DIRECTOR INDEPENDENCE

All non-management members of the Company's Board of Directors are independent, in accordance with the rules of the New York Stock Exchange (the NYSE) and the Company's more stringent Director Independence Standards. The Board affirmatively has determined that the Company's non-management Directors and Director nominees, Diana F. Cantor, Royal W. Carson, III, H.C. Charles Diao, Dennis J. FitzSimons, Soohyung Kim, Douglas W. McCormick, John R. Muse, Wyndham Robertson, and Thomas J. Sullivan are independent and have no relationship with the Company that would interfere with their exercise of independent judgment in carrying out the responsibilities of a Director. In making this determination with respect to Soohyung Kim, the Board considered that Mr. Kim is the Chief Executive Officer and the Chief Investment Officer of Standard General, L.P. (Standard General), which exercises voting and investment control over approximately 5.9% of the outstanding shares of the Voting Common Stock of the Company that are held by investment funds for which Standard General serves as investment manager. In making this determination with respect to Thomas J. Sullivan, the Board considered that Mr. Sullivan was the Executive Chairman of Young until it merged with the Company in November 2013, was Young's Chief Financial Officer in 2012 and continued to receive severance payments until November 2014 (not conditioned on his continued service as a Director of the Company) in respect of his prior service as Young's Executive Chairman. In making this determination with respect to John R. Muse, the Board considered that Mr. Muse, a former director of LIN Media who joined the Board in December 2014 in connection with the Company's merger with LIN Media, is the Chairman of Kainos Capital, LLC, successor to Hicks, Muse & Co., and has shared voting and dispositive power with respect to approximately 9.0% of the outstanding shares of the Voting Common Stock of the Company that are held by investment funds for which Kainos Capital serves as investment manager. In making this determination with respect to Douglas W. McCormick, the Board considered that Mr. McCormick is on the Board of Directors of Everyday Health Media, LLC, which entered into a 30 day cross-promotional agreement with a subsidiary of Media General, a transaction that qualified as a related party transaction in December of 2015. The Audit Committee reviewed and approved the transaction beforehand pursuant to the applicable Policy and Procedures with Respect to Related Person Transactions. The Company's Director Independence Standards are available at the Company website, www.mediageneral.com.

THE BOARD AND ITS COMMITTEES

The Chairman of the Board of Directors historically presided over the meetings of the Board and, as described in the Company's Principles of Corporate Governance, established the agenda for each meeting. Senior management, led by the Chief Executive Officer, is responsible for conducting the day-to-day operations of the Company and keeping the Board informed of the status of the Company's operations. In adopting this leadership structure, the Board additionally has determined that the Board and the Company are best managed by separating the roles of the Chairman and the Chief Executive Officer. On January 23, 2016, J. Stewart Bryan III, the Chairman of Media General, passed away following many years of dedicated service to the Company, and the Board has determined not to elect a new Chairman at this time. Instead, Dennis J. FitzSimons has been selected to preside over meetings of the Board.

The Board of Directors held sixteen (16) meetings during 2015. The Company's non-management Directors meet regularly in executive session. The presiding position at these executive sessions is rotated among the chairs of the Audit, Compensation, Nominating & Governance and Finance Committees, a practice the Board believes is more advantageous than having a single "presiding director." All Directors attended, during the period in which they were members of the Board during 2015, 75% or more of the meetings of the Board and the Board committees on which they served.

The standing committees of the Board of Directors are the Audit Committee, the Compensation Committee, the Finance Committee and the Nominating & Governance Committee. Each of these Committees, with the exception of the Finance Committee, has a written charter, which is available at the Company's website, www.mediageneral.com.

The **Audit Committee** consists of Mrs. Cantor, as Chairman of the Committee, and Messrs. Diao and FitzSimons, each of whom is independent under the rules of the NYSE and the Securities and Exchange Commission. As discussed more fully below, each member of the Committee also is an "audit committee financial expert." This Committee has been established in accordance with the rules of the NYSE and the Securities Exchange Act of 1934 (Exchange Act) and oversees the audit function of the Company with regard to its internal auditors and its independent registered public accounting firm. The Committee meets with these internal and independent auditors, has sole authority to retain and terminate the Company's independent auditors and reviews all quarterly and annual SEC filings made by the Company. The Audit Committee met eight (8) times during 2015.

The **Compensation Committee** consists of Miss Robertson and Messrs. Carson, FitzSimons, and Kim. Mr. FitzSimons is Chairman of the Committee. All of the members of the Committee are independent under the rules of the NYSE, taking into account the additional factors required to be considered under the NYSE rules with respect to such members. The Committee has general responsibility for employee compensation and makes recommendations to the Board with respect to the compensation of all Directors, officers and other key executives, including incentive compensation plans and equity-based plans. The Committee receives recommendations from the Chief Executive Officer, and it receives reports and recommendations from the compensation consultants it has retained directly on

both short-term and long-term executive and director compensation matters. The Committee has the sole authority to retain, terminate and fix the compensation of any advisor it deems appropriate to assist it in the fulfillment of its responsibilities. In 2015, the Committee selected and directly retained the services of Pearl Meyer & Partners, LLC (Pearl Meyer), an independent executive compensation consulting firm. Pearl Meyer does not provide any other services to the Company and works with the Company's management only on matters at the direction and under the supervision of the Compensation Committee. The Committee has assessed the independence of Pearl Meyer pursuant to SEC rules and concluded that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant to the Compensation Committee. The Compensation Committee periodically seeks input from Pearl Meyer on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. Pearl Meyer also provides general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for the named executive officers. The Compensation Committee met nine (9) times during 2015.

The **Finance Committee** consists of Messrs. Diao, Kim, Muse and Sullivan. Mr. Kim is the Chairman of the Committee. The Committee has general responsibility and oversight of certain financial affairs and policies of the Company, including such matters as the capital structure of the Company, dividends, external financing, investment and debt policies and complex financial transactions, including potential mergers, acquisitions or divestitures of the Company and its subsidiaries and their assets. The Finance Committee met thirteen (13) times during 2015.

The **Nominating & Governance Committee** consists of Mrs. Cantor, Miss Robertson and Messrs. Diao, Kim and McCormick. Mr. Diao is Chairman of the Committee. All of the members of the Committee are independent under the rules of the NYSE. The Committee assists the Board with the identification and consideration of, and recommends to the Board, candidates qualified to become nominees for election as Directors of the Company. The Committee additionally is responsible for developing policies and practices relating to corporate governance, including the Company's Principles of Corporate Governance and its Code of Business Conduct and Ethics. The Nominating & Governance Committee met three (3) times during 2015.

