ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On January 18, 2005, The Peoples Holding Company issued a press release announcing fourth quarter earnings for 2004. The press release is furnished as Exhibit 99.1 to this Form 8-K.

ITEM 2.06 MATERIAL IMPAIRMENTS.

On January 14, 2005, Peoples recorded an other-than-temporary non-cash, non-operating impairment charge for the fourth quarter of 2004 of approximately \$675,000 after-tax, or \$.07 per diluted share, related to certain Fannie Mae ("FNMA") and Freddie Mac ("FHLMC") preferred stock owned by Peoples. The impairment charge was required as a consequence of a late December FNMA offering of \$5 billion in preferred stock which had a wider spread than previous issues, which in turn resulted in somewhat lower values for other outstanding preferred stock. Peoples elected to record this unrealized loss as an other-than-temporary impairment in accordance with generally accepted accounting principles (GAAP).

The impairment is being recognized on \$5,050,000 of predominately variable-rate securities that are rated AA- and Aa3 by S&P and Moody's, respectively. These investment grade securities are held as part of Peoples' available for sale portfolio; therefore, the unrealized losses have already been recorded as a reduction in other comprehensive income and no additional charges to capital are required. Peoples believes a conservative interpretation of current accounting literature requires this charge to be recorded at this time with respect to the FNMA and FHLMC securities, although Peoples believes that this does not reflect the true long-term economic value of these instruments as interest rates rise.

Peoples does not believe that any future cash expenditures will be required as a result of this impairment charge.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS.
