PROXY STATEMENT

INTRODUCTION

The Board of Directors is soliciting proxies to be used at the 2007 Annual Meeting of Stockholders of Mace Security International, Inc. (Mace or the Company) to be held on Friday, December 14, 2007 at 11:00 AM, Eastern Time, at the Las Olas City Centre, 401 East Las Olas Blvd., Ft. Lauderdale, Florida 33301. Mace will begin mailing this proxy statement and the enclosed form of proxy on or about November 6, 2007 to its stockholders entitled to vote at the Annual Meeting.

The Board of Directors is soliciting your proxy to encourage you to vote on the proposals at the Annual Meeting and to obtain your support for the proposals. You are invited to attend the Annual Meeting and vote your shares directly. If you do not attend, you may vote by proxy, which allows you to direct another person to vote your shares at the Annual Meeting on your behalf, using the accompanying proxy card. **Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return the proxy card in case your plans change. You can always vote in person at the Annual Meeting, even if you have already returned the proxy card.**

About This Proxy Solicitation

This proxy solicitation has two parts: the proxy card and this proxy statement.

The Proxy Card The proxy card permits you to vote by proxy, whether or not you attend the Annual Meeting. When you sign the proxy card, you appoint certain individuals as your representatives at the Annual Meeting. They will vote your shares of Mace common stock at the Annual Meeting as you have instructed on the proxy card. If a proposal comes up for a vote that is not on the proxy card, and for which the Company did not receive notice of at least 45 days before this solicitation, they will vote your shares as they deem appropriate.

This Proxy Statement This proxy statement contains important information for you to consider when deciding how to vote on the proposals. Please read it carefully. It is divided into six sections following this Introduction:

Sections	Page
The Proposals	4
Independent Registered Public Accounting Firm	8
About the Board of Directors and Executive Officers	9
Executive Compensation	15

Additional Information	33

Mace will bear the cost for soliciting proxies for an affirmative vote on the proposals. Mace will not reimburse any other person or entity for the cost of preparing its own proxy materials or soliciting proxies for any matter. Mace's directors, officers and employees may solicit proxies, but will receive no special compensation for any solicitation activities. Proxies may be solicited by mail, in person, by telephone, facsimile or by other means. Mace will reimburse brokers, nominees, custodians and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy materials to the beneficial owners of Mace common stock.

About the Annual Meeting

When And Where Mace will hold the Annual Meeting on Friday, December 14, 2007, at 11:00 AM, Eastern Time, at the Las Olas City Centre, 401 East Las Olas Blvd., Ft. Lauderdale, Florida, 33301.

Record Date The Board has fixed the close of business on November 2, 2007 as the record date for the Annual Meeting. All stockholders of record at that time are entitled to notice of and are entitled to vote in person or by proxy at the Annual Meeting.

Quorum Requirement Mace's bylaws require that a majority of outstanding shares of Mace common stock must be represented at the Annual Meeting, whether in person or by proxy, constituting a quorum in order to transact business. Abstentions and broker non-votes will be counted in determining whether there is a quorum at the Annual Meeting.

The Proposals Stockholders will vote on the following proposals at the Annual Meeting:

election of six directors; and

ratification of the Audit Committee's appointment of Grant Thornton LLP as Mace's independent registered public accounting firm for fiscal year 2007.

Other Matters There were no stockholder proposals submitted for the Annual Meeting for inclusion in this Proxy. Neither Mace nor its Board intends to bring any other matter before the Annual Meeting. If other matters requiring the vote of the stockholders properly come before the Annual Meeting, which were omitted from this proxy statement pursuant to Rule 14a-8 or 14a-9 promulgated under the Securities Exchange Act of 1934, as amended, or which the Board did not know would be presented at least 45 days before this solicitation, the persons named in the enclosed proxy will have discretionary authority to vote the proxies held by them with respect to such matters in accordance with their best judgment on such matters.

Presence of Independent Registered Public Accountants Representatives of Grant Thornton LLP, Mace's independent registered public accounting firm, will be present at the Annual Meeting. They will have the opportunity to make a statement at the Annual Meeting, if they choose, and they are expected to be available to respond to stockholder questions.

The Stockholders As of the record date of November 2, 2007 there were 16,465,253 shares of Mace common stock issued and outstanding. A complete list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder for any purpose relating to the Annual Meeting for ten days prior to the meeting during ordinary business hours at Mace's headquarters located at 401 East Las Olas Boulevard, Suite 1570, Fort Lauderdale, Florida 33301.

Voting at the Annual Meeting

You are entitled to one vote for each share of Mace common stock that you owned of record at the close of business on November 2, 2007. The presence, in person or by proxy, of the holders of a majority of shares of common stock issued and outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions are counted as shares present at the meeting for purposes of determining whether a quorum exists. Abstentions have the effect of a vote against any matter to which they are specified. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called broker non-votes) are considered shares present at the meeting for purposes of determining whether a quorum exists. Broker non-votes will not affect the outcome of the vote on any matter unless the matter requires the affirmative vote of a majority of the outstanding shares and in such case will have the effect of a vote against that matter.

The six nominees for director receiving the highest number of affirmative votes shall be elected as directors. Stockholders do not have the right to cumulate their votes in the election of directors. The other proposal requires the approval of a majority of all shares of Mace common stock entitled to vote for such proposal that are represented at the Annual Meeting in person or by proxy.

How To Vote Your Shares

You may vote in one of two ways:

- return your completed, signed and dated proxy card before the Annual Meeting; or
- cast a written ballot in person at the Annual Meeting (you will need a legal proxy from your stockbroker if you hold your shares in street name).

