PROXY STATEMENT

This Proxy Statement contains information related to our Annual Meeting of Stockholders to be held on Monday, August 11, 2008, beginning at 10:00 a.m. at JP Morgan Chase & Co. Corporate Headquarters, 277 Park Avenue, New York, New York, and at any adjournments thereof. This Proxy Statement is being sent to stockholders on or about June [___], 2008. You should review this information together with our 2008 Annual Report to Stockholders, which accompanies this Proxy Statement.

Information about the Meeting

Q: Why did you send me this Proxy Statement?

A: We sent you this Proxy Statement and the enclosed proxy card because the Board of Directors (the Board) of Forest Laboratories, Inc. (we or Forest or the Company) is soliciting your proxy to vote at our 2008 Annual Meeting of Stockholders (the meeting) to be held on Monday, August 11, 2008, or any adjournments of the meeting. This Proxy Statement summarizes information that is intended to assist you in making an informed vote on the proposals described in this Proxy Statement.

Q: Who can vote at the Annual Meeting?

A: Only stockholders of record as of the close of business on June 19, 2008 are entitled to vote at the meeting. On that date, there were 304,758,195 shares of our common stock (each, a share) outstanding and entitled to vote.

Q: How many shares must be present to conduct the Annual Meeting?

A: We must have a "quorum" present in person or by proxy to hold the Annual Meeting. A quorum is a majority of the outstanding shares entitled to vote. Abstentions and broker non-votes (defined below) will be counted for the purpose of determining the existence of a quorum.

Q: What matters are to be voted upon at the Annual Meeting?

A: Three proposals are scheduled for a vote:

Election of eight directors named in this Proxy Statement to serve until the next Annual Meeting of Stockholders in 2009;

Adoption of the Amended and Restated Certificate of Incorporation; and

Ratification of the selection of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2009.

As of the date of this Proxy Statement, these three proposals are the only matters which our Board of Directors intends to present at the meeting. Our Board does not know of any other business to be presented at the meeting. If other business is properly brought before the meeting, the persons named on the enclosed proxy card will vote on these other matters in their discretion.

Q: How does the Board recommend that I vote?

A: The Board recommends that you vote FOR the election of each of the nominees for director; FOR the adoption of the Amended and Restated Certificate of Incorporation; and FOR the proposal to ratify the selection of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2009.

Q: How do I vote before the meeting?

A: You may vote your shares by mail by filling in, signing and returning the enclosed proxy card. Most of our stockholders may also vote their shares by telephone or the Internet. The instructions for voting by telephone or the Internet can be found with your proxy card. If you vote by telephone or the Internet, you do not need to return your proxy card. You may either vote "For" all the nominees to the Board of Directors of Forest or you may withhold authority to vote for any nominee(s) you specify. With respect to the adoption of the Amended and Restated Certificate of Incorporation and the ratification of the selection of BDO Seidman, LLP as Forest's independent registered public accounting firm for the fiscal year ending March 31, 2009, you may vote "For" or "Against" or abstain from voting.

Q: May I vote at the meeting?

A: Yes, you may vote your shares at the meeting if you attend in person. **Even if you plan to attend the meeting, we recommend that you also submit your proxy or voting instructions as described above so that your vote will be counted if you later decide not to attend the meeting.**

Q: How do I vote if my broker holds my shares in "street name"?

A: Shares held in "street name" are held in the name of your bank or broker. If your shares are held in a brokerage account in street name, they are not included in the total number of shares listed as owned by you on the enclosed proxy card. Your bank or broker will send you instructions on how to vote those shares.

Q: How many votes do I have?

A: Each share of common stock that you own as of June 19, 2008, entitles you to one vote on each matter voted upon at the Annual Meeting. On June 19, 2008, there were 304,758,195 shares of our common stock outstanding.

Q: What should I do if I receive more than one set of proxy materials?

A: You may receive more than one set of these proxy materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return **each** proxy card that you receive to ensure that all your shares are voted.

Q: May I change my vote?

A: Yes, you may change your vote or revoke your proxy at any time before the vote at the meeting. You may change your vote prior to the meeting by executing a valid proxy bearing a later date and delivering it to us prior to the meeting at Forest Laboratories, Inc., Attention: Corporate Secretary, 909 Third Avenue, New York, New York 10022. You may withdraw your vote at the meeting and vote in person by giving written notice to our Corporate Secretary. You may also revoke your vote without voting by sending written notice of revocation to our Corporate Secretary at

the above address.

Q: How are my shares voted if I submit a proxy but do not specify how I want to vote?

A: If you submit a properly executed proxy card but do not specify how you want to vote, your shares will be voted FOR the election of each of the nominees for director, FOR the adoption of the Amended and Restated Certificate of Incorporation and FOR the ratification of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2009, and in the discretion of the persons named as proxies on all other matters that are properly brought before the meeting.

-2-

Q: What vote is required to elect Directors?

A: The eight nominees for election as directors who receive the highest number of "FOR" votes will be elected as directors. This number is a plurality. Abstentions will have no effect on the outcome of the voting to elect directors.

Q: What vote is required to adopt the Amended and Restated Certificate of Incorporation?

A: For approval of this proposal, the proposal must receive the "FOR" vote of a majority of the outstanding shares entitled to vote. Abstentions and broker non-votes (defined below) will have the same effect as a vote against the proposal.

Q: What vote is required to ratify the selection of BDO Seidman, LLP as Forest's independent registered public accounting firm for the fiscal year ending March 31, 2009?

A: For approval of this proposal, the proposal must receive the "FOR" vote of a majority of the shares present in person or by proxy and entitled to vote on the matter. Abstentions will have the same effect as a vote against the proposal.

