Notes to Condensed Consolidated Financial Statements  
(Unaudited)

1. Organization and Basis of Presentation and Consolidation

Wheeler Real Estate Investment Trust, Inc. (the “Trust” or “REIT”) is a Maryland corporation formed on June 23, 2011. The Trust serves as the general partner of Wheeler REIT, L.P. (the “Operating Partnership”), which was formed as a Virginia limited partnership on April 5, 2012. As of March 31, 2015, the Trust, through the Operating Partnership, owned and operated thirty-one centers and seven undeveloped properties in Virginia, North Carolina, South Carolina, Georgia, Florida, Oklahoma, Tennessee, Kentucky, New Jersey and West Virginia. Accordingly, the use of the word “Company” refers to the Trust and its consolidated subsidiaries, except where the context otherwise requires. The condensed consolidated financial statements included in this Quarterly Report on Form 10-Q (the “Form 10-Q”) are unaudited. However, amounts presented in the condensed consolidated balance sheet as of December 31, 2014 are derived from the Company’s audited consolidated financial statements as of that date, but do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America (“GAAP”) for complete financial statements. The Company prepared the accompanying condensed consolidated financial statements in accordance with GAAP for interim financial statements. All material balances and transactions between the consolidated entities of the Company have been eliminated. You should read these condensed consolidated financial statements in conjunction with our 2014 Annual Report filed on Form 10-K for the year ended December 31, 2014 (the “2014 Form 10-K”).

2. Summary of Significant Accounting Policies

Rents and Other Tenant Receivables, net

Tenant receivables include base rents, tenant reimbursements and receivables attributable to recording rents on a straight-line basis. The Company determines an allowance for the uncollectible portion of accrued rents and accounts receivable based upon customer credit-worthiness (including expected recovery of a claim with respect to any tenants in bankruptcy), historical bad debt levels, and current economic trends. The Company considers a receivable past due once it becomes delinquent per the terms of the lease. The Company’s standard lease form considers a rent charge past due after five days. A past due receivable triggers certain events such as notices, fees and other allowable and required actions per the lease. As of March 31, 2015 and December 31, 2014, the Company’s allowance for uncollectible accounts totaled \$233,780 and \$186,517, respectively. During the three months ended March 31, 2015 and 2014, the Company recorded bad debt expenses in the amounts of \$47,198, and \$0, respectively, related to tenant receivables that were specifically identified as potentially uncollectible based on an assessment of the tenant’s credit-worthiness. During the three months ended March 31, 2015 and 2014, the Company did not realize any recoveries related to tenant receivables previously written off.

Deferred Costs and Other Assets, net

The Company’s deferred costs and other assets consist primarily of leasing commissions, fees incurred in order to obtain long-term financing, leases in place intangible assets, legal and marketing costs and tenant relationship intangible assets associated with acquisitions, and various property escrow accounts for real estate taxes, insurance, tenant improvements and replacements. The Company records amortization of financing costs using the effective interest method over the terms of the respective loans or agreements. The Company’s lease origination costs consist primarily of commissions paid in connection with lease originations and renewals. The Company records amortization of lease origination costs on a straight-line basis over the terms of the related leases. The Company’s leases in place intangible asset relates to values assigned leases associated with acquired properties. Leases in place are amortized over the term of the respective leases, while legal and marketing and tenant relationship intangible assets are amortized over their estimated useful lives. Acquisition deposits and escrows relate to advance funding of acquisitions to be completed.

Amortization of lease origination costs, leases in place and legal and marketing costs represents a component of depreciation and amortization expense. The Company reports amortization of financing costs, amortization of premiums, and accretion of discounts as part of interest expense. Future amortization of lease origination costs, leases in place, financing costs, legal and marketing costs and tenant relationships is as follows:

For the Periods Ending March 31,	Lease Origination Costs	Leases In Place	Financing Costs	Legal & Marketing Costs	Tenant Relationships
2016	\$481,321	\$3,611,168	\$895,867	\$48,864	\$2,278,381

**Income Taxes**

The Company has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code and applicable Treasury regulations relating to REIT qualification. In order to maintain this REIT status, the regulations require the Company to distribute at least 90% of its taxable income to shareholders and meet certain other asset and income tests, as well as other requirements. Thus, the Company made no provision for federal income taxes for the REIT in the accompanying condensed consolidated financial statements. If the Company fails to qualify as a REIT, it will be subject to tax at regular corporate rates for the years in which it failed to qualify. If the Company loses its REIT status, it could not elect to be taxed as a REIT for five years unless the Company's failure to qualify was due to a reasonable cause and certain other conditions were satisfied.

**Use of Estimates**

The Company has made estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reported periods. The Company's actual results could differ from these estimates.

**Noncontrolling Interests**

Noncontrolling interests is the portion of equity in the Operating Partnership not attributable to the Trust.

Accordingly, the Company has reported noncontrolling interests in equity on the March 31, 2015 unaudited condensed consolidated balance sheet but separate from the Company's shareholders' equity. On the March 31, 2015 unaudited condensed consolidated statements of operations, the subsidiaries are reported at the consolidated amount, including

both the amount attributable to the

Company and noncontrolling interests. The unaudited condensed consolidated statement of equity includes beginning balances, activity for the period and ending balances for shareholders' equity, noncontrolling interests and total equity. The noncontrolling interest of the Operating Partnership common unit holders is calculated by multiplying the noncontrolling interest ownership percentage at the balance sheet date by the Operating Partnership's net assets (total assets less total liabilities). The noncontrolling interest percentage is calculated at any point in time by dividing the number of units not owned by the Company by the total number of units outstanding. The noncontrolling interest ownership percentage will change as additional units are issued or as units are exchanged for the Company's Common Stock. In accordance with GAAP, any changes in the value from period to period are charged to additional paid-in capital.

## Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers," which supersedes the revenue recognition requirements of Accounting Standards Codification ("ASC") Topic 605, "Revenue Recognition" and most industry-specific guidance on revenue recognition throughout the ASC. The new standard is principles based and provides a five step model to determine when and how revenue is recognized. The core principle of the new standard is that revenue should be recognized when a company transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The new standard also requires disclosure of qualitative and quantitative information surrounding the amount, nature, timing and uncertainty of revenues and cash flows arising from contracts with customers. The new standard will be effective for the Company in the first quarter of the year ended December 31, 2017 and can be applied either retrospectively to all periods presented or as a cumulative-effect adjustment as of the date of adoption. Early adoption is not permitted. The Company is currently evaluating the impact of adoption of the new standard on its consolidated financial statements.

In August 2014, the FASB issued ASU 2014-15, "Presentation of Financial Statements - Going Concern (Subtopic 205-40)." This ASU defines management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and provides guidance on required financial statement footnote disclosures. This ASU is effective for annual periods ending after December 15, 2016. The Company will adopt the ASU in 2016.

In April 2015, the FASB issued ASU 2015-03, Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs. This new guidance requires the presentation of unamortized debt issuance costs to be shown in the liabilities section of the consolidated balance sheets as a reduction of the principal amount of the associated debt, rather than as an asset. ASU 2015-03 is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted, including adoption in an interim period. The new standard must be applied using a retrospective approach by

restating prior period comparative consolidated balance sheets. The Company does not expect the adoption of ASU 2015-03 to materially impact its financial position or results of operations.

Other accounting standards that have been issued or proposed by the FASB or other standard-setting bodies are not currently applicable to the Company or are not expected to have a significant impact on the Company's financial position, results of operations and cash flows.

## 3. Investment Properties

Investment properties consist of the following:

	March 31, 2015 (unaudited)	December 31, 2014
Land	\$37,870,933	\$37,195,616
Land held for improvement	8,790,918	6,846,918
Buildings and improvements	126,107,602	116,584,868
Investment properties at cost	172,769,453	160,627,402
Less accumulated depreciation and amortization	(9,503,586 )	(8,376,416 )
Investment properties, net	\$163,265,867	\$152,250,986

A significant portion of the Company's land, buildings and improvements serves as collateral for its mortgage loans payable portfolio. Accordingly, restrictions exist as to the encumbered property's transferability, use and other common rights typically associated with property ownership.

## Acquisitions

## Laskin Road Land

On January 9, 2015, the Company completed its acquisition of 0.47 acres of undeveloped land located on Laskin Road in Virginia Beach, Virginia ("Laskin Road") for a contract price of \$1,644,000. The Company acquired Laskin Road for future development opportunities. The Company paid cash of \$150,000 with the \$1,494,000 balance of the contract price to be paid in common units on the earlier of the one year anniversary of the acquisition or the completion of any development activities. The number of units issued will be determined using the Company's common stock price on the day prior to issuance.

## Pierpont Centre

On January 14, 2015, the Company completed its acquisition of Pierpont Centre, a 122,259 square foot shopping center located in Morgantown, West Virginia ("Pierpont Centre") for a contract price of \$13.89 million, paid through a combination of cash and debt. Pierpont Centre is currently 100% leased and its major tenants include GNC, Hallmark, Michael's, Ruby Tuesday and Outback Steakhouse.

## Brook Run Properties

On March 27, 2015, the Company completed its acquisition of Brook Run Properties, LLC ("Brook Run Properties"), consisting of a 2.0 acre parcel of undeveloped real estate located in Richmond, Virginia, for a contract price of \$300,000 in cash. The Company plans to ground lease this property to an affiliated shopping center.

The following summarizes the consideration paid and the preliminary estimated fair values of assets acquired and liabilities assumed in conjunction with the acquisitions described above, along with a description of the methods used to determine fair value. In determining fair values, the Company considered many factors including, but not limited to, cash flows, market cap rates, location, occupancy rates, appraisals, other acquisitions and management's knowledge of the current acquisition market for similar properties. The valuations and purchase price allocations for these acquisitions remain preliminary but are expected to be finalized prior to December 31, 2015.