Voting By Proxy The proxy card has simple instructions. By returning a completed proxy card before the Annual Meeting, you will direct the appointed persons (known as proxies) to vote your shares at the Annual Meeting in accordance with your instructions. Gregory M. Krzemien and Robert M. Kramer will serve as your proxies for the Annual Meeting. If you complete the entire proxy card except for the voting instructions, the proxies will vote your shares **for** the election of the nominated directors and **for** the ratification of the appointment of Grant Thornton LLP as Mace's independent registered public accounting firm for fiscal year 2007. If any nominee for election to the Board is unable to serve, which is not anticipated, then the designated proxies will vote your shares **for** any substitute nominee chosen by the Board. If any other matters properly come before the Annual Meeting, then the designated proxies will vote your shares *in their discretion* on such matters.

How To Revoke Your Proxy You may revoke your proxy at any time before it is exercised at the Annual Meeting by any of the following means:

- notifying Mace's Secretary in writing (notice to be sent to Mace's executive offices, the address for which is located on the first page of this proxy statement);
- submitting another proxy card with a later date; or
- attending the Annual Meeting and voting by written ballot (mere attendance at the Annual Meeting will not by itself revoke your proxy).

Only the record owner of your shares can vote your shares or revoke a proxy the record owner has given. If your shares are in street name, you will not be able to revoke the proxy given by the street name holder.

THE PROPOSALS

Proposal 1. Election of Directors

Election of six directors to the Board of Directors for a one-year term and until their respective successor is duly elected and qualified.

Nominees

Louis D. Paolino, Jr.	Dennis R. Raefield
Mark S. Alsentzer	Gerald T. LaFlamme
Constantine N. Papadakis, Ph.D.	John C. Mallon

Louis D. Paolino, Jr., Mark S. Alsentzer, Constantine N. Papadakis, Ph.D., Matthew J. Paolino, Dennis R. Raefield and Burton Segal currently serve on the Board of Directors. Burton Segal and Matthew J. Paolino have not been nominated for election.

Lawndale Capital Management, LLC (Lawndale Capital) had threatened to conduct a proxy contest at the 2007 Annual Shareholder Meeting to elect four individuals selected by Lawndale Capital (two of the four were Mr. Raefield and Mr. LaFlamme) and to adopt a Bylaw change which would amend the criteria used by the Company to determine the independence of a director. Discussions between the Company and Lawndale Capital were held but no resolution was reached. The Board of Directors, hoping to avoid an expensive proxy contest and believing it was in the best interests of the Company, advised Lawndale Capital that the Company would be taking the following actions:

- adopting an amendment to its Bylaws providing that at least two thirds of the Board of Directors shall be independent, and listing criteria to be used by the Company to determine the independence of a director, including certain familial relationships and relationships with the Company that would prohibit a director from being considered independent;
- amending the Company's Corporate Governance Guidelines to provide that the independent directors would make Board of Director Committee assignments;
- expanding the Board of Directors from five to six members and appointing Dennis R. Raefield to fill the director vacancy created by the expansion; and
- nominating the six directors currently standing for election as the Company's director slate to be elected at the 2007 Annual Stockholders Meeting.

Lawndale Capital notified the Company that if the Company took the four actions listed above, Lawndale Capital would not conduct a proxy contest. The Company took the first three actions listed above on October 16, 2007 and nominated the six directors on November 5, 2007.

Of the six directors who have been nominated, Mr. Raefield and Gerald LaFlamme were recommended by Lawndale, John C. Mallon was submitted to the Company's Nominating Committee by Louis Paolino, Jr., Mace's Chief Executive Officer and the remaining three of nominees are current Board members, Mark Alsentzer, Dr. Constantine Papadakis and Louis D. Paolino, Jr. All nominees have agreed to be nominated to stand for election at the 2007 Annual Meeting. Both Mr. Raefield's and Mr. LaFlamme's agreement to be nominated were given on their understanding that the director slate would be those individuals which have been nominated.

About the Board and its Committees

Mace's Board is currently comprised of six directors: Louis D. Paolino, Jr., Mark S. Alsentzer, Constantine N. Papadakis, Ph.D., Matthew J. Paolino, Burton Segal and Dennis Raefield. Each director position is elected annually for a one-year term.

Prior to the 2007 Annual Stockholders Meeting a majority of directors were required to be independent. The independence of a director is currently determined by the Board of Directors applying the criteria established by the rules of the NASDAQ Global Market. After the 2007 Annual Stockholders Meeting, the Board of Directors will determine a director's independence using the criteria set forth in Section 3.14 of the Company's Bylaws which sets forth certain familial relationships and relationships with the Company that prohibit a director from being independent. All of the committees of the Board are governed by a charter and such charters, along with the Company's Corporate Governance Guidelines, and Bylaws are posted on the Company's website at www.mace.com. All members of the Audit Committee, Compensation Committee, Nominating Committee, and the Ethics and Corporate Governance Committee of the Board are independent directors within the meaning of the rules of the NASDAQ Global Market.

EXECUTIVE COMPENSATION

Executive Compensation Discussion and Analysis

Introduction. The Compensation Committee is responsible for developing the Company's philosophy and structure for executive compensation. Consistent with this philosophy, on an annual basis the Compensation Committee reviews and sets the compensation of the following executive officers (the "Executive Officers"):

- (a) Louis D. Paolino, Jr., the Chairman of the Board, Chief Executive Officer, and President;
- (b) Gregory M. Krzemien, the Chief Financial Officer ("CFO") and Treasurer;
- (c) Robert M. Kramer, the Executive Vice President and General Counsel; and
- (d) Ronald R. Pirollo, the Chief Accounting Officer and Corporate Controller, during 2006. Mr. Pirollo resigned on July 25, 2007.