Q: What is a broker non-vote?

A: When shares are held in "street name", a broker non-vote may occur when a bank or brokerage firm does not vote on a proposal because it does not have discretionary voting power and has not received instructions from the beneficial owner of the shares. A broker non-vote is counted for the purpose of determining whether a quorum is present. Under the current rules of the New York Stock Exchange (NYSE), your broker is permitted to vote your shares on certain routine matters, such as the election of directors and the ratification of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2009, even if you do not instruct the broker how to vote.

Q: Who will count the votes?

A: Votes will be counted by the two independent inspectors of election appointed for the meeting.

Q: Who pays for the solicitation of proxies?

A: We will pay for the entire cost of soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. In addition, our directors and employees may solicit proxies in person, by telephone, by Internet, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies, but The Proxy Advisory Group, LLC, our third party proxy solicitor, will be paid its customary fee, estimated to be about \$12,000, if it renders solicitation services.

Q: How can I find out the results of the voting at the Annual Meeting?

A: Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in our Quarterly Report on Form 10-Q for the period ending September 30, 2008.

Independent directors receive no compensation from us for service on the Board or the Committees other than directors' fees and non-discretionary grants under our Equity Incentive Plan.

Executive Sessions; Presiding Director

Board Committees

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. All of the members of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee are independent directors within the meaning of the NYSE Listing Standards and Securities and Exchange Act of 1934 Rule 10A-3. Each of the Committees has the authority to retain independent advisors and consultants, with all fees and expenses to be paid by Forest. The Board-approved charters of each of the Committees are available on our website under the "Investors" link at www.frx.com. The charters are also available in print to any requesting stockholder.

The Nominating Committee held one meeting during fiscal 2008.

The Nominating Committee has established a process for identifying and evaluating nominees for director. EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

The Compensation Committee of the Board of Directors (the Committee) is responsible for setting and administering the policies that govern executive salaries, cash bonus awards and equity incentive awards. The Committee reviews and approves, or in some cases recommends for the approval of the full Board of Directors, the annual compensation, including equity grants, for Forest's executive officers, including the Chairman of the Board and Chief Executive Officer (CEO), the President and Chief Operating Officer (COO), the Senior Vice President – Marketing and Chief Commercial Officer, the Senior Vice President – Finance and Chief Financial Officer and the Senior Vice President – Scientific Affairs (the Named Executive Officers). The Committee operates pursuant to a charter that further outlines the Committee's specific authority, duties and responsibilities.

Objectives of Compensation Program

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

The primary objective of the Company's compensation program, including its executive compensation program, is to structure compensation to allow it to attract, motivate and retain outstanding personnel. The Committee believes that attracting and retaining the right personnel is a key element in supporting Forest's long-term performance and creating stockholder value. The Committee strives to ensure that Forest's compensation program is fair and reflective of current market compensation trends, and aligns the interests of the Company's management and stockholders in support of Forest's long-term financial performance.

What the Compensation Program is Designed to Reward

The compensation program for the Company's executives is designed to reward their contributions to Forest's achievements in a highly competitive environment, long-term strategic management and enhancement of stockholder value. In order to measure the contributions of the executive officers, the Committee reviews financial information, including changes in revenues and earnings per share during the prior fiscal years, and reports relating to various corporate achievements during the prior fiscal year.

-11-

In this connection, the Chairman of the Committee prepares and reviews with the Committee: (i) a comparative analysis of the Company's financial results and of compensation practices of other companies within its peer group; (ii) factors that may be unique to Forest's performance over the past year; and (iii) comparisons of compensation increases as between executive and non-executive employees and new hires and continuing employees.

Peer Group. To evaluate the competitive strength of the Company's compensation levels, the Chairman of the Committee selected a peer group of pharmaceutical companies from proxy materials of comparable companies provided by management and gathered independently and a survey of compensation practices in the pharmaceutical industry prepared by Towers Perrin, a consulting firm specializing in compensation issues. The companies which made up the Company's peer group for fiscal year 2008 were: Allergan Inc., Amgen Inc., Cephalon, Inc., Genentech Inc., Genzyme Corporation, Gilead Sciences Inc., King Pharmaceuticals, Inc., Schering Plough Corp., Sepracor, Inc. and Celgene Corp. In addition to the above companies which were selected based on their comparable annual sales, this year the Committee also reviewed compensation at certain larger pharmaceutical companies (Bristol-Meyers Squibb Co., Merck & Co. Inc. and Pfizer Inc.) that Forest competes with for executive talent.

Elements of the Compensation Plan, Why Each Element is Chosen and How it Relates to the Company's Objectives

The two principal elements comprising executive compensation are cash and equity. The cash element is divided into base salary and annual bonus and the equity element is divided into grants of stock options and restricted stock awards which are subject to a risk of forfeiture (stock awards). These elements complement each other and give the Committee flexibility to create compensation packages that provide short and long-term incentives and are competitive, yet in line with Forest's approach to compensation. Such approach allows the executive sufficient cash to be competitive with other employment opportunities, while at the same time providing them with a strong incentive to maximize value for the Company's stockholders.

Cash Compensation:

Base Salary. Base salary is the primary fixed element in the Company's compensation program. Base salary is intended to provide an element of certainty and security to the executive officers on an

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

ongoing basis. Executive salaries are reviewed on an annual basis (with adjustments generally taking effect on January 1), as well as at the time of a promotion or other material change in responsibilities. Increases in salary are based on an evaluation of the individual's performance and level of pay compared to the salaries paid to persons in similar positions by pharmaceutical companies in this year's peer group, and have generally been in the lower range of such benchmark data. The Committee also takes into account the methods and percentages used by management to determine annual base salary increases for the Company's non-executive employees when determining the appropriate percentage increases to be paid to its executives.