3. Investment Properties (continued)

	Total
Preliminary estimated fair value of assets acquired and liabilities assumed:	
Investment property (a)	\$ 11,873,413
Lease intangibles and other assets (b)	2,753,413
Above market leases (b)	1,215,221
Below market leases (b)	(13,047 )
Preliminary fair value of net assets acquired	\$ 15,829,000
Purchase consideration:	
Consideration paid with cash and debt	\$ 14,335,000
Consideration paid with common units	1,494,000
Total consideration (c)	\$ 15,829,000

a. Represents the preliminary estimated fair value of the investment property acquired which includes land, buildings, site improvements and tenant improvements. The fair value was determined using the following approaches:

- i. the market approach valuation methodology for land by considering similar transactions in the markets;
- ii. a combination of the cost approach and income approach valuation methodologies for buildings, including replacement cost evaluations, "go dark" analyses and residual calculations incorporating the land values; and
- iii. the cost approach valuation methodology for site and tenant improvements, including replacement costs and prevailing quoted market rates.

b. Represents the preliminary estimated fair value of lease intangibles and other assets. Lease intangibles include leasing commissions, in place leases, above/below market leases and legal and marketing fees associated with replacing existing leases. The income approach was used to determine the fair value of these intangible assets which included estimated market rates and expenses. It was determined that carrying value approximated fair value for other asset amounts.

c. Represents the components of purchase consideration paid. Consideration paid with common units includes amounts currently due for acquisitions that, per the original contract, are to be settled by issuing common units subsequent to March 31, 2015.

The Company incurred \$653,242 in acquisition expenses for these acquisitions. These costs are included on the unaudited condensed consolidated statement of operations under the caption "Corporate general & administrative."

3. Investment Properties (continued)

Unaudited pro forma financial information in the aggregate is presented below for certain acquisitions. The unaudited pro forma information presented below includes the effects of the acquisitions as if they had been consummated as of the beginning of the prior fiscal year. The pro forma results include adjustments for depreciation and amortization associated with acquired tangible and intangible assets, straight-line rent adjustments and interest expense related to debt incurred. Unaudited pro forma financial information has not been presented for Laskin Road and Brook Run Properties as the Company's management has determined that their inclusion would not be meaningful due to the lack of operating history.

## 6. Equity

## Earnings per share

Basic earnings per share for the Company's common shareholders is calculated by dividing income from continuing operations, excluding amounts attributable to preferred stockholders and the net loss attributable to noncontrolling interests, by the Company's weighted-average shares of common stock outstanding during the period. Diluted earnings per share is computed by dividing the net income attributable to common shareholders, excluding amounts attributable to preferred shareholders and the net loss attributable to noncontrolling interests, by the weighted-average number of common shares including any dilutive shares.

As of March 31, 2015, 1,737,738 of the Operating Partnership's common units outstanding to noncontrolling interests are eligible to be converted into shares of common stock on a one-to-one basis. Additionally, 1,595,900 shares of Series B convertible preferred stock ("Series B Preferred Stock") and \$3,000,000 of senior convertible debt are eligible to be converted into 9,396,579 shares of the Company's common stock and warrants to purchase 2,635,025 shares of the Company's common stock were outstanding at March 31, 2015. The common units, convertible preferred stock, senior convertible debt and warrants have been excluded from the Company's diluted earnings per share calculation because their inclusion would be antidilutive.

## Dividends

Dividends were made to holders of common units, common shares and preferred shares as follows:

	Three Months Ended March 31,	
	2015	2014
Common unit and common shareholders	\$992,883	\$966,950
Preferred shareholders	2,502,223	40,703
Total	\$3,495,106	\$1,007,653

On March 19, 2015, the Company declared a \$0.0175 per share dividend payable on or about April 30, 2015 to shareholders and unitholders of record as of March 31, 2015. Accordingly, the Company has accrued \$198,779 as of March 31, 2015 for this dividend.

During the three months ended March 31, 2015, the Company declared quarterly dividends of \$1,291,021 to preferred shareholders of record as of March 31, 2015 to be paid on April 15, 2015. Accordingly, the Company has accrued \$1,291,021 as of March 31, 2015 for this dividend.

## Series C Preferred Stock Offering

On March 19, 2015, the Company entered into securities purchase agreements dated as of March 19, 2015 (the "Securities Purchase Agreements"), with certain accredited investors (the "Investors"), pursuant to which, among other things, the Company sold an aggregate of 93,000 shares of Series C Mandatorily Convertible Cumulative Perpetual Preferred Stock, liquidation value \$1,000 per share (the "Series C Preferred Stock"), in a private placement (the "Private Placement") to the Investors in exchange for aggregate consideration of \$93,000,000, consisting of \$90,000,000 in cash and \$3,000,000 in debt reduction. Each share of Series C Preferred Stock was sold to the Investors at an offering price of \$1,000 per share. The Company expects to use the net offering proceeds to acquire properties and for general working capital.

From March 19, 2015 until June 18, 2015, the holders of Series C Preferred Stock are entitled to receive, when, and if authorized by the Company's Board of Directors and declared by the Company out of legally available funds, a dividend, on an as converted basis, that mirrors any dividend payable on shares of common stock and also will be entitled to share in any other distribution made on the Common Stock on an as converted basis (other than dividends or other distributions payable in Common Stock). Any dividends or other distributions on the Series C Preferred Stock during this time period will be paid, on an as converted basis, pro rata from the date of issuance.

In addition, for the period beginning on and including June 19, 2015, but only to the extent that the Series C Preferred Stock remains outstanding and subject to the preferential rights of holders of any shares of senior capital stock of the Company, each share of the Series C Preferred Stock will bear a dividend, when and as authorized by the Board of Directors of the Company, equal to the excess, if any, of (i) 15.0% per annum, minus (ii) any dividend or other distribution payable by the Company on the Series C Preferred Stock pursuant to the previous paragraph in respect of the applicable quarterly period. Such dividends shall be cumulative from June 19, 2015 and shall be payable quarterly in arrears on or before July 15th, October 15th, January 15th and April 15th of each year or, if not a business day, the next succeeding business day. If the Series C Preferred Stock is converted to Common Stock prior to June 19, 2015, then no additional dividends will be payable on the Series C Preferred Stock.

