash unrealized gains and losses on derivative financial instruments) plus fixed charges, net of capitalized interest and capitalized amortization of deferred financing fees; and

fixed charges represent interest incurred (whether expensed or capitalized) and amortization of deferred financing costs (whether expensed or capitalized) and accretion of discount.

(2) The ratio of earnings to fixed charges for this period was less than 1.0.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

We issued \$250,000,000 of Old Notes that are subject to this Exchange Offer on February 14, 2018 in a transaction exempt from registration under the Securities Act. In connection with the issuance and sale, we entered into a registration rights agreement with the purchasers of the Old Notes. In the registration rights agreement we agreed to, among other things:

file with the SEC a registration statement on an appropriate form under the Securities Act (the Exchange Offer Registration Statement) not later than 180 days after the original issuance of the Old Notes;

use our commercially reasonable efforts to have the Exchange Offer Registration Statement declared effective by the SEC not later than 180 days after the original issuance of the Old Notes; and

keep the Exchange Offer open for acceptance for a period of not less than 20 business days; and use our commercially reasonable efforts to cause the Exchange Offer to be consummated not later than 45 days after the Exchange Offer Registration Statement has become effective.

If:

we are not permitted to file the Exchange Offer Registration Statement or to consummate the Exchange Offer because of any changes in law, SEC rules or regulations or applicable interpretations thereof by the staff of the SEC;

for any other reason the Exchange Offer Registration Statement is not declared effective on or prior to the 180th day after the original issuance of the Old Notes, or the Exchange Offer is not consummated not later than 45 days after the Exchange Offer Registration Statement has become effective; or

any holder of notes is not eligible to participate in the Exchange Offer or does not receive freely tradeable New Exchange Notes in the Exchange Offer other than by reason of such holder being our affiliate; we agree to file with the SEC a shelf registration statement (the Shelf Registration Statement) to cover resale of the Registrable Securities (as defined in the Registration Rights Agreement) by the holders thereof. We will use our commercially reasonable efforts to cause the applicable registration statement to be declared effective within the time periods specified in the Registration Rights Agreement. We will use our commercially reasonable efforts to keep such Shelf Registration Statement continuously effective, supplemented and amended until the first anniversary of the effective date of the Shelf Registration Statement or such shorter period that will terminate when all the registrable securities covered by the Shelf Registration Statement have been sold pursuant thereto or cease to be outstanding.

If (i) the Exchange Offer Registration Statement is not filed with the SEC on or prior to the 180th day after the issue date of the notes, (ii) the Exchange Offer Registration Statement has not been declared effective on or prior to the

180th day after the issue date of the notes, (iii) the Exchange Offer is not consummated not later than 45 days after the Exchange Offer Registration Statement has become effective, (iv) the Shelf Registration Statement is not declared effective within the time periods specified in the Registration Rights Agreement, (v) the Shelf Registration Statement when declared effective fails to register all of the Registrable Debt Securities (as defined in the Registration Rights Agreement), or (vi) the suspension period for the Shelf Registration Statement exceeds 60 days in one instance or 60 days in the aggregate during any consecutive 12-month period (each such event referred to in clauses (i) through (vi) above, a Registration Default), the rate of interest on the notes shall be increased by 0.25% per annum of the principal amount of the notes offered hereby, and will further increase by an additional 0.25% per annum of the principal amount of the notes for each subsequent 90-day period (or portion thereof) while a Registration Default is continuing up to a maximum of 2.00% per annum. Following the cure of all Registration Defaults, the accrual of Additional Interest with respect to Registration Defaults will cease.

Table of Contents

Once the Exchange Offer is complete, we will have no further obligation to register any of the Old Notes not tendered to us in the Exchange Offer. See Risk Factors Risks Relating to the Exchange Offer and Holding the New Exchange Notes Holders who fail to exchange their Old Notes will continue to be subject to restrictions on transfer and may have reduced liquidity after the Exchange Offer.

Effect of the Exchange Offer

Based on interpretations of the staff of the SEC, as set forth in no-action letters to third parties, including the Exxon Capital Holdings Corporation (April 13, 1988) and similar letters, we believe that the notes issued in the Exchange Offer may be offered for resale, resold or otherwise transferred by holders of such notes, other than by any holder that is a broker-dealer who acquired Old Notes for its own account as a result of market-making or other trading activities or by any holder which is an affiliate of us within the meaning of Rule 405 under the Securities Act. The New Exchange Notes may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

the holder is acquiring the New Exchange Notes in the ordinary course of its business;

the holder is not engaging in and does not intend to engage in a distribution of the New Exchange Notes;

the holder does not have any arrangement or understanding with any person to participate in the Exchange Offer for the purpose of distributing the New Exchange Notes; and

the holder is not an affiliate of ours or any of the guarantors of the New Exchange Notes, within the meaning of Rule 405 under the Securities Act.

However, the SEC has not considered the Exchange Offer in the context of a no-action letter, and we cannot guarantee that the staff of the SEC would make a similar determination with respect to the Exchange Offer as in these other circumstances.

Each holder must furnish a written representation, at our request, that:

it is not an affiliate of us or, if an affiliate, that it will comply with registration and prospectus delivery requirements of the Securities Act to the extent applicable;

it is not engaged in, and does not intend to engage in, a distribution of the notes issued in the Exchange Offer and has no arrangement or understanding to participate in a distribution of notes issued in the Exchange Offer; and

it is acquiring the New Exchange Notes in the ordinary course of its business.

Each holder who cannot make such representations:

will not be able to rely on the interpretations of the staff of the SEC in the above-mentioned interpretive letters;

will not be permitted or entitled to tender Old Notes in the Exchange Offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or other transfer of Old Notes, unless the sale is made under an exemption from such requirements.

In addition, each broker-dealer that receives exchange notes for its own account in exchange for Old Notes, where such Old Notes were acquired by that broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver this prospectus in connection with any resale of such notes issued in the Exchange Offer. See [Plan of Distribution](#) for a discussion of the exchange and resale obligations of broker-dealers in connection with the Exchange Offer.

Table of Contents

We have not entered into any arrangement or understanding with any person who will receive New Exchange Notes in the Exchange Offer to distribute those New Exchange Notes following completion of the Exchange Offer. We are not aware of any person that will participate in the Exchange Offer with a view to distribute the New Exchange Notes.

In addition, to comply with state securities laws of certain jurisdictions, the New Exchange Notes may not be offered or sold in any state unless they have been registered or qualified for sale in such state or an exemption from registration or qualification is available and complied with by the holders selling the New Exchange Notes. We have not agreed to register or qualify the New Exchange Notes for offer or sale under state securities laws.

Terms of the Exchange Offer

Upon the terms and subject to the conditions of the Exchange Offer described in this prospectus and in the accompanying letter of transmittal, we will accept for exchange all Old Notes validly tendered and not withdrawn before 11:59 p.m., New York City time, on the Expiration Date (unless we elect in our sole discretion to accept for exchange Old Notes prior to the Expiration Date). We will issue \$1,000 principal amount of exchange notes in exchange for each \$1,000 principal amount of Old Notes accepted in the Exchange Offer. You may tender some or all of your Old Notes pursuant to the Exchange Offer. However, Old Notes may be tendered only in a minimum principal amount of \$1,000 and in integral multiples of \$1,000 in excess thereof.

The New Exchange Notes will be substantially identical to the Old Notes, except that:

the offering of the New Exchange Notes has been registered under the Securities Act;

the New Exchange Notes will not be subject to transfer restrictions; and

the New Exchange Notes will be issued free of any covenants regarding registration rights and free of any provision for additional interest.

The New Exchange Notes will evidence the same debt as the Old Notes and will be issued under and be entitled to the benefits of the same indenture under which the Old Notes were issued. The Old Notes and the New Exchange Notes will be treated as a single series of debt securities under the indenture. For a description of the terms of the indenture and the New Exchange Notes, see Description of the New Exchange Notes.

The Exchange Offer is not conditioned upon any minimum aggregate principal amount of Old Notes being tendered for exchange. As of the date of this prospectus, we have an aggregate of \$250,000,000 principal amount of Old Notes.

We intend to conduct the Exchange Offer in accordance with the applicable requirements of the Securities Act and the Exchange Act and the rules and regulations of the SEC. Holders of Old Notes do not have any appraisal or dissenters rights under law or under the indenture in connection with the Exchange Offer. Old Notes that are not tendered will remain outstanding and continue to accrue interest, but will not retain any rights under the registration rights agreement (except in the case of the Initial Purchasers and Participating Broker-Dealers as provided herein).

