NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

(In the notes all amounts are shown in U.S. dollars, unless otherwise stated)

1 General information

Tenaris S.A. (the Company), a Luxembourg corporation (société anonyme holding), was incorporated on December 17, 2001 as a holding company in steel pipe manufacturing and distributing operations. The Company holds, either directly or indirectly, controlling interests in various subsidiaries. References in these Consolidated Condensed Interim Financial Statements to Tenaris refer to Tenaris S.A. and its consolidated subsidiaries. A list of the principal Company's subsidiaries is included in Note 31 to the audited Consolidated Financial Statements for the year ended December 31, 2008.

These Consolidated Condensed Interim Financial Statements were approved for issue by the Company's Board of Directors on November 5, 2009.

2 Accounting policies and basis of presentation

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, Interim Financial Reporting. These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2008, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standard Board and adopted by the European Union.

Considering the comments described below, the accounting policies used in the preparation of these Consolidated Condensed Interim Financial Statements are consistent with those used in the audited Consolidated Financial Statements for the year ended December 31, 2008.

The following standards amendment is mandatory for the financial year beginning 1 January, 2009:

IAS 1 (revised), Presentation of financial statements: The revised standard prohibits the presentation of items of income and expenses (that is non-owner changes in equity) in the statement of changes in equity, requiring them to be presented separately from owner changes in equity. Entities can choose whether to present one performance statement (the statement of comprehensive income) or two statements (the income statement and the statement of comprehensive income). The Company has elected to present two statements: an income statement and a statement of comprehensive income. These interim financial statements have been prepared under the revised disclosure requirements.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current year.

The preparation of Consolidated Condensed Interim Financial Statements in conformity with IFRS requires management to make certain accounting estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material inter-company transactions, balances and unrealized gains (losses) on transactions between Tenaris subsidiaries have been eliminated in consolidation. However, since the functional currency of some subsidiaries is its respective local currency, some financial gains (losses) arising from inter-company transactions are generated. These are included in the Consolidated Condensed Interim Income Statement under *Other financial results*.

(*) Interest rate swaps losses, included under Interest expense for the nine-month period ended September 30, 2009 and September 30, 2008 amount to \$14.1 million and \$9.7 million, respectively.

As further described in Section III.A. Financial Risk Factors to the Company's audited Consolidated Financial Statements for the year ended December 31, 2008, in order to partially hedge future interest payments related to long-term debt, as well as to convert borrowings from floating to fixed rates, Tenaris has entered into interest rate swaps and swaps with an embedded knock-in option. A total notional amount of \$500 million was covered by these instruments which coverage has begun between April and June, 2009 and expires between April and June, 2011. In September 2009, a Tenaris subsidiary partially prepaid the syndicated loan facility entered into to finance the acquisition of Maverick in an amount of \$270 million. Accordingly, Tenaris derecognized the corresponding portion of its hedge reserve designation on interest rate swaps derivatives recording a loss for an amount of \$5.4 million, included in the total amount of \$14.1 million of interest rate swaps losses for the nine-month period ended September 30, 2009.

(**) Tenaris has identified certain embedded derivatives and in accordance with IAS 39 (Financial Instruments: Recognition and Measurement) has accounted them separately from their host contracts. A gain of \$23 million and a loss of \$7.5 million arising from the valuation of these contracts have been recognized for the nine month period ended September 30, 2009 and September 30, 2008, respectively.

10 Contingencies, commitments and restrictions to the distribution of profits

Contingencies

This note should be read in conjunction with Note 26 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2008.

Asbestos-related litigation

Dalmine S.p.A. (Dalmine), a Tenaris subsidiary organized in Italy is currently subject to 13 civil proceedings for work-related injuries arising from the use of asbestos in its manufacturing processes during the period from 1960 to 1980. In addition, another 32 asbestos related out-of-court claims have been forwarded to Dalmine.

