PROXY STATEMENT

of

THE EASTERN COMPANY

for the Annual Meeting of Shareholders  
To Be Held on April 23, 2003

The Board of Directors of The Eastern Company ("Eastern" or the "Company") is furnishing this proxy statement in connection with its solicitation of proxies for use at the 2003 Annual Meeting of Shareholders and at any

## Edgar Filing: EASTERN CO - Form DEF 14A

adjournment thereof. This proxy statement is first being furnished to shareholders on or about March 17, 2003.

### GENERAL INFORMATION REGARDING VOTING AT THE ANNUAL MEETING

The Board of Directors of Eastern ("Board") has fixed the close of business on February 21, 2003 as the record date ("Record Date") for determining the shareholders entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, there were 3,631,869 outstanding shares of Eastern common stock ("Common Shares") with each Common Share entitled to one vote.

The presence, in person or by proxy, of holders of a majority of the voting power of the Common Shares entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Shares represented by Eastern's proxy card will be voted at the Annual Meeting, either in accordance with the directions indicated on the proxy card, or, if no directions are indicated, in accordance with the recommendations of the Board contained in this Proxy Statement and on the form of proxy. If a proxy is signed and returned without specifying choices, the Common Shares represented thereby will be voted (1) FOR the proposal to elect Messrs. Robinson and Tuttle to the Board of Directors and (2) FOR the appointment of Ernst & Young LLP as independent auditors. The Company is not aware of any matters other than those set forth herein which will be presented for action at the Annual Meeting. If other matters should be presented, the persons named in the proxy intend to vote such proxies in accordance with their best judgment.

A shareholder may revoke the appointment of a proxy by making a later appointment or by giving notice of revocation to The Eastern Company, 112 Bridge Street, P.O. Box 460, Naugatuck, CT 06770-0460. Attendance at the Annual Meeting does not in itself revoke the appointment of a proxy; however, it may be revoked by giving notice in open meeting. A revocation made during the Annual Meeting after the polls have been closed will not affect the previously taken vote.

-1-

### Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. This solicitation by mail to the Company's shareholders (including this proxy statement and the enclosed proxy) began on approximately March 17, 2003. In addition to this solicitation by mail, officers and regular employees of the Company and its subsidiaries may make solicitation by mail, telephone or personal interviews, and arrangements may be made with companies, brokerage firms, and others to forward proxy material to their principals. The Company will defray the expenses of such additional solicitations.

### Voting at the Annual Meeting

A plurality of the votes duly cast is required for the election of directors. Each of the other matters to be acted upon at the Annual Meeting will be approved if the votes cast in favor of the matter exceed the votes cast opposing the matter.

Under Connecticut law, an abstaining vote and a Broker "non-vote" are considered to be present for purposes of determining a quorum but is not deemed to be a vote cast. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not

Edgar Filing: EASTERN CO - Form DEF 14A

received instructions from the beneficial owner. As a result, abstentions and broker "non-votes" are not included in the tabulation of the voting results on the election of directors or the other matters to be acted on at the Annual Meeting, each of which requires the approval of a plurality or majority of the votes cast, and therefore do not have the effect of votes of opposition in such tabulations.

The Board of Directors recommends voting:

FOR the election of Messrs. Robinson and Tuttle as directors.  
FOR the appointment of Ernst & Young LLP as independent auditors.

Item No. 1

ELECTION OF DIRECTORS

At the meeting, two directors will be elected to serve for a three-year term which expires in 2006 and until their successors are elected and qualified. Mr. David C. Robinson and Mr. Donald S. Tuttle III, current directors whose terms expire in 2003, are the nominees for election at the meeting.

Unless otherwise specified in your proxy, the persons with power of substitution named in the proxy card will vote your shares FOR the Company's nominees named below. If the nominees are unable or unwilling to accept nomination, the proxies will be voted for the election of such other persons as may be recommended by the Nominating Committee of the Board of Directors. The Board of Directors, however, has no reason to believe that the Company's nominees will be unavailable for election at the Annual Meeting. Approval of this resolution requires the affirmative vote of a plurality of the votes duly cast by the shares represented at the meeting which are entitled to vote on the matter.

The Board of Directors recommends a vote FOR the election of Messrs. Robinson and Tuttle as directors.

Each director has furnished the biographical information set forth below with respect to his present principal occupation, business and other affiliations, and beneficial ownership of equity securities of the Company. Unless otherwise indicated, each director has been employed in the principal occupation or employment listed for at least the past five years.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and with the American Stock Exchange. Directors, officers and greater-than-10% beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports that they file. Based solely on its review of copies of such reports filed with the SEC since January 2002, or written representations from certain reporting persons that no such reports were required for those persons, the Company believes that all persons subject to the reporting requirements of Section 16(a) have filed the required reports on a timely basis.

### Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Board of Directors adopted a written charter for the Audit Committee on May 24, 2000, which is included as Exhibit A to this proxy statement.

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. The independent auditors are responsible for expressing an opinion on the conformity of those statements with generally accepted accounting principles. Within this framework, the Audit Committee has reviewed and discussed the audited financial statements included in the Annual Report on Form 10-K with the independent auditors and management. In connection therewith, the Audit Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; and other related matters as required to be discussed under generally accepted auditing standards.

In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee also discussed with the Company's independent auditors the overall scope and plan for their audit, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee meets with and without management present and held three meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 28, 2002 for filing with the Securities and Exchange Commission. The Audit Committee and the Board of Directors have also recommended, subject to shareholder approval, the selection of Ernst & Young LLP as the Company's independent auditors for the current fiscal year.

PENSION PLANS

Retirement Benefits

The Company maintains a pension plan for salaried employees. Under the plan, the amount of a member's annual normal retirement benefit is equal to one percent (1%) of total annual compensation applicable to each year of service and the sum of one half of one percent (0.5%) of average annual compensation plus one half of one percent (0.5%) of average annual compensation in excess of \$10,000, multiplied by years of service not in excess of thirty (30). Average annual compensation means the average of the member's annual compensation for the five (5) consecutive calendar years prior to retirement which result in the highest average.

As of December 28, 2002, Messrs. Leganza and Sullivan had 5 and 26 years of service respectively. The estimated annual retirement benefits payable to Messrs. Leganza and Sullivan are \$18,819 and \$106,756 respectively. These benefits are based on the five year certain form of annuity.

-11-

The Company has adopted an unfunded supplemental employee retirement plan (the "SERP") for the benefit of Mr. Leganza. Under the terms of the SERP, Mr. Leganza will receive a monthly retirement benefit equal to the excess of: (a) the benefit he would be entitled to receive under the Company's qualified pension plan, based on the assumption that Mr. Leganza was fully vested under the plan and without regard to the limitations on benefits imposed by the Internal Revenue Code; over (b) the benefit which he is actually entitled to receive under the Company's qualified pension plan, subject to the plan's vesting schedule and the limitations on benefits imposed by the Internal Revenue Code. The monthly retirement benefit under the SERP will begin at the time of Mr. Leganza's termination of employment. The benefit will be paid as an annuity over Mr. Leganza's life, with 60 monthly payments guaranteed. However, if Mr. Leganza is married at the time benefits start, his benefits will be actuarially adjusted and will be paid over his life with the provision that, at the time of his death, 50% of the amount payable to him during his lifetime will be paid to his surviving spouse for the remainder of her lifetime. The SERP also provides for the payment of benefits in the event of Mr. Leganza's death or disability while employed.

SIP Plan

The Company maintains a savings and investment plan (the "SIP Plan") for eligible employees. An eligible employee who is participating in the SIP Plan may execute a salary reduction agreement requiring the Company to reduce his or her taxable earnings by a percentage of his or her compensation (as elected by the participant) and to contribute that amount to the SIP Plan. The amount of the contribution could not exceed \$11,000 for calendar year 2002, plus an additional \$1,000 of catch-up contribution for those participants age 50 and older. If an employee executes such a salary reduction agreement, the Company will make a matching contribution to the SIP Plan on behalf of the employee. For 2002 the matching contribution equaled 50% of that portion of an employee's salary reduction contribution which did not exceed 4% of his or her earnings. An employee is fully vested in his or her salary reduction contributions and the

## Edgar Filing: EASTERN CO - Form DEF 14A

earnings on those contributions. An employee will become vested in any matching contributions, and the earnings thereon, with full vesting after completing five years of service or upon reaching age 65. Employees who are participating in the SIP Plan may direct that their account balances be invested in one or more investment options offered under the plan.

### EXECUTIVE INCENTIVE PLAN

The President and the Vice President, Secretary and Treasurer were eligible to receive an incentive subject to a maximum of 100% of base pay, with the actual amount of the incentive being based on the performance of the Company during 2002. All group Vice Presidents and Division Managers were eligible to earn their incentive, with unlimited potential, based on achieving their respective division or group earnings targets.

Effective for 2003, the President and the Vice President, Secretary and Treasurer may receive an incentive subject to a maximum of 100% of base pay. All group Vice Presidents and Division Managers will earn their incentive bonus, with unlimited potential, based on achieving their respective division or group earnings targets.

-12-

### STOCK OPTIONS

On April 26, 1989, the shareholders approved The Eastern Company 1989 Executive Stock Incentive Plan (the "1989 Plan"), which by its terms expired on February 7, 1999. No additional options may be granted under the 1989 Plan. However, options previously granted remain exercisable in accordance with their terms.