The Company's executive compensation program is based on principles designed to align executive compensation with the Company's business strategy of creating wealth for its shareholders and creating long-term value for the business. The Compensation Committee believes that executive compensation tied to the execution of a sound business strategy achieves stockholder value. It is the Company's philosophy to evaluate its executive compensation structure with other

companies of comparative size, type and geographic scope. The Company's compensation policy for executives is intended to further the interests of the Company and its stockholders by encouraging growth of its business through securing, retaining, and motivating management employees of high caliber who possess the skills necessary to the development and growth of the Company. This was especially critical in 2006, as the Company was in the process of selling its car washes and focusing its energy on the Security Segment. The Compensation Committee believes that the entrepreneurial spirit of Mr. Paolino and his executive team is critical to the success of Mace. The Compensation Committee also recognizes the importance of continuity of management through the time of transition.

Compensation and Benefits Philosophy. The compensation and benefits programs for the Executive Officers are designed with the goal of providing compensation and benefits that are fair, reasonable and competitive. The programs are intended to help the Company recruit and retain qualified executives, motivate executive performance to achieve specific strategic objectives of the Company, and align the interests of executive management with the long-term interests of the Company's stockholders.

The design of specific programs is based on the following guiding principles:

Competitiveness: Compensation and benefit programs are designed to be competitive with those provided by companies with whom we compete for talent. In general, programs are considered competitive when all factors of a job are considered with compensation levels at the 50th percentile as measured against these competitor companies.

Performance: The Company believes that the best way to accomplish the alignment of compensation plans with the interest of its executives and shareholders is to link pay directly to individual and Company performance.

Cost: Compensation and benefit programs are designed to be cost-effective and affordable, ensuring that the interests of the Company's stockholders are considered. This is especially critical during this time of transition, as we cannot afford to add executives to strengthen our bench.

Comparator Group: The relevant comparator group for compensation and benefit programs consists primarily of companies of comparative size, similar businesses and geographic scope. These are the firms with which the Company competes for talent. The comparator group was chosen to include companies with similar market capitalization, similar revenue size, direct competitors, and also included some companies in areas where the Company intended to do business in the future. The comparator group is different from the companies used for the five year cumulative return graph in the Annual Report on Form 10-K for fiscal year ended December 31, 2006. The reason for this is that the Company has business competitors with whom we benchmark against for financial performance, but also has business and talent competitors against whom we benchmark for pay purposes. The comparator group is broader than the peer group used in the Stock Performance Graph.

The comparator companies are:

Abatix Corporation	DHB Industries	Markwest Energy Part
Able Laboratories	Devcon International	Numerex
Adams Respiratory	ECC Capital Corp.	Pacific Ethanol Prove
Allied Defense Group	Emtec Inc.	RAE Systems
American Science Engineering	Hansen Natural Corporation	Strattec Security Corp.
Atlas America	Integrated Alarm Services Corp.	Sunopta
Boss Holdings	Inphonic Inc.	Sunpower Corp
Ceradyne	Identix	Taser International
Cogent	Ionatron	Therapeutics
Cohu	Kaanapali Land LLC	Versar Inc.
Compudyne	Lojack Corp.	Vicon Industries
Datatec Systems	MGP Ingredients	Viisage Technology
		Waste Services, Inc.

In addition to the comparator group above, Compensation Resources, Inc., the Company's compensation consultant, examined a much broader group of companies in varied industries with a similar financial profile as Mace. This group included 120 companies, and the findings from the larger sample indicated that our peer group was statistically relevant.

Roles, Responsibilities and Charter of the Committee. The primary purpose of the Compensation Committee is to conduct reviews of the Company's general executive compensation policies and strategies, oversee and evaluate the Company's overall compensation structure and programs and establish the compensation for the Executive Officers. Direct responsibilities include, but are not limited to:

- Determining and approving the compensation level of the CEO;
- Evaluating and approving compensation levels of the other Executive Officers;
- Evaluating and approving all grants of equity-based compensation to Executive Officers;
- Recommending to the Board compensation policies for outside directors; and
- Designing performance-based and equity-based incentive plans for the CEO and other Executive Officers and reviewing other benefit programs presented to the Compensation Committee by the CEO.

During July 2006, the Committee retained the firm of Compensation Resources, Inc. as its compensation consultant to assist in the continual development and evaluation of compensation policies and the Compensation Committee's determinations of compensation awards. The role of Compensation Resources, Inc. is to provide independent, third party advice and expertise in executive compensation issues.

Overall Program Components. The key components of Mace's executive compensation package are direct compensation and company-sponsored benefit plans. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by the Company's executives. The Company seeks to achieve its compensation objectives through five key compensation elements:

- A base salary;
- Periodic (generally annual) grants of long-term, equity-based compensation (i.e., longer-term incentives), such as stock options, which may be subject to performance-based and/or time-based vesting requirements;
- Change in control arrangements that are designed to retain executives and provide continuity of management in the event of an actual or threatened change of control;
- Special awards and/or bonuses for duties that are above and beyond the normal scope of duties for a given executive; and
- Perquisites and benefits.

Competitive Consideration. In making compensation decisions with respect to each element of compensation, the Compensation Committee considers the competitive market for executives and compensation levels provided by comparable companies. The Compensation Committee regularly reviews the compensation practices at companies with which it competes for talent, including businesses engaged in activities similar to those of the Company, as noted in the list above.

The Compensation Committee does not attempt to set each compensation element for each executive within a particular range related to levels provided by industry peers or the comparator group. The Committee does use market comparisons as one factor in making compensation decisions. Some of the other factors considered when making individual executive compensation decisions include individual contribution and performance, reporting structure, internal pay relationship, complexity and importance of role and responsibilities, leadership and growth potential.

Executive Compensation Practices. The Company's practices with respect to each of the five key compensation elements identified above, as well as other elements of compensation, are set forth below, followed by a discussion of the specific factors considered in determining key elements of fiscal year 2006 compensation for the Executive Officers.