The Series C Preferred Stock will automatically convert into shares of Common Stock on the fifth business day following the approval by the requisite holders of the Common Stock of the conversion of the Series C Preferred Stock into Common Stock and the issuance of Common Stock upon such conversion. Each share of Series C Preferred Stock shall convert into that number of shares of Common Stock equal to (i) the sum of the stated value and all accrued and unpaid dividends thereon, divided by (ii) the conversion price of \$2.00 per share, subject to adjustment.

The Series C Preferred Stock is redeemable by the Company, in whole or in part at any time and from time to time, at a redemption price per share of the Series C Preferred Stock equal to (i) if the redemption occurs on or prior to the first

anniversary of the issuance of the Series C Preferred Stock, the greater of (A) 105% of the liquidation preference plus all accrued and unpaid dividends, and (B) 105% of the value of that number of shares of Common Stock into which such share of Series C Preferred Stock would have been convertible immediately prior to the day fixed for redemption, which value shall be calculated on the volume weighted average price of the Common Stock for the 20 trading days prior to the day fixed for redemption; or (ii) if the redemption occurs after the first anniversary of the issuance of the Series C Preferred Stock, the greater of (A) 100% of the liquidation preference plus all accrued and unpaid dividends; and (B) 100% of the value of that number of shares of Common Stock into which such share of Series C Preferred Stock would have been convertible immediately prior to the day fixed for redemption, which value shall be calculated on the volume weighted average price of the Common Stock for the 20 trading days prior to the day fixed for redemption.

Net proceeds from the Private Placement totaled \$83,496,881, which includes the impact of the underwriters' selling commissions and legal, accounting and other professional fees. Proceeds from the Private Placement will be used for future acquisitions and for general corporate purposes.

Equity Issuances under Share Incentive Plan

During the three months ended March 31, 2015, the Company issued 13,157 shares to directors, officers and consultants for services rendered to the Company. The market value of these shares at the time of issuance was approximately \$45,000. As of March 31, 2015, there are 381,009 shares available for issuance under the Company's Stock Incentive Plan.

7. Commitments and Contingencies

The Company is involved in various legal proceedings arising in the ordinary course of its business, including, but not limited to commercial disputes. The Company believes that such litigation, claims and administrative proceedings will not have a material adverse impact on its financial position or its results of operations. The Company records a liability when it considers the loss probable and the amount can be reasonably estimated.

On July 10, 2008, one of the Company's subsidiaries, Perimeter Associates, LLC ("Perimeter"), sued a tenant for breach of contract, guaranty of the contract and fraud related to an executed lease. In response, on August 22, 2008, the defendant filed a counterclaim against Perimeter for breach of contract, unjust enrichment and fraud. On April 8, 2013, the court found in favor of the defendant and assessed damages against Perimeter in the amount of \$13,300. On or about May 8, 2013, Perimeter appealed the judgment of the lower court to the Oklahoma Supreme Court. Subsequent to the initial judgment, the defendant's attorney applied to the court to be reimbursed for approximately \$368,000 in legal fees incurred by the defendant during litigation. On July 9, 2013, the lower court awarded the defendant approximately \$267,000 of the defendant's legal fees. Perimeter expects to amend its appeal with the Oklahoma Supreme Court to include the issue of the award of legal fees. The Company has posted bonds for both judgments and has accrued for the judgments in its financial statements. The Company will continue to vigorously litigate the issues raised upon appeal.

8. Related Party Transactions

Jon S. Wheeler ("Mr. Wheeler"), the Company's Chairman and Chief Executive Officer, when combined with his affiliates, represents the Company's largest stockholder.

Prior to being acquired by the Company in October 2014, Wheeler Interests, LLC ("Wheeler Interests"), which was controlled by Mr. Wheeler, leased the Company's Riversedge property under a 10 year operating lease expiring in November 2017, with four five year renewal options available. The lease required monthly base rent payments of \$24,000 and provided for annual increases throughout the term of the lease and subsequent option periods.

Additionally, Wheeler Interests reimbursed the Company for a portion of the property's operating expenses and real estate taxes.

Butler Square is 100% leased as of the date of this filing and its major tenants include Bi-Lo and Dollar Tree.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion of our financial condition and results of operations in conjunction with our unaudited condensed consolidated financial statements and the notes thereto included in this Form 10-Q, along with the consolidated and combined financial statements and the notes thereto and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in our 2014 Form 10-K for the year ended December 31, 2014. For more detailed information regarding the basis of presentation for the following information, you should read the notes to the unaudited condensed consolidated financial statements included in this Form 10-Q.

This Form 10-Q contains forward-looking statements within the meaning of the federal securities laws, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete projects, amounts of anticipated cash distributions to our shareholders in the future and other matters. These forward-looking statements are not historical facts but are the intent, belief or current expectations of our management based on its knowledge and understanding of our business and industry. Forward-looking statements are typically identified by the use of terms such as "may," "will," "should," "potential," "predicts," "anticipates," "expects," "intends," "plans," "believes," "estimates" or the negative of such terms and variations of these words and similar expressions, although not all forward-looking statements include these words. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. You are cautioned not to place undue reliance on forward-looking statements, which reflect our management's view only as of the date of this Form 10-Q. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results.

