TECNOGLASS INC.

PROXY STATEMENT

Annual General Meeting of Shareholders

to be held on December 6, 2017

This proxy statement and the accompanying form of proxy is furnished to shareholders of Tecnoglass Inc. in connection with the solicitation of proxies by our board of directors for use in voting at our annual general meeting of shareholders to be held at JW Marriott, Miami, 1109 Brickell Avenue, Miami, FL 33131, on Wednesday, December 6, 2017, at 11:00 a.m., and at any and all postponements or adjournments.

This proxy statement, the accompanying notice of annual general meeting of shareholders, the proxy and the annual report to shareholders for the year ended December 31, 2016 are being mailed to shareholders of record on October 25, 2017. We are bearing all costs of this solicitation.

What matters am I voting on?

You are being asked to vote on the following matters:

- (1) To elect three Class A directors to serve for the ensuing three-year period until their successors are elected and qualified; and
- (2) Any other business that may properly come before the meeting and any and all postponements or adjournments.

Who is entitled to vote?

Holders of our ordinary shares as of the close of business on October 25, 2017, the record date, are entitled to vote at the meeting. As of the record date, we had issued and outstanding 34,246,625 ordinary shares, our only class of voting securities outstanding. Each holder of our ordinary shares is entitled to one vote for each share held on the record date.

How do I vote?

If you are a record holder of your shares, you may vote your ordinary shares at the annual general meeting by:

signing and returning the enclosed proxy card, which is discussed in greater detail below; or

attending the annual general meeting and voting in person.

If your shares are held in the name of your broker, bank or another nominee, you should contact your broker, bank or such other nominee to ensure that votes related to the shares you beneficially own are properly counted.

If you would like to attend the meeting and vote in person and your shares are held in the name of your broker, bank or another nominee, you must obtain a legal proxy from the broker, bank or other nominee to attend the meeting. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. If you sign and return the proxy in accordance with the procedures set forth in this proxy statement, the persons designated as proxies by our board of directors will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted FOR the election of the Class A director nominees (Proposal 1).

If you give your proxy, your shares also will be voted in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting and any postponements or adjournments. If any other matters are properly brought before the meeting, the persons named in the proxy will vote the proxies in accordance with their best judgment.

May I change my vote after I return my proxy card?

If you are a record owner of your shares and you give a proxy, you may revoke your proxy at any time before it is exercised by:

sending another proxy card with a later date;

notifying our corporate secretary in writing before the annual general meeting that you have revoked your proxy; or

attending the annual general meeting, revoking your proxy, and voting in person.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

If your shares are held in the name of your broker, bank or another nominee, you should contact your broker, bank or such other nominee for information on how to revoke your voting instructions.

What is a quorum?

A quorum is the minimum number of shares required to be present at the annual general meeting for the meeting to be properly held under our Third Amended and Restated Memorandum and Articles of Association and the Companies Law (2016 Revision) of the Cayman Islands. The presence, in person, by proxy or, if a corporation or other non-natural person, by its duly authorized representative or proxy, of the holders of a majority of our ordinary shares constitutes a quorum. Proxies that are marked “abstain” and proxies relating to “street name” shares that are returned to us but marked by brokers as “not voted” will be treated as shares present for purposes of determining the presence of a quorum on all matters. The latter will not be treated as shares voting on the matter as to which authority to vote is withheld from the broker. If a shareholder does not give the broker voting instructions, under applicable self-regulatory organization rules, its broker may not vote its shares on “non-routine” proposals, such as the election of Class A directors.

How many votes are needed for approval of each matter?

The election of a director. Directors are elected by ordinary resolution which will require the affirmative vote of the holders of a majority of ordinary shares present (in person or by proxy or, if a corporation or other non-natural person,

by its duly authorized representative) who, being entitled to vote on such proposal at the annual general meeting, vote. Abstentions are deemed voted on the director proposal. Therefore, they have the same effect as a vote against any particular nominee. Broker non-votes, while considered present for the purposes of establishing a quorum, will have no effect on such proposal.

If you hold your shares through a broker, bank, or other financial institution, your broker will not be permitted to vote on your behalf in the election of our Class A directors without your instructions to do so. Please communicate your voting instructions to your broker, bank, or other financial institution before the meeting so that your vote will be counted.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table and accompanying footnotes set forth certain information as of October 25, 2017 with respect to the ownership of our ordinary shares by:

each person or group who beneficially owns more than 5% of our ordinary shares;

each of our executive officers and directors; and

all of our directors and executive officers as a group.

