Descriptions of transactions involving the issue, sale, pledge, guarantee, or assumption of system securities, including short-term borrowings, have been filed pursuant to Rule 24, with the exception of certain NU guarantees incident to the procurement of surety bonds and the issue of certain securities, as described below.

ITEM 6. OFFICERS AND DIRECTORS (Continued)

Part III. The information provided herein is applicable to all system companies, except as indicated otherwise.

a. The compensation of Trustees, Directors, and Executive Officers of system companies:

i. Compensation of NU Trustees

Each NU Trustee who was not an employee of NU or its subsidiaries was compensated in 2002 and will be compensated in 2003 at an annual rate of \$20,000, and receives \$1,000 for each meeting attended of the Board or its Committees. A non-employee Trustee who participates in a meeting of the Board or any of its Committees by conference telephone receives \$1,000 (\$675 in 2002) per meeting. Also, a non-employee Trustee who is asked by either the Board of Trustees or the Chairman of the Board to perform extra Board-related services in the interest of the Northeast Utilities system may receive additional compensation of \$1,000 per day plus necessary expenses. The Chairs of the Audit, Compensation, Corporate Affairs, Corporate Governance, and Finance Committees of the NU Board of Trustees were compensated at an additional annual rate of \$3,500 in 2002; this rate was raised to \$10,000 and \$5,000, respectively, for the Chairs of the Audit Committee and Compensation Committee, effective in 2003, while the rate for other Committee Chairs remains the same. In addition to the above compensation, Dr. Kennan is paid at the annual rate of \$30,000 for the extra services performed as Lead Trustee. Prior to the dissolution of the Nuclear Committee in December 2002, its Chair received an additional retainer at the rate of \$25,000 per year.

Trustees also received 1,000 common shares of Northeast Utilities in 2002, and 2,000 shares in 2003, subject to any deferral election in effect. Under the terms of the Northeast Utilities Incentive Plan, each non-employee Trustee is also eligible for stock-based grants. During 2002 each such Trustee was granted non-qualified options under the Incentive Plan to purchase 2,500 common shares of Northeast Utilities. Receipt of shares acquired on exercise of these options may be deferred pursuant to the terms of the Northeast Utilities Deferred Compensation Plan for Executives. In March 2003, subject to any deferral election in effect, each non-employee Trustee was granted 1,000 restricted common shares which vest in March 2004.

Prior to the beginning of each calendar year, each non-employee Trustee may irrevocably elect to have all or any portion of their retainers and fees paid in the form of common shares of Northeast Utilities. Pursuant to the Northeast Utilities Deferred Compensation Plan for Trustees, each Trustee may also irrevocably elect to defer receipt of some or all cash and/or share compensation.

ii. Compensation of Subsidiary Directors

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U5S

During 2002 each non-employee Director of PSNH and WMECO was compensated at an annual rate of \$10,000 cash, and received \$500 for each meeting attended of the Board of Directors or, in the case of PSNH, its committees. A non-employee Director who participated in a meeting of the Board of Directors or any of its committees by conference telephone received \$300 per

33

meeting. Also, committee chairs were compensated at an additional annual rate of \$1,500.

iii. Compensation of Executive Officers

In addition, an amount equal to one percent of the outstanding shares as of the end of each year becomes available for issuance under the Incentive Plan the following year. Under the Northeast Utilities Employee Share Purchase Plan II, 7,438,295 additional shares are available for issuance. Each such plan expires in 2008.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Trustees and certain officers of NU and persons who beneficially own more than 10 percent of the outstanding common shares of NU to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Based on review of copies of such forms furnished to NU, or written representations that no Form 5 was required, NU believes that for the year ended December 31, 2002, all such reporting requirements were complied with in a timely manner.

c. Their contracts and transactions with system companies:

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT ARRANGEMENTS

Northeast Utilities has entered into an employment agreement with Mr. Morris and NUSCO has entered into employment agreements with Messrs. Forsgren, Kenyon and Shivery and Mrs. Grise; each of the other named executive officers participates in the Special Severance Program for Officers of Northeast Utilities Companies. The agreements (except for Mr. Shivery's) and the Special Severance Program are also binding on Northeast Utilities and on each majority-owned subsidiary of Northeast Utilities.