The forward-looking statements should be read in light of these factors and the factors identified in the "Risk Factors" sections of our Registration Statement on Form S-11 (as amended) filed with the Securities and Exchange Commission ("SEC") on September 9, 2014.

Executive Overview

The March 31, 2015 three month period includes the combined operations of all properties owned at December 31, 2014 as described in our 2014 Form 10-K, and a partial quarter of operations for Pierpont Centre. Conversely, the March 2014 three month period only includes a full period of combined operations for all properties owned at December 31, 2013 as described in our 2013 Annual Report on Form 10-K for the year ended December 31, 2013 ("2013 Form 10-K"). The March 2015 results also included a full quarter of impact from internalizing Wheeler Interests, LLC, Wheeler Real Estate, LLC, and Wheeler Management, LLC (the "Operating Companies"). In providing the following discussion and analysis of our results of operations, we have separately identified the activities of properties owned for the entire 2014 annual period (collectively referred to as "same stores") and of those properties acquired during 2014 and 2015 (collectively referred to as "new stores"). This illustrates the significant impact the properties acquired during 2014 had on our results of operations.

Leasing Activity

Renewals during the first three months of 2015 were comprised of ten deals totaling 88,825 square feet with a weighted-average increase of \$0.92 per square foot, representing an increase of 9.65% over prior rates. The rates on negotiated renewals resulted in a weighted-average increase of \$0.97 per square foot on nine renewals and a \$1.00 per square foot decrease on one renewal. All ten renewals resulted in changes to rent per square foot, while four renewals represented options being exercised.

Approximately 10.51% of our gross leasable area is subject to leases that expire during the twelve months ending March 31, 2016 that have not already been renewed. Based on recent market trends, we believe that these leases will be renewed at amounts and terms comparable to existing lease agreements.

#### Acquisitions

On January 9, 2015, the Company completed its acquisition of 0.47 acres of undeveloped land located on Laskin Road in Virginia Beach, Virginia ("Laskin Road") for a contract price of \$1,644,000. The Company acquired Laskin Road for future development opportunities. The Company paid cash of \$150,000 with the \$1,494,000 balance of the contract price to be paid in common units on the earlier of the one year anniversary of the acquisition or the completion of any development activities. The number of units issued will be determined using the Company's Common Stock price on the day prior to issuance.

On January 14, 2015, the Company completed its acquisition of Pierpont Centre, a 122,259 square foot shopping center located in Morgantown, West Virginia ("Pierpont Centre") for a contract price of \$13.89 million, paid through a combination of cash and debt. Pierpont Centre is currently 100% leased and its major tenants include GNC, Hallmark, Michael's, Ruby Tuesday and Outback Steakhouse.

On March 27, 2015, the Company completed its acquisition of Brook Run Properties, LLC ("Brook Run Properties"), consisting of a 2.0 acre parcel of undeveloped real estate located in Richmond, Virginia, for a contract price of \$300,000, paid in cash. The Company plans to ground lease this property to an affiliated shopping center.

#### Critical Accounting Policies

In preparing the condensed consolidated financial statements, we have made estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reported periods. Actual results may differ from these estimates. A summary of our critical accounting policies is included in our 2014 Form 10-K under "Management's Discussion and Analysis of Financial Condition and Results of Operations." There have been no significant changes to these policies during the three months ended March 31, 2015. For disclosure regarding recent accounting pronouncements and the anticipated impact they will have on our operations, please refer to Note 2 of the condensed consolidated financial statements included in this Form 10-Q.

#### Property Revenues

Total same store property revenues for the three month period ended March 31, 2015 were \$3.63 million, compared to \$3.66 million for the three month period ended March 31, 2014. Same store revenues fluctuated primarily due to Riversedge North ceasing to pay rent due to management internalization, the amount and timing of prior year tenant reimbursement reconciliation adjustments and contractual rent adjustments. Riversedge North contributed \$97,000 to property revenues for the three month period ended March 31, 2014. Excluding the impact of Riversedge North on the 2014 property revenues, same store property revenues increased approximately \$60,000 for the three month period ended March 31, 2015 as compared to the prior period.

The three month period ended March 31, 2015 represents full periods of operations reported for the twelve acquisitions made in 2014, and a partial quarter of operations for the Pierpont Centre acquisition made in the three months ended March 31, 2015. These properties (new stores) contributed \$1.80 million in revenues for the three month period ended March 31, 2015, respectively, compared to \$0 for the three month period ended March 31, 2014. Going forward we believe these properties will generate a significant amount of revenue for us and we will benefit from future contractual rent increases and expansion opportunities.

#### Property Expenses

Total same store operating expenses for the three month period ended March 31, 2015 were \$1,088,676, compared to \$923,182 for the three month period ended March 31, 2014. The increase was primarily due to the nature and timing of repairs and maintenance, increases in real estate taxes due to property reassessments of prior acquisitions, increases in utility expenses which were caused by the unusually inclement weather experienced in our markets and increases in cost allocations associated with managing the properties for the three months ended March 31, 2015 as compared to the 2014 three month period.

There were no significant unusual or non-recurring items included in new store property expenses for the three month period ended March 31, 2015.