Bonus. The annual cash bonus program is "at risk" compensation designed to reward the Company's executive officers for achievement of key operational goals that the Committee believes will provide the foundation for creating long-term stockholder value. The Committee does not use a formula to determine bonuses but rather reviews performance during the prior year, taking into account significant accomplishments, revenues and changes in the Company's earnings per share. In addition to the foregoing, as is the practice in the context of salary reviews, the Committee also reviews bonus payments made by companies in the peer group to their employees including their executive officers. Finally, the Committee reviews the procedures and general standards used to determine bonuses with respect to employees at all levels within Forest, and reviews the range of percentages applied to award bonuses at the various levels to assist in determining the appropriate percentages to be applied in determining bonus awards to its executives.

-12-

Equity Awards:

Given the long-term nature of the achievement of key objectives in the pharmaceutical business, the Company believes that incentivizing executives to focus on long-term performance is of particular importance. The Company believes that one of the most effective ways to accomplish this objective is to provide executive officers with equity awards. Equity ownership also aligns the interests of executive officers with those of their fellow stockholders since its value is dependent on the value of the Company's stock. Equity awards are typically subject to vesting or forfeiture provisions which operate to help encourage employees to maintain their employment with Forest. For these reasons, equity compensation is typically the largest element of the total annual compensation of the Named Executive Officers.

Stock Options. Stock options are granted to executives as an incentive to create long-term stockholder value. The award of stock options achieves this purpose since the options only provide value to the executive over time as and if there is growth in the market price of the Company's shares.

Stock Awards. At the 2007 Annual Stockholders Meeting, the stockholders approved the adoption of the Company's 2007 Equity Incentive Plan. As a result the Committee has incorporated stock awards as a core component in Forest's executive compensation package. The issuance of stock awards encourages achievement of long-term performance goals and acts as a retention tool. Since the present value of a share of a stock award is greater than the present value of a stock option covering an equal number of shares determined in accordance with the Black-Scholes method, the Committee can grant stock awards covering fewer shares while preserving a comparable value of the total equity awards to employees.

Equity awards granted to the Company's CEO and COO generally vest on the same schedule as applies to equity grants to the independent members of the Board of Directors. Thus, options generally vest in full on the six-month anniversary of the date of grant and the restrictions applicable to stock awards lapse as to 25% of the shares on the six-month anniversary of the date of grant and on each of the first, second and third anniversaries of the date of the grant.

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

Stock options awarded to other executive officers generally vest as follows: 15% of the shares underlying the option vests on the first, second, third and fourth anniversaries of the date of the grant and the remaining 40% vests on the fifth anniversary. The Committee also approved a vesting schedule for stock awards under which 25% of the shares vest on each of the first four anniversaries of the date of the grant. The Committee believes these vesting schedules contribute significantly to the retention of the Company's executives, because they must remain employed with the Company for a specific period of time before they can realize value from the equity awards.

All equity grants to executive officers are approved by the Committee, and except for equity grants which are approved by the Committee at special meetings held in connection with a newly hired officer, such equity grants are approved at the Committee's December meeting which is scheduled at the beginning of each fiscal year. The exercise price of each stock option awarded is the average of the high and low prices of a share of Forest's common stock on the NYSE on the date of the option grant. The Committee does not backdate stock options, grant options retroactively, reprice options, or grant options with regard to the announcement of favorable or unfavorable information. The Company does not currently have guidelines or requirements relating to ownership of its stock by executive officers because it believes that other current elements of compensation, specifically equity awards, provide sufficient ability and encouragement to own its stock.

How the Committee Chose Amounts: Evaluation of Forest's Performance and Basis for 2008 Compensation

The Committee meets annually in December to determine compensation levels for the next calendar year, and to award bonuses for performance during the concluding year. In determining and making recommendations regarding compensation, the Committee evaluates the performance achievements of the individual and of Forest during the year from the perspectives of both long-term growth and current results. Specifically, this year the Committee (i) reviewed management's proposed plan for bonus compensation including the use of the Company's new equity incentive plan, (ii) reviewed management's recommendation for compensation of the executive officers other than the CEO and COO and (iii) set the 2007 bonus and 2008 base compensation for the CEO and COO.

In November 2007, the Chairman of the Committee circulated to the members of the Committee a report highlighting some of the factors he considered relevant to the Committee's determination of executive officer compensation for the calendar year 2008. As described above it included data from a survey of executive compensation in the pharmaceutical industry prepared by Towers Perrin compensation consultants and a report from management regarding Forest's principal achievements during calendar year 2007.

The Committee specifically reviewed and discussed the findings set forth in the report and took note of the accomplishments of Forest during 2007, especially the sales and marketing effort that resulted in the continued strong growth in sales of the Company's promoted products, in particular increased sales of Lexapro®, Namenda® and Benicar®. The Committee also noted the increase in earnings per share from \$1.41 at the end of fiscal 2007 to a projected \$3.03 at the end of fiscal 2008 (including unbudgeted license fees and acquisition costs). The Committee discussed the Company's successful completion of two licensing transactions, including the acquisition of rights to linaclotide from Ironwood Pharmaceuticals, Inc. (formerly Microbia, Inc.), as well as one company acquisition (Cerexa) during calendar year 2007 and reviewed the status of various products in the clinical development stage or trial stages (noting that two research and development programs had been terminated).

