Forward-Looking Statements

This Form 10-K/A contains forward-looking statements regarding the outlook for dry cargo markets, and the Company's prospects. There are a number of factors, risks and uncertainties that could cause actual results to differ from the expectations reflected in these forward-looking statements, including changes in production of or demand for major and minor bulk commodities, either globally or in particular regions; greater than anticipated levels of vessel newbuilding orders or less than anticipated rates of scrapping of older vessels; changes in trading patterns for particular commodities significantly impacting overall tonnage requirements; changes in the rates of growth of the world and various regional economies; risks incident to vessel operation, including discharge of pollutants; unanticipated changes in laws and regulations; increases in costs of operation; the availability to the Company of suitable vessels for acquisition or chartering-in on terms it deems favorable; the ability to attract and retain customers; and the performance of our contract counterparties. This Form 10-K/A also includes statistical data regarding world dry bulk fleet and orderbook and fleet age. We generated some of these data internally, and some were obtained from independent industry publications and reports that we believe to be reliable sources. We have not independently verified these data nor sought the consent of any organizations to refer to their reports in this annual report on Form 10-K/A. The Company assumes no obligation to update or revise any forward-looking statements. Forward-looking statements in this Form 10-K/A and written and oral forward-looking statements attributable to the Company or its representatives after the date of this Form 10-K/A are qualified in their entirety by the cautionary statement contained in this paragraph and in other reports hereafter filed by the Company with the Securities and Exchange Commission (the "SEC").

EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (this "Amendment") amends the Annual Report on Form 10-K of Eagle Bulk Shipping Inc. (the "Company", "we", "our" or "us") for the year ended December 31, 2014 that was originally filed with the SEC on April 2, 2015 (the "Original Filing") and is being filed to provide the information required by Items 10, 11, 12, 13, and 14 of Part III. This information was previously omitted from the Original Filing in reliance on General Instruction G(3) to Form 10-K, which permits the information in the above referenced items to be incorporated in the Form 10-K by reference from a definitive proxy statement if such statement is filed no later than 120 days after our fiscal year end. We are filing this Amendment to include Part III information in our Form 10-K because we do not expect to file a definitive proxy statement containing this information before that date. The reference on the cover of the Original Filing to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Filing has been deleted.

In addition, pursuant to the rules of the SEC, Item 15 of Part IV has been amended to include the currently dated certifications of our principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. The certifications of our principal executive officer and principal financial officer are filed with this Form 10-K/A as Exhibits 31.1 and 31.2 hereto. Because no financial statements have been included in this Form 10-K/A and this Form 10-K/A does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. We are not including the certificate under Section 906 of the Sarbanes-Oxley Act of 2002 as no financial statements are being filed with this Form 10-K/A.

This Amendment does not amend or otherwise update any other information in the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and with our filings with the SEC subsequent to the Original Filing.

Nomination of Directors

Nominees for our Board of Directors are selected by the Board of Directors based upon the recommendation of the Nominating and Governance Committee in accordance with the policies and principles set forth in the Committee's charter and our corporate governance guidelines. Shareholders may recommend qualified persons for consideration by the Nominating and Governance Committee. The Nominating and Governance Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder. Shareholders making a recommendation must submit the same information as that required to be included by the Company in its proxy statement with respect to nominees of the Board of Directors. How Our Compensation Decisions Are Made

Role of the Board of Directors and Compensation Committee

The Company's executive compensation is determined by the Company's Compensation Committee. Although not required under the Compensation Committee's charter, the Company's executive compensation for 2014 has been ratified by the unanimous consent of the Company's full Board of Directors.

Our Board of Directors is responsible for establishing and administering our executive compensation and equity incentive programs. This duty of the Board of Directors has been delegated to the Compensation Committee in accordance with the Compensation Committee's charter. The Compensation Committee reviews executive performance to establish compensation and approves appropriate modifications to the named executive officers' compensation. The Committee evaluates and recommends, for approval by the Board of Directors, the annual compensation of the non-employee directors and oversees the equity compensation plans in accordance with Marshall Islands law.

Role of Management

The Compensation Committee has sole authority to establish annual compensation for the Company's named executive officers, and none of the named executive officers determines his own pay.

Code of Ethics

The Company's Code of Ethics, which applies to our Directors, executive officers and employees, is available on our website at www.eagleships.com, and copies are available in print upon request to Eagle Bulk Shipping Inc., 477 Madison Avenue, Suite 1405, New York, New York 10022. The Company intends to satisfy any disclosure requirements regarding any amendment to, or waiver from, a provision of this Code of Ethics by posting such information on the Company's website within four business days after such amendment or waiver.

