Details regarding the meeting and the business to be conducted are more fully described in the accompanying Notice of 2018 Annual Meeting of Stockholders and Proxy Statement.

Pursuant to the Securities and Exchange Commission (“SEC”) rules that allow issuers to furnish proxy materials to stockholders over the Internet, we are posting the proxy materials on the Internet and delivering a notice of the Internet availability of the proxy materials. On or about April 26, 2018, we will begin mailing to our stockholders a Notice of Internet Availability (the “Notice”) containing instructions on how to access or request a copy of our Proxy Statement for the 2018 Annual Meeting of Stockholders and our Annual Report on Form 10-K for the year ended December 31, 2017.

Your vote is important. Whether or not you plan to attend the Annual Meeting, I hope you will vote as soon as possible. Thank you for being a HubSpot stockholder. We look forward to seeing you at our Annual Meeting.

YOUR VOTE IS IMPORTANT

In order to ensure your representation at the meeting, whether or not you plan to attend the meeting, please vote your shares as promptly as possible over the Internet by following the instructions on your Notice or, if you requested printed copies of your proxy materials, by following the instructions on your proxy card. Your participation will help to ensure the presence of a quorum at the meeting and save HubSpot the extra expense associated with additional solicitation. If you hold your shares through a broker, your broker is not permitted to vote on your behalf on (1) the election of directors or (2) the non-binding, advisory vote to approve the compensation of our named executive officers unless you provide specific instructions to the broker by completing and returning any voting instruction form that the broker provides (or following any instructions that allow you to vote your broker-held shares via telephone or the Internet). For your vote to be counted, you will need to communicate your voting decision before the date of the Annual Meeting. Voting your shares in advance will not prevent you from attending the Annual Meeting, revoking your earlier submitted proxy or voting your stock in person.

TO BE HELD WEDNESDAY, JUNE 6, 2018

GENERAL INFORMATION

Our Board of Directors (the “Board”) solicits your proxy on our behalf for the 2018 Annual Meeting of Stockholders (the “Annual Meeting”) and at any postponement or adjournment of the Annual Meeting for the purposes set forth in this Proxy Statement and the accompanying Notice of Internet Availability of Proxy Materials (the “Notice”). The Annual Meeting will be held at 9:00 a.m. Eastern Time on Wednesday, June 6, 2018 at our offices, located at 2 Canal Park, 1st Floor, Cambridge MA 02141. We made this Proxy Statement available to stockholders beginning on April 26, 2018.

In this Proxy Statement the terms “HubSpot,” “the company,” “we,” “us,” and “our” refer to HubSpot, Inc. The mailing address of our principal executive offices is HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge MA 02141.

Internet Availability of Proxy Materials We are providing access to our proxy materials over the Internet. On April 26, 2018, we mailed the Notice to stockholders, unless they requested a printed copy of proxy materials. The Notice contains instructions on how to access our proxy materials and how to vote. If you would like to receive a paper or e-mail copy of our proxy materials, please follow the instructions in the Notice. If you requested printed versions of these materials by mail, they will also include a proxy card for the Annual Meeting.

Record Date April 10, 2018.

Quorum A majority of the shares of all issued and outstanding stock entitled to vote on the record date must be present in person or represented by proxy to constitute a quorum.

Shares Outstanding 38,295,929 shares of common stock outstanding as of April 10, 2018.

Voting There are four ways a stockholder of record can vote:

- (1) By Internet: You may vote over the Internet by following the instructions provided in the Notice.
- (2) By Telephone: You can vote by telephone by following the instructions in the Notice.
- (3) By Mail: If you requested printed copies of proxy materials, you can vote by mailing your proxy as described in the proxy materials.
- (4) In Person: If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person.

In order to be counted, proxies submitted by telephone or Internet must be received by 11:59 p.m. Eastern Time on June 5, 2018. Proxies submitted by U.S. mail must be received before the start of

the Annual Meeting.

If you hold your shares through a bank or broker, please follow their instructions.

Revoking Your Proxy Stockholders of record may revoke their proxies by attending the Annual Meeting and voting in person, by filing an instrument in writing revoking the proxy or by filing another duly executed proxy bearing a later date with our Secretary before the vote is counted or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

2018 PROXY STATEMENT | HubSpot, Inc. 1

<p>Votes Required to Adopt Proposals</p>	<p>Each share of our common stock outstanding on the record date is entitled to one vote on any proposal presented at the Annual Meeting:</p> <p>For Proposal One, the election of directors, the nominees receiving a majority of votes properly cast will be elected as directors.</p> <p>For Proposal Two, a majority of the votes properly cast is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.</p> <p>For Proposal Three, a majority of the votes properly cast is required to approve the compensation of our named executive officers. Since this proposal is an advisory vote, the result will not be binding on our Board, the compensation committee of our Board (the “compensation committee”), or the Company. However, the Board values input from stockholders, and the compensation committee will consider the outcome of the vote when making future decisions regarding the compensation of our named executive officers.</p>
<p>Effect of Abstentions and Broker Non-Votes</p>	<p>Votes withheld from any nominee, abstentions and “broker nonvotes” (i.e., where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. Shares voting “withheld” have no effect on the election of directors. Abstentions have no effect on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 or the advisory vote to approve the compensation of our named executive officers.</p> <p>Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of PricewaterhouseCoopers LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted with regard to Proposals One or Three unless you affirmatively provide the broker instructions on how to vote. Broker non-votes also will have no effect on the outcome of these proposals.</p>
<p>Voting Instructions</p>	<p>If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote for the election of each of the nominees for directors, for the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, for the non-binding advisory vote to approve the compensation of our named executive officers. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.</p>
<p>Voting Results</p>	<p>We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.</p>

Additional Solicitation/Costs We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services.

Householding Some banks, brokers, and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of the Notice, Proxy Statement, and Annual Report on Form 10-K for the year ended December 31, 2017, as applicable, is being delivered to multiple stockholders sharing an address unless we have received contrary instructions. We will promptly deliver a separate copy of any of these documents to you if you write to us at Investor Relations at HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141 or call (888) 482-7768. If you want to receive separate copies of the Notice, Proxy Statement, or Annual Report on Form 10-K in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

PROPOSAL ONE

ELECTION OF DIRECTORS

Number of Directors; Board Structure

Our Board is divided into three staggered classes of directors. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class I directors expires at the Annual Meeting. The term of the Class II directors expires at the 2019 annual meeting. The term of the Class III directors expires at the 2020 annual meeting. Directors are elected to hold office for a three-year term or until the election and qualification of their successors in office.

Nominees

Based on the recommendation of the Nominating and Corporate Governance Committee of our Board, our Board has nominated Brian Halligan, Ron Gill and Jill Ward for election as directors to serve for a three-year term ending at the 2021 annual meeting or until their successors are elected and qualified. Each of the nominees is a current member of our Board and has consented to serve if elected.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received “for” the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the Board. The Board may fill such vacancy at a later date or reduce the size of the Board. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

By-law Amendment Adopting Majority Voting in Uncontested Director Elections

On April 23, 2018, based on the recommendation of the Nominating and Corporate Governance Committee, the Board unanimously approved a further amendment and restatement of the Company’s amended and restated by-laws to institute a majority voting standard under which a director nominee will be elected to the Board only if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. Abstentions and broker non-votes are not considered votes “for” or “against” the nominee’s election. Prior to this amendment and restatement, the Company’s by-laws provided that at each annual meeting of stockholders, director nominees would be elected by a plurality of the votes cast at such meeting.

