Item 3. Source and Amount of Funds or Other Consideration

This Amendment amends and restates Item 3 of the Original Schedule 13D in its entirety as set forth below:

In connection with the consummation of the Issuer's initial public offering (the Offering) on September 25, 2017, the Issuer entered into a Contribution Agreement (the IPO Contribution Agreement) by and among the Issuer, Oasis Petroleum, OMS Holdings, Oasis Midstream Services LLC, a Delaware limited liability company (OMS), the General Partner and OMP Operating LLC, a Delaware limited liability company (OMP Operating), whereby, concurrently with the closing of the Offering, OAS caused OMS to contribute to OMP Operating a 100% limited liability company interest in Bighorn DevCo LLC, a Delaware limited liability company, a 10% controlling limited liability company interest in Bobcat DevCo LLC, a Delaware limited liability company (Bobcat DevCo), and a 40% controlling limited liability company interest in Beartooth DevCo LLC, a Delaware limited liability company (Beartooth DevCo), which collectively own certain midstream infrastructure assets developed by OAS in the Williston Basin of North Dakota and Montana, in exchange for (i) the issuance by the Issuer to OMS Holdings of 5,125,000 common units, 13,750,000 subordinated units, (ii) a distribution of approximately \$113.9 million, (iii) the right to receive the Deferred Issuance and Distribution (as defined in the IPO Contribution Agreement) and (iv) the issuance to the General Partner of all of the incentive distribution rights.

Upon the termination of the subordination period as set forth in the Amended and Restated Agreement of Limited Partnership of the Issuer, dated September 25, 2017 (the Partnership Agreement), the subordinated units are convertible into common units on a one-for-one basis.

On September 25, 2017, certain Covered Persons acquired with personal funds, beneficial ownership of common units through the Issuer's directed unit program at the initial public offering price of \$17.00 per common unit, as noted on Schedule I attached hereto.

On November 7, 2018, OMS Holdings entered into that certain Contribution Agreement (the 2018 Contribution Agreement), dated as of November 7, 2018, by and among the Issuer, OMS Holdings, OMS, the General Partner,

OMP Operating and, for certain limited purposes set forth therein, OAS. Pursuant to the 2018 Contribution Agreement, OAS caused OMS to contribute to OMP Operating, as the Issuer's designee, (a) an additional 15% limited liability company interest in Bobcat DevCo and (b) an additional 30% limited liability company interest in Beartooth DevCo, in exchange for the distribution to OMS Holdings of consideration equal to \$250 million, consisting of (i) 3,950,000 common units and (ii) \$171 million in cash (the Acquisition). The Acquisition was consummated on November 19, 2018.

Item 4. Purpose of Transaction

This Amendment amends and restates Item 4 of the Original Schedule 13D in its entirety as set forth below:

The Reporting Persons acquired the units reported herein solely for investment purposes as partial consideration for the assets and operations contributed by the Reporting Persons or their affiliates to the Issuer in connection with the Offering and the Acquisition. The Reporting Persons may make additional purchases of common units either in the open market or in private transactions depending on the Reporting Person's business, prospects and financial condition, the market for the common units, general economic conditions, stock market conditions and other future developments.

The following describes plans or proposals that the Reporting Persons may have with respect to the matters set forth in Item 4(a)-(j) of Schedule 13D:

(a) The subordinated units owned of record by OMS Holdings are convertible into common units on a one-for-one basis upon the termination of the subordination period as set forth in the Partnership Agreement. The Issuer may grant unit options, unit appreciation rights, restricted units, unit awards, phantom units, distribution equivalent rights, cash awards, performance awards, other unit-based awards and substitute awards to employees and directors of the General Partner and its affiliates pursuant to the Issuer's 2017 Long Term Incentive Plan adopted by the General Partner. The General Partner may acquire common units to issue pursuant to the 2017 Long Term Incentive Plan on the open market, directly from the Issuer, from other Reporting Persons, or otherwise.

(b) None.

(c) None.

(d) The General Partner has sole responsibility for conducting the Issuer's business and for managing its operations and is ultimately controlled by OAS. Some of the executive officers and directors of OAS, Oasis Petroleum and OMS Holdings also serve as executive officers or directors of the General Partner. Neither the General Partner nor its board of directors will be elected by the Issuer's unitholders. Through its indirect ownership of the General Partner, OAS has the right to elect the General Partner's entire board of directors. The Reporting Persons, however, have no current intention of changing the board of directors or management of the General Partner.

(e) The Reporting Persons, as direct and indirect owners of the General Partner of the Issuer, may cause the Issuer to change its dividend policy or its capitalization, through the issuance of debt or equity securities, from time to time in the future. The Reporting Persons, however, have no current intention of changing the present capitalization or dividend policy of the Issuer.

(f) None.

(g) None.

(h) None.