Base Salary. Base salary is designed to attract and retain experienced executives who can drive the achievement of the Company's business goals. Base salaries are generally targeted slightly above the median of the competitive market for Mr. Paolino and slightly under the median for the other Executive Officers. While an executive's initial base salary is determined through an assessment of comparative market levels for the position, the major factors in determining base salary increases are individual performance, pertinent experience and an increase in responsibility. Executives who are new to a role may have base salaries below the market median; similarly, an executive who has significant experience and tenure and has demonstrated sustained superior performance over time may have salaries above the market median.

The minimum salary for the CEO, CFO, and General Counsel are established by employment agreement. The amount of any increase over this minimum for the CEO, CFO and General Counsel, and salary in the case of Mr. Pirollo (whose salary was not specified in an employment agreement), are determined by the Compensation Committee based on a variety of factors, including:

- The nature and responsibility of the position and, to the extent available, salary norms for persons in comparable positions at comparable companies;
- The expertise of the individual executive;
- The competitiveness of the market for the executive's services; and
- The recommendations of the CEO (except in the case of his own compensation).

Where not specified by contract, salaries are generally reviewed annually.

Fiscal Year 2006 Base Salary Decisions. Among the named Executive Officers, Mr. Paolino, Mr. Krzemien, and Mr. Kramer are employed pursuant to agreements described under Employment Agreements below. Mr. Paolino's salary was changed during fiscal year 2006 after a compensation analysis was conducted in July and August of 2006. His salary was changed from \$400,000 to \$450,000. The competitive market was utilized in this analysis, and the data showed that cash compensation (base salary and cash bonus) for this position at the 50th percentile was \$480,000. The Compensation Committee felt that base salary cash compensation of \$450,000 was sufficient for Mr. Paolino. Between September and December 2006, additional compensation analyses were performed for Mr. Krzemien's position, Mr. Kramer's position and Mr. Pirollo's position. As a result of these studies, the base salary of Mr. Krzemien was increased to \$230,000 from \$200,000, Mr. Kramer's salary was increased to \$230,000 from \$210,000, and Mr. Pirollo's salary was increased to \$180,000 from \$160,000. The increases all occurred on February 12, 2007. The increases were based on the competitive marketplace, and their individual performance. The base salaries of Mr. Krzemien, Mr. Kramer and Mr. Pirollo were not adjusted in 2005 or 2006.

Annual Incentives for Named Executive Officers. There is no formal incentive plan in place that rewards for annual results. It is the opinion of the Compensation Committee and management that due to the current nature of the business, and the exit from the car wash segment, that an Annual Incentive Plan and appropriate goal setting during this time of reorganization is extremely difficult, and could potentially reward non-desired behaviors. Therefore, we believe that equity participation provides a better line of sight and rewards the executives for increasing shareholder value and long-term growth of the Company. However, it is the intent of the Committee to implement a formal Annual Incentive Plan that focuses on key financial, operational, and individual goals, when the business model stabilizes. Implementation of a formal incentive plan may occur in 2008.

Currently, Mr. Paolino is entitled to a Mergers and Acquisition Transaction Bonus (Transaction Bonus) as a reward for his efforts in acquiring new business lines, and divesting those businesses that no longer fit the strategic plan for the Company. This Transaction Bonus is 1% of the transaction value of any car wash sold, and 3% of the value of any other businesses bought or sold. The 3% reward is reduced by any fees paid to an investment banker hired by the Company where the investment banker located the transaction and conducted all negotiations (no deduction is made for any fairness opinion fee). The Committee believes that the Company is saving significantly by providing a Transaction Bonus to the CEO, and thereby avoiding the larger fees that would be paid to an Investment Banking Firm that specializes in this area. Mr. Paolino brings his special skills and abilities to the Company, and he will be rewarded appropriately for those skills.

The Compensation Committee has discretion to provide bonuses to the Executive Officers for exceptional results, special circumstances, and other non-quantitative measures. In 2006, no annual bonuses, special awards or recognition were granted by the Compensation Committee, and none of the Executive Officers received any annual incentive payments. Mr. Paolino, by contract, was eligible for the Transaction Bonus, but none was paid in 2006.

Long-term Incentive Compensation. The long-term equity-based award is designed to attract and retain executives and certain other key employees, and to strengthen the link between compensation and increased returns for stockholders through share price appreciation. The Company uses stock options as its long-term incentive compensation. Awards granted to individual executives are discretionary and may be made annually under the Company's 1999 Stock Option Plan (the Option Plan). The number of shares granted is at the discretion of the Compensation Committee and are generally awarded each year for the previous year's performance, or when the Company conducts a market-based review to ensure compensation is in line with the outside world. The options are typically subject to a ten-year life and vest per the terms of each option agreement. Options are issued at the market close price for the Company's common stock on the date the option is authorized. The value of each option is not adjusted during the option's lifetime.

The Company has adopted a policy on stock option grants that includes the following provisions relating to the timing of option grants:

All awards of stock options to Executive Officers are awarded by the Compensation Committee when each Executive Officer's compensation and performance is reviewed by the Compensation Committee.

All awards of stock options to employees who are not Executive Officers are awarded by the Compensation Committee based on the Executive Officer's recommendations after review by the Compensation Committee. Option grants are not timed with the release of material non-public information.

Except for inducement grants for new employees, Executive Officers recommend an award of stock options based on a review of the employee's performance and compensation.

The grant date of the stock options is always the date of the issuance of the Option Agreement for the grant, which date is shortly after the date the Compensation Committee authorizes the grant.

The exercise price is the closing price of the underlying common stock on the date the option is authorized by the Compensation Committee.

Stock option awards for Executive Officers are promptly announced on a Form 4 filing.

The long-term incentive program calls for stock options to be granted with exercise prices of not less than fair market value of the Company's stock on the date of authorization and to vest over time, based on continued employment, with rare exceptions made by the Compensation Committee. The Compensation Committee will not grant stock options with exercise prices below the market price of the Company's stock on the date of authorization, and will not reduce the exercise price of stock options (except in connection with adjustments to reflect recapitalizations, stock or extraordinary dividends, stock splits, mergers, spin-offs and similar events permitted by the relevant plan) without shareholder approval. New option grants to Executive Officers normally have a term of ten years.