As of September 30, 2009, the total claims pending against Dalmine were 45 (of which, none are covered by insurance): during the nine month period ended September 30, 2009, 11 new claims were filed, no claims were adjudicated, 5 claims were settled all of which were paid, 3 claims were rejected, and 13 claims were dismissed.

Aggregate settlement costs to date for Tenaris are Euro 8.3 million (\$12.1 million). Dalmine estimates that its potential liability in connection with the claims not yet settled is approximately Euro 13.1 million (\$19.1 million).

Accruals for Dalmine's potential liability are based on the average of the amounts paid by Dalmine for asbestos related claims plus an additional amount related to some reimbursements requested by the social security authority. The maximum potential liability is not determinable as in some cases the requests for damages do not specify amounts, and instead is to be determined by the court. The timing of payment of the amounts claimed is not presently determinable.

Maverick litigation

On November 22, 2006, Maverick Tube Corporation (Maverick) received a letter from The Bank of New York as trustee (the Trustee) for the holders of 2004 4% Convertible Senior Subordinated Notes due 2033 issued by Maverick (the 2004 Notes), concerning an alleged breach of the indenture entered into on December 30, 2004, between Maverick and the Trustee, and governing the 2004 Notes (as amended, the Indenture). The alleged breach of the Indenture was based on Maverick's refusal to grant the holders of the 2004 Notes conversion rights provided by the Public Acquirer Change of Control provision of the Indenture.

On December 11, 2006 the Trustee filed a complaint against Maverick and Tenaris in the United States District Court for the Southern District of New York. The complaint alleges that Tenaris's acquisition of Maverick triggered the Public Acquirer Change of Control provision and asserted a breach of contract claim against Maverick for refusing to accept the 2004 Notes for conversion for the consideration specified in the Public Acquirer Change of Control provision. The complaint also seeks a declaratory judgment that Tenaris's acquisition of Maverick was a Public Acquirer Change of Control under the Indenture and therefore triggers the above mentioned conversion rights, and asserts claims for tortious interference with contract and unjust enrichment against Tenaris.

Defendants filed a motion to dismiss the complaint, or in the alternative, for summary judgment on March 13, 2007. Plaintiff filed a motion for partial summary judgment on the same date. On January 25, 2008, Law Debenture Trust Company of New York, (as successor to The Bank of New York as trustee under the Indenture) was substituted for The Bank of New York as plaintiff. On October 15, 2008, the court denied Law Debenture's motion for partial summary judgment and granted defendants' motion for summary judgment dismissing the complaint in its entirety. On November 20, 2008, Law Debenture filed a notice of appeal in the United States Court of Appeals for the Second Circuit. Law Debenture's opening brief on appeal was filed on March 30, 2009, the brief for Maverick and Tenaris was filed on May 28, 2009 and Law Debenture's reply brief was filed on June 28, 2009. Oral argument has been scheduled for November 20, 2009.

Tenaris believes that these claims are without merit. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements. Were plaintiff to prevail, Tenaris estimates that the recovery would be approximately \$50 million, plus interest.

Conversion of tax loss carry-forwards

On December 18, 2000, the Argentine tax authorities notified Siderca S.A.I.C., a Tenaris subsidiary organized in Argentina (Siderca), of an income tax assessment related to the conversion of tax loss carry-forwards into Debt Consolidation Bonds under Argentine Law No. 24.073. The adjustments proposed by the tax authorities represent an estimated contingency of ARS88.4 million (approximately \$23.4 million) at September 30, 2009, in taxes and penalties. Based on the views of Siderca's tax advisors, Tenaris believes that it is not probable that the ultimate resolution of the matter will result in an obligation. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements.