The new majority voting standard will apply to the election of Class I directors at the Annual Meeting and to all future uncontested elections of directors. A director nominee will be elected to the Board if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election. An incumbent director who is nominated for election and fails to receive a majority of the votes cast for such director’s reelection would be required to promptly deliver to the Board an irrevocable offer to resign from the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the recommendation of the Nominating and Corporate Governance Committee and will publicly disclose its decision within 90 days from the date of the certification of the election results. A plurality voting standard will continue to apply to contested director elections. A contested election will generally include any situation in which the Company receives a notice that a stockholder has nominated a person for election to the Board at a meeting of stockholders.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF EACH OF THE FOLLOWING NOMINEES.

The biographies of each of the nominees and continuing directors below contain information regarding each such person’s service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the nominating and corporate governance committee to determine that the person should serve as a director of the company. In addition to the information presented below regarding each such person’s specific experience, qualifications, attributes and skills that led the Board and its nominating and corporate governance committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards.

2018 PROXY STATEMENT | HubSpot, Inc. 4

Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to HubSpot and our Board. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the Board be comprised of independent directors whom the Board has determined have no material relationship with HubSpot and who are otherwise "independent" directors under the published listing requirements of the New York Stock Exchange ("NYSE").

CORPORATE GOVERNANCE

Board Independence

The Board has determined that each of our directors, except for Mr. Halligan as chief executive officer and Mr. Shah as chief technology officer, has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, the Board has determined that each of our directors, except for Mr. Halligan, Mr. Shah and Ms. Ward, is “independent” within the meaning of our director independence standards and the director independence standards of NYSE and the SEC. Furthermore, the Board has determined that each member of each of the committees of the Board is independent within the meaning of the NYSE’s, the SEC’s, and our applicable committees’ independence standards, including Rule 10a-3(b)(1) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In making that determination, the Board considered all relevant facts and circumstances, including (but not limited to) the director’s commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships. There are no family relationships among any of our directors or executive officers. In addition, a majority of the members of the Board meets the independence standards under the rules of the NYSE.

At least annually, the Board will evaluate all relationships between us and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director’s ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, the Board will make an annual determination of whether each director is independent within the meaning of the NYSE’s, the SEC’s, and our applicable committees’ independence standards.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics (a/k/a our Code of Use Good Judgment) that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The current version of the Code of Use Good Judgment is available on the Investor Relations / Corporate Governance section on our website at <https://ir.hubspot.com/investors/corporate-governance/default.aspx>. A copy of the Code of Use Good Judgment may also be obtained, free of charge, upon a request directed to: HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141, Attention: General Counsel. We intend to disclose any amendment or waiver of a provision of the Code of Use Good Judgment that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website (available at <http://www.hubspot.com>) and/or in our public filings with the SEC.

Corporate Governance Guidelines

The Board has adopted corporate governance guidelines to assist and guide its members in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by applicable federal or state law or regulation, the NYSE and our certificate of incorporation and bylaws. Our corporate governance guidelines are available on the Investor Relations/ Corporate Governance section of our website at <https://ir.hubspot.com/investors/corporate-governance/default.aspx>. Although these corporate governance guidelines have been approved by the Board, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, those guidelines that encompass legal, regulatory or exchange requirements as they currently exist will be deemed to be modified as and to the extent that such legal, regulatory or exchange requirements are modified. In addition, the guidelines may also be amended by the Board at any time as it deems appropriate.

Board and Committee Meetings

The Board meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring their approval. It also holds special meetings when important matters require action between scheduled meetings. Members of senior management regularly attend meetings to report on and discuss their areas of responsibility. During 2017, the Board held six meetings. The Board has three standing committees:

- the audit committee, which held nine meetings in 2017;
- the compensation committee, which held five meetings in 2017; and
- the nominating and corporate governance committee, which held four meetings in 2017.

2018 PROXY STATEMENT | HubSpot, Inc. 7

Each of the incumbent directors of the Board attended at least 75% of all meetings of the Board and meetings of committees of our Board upon which they served (during the periods that they served) during 2017. The Board regularly holds executive sessions of the non-management directors as well as the independent directors. Executive sessions of non-management directors do not include employee directors and executive sessions of independent directors do not include directors who do not qualify as independent under NYSE and SEC rules.

Annual Meeting Attendance

It is our policy that members of our Board are encouraged to attend annual meetings of our stockholders. All members of our Board attended the 2017 annual meeting of our stockholders.

Committees

Our bylaws provide that the Board may delegate responsibility to committees. The Board has three standing committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The Board has also adopted a written charter for each of the three standing committees. Each committee charter is available on the Investor Relations/Corporate Governance section of our website at <http://ir.hubspot.com/investors/corporate-governance/default.aspx>.

Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NYSE. Identifying and Evaluating Director Nominees

The Board has delegated the director selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate.

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the nominating and corporate governance committee deems to be appropriate in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the Board’s approval as director nominees for election to the Board.

From time to time, we have engaged, for a fee, a third-party search firm to assist the nominating and corporate governance committee with identifying, evaluating and screening Board candidates for the Company. For our two recent Board searches, Rich Talent Group, a boutique search firm, assisted the nominating and corporate governance

committee with evaluating and screening Board candidates, including Jill Ward and Avanish Sahai, who were appointed to the Board in October 2017 and April 2018, respectively.

Minimum Qualifications

In evaluating proposed director candidates, the nominating and corporate governance committee may consider all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence, the current size and composition of our Board and the needs of our Board and its respective committees. Some of the qualifications that our nominating and corporate governance committee considers include, without limitation, integrity, judgment, diversity of experience, expertise, business acumen, understanding of our business and industry, potential conflicts of interest and other commitments. Nominees must also have proven achievement and competence in their field and the ability to provide guidance to our management team and make significant contributions to our success, and an understanding of the fiduciary responsibilities that are required of a director. Director candidates must have sufficient time available in the judgment of our nominating and corporate governance committee to perform all board of director and committee responsibilities. Members of our Board are expected to prepare for, attend, and participate in all board of director and applicable committee meetings.

While we do not have a specific policy with regard to the consideration of diversity in identifying director nominees, we believe it is essential to have directors representing diversity in many areas, including but not limited to race, ethnicity, gender, age, background, and professional experience. Accordingly, diversity is one of the factors considered by the Nominating and Corporate Governance Committee in identifying director nominees. In connection with filling the vacancy filled by Jill Ward this year, we thought it was important to increase the gender diversity of our board by adding another female board member. The addition of Avanish Sahai to the Board demonstrates our continued commitment to racial and ethnic diversity, not only on our Board but also for our employees.

Stockholder Recommendations

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Secretary at HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Stockholder Communications

The Board provides to every securityholder and interested party the ability to communicate with the Board, as a whole, and with individual directors on the Board through an established process for securityholder and other interested party communication. For a communication directed to the Board of Directors as a whole, securityholders and other interested parties may send such communication to the attention of the Company's Secretary via U.S. Mail or Expedited Delivery Service to: HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141, Attn: Board of Directors, c/o Secretary.

For a securityholder communication directed to an individual director in his or her capacity as a member of the Board, securityholders and other interested parties may send such communication to the attention of the individual director via U.S. Mail or Expedited Delivery Service to: HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141, Attn: [Name of Individual Director], c/o Secretary.

