Item 1.01. Entry Into a Material Definitive Agreement.

On November 14, 2016, Malibu Boats, LLC (“Malibu Boats”), an indirect, wholly owned subsidiary of Malibu Boats, Inc. (the “Company”), entered into an engine supply agreement (the “Engine Supply Agreement”) with General Motors LLC (“GM”) for the supply of engines to the Company for use in its performance sports boats beginning as early as model year 2019 through model year 2023. Malibu Boats will be solely responsible for integrating the engines for marine use. Malibu intends to continue to purchase engines from its two current suppliers for at least model years 2017 and 2018. The entry into the Engine Supply Agreement is a further step in the Company’s vertical integration strategy, which saw the Company integrate the manufacturing of its own trailers with model year 2016 boats. Pursuant to the Engine Supply Agreement, Malibu Boats will submit purchase orders for engines to GM and, so long as Malibu Boats is not in breach of the Engine Supply Agreement, GM will deliver engines pursuant to the purchase orders. No minimum amount of engines is required to be ordered by Malibu Boats and the parties must discuss any potential capacity increases above 7,000 engines annually.

The Engine Supply Agreement will expire on November 14, 2023, unless terminated earlier by either party as permitted under the terms of the Engine Supply Agreement. GM may terminate the Engine Supply Agreement due to market conditions with at least eighteen (18) months’ advanced written notice. Either party may terminate the Engine Supply Agreement as a result of a change of control of Malibu Boats with at least eighteen (18) months’ advanced written notice. A change of control is defined as the acquisition by any person or group of related persons, directly or indirectly, of more than 50% of the total voting power of Malibu Boats. Either party may also terminate the Engine Supply Agreement due to breach of the other party upon written notice and after providing 60 days to cure any breach. GM may also suspend engine deliveries to Malibu Boats in the event of a force majeure, as defined in the Engine Supply Agreement.

GM will provide up to a one year warranty on the engines supplied to Malibu Boats and Malibu Boats will agree to indemnify GM for claims and costs arising from or relating to the engines resulting from Malibu Boat’s actions.