Compensation Risk

The primary components of compensation of the Company's employees are base salary, sales commissions, annual incentives and long-term incentives. The Company believes that none of these compensation components encourages excessive risk-taking. Accordingly, the Company does not believe that its compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

The Board's Role in Risk Oversight

The Board of Directors receives regular reports from the Chief Executive Officer and members of senior management on operational, financial, legal and regulatory issues and risks. The Audit Committee of the Board additionally is charged under its Charter with oversight of financial risk, including the Company's internal controls, and it receives regular reports from management, the Company's internal auditors and the Company's independent auditors. In addition, the Audit Committee receives each year from management a comprehensive risk assessment covering both financial and operational risk. Whenever a Committee of the Board receives a report involving risk identification, risk management or risk mitigation, the Chairman of the Committee reports on that discussion, as appropriate, to the full Board during the next Board meeting.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion & Analysis

Introduction

This Compensation Discussion & Analysis (CD&A) provides an overview of our executive compensation program and fiscal 2015 pay determination for our named executive officers (NEOs), who are listed below:

<u>Name</u>	<u>Title</u>
Vincent L. Sadusky	President and Chief Executive Officer
James F. Woodward	Senior Vice President and Chief Financial Officer
Deborah A. McDermott	Senior Vice President and Chief Operating Officer
Andrew C. Carington	Vice President, General Counsel and Secretary
Robert S. Richter	Former Senior Vice President and Chief Digital Officer

Mr. Richter's employment with the Company terminated effective as of February 1, 2016. Mr. Richter received severance payouts based on his employment agreement and related separation agreement as further described in "Former Named Executive Officer" on page 19 below.

As part of our ongoing effort to enhance shareholder communications, our CD&A consists of the following three sections:

Section I: Executive Summary: 2015 in Review

Section II: Overview of the Executive Compensation Program

Section III: Details and Analysis of the 2015 Executive Compensation Program

Section I: Executive Summary: 2015 in Review

In this Executive Summary, we discuss a number of significant changes in 2015, including the following subjects:

Another Year of Transition – Following the December 19, 2014 merger with LIN Media, which created one of the nation’s largest local media companies, 2015 included significant transition as the Company integrated the operations of the two businesses. The Company also negotiated a strategic transaction with Nexstar Broadcasting Group, Inc. (Nexstar) culminating in a merger agreement signed on January 27, 2016.

Pay Outcomes – Pay outcomes for our NEOs for 2015 were less discretionary and more directly tied to the performance of the Company than in 2014. In addition, we made equity grants which were tied to both financial performance metrics and continued service.

Our Board of Directors strongly believes in improving both financial results and shareholder returns. As such, the Board is supporting management’s ongoing business strategies for realizing such objectives. During 2015, the Compensation Committee developed and implemented an executive compensation philosophy and related programs designed to support and drive the business strategies in a manner beneficial to all stockholders.

Another Year of Transition

The significant transformation of Media General continued in 2015 and included the following major milestones for the Company:

successful integration with LIN Media, with the combined company owning, operating or providing services to 71 television stations in 48 markets reaching 23% of U.S. TV households;

maintenance of a strong balance sheet, significant cash flow and ownership of top-ranked stations in attractive markets along with industry-leading news and digital operations;

realization of significant immediate synergies with more than \$70 million in expected annual run-rate synergies by the end of 2018; and

improved position to further participate in the consolidation of the television broadcasting industry.

In addition to the milestones above, 2015 was an important year of transition for our executive pay programs, including the integration of executive pay programs from Young, LIN Media and Media General. The Committee reevaluated its compensation philosophy and incentive programs during 2015 in light of the new opportunities presented by the continuing transformation of Media General, all in an effort to sharpen its focus on shareholder return.

Pay Outcomes

With respect to fiscal 2015, our Committee made the following pay decisions with respect to NEOs, which generally reflect the Committee's focus on pay for performance:

Salaries for most NEOs remained the same in 2015 as in 2014. The Committee reviewed the CEO's base salary and determined an adjustment would be appropriate due to his performance, especially in light of his leadership during a period of significant transition. In February, 2015, the Committee recommended and the Board approved an increase in Mr. Sadusky's annual salary to \$900,000. In addition, the Board approved an increase to Mr. Sadusky's 2015 annual target bonus to \$1,125,000. Target bonuses for other NEOs were maintained at the same levels as in 2014.

Annual incentive payouts for 2015 were based upon both performance metrics and discretionary components and were made at levels that reflected the Company's financial performance and other criteria in 2015 as follows:

For Mr. Carington and Mrs. McDermott, annual incentive payouts were above target based on incentive plan guidelines and discretionary adjustments approved by the Committee and the Board of Directors. Achievement of budgeted financial objectives against the below performance scale accounted for 60% of their bonus targets, and Mr. Carington and Mrs. McDermott achieved 34.5% and 121%, respectively, of the portion of their bonus tied to budgeted financial objectives.

Messrs. Sadusky, Woodward and Richter's annual incentive payouts were below target, based largely on the failure to meet budgeted financial objectives due to the underperformance of our digital operations. Achievement of these budgeted financial objectives against the above performance scale accounted for 60% of their bonus targets, and Messrs. Sadusky, Woodward and Richter achieved 34.5%, 34.5% and 0%, respectively, of the portion of their bonus tied to budgeted financial objectives.

Equity incentives were granted by the Committee to key executives in 2015. These awards were comprised of two components: performance-based restricted stock units (P-RSUs) tied to financial targets representing 75% of the total award value, and time-based restricted stock units (T-RSUs) representing the remaining 25% of the total award value.

Looking Forward

Our Committee examined all of the executive pay programs from each legacy company during 2015 and strongly focused on ensuring the compensation program has a robust pay-for-performance orientation. The Committee used the following pay philosophies as the basis for its decisions:

Salary increases were considered in the context of the achievement of budgeted financial objectives and/or an increase in overall responsibilities.

Annual incentives for the NEOs were tied to the achievement of financial and individual objectives.

Long-term incentives are mostly performance-based.

Retention objectives are met primarily through individual components of the compensation programs.

Most executive perquisites have been or will be eliminated over time.

Section II: Overview of the Executive Compensation Program

Compensation Philosophy and Objectives

Historically, our compensation philosophy was designed to support and reinforce the achievement of key operating and strategic goals. The philosophy was applied consistently to the NEOs identified in the Summary Compensation Table.

Media General's executive compensation programs were designed to:

align the interests of the individual with those of shareholders; and

link individual performance with compensation opportunities.

These elements were intended to motivate the executives, and the Committee believes a tightly administered compensation system that rewards appropriate performance is a constructive way to grow shareholder value and attract and retain talented personnel.

As noted above, in 2015, our Committee continued a pay philosophy that is more directly based on pay-for-performance, which manifests itself in both the design of the programs and the method by which they are administered on a year-by-year basis. For 2015, our Committee focused on providing annual incentives that, in its judgment, were directionally correct for the performance achieved in the context of a fiscal year during which Media General and LIN Media were integrated.

Primary Components of the Executive Compensation Program

For 2015, our executive compensation program included the following major components designed to achieve the purposes and objectives indicated:

Component	Purpose/Objective	Performance Linkage	Form of Payout
Salaries	Provide a fixed, competitive level of pay based on responsibility, qualifications, experience and performance.	Moderate; merit increases are based on a combination of Company performance, experience, market pay levels and internal pay equity.	Cash.
Annual Incentives	Align annual incentives with annual performance based on attainment of budgeted financial objectives (60%) and attainment of individual performance goals (40%).	Strong; no awards are paid for performance below a defined threshold.	Cash.
Long-Term Incentives	Align long-term incentives with longer-term financial performance and shareholder value creation, enhance executive retention and provide an equity interest to further align executive and shareholder interests.	Strong; outstanding prior awards continued to provide financial performance linkage.	Cash or equity-based instruments; most of the 2015 awards (75%) are earned for financial performance, and only 25% of the awards are earned for continued service.
Retirement and Other Benefits	Provide for competitive health, welfare and retirement needs to further enhance executive retention. Our NEOs are also eligible for certain perquisites to enhance retention.	Limited.	Retirement benefits are paid in cash following a qualifying separation from service.

