ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD TUESDAY, MAY 21, 2013

PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Bar Harbor Bankshares (the "Company") in connection with the solicitation of proxies on behalf of the Board of Directors for use at the Annual Meeting of Shareholders (the "Annual Meeting"). The Annual Meeting will be held on Tuesday, May 21, 2013, at 11:00 a.m. EDT at the Bar Harbor Club located at 111 West Street in Bar Harbor, Maine. The official *Notice of the Annual Meeting of Shareholders* accompanies this Statement. A *Form of Proxy* for use at the meeting and a return envelope for the Proxy are enclosed.

The Notice of Annual Meeting, Proxy Statement, and Proxy Card were first mailed to the Company's shareholders on or about April 9, 2013 to solicit proxies for the Annual Meeting. Any shareholder submitting a proxy has the right to revoke it at any time before it is exercised; therefore, the delivery of an executed Proxy Card will not in any way affect a shareholder's right to attend the Annual Meeting and vote in person. Revocation may be made prior to the Annual Meeting by a written revocation, or by submitting a duly executed Proxy Card bearing a later date sent to the Company attention: Marsha C. Sawyer, Clerk, 82 Main Street, Bar Harbor, Maine 04609; or a proxy may be revoked personally at the Annual Meeting prior to the voting of the Proxy.

In absence of specific instructions to the contrary, shares represented by properly executed proxies received by the Company, including unmarked proxies, will be voted.

Proposal - I **FOR** the election of the thirteen (13) persons nominated as directors by the Board of Directors;

Proposal - II **FOR** approval of the non-binding, advisory resolution on the compensation of the named executive officers; and

Proposal - III **FOR** ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the ensuing year.

Except for procedural matters incidental to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the Proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors.

Quorum and Vote Required

Only shareholders of record as of March 20, 2013 (the Record Date) will be entitled to notice of, to attend, and to vote at, the Annual Meeting. Each share is entitled to cast one vote for each of the thirteen (13) director nominees to the Company's Board of Directors and to cast one vote on each of the other matters to be voted on at the Annual Meeting. Cumulative voting is not permitted. As of the Record Date, 3,928,149 shares of the Company's common stock, \$2.00 par value (Common Stock), were outstanding and entitled to vote at the Annual Meeting. The presence at the Annual Meeting, either in person or by proxy, of the holders of not less than a majority of the shares entitled to vote at any meeting will constitute a quorum. If a quorum is present at the Annual Meeting, action may be taken on any matter considered, excepting only the election of directors, by the holders of a majority of the shares present and voting.

Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. The inspector of election will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not for purposes of voting with respect to determining the approval of any matter submitted to the shareholders for a vote. Shareholders who are present will have an opportunity to vote on each matter properly brought before the Annual Meeting. A broker non-vote occurs when a broker or other nominee holder, such as a bank, submits a proxy

representing shares that another person actually owns, and that person has not given voting instructions to the broker or other nominee holder.

The following is the Board's recommendation with respect to each of the items to be considered and voted upon at the Annual Meeting:

Proposal I - The Board of Directors recommends that you vote **FOR** the election of the thirteen (13) persons nominated as directors;

Proposal II - The Board of Directors recommends that you vote **FOR** the approval of the non-binding advisory resolution on the compensation of the named executive officers; and

Proposal III - The Board of Directors recommends that you vote **FOR** ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the ensuing year.

It is not anticipated that any matters will be presented at the Annual Meeting other than as set forth in the accompanying Notice of the Annual Meeting. If any other matters are presented properly at the Annual Meeting, however, the proxy will be voted by the proxy holders in accordance with the recommendations of the Board.

Voting

Voting by Mail. Shareholders can ensure that their shares are voted at the Annual Meeting by completing, signing, dating, and mailing the enclosed Proxy Card in the enclosed, postage prepaid envelope.

Voting by Telephone or the Internet. If you choose to vote by telephone or the Internet, instructions to do so are set forth on the enclosed Proxy Card. If you vote by telephone or the Internet, you do not have to mail in your proxy card, but your vote must be received by the voting deadline set forth on the Proxy Card.

If your shares are held by a bank, broker, or other nominee, please follow the instructions provided with your proxy materials supplied by your bank or broker.

Revocability of Proxies

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised, by filing, with the Company Clerk, an instrument revoking it, or by submitting a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Annual Meeting and voting in person at the Annual Meeting. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocations of proxies.