We will be deemed to have accepted for exchange validly tendered Old Notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders of Old Notes for the purposes of receiving the New Exchange Notes from us and delivering the New Exchange Notes to the

tendering holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the Exchange Offer, and not to accept for exchange any Old Notes not previously accepted for exchange, upon the occurrence of any of the conditions specified below under Conditions. All Old Notes accepted for exchange will be exchanged for exchange notes promptly following the Expiration Date (or, if we elect to accept for exchange Old Notes prior to the Expiration Date, promptly after acceptance). If we decide for any reason to delay for any period our acceptance of any Old Notes for exchange, we will extend the Expiration Date for the same period.

Table of Contents

If we do not accept for exchange any tendered Old Notes because of an invalid tender, the occurrence of certain other events described in this prospectus or otherwise, such unaccepted Old Notes will be returned, without expense, to the holder tendering them or the appropriate book-entry will be made, in each case, as promptly as practicable after the Expiration Date.

We are not making, nor is our Board of Directors making, any recommendation to you as to whether to tender or refrain from tendering all or any portion of your Old Notes in the Exchange Offer. No one has been authorized to make any such recommendation. You must make your own decision whether to tender in the Exchange Offer and, if you decide to do so, you must also make your own decision as to the aggregate amount of Old Notes to tender after reading this prospectus and the letter of transmittal and consulting with your advisers, if any, based on your own financial position and requirements.

Expiration Date; Extensions; Amendments

The term **Expiration Date** means 11:59 p.m., New York City time, on _____, 2018 unless we, in our sole discretion, extend the Exchange Offer, in which case the term **Expiration Date** shall mean the latest date and time to which the Exchange Offer is extended.

If we determine to extend the Exchange Offer, we will notify the exchange agent of any extension by oral or written notice. We will notify the registered holders of Old Notes of the extension no later than 9:00 a.m., New York City time, on the business day immediately following the previously scheduled Expiration Date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any Old Notes;

to extend the Exchange Offer or to terminate the Exchange Offer and to refuse to accept Old Notes not previously accepted if any of the conditions set forth below under **Conditions** have not been satisfied by the Expiration Date; or

subject to the terms of the registration rights agreement, to amend the terms of the Exchange Offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders of Old Notes. If we amend the Exchange Offer in a manner that we determine to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of the Old Notes of the amendment.

Without limiting the manner in which we may choose to make public announcements of any delay in acceptance, extension, termination or amendment of the Exchange Offer, we will have no obligation to publish, advertise or otherwise communicate any public announcement, other than by making a timely release to a financial news service.

During any extension of the Exchange Offer, all Old Notes previously tendered will remain subject to the Exchange Offer, and we may accept them for exchange. We will return any Old Notes that we do not accept for exchange for any reason without expense to the tendering holder as promptly as practicable after the expiration or earlier

termination of the Exchange Offer.

Interest on the New Exchange Notes and the Old Notes

Any Old Notes not tendered or accepted for exchange will continue to accrue interest at the rate of 5.50% per annum in accordance with their terms. The New Exchange Notes will accrue interest at the rate of 5.50% per annum from the date of the last periodic payment of interest on the Old Notes or, if no interest has been paid,

from the date of original issuance of the Old Notes. Interest on the New Exchange Notes and any Old Notes not tendered or accepted for exchange will be payable quarterly in arrears on January 30, April 30, July 30 and October 30 of each year.

Procedures for Tendering

Only a registered holder of Old Notes may tender those notes in the Exchange Offer. To tender in the Exchange Offer, a holder must properly complete, sign and date the letter of transmittal, have the signatures thereon guaranteed if required by the letter of transmittal, and mail or otherwise deliver such letter of transmittal, together with all other documents required by the letter of transmittal, to the exchange agent at one of the addresses set forth below under Exchange Agent, before 11:59 p.m., New York City time, on the Expiration Date. In addition, either:

the exchange agent must receive, before the Expiration Date, a timely confirmation of a book-entry transfer of the tendered Old Notes into the exchange agent's account at DTC, or the depository, according to the procedure for book-entry transfer described below; or

the holder must comply with the guaranteed delivery procedures described below.

A tender of Old Notes by a holder that is not withdrawn prior to the Expiration Date will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

The method of delivery of letters of transmittal and all other required documents to the exchange agent, including delivery through DTC, is at the holder's election and risk. Instead of delivery by mail, we recommend that holders use an overnight or hand delivery service. If delivery is by mail, we recommend that holders use certified or registered mail, properly insured, with return receipt requested. In all cases, holders should allow sufficient time to assure delivery to the exchange agent before the Expiration Date. Holders should not send letters of transmittal or other required documents to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or other nominees to effect the above transactions for them.

Any beneficial owner whose Old Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender those notes should contact the registered holder promptly and instruct it to tender on the beneficial owner's behalf.

We will determine, in our sole discretion, all questions as to the validity, form, eligibility (including time of receipt), acceptance of tendered Old Notes and withdrawal of tendered Old Notes, and our determination will be final and binding. We reserve the absolute right to reject any and all Old Notes not properly tendered or any Old Notes the acceptance of which would, in the opinion of us or our counsel, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the Exchange Offer as to any particular Old Notes either before or after the Expiration Date. Our interpretation of the terms and conditions of the Exchange Offer as to any particular Old Notes either before or after the Expiration Date, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Old Notes for exchange must be cured within such time as we shall determine. Although we intend to notify holders of any defects or irregularities with respect to tenders of Old Notes for exchange, neither we nor the exchange agent nor any other person shall be under any duty to give such notification, nor shall any of them incur any liability for failure to give such notification. Tendere of Old Notes will not be deemed to have been made until all defects or irregularities have

been cured or waived. Any Old Notes delivered by book-entry transfer within DTC, will be credited to the account maintained within DTC by the participant in DTC which delivered such Old Notes, unless otherwise provided in the letter of transmittal, as soon as practicable following the Expiration Date.

In addition, we reserve the right in our sole discretion (a) to purchase or make offers for any Old Notes that remain outstanding after the Expiration Date, (b) as set forth below under Conditions, to terminate the

Table of Contents

Exchange Offer and (c) to the extent permitted by applicable law, purchase Old Notes in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers could differ from the terms of the Exchange Offer.

By signing, or otherwise becoming bound by, the letter of transmittal, each tendering holder of Old Notes (other than certain specified holders) will represent to us that:

it is acquiring the New Exchange Notes in the Exchange Offer in the ordinary course of its business;

it is not engaging in and does not intend to engage in a distribution of the New Exchange Notes;

it is not participating, does not intend to participate, and has no arrangements or understandings with any person to participate in the Exchange Offer for the purpose of distributing the New Exchange Notes; and

it is not an affiliate of ours or any of the guarantors of the New Exchange Notes, within the meaning of Rule 405 under the Securities Act, or, if it is our affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

If the tendering holder is a broker-dealer that will receive exchange notes for its own account in exchange for Old Notes that were acquired as a result of market-making activities or other trading activities, it may be deemed to be an underwriter within the meaning of the Securities Act. Any such holder will be required to acknowledge in the letter of transmittal that it will deliver a prospectus in connection with any resale or transfer of these exchange notes. However, by so acknowledging and by delivering a prospectus, the holder will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Book-Entry Transfer

The exchange agent will establish a new account or utilize an existing account with respect to the Old Notes at DTC promptly after the date of this prospectus, and any financial institution that is a participant in DTC's systems may make book-entry delivery of Old Notes by causing DTC to transfer these Old Notes into the exchange agent's account in accordance with DTC's procedures for transfer. However, the exchange for the Old Notes so tendered will only be made after timely confirmation of this book-entry transfer of Old Notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. The term agent's message means a message transmitted by DTC to, and received by, the exchange agent and forming a part of a book-entry confirmation, that states that DTC has received an express acknowledgment from a participant in DTC tendering Old Notes that are the subject of the book-entry confirmation stating (1) the aggregate principal amount of Old Notes that have been tendered by such participant, (2) that such participant has received and agrees to be bound by the terms of the letter of transmittal and (3) that we may enforce such agreement against the participant.

Although delivery of Old Notes must be effected through book-entry transfer into the exchange agent's account at DTC, the letter of transmittal, properly completely and validly executed, with any required signature guarantees, or an agent's message in lieu of the letter of transmittal, and any other required documents, must be delivered to and received by the exchange agent at one of its addresses listed below under Exchange Agent, before 11:59 p.m., New York City time, on the Expiration Date, or the guaranteed delivery procedure described below must be complied with.

Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

All references in this prospectus to deposit or delivery of Old Notes shall be deemed to also refer to DTC's book-entry delivery method.

Guaranteed Delivery Procedures

Holders who wish to tender their Old Notes and (1) who cannot deliver a confirmation of book-entry transfer of Old Notes into the exchange agent's account at DTC, the letter of transmittal or any other required documents to the exchange agent prior to the Expiration Date or (2) who cannot complete the procedure for book-entry transfer on a timely basis, may effect a tender if:

the tender is made through an eligible institution;

before the Expiration Date, the exchange agent receives from the eligible institution a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail or hand delivery, listing the principal amount of Old Notes tendered, stating that the tender is being made thereby and guaranteeing that, within three New York Stock Exchange, Inc. trading days after the Expiration Date, a duly executed letter of transmittal together with a confirmation of book-entry transfer of such Old Notes into the exchange agent's account at DTC, and any other documents required by the letter of transmittal and the instructions thereto, will be deposited by such eligible institution with the exchange agent; and

the properly completed and executed letter of transmittal and a confirmation of book-entry transfer of all tendered Old Notes into the exchange agent's account at DTC and all other documents required by the letter of transmittal are received by the exchange agent within three New York Stock Exchange, Inc. trading days after the Expiration Date.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their Old Notes according to the guaranteed delivery procedures described above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, tenders of Old Notes may be withdrawn at any time prior to 11:59 p.m., New York City time, on the Expiration Date.

For a withdrawal to be effective, the exchange agent must receive a written or facsimile transmission notice of withdrawal at one of its addresses set forth below under Exchange Agent. Any notice of withdrawal must:

specify the name of the person who tendered the Old Notes to be withdrawn;

identify the Old Notes to be withdrawn, including the principal amount of such Old Notes;

be signed by the holder in the same manner as the original signature on the letter of transmittal by which the Old Notes were tendered and include any required signature guarantees; and

specify the name and number of the account at DTC to be credited with the withdrawn Old Notes and otherwise comply with the procedures of DTC.

We will determine, in our sole discretion, all questions as to the validity, form and eligibility (including time of receipt) of any notice of withdrawal, and our determination shall be final and binding on all parties. Any Old Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer and no exchange notes will be issued with respect thereto unless the Old Notes so withdrawn are validly retendered. Properly withdrawn Old Notes may be retendered by following one of the procedures described above under Procedures for Tendering at any time prior to the Expiration Date.

Any Old Notes that are tendered for exchange through the facilities of DTC but that are not exchanged for any reason will be credited to an account maintained with DTC for the Old Notes as soon as practicable after withdrawal, rejection of tender or termination of the Exchange Offer.

Conditions

Despite any other term of the Exchange Offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any Old Notes, and we may terminate the Exchange Offer as provided in this prospectus prior to the Expiration Date, if:

the Exchange Offer, or the making of any exchange by a holder of Old Notes, would violate applicable law or any applicable interpretation of the SEC staff;

the Old Notes are not tendered in accordance with the Exchange Offer;

you do not represent that you are acquiring the New Exchange Notes in the ordinary course, that you are not engaging in and do not intend to engage in a distribution of the New Exchange Notes, of your business and that you have no arrangement or understanding with any person to participate in a distribution of the New Exchange Notes and you do not make any other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to render available the use of an appropriate form for registration of the New Exchange Notes under the Securities Act; or

any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to the Exchange Offer which, in our judgment, would reasonably be expected to impair our ability to proceed with the Exchange Offer.

These conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any of these conditions or may be waived by us, in whole or in part, at any time and from time to time in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights shall not be deemed a waiver of the right and each right shall be deemed an ongoing right which may be asserted at any time and from time to time.

If we determine in our reasonable judgment that any of the conditions are not satisfied, we may:

refuse to accept and return to the tendering holder any Old Notes or credit any tendered Old Notes to the account maintained within DTC by the participant in DTC which delivered the Old Notes; or

extend the Exchange Offer and retain all Old Notes tendered before the Expiration Date, subject to the rights of holders to withdraw the tenders of Old Notes (see [Withdrawal of Tenders](#) above); or

waive the unsatisfied conditions with respect to the Exchange Offer prior to the Expiration Date and accept all properly tendered Old Notes that have not been withdrawn or otherwise amend the terms of the Exchange Offer in any respect as provided under [Expiration Date; Extensions; Amendments](#). If a waiver constitutes a material change to the Exchange Offer, we will promptly disclose the waiver by means of a prospectus supplement that will be distributed to the registered holders, and we will extend the Exchange Offer as

required in our judgment by law, depending upon the significance of the waiver and the manner of disclosure to the registered holders, if the Exchange Offer would otherwise expire during such extended period. In addition, we will not accept for exchange any Old Notes tendered, and we will not issue exchange notes in exchange for any of the Old Notes, if at that time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939.

Exchange Agent

The Bank of New York Mellon has been appointed as the exchange agent for the Exchange Offer. All signed letters of transmittal and other documents required for a valid tender of your Old Notes should be directed to the exchange agent at one of the addresses set forth below. Questions and requests for assistance, requests for

additional copies of this prospectus or of the letter of transmittal and requests for notices of guaranteed delivery should be directed to the exchange agent addressed as follows:

THE BANK OF NEW YORK MELLON

101 Barclay Street, Floor 7E

New York, NY 10286

Attn. Joellen McNamara

Delivery to other than the above addresses or facsimile number will not constitute a valid delivery.

Fees and Expenses

We will bear the expenses of soliciting tenders. We have not retained any dealer-manager in connection with the Exchange Offer and will not make any payments to brokers, dealers or others soliciting acceptance of the Exchange Offer. The principal solicitation is being made by mail; however, additional solicitation may be made by facsimile, telephone or in person by our officers and employees.

We will pay the expenses to be incurred in connection with the Exchange Offer. These expenses include fees and expenses of the exchange agent and the trustee, accounting and legal fees, printing costs, and related fees and expenses.

Transfer Taxes

Holders who tender their Old Notes for exchange will not be obligated to pay any transfer taxes in connection with the Exchange Offer. If, however, exchange notes issued in the Exchange Offer, or Old Notes for principal amounts not tendered or accepted for exchange, are to be delivered to, or are to be issued in the name of, any person other than the registered holder of the Old Notes tendered, or if a transfer tax is imposed for any reason other than the exchange of Old Notes for exchange notes in connection with the Exchange Offer, then the holder must pay any applicable transfer taxes, whether imposed on the registered holder or on any other person. If satisfactory evidence of payment of, or exemption from, transfer taxes is not submitted with the letter of transmittal, the amount of the transfer taxes will be billed directly to the tendering holder.

Accounting Treatment

We will record the New Exchange Notes in our accounting records at the same carrying values as the Old Notes on the date of the exchange. Accordingly, we will recognize no gain or loss, for accounting purposes, as a result of the Exchange Offer. The expenses of the Exchange Offer will be amortized over the term of the New Exchange Notes.

Consequences of Failure to Exchange

Holders of Old Notes who do not exchange their Old Notes for exchange notes pursuant to the Exchange Offer will continue to be subject to the restrictions on transfer of the Old Notes as set forth in the legend printed thereon as a consequence of the issuance of the Old Notes pursuant to an exemption from the Securities Act and applicable state securities laws. Old Notes not exchanged pursuant to the Exchange Offer will continue to accrue interest at 5.50% per annum, and the Old Notes will otherwise remain outstanding in accordance with their terms.

In general, the Old Notes may not be offered or sold unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Upon completion of the Exchange Offer, holders of Old Notes will not be entitled to any rights to have the resale of Old Notes registered under the Securities Act, and we currently do not intend to register under the Securities Act the resale of any Old Notes that remain outstanding after completion of the Exchange Offer.

Table of Contents**DESCRIPTION OF THE NEW EXCHANGE NOTES**

In this description, unless otherwise specified, the word Indenture shall be deemed to refer to the Base Indenture, as supplemented, amended or otherwise modified by the Supplemental Indentures and except to the extent the context may otherwise require, references to provisions of the Indenture solely relate to the Notes (and not any other Securities issued under the Base Indenture).

The New Exchange Notes will be secured on a pari passu basis with the Old Notes by a pledge of all of the limited liability company interests of Greater China Intermodal Investments LLC (GCI) directly held and owned from time to time by Seaspan Investment I Ltd. (Seaspan Investment) and all products and proceeds thereof (collectively, the Collateral) pursuant to that certain Amended and Restated Seaspan Investment Pledge and Collateral Agent Agreement, dated as of June 8, 2018 (the Pledge Agreement), among Seaspan Investment, Seaspan, BNY Mellon, as collateral agent (in such capacity, the Collateral Agent) and the Trustee.

