Item 7.01 Regulation FD Disclosure

On November 6, 2013, DuPont issued a letter to shareholders. A copy of the letter is furnished herewith as Exhibit 99.1. The information contained in Exhibit 99.1 shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed by the Registrant under the Securities Act of 1933, as amended, or the Exchange Act.

**Use of Non-GAAP Measures:** The letter to shareholders contains certain non-GAAP measurements that management believes are meaningful to investors because they provide insight with respect to ongoing operating results of the company. Such measurements are not recognized in accordance with GAAP and should not be viewed as an alternative to GAAP measures of performance. Reconciliations of non-GAAP measures to GAAP are available on the company's Investor Center at [www.dupont.com](http://www.dupont.com) under "Key Financials and Filings."

**Forward-Looking Statements:** The letter to shareholders contains forward-looking statements which may be identified by their use of words like "plans," "expects," "will," "believes," "intends," "estimates," "anticipates" or other words of similar meaning. All statements that address expectations or projections about the future, including statements about the company's growth strategy, product development, regulatory approval, market position, anticipated benefits of acquisitions, outcome of contingencies, such as litigation and environmental matters, expenditures and financial results, are forward-looking statements. Forward-looking statements are not guarantees of future performance and are based on certain assumptions and expectations of future events which may not be realized. Forward-looking statements also involve risks and uncertainties, many of which are beyond the company's control. Some of the important factors that could cause the company's actual results to differ materially from those projected in any such forward-looking statements are: fluctuations in energy and raw material prices; failure to develop and market new products and optimally manage product life cycles; significant litigation and environmental matters; failure to appropriately manage process safety and product stewardship issues; changes in laws and regulations or political conditions; global economic and capital markets conditions, such as inflation, interest and currency exchange rates; business or supply disruptions; security threats, such as acts of sabotage, terrorism or war, weather events and natural disasters; ability to protect and enforce the company's intellectual property rights; and successful integration of acquired businesses and separation of underperforming or non-strategic assets or businesses. The company undertakes no duty to update any forward-looking statements as a result of future developments or new information.