On April 26, 1995, the shareholders approved The Eastern Company 1995 Executive Stock Incentive Plan (the "1995 Plan"), which by its terms will expire either on February 8, 2005 or upon any earlier termination date established by the Board of Directors. The 1995 Plan authorizes the granting of incentive stock options and non-qualified stock options to purchase Common Shares and the granting of shares of restricted stock. The Compensation Committee of the Company's Board of Directors will determine the restrictions which will apply to shares of restricted stock granted under the 1995 Plan. Awards may be granted to salaried officers and other key employees of the Company, whether or not such employees are also serving as directors of the Company. The 1995 Plan also provides for the grant of non-qualified stock options to purchase 16,875 shares of common stock to each non-employee director of the Company upon his or her first election as a director. The total amount of Common Shares which may be issued under awards granted under the 1995 Plan shall not exceed in the aggregate 375,000 shares.

On September 17, 1997 the Compensation Committee adopted The Eastern Company 1997 Directors Stock Option Plan (the "1997 Plan") which by its terms will expire either on September 16, 2007 or upon any earlier termination date established by the Board of Directors. The 1997 Plan authorizes the granting of non-qualified stock options to the non-employee directors of the Company to purchase Common Shares. On December 15, 1999, the Board of Directors approved an increase in the total number of Common Shares which may be issued under options granted under the 1997 Plan from 225,000 shares to 325,000 shares.

On April 25, 2001, the shareholders approved The Eastern Company 2000 Executive Stock Incentive Plan (the "2000 Plan"), which by its terms will expire either on July 19, 2010 or upon any earlier termination date established by the

## Edgar Filing: EASTERN CO - Form DEF 14A

Board of Directors. The 2000 Plan authorizes the granting of incentive stock options and non-qualified stock options to purchase Common Shares and the granting of shares of restricted stock. The Compensation Committee of the Company's Board of Directors will determine the restrictions which will apply to shares of restricted stock granted under the 2000 Plan. Awards may be granted to salaried officers and other key employees of the Company, whether or not such employees are also serving as directors of the Company. The 2000 Plan also provides for the grant of nonqualified stock options to non-employee directors of the Company. The total amount of Common Shares which may be issued under awards granted under the 2000 Plan shall not exceed in the aggregate 300,000 shares.

The purchase price of the shares subject to each option granted under the 1989 Plan and each incentive stock option granted under the 1995 and 2000 Plans may not be less than the fair market value of the shares on the date of grant. The purchase price of shares subject to non-qualified stock options granted under the 1995, 1997 and 2000 Plans, and the price (if any) which must be paid to acquire a share of restricted stock granted under the 1995 and 2000 Plans, will be set by the Compensation Committee of the Company's Board of Directors. All non-qualified stock options granted to date have required a purchase price equal to 100% of the fair market value of the Common Shares on the date of the grant.

-13-

Incentive stock options generally may not be granted under the 1995 and 2000 Plans to any employee who owns more than ten percent (10%) of the Company's voting stock at the time of such grant. Incentive stock options must be exercised within ten years. Non-qualified stock options must be exercised within the period set forth in the plan or, if the plan permits, within the period established by the Compensation Committee. Moreover, options may not be exercised more than three months after termination of employment or termination of service as a director, except in the case of death or disability, in which event the option may be exercised within one year after death or disability. Under the 1995, 1997 and 2000 Plans, the three month period is also extended to one year for an optionee who terminates employment or terminates service as a director at or after reaching age sixty-five (65).

Option/SAR and Long-term Incentive Plan. There were no grants of stock options or stock appreciation rights, no exercises of stock options, and no grants of long-term incentive awards during the fiscal year ended December 28, 2002.

### DIRECTOR COMPENSATION

Each director who is not an employee of the Company ("Outside Director") is paid a director's fee for his services at the rate of \$10,000 as well as \$1,000 for each directors' meeting and \$700 for each committee meeting attended. All annual retainer fees and meeting fees paid to non-employee members of the Board of Directors of the Company are paid in Common Shares of the Company rather than in cash, in accordance with the Directors Fee Program adopted by the shareholders on March 26, 1997.

### EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

The Company has adopted a severance agreement (the "Agreement") for the benefit of Mr. Leganza. If a change in control of the Company has not occurred and Mr. Leganza's employment is terminated without cause, or Mr. Leganza terminates his employment for good reason, Mr. Leganza will receive a lump sum severance benefit equal to 2.0 times his annual base salary and incentive compensation (but excluding any compensation resulting from the exercise of stock options), averaged over the three calendar years ending prior to the date of his termination of employment. If a change in control of the Company has occurred, Mr. Leganza will receive a lump sum payment equal to 2.99 times his total compensation (but excluding any compensation resulting from the exercise of stock options), averaged over the five calendar years ending prior to the date of the change in control. Notwithstanding the above, in no event will the payments under the Agreement exceed the limits on benefits imposed by the Internal Revenue Code.