The Committee and its Role in Determining Executive Pay

Our Committee is responsible for the design and oversight of our executive compensation programs covering the NEOs. Each of the Committee members is independent, as defined by the rules of the New York Stock Exchange. The Committee makes policy and strategic recommendations to the Board and has authority delegated from the Board to:

make recommendations to the Board with respect to executive pay decisions;

design and recommend to the Board the salary, incentive pay and benefit programs for the NEOs; and

oversee the Company's equity incentive plans.

The Committee met nine (9) times in 2015, and in three (3) of those meetings, the Committee met in executive session during which management was not present. Most compensation decisions are finalized in the first and fourth quarter of each fiscal year. The Committee Charter, which sets forth the Committee's responsibilities on a more comprehensive basis, is available under the "Corporate Governance" tab at www.mediageneral.com and is reviewed on an annual basis to ensure it continues to satisfy changing corporate governance requirements and expectations.

To ensure it is making fully informed compensation determinations, the Committee reviews, considers and relies on various sources of information and materials. Without limitation, the Committee generally (i) considers market information and advice provided by its independent compensation consultant and other advisors; (ii) reviews financial and company performance materials such as budgets, financial statements, management reports of our business activities and individual performance assessments; (iii) considers factors such as the experience, skill sets and contributions of each NEO to our overall success; (iv) receives input from the CEO with respect to salaries, incentives and total pay for the NEOs other than the CEO; and (v) reviews an analysis of the overall compensation element values and totals, primarily to identify any competitive issues, gain an understanding of the relative dollar values of each compensation element and to understand the magnitude of total compensation; and thereafter makes its recommendations to the Board. Parameters of the overall levels of compensation are determined by the Board after consideration of the Committee's recommendations, and the compensation for the NEOs is set within such parameters in the discretion of the Committee.

The Role of Pearl Meyer as Independent Advisors to the Committee

Periodically, the Company reviews its compensation programs with outside consultants who are engaged by and report directly to the Committee.

In mid-2013, the Committee retained Pearl Meyer as its independent consultant to provide assistance specifically with the implementation of the employment agreements for each of the NEOs in the context of the Young merger. In September 2013, the Committee retained Pearl Meyer as its ongoing independent consultant. Pearl Meyer consulted on a variety of executive pay issues, including pay philosophy, salary management, incentive plan design and general assistance to the Committee in its intensive reexamination of executive pay during the remainder of 2013 following the Young merger and early in 2014. During 2015, Pearl Meyer assisted the Committee by reviewing the Company's executive compensation and non-employee Director compensation programs. The Committee assessed the independence of Pearl Meyer pursuant to the applicable SEC rules. The Committee concluded following the assessment that no conflict of interest exists that would prevent Pearl Meyer from serving as its independent consultant in 2015.

How Pay is Set: Initial Benchmarking

Peer Group Companies

Our Committee examines competitive peer group and survey information, compiled by the Company's Human Resources Department and Pearl Meyer, as one factor to assist in determining base salary, annual incentive compensation and, if appropriate, stock-based long-term equity awards. The peer group companies provide relevant

comparisons based on their similarity to us in size and business operations. Due to numerous acquisitions in the broadcast industry, only six television broadcasting companies were available to be included in the Company's peer group in 2015, so management, the Committee and Pearl Meyer jointly developed a new peer group which included a broader group of media companies, given the low number of "pure play" television broadcasting companies following recent industry consolidation. The key factors considered in choosing the new peer group were:

industry (media companies which have a television segment or business);

revenues (within about 40% - 250% of Media General's projected \$1.3 billion of revenues in 2015); and

market cap (within 20% - 500% of Media General's market cap).

The 2015 peer group included:

Clear Channel Outdoor Holdings, Inc.	New York Times Company
Dex Media, Inc.	Nexstar Broadcasting Group, Inc.
Tegna, Inc.	Scholastic Corporation
Gray Television, Inc.	Sinclair Broadcast Group, Inc.
Meredith Corporation	Tribune Media Company

The 2015 peer group included companies from the advertising and broadcasting industries. We note Media General is at about the 18th percentile versus the peer group in terms of revenue comparisons (based on Media General's 2015 revenues), but at about the 60th percentile and 56th percentile respectively, in terms of market cap and estimated EBITDA. We also note that Tegna was spun out of Gannett in 2015. Gannett was a much larger company than Media General in terms of revenue, when it split into broadcasting and publishing companies. We subsequently elected to include Tegna's broadcasting business but exclude separate from other business entities within Tegna. The Committee used the 2015 peer group to evaluate CEO pay during 2015.

In addition to market data, the Committee considered factors such as individual performance, internal pay equity among executives, promotion potential and retention risk in determining total compensation for our NEOs.

Section III: Details and Analysis of the 2015 Executive Compensation Program

Salary

The Company believes individual performance has a significant impact on overall Company results. Therefore, the Company considers individual performance, along with the factors below, when determining salaries for its NEOs:

company performance;

management level and experience;

market salary data; and

internal pay equity.

The Committee approved the following salary increases in 2015:

<u>Executive</u>	2014 Salary	2015 Salary	% Change
Vincent L. Sadusky	\$711,000	\$900,000	27%
James F. Woodward	\$500,000	\$500,000	0%
Deborah A. McDermott	\$575,000	\$575,000	0%
Andrew C. Carington	\$400,000	\$400,000	0%
Robert S. Richter*	\$394,000	\$500,000	27%

* Mr. Robert S. Richter became an NEO in 2015.

Annual Incentives

The Committee established 2015 individual incentive award targets at the beginning of the year. Award targets for each of the NEOs were based on a percentage of the individual's salary at the rate in effect at the beginning of 2015 and contained two components, the first of which (weighted at 60%) was determined quantitatively based solely on achievement of financial goals for the business. The second component (weighted at 40%) was determined qualitatively based on the assessment of other performance criteria on a case-by-case basis. Depending upon performance, an NEO could receive in excess of 100% of the financial or qualitative component, as set forth in the Grants of Plan-Based Awards in 2015 Table.

