**MATERIAL FACT**

CPFL Energia S.A. (“Company”), in compliance with the provisions of article 157, paragraph 4, of Law No. 6404/76, and the CVM Instruction No. 358/02, hereby informs the shareholders that it has submitted a request to B3 S.A. –Brasil, Bolsa, Balcão for an extension of the deadline for the fulfillment of the obligation to reestablish its minimum free float, by expressing its intention to carry out a follow on offering of the Company’s shares resulting in a minimum free float at the level of 15% of its total capital, in compliance with the requirements under the Novo Mercado Rules.

The final evaluation and approval by the Company's management regarding the launch of such offer, as well as the definition of its terms and conditions, are still pending, and are also dependent on the approval of the above requests made to B3.

The Company will keep the market and its shareholders informed of any relevant updates regarding the matters discussed herein.

Campinas, April 02, 2019

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