We will forward by U.S. Mail any such communication to each director, and the Chairman of the Board in his or her capacity as a representative of the Board, to whom such communication is addressed to the address specified by each such director and the Chairman of the Board, unless there are safety or security concerns that mitigate against further transmission.

Board and Committee Evaluations

The nominating and corporate governance committee oversees the annual Board and committee evaluation process. Generally, the Board and each committee conduct self-evaluations by means of written questionnaires completed by each director and committee member. The anonymous responses are summarized and provided to the Board and each committee at their next meetings in order to facilitate an examination and discussion by the Board and each committee of the effectiveness of the Board and committees, Board and committee structure and dynamics, and areas for possible improvement. The nominating and corporate governance committee establishes the Board and committee evaluation process each year and may determine to use an independent third party evaluation process from time to time in the future.

Board Leadership Structure and Board's Role in Risk Oversight

Mr. Halligan serves as our chief executive officer and as chairman of the board. The board of directors believes that having our chief executive officer as chairman of the board facilitates the board of directors' decision-making process because Mr. Halligan has first-hand knowledge of our operations and the major issues facing us. This also enables Mr. Halligan to act as the key link between the board of directors and other members of management.

Our board of directors has appointed Ms. Norrington to serve as our lead independent director. As lead independent director, Ms. Norrington presides over meetings of our independent directors, serves as a liaison between our chairman of the board of directors and the independent directors and performs such additional duties as our board of directors may otherwise determine and delegate.

One of the key functions of our board of directors is informed oversight of our risk management process. Our board of directors does not have a standing risk management committee, but rather administers this oversight function directly through the board of directors as a whole, as well as through its standing committees that address risks inherent in their respective areas of oversight. In particular, our board of directors is responsible for monitoring and assessing strategic risk exposure, including cybersecurity risk exposure. Our audit committee is responsible for reviewing and discussing our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies with respect to risk assessment and risk management. Our audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our external audit function. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines. Our compensation committee reviews and discusses the risks arising from our compensation philosophy and practices applicable to all employees that are reasonably likely to have a materially adverse effect on us.

Compensation Risk Assessment

We believe that although a portion of the compensation provided to our executive officers and other employees is performance-based, our executive compensation program does not encourage excessive or unnecessary risk-taking. Our compensation programs are designed to encourage our executive officers and other employees to remain focused on both short-term and long-term financial, operational and strategic goals, in particular in connection with our "pay-for-performance" compensation philosophy. As a result, we do not believe that the risks that may arise from our compensation programs are reasonably likely to have a material adverse effect on us.

Anti-Hedging and Anti-Pledging Policies

Our insider trading policies prohibit all directors, executive officers, and employees from buying our securities on margin, or holding such securities in a margin account and, without the prior approval of the audit committee, buying or selling derivatives on such securities, engaging in short sales involving such securities or pledging our securities as collateral for a loan. To date, no such requests have been made or approved.

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF

OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2018, and we are asking you and other stockholders to ratify this appointment. PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since 2016.

The audit committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, the Board determined to submit to stockholders for ratification the appointment of PricewaterhouseCoopers LLP. A majority of the votes properly cast is required in order to ratify the appointment of PricewaterhouseCoopers LLP. In the event that a majority of the votes properly cast do not ratify this appointment of PricewaterhouseCoopers LLP, we will review our future appointment of PricewaterhouseCoopers LLP.

We expect that a representative of PricewaterhouseCoopers LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

We have adopted a policy under which the audit committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval would generally be requested annually, with any pre-approval detailed as to the particular service, which must be classified in one of the four categories of services listed below. The audit committee may also, on a case-by-case basis, pre-approve particular services that are not contained in the annual pre-approval request. In connection with this pre-approval policy, the audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board.

In addition, in the event time constraints require pre-approval prior to the audit committee's next scheduled meeting, the audit committee has authorized its Chairperson to pre-approve services. Engagements so pre-approved are to be reported to the audit committee at its next scheduled meeting.

The Audit Committee also discussed with members of PricewaterhouseCoopers LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA Performance Standards Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee reviewed management’s report on its assessment of the effectiveness of the company’s internal control over financial reporting and the independent registered public accounting firm’s report on the effectiveness of

the company's internal control over financial reporting. The Audit Committee meets with representatives of the independent registered public accounting firm, with and without management present, to discuss the results of their examinations; their evaluations of the company's internal control, including internal control over financial reporting; and the overall quality of the company's financial reporting.

accountant's communications with the Audit Committee concerning independence, and discussed with members of PricewaterhouseCoopers LLP its independence.

Based on these discussions, the financial statement review and other matters it deemed relevant, the Audit Committee recommended to the Board that the company's audited consolidated financial statements for 2017 be included in its Annual Report on Form 10-K for 2017.

PROPOSAL THREE

NON-BINDING, ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, not less frequently than once every three years, the compensation of our named executive officers as disclosed in our annual proxy statement in accordance with the compensation disclosure rules of the SEC.

As described in detail under the heading “Compensation Discussion and Analysis,” we seek to closely align the interests of our named executive officers with the interests of our stockholders. Our compensation program is designed to reward our named executive officers for the achievement of short-term and long-term financial, operational and strategic goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

Stockholders are urged to read the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement, which discuss how our executive compensation policies and practices implement our compensation philosophy and contain tabular information and narrative discussion about the compensation of our named executive officers. Our Board and the compensation committee believe that these policies and practices are effective in implementing our compensation philosophy and in achieving our compensation program goals.

The vote on this resolution is not intended to address any specific element of compensation but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. The vote is advisory, which means that the vote is not binding on the Company, our Board or the compensation committee. Although non-binding, our Board and the compensation committee value the opinions that stockholders express in their votes and will review the voting results and take them into consideration as they deem appropriate when making future decisions regarding our executive compensation program

Accordingly, we are asking our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the stockholders of HubSpot, Inc. approve, on a non-binding, advisory basis, the compensation of the Company’s named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including in the Compensation Discussion and Analysis, the compensation tables and the narrative disclosures that accompany the compensation tables.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of our common stock, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all such reports.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that for 2017, all required reports were filed on a timely basis under Section 16(a), except for one late Form 4 transaction for Mr. Halligan.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section describes how our executive compensation programs are designed and operate with respect to our named executive officers. For 2017, our named executive officers were:

Name	Title
Brian Halligan	Chief Executive Officer
John Kinzer	Chief Financial Officer
J.D. Sherman	President and Chief Operating Officer
Hunter Madeley	Chief Sales Officer
Dharmesh Shah	Chief Technology Officer

Executive Summary and Compensation Philosophy

Our compensation committee designs our executive compensation program with the goal of attracting, retaining and motivating high-caliber executive officers, while simultaneously promoting the achievement of key company performance measures to align the incentives of our executive officers with our stockholders' interests. We compete with many other public and private companies within our region and across the country for executives. Accordingly, the compensation committee generally targets overall compensation for our executive officers to be competitive in our industry and region. Variations in this targeted compensation may occur depending on the experience level of the individual and other market factors, such as the demand for executives with certain skills and experience and the costs associated with recruiting qualified executives from other established companies. We intend to provide a competitive total compensation package and will share our success with our executive officers, as well as our other employees, when our objectives are met.