(i) None.

(j) Except as described in this Item 4, the Reporting Persons do not have, as of the date of this Schedule 13D, any other plans or proposals that relate to or would result in any of the actions or events specified in clauses (a) through (i) of Item 4 of Schedule 13D. The Reporting Persons may change their plans or proposals in the future. In determining from time to time whether to sell the common units reported as beneficially owned in this Schedule 13D (and in what amounts) or to retain such securities, the Reporting Persons will take into consideration such factors as they deem

relevant, including the business and prospects of the Issuer, anticipated future developments concerning the Issuer, existing and anticipated market conditions from time to time, general economic conditions, regulatory matters and other opportunities available to the Reporting Persons. The Reporting Persons reserve the right to acquire additional securities of the Issuer in the open market, in privately negotiated transactions (which may be with the Issuer or with third parties) or otherwise, to dispose of all or a portion of their holdings of securities of the Issuer or to change their intention with respect to any or all of the matters referred to in this Item 4.

Item 5. Interest in Securities of the Issuer

This Amendment amends and restates Item 5 of the Original Schedule 13D in its entirety as set forth below:

The information contained in rows 7, 8, 9, 10, 11 and 13 on the cover page of this Schedule 13D and the information set forth or incorporated by reference in Items 2, 3, 4 and 6 are hereby incorporated herein by reference.

(a)-(b) The following disclosure assumes that as of November 27, 2018 there are a total of 20,029,026 common units and 13,750,000 subordinated units of the Issuer.

Pursuant to Rule 13d-3 of the Act, the Reporting Persons may be deemed to beneficially own 9,075,000 common units and 13,750,000 subordinated units of the Issuer, which constitutes approximately 67.6% of the outstanding common units and subordinated units of the Issuer. The Reporting Persons have shared power to vote or to direct the vote, and shared power to dispose or to direct the disposition of 9,075,000 common units and 13,750,000 subordinated units of the Issuer.

(c) Except as set forth in Item 3 above or elsewhere in this Schedule 13D, none of the Reporting Persons has effected any transaction in the Issuer's common units during the past 60 days.

(d) The Reporting Persons have the right to receive distributions from, and the proceeds from the sale of, the respective common units reported by such persons on the cover pages of this Schedule 13D and in this Item 5. See Schedule I for the information applicable to the Covered Persons. Except for the foregoing and the cash distribution described in Item 6 below, no other person is known by the Reporting Persons to have the right to receive or the power to direct the receipt of distributions from, or the proceeds from the sale of, common units beneficially owned by the Reporting Persons or, to the Reporting Persons' knowledge, the Covered Persons.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

This Amendment amends and restates Item 6 of the Original Schedule 13D in its entirety as set forth below:

The information set forth or incorporated in Item 3 and Item 4 is hereby incorporated herein by reference.

The Partnership Agreement

The General Partner, as the sole general partner of the Issuer, and OMS Holdings, as the organizational limited partner of the Issuer, are party to the Partnership Agreement.

Cash Distributions

The Issuer's cash distribution policy provides that it intends to pay cash distributions at a distribution rate of \$0.3750 per common unit per quarter (\$1.50 per common unit on an annualized basis) to the extent the Issuer has sufficient cash from operations after establishment of cash reserves and payment of fees and expenses, including payments to its general partner and its affiliates. The Issuer calls this quarterly distribution amount the minimum quarterly distribution, and the Issuer's ability to pay it is subject to various restrictions and other factors.

The Issuer's Partnership Agreement generally provides that the Issuer distribute cash each quarter during the subordination period in the following manner:

first, to the holders of common units, until each common unit has received the minimum quarterly distribution of \$0.3750 plus any arrearages from prior quarters;

second, to the holders of subordinated units, until each subordinated unit has received the minimum quarterly distribution of \$0.3750; and

third, to the holders of common units and subordinated units pro rata until each has received a distribution of \$0.43125.

If cash distributions to the unitholders exceed \$0.43125 per common unit and subordinated unit in any quarter, the unitholders and the General Partner, as the holder of the incentive distribution rights, will receive increasing percentages, up to 50%, of the cash the Issuer distributes in excess of that amount.

Conversion of Subordinated Units

The principal difference between the common units and subordinated units is that in any quarter during the subordination period, holders of the subordinated units are not entitled to receive any distribution until the common units have received the minimum quarterly distribution plus any arrearages in the payment of the minimum quarterly distribution from prior quarters. The subordinated units will not accrue arrearages.