The Committee acknowledged the Company's relatively slow growth in reported earnings over the past several years from approximately \$838 million in fiscal 2005 to \$967 million in fiscal 2008 and the recent decline of the Company's share price from \$55 per share early in 2007 to approximately \$39 as of the time of the report. However, the Committee believed that recently completed licensing transactions and continued development of the Company's pipeline would support the Company's future growth and

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

performance, and noted that that belief appeared to be shared by analysts at both Credit Suisse and Lehman Brothers, who follow the Company and had published share price targets substantially in excess of current levels.

The Committee considered compensation information from the Towers Perrin survey and from proxy statements of companies in the Company's peer group along with recommendations from Management. With respect to Named Executive Officers other than the CEO and COO, the Committee used the Towers Perrin survey specifically focusing on the compensation arrangements of the highest tenth percentile of pharmaceutical companies with annual revenues of up to \$5 billion and the bottom tenth percentile of companies with annual revenues of more than \$5 billion. With respect to the CEO and COO, the Committee reviewed the compensation arrangements for comparable positions included in the proxy information specifically focusing on the three companies considered most comparable (Allegan, Inc., Genzyme Corp. and Gilead Sciences Inc.) in sales, earnings and business models. The determination of which companies were used for specific officers was justified because the Committee assumed that the risk of losing either of the Company's CEO or COO to a competitor is relatively small. This data revealed that the total cash compensation paid to Mr. Solomon and Dr. Olanoff in fiscal year 2007 was below the average levels paid by members of the peer group to officers holding comparable positions. Mr. Solomon was granted less equity compensation and Dr. Olanoff was granted more equity compensation than the comparable executives in the peer group (in each case, based on the Black Scholes valuation method). The Committee noted that it nevertheless found that the equity compensation paid to Dr. Olanoff was reasonable in light of various factors, including the relatively high number of direct reports that he has.

-14-

The Committee considered one of its duties for fiscal 2008 to update the compensation practices to better reflect the Company's business strategy. The Committee recognized that Forest's business model is to identify, evaluate, acquire, develop and market pharmaceutical products. Since the Company has advanced to a new level requiring it to seek products at an earlier stage in their development and products with a larger market potential, it needs to attract and maintain executives with a level of skills suited to these challenges. Historically, Forest has hired a significant majority of its executives from major pharmaceutical companies. To maintain this practice and induce such executives to join Forest and to decrease the attraction of the major pharmaceutical companies for its current executives, it is important that the Company's compensation scheme be commensurate with that of the major pharmaceutical companies.

With respect to equity awards, the Committee determined the aggregate amount of equity awards granted to each officer with the goal to awarding approximately the same monetary value, using the Black-Scholes method to determine the value of stock options, as was awarded for the 2007 calendar year. The Committee also gave consideration to the appropriate size of each equity award based on comparable information on awards provided to persons occupying the same position at comparable companies, and taking into account the number of shares granted pursuant to equity awards to other executive officers of Forest. In determining the allocation between stock options and stock awards granted to executive officers, the Committee adopted a general rule of 2/3 stock options and 1/3 stock awards, which allocation takes into account the higher present value of stock awards.

In addition to the above factors, the Committee considered the following in setting the amounts of compensation of the Named Executive Officers: (i) the maintenance of a rational scheme of compensation for Forest's executives, (ii) the need to make sure that any increases granted to the Company's executive officers are in line with increases granted to non-executive officers and (iii) the need to make the compensation competitive enough to discourage executive officers from seeking employment at other major pharmaceutical companies. (This last factor was not a significant factor in determining the compensation of the CEO and COO).

Named Executive Officer Compensation

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

Chief Executive Officer. Following its discussion and analysis of the above factors, and specifically taking note of Mr. Solomon's contribution toward achievement of objectives relating to long-term growth strategies during the year and the compensation paid to CEOs from the peer group, the Committee approved the following compensation for Mr. Solomon: an increase in salary of approximately 4% to \$1,200,000 and a 2007 bonus of \$635,000, approximately 55% of his base salary, which reflected an increase of \$35,000 over his bonus for the previous year. With respect to long-term incentive compensation, the Committee granted Mr. Solomon stock options covering 125,000 shares and stock awards covering 60,000 shares.

Chief Operating Officer. Based on the Committee's discussion and analysis of the above factors and specifically reviewing the roles of the President and COO, taking note of the number of direct reports and the level of responsibility associated with such positions and compensation paid to COOs from the Company's peer group, the Committee approved the following compensation for Dr. Olanoff: an increase in salary of approximately 4% to \$785,000 and a 2007 bonus of \$400,000, approximately 53% of his base salary. With respect to long-term incentive compensation, the Committee granted Dr. Olanoff stock options covering 75,000 shares and stock awards covering 40,000 shares.

Other Named Executive Officers. Following the Committee's discussion and analysis of the above factors, and specifically taking note of management's recommendations, the Committee reviewed and recommended the following compensation with respect to Ms. Hochberg, Mr. Perier and Dr. Gergel: (i) Ms. Hochberg received an increase in salary of 5% to \$584,500 and a 2007 bonus of \$280,000, equaling 50.3% of her base salary which reflected an increase of \$30,000 over the previous year; with respect to long-term incentive compensation, Ms. Hochberg was granted stock options covering 50,000 shares and stock awards covering 25,000 shares; (ii) Mr. Perier received an increase in salary of 4% to \$541,000 and a 2007 bonus equaling 46.1% of his base salary, or \$240,000, which reflected an increase of \$5,000 over the previous year; with respect to long-term incentive compensation, Mr. Perier was granted stock options covering 50,000 shares and stock awards covering 20,000 shares; (iii) Dr. Gergel received an increase in salary of approximately 3.5% to \$565,000 and a 2007 bonus of \$200,000, equaling 36.6% of his base salary, which reflected a decrease of \$50,000 over the previous year; with respect to long-term incentive compensation, Dr. Gergel was granted stock options covering 30,000 shares and stock awards covering 15,000 shares.