Long-term equity grants are positioned at or below the median of the competitive market when performance is at target levels. When performance falls below target levels, funding will be below the market median or eliminated. When performance exceeds target levels, funding may be above the market median.

Overall grant levels are at the discretion of the Compensation Committee. The size of individual long-term equity based awards is determined using compensation guidelines developed based on individual performance.

Fiscal Year 2006 Stock Option Decisions. In fiscal 2006, the Compensation Committee awarded long-term compensation to Executive Officers pursuant to the program described above resulting in the awards of stock options identified in the Grant of Plan Based Awards Table.

In determining the annual grant of options, the Committee considered any contractual requirements, market data on total compensation packages, the value of long-term incentive grants at targeted external companies, total shareholder return, share usage and shareholder dilution and, except in the case of the award to the Chief Executive Officer, the recommendations of the Chief Executive Officer.

On March 1, 2006, the Compensation Committee authorized stock options for Mr. Paolino, Mr. Kramer, Mr. Krzemien and Mr. Pirollo which were issued on March 23, 2006. The options were authorized as incentive compensation for their 2005 performance. The executives did not receive an increase in base salary compensation in 2005. The respective amounts of the options were as follows: Mr. Paolino-150,000, Mr. Kramer-75,000, Mr. Krzemien-60,000 and Mr. Pirollo-25,000. The options awarded vested one-third upon issuance, one-third twelve months from issuance and one-third twenty-four months from issuance. The options fully vest upon a change in control.

Mr. Paolino's August 2006 option grant was based on a market assessment. The value of the options granted was based on the competitive total direct compensation in the marketplace. The Black Scholes value of the grant plus his salary is intended to bring Mr. Paolino to an appropriate level for similarly situated executives. The market study indicated that the 50th percentile for Total Direct Compensation (Cash Compensation plus Equity) was \$1,117,300. The Compensation Committee decided to award Mr. Paolino with options that would bridge the gap between his \$450,000 cash compensation and the \$1,117,300 total compensation. This award was 450,000 options. Based on the Black-Scholes calculation at the time of the grant, this award was estimated to have a value of approximately \$648,000 which was expensed in 2006. The Compensation Committee felt that this would bring his compensation to just slightly below the comparative market. These options were immediately exercisable. The intent was to reward Mr. Paolino for his performance, and provide him with the motivation to stay with the Company and grow the stock price to benefit the shareholders.

It is the intent of the Compensation Committee to review Mr. Paolino's compensation annually during the term of his agreement and continue to make awards that will keep him in line with the comparator group.

Between September and December 2006, additional compensation analyses were performed on Mr. Krzemien's, Mr. Kramer's and Mr. Pirollo's positions. The option grants were made to bring Mr. Krzemien's, Mr. Kramer's and Mr. Pirollo's compensation closer to the level of market consensus of the comparator group. In February 2007, new employment agreements were signed with Mr. Kramer and Mr. Krzemien. The new agreements provided that Mr. Kramer and Mr. Krzemien would each receive grants of 60,000 options, of which one-third vested immediately on the date of grant, February 12, 2007, one-third vests one year from the date of the grant, and the balance vests two years from the grant. These options have a ten year life. Mr. Pirollo was granted 25,000 options on February 12, 2007 with the same vesting schedule and life.

Change of Control Arrangements. The Company has entered into change of control arrangements with Mr. Paolino, Mr. Kramer and Mr. Krzemien in order to encourage them to remain employed with the Company during a period when the Company is changing its business from the car wash industry to the security business. The announced sale of the car washes created a possibility that there could be a change in control. The Compensation Committee was concerned that the uncertain atmosphere could result in Mr. Paolino, Mr. Kramer, and Mr. Krzemien seeking employment at another company. The Compensation Committee believed that it was important to retain its key executives as the Company transitioned its business.

Mr. Paolino's change in control payment is linked to the single trigger of a change of control event. Mr. Paolino's change of control payment is in the amount of 2.99 times his five-year average compensation. The Compensation Committee believed that it was appropriate for the Chief Executive Officer to have a single trigger, which would result in a change of control payment. The 2.99 amount was selected as it was under the threshold of the amount where an excise tax under Section 280G of the Internal Revenue Code would be imposed. Compensation Resources, Inc., the Company's compensation consultant advised the Compensation Committee that a payment of 2.99 times total compensation was prudent, and that a single trigger was used among companies in the comparator group. If Mr. Paolino is paid the change of control payment, he can be discharged by the Company, without cause, with no further payment.

Mr. Kramer's and Mr. Krzemien's payments are linked to three separate events. Mr. Kramer and Mr. Krzemien receive a payment of one time their base annual salary (currently \$230,000) in the event that both a change of control occurs and Mr. Paolino no longer is Chief Executive Officer of the Company (Double Trigger). After the Double Trigger occurs, if the Company chooses to terminate Mr. Kramer or Mr. Krzemien, respectively, or the Company breaches their respective employment agreement, the affected Executive Officer receives an additional payment of one time his base annual salary (Triple Trigger). The Compensation Committee, after consultation with Compensation Resources, Inc., believed the lesser payment and the Double Trigger and Triple Trigger was sufficient to encourage the retention of Mr. Kramer and Mr. Krzemien.

Additionally, as a further inducement to encourage the continued employment of Mr. Paolino, Mr. Kramer, Mr. Krzemien and Mr. Pirolo, the options that were issued to them on March 23, 2006, all vest immediately upon a change of control.