In 2017, we delivered strong financial performance, with highlights that included:

- 9% year-over-year revenue growth to \$375.6 million in 2017, compared to \$271.0 million in 2016;
- 5.8 percentage point improvement in GAAP operating margin to (10.7)% in 2017, compared to (16.5)% in 2016;
- 6.7 percentage point improvement in non-GAAP operating margin to 2.3% in 2017, compared to (4.4)% in 2016;
- Generated \$22.3 million of free cash flow in 2017, compared to using \$(2.2) million during 2016; and
- Grew total customers to 41,593 at December 31, 2017, up 48% from December 31, 2016.

We adopted an executive compensation clawback policy and stock ownership guidelines for our executive officers and the non-employee members of our Board in 2016, and we adhere to other executive compensation best practices as summarized below:

During 2017 and continuing in 2018, our founders, Messrs. Halligan and Shah voluntarily elected to receive a base salary of \$1 and to forego any cash bonus payments under the Senior Executive Cash Incentive Bonus Plan.

The compensation of our named executive officers in 2017 consisted of the following elements:

Compensation Element	Objective
Base salary	To attract and retain talented executives.
Annual cash incentive compensation	To motivate and reward our executives for the achievement of key company objectives set by the compensation committee at the beginning of the year.
Long-term equity incentive compensation	To retain and motivate our executives and align their interests with those of our stockholders.
Other benefits	General employee medical and dental plans, unlimited vacation, life and disability insurance and Section 401(k) plan matching contributions designed to provide employee benefits competitive with those offered by our peer group and other companies with which we compete for talent.

Each of the elements of our executive compensation program is discussed in more detail below. Our compensation elements are designed to be flexible, to complement each other and to serve the compensation objectives described above. While we have not adopted any formal policies for allocating compensation between fixed and variable compensation, we generally target our long-term equity incentive compensation to be a significant majority of total compensation. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of short-term cash and long-term equity incentive awards.

Determining Executive Compensation

Role of the Compensation Committee

The compensation committee of our board of directors oversees our executive compensation program and annually reviews and approves all executive compensation decisions. The compensation committee meets several times near the beginning of each fiscal year to review our executive compensation programs, establish the company performance measures used to set the annual cash incentive compensation opportunities for the fiscal year and review the target total direct compensation for our executive officers to ensure consistency with our overall compensation philosophy. As part of their executive compensation review, the compensation committee is provided with relevant information, such as the competitive market data described further below, to use as a reference when setting each individual compensation element and target total direct compensation levels.

Role of our Chief Executive Officer and Other Executive Officers

Our Chief Executive Officer, President and Chief Operating Officer, and Chief Financial Officer assist the compensation committee in identifying the key performance and incentive measures that may be used in setting annual cash incentive compensation opportunities and also provide input on key contributors and performers within the company so as to ensure their compensation accurately reflects their responsibilities, performance, experience levels and expected future contributions. Our Chief Executive Officer and President and Chief Operating Officer make recommendations to the compensation committee regarding compensation for our executive officers. No executive officer participated in the final deliberations or determinations regarding his own compensation package, except for Messrs. Halligan and Shah, who each requested that his base salary be reduced to \$1 for 2017.

Role of the Compensation Consultant

The compensation committee has retained Compensia, a nationally recognized compensation consulting firm, to serve as its compensation consultant. In compliance with the disclosure requirements of the SEC regarding the independence of compensation consultants, the compensation committee has assessed each of the six independence factors established by the SEC and adopted by the NYSE and has determined that the engagement of Compensia does not raise any conflicts of interest or similar concerns. In addition, the compensation committee evaluated the independence of its other outside advisors to the compensation committee, including outside legal counsel, considering the same independence factors and concluded their work for the compensation committee does not raise any conflicts of interest.

Compensia reports directly to the compensation committee and does not provide any non-compensation related services to the company. Compensia does not make specific compensation-related recommendations, although it does use the competitive market data described below to provide ranges for base salary, annual cash incentive awards and long-term incentive awards that are consistent with the company’s compensation peer group for the compensation committee to consider. Compensia attends certain compensation committee meetings, executive sessions and preparatory meetings with the committee chair and certain executive officers, as requested by the compensation committee.

Use of Competitive Market Data and Peer Groups

The compensation committee directs Compensia to provide it with competitive market data and analysis based on a select group of peer companies and published survey data, as well as information about current market practices and trends, compensation structures and peer group compensation ranges. The comparative market data Compensia provides is based on a compensation peer group selected and approved by the compensation committee with input and guidance from Compensia and published survey data in cases where there is insufficient data within the peer companies. Typically, the compensation peer group is comprised of software companies that are considered similar to us as of the end of the previous fiscal year based on various financial measures such as revenue, market capitalization and growth.

For 2017, our compensation peer group consisted of the following 18 software companies:

2U, Inc.	Ellie Mae, Inc.	Paylocity Holding Corporation
Benefitfocus, Inc.	Imperva, Inc.	Qualys, Inc.
Box, Inc.	LogMeIn, Inc.	RingCentral, Inc.
Callidus Software Inc.	Marketo, Inc.	SPS Commerce, Inc.
Cornerstone OnDemand, Inc.	New Relic, Inc.	Veeva Systems Inc.
Cvent, Inc.	Paycom Software, Inc.	Zendesk, Inc.

The compensation committee may replace some or all of these companies with others from time to time as changes in market positions and company size, including our own, may suggest more representative peer group companies.

Elements of Compensation

Base Salaries

Base salaries for our named executive officers were established initially at the time the individual was hired, taking into account competitive market data provided by Compensia and internal pay equity considerations, as well as the individual’s qualifications and experience. Base salaries of our named executive officers are reviewed by our Chief Executive Officer and President and Chief Operating Officer and approved annually by the compensation committee. Adjustments to base salaries are also based on:

- Each named executive officer’s position, level of responsibility and seniority.
- The relative ease or difficulty of replacing the individual with a well-qualified person and the number of well-qualified candidates available to assume the person’s role.

The compensation committee does not assign a specific weight to any single factor in making decisions regarding base salary adjustments.

In January 2017, after reviewing the base salaries of our named executive officers compared to similarly situated executives at the companies in our compensation peer group, as well as assessing both company and individual performance in 2016, the compensation committee made no adjustments in 2017 to the base salaries for Messrs. Kinzer, Sherman and Madeley. In addition, Messrs. Halligan and Shah each requested that his base salary be reduced to \$1 for 2017.

Edgar Filing: HUBSPOT INC - Form DEF 14A

The following table sets forth the base salaries for our named executive officers for fiscal 2016 and 2017:

	2016 Base	2017 Base	% Change
Named Executive Officer	Salary(1)	Salary(1)	% Change
Brian Halligan	\$375,000	\$1	(100.0)%
John Kinzer	\$312,500	\$312,500	0.0%
J.D. Sherman	\$343,750	\$343,750	0.0%
Hunter Madeley	\$295,313	\$295,313	0.0%
Dharmesh Shah	\$281,250	\$1	(100.0)%

(1) Salary changes are effective as of April 1st of the applicable year.

Annual Cash Incentive Compensation

The named executive officers, as well as our other executive officers, participate in our Senior Executive Cash Incentive Bonus Plan, which provides an opportunity to earn a cash bonus upon achievement of company performance objectives approved by the compensation committee. This program was established to further align individual contributions with our significant corporate goals and to increase focus on executing key business deliverables.