-15-

The Committee believed that the above figures were reasonable given the successful operations, the strong marketing performance and the completion of acquisitions by Forest during the past year and the comparable figures for the equivalent executive officers at the companies listed in the survey. The compensation approved for each Named Executive Officer is more specifically set forth in the Summary Compensation Table on Page 18 of this Proxy Statement.

Other Executive Officers. The Committee, along with Mr. Solomon and Dr. Olanoff, also reviewed and approved merit increases to salary, bonuses and equity awards for the other executive officers based on the criteria and pursuant to the process described above. Specifically they focused on each proposal for salary, bonus and equity award grants.

Post Termination and Other Benefits

Each of the benefits described below was chosen to support the Company's objective of providing a competitive pay package. The Company does not offer guaranteed retirement or pension plan benefits. Instead, it provides its executive officers with the opportunity to accumulate sufficient wealth to provide for their own retirement income through the equity awards they are granted and the post retirement benefits described below. These post retirement benefits have been historically provided by the Company on the same terms and conditions and, except for the benefits under the deferred compensation plan and the perquisites, are contractual obligations between the Company and certain Named Executive Officers. These benefits were not materially changed by the Committee during the 2008 fiscal year.

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

Severance Payments. The Company may terminate each of its Named Executive Officer's employment at any time with or without cause, or by reason of death or disability. Additionally, each executive officer may resign at any time without good cause. In order to attract talented executive personnel and be consistent with peer company norms, Forest currently has offer letters with several executive officers, including Dr. Olanoff and Mr. Perier. These letters initially provide for a severance guarantee for the three year period commencing as of the executive's start date, or if longer, for a one year severance period following his termination of employment. The Committee believes that the initial three year period is appropriate to provide security to new officers who are leaving other employment to join the Company. The guaranty is triggered if the executive is terminated by the Company without Cause or resigns for Good Reason (each as defined in the agreement). A more detailed description of the severance arrangements with the Company's Named Executive Officers (including the amounts payable thereunder) can be found under the heading "Post-Termination Benefits and Change in Control" on Page 23 of this Proxy Statement.

Deferred Compensation. The Company maintains a nonqualified Deferred Compensation Plan for the benefit of certain executive officers, including its Named Executive Officers. Such plans are common within the Company's competitive peer group. Under this plan, full time salaried employees who have an annual base salary of at least \$150,000 may defer up to 50% of their annual base salary and up to 100% of their annual bonuses. Deferred amounts may be invested among several investment programs at the participant's option. Deferred amounts are not subject to federal or state income tax until a participant withdraws amounts from the plan. The Company does not match any of these funds. Further information on the deferred compensation payable to its Named Executive Officers can be found under the heading "Nonqualified Deferred Compensation" on Page 23 of this Proxy Statement.

Retiree Medical Benefits. On December 1, 1989 the Board authorized the grant of certain lifetime medical insurance benefits to certain senior executive officers and their spouses upon the completion of ten years of service by such officers. The benefit was subsequently discontinued and the only executive officer employed with Forest eligible for such benefit is Mr. Solomon. This benefit is further described under the heading "Benefits Continuation Agreements" on Page 25 of this Proxy Statement.

-16-

Change in Control Agreements. The Company has entered into change in control agreements with several key employees, including each of its Named Executive Officers. Each individual has made a significant contribution to Forest and has knowledge and understanding of Forest and its operations which would be important to maintaining continuity of operations in the event of a change in control. Each agreement becomes effective only upon the occurrence of a defined change in control. Each agreement provides that the executive is entitled to his salary, a non-discretionary bonus and benefits for a three year period following a change in control if the executive's employment is terminated during such period by the Company without Cause or by the executive for Good Reason.

The agreements serve to align the executive officers interests with those of the stockholders during a potential change in control, by eliminating potential distraction arising from personal concerns regarding job security. In addition, the Company believes that these agreements encourage continued dedication to assigned duties during periods involving a possible change in control of Forest and protect the earned benefits of the officer against adverse changes resulting from a change in control. These agreements are described in further detail under the heading "Change in Control" on Page 25 of this Proxy Statement.

Perquisites. The Company provides certain executive officers, including the Named Executive Officers with certain perquisites that the Committee believes are reasonable and consistent with Forest's overall compensation program. The cost of the perquisites to the Company is set forth in the "Summary Compensation Table" on Page 18 of this Proxy Statement under the heading "All Other Compensation" and are described further in footnote 3 to the table. Forest does not believe that the perquisites provided to executive officers form a material part of their compensation. The Company does not provide loans to

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

executive officers. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the executive officers.

Certain Tax and Accounting Considerations: Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits the deductibility of compensation (other than qualified performance-based compensation) in excess of \$1,000,000 paid in a taxable year to a company's chief executive officer and the four other most highly compensated executive officers. The Company considers the impact of this deductibility limitation on its compensation program, but recognizes that there may be cases in which authorized compensation exceeds the limits contemplated in Section 162(m).

Current accounting rules, including Statement on Financial Accounting Standards No. 123R (FAS 123R), "Share-Based Payment," require the Company to record as an expense the estimated fair market value of stock option grants and stock awards, which reduces the Company's reported profits. The Committee considers this expense when determining the types and values of equity awards to be granted to employees, including Named Executive Officers.