The target incentives along with the discretionary payments for 2015 are shown below:

<u>Executive</u>	2015 Salary		Annual Incentive Target %	Annual Incentive Target \$	Actual Incentive Paid
Vincent L. Sadusky	\$900,000	X	125.0 %	= \$1,125,000	\$570,375
James F. Woodward	\$500,000	X	45.0 %	= \$225,000	\$181,575
Deborah A. McDermott	\$575,000	X	45.0 %	= \$258,750	\$301,994
Robert S. Richter	\$500,000	X	45.0 %	= \$225,000	\$18,000
Andrew C. Carington	\$400,000	X	36.0 %	= \$144,000	\$215,246

Long-Term Incentive Equity-Based Awards

The Committee and the Board of Directors approved grants of P-RSUs and T-RSUs in 2015. The 2015 grants were subject to shareholder approval of the Media General Amended and Restated Long-Term Incentive Plan (the “Long-Term Incentive Plan”), which was approved at the Company’s 2015 Annual Meeting. The P-RSUs are eligible to vest over a three-year performance period based on the achievement of financial performance objectives and continued employment through the applicable vesting date. The T-RSUs will vest subject to continued employment over a three-year service period. Both P-RSUs and T-RSUs are designed to align NEO interest with that of shareholders and promote retention.

<u>Executive</u>	P-RSUs		T-RSUs		Total
	# Granted	Grant Date Fair Values	# Granted	Grant Date Fair Values	Grant Date Fair Values
Vincent L. Sadusky	201,733	\$3,405,253	67,244	\$1,135,079	\$4,540,332
James F. Woodward	22,415	378,365	7,472	126,127	504,492
Deborah A. McDermott	53,796	908,076	17,932	302,692	1,210,768
Andrew C. Carington	20,173	340,520	6,724	113,501	454,021
Robert S. Richter	134,489	2,270,174	44,830	756,730	3,026,904

Perquisites and Other Personal Benefits

The Company provides its NEOs with a limited number of perquisites and other personal benefits as described below:

The Company offers tax preparation and financial planning services to some of its NEOs to reduce the amount of time and attention the officer must devote to such activities and to ensure the officer’s tax returns comply with IRS regulations. The services are taxable to the NEO, and the NEO pays the associated income taxes.

Consistent with their prior entitlements under the LIN Media’s automobile policy, Mr. Sadusky and Mr. Richter, until his separation, continue to use a company-owned vehicle and are responsible for paying income taxes associated with their personal use of such vehicles. In addition, Mrs. McDermott and certain other executives are eligible to receive a Company automobile allowance.

The Company provides life insurance coverage to Mr. Woodward beyond that offered to other Company employees. The Company pays the annual premium and related tax gross-ups.

Pension and Other Retirement Benefits

Certain NEOs, including our CEO, participate in various qualified and non-qualified retirement plans. At one time, these plans were generally available to a broad range of employees, including NEOs. However, Media General has frozen its retirement programs and the Deferred Compensation Plan. In addition, Media General assumed the obligations of LIN's frozen retirement plan and its deferred compensation plan upon consummation of the merger. Each of the qualified and non-qualified plans are described more fully in the narrative discussion following the Pension and Non-qualified Deferred Compensation tables. The Company continues to sponsor a 401(k) Plan and a supplemental 401(k) Plan.

Employment Arrangements, Severance and Change-in-Control Benefits

In 2015, the Company entered into an amended and restated employment agreement with Mr. Woodward. The terms of this agreement and the agreements with Mr. Sadusky and the other named executive officers are summarized below following the Summary Compensation Table and in the Section titled "Potential Payments Upon Termination or Change in Control." Certain agreements were further amended in early 2016 as described below.

Section 162(m) of the Internal Revenue Code (Code) limits the Company's deduction for compensation paid to the NEOs (with the exception of the CFO) named in the Summary Compensation Table to \$1 million during the tax year, subject to certain permitted exceptions. The Company's Long-Term Incentive Plan has been structured so that awards of stock options, stock appreciation rights and certain performance awards may be granted in a manner that satisfies the exception under Section 162(m) of the Code for "qualified performance-based compensation." However, although the Committee will consider the impact of Section 162(m) in making its compensation decisions, it believes the tax deduction is only one of several relevant considerations in setting compensation. Accordingly, if it is deemed appropriate to provide compensation that does not constitute qualified performance-based compensation, the Committee may do so and, in such event, certain portions of compensation paid to the NEOs may not be deductible for federal income tax purposes by reason of Section 162(m) of the Code.

Compensation Committee Report

The Committee has reviewed the section of this Proxy Statement titled “Compensation Discussion and Analysis” with the management of the Company, and the Committee has recommended that the CD&A be included in this Proxy Statement and filed with the Securities and Exchange Commission.

Employment Agreements

The following are descriptions of employment agreements for the named executive officers.

Chief Executive Officer. On March 21, 2014, the Company entered into an employment agreement (Employment Agreement) with Mr. Sadusky, which commenced on December 19, 2014 (Effective Date) and continues for a term ending on the fifth anniversary of the Effective Date (subject to earlier termination as provided therein). Pursuant to the Employment Agreement, Mr. Sadusky was paid an annual base salary in the amount of \$711,000 and, beginning with each fiscal year commencing as of January 1, 2015, was eligible to receive an annual incentive payment of up to \$757,000. In February 2015, the Board approved a new base salary of \$900,000 and target annual incentive payment of \$1,125,000.

Mr. Sadusky is subject to covenants prohibiting competition with the Company and solicitation of the employees, consultants, customers and suppliers of the Company, in each case during the term of his employment and for the one-year period following the termination of his employment for any reason. Mr. Sadusky is also subject to a perpetual covenant not to disclose the confidential information or trade secrets of the Company. Under the Employment Agreement, during its term, the Company is required to use its best efforts to have Mr. Sadusky nominated as a member of the Board.

Other Named Executive Officers. Media General is party to an employment agreement with each of its named executive officers. During 2013, Media General entered into an employment agreement with each of Mr. Carington, Mrs. McDermott and Mr. Woodward, which became effective on November 12, 2013. During the year ended December 31, 2015, Media General entered into an amended and restated employment agreement with Mr. Woodward, which became effective on August 6, 2015. Pursuant to their employment agreements, in the event a named executive officer is terminated during the employment term by Media General other than for cause or disability, or by the officer for good reason, referred to as a “qualifying termination,” the officer will be entitled to severance and benefits consisting of:

1.5 times (one time for Mr. Sadusky, two times for Mr. Woodward) the sum of his base salary at the rate in effect immediately prior to termination plus the amount of the target annual incentive for the year of such termination (and in Mr. Sadusky’s case, the annual incentive amount for the prior fiscal year), referred to as the “severance payment;”

- for all named executive officers, an amount equal to the target annual incentive opportunity for the year of such termination, pro-rated through the date of termination;

• continuation of medical, dental, disability, and life insurance benefits for 12 months (24 months for Mr. Woodward) following the termination date;

• accelerated vesting of any equity or stock-based compensation held by Messrs. Carington, and Woodward and Mrs. McDermott as of the termination date; and

• for Mr. Woodward, outplacement services.

In addition, Mr. Woodward’s agreement provides that Media General may, upon delivery of notice of termination for any reason other than for cause, elect to extend Mr. Woodward’s employment for a period of six months in a non-officer position, during which period, (x) the terms of Mr. Woodward’s employment agreement shall continue to apply (other than the provision specifying his officer title) and (y) either Media General or Mr. Woodward may terminate Mr. Woodward’s employment prior to the end of the six-month extension period with 30 days’ notice. If Media General does not elect to extend Mr. Woodward’s employment in accordance with the foregoing, or Mr. Woodward elects to terminate his employment prior to the end of the six-month extension period, he shall be entitled to a lump sum payment equal to the base salary that would have been paid had he remained employed through the end of the extension period.