Communications with the Board of Directors

Shareholders and other interested parties may communicate with members of the Board of Directors, including reporting any concerns related to governance, corporate conduct, business ethics, financial practices, legal issues and accounting or audit matters in writing addressed to the Board of Directors, or any such individual Directors or group or committee of Directors by either name or title in care of: Secretary of Eagle Bulk Shipping Inc., 477 Madison Avenue, Suite 1405, New York, New York 10022.

All communications received as set forth above will be opened by the office of our Secretary for the sole purpose of determining whether the contents represent a message to our Directors. Materials that are unrelated to the duties and responsibilities of the Board of Directors, such as solicitations, résumés and other forms of job inquiries, surveys and individual customer complaints, or materials that are unduly hostile, threatening, illegal or similarly unsuitable will not be distributed, but will be made available upon request to the Board of Directors, a committee of the Board of Directors or individual Directors as appropriate, depending on the facts and circumstances outlined in the communication.

Board Leadership Structure

As noted above, our Board is currently comprised of five independent and one non-independent director. We recognize that different Board leadership structures may be appropriate for the Company during different periods of time and under different circumstances. We believe that our current Board leadership structure is suitable for us because it allows us to consider a broad range of opinions in the course of our Board deliberations, including those with knowledge of the Company's day-to-day operations and business strategy, as well as those with an experienced independent viewpoint.

Our Board has determined that the Company should maintain separate roles for our Chairman of the Board of Directors and Chief Executive Officer. We believe this leadership structure is currently in the best interests of the Company and our stockholders, is appropriate given the particular expertise and strengths of our Chairman and Chief Executive Officer, and allows the individuals to focus on their primary roles. We separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles. Our Chief Executive Officer has the general responsibility for implementing the policies of the Company and for the management of the day-to-day business and affairs of the Company. Our Chairman has been closely involved with the Company since its emergence from bankruptcy. Given his unique knowledge, experience and relationship with the Board, we believe his continued service as Chairman provides significant value to the Company and its shareholders, and that it is beneficial for our Chairman to lead our Board members as they provide leadership to our management team. In addition, our Chairman contributes significantly to developing and implementing our strategy; facilitating communication among the directors; developing Board meeting agendas in consultation with management; and presiding at Board and shareholder meetings. We believe that having a separate Chairman creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board of Directors to monitor whether management's actions are in the best interests of the Company and our stockholders. As a result, we believe that having a separate Chairman can enhance the effectiveness of the Board of Directors as a whole.

Our corporate governance guidelines provide the flexibility for our Board to modify or continue our leadership structure in the future, as it deems appropriate.

The Role of the Board of Directors in Risk Oversight

Senior management is responsible for assessing and managing the Company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. The Company has developed a consistent, systemic and integrated approach to risk management to help determine how best to identify, manage and mitigate significant risks throughout the Company.

The Board is responsible for overseeing management in the execution of its responsibilities, including assessing the Company's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and also through three of its committees, each of which examines various components of enterprise risk as part of its responsibilities. The Audit Committee has primary responsibility for addressing risks relating to financial matters, particularly financial reporting, accounting practices and policies, disclosure controls and procedures and internal control over financial reporting. The Nominating and Governance Committee oversees risks associated with the independence of the Board and succession planning. The Compensation Committee has primary responsibility for risks and exposures associated with the Company's compensation policies, plans and practices, regarding both executive compensation and the compensation structure generally, including whether it provides appropriate incentives that do not encourage excessive risk taking.

An overall review of risk is inherent in the Board's evaluation of the Company's long-term strategies and other matters presented to the Board. The Board's role in risk oversight of the Company is consistent with the Company's leadership structure; the CEO and other members of senior management are responsible for assessing and managing the Company's risk exposure, and the Board and its committees provide oversight in connection with those efforts.

Executive Sessions

Consistent with our corporate governance guidelines, the non-employee directors of the Board of Directors regularly hold executive sessions. The Audit Committee, in accordance with its charter, meets separately with our executives at regular intervals or as otherwise deemed appropriate throughout the year to review our financial affairs, and meets separately in sessions with the independent auditors at such times as the Audit Committee deems appropriate to fulfill its responsibilities under its charter. The independent directors met in executive sessions five times during 2014.

