F.N.B. Corporation Salary Savings Plan
Naples, Florida

We have audited the accompanying statements of net assets available for benefits of F.N.B. Corporation Salary Savings Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets held at year end as of December 31, 2000, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

December 31, 2000

1. Description of the Plan

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

The following description of the F.N.B. Corporation Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, substantially covering all salaried employees of the following subsidiaries of F.N.B. Corporation (the "Corporation"): First National Bank of Naples; Cape Coral National Bank; First National Bank of Ft. Myers; First National Bank of Florida; West Coast Guaranty Bank; The Customer Service Center of F.N.B., LLC FL Division; and F.N.B. Affiliate Services. Participants who have completed 1,000 hours of service and are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan, participating employees may make voluntary pretax and contributions to their accounts of up to 15% of annual base compensation. The Corporation, at its discretion, matches 50% of the first 6% of the participants annual base compensation. The Corporation, at its discretion, may also make a fixed nonelective contribution equal to 5% of the compensation of all eligible participants and may from time to time contribute to the Plan such additional amounts, as discretionary nonelective contributions, as the Board of Directors may in its sole discretion deem advisable, as detailed in the Plan agreement

Participants' savings contributions and employer matching contributions are designated under a qualified deferral arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants may direct employee contributions into any of several funds maintained by Principal Mutual Life Insurance Company. Principal Financial Group (Principal) is the custodian of all of the Plan's assets.

Notes to Financial Statements

1. Description of the Plan (continued)

Contributions (continued)

The employer's discretionary contributions are used to purchase the Corporation's common stock. Participants who have attained age 59 1/2 are permitted to direct the trustee to invest the Corporation's discretionary portion of their account into any other investment that may be permitted under the Plan.

Participant Accounts

Each participant's account is credited with their voluntary contribution and the employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's contributions and actual earnings thereon after five years of service (see vesting schedule below):

Vesting Schedule

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Upon termination of a participant, the employer's contributions to which the participant is not vested is segregated into a separate account and is used to reduce the Corporation's administrative expenses. Any remaining balance is distributed among the participant's accounts.

Payment of Benefits

Upon termination of service, a participant with a vested account balance of less than \$5,000 will receive a lump-sum amount equal to the vested value of his or her accounts. A participant who terminates service with a vested account balance of greater than \$5,000 has two options: he or she may leave his or her account under the Plan or he or she may request a lump-sum distribution of the vested account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan also permits distributions in the event of the participant's permanent disability, death, or attainment of normal retirement age as defined in the Plan.

Administrative Expenses

Edgar Filing: FNB CORP/FL/ - Form 10-K/A

All administrative expenses of the Plan, except for investment fees, are paid by the Corporation. Such expenses have historically been comprised of fees of audit, custody and recordkeeping services and have been immaterial in relation to the Corporation and the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

2. Summary of Accounting Policies (continued)

Valuation of Investments

The Principal pooled separate accounts investments are valued using accumulation units and are stated at fair value. The dividends, interest, and realized and unrealized gains for the underlying funds are factored into the value of the separate account funds. The dollar value per unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held in the separate account. Investments in shares of registered investment companies and common/collective trusts are stated at their net asset value, based on the quoted market prices of the securities held in such funds. The Corporation's common stock is traded on the Nasdaq Stock Market under the trading symbol "FBAN" and is valued using the closing price on the last business day of the Plan year. The participant loans are valued at their outstanding balances, which approximate fair value.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

Notes to Financial Statements (continued)

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated February 26, 1999, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan Sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.

6. Subsequent Event

The following amendments to the summary plan document will become effective July 1, 2001: employees will be eligible to participate in the Plan after 90 days of service and vesting in the employer contributions will be determined as of the participant's date of hire.

During the 1st quarter of 2001, the Corporation completed a consolidation charter plan which reduced the number of bank charters from eight to three. Under the plan, the Corporation's five Florida banks were merged under First National Bank of Florida.
