Item 2.02. Results of Operations and Financial Condition.

On January 29, 2014, the Company reached an agreement in principle to settle all claims asserted against it in an intellectual property dispute, which provides, among other items for the payment of \$6 million in cash by the Company. The agreement in principle was reached after the Company announced its preliminary results of operations for the three month period ended December 28, 2013 but prior to the filing of the Company's Quarterly Report on Form 10-Q with the U.S. Securities and Exchange Commission for the three month period ended December 28, 2013. As a result, the Company is required under U.S. Generally Accepted Accounting Principles to reflect the impact of agreement in principle, which is a subsequent event, in its financial statements for the three months ended December 28, 2013. As such, the Company recorded a charge for the three months ended December 28, 2013, to accrue the \$6 million settlement which has been recorded in Other Operating Expenses (Income), net in the Consolidated Statements of Income and will be included in the Company's Schedule of Special Items. The Company is filing this Amendment to Form 8-K to update the information provided in the financial tables in Exhibit No. 99.1 to the Form 8-K it furnished to the Securities and Exchange Commission on January 23, 2014 to reflect the agreement in principle.

The information in this Current Report on Form 8-K/A is furnished to, but not filed with, the Securities and Exchange Commission for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that section, and such information shall not be deemed to be incorporated by reference into any of the Company's filings with the Securities and Exchange Commission, except as shall be expressly set forth by specific reference in any such filing.