The following description is a summary of certain provisions of the Indenture and the Pledge Agreement, does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Indenture (including those provisions made a part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the TIA)) and the Pledge Agreement. Seaspan and the Guarantors urge you to read the Indenture because it, and not this description, defines your rights as a holder of the applicable New Exchange Notes.

You can find the definitions of certain capitalized terms used in the following description under the subheading Certain Definitions. Defined terms used but not defined in this description under the subheading Certain Definitions have the meanings assigned to them in the Indenture and if not defined therein, the Pledge Agreement. In this description, references to Seaspan or the Company refer only to Seaspan Corporation and not any of its Subsidiaries.

The registered holder of a Note (each, a Holder) will be treated as the owner of it for all purposes. Only Holders will have rights under the Indenture.

Ranking

The Notes will:

be senior unsecured obligations of Seaspan;

rank equally in right of payment with all other senior obligations of Seaspan and senior in right of payment to all Indebtedness that by its terms is subordinated to the Notes;

be effectively subordinated to any Indebtedness of Seaspan that is secured by a lien on its assets to the extent of the value thereof; and

be unconditionally guaranteed, jointly and severally, by certain of Seaspan's Subsidiaries, as set forth under Guarantees below.

The Notes will initially be guaranteed by Seaspan Investment and the other Initial Guarantors. Each Guarantee of a Guarantor will:

in the case of the Guarantee of (i) Seaspan Investment, be a senior secured obligation of such Guarantor that is secured by the Collateral and (ii) each other Guarantor, be a senior unsecured obligation of such Guarantor;

rank equally in right of payment with all other senior obligations of each Guarantor and senior in right of payment to all Indebtedness that by its terms is subordinated to the Guarantee of such Guarantor; and

be effectively subordinated to any Indebtedness of such Guarantor that is secured by a lien on its assets to the extent of the value thereof.

Principal, Maturity and Interest

In this offering, Seaspan will issue up to \$250,000,000 in aggregate principal amount of 5.50% Senior Notes due 2025 (the New Exchange Notes) in exchange for the 5.50% Senior Notes due 2025 issued on the Issue Date of like principal amount (the Old Notes). The New Exchange Notes shall bear interest at 5.50% per annum, and will mature on February 14, 2025. Interest on the New Exchange Notes will be payable quarterly in arrears in Dollars on January 30, April 30, July 30 and October 30 of each year, beginning with July 30, 2018. Interest will be payable to the holders of record of the New Exchange Notes at the close of business on January 15, April 15, July 15 or October 15, whether or not such day is a business day, as the case may be, immediately preceding such interest payment date.

Interest on the New Exchange Notes will be computed on the basis of a 360-day year comprising twelve 30-day months. Interest on the New Exchange Notes will accrue from the most recent date on which interest has been paid or, if no interest has been paid, from and including April 30, 2018.

All payments in respect of the Notes shall include Additional Amounts as and to the extent set forth under Additional Amounts below.

Notwithstanding anything to the contrary contained in the Indenture but subject to the terms of the Pledge Agreement, the Company may, from time to time, with the prior written consent of the Holders of not less than a majority in principal amount of the Outstanding Notes, create and issue additional Notes (Additional Notes) having the same interest rate, maturity and other terms (except for the issue date, the public offering price and the first interest payment date) as, ranking equally and ratably with, the Notes. Additional Notes issued in this manner shall be consolidated with and shall form a single series with the previously outstanding Notes and will vote together as one class on all matters with respect to such Notes. Any Additional Notes issued will be secured, equally and ratably with the Notes. As a result, the issuance of Additional Notes will have the effect of diluting the security interest on the Collateral for the then outstanding Notes. However, any Additional Notes that are not fungible with existing Notes for U.S. federal

income tax purposes will have a separate CUSIP, ISIN and other identifying number from such existing Notes. However, no Additional Notes may be issued if an Event of Default has occurred and is continuing with respect to the Notes. Unless the context otherwise requires, for all purposes of the Indenture and this Description of the New Exchange Notes, references to the Notes include any Additional Notes actually issued.

New Exchange Notes will be issued fully registered form in denominations of \$1,000 and integral multiples thereof.

Additional Amounts

All payments made by or on behalf of the Company under or with respect to the Notes or by any Guarantor with respect to any Guarantee, will be made free and clear of and without withholding or deduction for, or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (hereinafter "Taxes") unless the withholding or deduction of such Taxes is then required by law. If any deduction or withholding for, or on account of, any Taxes imposed or levied by or on behalf of the government of the Republic of Marshall Islands, or any political subdivision or any authority or agency therein or thereof having power to tax, or any other jurisdiction in which the Company (including any successor entity) or such Guarantor is organized or is otherwise resident for tax purposes, or any jurisdiction from or through which payment is made (including the jurisdiction of each paying agent) (each, a "Specified Tax Jurisdiction"), will at any time be required to be made from any payments made under or with respect to the Notes or the Guarantees. The Company and the Guarantors will pay such additional amounts (the "Additional Amounts") as may be necessary so that the net amount received in respect of such payments by a Holder (including Additional Amounts) after such withholding or deduction will not be less than the amount such Holder would have received if such Taxes had not been withheld or deducted; provided, however, that the foregoing obligation to pay Additional Amounts does not apply to:

- (1) any Taxes that would not have been so imposed but for the Holder or beneficial owner of the Notes having any present or former connection with the Specified Tax Jurisdiction (other than the mere acquisition, ownership, holding, enforcement or receipt of payment in respect of the Notes);
- (2) any estate, inheritance, gift, sales, excise, transfer, personal property tax or similar tax, assessment or governmental charge;
- (3) any Taxes payable other than by deduction or withholding from payments under, or with respect to, the Notes;
- (4) any Taxes imposed as a result of the failure of the Holder or beneficial owner of the Notes to complete, execute and deliver to the Company any form or document to the extent applicable to such Holder or beneficial owner that may be required by law or by reason of administration of such law and which is reasonably requested in writing to be delivered to the Company in order to enable the Company to make payments on the Notes without deduction or withholding for Taxes, or with deduction or withholding of a lesser amount, which form or document will be delivered within 60 days of a written request therefor by the Company;
- (5) any Taxes that would not have been so imposed but for the beneficiary of the payment having presented a note for payment (in cases in which presentation is required) more than 30 days after the date on which such payment or such note became due and payable or the date on which payment thereof is duly provided for, whichever is later (except to the extent that the Holder would have been entitled to Additional Amounts had the note been presented on the last day of such 30-day period);
- (6) any Taxes imposed on or with respect to any payment by the Company to the Holder if such Holder is a fiduciary or partnership or person other than the sole beneficial owner of such payment, to the extent that a beneficiary or

settlor with respect to such fiduciary, a member of such partnership or the beneficial owner of such payment would not have been entitled to Additional Amounts had such beneficiary, settlor, member or beneficial owner been the actual Holder of such note;

(7) any Taxes that are required to be deducted or withheld on a payment pursuant to European Council Directive 2003/48/EC or any law implementing, or introduced in order to conform to, such directive;

(8) any combination of items (1) through (7) above.

If the Company or any Guarantor becomes aware that it will be obligated to pay Additional Amounts with respect to any payment under or with respect to the Notes or the Guarantees, the Company will deliver to the Trustee and paying agent at least 30 days prior to the date of that payment (unless the obligation to pay

Table of Contents

Additional Amounts arises after the 30th day prior to that payment date, in which case the Company will notify the Trustee and paying agent promptly thereafter but in no event later than two business days prior to the date of payment) an Officer's Certificate stating the fact that Additional Amounts will be payable and the amount so payable. The Officer's Certificate must also set forth any other information necessary to enable the paying agent to pay Additional Amounts to Holders on the relevant payment date. The Trustee and paying agent will be entitled to rely solely on such Officer's Certificate as conclusive proof that such payments are necessary. The Company will provide the Trustee and paying agent with documentation evidencing the payment of Additional Amounts.

The Company will make all withholdings and deductions required by law and will remit the full amount deducted or withheld to the relevant governmental authority on a timely basis in accordance with applicable law. As soon as practicable, the Company will provide the Trustee and paying agent with an official receipt or, if official receipts are not obtainable, other documentation evidencing the payment of the Taxes so withheld or deducted. Upon request, copies of those receipts or other documentation, as the case may be, will be made available by the Trustee and paying agent to the Holders of the Notes.