Solicitation of Proxies

Proxies are being solicited by the Board of Directors of the Company, (the Board), principally through the mail. The Board of Directors and Management of the Company may also solicit proxies personally, or by telephone, e-mail, or facsimile transmission. The entire expense of solicitation, including costs of preparing assembling and mailing the proxy material will be borne by the Company.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Annual Meeting to be Held on May 21, 2013:

This Proxy Statement, along with the Company s Annual Report on Form 10K for the fiscal year ended December 31, 2012 and our 2012 Summary Annual Report are available free of charge on the Investor Relations section of our website www.BHBT.com.

In addition, the Company will provide without charge upon the written request of any shareholder a copy of the Company s Annual Report on Form 10-K, including the financial statements and the financial statement schedules, required to be filed with the United States Securities and Exchange Commission for the fiscal year ended December 31, 2012. Requests should be directed to Bar Harbor Bankshares, Attn: Investor Relations, 82 Main Street, Bar Harbor, Maine 04609.

PROPOSAL I

ELECTION OF DIRECTORS

At the Annual Meeting of Shareholders, thirteen (13) director-nominees will stand for re-election to serve until the 2014 Annual Meeting of Shareholders and until each director's successor is elected and qualified. Each director-nominee has consented to serve, and to the use of his or her name in this Proxy. All thirteen (13) of the director-nominees currently serve on the Board of the Company.

The Board has determined the majority of director-nominees are independent directors as required in accordance with applicable laws, regulations, and NYSE MKT, LLC (formerly the American Stock Exchange or AMEX and hereinafter NYSE MKT) listing requirements. The exception is director-nominee Joseph M. Murphy, who serves as President and Chief Executive Officer of the Company. Mr. Murphy does not serve as a voting member of the Audit, Compensation and Human Resources, or Governance Committees.

Board of Director Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE ELECTION OF THE THIRTEEN (13) PERSONS NOMINATED AS DIRECTORS IN THE PROXY.

PROPOSAL II

NON-BINDING, ADVISORY RESOLUTION ON THE COMPENSATION

OF THE NAMED EXECUTIVE OFFICERS

The Securities Exchange Act of 1934, as amended, requires the Company to provide shareholders an opportunity to vote to approve, on a non-binding, advisory basis, the compensation of named executive officers as disclosed in this Proxy Statement. This vote does not address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and its compensation philosophy, policies and practices, as disclosed in this proxy statement. Shareholders requested through their 2011 vote to have the opportunity to express their opinion on the overall compensation program through this non-binding voting mechanism on an annual basis.

The Company's named executive officers in this Proxy Statement include, Joseph M. Murphy, Gerald Shencavitz, Michael W. Bonsey, Gregory W. Dalton, and Stephen M. Leackfeldt. The compensation of the Company's named

executive officers is disclosed in the Compensation Discussion and Analysis, the summary compensation table and the other related tables and narrative disclosure contained elsewhere in this proxy statement. As discussed in those disclosures, the Board of Directors believes that our executive compensation philosophy, policies, and procedures provide a strong link between each named executive officer's compensation and our short and long-term performance. The objective of our executive compensation program is to provide compensation which is competitive based on our performance and aligned with the long-term interests of our shareholders.

The Company asks shareholders to indicate their support of our named executive officer's compensation as described in this Proxy Statement. This proposal will be presented at the Annual Meeting as a resolution in substantially the following form:

RESOLVED, on an advisory basis, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Board of Director Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL III

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Company's Audit Committee has appointed KPMG LLP as the Company's principal independent registered public accounting firm for the fiscal year ending December 31, 2013. The Company is asking its shareholders to ratify the appointment of KPMG LLP as its independent registered public accounting firm because it believes it is a matter of good corporate practice to do so. If the Company's shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines such a change would be in the best interest of the Company and its shareholders.

Information regarding the audit fees and reports of KPMG LLP is set forth in this Proxy under the caption INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Board of Director Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2013.

CORPORATE GOVERNANCE

Board of Directors:

A Board of Directors comprised of thirteen (13) members managed the Company during 2012. A majority of the Board of Directors meets the independence standards established by NYSE MKT. The Board has determined that all the named director-nominees listed in this Proxy, with the exception of Mr. Murphy, meet applicable independence standards established by NYSE MKT. The Board of Directors of the Company held a total of eleven (11) regular meetings, three (3) special meetings, and one (1) annual meeting during 2012. Each director attended at least 75% of the total number of board and committee meetings that he or she was eligible to attend. The Board encourages, but does not require, each director to attend its Annual Meeting. All of the Board's members attended the 2012 Annual Meeting.