Fiscal Year 2006 Change of Control Decisions. Louis D. Paolino, Jr., in August 2006, received a new three-year employment contract. Upon a change in control, Mr. Paolino is entitled to a payment of 2.99 times Mr. Paolino's average total compensation (base salary plus any bonuses plus the value of any option awards, valued using the Black Scholes method) over the past five years. If Mr. Paolino receives the change of control payment, his employment can then be terminated by the Company without cause and with no further payment. Prior to a change of control payment, the Company can terminate Mr. Paolino, without cause upon the payment of 2.99 times Mr. Paolino's five-year average total compensation. The Company computes the 2.99 payment as of December 31, 2006 as \$3,241,000. On March 1, 2006, the Compensation Committee authorized 150,000 stock options for Mr. Paolino which was issued on March 23, 2006, as incentive compensation for his 2005 performance. The options vested one-third upon issuance, one-third twelve months from issuance and one-third twenty-four months from issuance. The options fully vest upon a change of control. If a change of control occurred on December 31, 2006, Mr. Paolino would have received \$159,590 in value through the vesting of the options.

Mace currently employs Gregory M. Krzemien, its Principal Financial Officer and Treasurer, under an employment contract entered into on February 12, 2007. Under the employment contract, Mr. Krzemien is entitled to receive a one time retention payment equal to his then annual base compensation upon the occurrence of both of: (a) a change in control of the Company; and (b) Louis D. Paolino, Jr. ceasing to be the Principal Executive Officer of the Company. Additionally, after Mr. Krzemien is paid the retention payment he is entitled to receive a termination payment equal to his then annual base compensation, if his employment contract is terminated without cause, or if the Company breaches his employment contract. As of March 15, 2007, the annual base compensation of Mr. Krzemien is \$230,000. If a change of control occurred and Mr. Paolino were terminated as the Principal Executive Officer on March 15, 2007, Mr. Krzemien would receive a retention payment of \$230,000. Additionally, if on March 15, 2007, a change in control occurred and Mr. Paolino was terminated as the Principal Executive Officer, and the Company decides to either terminate Mr. Krzemien without cause or the Company breaches Mr. Krzemien's employment contract, Mr. Krzemien would be paid a total of \$460,000.

Mace currently employs Robert Kramer, its Executive Vice President and General Counsel under an employment contract entered on February 12, 2007. Under the employment contract Mr. Kramer is entitled to receive a one-time retention payment equal to his then annual base compensation upon the occurrence of both of: (a) a change in control of the Company; and (b) Louis D. Paolino, Jr. ceasing to be the Principal Executive Officer of the Company. Additionally, after Mr. Kramer is paid the retention payment he is entitled to receive a termination payment equal to

his then annual base compensation, if his employment contract is terminated without cause, or if the Company breaches his employment contract. As of March 15, 2007, the annual base compensation of Mr. Kramer is \$230,000. If a change of control occurred and Mr. Paolino were terminated as the Principal Executive Officer on March 15, 2007, Mr. Kramer would receive a retention payment of \$230,000. Additionally, if on March 15, 2007, a change in control occurred and Mr. Paolino was terminated as the Principal Executive Officer, and the Company decided to either terminate Mr. Kramer without cause or the Company breached Mr. Kramer's employment contract, Mr. Kramer would be paid a total of \$460,000.

Benefits and Perquisites. With limited exceptions, the Committee supports providing benefits and perquisites to the Executive Officers that are substantially the same as those offered to other officers of the Company. In the case of the CEO, the Company allows his assistant to aid him with his personal business. There is no incremental cost to the Company of allowing Mr. Paolino's assistant to aid him with his personal business. In fiscal 2006, Mr. Paolino, per his contract, was entitled to \$1,500 per month that the Company uses to lease him a premium vehicle. Mr. Kramer and Mr. Krzemien as of February 12, 2007 became entitled to a \$700 per month car allowance. Mr. Pirollo received a \$500 per month car allowance.

Total Compensation. In making decisions with respect to elements of an Executive Officers' compensation, the Compensation Committee considers the total compensation that may be awarded to the executive, including salary, special awards/bonus and long-term incentive compensation. In addition, in reviewing and approving employment agreements for Executive Officers, the Compensation Committee considers the other benefits to which the officer is entitled by the agreement, including compensation payable upon termination of the agreement under a variety of circumstances. The Compensation Committee's goal is to award compensation that is reasonable when all elements of potential compensation are considered.

Policy with respect to the \$1 million deduction limit. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's Principal Executive Officer and four other most highly compensated executive officers as of the end of the fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit, if certain requirements are met.

The Compensation Committee designs certain components of Executive Officer compensation to permit full deductibility. The Compensation Committee believes, however, that shareholder interests are best served by not restricting the Compensation Committee's discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, the Compensation Committee has from time to time approved elements of compensation for certain officers that are not fully deductible, and reserves the right to do so in the future in appropriate circumstances.

Louis D. Paolino, Jr., Employment Agreement

Mace currently employs Louis D. Paolino, Jr., as its President and Chief Executive Officer under a three-year Employment Contract dated August 21, 2006 and expiring on August 21, 2009 (Paolino Employment Agreement). The Company obtained a Compensation Study from Compensation Resources, Inc., an independent third party consulting firm prior to entering into the Paolino Employment Agreement.

The initial base salary under the Paolino Employment Agreement is \$450,000. The Paolino Employment Agreement provides for three separate option grants to Mr. Paolino for common stock under Mace's 1999 Stock Option Plan at an exercise price equal to the close of market on the date of grant. The first grant was issued on August 21, 2006 and was an option exercisable into 450,000 shares of common stock at an exercise price of \$2.30. The second options grant (Second Grant) was to be awarded within five days of the August 21, 2007 (this award has not yet been made) and the third options grant (Third Grant) is to be awarded within five days of August 21, 2008. The amount of shares of the Second Grant and Third Grant (Option Shares) shall be exercisable into is to be determined by the Company's Compensation Committee, based on a then current compensation study of the Principal Executive Officer position. The amount of Option Shares, at time of grant, plus the \$450,000 annual compensation paid to Mr. Paolino, is to equal

no less than the market consensus total direct compensation, amount paid by the comparable companies to their chief executive officers, as set forth in a compensation study to be obtained by the Compensation Committee. The options with respect to each of the grants shall be fully vested on the date of the grant.