**Narrative Addendum to the Summary Compensation
Table and Grants of Plan-Based Awards**

Equity Plans

The only long-term incentive compensation plan pursuant to which we presently grant equity awards is our 2007 Equity Incentive Plan (the Equity Plan). Pursuant to the Equity Plan, employees, including the Named Executive Officers, may be granted stock options to purchase shares of common stock at a price per share fixed by the Board, stock awards, stock appreciation rights and stock equivalent units (the Awards). The exercise price of all options, including Incentive Stock Options (ISOs) as defined by Section 422 of the Internal Revenue Code of 1986 (the Code), is the fair market value on the date of the grant. In fiscal 2008, we granted only restricted stock awards and stock options. All of our employees, our subsidiaries' employees and our non-employee directors are eligible to receive Awards under the Equity Plan. The Equity Plan provides that the Compensation Committee may determine which employees are granted Awards and the number of shares subject to each Award. The non-employee directors are eligible for automatic grants of stock awards and stock options as further described in the narrative following the Directors Compensation Table on Page 26 of this Proxy Statement under the heading "Director Compensation".

We have historically granted options to our employees and directors under our 1998 Stock Option Plan, our 2000 Stock Option Plan and our 2004 Stock Option Plan (the Prior Option Plans). Following the adoption of the Equity Plan, we have ceased to issue options under the Prior Option Plans, however all options previously issued under the Prior Option Plans which remain outstanding continue to be governed by the terms of such Prior Option Plans.

NONQUALIFIED DEFERRED COMPENSATION

The following table shows the executive contributions, earnings and account balances for all Named Executive Officers who participate in our Deferred Compensation Plan. The Deferred Compensation Plan allows full time salaried employees who have an annual base salary of at least \$150,000, including the Named Executive Officers listed below, to defer up to 50% of their annual base salary and up to 100% of their annual bonuses. Deferred amounts may be invested among several investment programs at the participant's option. Deferred amounts are not subject to federal or state income tax until a participant withdraws amounts from the plan. We do not match any of these funds.

Employees who participate in the Deferred Compensation Plan may invest deferred monies in a range of investment vehicles that generally mirror the choices available to all employees in the 401(k) plan. The investment options in the Deferred Compensation Plan have returns that would be the same as those earned on the same options in the 401(k) plan. The rates of return for deferred funds in the Deferred Compensation Plan ranged from: -21.48% to 4.66%.

POST-TERMINATION BENEFITS AND CHANGE IN CONTROL

Severance Arrangements

The offer letters pursuant to which certain executive officers joined Forest, including certain of the Named Executive Officers, include a severance guarantee for the three year period commencing as of the executive's start date (Initial Guarantee Period), or if longer, a one year severance period following his termination of employment, limited to severance and certain benefits in the event of a termination of his employment by us without Cause or his termination of employment for Good Reason, each as defined in the agreement (a Qualifying Termination). The agreement also provides for continued health coverage during the severance period. Dr. Olanoff and Mr. Perier are the only Named Executive Officers who are entitled to severance benefits pursuant to such offer letters.

Upon a Qualifying Termination, each such officer is entitled to receive base salary payments for the Initial Guarantee Period, or if longer, the one year severance period following his termination, plus one bonus payment based on the target bonus described in the agreement, plus continued medical coverage for the employee and his family for the same period during which he is eligible to receive salary. In December of 2007, the Board approved amendments to these offer letters to ensure that the Company was in operational compliance with Section 409A of the Internal Revenue Code. The potential amounts payable to Dr. Olanoff and Mr. Perier pursuant to the severance obligations based on a termination date of March 31, 2008 are set forth in the below table.

In connection with Dr. Gergel's resignation, as our Senior Vice President – Scientific Affairs effective March 31, 2008, we entered into a Separation Agreement and General Release (separation agreement) with Dr. Gergel. All payments and benefits under the separation agreement were subject to Forest's receipt of a release and discharge from Dr. Gergel to Forest of all known or unknown claims. Benefits Continuation Agreements

On December 1, 1989 the Board authorized the grant of certain medical insurance benefits to certain senior executive officers and their spouses upon the completion of ten years of service by such officers. The benefit is provided to these executives and their spouses for their lifetimes following termination of the executive's employment with Forest. The benefit is equivalent to the medical insurance benefits provided to the executives as of the date of their termination or as of December 1, 1989, if more favorable, together with payment of reasonable health care related costs. The benefit need not be provided to the extent and for any time that the executive obtains comparable coverage from a subsequent employer. Mr. Solomon is currently the only executive officer who is entitled to these benefits. The amounts payable on behalf of Mr. Solomon, assuming a termination as of March 31, 2008, are reasonably estimated to be equal to \$63,000 annually.

Change in Control

The Board has determined that it is in both our best interests and the stockholders to assure that we will have the continued dedication of our executive officers, notwithstanding the possibility of a Change in Control. The Board believes it is imperative to diminish the inevitable distraction of the executive officers by virtue of the personal uncertainties and risks created by a pending or threatened Change in Control and to encourage the executive officers' full attention and dedication to us currently and in the event of any threatened or pending Change in Control, and to provide the executive officer with compensation and benefits arrangements upon a Change in Control which ensure that the compensation and benefits expectations of the executive officers be satisfied and which are competitive with those within our

peer group. In order to accomplish these objectives, the Board has entered into Change in Control agreements with several key employees, including the Named Executive Officers.