The agreements for Messrs. Sadusky, Carington, and Mrs. McDermott provide for increased severance payments and benefits in the event that a qualifying termination occurs in connection with a “change in control” (as such term is defined in the agreements) of Media General. The closing of transaction contemplated by the merger agreement signed in early 2016 with Nexstar would constitute a change in control under the agreements. The severance payments and benefits for Messrs. Sadusky and Carington and Mrs. McDermott in the event that a qualifying termination occurs

in connection with a “change in control” include:

• 2 times the severance payment (as described above);

• an amount equal to the target annual incentive opportunity for the year of such termination, pro-rated through the date of termination;

• continuation of medical, dental, disability, and life insurance benefits for 24 months following the termination date for Mr. Sadusky (12 months following the termination date for Mr. Carington and Mrs. McDermott); and

• accelerated vesting of any equity or stock-based compensation held by Messrs. Carington and Mrs. McDermott as of the termination date.

On January 5, 2016, Media General entered into an amendment with Messrs. Woodward and Carington, which would become effective upon the closing of the Nexstar transaction, which amended their employment agreements to provide the executive would be entitled to an excise tax gross-up in the event that, as a result of the payments that would be made as a result of or in connection with a change of control, the executive would be subject to an excise tax under Section 4999 of the Code. With the exception of Mr. Woodward’s agreement which was amended to remove his non-compete covenant, employment agreements also provide that following the termination of the named executive officer’s employment for any reason during the employment term, he or she will be bound by non-compete and non-solicitation covenants for a period of 12 months following such termination. In addition, on or about January 27, 2016, Media General entered into an amendment with Mrs. McDermott and Messrs. Carington and Woodward to extend the term of their respective employment agreements for a period of one year.

Former Named Executive Officer.

On September 27, 2013, the Company entered into an employment agreement with Mr. Richter, which commenced as of such date and continued for an indefinite term (subject to termination as provided therein). Pursuant to the employment agreement, Mr. Richter served in the role of Senior Vice President Digital, was paid an annual base salary of \$383,000 and was eligible to receive an annual bonus payment equal to \$255,000. In 2015, the Board approved a new base salary of \$500,000. Mr. Richter’s employment agreement contained covenants prohibiting competition with the Company and solicitation of the employees, consultants, customers and suppliers of the Company, in each case during the term of his employment and for the one-year period following the termination of his employment for any reason. Mr. Richter is also subject to a perpetual covenant not to disclose the confidential information or trade secrets of the Company. Mr. Richter separated from the Company effective as of February 1, 2016, pursuant to the terms of a separation agreement which is described later in this report under the section entitled “Potential Payments Upon Termination or Change-in-Control.”

Upon the closing of the LIN Media merger, each LIN Media option outstanding immediately prior to the effective time of the merger, was converted at the designated exchange ratio into an option to purchase shares of Media General on the same terms and conditions as were applicable under the LIN Media's 2002 Plan. Stock option grants under the LIN Media 2002 Plan vest over a period of time that was determined by the Compensation Committee at the time of the grant. Upon termination of employment, under the LIN Media 2002 Plan, the employee has 60 days thereafter to exercise a vested option. If not exercised earlier, the options expire 10 years after the grant date. Options under the 2002 Plan are granted at fair market value on a predetermined date.

- (1) The unexercisable options awarded on January 31, 2013 vested on January 31, 2016 for Messrs. Woodward and Carington.

Restrictions on PARS awards granted on January 29, 2008 automatically lapse on January 29, 2018; restrictions on PARS awards granted on January 28, 2010 automatically lapse on January 28, 2020; and restrictions on PARS awards granted on January 26, 2012 automatically lapse on January 26, 2022, unless performance exceeds pre-set targets. PARS vest at the end of a 10-year period after grant. If certain pre-established earnings per share targets (2) are achieved, vesting may accelerate to either a three, five or seven year period. PARS recipients are entitled to all the ownership rights of other holders of Voting Common Stock of the Company, including dividends. However, PARS cannot be sold or traded, and the ownership reverts to the Company upon termination of employment. Upon death, disability, or retirement after attaining age 63, executive officers vest in a pro rata portion of the shares awarded (which assumes ratable vesting over a 10-year period).

- (3) Restrictions on RSA shares awarded on September 10, 2013 automatically lapse on September 10, 2016.

On April 23, 2015, the Board of Directors of the Company approved the grant of P-RSUs and T-RSUs to certain executives under the LTIP. The vesting of the P-RSUs is contingent on the continued service of the grantee and the achievement of specific performance metrics designated by the Board of Directors of the Company. The (4) P-RSUs become eligible to vest in three tranches. The first tranche, consisting of 25% of the total grant, became eligible to vest on December 31, 2015. Another 25% are eligible to vest on December 31, 2016, with the remaining 50% becoming eligible to vest on December 31, 2017. The T-RSUs vest over a three-year period with 25% vesting on February 26, 2016 and 2017, while the remaining 50% vest on February 26, 2018.

Option Exercises and Stock Vested Table

No stock options were exercised by the NEOs during 2015. The following table provides information with respect to restricted stock awards (RSAs) and deferred stock units (DSUs) that vested during 2015:

Name	Number of RSA Shares Acquired	Value Realized on Vesting (\$)	Number of DSUs Acquired	Value Realized on Vesting

	on Vesting (#) (1)		on Vesting (#) (2)	(\$)
Vincent L. Sadusky	177,082	\$2,349,431	-	-
James F. Woodward	-	-	25,615	\$393,446
Robert S. Richter	42,891	577,321	-	-
Deborah A. McDermott	-	-	29,457	452,460
Andrew C. Carington	-	-	20,492	314,757

(1) A portion of the shares underlying the RSAs were withheld to satisfy applicable annual federal and state income tax withholding requirements.

The number of DSUs for Messrs. Woodward, Carington and Mrs. McDermott represent deferred stock units that vested in 2015. The vested stock units were settled within thirty days following vesting and entitled the named (2) executive officer to a cash payment equal to, in respect of each DSU, the closing price per share on the date of vesting. A portion of the cash payment was withheld to satisfy applicable annual federal and state income and employment tax withholding requirements.

Pension Benefits Table

The following table provides information regarding estimated pension benefits for the NEOs as of and for the year ended December 31, 2015. For purposes of calculating the present value of accumulated benefits in the table below, the normal retirement age (the age at which the participant is eligible for unreduced benefits) is age 65 for the Media General Advantage Retirement and ERISA Excess plans and age 63 for the Supplemental Retirement Plan. Each of these plans have been fully frozen as explained below. Mrs. McDermott does not participate in a pension plan. Messrs. Sadusky and Richter participate in the LIN Television Corporation Retirement Plan (LIN Pension Plan) and the LIN Television Corporation Benefit Retirement Plan (LIN SERP). Effective December 31, 2015 the plans were merged with the Media General plans, descriptions of each of the plans that were in effect during 2015 are set forth below.

