Item 2.02. Results of Operations and Financial Condition.

On October 27, 2004, Registrant issued a press release announcing the rescheduling of the release of Registrant's fourth quarter fiscal 2004 earnings report and related conference call. The release also reported fourth quarter fiscal 2004 revenues and that a non-cash charge related to the impairment of deferred tax assets would be included in fourth quarter fiscal 2004 earnings. The press release is filed herewith as Exhibit 99 and is incorporated herein by reference.

Item 2.06. Material Impairments.

On October 27, 2004, Registrant announced that it will recognize in fiscal 2004 a \$256 million non-cash charge related to the impairment of deferred tax assets generated by Registrant. Registrant evaluates the realizability of its deferred tax assets periodically, and in connection with the preparation and audit of the fiscal 2004 financial statements to be included in Registrant's Annual Report on Form 10-K, Registrant concluded on October 26, 2004 that, more likely than not, it will be unable to realize a portion of its generated deferred tax assets in the future. This conclusion is based on Registrant's history of operating losses in recent years as a significant negative indicator, and not on current expectations of future earnings, and tax planning strategies available to Registrant. This impairment charge will not result in any future cash expenditures.

Item 9.01. Financial Statements and Exhibits.

(c) Exhibits.

99. Press Release of Registrant dated October 27, 2004.