The subordination period will end on the first business day after the Issuer has earned and paid an aggregate amount of at least \$1.50 (the minimum quarterly distribution on an annualized basis) multiplied by the total number of outstanding common and subordinated units for each of three consecutive, non-overlapping four-quarter periods ending on or after December 31, 2020 and there are no outstanding arrearages on the common units. Notwithstanding the foregoing, the subordination period will end on the first business day after the Issuer has paid an aggregate amount of at least \$2.25 (150.0% of the minimum quarterly distribution on an annualized basis) multiplied by the total number of outstanding common and subordinated units and the related distribution on the incentive distribution rights, for any four-quarter period ending on or after December 31, 2018 and there are no outstanding arrearages on the common units. When the subordination period ends, all subordinated units will convert into common units on a one-for-one basis, and all common units will thereafter no longer be entitled to arrearages.

Issuance of Additional Units

The Partnership Agreement authorizes the Issuer to issue an unlimited number of units on terms determined by the General Partner without unitholder approval.

Limited Voting Rights

The General Partner controls the Issuer and the unitholders have only limited voting rights. Unitholders have no right to appoint the General Partner or its directors. The General Partner may not be removed, except by a vote of the holders of at least 66 2/3% of the Issuer's units, including units owned by the General Partner and its affiliates. Because OMS Holdings owns 67.6% of the Issuer's units, it has the ability to prevent the General Partner's involuntary removal.

Limited Call Right

If at any time the General Partner and its affiliates own more than 80% of the outstanding common units, the General Partner has the right, but not the obligation, to purchase all of the remaining common units at a price equal to the greater of (1) the average of the daily closing price of the common units over the 20 trading days preceding the date three days before notice of exercise of the call right is first mailed and (2) the highest per-unit price paid by the General Partner or any of its affiliates for common units during the 90-day period preceding the date such notice is first mailed.

Registration Rights

The Issuer has agreed to register for resale under the Securities Act of 1933, as amended, and applicable state securities laws any common units, subordinated units or other limited partner interests proposed to be sold by the

General Partner or any of its affiliates or their assignees if an exemption from the registration requirements is not otherwise available. These registration rights continue for two years following any withdrawal or removal of the General Partner. The Issuer is obligated to pay all expenses incidental to the registration, excluding underwriting discounts.

The General Partner's Limited Liability Company Agreement

Under the Amended and Restated Limited Liability Company Agreement of the General Partner (the GP LLC Agreement), OMS Holdings has the right to elect the members of the board of directors of the General Partner.

To the Reporting Persons' knowledge, there are no other contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of the Issuer.

References to, and descriptions of, the Partnership Agreement as set forth in this Item 6 are qualified in their entirety by reference to the Partnership Agreement filed as Exhibit 3.1 to the Issuer's current report on Form 8-K filed with the Commission on September 29, 2017 which is incorporated in its entirety in this Item 6. References to, and descriptions of, the GP LLC Agreement as set forth in this Item 6 are qualified in their entirety by reference to the GP LLC Agreement filed as Exhibit 3.6 to the Issuer's Registration Statement (Registration No. 333-217976), initially filed with the Commission on May 12, 2017, which is incorporated in its entirety in this Item 6.

Registration Rights Agreement

In connection with the registration rights agreement by and among the Issuer and OMS Holdings (the Registration Rights Agreement), dated September 25, 2017, the Issuer may be required to register the sale of the (i) common units issued (or issuable) to OMS Holdings pursuant to the IPO Contribution Agreement, (ii) subordinated units and (iii) common units issuable upon conversion of subordinated units pursuant to the terms of the Partnership Agreement (collectively, the Registrable Securities) it holds. Under the Registration Rights Agreement, OAS has the right to request that the Issuer register the sale of Registrable Securities held by OMS Holdings, and OMS Holdings will have the right to require the Issuer to make available shelf registration statements permitting sales of Registrable Securities into the market from time to time over an extended period, subject to certain limitations. Pursuant to the Registration Rights Agreement and the Partnership Agreement, the Issuer may be required to undertake a future public or private offering and use the proceeds (net of underwriting or placement agency discounts, fees and commissions, as applicable) to redeem an equal number of common units from OMS Holdings. In addition, the Registration Rights Agreement gives OMS Holdings piggyback registration rights under certain circumstances. The Registration Rights Agreement also includes provisions dealing with indemnification and contribution and allocation of expenses. All of the Registrable Securities held by OMS Holdings and any permitted transferee will be entitled to these registration rights.

2018 Contribution Agreement

On November 7, 2018, the Issuer, OMS Holdings, OMS, the General Partner, OMP Operating and, for certain limited purposes set forth therein, OAS entered into the 2018 Contribution Agreement. Pursuant to the 2018 Contribution Agreement, OAS caused OMS to contribute to OMP Operating, as the Issuer's designee, (a) an additional 15% limited liability company interest in Bobcat DevCo, and (b) an additional 30% limited liability company interest in Beartooth DevCo, in exchange for the distribution to OMS Holdings of consideration equal to \$250 million, consisting of (i) 3,950,000 common units and (ii) \$171 million in cash.
