### **Item 1.01. Entry into a Definitive Material Agreement**

On June 29, 2016, Northeast Bancorp (the “Company”) entered into a Subordinated Note Purchase Agreement (the “Purchase Agreement”) with certain institutional accredited investors (the “Purchasers”) pursuant to which the Company sold and issued \$15.05 million in aggregate principal amount of 6.75% fixed-to-floating subordinated notes due 2026 (the “Notes”). The Notes were issued by the Company to the Purchasers at a price equal to 100% of their face amount.

The Notes have a stated maturity of July 1, 2026, and bear interest at a fixed rate of 6.75% per year, from and including June 29, 2016 to but excluding July 1, 2021 computed on the basis of a 360-day year consisting of twelve 30-day months, payable semi-annually in arrears. From and including July 1, 2021 to but excluding the maturity date or early redemption date, the interest rate shall reset quarterly to an interest rate per year equal to the then current three-month LIBOR rate plus 557 basis points, computed on the basis of a 360-day year and the actual number of days elapsed, payable quarterly in arrears. The Notes are redeemable, in whole or in part, on or after July 1, 2021 and at any time upon the occurrence of certain events.

The Purchase Agreement contains certain customary representations, warranties and covenants made by the Company, on the one hand, and the Purchasers, severally and not jointly, on the other hand. The Notes were offered and sold by the Company to eligible purchasers in a private offering in reliance on the exemption from the registration requirements of Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”) and the provisions of Regulation D thereunder.

The Purchase Agreement is attached as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference. The description herein of the Purchase Agreement is a summary and is qualified in its entirety by reference to the forms of the Purchase Agreement.

The Notes are not convertible into or exchangeable for any other securities or assets of the Company or any of its subsidiaries. The Notes are not subject to redemption at the option of the holder. Prior to July 1, 2021, the Company may redeem the Notes, in whole at any time, or in part from time to time, only under certain limited circumstances set forth in the Notes. On or after July 1, 2021, the Company may redeem the Notes at its option, in whole at any time, or in part on any interest payment date. Any redemption by the Company would be at a redemption price equal to 100% of the outstanding principal amount of the Notes being redeemed, together with any accrued and unpaid interest on the Notes being redeemed to but excluding the date of redemption.

Principal and interest on the Notes are subject to acceleration only in limited circumstances. The Notes are unsecured, subordinated obligations of the Company and rank junior in right to payment to the Company's current and future senior indebtedness.

The Notes were designed to qualify as Tier 2 capital under the Federal Reserve's capital guidelines. The Company intends to use the net proceeds of the offering for general corporate purposes, including loan growth, additional liquidity and working capital.

The forms of Note are attached as Exhibit 4.1 to this Current Report on Form 8-K and are incorporated herein by reference. The description of the Notes herein is a summary and is qualified in its entirety by reference to the forms of Notes.