Target Annual Cash Incentive Opportunity. As with base salaries, the target annual cash incentive compensation opportunities (generally expressed as a percentage of base salary) for our named executive officers were established initially at the time the individual was hired, taking into account competitive market data and internal pay equity considerations, as well as the individual's qualifications and experience. Adjustments to target annual cash incentive compensation opportunities are based on an individual's performance, as well as competitive market data and internal pay equity considerations. Along with base salaries, target annual cash incentive compensation opportunities are reviewed and approved annually by the compensation committee.

In 2017, the compensation committee did not make any changes to the target annual cash incentive compensation opportunities for the named executive officers, other than for Messrs. Halligan and Shah, each of whom voluntarily requested to forego any cash bonus payments under the Senior Executive Cash Incentive Bonus Plan.

The following table sets forth the target annual cash incentive compensation opportunities for the named executive officers under our Senior Executive Cash Incentive Bonus Plan for 2016 and 2017:

	2016 Target Bonus (% of annual base salary)	2017 Target Bonus (% of annual base salary)	% Change
Named Executive Officer	(1)	(1)	% Change
Brian Halligan	60 %	0 %	(100)%
John Kinzer	60 %	60 %	0%
J.D. Sherman	60 %	60 %	0%
Hunter Madeley	60 %	60 %	0%
Dharmesh Shah	60 %	0 %	(100)%

(1) Target annual cash incentive compensation changes are effective as of April 1st of the applicable year.

Cash Incentive Determinations. Under the Senior Executive Cash Incentive Bonus Plan, each year (generally during the first quarter) the compensation committee approves company-wide performance objectives, which serve as the basis for determining the eligibility for, and amount of, bonuses to be paid under the program. For 2017, performance under the Senior Executive Cash Incentive Bonus Plan was measured and paid out semi-annually as of June 30th and December 31st. For 2017, the compensation committee selected the following two performance objectives: (1) annual recurring revenue (“ARR”) run rate at June 30, 2017 and December 31, 2017 and (2) non-GAAP operating margin for each of the six months ended June 30, 2017 and December 31, 2017. The performance objectives were weighted 70% for ARR and 30% for non-GAAP operating margin. For purposes of the Senior Executive Cash Incentive Bonus Plan, we define “ARR” as the annual value of our customer subscription contracts as of the specified point in time excluding any commissions owed to our partners and we define “non-GAAP operating margin” as operating margin, calculated in accordance with GAAP, excluding our stock-based compensation expense and the amortization of acquired intangibles. The compensation committee determines the target levels for each of these performance objectives in consultation with management and after taking into consideration our performance for the immediately preceding year. The compensation committee establishes target levels it believes are necessary to provide a competitive overall compensation package in light of each named executive officer’s base salary and to motivate the named executive officers to achieve an aggressive level of

growth and profitability. Our 2017 ARR and non-GAAP operating margin target levels compared to our actual results were:

	Target	Actual
2017 – First Half (June 30, 2017)		
ARR	\$349.877 million	\$348.920 million
Non-GAAP Operating Margin	(2.2)%	2.2 %
2017 – Second Half (December 31, 2017)		
ARR	\$416.706 million	\$411.818 million
Non-GAAP Operating Margin	(0.7)%	2.4 %

The above-referenced performance objectives should not be interpreted as a prediction of how we will perform in future periods. As described above, the purpose of these objectives was to establish a method for determining the payment of annual cash incentive compensation. You are cautioned not to rely on these performance goals as a prediction of our future performance.

Performance Metrics. The graphic below shows our performance metrics selected by the compensation committee for 2017 and the related payout structure of the Senior Executive Cash Incentive Bonus Plan.

Under the Senior Executive Cash Bonus Program in 2017, we had to achieve 100% of the non-GAAP operating margin target level for the portion of the annual cash incentive compensation opportunity attributable to that objective to be paid for the applicable six month measurement period. No bonus was to be paid with respect to the non-GAAP operating margin performance objective if we achieved less than 100% of the target level and the maximum payout was capped at 100% of the target level. In addition, we had to achieve the minimum ARR target levels set forth below for any portion of the annual cash incentive opportunity attributable to the ARR performance objective to be paid for the applicable six month measurement period. ARR achievement at the minimum levels set forth below would result in a 50% payout with respect to the portion of the annual cash incentive compensation opportunity attributable to the ARR performance objective. No bonus is to be paid with respect to the ARR target for achievement levels below the minimums set forth below. Overachievement of the ARR target could increase up to a maximum attainment of 200% with respect to the portion of the bonus opportunity attributable to ARR (70% weighting) and overall bonus payments were capped at 170% of the total annual cash incentive compensation opportunity.

Potential Payout Structure. After the end of each six-month period, the compensation committee reviews our actual achievement against the performance target levels and determines the bonuses, if any, to be paid under the program. The following table shows potential payments for the two performance objectives at various performance target levels:

Payout % (1)	Weighting (%)		of total bonus opportunity						
	Minimum	Target	50%	75%	100%	125%	150%	175%	Maximum
2017 – First Half (June 30, 2017)									
ARR (2)	70	%	\$343,370	\$346,624	\$349,877	\$352,154	\$354,432	\$356,709	\$358,987
Non-GAAP Operating Margin (3)	30	%			(2.2)%				
2017 – Second Half (December 31, 2017)									
ARR (2)	70	%	\$401,801	\$409,254	\$416,706	\$421,923	\$427,140	\$432,356	\$437,573
Non-GAAP Operating Margin (3)	30	%			(0.7)%				

(1) Results are interpolated between percentages above the minimum.

(2) All target dollar amounts are expressed in millions.

(3) Payout is zero for non-GAAP operating margin portion of bonus if non-GAAP operating margin is below 100% of target.

Bonus Achievement in 2017. For the first half of 2017, we achieved 92.6% of the ARR target level and over 100% of the non-GAAP operating margin target level, resulting in a total bonus payout equal to 94.9% of the target annual cash incentive compensation opportunities for that six-month period. For the second half of 2017, we achieved 83.6% of the ARR target level and over 100% of the non-GAAP operating margin target level, resulting in a total bonus payout equal to

88.5% of the target annual cash incentive compensation opportunities for that six-month period. As such, the compensation committee awarded the Messrs. Kinzer, Sherman, and Madeley 91.7% of their respective full-year target annual cash incentive compensation opportunities. Messrs. Halligan and Shah voluntarily requested to forego any cash bonus payments under the Senior Executive Cash Incentive Bonus Plan.

A portion of Mr. Madeley’s semi-annual cash incentive compensation is paid monthly prior to the determination of his semi-annual bonus amount. If the aggregate monthly payments are greater than the actual semi-annual bonus amount, then the difference is automatically recouped by us on a semi-annual basis. In 2017, Mr. Madeley received monthly payments of \$10,000 under the Senior Executive Cash Incentive Bonus Plan, and no amounts were recouped since his actual semi-annual bonus amount exceeded the aggregate monthly payments.

Please refer to the “2017 Summary Compensation Table” for the actual amounts paid to each of our named executive officers pursuant to our Senior Executive Cash Incentive Bonus Plan for 2017.