Reference is made to Note 11 of Item 8 of the 2015 Form 10-K, which is incorporated herein by reference, for assumptions made in valuing the pension benefits below.

Name	Plan Name	Number of Years Credited Service (#)(1)(2)	Present	Payments
			Value of Accumulated Benefit (\$)	During Last Fiscal Year (\$)
Vincent L. Sadusky	LIN Retirement Plan	5	\$ 50,012	-
	LIN SERP	5	121,579	-
James F. Woodward	Media General Advantage Retirement Plan	23	578,414	-
	ERISA Excess Plan	23	10,467	-
Robert S. Richter	LIN Retirement Plan	2	22,387	-
	LIN SERP	2	5,972	-
Andrew C. Carington	Media General Advantage Retirement Plan	5	71,271	-

(1) Years of credited plan service with respect to the Media General Advantage Retirement and ERISA Excess plans reflect the officer's years of service through December 31, 2006.

(2) Years of credited plan service with respect to the LIN Retirement Plan and the LIN SERP through April 1, 2009.

Media General Advantage Retirement Plan

The Media General Advantage Retirement Plan is a funded, qualified non-contributory defined benefit plan which covers substantially all full time employees hired before January 1, 2007. Employees become fully vested in plan benefits upon the earlier of completing five years of service or reaching age 65. Plan benefits begin either upon normal or late retirement after age 65 or upon early retirement after age 55 with at least ten years of service.

Each employee's retirement benefit is based on a formula that uses average monthly compensation (salary and non-equity incentive awards), Social Security wages, and years of benefit service as its key inputs. Additional years of service are not granted under the plan. This aspect of the plan was frozen, effective December 31, 2006, and participants received years of service credit through that date or their date of termination, if earlier. The total amount of compensation to be factored into the benefit payment is subject to a federal limit. Due to an April 2009 plan amendment, compensation earned after May 31, 2009, does not increase accrued benefits, and the plan became fully frozen at that time. Benefits for any employee who elects early retirement are calculated in a manner similar to that described above; however, the amount of benefit is reduced by a formula based on retirement age.

Married participants are paid a joint and 100% survivor annuity, with the accrued benefit paid monthly over the life of the retiree. Upon the retiree's death, 100% of this benefit is paid monthly to the surviving spouse. Participants alternatively may elect a life-only annuity payment, fixed payments for life plus 10 years, leveling payments (which consider the effects of Social Security payments), a joint and 50% survivor annuity, a joint and 66.67% survivor annuity or, for total retirement benefit amounts under \$10,000, a lump-sum payment.

LIN Media Retirement Plan and SERP

The Company assumed the LIN Media Retirement Plan and the LIN Media SERP upon the consummation of the LIN Media merger. Participants in the LIN Media Retirement Plan participate in either a cash balance benefit plan or a traditional average final-pay plan and may also receive benefits under the LIN Media SERP, which is described below. Mr. Sadusky participates in the cash balance plan.

Effective April 1, 2009, these plans were frozen, and Media General does not expect to make additional benefit accruals to these plans. Pension benefits vest after three years of service. Cash balance plan accounts earn annual interest at a rate equal to the interest rate for five-year U.S. Treasury Bills plus 25 basis points (the interest rate is reset annually at the Treasury rate during the November preceding each plan year). As of December 31, 2015, the estimated annual retirement benefits payable under the cash balance plan and our SERP as an annuity for life upon normal retirement, assuming Mr. Sadusky remains employed by us at their current level of compensation until age 65, is approximately \$22,000.

As permitted by the Employee Retirement Income Security Act of 1974, as amended, the LIN Media SERP is a non-qualified plan designed to provide for the payment by the Company of the difference, if any, between the amount of maximum Internal Revenue Service and/or other regulatory limitations and the annual benefit that would be payable under the LIN Media Retirement Plan (including the cash balance benefit plan and traditional average final-pay benefit plan), but for such limitations. The LIN Media SERP follows the provisions of the LIN Media Retirement Plan for normal retirement date and early retirement. Payments to cash balance participants will be paid in a lump sum six months after termination.

ERISA Excess Plan

The ERISA Excess Benefit Plan (ERISA Excess) is an unfunded, non-qualified, non-contributory defined benefit plan which operates in substantially the same manner as the Media General Advantage Retirement Plan described above, however, retirement benefits are not subject to the federal limit. ERISA Excess plan amendments coincided with amendments to the qualified plan. Consequently, the ERISA Excess Plan was fully frozen in 2009.

Non-Qualified Deferred Compensation Table

(2) Aggregate earnings represent interest and dividends earned as well as unrealized gains and losses on participant investments.

(3) The aggregate balance includes executive contributions previously reported in the Summary Compensation Table for each named executive officer as follows:

James F. Woodward	Supplemental 401(k) Plan	\$ 28,000	\$ 18,750	\$ 2,900

Deferred Compensation Plan

Generally, participants in the Deferred Compensation Plan are employees who earned amounts over certain qualified plan limits. Prior to the plan being frozen on January 1, 2012, participants were able to elect to defer, on a pre-tax basis, up to 80% of their annual salary and up to 100% of their non-equity incentive awards and earn a tax-deferred return on these amounts.

Plan participants can select from a combination of seven “phantom” equity and bond funds. Earnings are credited to each participant’s account based on hypothetical rather than actual investment activity. Prior to 1999, participants had the option to participate in a variable interest account, which earned income based on the same interest rate applicable to the Company’s long-term borrowings. Some participants continue to maintain a portion of their balance in this account. Investment choices can be changed at any time; however, no amounts can be transferred into the variable interest account.

The allowable methods of distribution, which must have been elected prior to or at the time of the deferral, are summarized below:

Retirement or death after retirement – participants can elect to receive a lump sum or annual payments of up to 20 years upon attaining the age of early retirement (defined in this plan as at least age 55 with 5 years of service). In case of death, the designated beneficiary will receive any remaining annual payments.

Termination of employment, disability, or death prior to retirement – amounts will be paid to the participant or designated beneficiary in a lump sum or in annual payments of up to 10 years.

Historically, LIN Media offered its named executive officers and other eligible employees the opportunity to participate in the LIN Deferred Compensation Plan which allowed eligible employees to defer up to 100% of their

base salary and performance bonuses in either mutual funds managed by Fidelity Investments or in other designated securities. As of December 2008, LIN Media decided not to offer eligible employees the opportunity to participate in the Deferred Compensation Plan because, among other reasons, the number of participants in the plan had declined while the expense and resources required to manage the plan had increased. Mr. Sadusky participates in the Deferred Compensation Plan which remains in place for purposes of servicing the current participants and the balance of the amounts that were previously deferred by named executive officers and other eligible employees.

Supplemental 401(k) Plan

The Supplemental 401(k) Plan is a non-qualified plan which permits certain executives to defer amounts that are above the federal 401(k) limit and obtain Company matching funds and earnings on those deferrals. The maximum annual amount that can be deferred into the supplemental plan is 50% of the participant's annual base salary. Prior to 2008, all participant account balances were invested in Media General Voting Common Stock held by a third-party trust. Beginning in 2008, participants over age 55 had the option to invest in a range of equity and bond funds in addition to Voting Common Stock.

