ITEM 4. The Solicitation or Recommendation

Item 4 of the Schedule 14D-9 is hereby amended and supplemented as follows:

(1) The first paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger* on page 26 is hereby replaced with the following:

Each of the Special Committee and the Company's Board of Directors (other than the Roche Designees who recused themselves from related board meetings and deliberations) believes that, based on its consideration of the factors relating to the substantive and procedural fairness, the Offer and the Merger are fair to, and in the best interests of, our unaffiliated stockholders.

(2) The second paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger* *Special Committee* on page 26 is hereby replaced with the following:

In determining that the Offer and the Merger are advisable, fair to, and in the best interests of our unaffiliated stockholders, and recommending stockholders tender their shares of our common stock in the Offer, the Special Committee considered a number of factors, including the following non-exhaustive list of material reasons (not in any relative order of importance) that it believes support its unanimous determination and recommendation:

(3) The fourth bullet in the second paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger* *Special Committee* on page 26 is hereby replaced with the following:

the financial presentation and oral opinion of Goldman Sachs to our Special Committee and the Board (other than the Roche Designees), which was adopted by the Special Committee and confirmed by delivery of a written opinion dated June 18, 2018, to the effect that, as of such date and based upon and subject to the factors and assumptions set forth in its written opinion, the consideration to be paid to holders (other than Roche Holding Ltd and its affiliates) of Shares pursuant to the Merger Agreement was fair from a financial point of view (the full text of the opinion of Goldman

Sachs, dated as of June 18, 2018, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by Goldman Sachs is attached as Annex B and is incorporated by reference in this Schedule 14D-9 in its entirety) (see also the section entitled *Opinion of the Special Committee's Financial Advisor*);

(4) The tenth bullet in the second paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger Special Committee* on page 27 is hereby replaced with the following:

the following procedural safeguards to ensure the fairness of the Transactions and to permit the Special Committee to represent the interests of our unaffiliated stockholders:

(5) The first sentence in the first paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger Board of Directors* on page 28 of the Schedule 14D-9 is hereby replaced with the following:

The Company's Board of Directors believes that the Offer and the Merger are advisable, fair to, and in the best interests of our unaffiliated stockholders.

(6) The first sentence in the second paragraph under the heading *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger Board of Directors* on page 29 of the Schedule 14D-9 is hereby replaced with the following:

In determining the reasonableness of the Special Committee's analysis and the fairness of the Offer and the Merger to our unaffiliated stockholders, the Board considered and relied upon the following factors, among others:

(7) The section entitled *Reasons for the Recommendations of the Special Committee and the Board of Directors; Fairness of the Offer and the Merger* is further amended by inserting the following at the end thereof:

Additionally, the Special Committee and the Board considered the financial presentation and opinion of Goldman Sachs in their entirety and did not separately consider any portion of the information or financial analyses presented by Goldman Sachs in connection with rendering its opinion. The Goldman Sachs opinion addressed the fairness determination from a financial point of view of the consideration to be paid to holders (other than Roche Holding Ltd and its affiliates) of Shares pursuant to the Merger Agreement. While such holders of Shares may include other holders that are affiliates of Foundation Medicine (including officers and directors), such affiliates will receive the same \$137.00 per Share in cash for their Shares as the unaffiliated stockholders in the Offer and the Merger. Therefore, the Special Committee believed that there was no material distinction between the fairness of the transaction to our unaffiliated stockholders and the fairness of the transaction to holders of Shares (other than Roche Holding Ltd and its affiliates).

In considering the Offer and the Merger, the Special Committee noted the fact that Roche Holdings, which, together with its affiliates, beneficially owns approximately 56.6% of the outstanding Shares, had expressed its unwillingness to consider the sale of its interest in the Company, and any alternative transaction was impossible without the consent of Roche Holdings. Roche Holdings did not propose any alternative structures for the proposed transaction, and the tender offer and second-step merger structure provides for an efficient process for completing the transaction in a timely manner if the conditions to closing are satisfied. As such, the Special Committee did not consider any alternative means to accomplish the transaction.

(8) The last sentence of the third paragraph under the heading *Opinion of the Special Committee's Financial Advisor Selected Companies Analysis* on page 33 of the Schedule 14D-9 and the table immediately thereafter are hereby replaced with the following:

The following tables present the results of this analysis:

This analysis was undertaken by Goldman Sachs in order to assist Goldman Sachs, the Special Committee and the Board in understanding how the various companies within the molecular diagnostics services and diagnostics services industries were trading with respect to certain commonly used financial metrics and in understanding if the Shares were trading at a relative premium or discount to such companies, and Goldman Sachs considered the results of such analysis, among other things, in deriving the illustrative Three-year Forward Multiple Range, as defined and described in the section entitled *Illustrative Present Value of Future Share Price Analysis* below. Goldman Sachs did not calculate a range of implied equity values based on this analysis.

(9) The third sentence of the first paragraph under the heading *Opinion of the Special Committee's Financial Advisor Illustrative Present Value of Future Share Price Analysis* on page 34 of the Schedule 14D-9 is hereby replaced with the following:

Goldman Sachs first calculated the implied values per Share as of June for each of the years 2019 to 2022 by applying a range of enterprise value to three-years forward revenue multiples (the **Three-year Forward Multiple Range**) of 4.0x to 9.5x to the revenue estimates contained in the June Projections for each of the years 2021 to 2024.
