Item 1.01. Entry into a Material Definitive Agreement

On October 26, 2005, the Compensation Committee of the Board of Directors of E. I. du Pont de Nemours and Company (the "Company"), approved the following changes to the compensation of non-employee directors, effective January 1, 2006:

Increase the annual retainer for each non-employee director from \$135,000 to \$200,000.

Provide a total direct compensation mix that is approximately 50 percent cash and 50 percent equity. The annual cash retainer increases from \$50,000 to \$85,000 and the restricted stock unit grant payable in cash increases from \$85,000 to \$115,000.

Revise stock ownership guidelines from five times annual cash retainer (\$250,000) to two times annual retainer (\$400,000).

Increase the Audit Committee member fee from \$9,000 to \$15,000. All other committee chair and member fees remain unchanged.

Except as described above, the non-employee directors' compensation program will remain the same, including:

The ability to defer all or a portion of total compensation until a specified year, until retirement as a director or until death. Interest accrues on deferred cash payments and dividend equivalents accrue on deferred stock units.

Restricted stock units will vest in three equal annual installments and dividend units will be applied to the units.

Retain the Directors' Charitable Gift Plan and the accidental death and disability insurance on non-employee directors.

The increase in non-employee director fees is designed to help the Company attract and retain highly qualified individuals to serve on the Company's Board and to compensate them appropriately for the commitment associated with their Board service. The levels of retainers are based on benchmarking studies prepared on behalf of the Compensation Committee by its outside consultant in respect of director fees paid by the Company's Frame of Reference Companies and director fees paid by other large public companies.