Under the Paolino Employment Agreement, Mr. Paolino is to receive a bonus of (a) one percent (1%) of the sales price of any car washes sold (excepting one car wash under contract on the date of the Paolino Employment Agreement and which has been sold); and (b) three percent (3%) of the purchase or sale price of any other business sold or purchased. The three (3%) amount is reduced by the amount of any fee paid to an investment banker hired by the Company where the investment banker located the transaction and conducted all negotiations. The three percent (3%) commission is not reduced for a fee paid to any investment banker for a fairness opinion or other valuation.

Upon termination of employment by the Company without cause or upon a change in control, Mr. Paolino is entitled to a payment of 2.99 times Mr. Paolino's average total compensation (base salary plus any bonuses plus the value of any option award, valued using the Black Scholes method) over the past five years. If Mr. Paolino receives the change of control bonus, his employment can then be terminated by the Company without cause and without the payment of a second 2.99 times payment. The Company computes the 2.99 payment as of December 31, 2006 as \$3,241,000.

Under the Paolino Employment Agreement Mr. Paolino receives a car at a lease cost of \$1,500 per month and Company standard medical and other employee benefits. Mr. Paolino is prohibited from competing with the Company during his period of employment and for a three-month period following a termination of employment.

Gregory M. Krzemien, Employment Agreement

Mace currently employs Gregory M. Krzemien as its Chief Financial Officer and Treasurer under an Employment Contract dated February 12, 2007 and expiring on February 12, 2010 (Krzemien Employment Agreement). The Company's Compensation Committee obtained a Compensation Study from Compensation Resources, Inc. prior to entering into the Krzemien Employment Agreement. The initial base salary under the Krzemien Employment Agreement is \$230,000. In accordance with the Krzemien Employment Agreement, Mr. Krzemien received an option grant for 60,000 shares of common stock under the Company's Stock Option Plan at an exercise price of \$2.73, the close of market on the date of grant. The options were granted on February 12, 2007. The options vested one-third on the date of the grant, and will vest one-third on February 12, 2008 and one-third on February 12, 2009.

Under the Krzemien Employment Agreement, Mr. Krzemien will receive a one-time retention payment equal to Mr. Krzemien's then annual base compensation (currently \$230,000) upon the occurrence of both of (a) a change in control of the Company and (b) Louis D. Paolino, Jr. ceasing to be Chief Executive Officer of the Company. After Mr. Krzemien receives the retention payment, if Mr. Krzemien's employment is then terminated without cause or if the Company breaches the Krzemien Employment Agreement, Mr. Krzemien is entitled to an additional one-time payment equal to Mr. Krzemien's then annual base compensation. The current total amount of both the retention payment and termination payment is \$460,000.

Mr. Krzemien receives a car allowance of \$700 per month beginning in February 2007 and the Company's standard medical and other employee benefits. Mr. Krzemien is prohibited from competing with the Company during his period of employment and for a three-month period following termination of employment.

Robert M. Kramer, Employment Agreement

Mace currently employs Robert M. Kramer as its Executive Vice President, General Counsel and Secretary under an Employment Contract dated February 12, 2007 and expiring on February 12, 2010 (Kramer Employment Agreement). The Company's Compensation Committee obtained a Compensation Study from Compensation Resources, Inc. prior to entering into the Kramer Employment Agreement. The initial base salary under the Kramer Employment Agreement is \$230,000. In accordance with the Kramer Employment Agreement, Mr. Kramer received an option grant for 60,000 shares of common stock under the Company's Stock Option Plan at an exercise price of \$2.73, the close of market on the date of grant. The options were granted on February 12, 2007. The options vested one-third on the date of the grant, and will vest one-third on February 12, 2008 and one-third on February 12, 2009.

Under the Kramer Employment Agreement, Mr. Kramer will receive a one-time retention payment equal to Mr. Kramer's then annual base compensation (currently \$230,000) upon the occurrence of both of (a) a change in control of the Company and (b) Louis D. Paolino, Jr. ceasing to be Principal Executive Officer of the Company. After Mr. Kramer receives the retention payment, if Mr. Kramer's employment is then terminated without cause or if the Company breaches the Kramer Employment Agreement, Mr. Kramer is entitled to an additional on-time payment equal to Mr. Kramer's then annual base compensation. The current total amount of both the retention payment and termination payment is \$460,000.

Mr. Kramer receives a car allowance of \$700 per month beginning in February 2007, and the Company's standard medical and other employee benefits. Mr. Kramer is prohibited against competing with the Company during his period of employment and for a three-month period following termination of employment.

Ronald R. Pirollo, Employment Agreement

Mr. Pirollo was employed during all of 2006. Mr. Pirollo resigned on July 25, 2007. The primary terms of the employment agreement of Ronald R. Pirollo expired on March 26, 2003. Mr. Pirollo or the Company was entitled to terminate Mr. Pirollo's employment at any time. Mr. Pirollo's salary during 2006 through March 15, 2007 was \$160,000 annually. From March 15, 2007 to Mr. Pirollo's resignation, his annual salary was \$180,000. On June 19, 2007, Mr. Pirollo and the Company entered into a Retention Agreement providing for Mr. Pirollo to be paid a lump sum cash payment equal to Mr. Pirollo's then current annual base salary (\$180,000) upon the occurrence of both of the following while Mr. Pirollo was an employee: (a) Louis D. Paolino, Jr. no longer serving as the Company's Chief Executive Officer and (b) an event constituting a change in control of the Company as defined in the Retention Agreement. The Retention Agreement is no longer in effect as Mr. Pirollo is no longer an employee of the Company.