Between January 1, 2014 and June 30, 2014, all eligible and participating employees received a company match of up to a maximum of 4% of their salary. Effective July 1, 2014, the Company amended the Supplemental 401(k) Plan to reduce the maximum effective company matching contribution to 3% of participant compensation as defined by the plan for all Media General, LIN (effective on its acquisition date) and Young employees. Participants are permitted to contribute up to a maximum of 50% of their annual base salary in any Plan year.

Upon termination of employment for any reason, the participant (or beneficiary) receives a cash distribution. Participants are able to select the timing of payment (minimum of 6 months after separation and a maximum of 10 years after separation) provided the election was made at the time of deferral or prior to December 31, 2008, for amounts previously deferred. Participants cannot receive any distributions (including loans) while actively employed.

LIN Media Supplemental Income Deferral Plan

The LIN Media Supplemental Income Deferral Plan (“SIDP”) allows Mr. Sadusky and Mr. Richter each to defer 5- 80% of his base salary and 5-100% of his annual non-equity incentive awards on a tax-deferred basis and receive tax-deferred market-based growth. As of July 1, 2010, LIN began contributing to the SIDP three percent of the named executive officers’ income that exceeded the limit set by Internal Revenue Code Section 401(a)(17). In 2015, Media General made contributions to the SIDP for Mr. Sadusky and Mr. Richter equal to five percent of their respective base salaries and non-equity incentive plan compensation. Media General assumed the SIDP in connection with the LIN merger and these obligations are an unsecured obligation of the Company, meaning that payments of participant balances in the SIDP are not guaranteed if the Company becomes insolvent or bankrupt.

Potential Payments Upon Termination or Change-in-Control

In the event the NEO is terminated during the employment term by the Company other than for cause or disability, or by the officer for good reason, referred to as a “qualifying termination,” the officer will be, or in the case of Mr. Richter was, entitled to payment of:

1.5 times (one times for Messrs. Sadusky and Richter, two times for Mr. Woodward) the sum of his or her base salary at the rate in effect immediately prior to termination plus the target annual incentive opportunity for the year of such termination (and in Mr. Sadusky’s case the annual incentive amount for the prior fiscal year), referred to as the “severance payment”;

Continuation of medical, dental, disability, and life insurance benefits for 12 months following the termination date (24 months for Mr. Woodward);

Accelerated vesting of any equity or equity-based compensation held by Messrs. Carington and Woodward and Mrs. McDermott as of the termination date. The P-DSUs and T-DSU’s issued to Mr. Sadusky on April 23, 2015 will vest if his employment is terminated by the Company other than for cause; and

Outplacement services for Mr. Woodward.

In the event a qualifying termination occurs during the employment term following a change in control (as such term is defined in the employment agreements), the officer is entitled to the payments and benefits as provided in the event of a qualifying termination, except the multiple in calculating the severance payment will be 2 times and, in the case of Mr. Sadusky and Mr. Richter, the benefit continuation period will be 24 months. The severance cash amounts and benefits are reflected in the table below.

The employment agreements also provide that following the termination of the officer's employment for any reason during the employment term, he or she will be bound by noncompete and nonsolicitation covenants for a period of 12 months following such termination.

Payments Associated with a Qualifying Termination in the Absence of a Change in Control

The table below sets forth an estimate of the total payments and benefits the NEOs are entitled to receive, assuming the NEO's qualifying termination occurred on December 31, 2015 in the absence of a change in control.

Name	Cash (1)	Equity (2)	Benefits (3)	Outplacement Services (4)	Total
	(\$)	(\$)	(\$)		(\$)
Vincent L. Sadusky	2,025,000	4,343,979	12,000	-	6,380,979
James F. Woodward	1,700,000	1,014,434	24,000	\$ 25,000	2,763,434
Robert S. Richter	725,000	2,896,002	12,000	-	3,633,002
Deborah A. McDermott	1,250,625	1,158,407	12,000	-	2,421,032
Andrew C. Carington	816,000	602,116	12,000	-	1,430,116

(1) These cash amounts represent the severance payment the executive would be entitled to receive upon a qualifying termination. Mr. Sadusky is entitled to 1 times his base salary (\$900,000) and 1 times his target annual incentive opportunity for 2015 (\$1,125,000); Mr. Woodward would be entitled to 2 times his base salary (\$500,000), his target annual incentive opportunity (\$225,000) and 6 months additional base salary for providing transition services (\$250,000); Mr. Richter would be entitled to 1 times his base salary (\$500,000) and his target annual incentive opportunity (\$225,000); Mrs. McDermott would be entitled to 1.5 times her base salary (\$575,000) and her target annual incentive award (\$258,750); and Mr. Carington is entitled to 1.5 times his salary (\$400,000) and his target annual incentive opportunity (\$144,000).

Messrs. Woodward and Carington would vest in their unvested options, PARS, T-RSUs and P-RSUs, and Mr. Sadusky, Mr. Richter and Mrs. McDermott would vest in their unvested T-RSUs and P-RSUs. The estimated amounts attributable to each component are as follows: Mr. Sadusky (\$4,343,979 attributable to T-RSUs and P-RSUs); Mr. Woodward (\$63,409 attributable to options, \$468,350 attributable to PARS, and \$482,675 (2) attributable to T-RSUs and P-RSUs); Mr. Richter (\$2,896,002 attributable to T-RSUs and P-RSUs); Mrs. McDermott (\$1,158,407 attributable to T-RSUs and P-RSUs); and Mr. Carington (\$33,684 attributable to options, \$134,045 attributable to PARS and \$434,387 attributable to T-RSUs and P-RSUs). The amounts in this column are single-trigger payments by reason of the provisions in the NEO's employment agreement or the grant agreement. Amounts reported in this column attributable to P-RSUs assumed achievement of target performance.

The benefits represents the estimated value of the continuation on the same terms of the medical, dental, (3) disability, and life insurance benefits for the named executives for a period of 12 months following employment (24 months for Mr. Woodward).

For Mr. Woodward, this amount represents his entitlement upon a qualifying termination of payment or (4) reimbursement of a maximum of \$25,000 in respect of the costs, fees and expenses of outplacement assistance services. The amount included in this column is a single-trigger payments which become payable only in connection with a qualifying termination.

Payments Associated with a Qualifying Termination Associated with a Change in Control or a Change in Control Termination

The table below assumes a change in control took place on December 31, 2015 and the NEOs experienced a qualifying termination on that date. All payments set forth below are considered double-trigger benefits, meaning that such payments or benefits would be made upon the NEO's qualifying termination of employment following a change in control.