Long-Term Equity Incentive Compensation

The named executive officers are eligible to receive long-term equity incentive awards, which are intended to align their interests with the interests of our stockholders. Since the completion of our initial public offering, our long-term equity incentive compensation awards have been made in the form of options to purchase shares of our common stock and RSU awards that are settled in shares of our common stock. Long-term equity incentive awards are generally subject to four-year vesting based on continued employment, with awards subject to vesting in equal monthly and/or quarterly installments, and certain awards subject to an additional one-year cliff vest. We believe that long-term equity incentive awards provide a strong link between our executive officers’ compensation and our long-term performance and the creation of stockholder value. We also believe the time-based vesting requirement of our long-term equity incentive awards promote retention by providing an incentive for our executive officers to remain in our employment throughout the vesting period.

All stock option and RSU awards are approved by the compensation committee. The compensation committee grants long-term equity incentive awards to the named executive officers on an annual basis, generally in the first quarter of the year. In determining the size of long-term equity incentive awards for the named executive officers, the compensation committee reviews competitive market data provided by Compensia and grants awards intended to be competitive with the prevailing market practice. In addition to the competitive market data, the compensation committee also considers a number of other factors, including the recommendations of our Chief Executive Officer and President and Chief Operating Officer (except with respect to their own awards), our company’s overall performance, the individual executive officer’s performance, the relative ease or difficulty of replacing the executive with a well-qualified person and the number of well-qualified candidates available to assume the executive’s role, the amount of equity previously awarded to the executive as well as the portion of previously awarded equity that remains unvested and the company’s annual equity burn rates.

For 2017, the compensation committee determined that the mix of our long-term equity incentive awards to executive officers would consist of 25% in value of stock options and 75% in value of RSU awards. After considering the factors described above, the compensation committee granted the following long-term equity incentive awards to the named executive officers in 2017:

Named Executive Officer	Stock	
	Restricted Stock Units (# of Shares)	Options (# of Shares)

Edgar Filing: HUBSPOT INC - Form DEF 14A

Brian Halligan	45,063	34,656
John Kinzer	28,539	21,949
J.D. Sherman	28,089	21,602
Hunter Madeley	16,324	12,554
Dharmesh Shah	20,278	15,595

Other Benefits

Health and Welfare Benefits

Our named executive officers are eligible for the same employee benefits available to our employees generally. These include participation in a tax-qualified Section 401(k) plan with a company matching contribution of 50% of the employee's contributions (up to \$2,500 per year) and group health, dental, life and disability insurance plans. The type and extent of benefits offered are intended to be competitive within our industry and region.

Severance and Change in Control Benefits

We do not have any employment or change in control arrangements with our executive officers, except that all of the current outstanding equity awards to our employees, including our named executive officers, under our 2014 Stock Option and Incentive Plan and our 2007 Equity Incentive Plan, include a "double-trigger" vesting acceleration provision in the event of a change in control of the company and a subsequent termination of employment as further described below under "Potential Payments Upon Termination or Change in Control."

Other Compensation Practices and Policies

Perquisites and Personal Benefits. As noted above, our named executive officers are eligible to participate in the same benefits as those offered to all full-time employees. Our Chief Sales Officer commutes from Toronto, Canada to Cambridge, Massachusetts, and our Chief Financial Officer commutes from Arlington, Virginia to Cambridge, Massachusetts. We reimburse them for housing and travel expenses and provide related tax gross-up payments as set forth in the section of this Proxy Statement captioned "Executive Compensation— 2017 Summary Compensation Table." Other than these payments we do not have any programs for providing personal benefits or executive perquisites to our named executive officers.

Policy for Recoupment of Incentive Compensation. We have adopted a Policy for Recoupment of Incentive Compensation (the "Clawback Policy") that applies to those employees who have been designated as "officers" for purposes of Section 16 of the Exchange Act. The Clawback Policy provides that if we are required to prepare an accounting restatement due to the material non-compliance with any financial reporting requirement and/or intentional misconduct by an officer covered by the policy, then a committee of independent directors may require any officer covered by the policy to repay to the Company any incentive compensation received by the officer during the previous three years, to the extent that the committee determines that the incentive compensation was in excess of the amount the officer would have received if the incentive compensation had been calculated based on the financial results reported in the restated financial statement. For purposes of the Clawback Policy, incentive compensation includes income related to annual cash bonuses and long term equity incentive compensation.

Stock Ownership Guidelines. We have adopted a Stock Ownership Policy that is applicable to our non-employee directors and those employees who have been designated as "officers" for purposes of Section 16 of the Exchange Act. The Stock Ownership Policy requires that non-employee directors hold equity in the Company with a value equal to at least three times the director's annual Board cash retainer, the Chief Executive Officer own equity in the Company equal to at least three times his annual base salary and that all other covered executives own equity in the Company equal to at least one times his or her annual base salary. The Stock Ownership Policy provides for a phase-in period, which provides that an individual subject to this policy is required to be in compliance with the minimum equity ownership requirement by the later of December 31, 2021 or the first December 31st that occurs following the five-year anniversary of date on which the non-employee director or Section 16 officer first became subject to the Stock Ownership Policy. The Stock Ownership Policy also includes certain share retention obligations that apply to officers and directors who have not met the minimum equity ownership requirements by the end of their phase-in date or who cease to hold the minimum equity ownership at any time following such date.

Anti-Hedging and Anti-Pledging Policies. Our insider trading policies prohibit all members of our Board of Directors, executive officers, and other employees from buying our securities on margin, holding such securities in a margin account, buying or selling derivatives on such securities, and engaging in short sales involving such securities. In addition, our insider trading policies prohibits all members of our Board of Directors, executive officers, and other employees from pledging our securities as collateral for a loan.

Tax Deductibility. Section 162(m) of the Internal Revenue Code generally places a \$1 million limit on the amount of compensation a company can deduct in any one year for certain executive officers and certain other individuals. While our Compensation Committee considers tax deductibility as one factor in determining executive compensation, our Compensation Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers in excess of \$1 million will not be deductible unless it qualifies for the limited transition relief applicable to certain arrangements in place as of November 2, 2017. Despite our compensation committee's efforts to structure certain awards (such as stock options) in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing the performance-based compensation exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, our compensation committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our business needs. Our compensation committee believes that shareholder interests are best served if it maintains flexibility in awarding compensation, even though some compensation may result in non-deductible compensation expenses, when we believe such compensation is appropriate to attract and retain executive talent.

Accounting for Stock-Based Compensation. We follow Financial Accounting Standard Board ("FASB"), Accounting Standards Codification Topic 718 ("ASC Topic 718"), Compensation — Stock Compensation, for our stock-based compensation awards to employees. FASB ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, restricted stock awards and RSU awards, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. FASB ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their statements of operations over the period that an employee or director is required to render service in exchange for the option or other award. The compensation committee considers the impact of FASB ASC Topic 718 when making equity-based awards.

Employee Benefit Plans

Retirement Plans

We maintain a tax-qualified Section 401(k) retirement plan for eligible employees in the United States. Under our Section 401(k) plan, employees may elect to defer up to 96% of their eligible compensation subject to applicable annual limits set pursuant to the Code. We currently provide an employee matching contribution under the Section 401(k) plan. Employees are 100% vested in their contributions to the Section 401(k) plan and any employer contributions after one year of service. We intend for the Section 401(k) plan to qualify, depending on the employee's election, under Section 401(a) of the Code so that contributions by employees, and income earned on those contributions, are not taxable to employees until withdrawn from the Section 401(k) plan.