41

Each agreement obligates the officer to perform such duties as may be directed by the NUSCO Board of Directors or the Northeast Utilities Board of Trustees, protect the Company's confidential information, and refrain, while employed by the Company and for a period of time thereafter, from competing with the Company in a specified geographic area. Each agreement provides that the officer's base salary will not be reduced below certain levels without the consent of the officer, and that the officer will participate in specified benefits under the Supplemental Executive Retirement Plan or other supplemental retirement programs (see Pension Benefits, below) and/or in certain executive incentive programs at specified incentive opportunity levels.

Each agreement provides for a specified employment term and for automatic one-year extensions of the employment term unless at least six months' notice of non-renewal is given by either party. The employment term may also be ended by the Company for "cause", as defined, at any time (in which case certain supplemental retirement benefits may be forfeited), or by the officer on thirty days' prior written notice for any reason. Absent "cause", the Company may remove the officer from his or her position on sixty days' prior written notice, but in the event the officer is so removed and signs a release of all claims against the Company, the officer will receive one or two years' base salary and annual incentive payments, specified employee welfare and pension benefits, and vesting of stock appreciation rights, options and restricted stock.

Under the terms of the agreements and the Special Severance Program, upon any termination of employment following a change of control, as defined, between (a) the earlier of the date shareholders approve a change of control transaction or a change of control transaction occurs and (b) the earlier of the date, if any, on which the Board of Trustees abandons the transaction or the date two years following the change of control, if the officer signs a release of all

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U5S

claims against the Company, the officer will be entitled to certain payments including a multiple (not to exceed three) of annual base salary, annual incentive payments, specified employee welfare and pension benefits, and vesting of specified long-term incentive compensation. Certain of the change of control provisions may be modified by the Board of Trustees prior to a change of control, on at least two years' notice to the affected officer(s).

Besides the terms described above, the agreements of Messrs. Morris, Forsgren, Kenyon and Shivery provide for a specified salary, cash, restricted stock and/or stock options upon employment, special incentive programs and/or special retirement benefits. See Pension Benefits, below, for further description of these provisions. The agreements of Mr. Forsgren and Mrs. Grise were supplemented during 2001 to provide for special deferred compensation of \$520,000 and \$500,000, respectively, vesting in even installments (adjusted to reflect investment performance) on June 28, 2002, 2003 and 2004, so long as such officer remains in the employ of Northeast Utilities Service Company, and vesting sooner in the event of a change of control of the Company or involuntary termination without cause.

Letter agreements reflecting the terms of employment of Messrs. Butler, Boguslawski, and Olivier provide for specified salary, cash, restricted stock, stock options or other benefits upon employment.

42

The descriptions of the various agreements set forth above are for purpose of disclosure in accordance with the proxy and other disclosure rules of the SEC and shall not be controlling on any party; the actual terms of the agreements themselves determine the rights and obligations of the parties.

d. Their indebtedness to system companies:

No Trustee, Director or executive officer was indebted to a system company during 2002.

e. Their participation in bonus and profit-sharing arrangements and other benefits:

Besides the discussion of compensation in Part III, Section (a) above, see the following:

PENSION BENEFITS

The tables on the following pages show the estimated annual retirement benefits payable to an executive officer of Northeast Utilities upon retirement, assuming that retirement occurs at age 65 and that the officer is at that time not only eligible for a pension benefit under the Northeast Utilities Service Company Retirement Plan (the Retirement Plan) but also eligible for either the make-whole benefit or the make-whole benefit plus the target benefit under the Supplemental Executive Retirement Plan for Officers of Northeast Utilities System Companies (the Supplemental Plan). The Supplemental Plan is a non-qualified pension plan providing supplemental retirement income to system officers. The make-whole benefit under the Supplemental Plan, available to all officers, makes up for benefits lost through application of certain tax code limitations on the benefits that may be provided under the Retirement Plan, and includes as "compensation" awards under the executive incentive plans and deferred compensation (as earned). The target benefit further supplements these benefits and is available to officers at the Senior Vice President level and higher who are selected by the Board of Trustees to participate in the target benefit and who remain in the employ of Northeast Utilities companies until at least age 60 (unless the Board of Trustees sets an earlier age).