Name	Cash (1)	Equity (2)	Benefits (3)	Outplacement Services (4)	Total
	(\$)	(\$)	(\$)		(\$)
Vincent L. Sadusky	4,050,000	4,343,979	24,000	-	8,417,979
James F. Woodward	1,700,000	1,014,434	24,000	25,000	2,763,434
Robert S. Richter	1,450,000	2,896,002	24,000	-	4,370,002
Deborah A. McDermott	1,667,500	1,158,407	12,000	-	2,837,907
Andrew C. Carington	1,088,000	602,116	12,000	-	1,702,116

(1) These cash amounts represent the severance payment the executive would be entitled to receive upon a qualifying termination. Mr. Sadusky is entitled to two times the sum of his base salary (\$900,000) and his annual incentive opportunity (\$1,125,000). The accompanying table excludes plans that are available generally to all salaried employees. As the NEOs are vested in their account balances under the previously described Deferred Compensation and Supplemental 401(k) Plans, reference to those plans is also excluded.

DIRECTOR COMPENSATION

Overview of the Company's Director Compensation Philosophy

The Company's Director compensation program is designed to align the interests of the Outside Directors (i.e., Directors who had not at any time served as an employee of the Company) with those of the Company's shareholders and to provide competitive current compensation for services to the Board. The Compensation Committee, with the assistance of outside consultants, periodically reviews and modifies the Company's Director compensation system to ensure these objectives continue to be met.

Chairman Compensation

J. Stewart Bryan III, retired as an executive officer of the Company in 2008. Mr. Bryan continued to serve as the non-executive Chairman of the Board of Directors until his death in January of 2016. Mr. Bryan was paid annual cash compensation of \$300,000 for his service as non-executive Chairman. The Committee determined that cash compensation was appropriate given Mr. Bryan's existing stock holdings in the Company. Additionally, Mr. Bryan was entitled to certain perquisites which totaled less than \$10,000 in aggregate and are thus excluded in the table that follows.

During his tenure, Mr. Bryan was also a beneficiary of the Media General Advantage Retirement Plan and the Supplemental Retirement Plan. He received an annual benefit of approximately \$137,000, which was paid in monthly installments under the qualified plan and an annual benefit of approximately \$264,500 under the SERP plan which was paid annually. Mr. Bryan also received installment payments pursuant to the 1985 Deferred Compensation Plan. As of December 31, 2015, there were seven annual installments of \$27,110 each remaining to be paid.

Outside Director Compensation

Currently, each of the Outside Directors receives an annual retainer of \$160,000 (subject to current deferral elections). One half (\$80,000) of this amount is paid in cash, subject to deferral elections, and the other half (\$80,000) is paid in deferred stock units, all as set forth below. In addition, effective as of April 1, 2015 for their service, the Chairman of the Audit Committee began receiving an additional \$20,000 per year paid in quarterly installments, and the Chairman of the Compensation and the Nominating & Governance Committees began receiving an additional \$15,000 each year also paid in quarterly installments. Mr. McCormick receives an additional \$25,000 each year for his services as an advisor to the digital businesses.

A percentage of the cash portion of the fees is paid in cash and the remaining percentage is paid in equity as determined by the individual Director. In 2015, Mrs. Cantor and Messrs. Carson, Diao, McCormick elected to receive 50% of their compensation in cash and 50% in deferred stock units. Miss Robertson and Messrs. FitzSimons and Muse elected to receive 25% of their compensation in cash and 75% in deferred stock units. Mr. Kim waived his right to receive compensation for his services as an Outside Director. Annual deferral elections must be made prior to the calendar year in which the retainer and additional fees are earned.

Directors' Stock Ownership Guideline

To further align the interests of Directors and Stockholders, the Board of Directors adopted a share ownership guideline of 5,300 shares of the Company's Voting Common Stock, including deferred stock units. The Board of Directors recommended this ownership guideline be attained within five years of a Director's election to the Board.

Total Compensation for the Chairman and Outside Directors

The following table sets forth the components of total compensation during 2015 for the Chairman and Outside Directors:

Pursuant to the Directors' Deferred Compensation Plan, the following Outside Directors elected to receive deferred stock units in lieu of cash: Ms. Cantor (3,606 units), Mr. Carson (2,986 units), and Mr. Diao (3,582 units), Mr. FitzSimons (5,297 units), Mr. McCormick (3,628 units), Mr. Muse (1)(4,560 units), Miss Robertson (4,560 units) and Mr. Sullivan (6,078 units). The Company utilizes its compensation system to support and reinforce key operating and strategic goals, and its compensation system is applied consistently to all salaried employees, including the named executive officers in the Summary Compensation Table.

The Company's executive compensation program is tightly administered by the Board's

Compensation Committee to link individual performance with compensation opportunities and to align the interests of the Company's executives with those of its Stockholders.

The Compensation Discussion and Analysis, beginning on Page 7 of this Proxy Statement, describes the Company's executive compensation system.

The Board requests the Company's Stockholders approve the compensation of the Company's named executive officers as follows:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the compensation tables and narrative discussion, is hereby approved.

Under the By-laws of the Company, the above resolution will be approved if the votes cast "FOR" its approval exceed the votes cast "AGAINST" its approval. Abstentions and non-votes by brokers, banks and other nominee holders of record will not be counted as votes for or against the above resolution.

In selecting the Company's Director nominees in connection with each Annual Meeting, it is the Company's policy that the Nominating & Governance Committee consider Director candidates recommended by any Stockholder of the Company. Pursuant to procedures adopted by the Board, Director candidate recommendations made by Stockholders in connection with any Annual Meeting must be submitted, in writing, and received by the Secretary of the Company at least 120 days prior to the anniversary of the date on which the Company mailed its proxy statement in connection with the prior year's Annual Meeting. Any Stockholder who wishes to recommend to the Nominating & Governance Committee and the Board a candidate for election at the Company's 2017 Annual Meeting must ensure that the recommendation is received by the Secretary of the Company not later than February 10, 2017. Stockholder recommendations must be submitted together with the following information regarding the candidate:

the candidate's full name, age, principal occupation and employer;

the candidate's residence and business addresses and telephone numbers;

any relationship between the candidate and the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and all other information necessary for the Nominating & Governance Committee and the Board to determine whether the candidate meets the Board's independence standards and qualifies as independent under the NYSE rules;

the classes and number of shares of stock of the Company owned beneficially and of record by the candidate;

any other information relating to the candidate (including a written consent of the candidate to be named as a nominee of the Company and to serve as a Director if elected) that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE; and

any other information regarding the candidate that the Stockholder wishes the Board to consider in evaluating the recommended candidate.

In addition, when submitting a recommendation, a Stockholder must include the following information:

the Stockholder's full name, principal occupation and employer;

the Stockholder's address and telephone number;

the classes and number of shares of stock of the Company owned beneficially and of record by the Stockholder, including, if the Stockholder is not a Stockholder of record, proof of ownership of the type referred to in Rule 14a-8(b)(2) of the SEC's proxy rules;

a description of all arrangements and understandings between the Stockholder and each candidate being recommended by the Stockholder and any other person or persons (including their names) pursuant to which the candidate(s) are being recommended by the Stockholder; and

all other information relating to the Stockholder that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE.

The Nominating & Governance Committee weighs these criteria in the context of the Company's Principles of Corporate Governance, and in making its recommendations to the Board of Directors, the Committee as a matter of practice additionally considers candidates' diversity of experience, profession, skills, geographic representation and background, all to provide the Board and the Company with an appropriate mix of experience, knowledge, perspective and judgment.