Should an unfriendly change in control of the Company take place, John L. Sullivan III is guaranteed to receive a lump sum payment equal to one full year of his annual base salary.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

All non-employee members of the Board of Directors are members of the Compensation Committee. In reviewing and overseeing the Company's compensation programs, the Compensation Committee adheres to a compensation philosophy which provides executive compensation programs that are designed to:

Attract and retain key executives crucial to the long-term success of the Company.

Reward executives for the achievement of operational and strategic objectives.

Compensate executives commensurate with each executive's performance, experience and responsibilities.

Align the interests of executives with the long-term interest of shareholders through award opportunities that can result in the ownership of common stock.

As a means of implementing these compensation philosophies and objectives, the Company's compensation program for executives consists of base salary, participation in the Company's incentive compensation program, participation in the employee stock incentive programs, and such individual bonuses as the Committee deems warranted based on the personal achievements of each managing director and corporate executive. The base salaries are determined by evaluating the executives' responsibilities and their individual performance, as well as the competitive environment. Participation in the incentive compensation program is at the discretion of the Compensation Committee. Awards under the incentive compensation program to Company executives are based upon achieving targeted operating earnings goals linked to overall corporate goals. The Compensation Committee believes that the employee stock incentive programs provide executives, who have substantial responsibility for the management and growth of the Company, with the opportunity to increase their ownership in the Company, thereby more closely aligning the best interests of the shareholders and the executives.

## Edgar Filing: EASTERN CO - Form DEF 14A

Effective December 30, 2001, the Compensation Committee increased the salary paid to John L. Sullivan III by 10% based upon his level of achievement in line with the Company's executive compensation program.

### SHAREHOLDER RETURN PERFORMANCE INFORMATION

The following graph sets forth the Company's cumulative Total Shareholder Return based upon an initial \$100 investment made on December 31, 1997 (i.e., stock appreciation plus dividends during the past five fiscal years) compared to the Wilshire 5000 Index and the S&P Industrial Machinery Index.

The Company manufactures and markets a broad range of locks, latches, fasteners and other security hardware that meets the diverse security and safety needs of industrial and commercial customers. Consequently, while the S&P Industrial Machinery Index being used for comparison is the standard index most closely related to the Company, it does not completely represent the Company's products or market applications. The Wilshire 5000 is a market index made up of 5,000 publicly-traded companies, including those having both large and small capitalization.

### AUDIT COMMITTEE CHARTER

#### Organization

This Charter governs the operations of the Audit Committee (the "Committee") in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information prepared by The Eastern Company (the "Company"). The Committee shall review and reassess the Charter and obtain the approval of the Board of Directors at least annually. The Committee shall be appointed by the Board of Directors and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the Committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence with management and the Company. All Committee members shall be financially literate, and at least one member shall have accounting or related financial management expertise.

#### Statement of Policy

## Edgar Filing: EASTERN CO - Form DEF 14A

The Audit Committee shall provide assistance to the Board of Directors in fulfilling its oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts for this purpose.

### Responsibilities and Processes

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those financial statements. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible in order to best react to changing conditions and circumstances. The Committee will take the appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior, and shall meet at least two times annually, or more frequently as circumstances dictate.

-18-

The following shall be the principal recurring processes of the Audit Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the Board and the Audit Committee, as representatives of the Company's shareholders. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The Committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the Committee shall review and recommend to the Board the selection of the Company's independent auditors, subject to shareholders' approval.

The Committee shall review with the independent auditors, the Company's internal auditor, and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the corporation, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transaction, or procedures that might be deemed illegal or otherwise improper. Further, the committee periodically should review company policy statements to determine their adherence to an ethical code of conduct.

The Committee shall have sufficient opportunity for the internal and independent auditors to meet with the members of the audit committee

## Edgar Filing: EASTERN CO - Form DEF 14A

without members of management present. Among the items to be discussed in these meetings are the independent auditors evaluation of the corporation's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of the audit.

The independent auditors may discuss at their discretion with the Committee the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The Chair of the Committee may represent the entire Committee for the purposes of this review.

The Committee shall meet with the independent auditors and financial management of the Company to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditors.

-19-

The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including its judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

The Committee shall review the disclosures concerning the Committee and its operations as may be required for inclusion in proxy materials distributed by the Company in connection with meetings of its shareholders.

The Committee shall perform any other activities consistent with this Charter, the Company's By-laws, or governing law as the Committee or the Board deems necessary or appropriate.
