## Edgar Filing: MULTIMEDIA GAMES INC - Form 8-K

On September 30, 2005, the Compensation Committee of the Board of Directors (the "Committee") of Multimedia Games, Inc. (the "Company" or "we") approved an immediate acceleration of the vesting for certain out-of-the-money unvested stock options previously awarded to employees. The accelerated options were issued under our 2001, 2002, 2003, and Ad Hoc Stock Option Plans. The Committee made the decision to immediately vest these options based in part on the Financial Accounting Standards Board's issuance of Statement of Financial Accounting Standards No. 123 (Revised 2004), or SFAS No. 123(R). The Committee also considered the limited retention and motivational incentive of various groups of our out-of-the-money stock options. Absent the acceleration of these options, upon adoption of SFAS No. 123(R) on October 1, 2005, we would have been required to recognize approximately \$1,500,000 in pre-tax compensation expense from these options over their remaining vesting terms. This current estimate was calculated using the Black-Scholes model. We may ultimately use a different model, such as a lattice model, to calculate this expense, and such calculations may differ significantly from our current estimates. By vesting the selected previously unvested options, that amount of stock-based compensation expense under SFAS No. 123 will only be reflected in our footnote disclosures.

In the event they terminate their employment with or service to the Company prior to the completion of the original vesting terms, certain employees, three of our executive officers, and one of our directors may benefit from the accelerated vesting of their stock options, as they would have the ability to exercise certain options that would have otherwise been forfeited. Because we have accelerated the vesting of only select, out-of-the-money options, no stock-based compensation expense will be recorded with respect to these options. The closing market price per share of our common stock on September 30, 2005 was \$9.71, and the exercise price of the 311,625 unvested options on that date ranged from \$10.15 to \$21.53.

The following table summarizes the options subject to acceleration:

	Aggregate number of shares issuable under accelerated portion of options	Exercise Price per Share (1)
	-----	-----
Director and Executive Officer		
Michael J. Maples	20,625	\$ 15.94
P. Howard Chalmers	20,000	\$ 12.10
Randy Cieslewicz	22,500	\$ 10.15
Dirk Heinen	76,250	\$ 10.84
All Other Employees	172,250	\$ 14.31
Total	311,625	\$ 13.13

(1) The closing price of the Company's closing stock on the day the Compensation Committee approved the acceleration was \$9.71