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U5S

Mr. Morris's Employment Agreement provides that upon retirement (or upon disability or termination or following a change of control, as defined) he will be entitled to receive a special retirement benefit calculated by applying the benefit formula of the CMS Energy/Consumers Energy Company (CMS) Supplemental Executive Retirement Plan to all compensation earned from the Company and to all service rendered to the Company and CMS. If Mr. Morris retires after age 60, his special retirement benefit will be no less than that which he would have received had he been eligible for a make-whole benefit plus a target benefit under the Supplemental Plan.

Mr. Forsgren, Mrs. Grise and Mr. Shivery are currently eligible for a make-whole plus a target benefit. Messrs. Butler, Olivier and Long and Mrs. Kuhlman are eligible for the make-whole benefit but not the target benefit.

Mr. Forsgren's Employment Agreement provides for supplemental pension benefits based on crediting up to ten years additional service and providing payments equal to 25 percent of final average compensation (not to exceed 170 percent of highest average base compensation received in any 36 month period)

43

for up to 15 years following retirement, reduced by four percentage points for each year that his age is less than 65 years at retirement. In addition, if Mr. Forsgren retires after age 58, he will be eligible for a make-whole plus a target benefit under the Supplemental Plan based on crediting three extra years of service, unreduced for early commencement.

Mr. Kenyon's Employment Agreement provided for specially calculated retirement benefits, based on his previous arrangement with South Carolina Electric and Gas, which supplement his make-whole benefit under the Supplemental Plan. In addition, because Mr. Kenyon retired at the end of 2002 with at least three years of service with the Company, he received two extra years of service for purpose of his special retirement benefit. Because he voluntarily terminated employment after achieving three years of service, following a "substantial change in responsibilities resulting from a material change in the business of Northeast Utilities", the termination of the Company's responsibility to operate Seabrook Station, he received an additional year of service for the purpose of his special retirement benefit. Because he retired with at least three years of service with the Company, he received a lump sum payment of \$500,000.

Mr. Shivery's Employment Agreement provides for a special retirement benefit, following completion of five years of service with the Company, consisting of the excess over benefits otherwise payable from the Retirement Plan and the Supplemental Plan needed to give him the equivalent of fully-vested benefits under the Retirement Plan and the Supplemental Plan calculated by adding three additional years to his actual service and utilizing an early commencement reduction factor of 2 percent per year for each year younger than age 65 at commencement, if better than the factors then in use under the Retirement Plan.

The benefits presented in the tables above are based on a straight life annuity beginning at age 65 and do not take into account any reduction for joint and survivorship annuity payments. Final average compensation for purposes of calculating the target benefit is the highest average annual compensation of the participant during any 36 consecutive months compensation was earned. Final average compensation for purposes of calculating the make-whole benefit is the highest average annual compensation of the participant during any 60 consecutive months compensation was earned. Compensation for these benefits includes the

annual salary and bonus shown in the Summary Compensation Table and, for officers hired before November 1, 2001, an amount that represents the annual value of long term incentive compensation. Compensation for purposes of these benefits does not include employer matching contributions under the 401k Plan.

Edgar Filing: NORTHEAST UTILITIES SYSTEM - Form U5S

In the event that an officer's employment terminates because of disability, the retirement benefits shown above would be offset by the amount of any disability benefits payable to the recipient that are attributable to contributions made by Northeast Utilities and its subsidiaries under long term disability plans and policies.

Mr. Morris is not eligible to participate in the Supplemental Plan, but he does participate in the Retirement Plan. The amount of his annual compensation covered by the Retirement Plan was limited by the IRS to \$200,000 for 2002. The compensation covered by the Supplemental Plan in 2002 for Mr. Forsgren, Mr. Kenyon, Mrs. Grise, Mr. Shivery, Mr. Butler, Mr. Olivier, Mr. Long, and Mrs. Kuhlman was \$933,084, \$622,782, \$826,155, \$506,731, \$307,699, \$484,360, \$270,840, and \$258,191, respectively.

As of December 31, 2002, the executive officers named in the Summary Compensation Table had approximately the following years of credited service for purposes of the Supplemental Plan: Mr. Kenyon - 8, Mr. Forsgren - 6, Mrs. Grise - 22, Mr. Shivery - 0, Mr. Butler - 6, Mr. Olivier - 4, Mr. Long - 27, and Mrs. Kuhlman - 22. Mr. Morris had 24 years of service for purpose of his special retirement benefit. In addition, Mr. Forsgren had 12 years of service for purposes of his supplemental pension benefit and would have 25 years of service for such purpose if he were to retire at age 65.