A person is deemed to be the beneficial owner of securities that can be acquired by the person within 60 days from the record date upon the exercise of warrants or other derivative securities. The term of office of our Class B directors, consisting of Christian T. Daes and Julio A. Torres, will expire at our annual general meeting in 2018. Unless authority is withheld or the shares are subject to a broker non-vote, the proxies solicited by the board of directors will be voted "FOR" the election of these nominees. In case any of the nominees becomes unavailable for election to the board of directors, an event that is not anticipated, the persons named as proxies, or their substitutes, will have full discretion and authority to vote or refrain from voting for any other candidate in accordance with their judgment.

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THE CLASS A DIRECTOR NOMINEES LISTED IN THIS PROXY STATEMENT.

Director Independence

Our ordinary shares are listed on the NASDAQ Capital Market and therefore, we adhere to the NASDAQ listing standards in determining whether a director is independent. Our board of directors consults with its counsel to ensure that the board's determinations are consistent with those rules and all relevant securities and other laws and regulations

regarding the independence of directors.

The NASDAQ listing standards define an “independent director” as a person, other than an executive officer of a company or any other individual having a relationship which, in the opinion of the issuer’s board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Consistent with these considerations, we have affirmatively determined that Messrs. Weil, Azout, Vilariño, Torres and Ms. Byorum qualify as independent directors. Our independent directors have regularly scheduled meetings at which only independent directors are present.

Board of Directors Meetings and Committees

Our board of directors held two meetings in 2016 and acted by written consent six times. We held our 2016 annual general meeting of shareholders on November 2, 2016, which was attended by six of our directors. No director attended fewer than 75% of the meetings of the board and of the committees thereof upon which he or she served in 2016.

We do not have any formal policy regarding director attendance at annual general meetings of shareholders; however, we will attempt to schedule our annual general meetings so that all of our directors can attend. In addition, we expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

Leadership Structure

Our board of directors has determined to keep separate the positions of board chairman and chief executive officer at this time. This permits our chief executive officer to concentrate his efforts primarily on managing the Company’s business operations and development, while our chairman can focus on, among other things, communications and relations between our board of directors and senior management, consideration by our board of directors of the Company’s strategies and policies and our chief executive officer evaluation processes.

Risk Oversight

Our board of directors' primary function is one of oversight. Our board of directors as a whole has responsibility for risk oversight and reviews management's risk assessment and risk management policies and procedures. Our audit committee discusses with our management major financial risk exposures and reports its findings to our board of directors in connection with our board of directors' risk oversight review. Our compensation committee is responsible for creating incentives that encourage behavior consistent with our business strategy, without encouraging undue risk-taking.

Code of Conduct

In October 2017, we replaced our code of ethics with an updated code of conduct that applies to all of our executive officers, directors and employees. The code of conduct codifies the business and ethical principles that govern all aspects of our business. We will provide, without charge, upon request, copies of our code of conduct. Requests for copies of our code of conduct should be sent in writing to Tecnoglass Inc., Avenida Circunvalar a 100 mts de la Via 40, Barrio Las Flores, Barranquilla, Colombia, Attn: Corporate Secretary. Readers can also obtain a copy of our code of conduct on our website.

Corporate Governance

Audit Committee

We have a standing audit committee of the board of directors, which consists of Martha L. Byorum, Samuel R. Azout and Julio Torres, with Martha L. Byorum serving as chairman. Each of the members of the audit committee is independent under the applicable NASDAQ listing standards.

The audit committee held four meetings in 2016. The audit committee has a written charter, a copy of which is attached hereto as Annex A. The purpose of the audit committee is to appoint, retain, set compensation of, and supervise our independent accountants, review the results and scope of the audit and other accounting related services and review our accounting practices and systems of internal accounting and disclosure controls. The audit committee's duties, which are specified in the audit committee charter, include, but are not limited to:

Meet with the independent auditor prior to the audit to review the scope, planning and staffing of the audit.

Review and discuss with management and the independent auditor the annual audited financial statements, and recommend to the Board whether the audited financial statements should be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of the Form 10-K).

Review and discuss with management and the independent auditor the Company's quarterly financial statements prior to the filing of its Form 10-Q, including the results of the independent auditor's review of the quarterly financial statements.

Discuss with management and the independent auditor, as appropriate, significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including:

any significant changes in the Company's selection or application of accounting principles;

the Company's critical accounting policies and practices;

all alternative treatments of financial information within GAAP that have been discussed with management and the ramifications of the use of such alternative accounting principles;

any major issues as to the adequacy of the Company's internal controls and any special steps adopted in light of material control deficiencies; and

any material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.