#### Property Net Operating Income

Total property net operating income was \$3.80 million for the three month period ended March 31, 2015, compared to \$2.74 million for the three month period ended March 31, 2014. The March 2015 three month period results represent increases of \$1.06 million over the comparable March 2014 period. New stores accounted for the majority of these increases by generating \$1.26 million in property net operating income for the three month period ended March 31, 2015, compared to \$0 for the three month period ended March 31, 2014.

#### Other Operating Expenses

Same store other operating expenses for the three month period ended March 31, 2015 period were \$3.49 million, respectively, representing an increase of \$874,743 over the three month period ended March 31, 2014. This increase in same store operating expenses resulted from an increase of \$986,951 in general and administrative expenses offset by a \$136,820 decrease in depreciation and amortization expenses. The decreases in same store depreciation and amortization expense for the three month period ended March 31, 2015, resulted from more assets becoming fully depreciated and amortized since the March 2014 period.

Total general and administrative expenses for the three months ended March 31, 2015 increased by \$1.48 million as compared to the 2014 period. General and administrative expenses during the March 2015 period included approximately \$852,000 of non-recurring expenses related to acquisitions, capital events and marketing that are discussed below. Additionally, there were approximately \$198,000 of costs related to our annual audit and other one-time annual fees that were expensed during the three months ended March 31, 2015 that are also further discussed below. During the three months ended March 31, 2015, we incurred approximately \$653,000 of professional fees related to acquisitions and capital transactions, compared to approximately \$57,000 for the 2014 period. First quarter 2015 acquisition expenses were associated with the acquisitions completed in the three months ended March 31, 2015 and due diligence of potential acquisitions currently in our pipeline, primarily related to financial statement audits, appraisals and legal matters. Additionally, we incurred approximately \$32,000 of non-recurring travel and other costs associated with the March 2015 Series C Preferred Stock offering and sourcing potential acquisitions. General and administrative expenses for the three months ended March 31, 2015 were impacted by the internalization of the

Operating Companies, including approximately \$655,800 of compensation and benefits expenses that were not incurred during the 2014 period, annual auditing and tax return costs and other operating costs resulting from internalizing the Operating Companies.

Compensation and benefits expenses included approximately \$82,000 of non-recurring employee bonuses for the Pierpont Centre and Alex City Marketplace acquisitions that are based on 2014 compensation plans that are no longer in place, but still applied to these acquisitions since they were deals sourced in 2014. During 2015, we revamped our compensation plan

for the acquisition team to a primarily base salary structure. During the three months ended March 31, 2015, we incurred approximately \$125,000 of annual audit fees and approximately \$25,000 of non-recurring accounting fees related to establishing our Taxable REIT Subsidiaries. The majority of the annual audit work is performed during the first quarter of each year so audit related fees should be nominal during the remainder of 2015. General and administrative expenses for the three months ended March 31, 2015 were also impacted by several other items that should not occur in subsequent 2015 quarters, including our annual Nasdaq fee of \$55,000, our annual NexusPayables fee of \$18,000 and non-recurring marketing and event sponsorship expenses of approximately \$60,000.

#### Interest Expense

Same store interest expense was \$1.72 million for the three month period ended March 31, 2015, which represents an increase of \$347,277 as compared to \$1.37 million for the three month period ended March 31, 2014. The increase primarily resulted from a full three months of interest on the issuance of \$2.16 million in senior non-convertible notes in January 2014 and the acceleration of amortization expense on loan costs related to the \$3,000,000 of senior convertible debt that was converted in Series C Preferred Stock in March 2015. Total interest expense for the three months ended March 31, 2015 increased \$1.01 million. In addition to the impact of the senior debt, total interest expense was affected by the issuance of \$56.5 million of acquisition-related debt since March 2014.

#### Funds from Operations

We use Funds from Operations ("FFO"), a non-GAAP measure, as an alternative measure of our operating performance, specifically as it relates to results of operations and liquidity. We compute FFO in accordance with standards established by the Board of Governors of NAREIT in its March 1995 White Paper (as amended in November 1999 and April 2002). As defined by NAREIT, FFO represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property, plus real estate related depreciation and amortization (excluding amortization of loan origination costs) and after adjustments for unconsolidated partnerships and joint ventures. Most industry analysts and equity REITs, including us, consider FFO to be an appropriate supplemental measure of operating performance because, by excluding gains or losses on dispositions and excluding depreciation, FFO is a helpful tool that can assist in the comparison of the operating performance of a company's real estate between periods, or as compared to different companies. Management uses FFO as a supplemental measure to conduct and evaluate our business because there are certain limitations associated with using GAAP net income alone as the primary measure of our operating performance. Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time, while historically real estate values have risen or fallen with market conditions. Accordingly, we believe FFO provides a valuable alternative measurement tool to GAAP when presenting our operating results.