EXECUTIVE OFFICERS

Our named executive officers are:

On October 15, 2014, we entered into an amended employment agreement with Sophocles N. Zoullas pursuant to which Mr. Zoullas served as our Chief Executive Officer through his resignation which was effective as of March 9, 2015. The agreement had an initial term of five years; however, commencing on the third anniversary of the date thereof and each anniversary thereafter, the agreement automatically extended for additional one-year terms unless, not later than 90 days prior to any such anniversary, either party thereto notifies the other party that such extension shall not take effect. Under the agreement, either our Chief Executive Officer or we were permitted to terminate the employment agreement for any reason on 30 days' written prior notice. We were also permitted to terminate our Chief Executive Officer's employment at any time for cause. On February 19, 2015, Mr. Zoullas delivered written notice (the "Notice") to the Company purporting to be a Notice of Termination for Good Reason pursuant to the employment agreement. The Notice was the first correspondence received by the Company claiming that events or circumstances constituting Good Reason for Mr. Zoullas to terminate his employment under the employment Agreement had occurred. Effective March 9, 2015, Mr. Zoullas resigned from all positions that he holds or has ever held with the Company and its subsidiaries, including, without limitation, as a member of the Board. In connection with Mr. Zoullas's resignation, on March 9, 2015, the Company, a subsidiary of the Company and Mr. Zoullas entered into a Separation Agreement and General Release (the "Separation Agreement") that, subject to certain terms and conditions with respect to clauses (ii) and (iii) below, among other things, provides Mr. Zoullas with (i) a lump sum payment consisting of all unpaid salary and accrued unused vacation pay, (ii) the vesting of 270,270 restricted shares of common stock of the Company previously granted to Mr. Zoullas pursuant to a Restricted Stock Award Agreement, dated as of October 15, 2014, and the Company's 2014 Equity Incentive Plan and (iii) the Company's waiver of Mr. Zoullas's obligations pursuant to the covenant related to non-competition set forth in his employment agreement. Any and all other equity awards previously granted by the Company to Mr. Zoullas, including, without limitation, pursuant to those certain Option Award Agreements, dated as of October 15, 2014, between the Company and Mr. Zoullas shall be canceled without consideration pursuant to the Separation Agreement. Additionally, the employment agreement was terminated effective March 9, 2015 in accordance with the Separation Agreement and subject to the survival of certain provisions of the employment agreement (including the covenant related to non-solicitation set forth in the employment agreement). The Separation Agreement also includes mutual general releases and a covenant related to mutual non-disparagement.

The employment agreement provided for a gross-up for any excise taxes under Section 4999 of the Code imposed on excess parachute payments which may become payable to Mr. Zoullas, whether such payments arise with respect to accelerated vesting of the restricted stock units or under other plans or agreements.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

Related Person Transaction Approval Policy

It is the Company's policy to enter into or ratify "Related Person Transactions" only when the Board of Directors, acting through the Audit Committee or another independent committee established by the Board of Directors, determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of the Company and its shareholders. A "Related Person Transaction" is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company is, was or will be a participant and the amount involved exceeds the lesser of \$120,000 or 1% of the average of our total assets at year end for fiscal years 2014 and 2013, and in which any "Related Person" (as defined in relevant SEC rules) had, has or will have a direct or indirect material interest. A Related Person Transaction includes, but is not limited to, situations where the Company may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the Company provides products or services to Related Persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally. The transactions discussed below were entered into in accordance with the terms of the Company's Related Persons Transactions policy.

Delphin Management Agreement

On August 4, 2009, the Company entered into a management agreement (the "Management Agreement") with Delphin Shipping LLC ("Delphin"), a Marshall Islands limited liability company affiliated with Kelso Investment Associates VII, KEP VI, LLC and the Company's former Chief Executive Officer, Sophocles Zoullas. Pursuant to the Management Agreement, the Company contracted to provide commercial and technical supervisory management services for Delphin vessels for a monthly fee of \$15,834 for the first 10 vessels, \$11,667 for the second 10 vessels and \$8,750 for the third 10 vessels. Construction of the first vessel commenced in December 2010. On the Effective Date, the Management Agreement was amended and restated (as so amended and restated, the "Amended Management Agreement"). Under the Amended Management Agreement, the technical management fee shall be \$700 per vessel per day. The commercial management fee shall be 1.25% of charter hire; *provided, however*, that no commercial management fee shall be payable with respect to charter hire that is earned while a vessel is a member of a pool and with respect to which a fee is paid to the pool manager.