Customer Claim

A lawsuit was filed on September 6, 2007, against three Tenaris subsidiaries, alleging negligence, gross negligence and intentional acts characterized as fraudulent inducement concerning allegedly defective well casing. Plaintiff

alleged the complete loss of one natural gas production well and formation damage that precludes further exploration and production at the well site and sought compensatory and punitive damages of \$25 million. The lawsuit was subsequently amended to add the Company and other of its subsidiaries as defendants and to change the claims to be breach of contract and fraud. On October 22, 2008, the Plaintiff again amended its petition to add new counts (including strict liability) and increase its prayer for damages to \$245 million, plus punitive damages, treble damages and attorney fees. Each petition was tendered to a Tenaris subsidiary insurer, and the Tenaris subsidiary received the insurer's agreement to provide a defense. The insurer reserved its rights with respect to its indemnity obligations. On July 20, 2009 the lawsuit was settled for an amount of \$15 million and thus a Tenaris subsidiary recorded a provision of \$12.7 million in addition to the previously recorded of \$2.3 million. As of the date of these Consolidated Condensed Interim Financial Statements, the insurer is not participating in this settlement. On September 11, 2009 certain Tenaris subsidiaries initiated legal proceedings against the insurer. According to IAS 37, no expected reimbursement from the insurer has been registered yet.

Ongoing investigation

The Company has learned from one of its customers in Central Asia that certain sales agency payments made by one of the Company's subsidiaries may have improperly benefited employees of the customer and other persons. These payments may have violated certain applicable laws, including the U.S. FCPA. The Audit Committee of the Company's Board of Directors has engaged external counsel in connection with a review of these payments and related matters, and the Company has voluntarily notified the U.S. Securities and Exchange Commission and the U.S. Department of Justice. The Company will share the results of this review with the appropriate regulatory agencies, and will cooperate with any investigations that may be conducted by such agencies. At this time, the Company cannot predict the outcome of these matters or estimate the range of potential loss or extent of risk, if any, to the Company's business that may result from resolution of these matters.

Commitments

Set forth is a description of Tenaris's main outstanding commitments:

A Tenaris company is a party to a five-year contract with Nucor Corporation, under which it committed to purchase from Nucor steel coils, with deliveries starting in January 2007 on a monthly basis. As a result of current global downturn and the lower level of steel coil purchases planned for future months, the Tenaris company has negotiated and obtained from Nucor a waiver of the monthly committed volumes. The Company is reviewing its steel purchasing requirements with Nucor each quarter, therefore, the current waiver of monthly commitments is valid until December 31, 2009.

A Tenaris company is a party to a ten-year raw material purchase contract with QIT, under which it committed to purchase steel bars, with deliveries starting in July 2007. The estimated aggregate amount of the remaining commitments on the contract at current prices is approximately \$278 million. The contract allows the Tenaris company to claim lower commitments in market downturns and severe market downturns subject to certain limitations.

A Tenaris company is a party to a contract with Siderar for the supply of steam generated at the power generation facility owned by Tenaris in San Nicolas, Argentina. Under this contract, the Tenaris company is required to provide 250 tn/hour of steam and Siderar has the obligation to take or pay this volume. The contract terminates in 2018.

14 Processes in Venezuela

(a) Investment in Ternium: Sidor nationalization process

On May 7, 2009, Ternium completed the transfer of its entire 59.7% interest in Sidor to CVG. The transfer was effected as a result of Venezuela's Decree Law 6058, which ordered that Sidor and its subsidiaries and associated companies be transformed into state-owned enterprises and declared the activities of such companies of public and social interest. While CVG had assumed operational control of Sidor on July 12, 2008, Ternium had retained formal title over the shares until May 7, 2009. Ternium agreed to receive an aggregate amount of \$1.97 billion as compensation for its Sidor shares. Of that amount, CVG paid \$400 million in cash on May 7, 2009. The balance was divided in two tranches: the first tranche, of \$945 million, is being paid in six equal quarterly installments, while the second tranche will be paid at maturity in November 2010, subject to quarterly mandatory prepayment events based on the increase of the WTI crude oil price over its May 6, 2009 level.