Below is a comparison of same and new store FFO for the three month periods ended March 31, 2015 and 2014:

	Three Months Ended March 31,						Period Over Period Changes		
	Same Stores		New Stores		Total		\$	%	
	2015	2014	2015	2014	2015	2014			
Net income (loss)	\$(2,670,515)	\$(1,245,888)	\$(1,552,674)	\$—	\$(4,223,189)	\$(1,245,888)	\$(2,977,301)	238.97	%
Depreciation of real estate assets	1,648,782	1,785,602	1,587,702	—	3,236,484	1,785,602	1,450,882	81.25	%
Total FFO	\$(1,021,733)	\$539,714	\$35,028	\$—	\$(986,705)	\$539,714	\$(1,526,419)	(282.82)	%

During the three month period ended March 31, 2015, same store FFO decreased \$1,561,447, primarily due to an increase of \$347,277 in same store interest expense, coupled with an increase of \$986,951 in corporate general and administrative expenses for the three month period ended March 31, 2015. Total FFO decreased \$1,526,419 for the three month period ended March 31, 2015, primarily due to the preferred stock dividends paid on the Series B and Series C Preferred Stock issued subsequent to the March 2014 three month period. The increases in interest expense and corporate general and administrative expenses are discussed in the "Other Operating Expenses" section above. We believe the computation of FFO in accordance with NAREIT's definition includes certain items that are not indicative of the results provided by our operating portfolio and affect the comparability of our period-over-period performance. These items include, but are not limited to, legal settlements, non-cash share-based compensation expense, non-cash amortization on loans and acquisition costs. Therefore, in addition to FFO, management uses Core FFO, which we define to exclude such items. Management believes that these adjustments are appropriate in determining Core FFO as they are not indicative of the operating performance of our assets. In addition, we believe that Core FFO is a useful supplemental measure for the investing community to use in comparing us to other REITs as many REITs provide some form of adjusted or modified FFO. However, there can be no assurance that Core FFO presented by us is comparable to the adjusted or modified FFO of other REITs.

Excluding the impact of acquisition and legal related costs and share-based compensation, total core FFO for the three month period ended March 31, 2015 would have been \$(1,028,457), representing decreases of \$1.65 million over the March 2014 three month periods, as shown in the table below:

	Three Months Ended March 31,	
	2015	2014
Total FFO	\$(986,705 )	\$539,714
Preferred stock dividends	(2,502,223 )	(40,703 )
Preferred stock accretion adjustments	1,211,202	—
Total FFO available to common shareholders and common unitholders	(2,277,726 )	499,011
Acquisition costs	653,242	57,000
Share-based compensation	45,000	—
Loan cost amortization	486,198	86,831
Above/below market lease amortization	195,729	(23,304 )
Tenant improvement reserves	(59,500 )	—
Recurring capital expenditures	(71,400 )	—
Total Core FFO	\$(1,028,457 )	\$619,538

Preferred stock dividends for the three month period ended March 31, 2015 include approximately \$352,500 of dividends (excluding the impact of accretion adjustments) related to the Series C Preferred Stock, representing accrued dividends from March 19, 2015 through March 31, 2015. However, only a small portion of the proceeds generated in this offering were invested as of March 31, 2015. Proceeds from the Series C Preferred Stock offering will be invested in subsequent quarters. Accordingly, the full impact on FFO of investing the proceeds of these offerings will be realized in subsequent periods.

The preferred stock accretion adjustments represent the amortization of offering costs associated with raising the Series B and Series C Preferred Stock. The Series C Preferred Stock adjustment represents the majority of the total since the related offering costs are being amortized until June 4, 2015, the earliest possible conversion date.

#### Liquidity and Capital Resources

At March 31, 2015, our consolidated cash and cash equivalents totaled \$80.96 million compared to consolidated cash and cash equivalents of \$9.97 million at December 31, 2014. Cash flows from operating activities, investing activities and financing activities for the three month periods ended March 31, 2015 and 2014 were as follows:

	Three Months Ended March 31,		Period Over Period Change	
	2015	2014	\$	%
Operating activities	\$(4,738,858 )	\$62,894	\$(4,801,752 )	(7,634.67 )%
Investing activities	\$(4,545,600 )	\$(41,612 )	\$(4,503,988 )	10,823.77 %
Financing activities	\$80,273,036	\$959,965	\$79,313,071	8,262.08 %

### Operating Activities

During the three months ended March 31, 2015, our cash flows used by operating activities were \$4.74 million, compared to cash flows provided by operating activities of \$62,894 during the three months ended March 31, 2014. Operating cash flows were primarily impacted by the \$2.98 million increase in our consolidated net loss due to the factors discussed in the Results of Operations section above, specifically the \$708,997 increase in total property operations expenses associated with operating the REIT and the addition of sixteen properties since March 2014. Also impacting operating cash flows was approximately \$5.4 million paid in escrows on our contemplated acquisitions, \$4.7 million of which related to Alex City Marketplace which was completed subsequent to March 31, 2015, but required the equity funds to be escrowed on March 31, 2015.

### Investing Activities

During the three months ended March 31, 2015, our cash flows used in investing activities were \$4.55 million, compared to cash flows used in investing activities of \$41,612 during the three months ended March 31, 2014. The 2015 amount reflects the cash used to acquire the three properties in the three months ended March 31, 2015.

### Financing Activities

During the three months ended March 31, 2015, our cash flows from financing activities were \$80.27 million, compared to \$959,965 of cash flows from financing activities during the three months ended March 31, 2014. During the three months ended March 31, 2015, we received \$83.67 million from the completion of our Series C Preferred Stock offering in March 2015. These proceeds were partially offset by dividends and distributions, which increased to \$2.15 million in the three months ended March 31, 2015 from \$1,006,062 during the three months ended March 31, 2014 period as a result of the additional common shares, common units and preferred shares issued during the period from April 2014 to March 2015.