Discuss with management the Company's earnings press releases generally, including the use of "pro forma" or "adjusted" non-GAAP information, and any financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be general and include the types of information to be disclosed and the types of presentations to be made.

Discuss with management and the independent auditor the effect on the Company's financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures.

Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.

Discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit, including any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information, and any significant disagreements with management.

Review disclosures made to the Audit Committee by the Company's Chief Executive Officer and Chief Financial Officer (or individuals performing similar functions) during their certification process for the Form 10-K and Form 10-Qs about any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting and any fraud involving management or other employees who have a significant role in the Company's internal control over financial reporting.

At least annually, obtain and review a report from the independent auditor, consistent with the rules of the Public Company Accounting Oversight Board, regarding (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues and (d) all relationships between the independent auditor and the Company. Evaluate the qualifications, performance and independence of the independent auditor, including whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, and taking into account the opinions of management and the internal auditor. The Audit Committee shall present its conclusions with respect to the independent auditor to the Board.

Verify the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.

Oversee the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.

Be available to the independent auditor during the year for consultation purposes.

Obtain assurance from the independent auditor that Section 10A(b) of the Exchange Act has not been implicated.

Review and approve material or significant related-party transactions.

Inquire and discuss with management the Company's compliance with applicable laws and regulations and with the Company's Code of Conduct and ethics and compliance program in effect at such time, if any, and, where applicable,

recommend policies and procedures for future compliance.

Review and approve procedures (which may be incorporated in the Company's Code of Conduct, in effect at such time, if any) for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or reports which raise material issues regarding the Company's financial statements or accounting policies.

Discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements or accounting policies.

Discuss with the Company's General Counsel legal matters that may have a material impact on the financial statements or the Company's compliance policies.

Review and approve material payments made to the Company's officers and directors or its or their affiliates when not part of ordinary course of business. Any payments made to members of the Audit Committee will be reviewed and approved by the Board, with the interested director or directors abstaining from such review and approval.

Financial Experts on Audit Committee

The audit committee will at all times be composed exclusively of “independent directors,” as defined for audit committee members under the NASDAQ listing standards and the rules and regulations of the Securities and Exchange Commission, who are “financially literate,” as defined under NASDAQ’s listing standards. NASDAQ’s listing standards define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement. The board of directors has determined that Martha Byorum satisfies NASDAQ’s definition of financial sophistication and also qualifies as an “audit committee financial expert” as defined under rules and regulations of the Securities and Exchange Commission.

Audit Committee Report

Our audit committee is responsible for supervising our independent accountants, reviewing the results and scope of the audit and other accounting related services and reviewing our accounting practices and systems of internal accounting and disclosure controls, among other things. These responsibilities include reviewing and discussing with management and the independent auditor the annual audited financial statements. The audit committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of our financial statements.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by our independent registered public accounting firm, the audit committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit related services.

The audit committee has reviewed and discussed the audited financial statements for the year ended December 31, 2016 with our management and PricewaterhouseCoopers Ltda. (“PwC”), our independent registered public accounting firm. Nominating Committee

We have a standing nominating committee, which consists of A. Lorne Weil, Martha L. Byorum, Samuel R. Azout and Juan Carlos Vilariño, with A. Lorne Weil serving as chairperson. Each member of the nominating committee is an “independent director” as defined under NASDAQ listing standards. Pursuant to its written charter, a copy of which is attached hereto as Annex B, our nominating committee is responsible for overseeing the selection of persons to be nominated to serve on our board of directors. The nominating committee did not meet in 2016, but acted by unanimous written consent one time.

Guidelines for Selecting Director Nominees

The nominating committee considers persons identified by its members, management, shareholders, investment bankers and others. Currently, the guidelines for selecting nominees, which are specified in the nominating committee charter, generally provide that persons to be nominated:

should have demonstrated notable or significant achievements in business, education or public service;

should possess the requisite intelligence, education and experience to make a significant contribution to the board of directors and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and

should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the shareholders.

The nominating committee will consider a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person's candidacy for membership on the board of directors. The nominating committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time and will also consider the overall experience and makeup of its members to obtain a broad and diverse mix of board members. The nominating committee does not distinguish among nominees recommended by shareholders and other persons.