Indemnification of Officers and Directors

We have agreed to indemnify our directors and officers in certain circumstances. See "Related Party Transactions—Limitation of Liability and Indemnification of Officers and Directors."

2017 Potential Payments upon Termination or Change in Control

All current outstanding equity awards granted to our named executive officers under our 2014 Stock Option and Incentive Plan and our 2007 Equity Incentive Plan include a “double-trigger” vesting acceleration provision in the event of a change of control of the company. Pursuant to the forms of stock option agreement, restricted stock agreement and RSU agreement, in the case of a “sale event” (as defined in our 2014 Stock Option and Incentive Plan) or in the case of a “change of control” (as defined in our 2007 Equity Incentive Plan), in each case in which outstanding awards are assumed, substituted or otherwise continued by a successor entity, and the award holder’s employment or service relationship with us terminates, such holder’s awards will vest in full as of the date of termination if such termination occurs (i) within 12 months after such sale event or change of control or 90 days prior to such event and (ii) such termination is by us without “cause” (as defined in the applicable award agreement) or by such holder for “good reason” (as defined in the applicable award agreement). There are no other payments or benefits provided to named executive officers in the event of a termination of employment or change in control of the Company.

The following table shows the potential payments and benefits to be received by each of our named executive officers in the event that his employment was terminated by us without cause or by the named executive officer for good reason within 12 months following, or 90 days prior to, such sale event or change of control of the Company. The amounts in the table below have been calculated based on the assumption that the sale event/change of control and employment termination took place on December 31, 2017.

Named Executive Officer	Equity Acceleration Benefits Payable Upon Termination Without Cause/for Good Reason in connection with Change in Control (1)
Brian Halligan	\$ 8,179,789
John Kinzer	5,711,749
J.D. Sherman	6,046,543
Hunter Madeley	4,917,045
Dharmesh Shah	4,876,064

(1) Consists of the vesting of outstanding equity awards that would accelerate pursuant to the “double-trigger” change in control provisions included in the applicable award agreements. Amounts in this column are calculated based on \$88.40 per share, the closing market price of our common stock on December 29, 2017, the last trading day of 2017.

CEO Pay Ratio

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of each of our employees reflects the level of their job impact and responsibilities and is competitive within our peer group. As of December 31, 2017, we employed 2,102 people and strive to maintain a diverse and engaged workforce.

Under rules adopted pursuant to the Dodd-Frank Act of 2010, we are required to calculate and disclose the total compensation paid to our median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our CEO. The paragraphs that follow describe our methodology and the resulting CEO Pay ratio.

For 2017:

the annual total compensation of the employee identified at the median of all employees of our company (other than our CEO) was \$105,000; and

the annual total compensation of Mr. Brian Halligan, our Chief Executive Officer, was \$3,173,838. Based on this information, for 2017 the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 30 to 1. This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Securities Exchange Act of 1934, as amended.

As permitted by SEC rules, to identify our median employee, we selected a compensation measure comprised of the following elements, which we believe reasonably reflects the annual compensation of our employees:

- base salary, which we calculated as annual base salary using a reasonable estimate of the hours worked during 2017 for hourly employees and annual salary levels for our remaining employees, and annualizing the compensation for any newly hired permanent employees during 2017;
- bonus target, which we calculated for eligible employees based upon a percentage of their base salary; and
- the grant date “fair value” of equity awarded to eligible employees in 2017, which we calculated pursuant to Financial Accounting Standard Board, Accounting Standards Codification Topic 718, Compensation — Stock Compensation.

We calculated the sum of these compensation elements for our employees as of December 31, 2017 for the 12-month period from January 1, 2017 through December 31, 2017. We annualized base salary for any employees who commenced work during 2017. Using this approach, we identified the individual at the median of our employee population, who is a full-time, salaried software engineer based in the United States, and determined that the employee’s annual total compensation was \$105,000 (excluding any estimated retirement and health benefits) in accordance with the requirements of the Summary Compensation Table.

In connection with the compensation committee's executive compensation determinations for fiscal year 2018, Mr. Halligan requested, and the compensation committee agreed, to reduce the amount of his annual equity grant for fiscal year 2018 such that the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees will be approximately 25 to 1 for fiscal year 2018. As a result, although the compensation committee had intended to award Mr. Halligan an equity award with a fair market value of \$3,437,500, it instead awarded Mr. Halligan, pursuant to his request, a reduced equity award with a fair market value of \$2,750,000 on March 1, 2018.

Director Compensation

The following table provides certain information concerning compensation earned by the directors who were not named executive officers during the year ended December 31, 2017 pursuant to our Non-Employee Director Compensation Policy. Mr. Halligan and Mr. Shah, who are also our Chief Executive Officer and Chief Technology Officer, respectively, receive no compensation for their services as directors and, consequently, are not included in this table. The compensation received by Mr. Halligan and Mr. Shah during 2017 is set forth in the section of this Proxy Statement captioned "Executive Compensation— 2017 Summary Compensation Table." Non-employee directors affiliated with an investor in our company that holds one percent or more of our capital stock are not eligible to participate in the Non-Employee Director Compensation Policy and do not receive compensation for their service on the Board. Mr. Sahai is not included in the tables below as he joined the Board in April 2018, and the Company did not pay compensation to him in 2017.

Pursuant to our Non-Employee Director Compensation Policy in effect for 2017, non-employee/non-investor affiliate directors were paid an annual cash retainer of \$30,000, our lead independent director was paid an additional annual cash retainer of \$11,500 and committee members and committee chair received additional annual cash retainer fees as set forth below:

	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Annual Committee Member Retainer	\$ 7,100	\$ 5,000	\$ 3,000
Annual Committee Chairman Retainer	\$ 18,500	\$ 10,000	\$ 6,000

In addition, each of our non-employee/non-investor affiliate directors received an annual equity award with a value of \$165,000, 25% of which was in the form of an option to purchase shares of our common stock and 75% of which was in the form of an RSU award that are settled in shares of our common stock, that vest upon the first anniversary of such grant date (or, if earlier, immediately prior to the annual meeting of stockholders that is closest to the one year anniversary); provided, however, that all vesting ceases if the director resigns from our Board of Directors or otherwise ceases to serve as a director, unless the Board of Directors determines that the circumstances warrant continuation of vesting. Newly-elected directors receive a pro-rated annual equity award. All unvested options or RSU awards held by a non-employee director accelerate and immediately vest if the non-employee director's service relationship ends within three months prior to or 12 months following a "sale event" (as defined in the Company's 2014 Stock Option and Incentive Plan).

We reimburse our non-employee directors for their travel, lodging and other reasonable expenses incurred in attending meetings of our Board of Directors and committees of the Board of Directors.

