#### **GOL Announces Share Buyback and 2008 Dividend Policy**

**São Paulo, January 29, 2008** GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the parent company of Brazilian airlines GOL Transportes Aéreos S.A. (GTA, Brazil s low-cost, low-fare airline) and VRG Linhas Aéreas S.A. (VRG, Brazil s premium service airline), announces that its Board of Directors has authorized a share buy-back program and approved the Company s 2008 dividend policy.

The Board of Directors, considering current share prices and the free float, authorized management to implement a share repurchase program of the Company s preferred shares, at market prices, up to 5,000,000 shares, representing 8.8% of the total number of preferred shares outstanding in the market, in accordance with the terms of CVM Instruction No. 10/80. The purpose of the buyback is the purchase of preferred shares to be held in treasury and subsequently resold or cancelled, without reducing GOL s capital. The period for these authorized transactions is 365 days from January 28, 2008.

The objective of this initiative is to capture an important potential for value creation due to the current price of the Company s shares. According to Constantino de Oliveira Júnior, GOL s CEO, This buyback program is additional evidence of GOL s strategic vision to create value for all of its shareholders and of its commitment to the domestic and international capital markets.

With the objective of providing greater predictability of dividend payments to shareholders, at a meeting held on January 28, 2008 the Board of Directors approved the distribution of quarterly dividends in the fixed amount of R\$ 0.18 per common and preferred share of the Company during 2008. Regardless of the fixed amount, it is assured the payment of the minimum dividend of 25% of the corporate year s net profit, and if necessary the Company will make a year-end supplementary dividend payment.