Whenever in the Indenture there is referenced, in any context, the payment of amounts based upon the principal amount of the Notes or of principal, interest or any other amount payable under, or with respect to, the Notes, such reference will be deemed to include payment of Additional Amounts as described under this heading to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The Company will indemnify a Holder, within 10 business days after written demand therefor, for the full amount of any Taxes paid by such Holder to a governmental authority of a Specified Tax Jurisdiction, on or with respect to any payment by on or account of any obligation of the Company to withhold or deduct an amount on account of Taxes for which the Company would have been obliged to pay Additional Amounts under this Additional Amounts and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate as to the amount of such payment or liability delivered to the Company by a Holder will be conclusive absent manifest error.

The Company will pay any present or future stamp, court or documentary taxes or any other excise or property taxes, charges or similar levies that arise in any Specified Tax Jurisdiction from the execution, delivery, enforcement or registration of the Notes, the Indenture or any other document or instrument in relation thereof, or the receipt of any payments with respect to the Notes, and the Company will indemnify the Holders for any such taxes paid by such Holders.

The obligations described under this heading will survive any termination, defeasance or discharge of the Indenture and will apply mutatis mutandis to any jurisdiction in which any successor person to the Company is organized or any political subdivision or authority or agency thereof or therein.

Transfer and exchange

A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be made for any registration of transfer or exchange or redemption of the Notes, except, in certain cases, for any tax or other governmental charge that may be imposed in connection therewith and any other expenses (including fees and expenses of the Trustee) that may be imposed in connection with any registration of transfer or exchange of the Notes, other than certain exchanges not involving any transfer. The registrar will not be required to exchange or register a transfer of any Note during a period beginning at the opening of business 15 days before any selection of Notes to be redeemed and ending on the relevant redemption date except the unredeemed portion of any Note being redeemed in

part.

Table of Contents**Guarantees*****Guarantees***

The full and prompt payment of the Company's payment obligations under the Notes and the Indenture will be guaranteed, jointly and severally, by the Initial Guarantors and each other Subsidiary of the Company that is required to become a Guarantor pursuant to the covenant described under *Certain Covenants - Subsidiary Guarantee*. Each Guarantor will fully and unconditionally guarantee (each a *Guarantee* and, collectively, the *Guarantees*), jointly and severally, to each Holder and the Trustee that: (a) the principal of, interest and premium on the Notes shall be promptly paid in full when due, whether at maturity, by acceleration, redemption or otherwise, and interest on the overdue principal of and interest on the Notes, if any, if lawful, and all other obligations of the Company to the Holders or the Trustee under the Indenture or the Notes shall be promptly paid in full or performed, all in accordance with the terms of the Indenture and the Notes; and (b) in case of any extension of time of payment or renewal of any Notes or any of such other obligations, that same shall be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at Stated Maturity, by acceleration or otherwise. Failing payment when due of any amount so guaranteed or any performance so guaranteed for whatever reason, the Guarantors shall be jointly and severally obligated to pay the same immediately. Each Guarantor agrees that this is a guarantee of payment and not a guarantee of collection. The Guarantee of each Guarantor will rank senior in right of payment to all existing and future subordinated Indebtedness of such Guarantor and equally in right of payment with all other existing and future senior Indebtedness of such Guarantor. Each Guarantee will be unsecured other than the Guarantee of Seaspan Investment which shall be secured by the Collateral.

Limitation on Guarantor Liability

The Guarantees will provide that (i) it is the intent of each Guarantor and Holder that the Guarantee of such Guarantor not constitute a fraudulent transfer or conveyance for purposes of Bankruptcy Law, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act or any similar federal, state or foreign law to the extent applicable to any Guarantee and (ii) accordingly, the obligations of each Guarantor shall be limited to the maximum amount as shall, after giving effect to such maximum amount and all other contingent and fixed liabilities of such Guarantor that are relevant under such laws and after giving effect to any collections from, rights to receive contribution from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor, result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under applicable law. Each Guarantor that makes a payment under its Guarantee shall be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with U.S. GAAP.

Guarantors may consolidate, etc., only on certain terms

A Guarantor shall not consolidate with or merge with or into any other Person, or sell, assign, convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to any other Person, and such Guarantor shall not permit any other Person to consolidate with or merge into such Guarantor or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to such Guarantor; unless:

- (1) the other Person is the Company or a Guarantor;

- (2) (A) either (x) such Guarantor is the continuing Person or (y) the resulting, surviving or transferee Person expressly assumes, by an indenture supplemental hereto, executed by the successor Person and delivered to the Trustee, all of the obligations of such Guarantor under its Guarantee of the Notes; and (B) immediately after giving effect to the transaction, no Event of Default or event which, after notice or lapse of time, or both, would become an Event of Default, shall have occurred and be continuing; or

(3) the transaction constitutes the sale, exchange or transfer (by merger, consolidation, amalgamation, wind-up liquidation, dissolution or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), other than to a Subsidiary of the Company, and such sale, exchange or transfer is made in compliance with the Indenture.

In the event of any such sale, consolidation, merger, transfer, assignment, conveyance, lease or other transaction, either such Guarantor or the successor Person shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such transaction and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture complies with this Guarantors may consolidate, etc., only on certain terms and that all conditions precedent in the Indenture provided for relating to such transaction have been complied with.

Upon any consolidation by a Guarantor with or merger of a Guarantor into any other Person or any conveyance, transfer or lease of the properties and assets of a Guarantor substantially as an entirety to any Person, the successor Person formed by such consolidation or into which such Guarantor is merged or to which such conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, such Guarantor under the Indenture with the same effect as if such successor Person had been named as a Guarantor in the Indenture.

Release of Guarantees

A Guarantee of the Notes by a Guarantor shall be automatically and unconditionally released and discharged, and no further action by such Guarantor, the Company or the Trustee is required for the release of such Guarantor's Guarantee, upon (1) any sale, exchange or transfer (by merger, consolidation, amalgamation, wind-up liquidation, dissolution or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), other than to a Subsidiary of the Company, after which the applicable Guarantor is no longer a Subsidiary of the Company, if such sale, exchange or transfer is made in compliance with the Indenture; (2) the Company exercising its legal defeasance option in accordance with the second paragraph of Satisfaction and Discharge of Indenture; Defeasance Defeasance and Covenant Defeasance or covenant defeasance option in accordance with the third paragraph of Satisfaction and Discharge of Indenture; Defeasance Defeasance and Covenant Defeasance or the Company's obligations under the Indenture being discharged in accordance with the terms of the Indenture; (3) the merger or consolidation of any Guarantor with and into the Company or another Guarantor that is the surviving Person in such merger or consolidation, or upon the liquidation of such Guarantor following the transfer of all or substantially all of its assets to the Company or another Guarantor; and (4) such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Collateral

The Notes and other Indenture Obligations will be secured by a lien on the Collateral pursuant to the Pledge Agreement, which Collateral will also secure on an equal and ratable basis other Indebtedness identified in an accession agreement to the Pledge Agreement (such other Indebtedness is referred to herein as Additional Secured Debt and, together with the Notes, the Secured Debt) and other obligations in respect thereof (together with such Additional Secured Debt, Additional Secured Obligations); provided that the Pledge Agreement provides that notwithstanding anything to the contrary therein, (i) the only Indebtedness that may constitute Additional Secured Debt shall be (x) \$250.0 million aggregate principal amount of 5.50% Senior Notes due 2026 to be issued by the Company pursuant to the Subscription Agreement, dated as of March 13, 2018, between the Company and the other parties thereto, (y) up to \$400.0 million aggregate principal amount of term loans and (z) up to \$150.0 million aggregate principal amount of revolving loans and letters of credit, in each case, and any Refinancing thereof and (ii) no Secured Debt may be increased, extended, renewed, replaced, restated, supplemented, restructured, refunded,

refinanced or otherwise amended from time to time (each, a Refinancing) if after giving effect to any such Refinancing, such Indebtedness would have an aggregate

principal amount greater than the sum of (x) the aggregate principal amount of the Secured Debt that is the subject of such Refinancing (or, if such Secured Debt is issued with original issue discount, the aggregate accreted value) as of the date of such proposed Refinancing, (y) the amount of accrued but unpaid interest thereon and any premium (including any tender premium) required to be paid thereon (as reasonably determined by the issuer thereof) in connection with such Refinancing and (z) the amount of reasonable fees, expenses and defeasance costs relating to the Refinancing of such Secured Debt.