Compensation Committee

In December 2013, we established a standing compensation committee consisting of Julio Torres, Samuel R. Azout and Juan Carlos Vilariño, with Julio Torres serving as chairperson. The compensation committee did not meet in 2016. The compensation committee's duties, which are specified in our compensation committee charter, a copy of which is attached hereto as Annex C, include, but are not limited to:

Establish, review and approve the overall executive compensation philosophy and policies of the Company, including the establishment, if deemed appropriate, of performance-based incentives that support and reinforce the Company's long-term strategic goals, organizational objectives and stockholder interests.

Review and approve the Company's goals and objectives relevant to the compensation of the CEO, annually evaluate the CEO's performance in light of those goals and objectives, determine the CEO's compensation level, including, but not limited to, salary, bonus or bonus target levels, long and short-term incentive and equity compensation, retirement plans, and deferred compensation plans as the Compensation Committee deems appropriate. In determining the long-term incentive component of the CEO's compensation, the Committee shall consider, among

other factors, the Company's performance and relative stockholder return, the value of similar incentive awards to CEO's at comparable companies, and the awards given to the Company's CEO in past years. The CEO shall not be present during voting and deliberations relating to CEO compensation.

Determine the compensation of all other executive officers, including, but not limited to, salary, bonus or bonus target levels, long and short-term incentive and equity compensation, retirement plans, and deferred compensation plans, as the Committee deems appropriate. Members of senior management may report on the performance of the other executive officers of the Company and make compensation recommendations to the Committee, which will review and, as appropriate, approve the compensation recommendations.

Administer or delegate the power to administer the Company's incentive and equity-based compensation plans, including the grant of stock options, restricted stock and other equity awards under such plans.

Review and make recommendations to the Board with respect to the adoption of, and amendments to, incentive compensation and equity-based plans and approve for submission to the stockholders all new equity compensation plans that must be approved by stockholders pursuant to applicable law.

Review and approve for the CEO and the other executive officers of the Company any employment agreements, severance arrangements, and change in control agreements or provisions.

Review and discuss with the Company's management the Compensation Discussion and Analysis set forth in Securities and Exchange Commission Regulation S-K, Item 402, if required, and, based on such review and discussion, determine whether to recommend to the Board of Directors of the Company that the Compensation Discussion and Analysis be included in the Company's annual report or proxy statement for the annual meeting of stockholders.

Provide, over the names of the members of the Compensation Committee, the Compensation Committee Report for the Company's annual report or proxy statement for the annual meeting of stockholders, if required.

Conduct an annual performance evaluation of the Committee. In conducting such review, the Committee shall evaluate and address all matters that the Committee considers relevant to its performance, including at least the following: (a) the adequacy, appropriateness and quality of the information received from management or others; (b) the manner in which the Committees recommendations were discussed or debated; (c) whether the number and length of meetings of the Committee were adequate for the Committee to complete its work in a thorough and thoughtful manner; and (d) whether this Charter appropriately addresses the matters that are or should be within its scope.

The Compensation Committee has the authority, to the extent it deems appropriate, to conduct or authorize investigations into or studies of matters within the Compensation Committee's scope of responsibilities and to retain one or more compensation consultants to assist in the evaluation of CEO or executive compensation or other matters. The Compensation Committee shall have the sole authority to retain and terminate any such consulting firm, and to approve the firm's fees and other retention terms. The Compensation Committee shall evaluate whether any compensation consultant retained or to be retained by it has any conflict of interest in accordance with Item 407(e)(3)(iv) of Regulation S-K. The Compensation Committee shall also have the authority, to the extent it deems necessary or appropriate, to retain legal counsel or other advisors. In retaining compensation consultants, outside counsel and other advisors, the Compensation Committee must take into consideration factors specified in the NASDAQ listing rules. The Company will provide for appropriate funding, as determined by the Committee, for payment of any such investigations or studies and the compensation to any consulting firm, legal counsel or other advisors retained by the Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and ten percent shareholders are required by regulation to furnish us with copies of all Section 16(a) reports they file. Related Party Policy

Our Code of Conduct requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the audit committee). Related-party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) we or any of our subsidiaries are a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our ordinary shares, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

Our audit committee, pursuant to its written charter, is responsible for reviewing and approving material or significant related-party transactions to the extent we enter into such transactions. The audit committee will consider all relevant factors when determining whether to approve a related party transaction, including whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. No director may participate in the approval of any transaction in which he is a related party, but that director is required to provide the audit committee with all material information concerning the transaction. Additionally, we require each of our directors and executive officers to complete an annual directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.