(4) If the Change of Control Payment is made to Mr. Paolino, the Board of Directors may terminate him without any further payment.

(5) If the Company requires Mr. Paolino to perform his duties from an office more than a fifty mile radius from Fort Lauderdale, Florida or changes Mr. Paolino's duties and authority as the Company's Chief Executive Officer, Mr. Paolino may terminate his Employment Agreement, and the Company is then obligated to pay Mr. Paolino 2.99 times Mr. Paolino's average total compensation (base salary plus any bonuses

Grants of Stock Options

The following table sets forth certain information concerning individual grants of stock options to the Named Executive Officers during the fiscal year ended December 31, 2006.

GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	All other Option Awards:		Grant Date
		Number of Securities Underlying Options (#)	Exercise Price of Option Awards per Share	
Louis D. Paolino, Jr.	3/01/2006	150,000	\$ 2.40	\$ 239,385
	8/21/2006	450,000	\$ 2.30	\$ 648,495
Gregory M. Krzemien	3/01/2006	60,000	\$ 2.40	\$ 95,754
Robert M. Kramer	3/01/2006	75,000	\$ 2.40	\$ 119,693
Ronald R. Pirollo	3/01/2006	25,000	\$ 2.40	\$ 39,898

In 2006, Mr. Paolino received two option grants. The Compensation Committee on March 1, 2006 authorized a grant to Mr. Paolino of an option to purchase 150,000 shares of common stock, at an exercise price of \$2.40 per share, the closing price of the Company's common stock on March 1, 2006. The option agreement was dated March 23, 2006, the day the option agreement was physically prepared and delivered. The option for 150,000 shares was awarded to Mr. Paolino for his role in the Company's performance in 2005. The 150,000 option grant vests in three equal installments of 50,000 each on March 23, 2006, March 23, 2007 and March 23, 2008. The option fully vests upon a change of control of the Company. On August 21, 2006, Mr. Paolino received an option to purchase 450,000 shares of common stock at an exercise price of \$2.30 per share. The option grant was based on the competitive total direct compensation in the marketplace. The Black Scholes value of the option grant, plus Mr. Paolino's base salary, was intended to bring Mr. Paolino to an appropriate level for similarly situated executives. The market study prepared by Compensation Resources, Inc. indicated that the 50th percentile for Total Direct Compensation (Cash Compensation plus Equity) was \$1,117,300. The Compensation Committee decided to award Mr. Paolino with the amount of options that would bridge the gap between his \$450,000 cash compensation and the \$1,117,300 total compensation. The option to purchase 450,000 shares was immediately exercisable. The intent was to reward Mr. Paolino for his performance, and provide him with the motivation to stay with the Company and grow the stock price to benefit the shareholders.

On March 1, 2006, the Compensation Committee authorized stock options to Mr. Krzemien, Mr. Kramer and Mr. Pirollo as incentive compensation for their 2005 performance to purchase 60,000, 75,000 and 25,000 shares of common stock, respectively. The options are exercisable at \$2.40 per share, the closing price of the Company's common stock on March 1, 2006, the day on which these options were granted by the Compensation Committee. Although these grants were promptly communicated to the recipient, the option agreements were dated March 23, 2006, the day when they were physically prepared and delivered. The options awarded vested one-third upon issuance, one-third twelve months from issuance and one-third twenty-four months from issuance. The options fully vest upon a change of control.

The following table sets forth certain information regarding stock options held by the Named Executive Officers during the fiscal year ended December 31, 2006, including the number of exercisable and unexercisable stock options as of December 31, 2006 by grant. ADDITIONAL INFORMATION

Certain Relationships and Related Party Transactions

The Company's Security Segment leases manufacturing and office space under a five-year lease with Vermont Mill, Inc. (Vermont Mill). Vermont Mill is controlled by Jon E. Goodrich, a former director and current employee of the Company. In November 2004, the Company exercised an option to continue the lease through November 2009 at a rate of \$10,576 per month. The Company believes that the lease rate is lower than lease rates charged for similar properties in the Bennington, Vermont area. On July 22, 2002, the lease was amended to provide Mace the option and right to cancel the lease with proper notice and a payment equal to six months of the then current rent for the leased space occupied by Mace. Rent expense under this lease was \$127,000 for years ending December 31, 2006 and 2005. On September 29, 2005, Louis Paolino III, the son of the Company's Chief Executive Officer, Louis Paolino, Jr., purchased from the Company a warehouse bay in Hollywood, Florida that is no longer used in the Company's operations for \$306,000 in cash. The Company's Audit Committee authorized the Company on February 14, 2005 to proceed with a sale of the warehouse property to Louis Paolino III for \$306,000. The Company paid \$256,688 for the property in 2003. The warehouse property was appraised by a third party independent appraiser on January 18, 2005 at an estimated market value of \$306,000.

The Company's Audit Committee Charter, Section IV.E.(vi), provides that the Audit Committee annually reviews all existing related party transactions or other conflicts of interest that exist between employees and directors and the Company. The Audit Committee Charter also requires that the Audit Committee review all proposed related party transactions. As provided in Section IV.E.(iv) of the Audit Committee Charter, the Company may not enter into a related party transaction, unless the transaction is first approved of by the Audit Committee. The Audit Committee Charter is in writing and is available for review on the Company's website at www.mace.com. The current members of the Audit Committee are Constantine N. Papadakis, Ph.D., Mark Alsentzer and Burton Segal. When reviewing related party transactions, the Audit Committee considers the benefit to the Company of the transaction and whether the transaction furthers the Company's interest. The decisions of the Audit Committee are set forth in writing in the minutes of the meetings of the Audit Committee.
