Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 10, 2011, Stryker Corporation (“Stryker”) announced its intention to implement focused workforce reductions of approximately 5% of its global workforce and other restructuring activities. These actions are being initiated to provide efficiencies and realign resources following recent acquisitions to allow for continued investment in strategic areas in an ongoing challenging economic environment and market slowdown in elective procedures.

The total pre-tax charges expected to be incurred in connection with the restructuring are approximately \$150 million to \$175 million, of which approximately \$85 million to \$95 million are expected to be recorded in the fourth quarter of 2011. The charges are expected to be comprised of approximately \$85 million to \$95 million in one-time employee termination costs, including severance and other benefits; \$30 million to \$35 million in impairments of long-lived assets; and \$35 million to \$45 million in other associated restructuring costs. The Company expects that approximately \$120 million to \$140 million of the charges will result in future cash expenditures. All expenditures are expected to be completed by the end of 2012.

Item 8.01 Other Events.

On November 10, 2011, Stryker issued a press release announcing the restructuring of the Company's workforce and the matters described in Item 2.05 of this Form 8-K. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