Application of Proceeds

The proceeds received by the Collateral Agent in respect of any sale of, collection from or other realization upon all or any part of the Collateral pursuant to the exercise by the Collateral Agent of its remedies (collectively, the Collateral Proceeds) shall be applied, in full or in part, together with any other sums then held by the Collateral Agent pursuant to the Pledge Agreement, as follows:

- (i) first, to the payment of all fees, costs, reimbursements, indemnities, expenses and other amounts owing to, or incurred by, the Collateral Agent pursuant to the Pledge Agreement;
- (ii) second, to the extent proceeds remain after the application pursuant to the preceding clause (i), an amount equal to the outstanding Secured Obligations shall be paid to the Secured Parties as provided in the second immediately succeeding paragraph below, with each Secured Party receiving an amount equal to its outstanding Secured Obligations or, if the proceeds are insufficient to pay in full all such Secured Obligations, its Pro Rata Share of the amount remaining to be distributed; and
- (iii) third, to the extent proceeds remain after the application pursuant to the preceding clauses (i) and (ii), to Seaspan Investment or to whomever may be lawfully entitled to receive such surplus.

For purposes of the immediately preceding paragraph, Pro Rata Share shall mean, when calculating a Secured Party's portion of any distribution or amount, that amount (expressed as a percentage) equal to a fraction, the numerator of which is the then unpaid amount of such Secured Party's Secured Obligations, and the denominator of which is the then outstanding amount of all Secured Obligations.

All payments required to be made under this Application of Proceeds shall be made (x) if to the Holders of the Notes or the Trustee, to the Trustee for the account of the Holders of the Notes and the Trustee in accordance with the Indenture, and (y) if to any holder of Additional Secured Obligations to the representative for such holders for the account of such holders in accordance with the terms of the agreements or instruments that govern or evidence the Additional Secured Obligations of such holders.

Covenant Regarding GCI

Seaspan Investment shall not permit GCI to issue any additional limited liability company interests unless such additional limited liability company interests are issued to Seaspan Investment, the Company or any Subsidiary of the Company and a lien on and security interest in all of the right, title and interest of Seaspan Investment, the Company or such Subsidiary of the Company, as applicable, over such additional limited liability company interests is pledged, assigned and granted to the Collateral Agent for the ratable benefit of the Collateral Agent, the Trustee and the Holders of the Notes.

Instructing Group

The Collateral Agent shall act or omit to act in relation to the Collateral in accordance with the instructions of the holders of a majority in aggregate principal amount of the then outstanding Notes and the Additional Secured Debt, if any, voting together as a single class (the *Instructing Group*), and prior to taking any action or omitting to take any action hereunder (both before and after an Event of Default) the Collateral Agent shall be entitled to request and rely upon the written direction of the Instructing Group. If the Collateral Agent shall not have received instructions in accordance with the Pledge Agreement from the Instructing Group, it shall be under

Table of Contents

no duty to take or refrain from taking such action and it shall incur no liability therefor. For purposes of determining whether the holders of a majority in aggregate principal amount of the then outstanding Notes and the Additional Secured Debt have provided an instruction, the Trustee and each representative of the holders of Additional Secured Debt shall provide to the Collateral Agent the following information with respect to the Secured Debt for which it represents: (i) the aggregate principal amount of such outstanding Secured Debt, and (ii) the aggregate principal amount of such Secured Debt held by the holders that provided such instruction. The Collateral Agent may conclusively rely on the information provided by each representative of holders of Additional Secured Debt pursuant to this paragraph and shall incur no liability for acting in reliance thereon. In the event that the Trustee or a representative of the holders of Additional Secured Debt does not provide any of the information required to be provided by it pursuant to this paragraph, then the Collateral Agent shall be entitled to refrain from taking any action with respect to such instruction and shall incur no liability for so refraining. For purposes of the Trustee and each representative of the holders of Additional Secured Debt providing the information in (i) and (ii) in this paragraph, any Notes or Additional Secured Debt held by the Company, Seaspan Investment or any other Affiliate of the Company shall be deemed not to be outstanding; provided, however, that in providing such information, the Trustee and each representative of the holders of Additional Secured Debt shall be entitled to assume that no Notes and Additional Secured Debt are held by the Company, Seaspan Investment or any other Affiliate of the Company unless it shall have received written notice from the Company or Seaspan Investment thereof; provided further that in no event shall the Collateral Agent be responsible or liable for determining whether any Notes or Additional Secured Debt is held by the Company, Seaspan Investment or any other Affiliate of the Company.

As between the Holders of the Notes and the holders of Additional Secured Debt, only the Instructing Group shall have the right to direct the Collateral Agent in conducting foreclosures and in taking other actions with respect to the Collateral or an Event of Default. The Instructing Group shall have the sole right to instruct the Collateral Agent to act or refrain from acting with respect to the Collateral, and the Collateral Agent shall not follow any instructions with respect to such Collateral from any other person. No authorized representative of any Secured Debt (other than the Instructing Group) will instruct the Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Collateral.

Release of Collateral

Seaspan Investment shall be entitled to the release any lien on the Collateral that secures the Indenture Obligations (i) upon the satisfaction and discharge of the Indenture Obligations held by the Holders of the outstanding Notes or (ii) if consented to by the Holders of each Outstanding Note. For the avoidance of doubt, any termination of any lien on the Collateral that secures, or partial termination of this Agreement with respect to, the Indenture Obligations shall not shall not amend, modify or prejudice the rights of the holders of any Additional Secured Obligations under the Pledge Agreement unless certain other conditions are satisfied.

Optional Redemption***Optional redemption for changes in withholding taxes***

The Company may redeem the Notes, at its option, at any time in whole but not in part, upon not less than 30 nor more than 60 days irrevocable notice by the Company, at a redemption price equal to 100% of the outstanding principal amount of Notes, plus accrued and unpaid interest (if any) to, but excluding, the applicable redemption date and all Additional Amounts (if any) then due and which will become due on the applicable redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date

and Additional Amounts (if any) in respect thereof), in the event that the Company determines in good faith that the Company has become or would become obligated to pay, on the next

Table of Contents

date on which any amount would be payable with respect to the Notes, Additional Amounts and such obligation cannot be avoided by taking reasonable measures available to the Company (including making payment through a paying agent located in another jurisdiction), as a result of:

- (1) a change in or an amendment to the laws (including any regulations or rulings promulgated thereunder) of the Republic of Marshall Islands or any political subdivision, or any other jurisdiction in which the Company (including any successor entity) is organized or is otherwise resident for tax purposes, affecting taxation, which change or amendment is announced or becomes effective on or after the Issue Date; or
- (2) any change in or amendment to any official position of a taxing authority in the Republic of Marshall Islands or any political subdivision, or any other jurisdiction in which the Company (including any successor entity) is organized or is otherwise resident for tax purposes regarding the application, administration or interpretation of such laws, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction), which change or amendment is announced and becomes effective on or after the Issue Date.

Notwithstanding the foregoing, no such notice of redemption may be given earlier than 60 days prior to the earliest date on which the Company would be obligated to pay Additional Amounts if a payment in respect of the Notes were then due. Before the Company delivers such notice of redemption of the Notes, the Company will deliver to the Trustee and paying agent (a) an Officer's Certificate stating that the Company is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Company to so redeem have occurred and (b) an opinion of a nationally recognized independent legal counsel that the Company has or will become obligated to pay Additional Amounts as a result of the circumstances referred to in clause (1) or (2) of the preceding paragraph.

The Trustee and paying agent will accept and will be entitled to conclusively rely upon the Officer's Certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which case they will be conclusive and binding on the Holders.

Optional Redemption

On or after February 14, 2023, the Notes will be redeemable in whole or in part at any time and from time to time, at the Company's option, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest (if any) to but excluding the redemption date.

Notice of Redemption, Payment of Interest and Selection

Notice of redemption shall be given not less than 30 nor more than 60 days prior to the redemption date to the Holders of the Notes. Any notice that is mailed to the Holder of the Notes in the manner provided in the Indenture shall be conclusively presumed to have been duly given, whether or not such Holder receives the notice.

All notices of redemption shall state:

- (1) the redemption date,

- (2) the redemption price (or the formula for calculating it),
- (3) if less than all outstanding Notes are to be redeemed, the identification (and, in the case of partial redemption, the principal amount) of the Notes to be redeemed,
- (4) in case any Note is to be redeemed in part only, the notice which relates to such Note shall state that on and after the redemption date, upon surrender of such Note, the Holder of such Note will receive, without charge, a new Note or Notes of authorized denominations for the principal amount thereof remaining unredeemed,

- (5) that, on the redemption date, the redemption price shall become due and payable upon each such Note or portion thereof to be redeemed, and, if applicable, that interest thereon shall cease to accrue on and after said date,
- (6) the place or places where such Notes are to be surrendered for payment of the redemption price and any accrued interest and Additional Amounts pertaining thereto, and
- (7) the CUSIP number or the Euroclear or the Cedel reference numbers of such Notes, if any (or any other numbers used by a Depository to identify such Notes).