(b) Nationalization of Venezuelan Subsidiaries

Within the framework of Decree Law 6058, on May 22, 2009, Venezuela's President Hugo Chávez announced the nationalization of, among other companies, the Company's majority-owned subsidiaries TAVSA Tubos de Acero de Venezuela S.A. (Tavsá) and, Matesi, Materiales Siderurgicos S.A (Matesi), and Complejo Siderurgico de Guayana, C.A (Comsigua), in which the Company has a minority interest (collectively, the Venezuelan Companies). On May 25, 2009, the Minister of Basic Industries and Mines of Venezuela (MIBAM) issued official communications N°230/09 and 231/09, appointing the MIBAM's representatives to the transition committees charged with overseeing the nationalization processes of Tavsá and Matesi. On May 29, 2009, the Company sent response letters to the MIBAM acknowledging the Venezuelan government's decision to nationalize Tavsá and Matesi, appointing its representatives to the transition committees, and reserving all of its rights under contracts, investment treaties and Venezuelan and international law and the right to submit any controversy between the Company or its subsidiaries and Venezuela relating to Tavsá and Matesi's nationalization to international arbitration, including arbitration administered by ICSID.

On July 14, 2009, President Chávez issued Decree 6796, which orders the acquisition of the Venezuelan Companies assets and provides that Tavsá's assets will be held by the Ministry of Energy and Oil, while Matesi and Comsigua's assets will be held by MIBAM. Decree 6796 also requires the Venezuelan government to create certain committees at each of the Venezuelan Companies; each transition committee must ensure the nationalization of each Venezuelan Company and the continuity of its operations, and each technical committee (to be composed of representatives of Venezuela and the private sector) must negotiate over a 60-day period (extendable by mutual agreement) a fair price for each Venezuelan Company to be transferred to Venezuela. In the event the parties fail to reach agreement by the expiration of the 60-day period (or any extension thereof), the applicable Ministry will assume control and exclusive operation of the relevant Venezuelan Company, and the Executive Branch will order their expropriation in accordance with the Venezuelan Expropriation Law. The Decree also specifies that all facts and activities there under are subject to Venezuelan law and any disputes relating thereto must be submitted to Venezuelan courts.

On August 19, 2009 the Company announced that Venezuela, acting through the transition committee appointed by the MIBAM, unilaterally assumed exclusive operational control over Matesi.

The Company's investments in Tavsá, Matesi and Comsigua are protected under applicable bilateral investment treaties, including the bilateral investment treaty between Venezuela and the Belgian-Luxembourgish Union, and, as noted above, Tenaris continues to reserve all of its rights under contracts, investment treaties and Venezuelan and international law, and to consent to the jurisdiction of the ICSID in connection with the nationalization process.

Based on the facts and circumstances described above and following the guidance set forth by IAS 27, the Company ceased consolidating the Venezuelan Companies results of operations and cash flows as from June 30, 2009 and classified its investments in the Venezuelan Companies as financial assets based on the definitions contained in paragraphs 11(c)(i) and 13 of IAS 32.

The Company classified its interests in the Venezuelan Companies as available-for-sale investments since management believes they do not fulfill the requirements for classification within any of the remaining categories provided by IAS 39 and such classification is the most appropriate accounting treatment applicable to non-voluntary dispositions of assets.

Tenaris subsidiaries have also net receivables with the Venezuelan Companies as of September 30, 2009 for a total amount of \$25.4 million.

The Company records its interest in the Venezuelan Companies at its carrying amount at June 30, 2009, and not at fair value, following the guidance set forth by paragraphs 46(c), AG80 and AG81 of IAS 39.

15 Subsequent event

On November 5, 2009, the Company's board of directors approved the payment of an interim dividend of \$0.13 per share (\$0.26 per ADS), or approximately \$153 million, on November 26, 2009, with an ex-dividend date of November 23, 2009.