Each agreement becomes effective only upon the occurrence of a Change in Control and provides that the executive is entitled to salary, bonus and benefits for a three year period following a Change in Control if the executive's employment is terminated during such period by the Company without Cause or by the employee for Good Reason or for Adequate Reason (a Qualifying Termination), each as defined in the agreement. Subject to certain exceptions, a Change in Control is (i) an acquisition of 50% or more of our common stock or voting securities by a person or group not acquiring their shares directly from us, (ii) an acquisition during any 12-month period of 30% or more of our common stock by a person or group not acquiring their shares directly from us, (iii) a change in the majority of the current Board or their designated successors not consented to by such current Board or designated successors, (iv) our liquidation or dissolution or (v) a merger, consolidation or sale of all or substantially all of our assets which involves a greater than 50% change in our stockholders or the replacement of a majority of the current Board or their designated successors.

Upon such Qualifying Termination, employees are eligible for the following amounts: (i) the amount of our accrued compensation obligations to the executive through the termination date, consisting of unpaid base salary, a pro-rated bonus and other accrued compensation through the termination date, plus (ii) an amount equal to three times the executives base salary and annual bonus, plus (iii) the actuarial equivalent of the employee's benefit under any retirement plans in which the executive participates, assuming continued participation for the three year period following the termination date. In addition, the executive shall be granted for a three year period continued medical benefits for both the executive and his or her family, provided however coverage is secondary to any coverage the executive obtains from a subsequent employer. Lastly, the employee is provided with outplacement services and any other amounts or benefits required to be paid or provided under any plan or program. In December of 2007, the Board approved amendments to these agreements to ensure that the Company was in operational compliance with Section 409A of the Internal Revenue Code with respect to its Change in Control plan.

For a discussion of valuation assumptions with respect to the 2008 fiscal year, see Note 1 to our 2008 Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended March 31, 2008.
- (2) This amount reflects payments made to Mr. Goodman pursuant to his Benefits Continuation Agreement in connection with his retirement from his position as President and Chief Operating Officer with Forest. The provisions of the Benefits Continuation Agreement are described on Page 25 of this Proxy Statement under the heading "Benefits Continuation Agreements."

Director Fees

During the fiscal year ended March 31, 2008, we had the following standard compensation arrangement with our non-employee directors: \$30,000 for services as a director plus a fee of \$2,000 for each Board of Directors meeting attended; \$1,500 for attendance at a Committee meeting plus a fee of \$1,000 for each Committee Chairman for each Committee meeting attended provided the Committee meeting was not held in conjunction with a Board of Directors meeting. In addition, we have an arrangement to pay \$1,000 to any out-of-town non-employee director who was required to come to New York City for a meeting. Mr. Candee received a fee of \$5,000 in addition to other director fees in consideration of his services as secretary of meetings of the Board of Directors and of Committees of which he is a member.

Automatic Equity Grants

In addition, our non-employee directors participate in the 2007 Equity Incentive Plan (the Equity Plan). Under the Equity Plan, an initial grant of options covering 20,000 shares of common stock is automatically granted to non-employee directors upon appointment to the Board. Each such option grant is at an exercise price equal to the average of the high and low prices of the common stock on the NYSE on the grant date. The stock options become exercisable as to 25% of the shares covered by the options on the six-month anniversary of the grant date and on each anniversary of the grant date until all such options are exercisable. No new directors were appointed during fiscal year 2008, and accordingly, no directors were eligible for this grant.

The Equity Plan further provides for the automatic annual grant to each of our non-employee directors of options to purchase 4,000 shares of common stock on the date of their annual election or re-election by our stockholders. Each such option grant is at an exercise price equal to the average price of the common stock on the NYSE on the grant date and become fully exercisable on the six-month anniversary of the grant date. All options granted under the Equity Plan to non-employee directors have a term of ten years from the grant date, subject to earlier termination in accordance with the terms of the Equity Plan.

Lastly, the Equity Plan also provides for the automatic annual grant to each of our non-employee directors of 1,000 shares of common stock. The annual stock award is subject to a risk of forfeiture which lapses as to 25% of the shares covered by the award on the six-month anniversary of the grant date and each of the first, second and third anniversaries of the grant date.

AUDIT COMMITTEE REPORT(1)

For the fiscal year ended March 31, 2008, the Audit Committee consisted of William J. Candee, III (the Chairman), Dan L. Goldwasser and Lester B. Salans, M.D. The Board has affirmatively determined that Messrs. Candee and Goldwasser and Dr. Salans are independent as defined under the NYSE listing standards and Rule 10A-3 of the Securities and Exchange Act of 1934. The Committee operates under a written charter adopted by the Board of Directors.

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

The Committee recommends to the Board, subject to stockholder ratification, the selection of our independent registered public accounting firm. Management is responsible for our internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board and for issuing a report thereon. The Committee monitors and oversees these processes.

In this context, the Committee has met and held discussions with management, the internal auditor and BDO Seidman, LLP (BDO), our independent registered public accounting firm. Management represented that the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Committee reviewed and discussed the audited consolidated financial statements, as well as the unaudited financial statements included in Quarterly Reports on Form 10-Q for each of the first three quarters of the fiscal year, with management and BDO. The Committee discussed with BDO matters required to be discussed by the Statement of Auditing Standards No. 61 (Communication with Audit Committees). BDO also provided the Committee with the written disclosures required by Independence Standard Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with BDO its independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included or incorporated by reference in the Annual Report on Form 10-K for the fiscal year ended March 31, 2008 for filing with the Securities and Exchange Commission. The Board has adopted this recommendation.