Notice of redemption having been given as aforesaid, the Notes so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the Company shall default in the payment of the redemption price and accrued interest) such Notes shall cease to bear interest. Upon surrender of any such Note for redemption in accordance with said notice, such Note shall be paid by the Company at the redemption price, together with any accrued interest and Additional Amounts to the redemption date; provided, however, that, except as otherwise specified in or pursuant to the Indenture or the Notes, installments of interest on Notes whose Stated Maturity is on or prior to the redemption date shall be payable to the Holders of such Notes registered as such at the close of business on the regular record dates therefor according to their terms and the provisions of the Indenture.

If any Note called for redemption shall not be so paid upon surrender thereof for redemption, the principal and any premium, until paid, shall bear interest from the redemption date at the rate prescribed therefor in the Note.

If less than all of the Notes are to be redeemed, the Notes to be redeemed shall be selected not more than 60 days prior to the redemption date by the Trustee from the Outstanding Notes not previously called for redemption: (i) by lot or such other similar method in accordance with applicable procedures of the Depository (if the Notes are global notes), or (ii) if there are no such requirements of the Depository, on a pro rata basis and in compliance with any applicable stock exchange rules; provided, however, that no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than \$1,000.

Any Note which is to be redeemed only in part shall be surrendered at any office or agency for such Note (with, if the Company or the Trustee so requires, due endorsement by, or a written instrument of transfer in form satisfactory to the Company and the Trustee duly executed by, the Holder thereof or his attorney duly authorized in writing) and the Company shall execute and the Trustee shall authenticate and deliver to the Holder of such Note without service charge, a new Note or Notes, containing identical terms and provisions, of any authorized denomination as requested by such Holder in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Note so surrendered.

Open Market Repurchases

Notwithstanding any provision in the Indenture to the contrary, the Company and its Affiliates may purchase Notes from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. Notes that the Company or any of its Affiliates purchase will be cancelled.

Change of Control and Annual Put Right

Change of Control

If a Change of Control occurs at any time, Holders will have the right, at their option, to require the Company to purchase for cash any or all of the Notes, or any portion of the principal amount thereof, that is equal to \$1,000 or an integral multiple of \$1,000. The price the Company is required to pay (the Change of Control

Table of Contents

Purchase Price) is equal to 101% of the principal amount of the Notes to be purchased plus accrued and unpaid interest to but excluding the Change of Control Purchase Date (unless the Change of Control Purchase Date is after a record date and on or prior to the interest payment date to which such record date relates, in which case the Company will instead pay the full amount of accrued and unpaid interest to the Holder on such record date and the Change of Control Purchase Price will be equal to 101% of the principal amount of the Notes to be purchased). The Change of Control Purchase Date will be a date specified by the Company that is not less than 35 or more than 60 calendar days following the date of the Change of Control notice as described below. Any Notes purchased by the Company will be paid for in cash. A Change of Control will be deemed to have occurred at the time after the Notes are originally issued if:

- (1) any Person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than one or more Permitted Holders, is or becomes the Beneficial Owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such Person shall be deemed to have Beneficial Ownership of all shares that any such Person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company;

 - (3) Continuing Directors and the directors nominated by the Holders pursuant to the covenant under Certain Covenants Board Representation cease to constitute at least a majority of the Board of Directors.

To exercise the Change of Control purchase right, Holders must deliver, on or before the business day immediately preceding the Change of Control Purchase Date, the Notes to be purchased, duly endorsed for transfer, together with a written purchase notice and the form entitled Option of Holder to Elect Purchase on the reverse side of the Notes duly completed, to the paying agent. The purchase notice must state: (i) if certificated, the certificate numbers of the Notes to be delivered for purchase or if not certificated, the notice must comply with appropriate Depository procedures; (ii) the portion of the principal amount of Notes to be purchased, which must be \$1,000 or a multiple thereof; and (iii) that the Notes are to be purchased by the Company pursuant to the applicable provisions of the Notes and the Indenture.

Annual Put Right

While the covenant described below and certain related provisions elsewhere in this Description of the New Exchange Notes are not currently a part of the Indenture and no Holder of a Note has an Annual Put Right (as defined below), the Company and the requisite holders of its Notes have agreed, subject to the satisfaction of certain conditions, to cause this covenant to be added to the Indenture, such event is expected to occur in July of 2018; however, no assurance can be given as to whether such conditions will be satisfied or this covenant will be so added during such month or ever. Consequently, no investor in the New Exchange Notes should assume that this covenant and the other provisions related thereto will in fact be included in the Indenture or the Notes.

Once a year, each Holder will have the right (the Annual Put Right), at its option, to require the Company to purchase for cash any or all of the Notes held by such Holder, or any portion of the principal amount thereof, that is equal to \$1,000 or an integral multiple of \$1,000 pursuant to this Annual Put Right. The price the Company is required to pay (the Annual Put Right Purchase Price) is equal to 100% of the principal amount of the Notes to be purchased plus accrued and unpaid interest to but excluding the Annual Put Right Purchase Date. The Annual Put Right Purchase Date will be on the anniversary of the Issue Date that immediately follows the Annual Put Right Election Deadline (unless the Annual Put Right Purchase Date is not a business day, in which case the Annual Put Right Purchase Date shall be the immediately succeeding business day of such anniversary of the Issue Date). Any Notes purchased by the Company will be paid for in cash.

To exercise the Annual Put Right, Holders must irrevocably deliver to the paying agent, (i) on or after September 17 of any year (commencing with September 17, 2018) and on or prior to October 17 (the Annual Put Right Election Deadline) of such year, a written purchase notice and (ii) on or before the second business day prior to the Annual Put Right Purchase Date, the Notes to be purchased, duly endorsed for transfer, together with the form entitled Option of Holder to Elect Purchase on the reverse side of the Notes duly completed. The purchase notice must state: (i) if certificated, the certificate numbers of the Notes to be delivered for purchase or if not certificated, the notice must

comply with appropriate Depository procedures; (ii) the portion of the principal amount of Notes to be purchased, which must be \$1,000 or a multiple thereof; and (iii) that the Notes are to be purchased by the Company pursuant to the applicable provisions of the Notes and the Indenture.

Holders may not withdraw or revoke any purchase notice (in whole or in part) or withdraw any Notes or any portion thereof so delivered pursuant to the immediately preceding paragraph.

Table of Contents

On each Annual Put Right Purchase Date, the Company will (i) accept for payment all Notes or portions of Notes properly delivered pursuant to the related Annual Put Right, (ii) deposit with the paying agent at least one business day prior to such Annual Put Right Purchase Date an amount equal to the Annual Put Right Purchase Price in respect of all Notes or portions of Notes properly delivered and (iii) deliver or cause to be delivered to the Trustee the Notes properly accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions of Notes being repurchased. If the paying agent holds money or securities sufficient to pay the Annual Put Right Purchase Price of the Notes on such Annual Put Right Purchase Date, then: (i) the Notes will cease to be outstanding and interest will cease to accrue (whether or not book-entry transfer of the Notes is made or whether or not the Notes are delivered to the paying agent); and (ii) all other rights of the Holder will terminate (other than the right to receive the Annual Put Right Purchase Price).

Notwithstanding anything to the contrary in this Annual Put Right, (i) no Notes may be purchased at the option of Holders pursuant to the exercise of the Annual Put Right in any year if the principal amount of the Notes has been accelerated, and such acceleration has not been rescinded, on or prior to the Annual Put Right Election Deadline occurring during such year; and (ii) if the principal amount of the Notes has been accelerated at any time following the delivery of any Notes or portion thereof pursuant to the second paragraph of this Annual Put Right and on or prior to the applicable Annual Put Right Purchase Date, any Notes or portions thereof so delivered shall be returned to the Holder thereof that delivered the same to the paying agent and no such Notes or portions thereof shall be purchased pursuant to the Annual Put Right.