Equity Compensation Plan Information

The following table sets forth information regarding our equity compensation plans as of December 31, 2017.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants, and RSUs	Weighted-average Exercise Price of Outstanding Options (\$)(1)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by stockholders(2)	4,400,652 (3)	16.69	4,455,875 (4)
Equity compensation plans not approved by stockholders	—	—	—
Total	4,400,652	16.69	4,455,875

- (1) The weighted-average exercise price is calculated based solely on the exercise prices of the outstanding options to purchase shares of our common stock. It does not reflect the shares of our common stock that will be issued upon the vesting of outstanding awards of RSUs, which have no exercise price.
- (2) These plans consist of our 2007 Equity Incentive Plan (terminated in October 2014), our 2014 Stock Option and Incentive Plan, and our Employee Stock Purchase Plan.
- (3) This number includes 1,782,547 shares of our common stock subject to outstanding awards granted under our 2007 Equity Incentive Plan, of which 1,733,656 shares were subject to outstanding options and 48,891 shares were subject to outstanding RSU awards, and 2,618,105 shares subject to outstanding awards granted under our 2014 Stock Option and Incentive Plan, of which 581,532 shares were subject to outstanding options and 2,036,573 shares were subject to outstanding RSU awards.
- (4) This number includes 3,267,621 shares of our common stock available for issuance under our 2014 Stock Option and Incentive Plan, and 1,188,254 shares reserved for issuance under our Employee Stock Purchase Plan. The number of shares available for issuance under the 2014 Stock Option and Incentive Plan automatically increase each January 1 by 5% of the outstanding number of shares of our common stock on the immediately preceding December 31 or such lesser number of shares as determined by our compensation committee. The number of shares available for issuance under the Employee Stock Purchase Plan automatically increase each January 1 by 1% of the outstanding number of shares of our common stock on the immediately preceding December 31 or such lesser number of shares as determined by our compensation committee.

2018 PROXY STATEMENT | HubSpot, Inc. 35

RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than compensation arrangements for our directors and named executive officers, which are described elsewhere in the “Executive Compensation” section of this proxy statement, below we describe transactions since January 1, 2017 to which we were a party or will be a party, in which:

- the amounts involved exceeded or will exceed \$120,000; and
- any of our directors, executive officers or holders of more than 5% of our capital stock, or any member of the immediate family of, or person sharing the household with, the foregoing persons, had or will have a direct or indirect material interest.

Limitation of Liability and Indemnification of Officers and Directors

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for the following:

- any breach of their duty of loyalty to our company or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which they derived an improper personal benefit.

Any amendment to, or repeal of, these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission or claim that occurred or arose prior to that amendment or repeal. If the Delaware General Corporation Law is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the Delaware General Corporation Law.

In addition, we adopted amended and restated bylaws which provide that we will indemnify, to the fullest extent permitted by law, any person who is or was a party or is threatened to be made a party to any action, suit or proceeding by reason of the fact that he or she is or was one of our directors or officers or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise. Our amended and restated bylaws provide that we may indemnify to the fullest extent permitted by law any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our employees or agents or is or was serving at our request as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise. Our amended and restated bylaws also provide that we must advance expenses incurred by or on behalf of a director or officer in advance of the final disposition of any action or proceeding, subject to very limited exceptions.

Further, we have entered into indemnification agreements with each of our directors and executive officers that are broader than the specific indemnification provisions contained in the Delaware General Corporation Law. These indemnification agreements require us, among other things, to indemnify our directors and executive officers against liabilities that may arise by reason of their status or service. These indemnification agreements also require us to advance all expenses incurred by the directors and executive officers in investigating or defending any such action, suit or proceeding. We believe that these agreements are necessary to attract and retain qualified individuals to serve as directors and executive officers.

The limitation of liability and indemnification provisions included in our amended and restated certificate of incorporation, amended and restated bylaws and in indemnification agreements that we entered into or may in the

future enter into with our directors and executive officers may discourage stockholders from bringing a lawsuit against our directors and executive officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against our directors and executive officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be harmed to the extent that we pay the costs of settlement and damage awards against directors and executive officers as required by these indemnification provisions. At present, we are not aware of any pending litigation or proceeding involving any person who is or was one of our directors, officers, employees or other agents or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

We have obtained insurance policies under which, subject to the limitations of the policies, coverage is provided to our directors and executive officers against loss arising from claims made by reason of breach of fiduciary duty or other wrongful acts as a director or executive officer, including claims relating to public securities matters, and to us with respect to payments that may be made by us to these directors and executive officers pursuant to our indemnification obligations or otherwise as a matter of law.

Certain of our non-employee directors may, through their relationships with their employers, be insured and/or indemnified against certain liabilities incurred in their capacity as members of our board of directors.

The underwriting agreement provides for indemnification by the underwriters of us and our officers, directors and employees for certain liabilities arising under the Securities Act or otherwise.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Other Transactions with Our Executive Officers and Directors and Affiliated Entities

We have granted stock options and RSUs to our executive officers and certain of our directors. See the section captioned “Executive Compensation—Outstanding Equity Awards at Fiscal Year-End” for a description of these stock options and RSUs.

Investment

In September 2017, the Company purchased \$2,000,000 of equity securities from an early-stage venture-capital-backed company. The Company made this investment alongside other venture capital investors on the same terms and conditions as those other investors. The Audit Committee ratified this transaction pursuant to our the policies and procedures for related party transactions, as described below. Mr. Bohn, who served on our Board of Directors until his retirement in October 2017, is also a Managing Partner of General Catalyst Partners, which invested \$12.5 million in this other corporation and is a holder of at least 10% of the securities of the corporation.

Policies and Procedures for Related Party Transactions

The audit committee of our board of directors has the primary responsibility for reviewing and approving or disapproving “related party transactions,” which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person is defined as a director, executive officer, nominee for director or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and their immediate family members. Our audit committee charter provides that the audit committee shall review and approve or disapprove any related party transactions. We also adopted a formal policy governing the review and approval of related party transactions.

TRANSACTION OF OTHER BUSINESS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment on such matters, under applicable laws.

Procedures for Submitting Stockholder Proposals

Requirements for Stockholder Proposals to be Brought Before the Annual Meeting. Our bylaws provide that, for nominations of persons for election to our Board or other proposals to be considered at an annual meeting of stockholders, a stockholder must give written notice to our Secretary at 25 First Street, 2nd Floor, Cambridge, MA 02141, not later than the close of business 90 days, nor earlier than the close of business 120 days, prior to the first anniversary of the date of the preceding year's annual meeting. However, the bylaws also provide that in the event the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice must be delivered not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. As to other business, the notice must include a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and any material interest of such stockholder (and the beneficial owner) in the proposal. The proposal must be a proper subject for stockholder action. In addition, to make a nomination or proposal, the stockholder must be of record at the time the notice is made and must provide certain information regarding itself (and the beneficial owner), including the name and address, as they appear on our books, of the stockholder proposing such business, the number of shares of our capital stock which are, directly or indirectly, owned beneficially or of record by the stockholder proposing such business or its affiliates or associates (as defined in Rule 12b-2 promulgated under the Exchange Act) and certain additional information.

The advance notice requirements under our Bylaws for the 2019 Annual Meeting of Stockholders are as follows: a stockholder's notice shall be timely if delivered to our Secretary at the address set forth above not earlier than February 6, 2019 and not later than the close of business on March 8, 2019. However, if the date of our 2019 Annual Meeting of Stockholders occurs more than 30 days before or 60 days after June 6, 2019, the anniversary of the 2018 Annual Meeting, a stockholder notice will be timely if it is received at the address set forth above by the later of the close of business on (1) the 90th day prior to such annual meeting or (2) the tenth day following the day on which public disclosure of the date of the meeting is made.

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company's Proxy Materials. For such proposals to be included in our proxy materials relating to our 2019 annual meeting of stockholders, all applicable requirements of Rule 14a-8 must be satisfied and we must receive such proposals no later than December 25, 2018. Such proposals must be delivered to our Secretary, c/o HubSpot, Inc., 25 First Street, 2nd Floor, Cambridge, MA 02141.