PROPOSAL 2

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

On May 12, 2008, the Board of Directors unanimously adopted, subject to stockholder approval at the Annual Meeting, the Amended and Restated Certificate of Incorporation as set forth in Appendix B (the Proposed Restatement). Forest's Certificate of Incorporation (the Charter) was originally filed on April 11, 1956 and has been amended from time to time over the years. The Proposed Restatement is intended to update the Charter and to integrate it into a single comprehensive document. The Proposed Restatement also deletes certain provisions which are duplicative of provisions of the Delaware General Corporation Law (the DGCL). If the Proposed Restatement is approved by the stockholders, it will be filed with the Delaware Secretary of State and become effective upon such filing.

Summary of Proposed Changes to the Certificate of Incorporation

Integration

Edgar Filing: FOREST LABORATORIES INC - Form PRE 14A

Since the Charter's initial adoption in 1956, there have been numerous amendments to the Charter, each of which is now represented by a separate document. The Proposed Restatement integrates all of the amendments that have been made by Forest to the Charter since 1956 into one unified document, which eliminates the need to refer to a number of separate documents in order to find the complete text of the Charter.

Business Purpose Provisions

The detailed description of Forest's business purposes has been simplified to mirror the requirements of Section 102 of the DGCL as is the current practice for Delaware corporations. The clause currently in effect lists specific types of business activities which Forest may engage in, rather than the more usual formula which authorizes any type of business activity which is permitted under the DGCL. The Proposed Restatement ensures that Forest is properly authorized to transact business for all purposes permitted for a Delaware corporation.

Common and Preferred Stock Provisions

The provisions relating to rights granted to common stockholders have been deleted since such provisions merely restated the rights granted to common stockholders under Sections 170, 212 and 281 of the DGCL. In addition, the Proposed Restatement reflects the elimination of the designations of rights and preferences assigned to specific classes of preferred stock which are no longer issued or outstanding.

Powers of the Board of Directors

The powers of the Board of Directors have been amended to reinstate a provision granting the Board the power to amend our by-laws by majority vote of the Board as permitted by Section 109 of the DCGL. This provision was originally included in our Charter but was removed by an amendment filed in 1957. Reinstating this provision in the Charter does not divest the power of stockholders to amend the by-laws. The by-laws of a corporation set forth the rules and regulations governing certain processes and procedures relative to the governance of a corporation. In the future it may be desirable, or even necessary, to add or change by-law provisions to reflect changes in our practices or changes in applicable law. We believe that it is important and in the best interest of Forest for the Board to have the ability and flexibility to amend the by-laws without the necessity of incurring the expense and time delay of a stockholder meeting. The Board of Directors has no intention at this time of amending the by-laws under which the Company currently operates, a copy of which is filed as an exhibit in our Annual Reports on Form 10-K.

The Proposed Restatement also deletes a reference to the power of the Board of Directors to sell all of the assets or securities of Forest when and as authorized by the majority of stock issued and outstanding since this provision is duplicative of the powers granted to the Board of Directors by Section 271 of the DCGL.

Miscellaneous Provisions

In addition to the foregoing changes, certain immaterial revisions were made to the Charter to correct typographical errors included in the 1957 amendment and to update certain information, such as the address for our Registered Agent, which conforms to the address currently on file with the State of Delaware. Similarly, the provisions referencing the initial incorporator and reflecting historical changes from our initial capital structure are no longer necessary and accordingly have been deleted.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO APPROVE THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AS SET FORTH IN APPENDIX B.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The firm of BDO Seidman, LLP (BDO) has audited our financial statements for each of the three fiscal years ended March 31, 2008. In addition to retaining BDO to audit our consolidated financial statements for fiscal year 2008, we and our affiliates retained BDO, as well as other accounting and consulting firms, to provide various consulting and other services in fiscal year 2008, and expect to continue to do so in the future.

The following table presents fees for professional audit services rendered by BDO for the audit of our annual financial statements and review of financial statements included in our Quarterly Reports on Form 10-Q (Audit Fees) for fiscal years 2008 and 2007, and fees billed for other services rendered by BDO.

	<u>2008</u>	<u>2007</u>
Audit Fees	\$1,428,398	\$1,217,500
Audit Related Fees(1)	92,287 (2)	30,000 (3)
Tax Fees(1)	<u> </u>	<u>117,157 (4)</u>
	<u>\$1,616,762</u>	<u>\$1,364,657</u>
	=====	=====

-
- (1) The Audit Committee has considered the non-audit services performed for us by BDO in their evaluation of that firm's independence.
 - (2) Audit related fees were principally related to services rendered in connection with the acquisition Cerexa, the audit of our benefit plan and services rendered in connection with the registration of shares underlying under our 2007 Equity Incentive Plan.
 - (3) Audit related fees were principally related to the audit of our benefit plan.
 - (4) Tax fees were primarily related to tax return review, state tax matters and tax advisory services.

The Audit Committee's policy is to pre-approve all audit services and all non-audit services that our independent registered public accounting firm is permitted to perform for us under applicable federal securities regulations. While the general policy of the Audit Committee is to make such determinations at full Audit Committee Meetings, the Audit Committee may delegate its pre-approval authority to one or more members of the Audit Committee, provided that all such decisions are presented to the full Audit Committee at its next regularly scheduled meeting.

The Board desires to continue the services of BDO for the current fiscal year ending March 31, 2009. Accordingly, the Board recommends that you ratify the appointment by the Board of BDO to audit the financial statements of Forest for the current fiscal year. Representatives of BDO are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from the stockholders.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE IN FAVOR OF THE APPOINTMENT OF BDO SEIDMAN, LLP.