There was no refinancing activity during the three month periods ended March 31, 2015 and 2014.

As of March 31, 2015 and December 31, 2014, our debt balances consisted of the following:

	March 31, 2015	December 31, 2014
Fixed-rate notes	\$147,634,250	\$141,450,143

The weighted-average interest rate and term of our fixed-rate debt are 5.00% and 6.11 years, respectively, at March 31, 2015. We have \$21.65 million of debt maturing during the twelve months ending March 31, 2016. While we anticipate being able to refinance our maturing loans at reasonable market terms upon maturity, our inability to do so may materially impact our financial position and results of operations. See the financial statements included elsewhere in this Form 10-Q for additional mortgage indebtedness details.

### Future Liquidity Needs

The \$21.65 million in debt maturities, ongoing debt service, preferred stock dividends and the \$0.21 per share targeted annual common stock dividend we are currently paying represent the most significant factors outside of normal operating activities impacting cash flow over the next year. Our success in refinancing the debt and executing on our growth strategy will dictate our liquidity needs going forward. If we are unable to execute in these areas, our ability to grow and pay future dividends may be limited without additional capital.

In addition to liquidity required to fund debt payments, distributions and acquisitions, we may incur some level of capital expenditures during the year for the existing thirty-nine properties that cannot be passed on to our tenants. The majority of these expenditures occur subsequent to acquiring a new property that requires significant improvements to maximize occupancy and lease rates, with an existing property that needs a facelift to improve its marketability or when tenant improvements are required to make a space fit a particular tenant's needs. Significant capital expenditures could also impact our ability to grow and pay future dividends.

### Off-Balance Sheet Arrangements

As of March 31, 2015, we were not involved in any significant off-balance sheet arrangements that are likely to have a material effect on our financial condition, revenues or expenses, results of operations, liquidity, capital resources or capital expenditures.

#### New Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers," which supersedes the revenue recognition requirements of ASC Topic 605, "Revenue Recognition" and most industry-specific guidance on revenue recognition throughout the ASC. The new standard is principles based and provides a five step model to determine when and how revenue is recognized. The core principle of the new standard is that revenue should be recognized when a company transfers promised goods or services to customers in an amount that reflects the consideration to which we expect to be entitled in exchange for those goods or services. The new standard also requires disclosure of qualitative and quantitative information surrounding the amount, nature, timing and uncertainty of revenues and cash flows arising from contracts with customers. The new standard will be effective for us in the first quarter of the year ended December 31, 2017 and can be applied either retrospectively to all periods presented or as a cumulative-effect adjustment as of the date of adoption. Early adoption is not permitted. We are currently evaluating the impact of adoption of the new standard on its consolidated financial statements.

In August 2014, the FASB issued ASU 2014-15, "Presentation of Financial Statements - Going Concern (Subtopic 205-40)." This ASU defines management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and provides guidance on required financial statement footnote disclosures. This ASU will be effective for annual periods ending after December 15, 2016. We will adopt the ASU in 2016.

In April 2015, the FASB issued ASU 2015-03, Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs. This new guidance requires the presentation of unamortized debt issuance costs to be shown in the liabilities section of the consolidated balance sheets as a reduction of the principal amount of the associated debt, rather than as an asset. ASU 2015-03 is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted, including adoption in an interim period. The new standard must be applied using a retrospective approach by restating prior period comparative consolidated balance sheets. We do not expect the adoption of ASU 2015-03 to materially impact its financial position or results of operations.

#### Item 4. Controls and Procedures.

##### Evaluation of Disclosure Controls and Procedures

The management of the Trust, under the supervision and with the participation of our principal executive and financial officers, has evaluated the effectiveness of our disclosure controls and procedures in ensuring that the information required to be disclosed in our filings under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, including ensuring that such information is accumulated and communicated to the Trust's management, as appropriate, to allow timely decisions regarding required disclosure. Based on such evaluation, our principal executive and financial officers have concluded that such disclosure controls and procedures were effective as of March 31, 2015 (the end of the period covered by this Form 10-Q).

##### Changes in Internal Control Over Financial Reporting

## PART II. OTHER INFORMATION

#### Item 1. Legal Proceedings.

We are subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, management believes the final outcome of such matters will not have a material adverse effect on our financial position, results of operation or liquidity.

On July 10, 2008, one of our subsidiaries, Perimeter Associates, LLC (“Perimeter”), sued a tenant for breach of contract, guaranty of the contract and fraud related to an executed lease. In response, on August 22, 2008, the defendant filed a counterclaim against Perimeter for breach of contract, unjust enrichment and fraud. On April 8, 2013, the court found in favor of the defendant and assessed damages against Perimeter in the amount of \$13,300. On or about May 8, 2013, Perimeter appealed the judgment of the lower court to the Oklahoma Supreme Court. Subsequent to the initial judgment, the defendant’s attorney applied to the court to be reimbursed for approximately \$368,000 in legal fees incurred by the defendant during litigation. On July 9, 2013, the lower court awarded the defendant approximately \$267,000 of the defendant’s legal

Table of Contents

fees. Perimeter expects to amend its appeal with the Oklahoma Supreme Court to include the issue of the award of legal fees. We have posted bonds for both judgments and have accrued for the judgments in our financial statements. We will continue to vigorously litigate the issues raised upon appeal.