For the predecessor Company for the period from January 1 to October 15, 2014, total management fees amounted to \$1,722,973 and, for the years ended December 31, 2013 and 2012, total management fees amounted to \$2,180,088 and \$2,180,088, respectively. The advanced balance received from Delphin on account for the management of its vessels as of October 15, 2014 amounted to \$2,263,594 and for year ended December 31, 2013 amounted to \$457,440. The total reimbursable expenses for the period from January 1 to October 15, 2014 amounted to \$203,097. The balance due from Delphin as of October 15, 2014 amounted to \$101,224. The balance due mainly consisted of

reimbursable expenses.

For the successor Company for the period from October 16 to December 31, 2014, total management fees amounted to \$402,661. The advanced balance received from Delphin on account for the management of its vessels as of December 31, 2014 amounted to \$1,180,098. The total reimbursable expenses for the period from October 16 to December 31, 2014 amounted to \$27,115. The balance due from Delphin as of December 31, 2014 amounted to \$16,634. The balance due mainly consisted of management fees, administrative service fees and other reimbursable expenses.

The Amended Management Agreement contains an acknowledgement that the Company may have a conflict in pursuing charter opportunities for Delphin's vessels and provides a means for dealing with such conflict. The initial term of the Amended Management Agreement is one year from the Effective Date. The Amended Management Agreement is thereafter renewable for successive one year terms at the option of Delphin. The Amended Management Agreement also contains certain termination events in favor of Delphin and the Company.

Registration Rights Agreement

On the Effective Date, and in accordance with the Plan, the Company and certain of its shareholders, including funds related to or managed by Brigade Capital Management, LP, Davidson Kempner Capital Management LP, Oaktree Capital Management, L.P. and Canyon Capital Advisors LLC, entered into a registration rights agreement. The registration rights agreement provides the shareholders party thereto with demand and piggyback registration rights with respect to certain securities of the Company held by them.

New Eagle Equity Warrant Agreement

On the Effective Date, and in accordance with the Plan, the New Eagle Equity Warrants were issued pursuant to the terms of a warrant agreement (the “Warrant Agreement”). Each New Eagle Equity Warrant has a 7-year term (commencing on the Effective Date) and is exercisable for one share of New Eagle Common Stock (subject to adjustment as set forth in the Warrant Agreement). The New Eagle Equity Warrants are exercisable at an exercise price of \$27.82 per share (subject to adjustment as set forth in the Warrant Agreement). The Warrant Agreement contains customary anti-dilution adjustments in the event of any stock split, reverse stock split, stock dividend, reclassification, dividend or other distributions (including, but not limited to, cash dividends), or business combination transaction.

The New Eagle Equity Warrants were distributed to holders of the old equity interests of the predecessor Company (other than the consenting lenders on account of amended lender warrants or shares received upon conversion of the amended lender warrants), which were cancelled as of the Effective Date. Equity interests of the Company issued to directors, officers and employees of the Company under compensatory plans that were unvested as of the Effective Date were deemed vested automatically on the Effective Date, so that all New Eagle Equity Warrants received in exchange therefor were deemed vested.

Director Independence

Please see the disclosure under “Item 10. Directors, Executive Officers and Corporate Governance—Director Independence.”

Item 14. *Principal Accountant Fees and Services*

As outlined in the table below, we incurred the following fees for the fiscal years ended December 31, 2014 and 2013, for professional services rendered by PricewaterhouseCoopers LLP (“PwC”) for the audit of the Company's annual financial statements and for audit-related services, tax services and all other services, as applicable.

Type of Fees	2014	2013
Audit Fees	\$1,322,500	\$755,600
Tax Fees	\$33,000	\$29,500
Total	\$1,355,500	\$785,100

Audit fees for fiscal years 2014 and 2013 include professional services rendered by PwC for the integrated audit of the company's consolidated financial statements and the company's internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002, for review of the company's interim consolidated quarterly financial statements included in the company's quarterly reports on Form 10-Q, services that are normally provided by PwC in connection with regulatory filings in 2014 and 2013 and services that related with fresh start accounting in 2014.

Tax fees for fiscal years 2014 and 2013 related to tax planning and tax compliance services.

Pre-Approval Policy for Services Performed by Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the Company's independent auditor. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor. The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Audit Committee must give prior approval for any amount or type of service within four categories: audit, audit-related, tax services or, to the extent permitted by law, other services that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.