Indenture Act relating to the Company's failure to file any documents or reports that the Company is required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act or of its covenants set forth in Certain Covenants Reports by Company (any such Event of Default, a Reporting Default), shall, after the occurrence of such Reporting Default consist exclusively of the right to receive additional interest (the Additional Interest) on the Notes at an annual rate equal to (i) 0.25% of the principal amount of the Notes for each day during the 90 calendar day period beginning on, and including, the date on which such Reporting Default first occurs and on which such Reporting Default is continuing and (ii) 0.50% of the principal amount of the Notes for each day during the 90 calendar day period beginning on, and including, the 91st day following the date on which such Reporting Default first occurs and on which such Reporting Default is continuing. If the Company so elects, the Additional Interest shall accrue on all Outstanding Notes from and including the date on which such Reporting Default first occurs until such violation is cured or waived and shall be payable as provided in the provision of the Indenture relating to the payment of interest and certain additional amounts and rights thereto being preserved. On the 181st day after such Reporting Default (if such violation is not cured or waived prior to such 181st calendar day), then the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Notes may declare the principal of all the Notes to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by the Holders), and upon any such declaration such principal or such lesser amount shall become immediately due and payable.

If the Company elects to pay the Additional Interest as the sole remedy for the Reporting Default, the Company shall notify in writing, by a certificate, the Holders, the paying agent and the Trustee of such election at any time on or before the close of business on the fifth business day prior to the date on which such Event of Default would otherwise occur. Unless and until a responsible officer of the Trustee receives at the Corporate Trust Office such a certificate, the Trustee may assume without inquiry that Additional Interest is not payable. The Company shall pay the Additional Interest semi-annually in arrears, with the first semi-annual payment due on the first interest payment date following the date of such Reporting Default, in the same manner as described on the face of the Note.

Application of Money Collected

Any money collected by the Trustee pursuant to this Remedies shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal, or any premium, interest or Additional Amounts, upon presentation of the Notes, and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

Table of Contents

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of the Indenture; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Table of Contents

Upon the Company's exercise of the above option applicable to this paragraph, the Company shall be deemed to have been discharged from its obligations with respect to the Outstanding Notes on the date the conditions set forth in the fourth paragraph of this Defeasance and Covenant Defeasance are satisfied (hereinafter, defeasance). For this purpose, such defeasance means that the Company shall be deemed to have paid and discharged the entire Indebtedness represented by the Outstanding Notes, which shall thereafter be deemed to be Outstanding only for the purposes of the provisions of the Indenture referred to in clauses (i) and (ii) below, and to have satisfied all of its other obligations under the Notes, and the Indenture (and the Trustee, at the expense of the Company, shall execute proper instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged under the Indenture: (i) the rights of Holders of the Outstanding Notes to receive, solely from the trust fund described in the fourth paragraph of this Defeasance and Covenant Defeasance and as more fully set forth in such paragraph, payments in respect of the principal of (and premium, if any) and interest, if any, on, and Additional Amounts, if any, with respect to, the Notes when such payments are due, (ii) the obligations of the Company and the Trustee under provisions of the Indenture relating to (A) registration, transfer and exchange of the Notes, (B) mutilated, destroyed, lost or stolen Notes, (C) maintenance of an office or agency for payment on or presentment of the Notes and (D) the holding of moneys in trust for payment on the Notes and with respect to the payment of Additional Amounts, if any, on the Notes (but only to the extent that the Additional Amounts payable with respect to the Notes exceed the amount deposited in respect of such Additional Amounts pursuant to clause (a) of the fourth paragraph of this Defeasance and Covenant Defeasance), (iii) the rights, powers, trusts, duties and immunities of the Trustee under the Indenture and (iv) this Defeasance and Covenant Defeasance. For this purpose, such covenant defeasance means that the Company may omit to comply with, and shall have no liability in respect of, any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere in the Indenture to any such provision or such other covenant or by reason of reference in any such covenant to any other provision in the Indenture or in any other document and such omission to comply shall not constitute a default or an Event of Default under clause (3) of Remedies Events of Default or otherwise and the specified Events of Default shall not longer constitute Events of Default, as the case may be, but, except as specified above, the remainder of the Indenture and the Notes shall be unaffected thereby.

- (e) In the case of an election under the third paragraph of this Defeasance and Covenant Defeasance , the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders of the Outstanding Notes will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred.
- (f) The Company shall have delivered to the Trustee an Opinion of Counsel to the effect that, after the 123rd day after the date of deposit, all money and Government Obligations (including the proceeds thereof) deposited or caused to be deposited with the Trustee (or other qualifying trustee) pursuant to this fourth paragraph of this Defeasance and Covenant Defeasance to be held in trust will not be subject to any case or proceeding (whether voluntary or involuntary) in respect of the Company under any Federal or State bankruptcy, insolvency, reorganization or other similar law, or any decree or order for relief in respect of the Company issued in connection therewith.
- (g) The Company shall have delivered to the Trustee an Officer's Certificate and the Company shall have delivered to the Trustee an Opinion of Counsel, each stating that all conditions precedent to the defeasance or covenant defeasance under second or third paragraph of this Defeasance and Covenant Defeasance (as the case may be)

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax consequences of the exchange of the Old Notes for the New Exchange Notes. This summary is limited to beneficial owners of Old Notes that hold the Old Notes, and will hold the New Exchange Notes, as capital assets.

This discussion is based upon the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), existing and proposed regulations thereunder, and current administrative rulings and court decisions, all of which are subject to change or differing interpretations (possibly with retroactive effect). We have not and will not seek any rulings from the Internal Revenue Service (IRS) regarding the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax consequences of the exchange of Old Notes for New Exchange Notes or that a court will not agree with any such position.

This summary does not discuss all U.S. federal income tax considerations that may be relevant to a beneficial owner of the Old Notes in light of such beneficial owner's particular investment or other circumstances and does not discuss considerations relevant to persons subject to special provisions of U.S. federal income tax law (such as tax-exempt entities, retirement plans, individual retirement accounts, tax-deferred accounts, pass-through entities (including partnerships and entities and arrangements classified as partnerships for U.S. federal income tax purposes) and beneficial owners of pass-through entities, U.S. expatriates, financial institutions, insurance companies, dealers or traders in securities or currencies, and persons that hold the Old Notes or will hold the New Exchange Notes as part of a constructive sale, wash sale, conversion transaction or other integrated transaction or a straddle, hedge or synthetic security). The exchange of Old Notes for New Exchange Notes in the Exchange Offer will not be a taxable exchange for U.S. federal income tax purposes and, accordingly, for such purposes you will not recognize any taxable gain or loss as a result of such exchange and will have the same tax basis and holding period in the New Exchange Notes as you had in the Old Notes immediately before the exchange. Before you exchange Old Notes for New Exchange Notes in the Exchange Offer, you should consult your own tax advisors concerning the particular U.S. federal, state and local and non-U.S. tax consequences of exchanging your Old Notes for New Exchange Notes.

PLAN OF DISTRIBUTION

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the New Exchange Notes issued pursuant to the exchange offer in exchange for the Old Notes may be offered for resale, resold and otherwise transferred by holders thereof, other than any holder which is (A) an affiliate of our company within the meaning of Rule 405 under the Securities Act, (B) a broker-dealer who acquired notes directly from our company or (C) broker-dealers who acquired notes as a result of market-making or other trading activities, without compliance with the registration and prospectus delivery provisions of the Securities Act provided that such exchange notes are acquired in the ordinary course of such holders' business, and such holders are not engaged in, and do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of such exchange notes. However, broker-dealers receiving the New Exchange Notes in the exchange offer will be subject to a prospectus delivery requirement with respect to resales of such exchange notes. To date, the staff of the SEC has taken the position that these broker-dealers may fulfill their prospectus delivery requirements with respect to transactions involving an exchange of securities such as the exchange pursuant to the exchange offer, other than a resale of an unsold allotment from the sale of the Old Notes to the initial purchasers thereof, with the prospectus contained in the exchange offer registration statement. Pursuant to the registration rights agreement, we have agreed to permit these broker-dealers to use this prospectus in connection with the resale of such exchange notes.

Each holder of the Old Notes who wishes to exchange its Old Notes for exchange notes in the exchange offer will be required to make certain representations to us as set forth in The Exchange Offer.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for Old Notes where such Old Notes were acquired as a result of market-making activities or other trading activities.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account in the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act, and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay the expenses incident to the exchange offer and will indemnify the holders of the New Exchange Notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act, as set forth in the registration rights agreement.

ITEM 22. Undertakings

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total

Edgar Filing: Seaspan CORP - Form F-4

dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Table of Contents

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements.
- (5) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (6) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (a) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (b) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (c) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

- (d) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- (7) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (8) (i) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of Form F-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means, and (ii) to arrange or

provide for a facility in the United States for the purpose of responding to such requests. The undertaking in subparagraph (i) above includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

- (9) To supply by means of a post-effective amendment all information concerning a transaction and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