Mr. Murphy's Service as Director following his Planned Retirement as President and CEO:

Mr. Murphy has announced his planned retirement as President and Chief Executive Officer of the Company and the Bank effective June 30, 2013. The Governance Committee has recommended Mr. Murphy as a nominee for re-election as a Director to continue his service following his planned retirement in 2013. Mr. Murphy has agreed to stand for re-election understanding that his service, if elected, will continue following his June 2013 retirement date.

The Governance Committee believes Mr. Murphy's continuing service as a Director following his retirement will provide continuity and assist the Company in its CEO leadership transition process.

Board Leadership Structure and Risk Oversight:

The leadership structure of the Company is guided by its Governance Committee. The Company's Governance Committee nominates individuals to serve as members of the Company's Board of Directors, including any management Directors. All Directors of the Company are considered independent directors, except for the CEO of the Company. The Chairperson of the Board of Directors, as well as the Vice Chairperson of the Board, are both independent directors. Management Directors do not serve as Chairs of any Board Committees. The Governance Committee nominates the Chairperson and Vice Chairperson roles for election by the entire Board of Directors. The independent directors meet in executive session directly after Board meetings periodically to ensure that there is adequate oversight of Company management and to ensure that there is ample time to assess the Company's activities separate from management. The Governance Committee believes this leadership structure is prudent and provides sufficient segregation and independence.

The Board of Directors provides oversight to the management of the Company's risk profile, including but not limited to internal controls over financial reporting, credit risk, interest rate risk, liquidity risk, operational risk, reputational risk and compliance risk. The Board of Directors monitors and manages these risks through the activities of specialized Board Committees in conjunction with management, internal audit, the independent registered public accounting firm, and other independent advisors. Some of the more significant risks and the Board's oversight of those risks are described below.

The Board manages credit risk through a Director's Loan Committee, which operates at the BHBT level and meets at least monthly. This committee sets loan policy, establishes credit authorities, and approves or ratifies all extensions of credit over \$1,000,000. This Committee regularly reviews credit trends, delinquencies, non-performing loans and recommends loans to be charged-off to the Board of Directors.

The Asset and Liability Management Committee (ALCO), which comprises the entire senior management team and is chaired by the CFO, assists in the management of interest rate and liquidity risk. This committee meets on a regular basis to review market interest rate trends and product pricing strategies. On a quarterly basis, ALCO meets with its asset and liability management consultant, Darling Consulting Group, to review current trends, possible interest rate or liquidity risks in the balance sheet and to review prospective strategies over typically a two-year horizon using their proprietary modeling services. The Chairperson of the Board attends these quarterly meetings and the findings and recommendations are reported to the full Board by the consultants at least twice a year. The Company's balance sheet position and risk mitigation strategies are reviewed by internal audit and the data verified by an outsourced specialist from M & M Consulting.

The Company's Audit Committee meets quarterly and receives reports from its independent registered public accounting firm, the independent loan review consultants, and the Company's internal audit function. The senior auditor conducts an annual risk-based audit program and provides audit findings quarterly.

The Company has an Enterprise Risk Management Program that is administered on behalf of the Board of Directors by Executive Vice President and Chief Risk Officer Bonsey. In addition to this Program, the Bank's credit review, consumer loan underwriting, compliance and information security departments report to Mr. Bonsey. The Enterprise Risk Management Program coordinates with all of the Bank's lines of business to identify, monitor, track and report various risks within the organization. The Program also established an Enterprise Risk Management committee that reviews and discusses on a quarterly basis the Program's Bank wide risk assessments. The final risk assessments are shared and discussed with the Board of Directors each quarter.

The Board manages incentive compensation risk through its Compensation and Human Resources Committee. This Committee has engaged Pearl Meyer & Partners as independent compensation consultants to provide the Committee with both competitive market data and research into compensation best practices to guide the decisions of the Committee. To mitigate the inherent risks of incenting behaviors potentially adverse to the Company and its stakeholders, the Committee has reviewed the plans with the assistance of the Company's Chief Risk Officer and their results are reviewed by the Board to ensure that incentive plans for senior officers and others do not encourage excessive risk-taking.

The Company believes that its risk management activities and procedures provide sufficient information to management and the Board of Directors to assist them in properly and adequately evaluating the Company's compliance with its risk management programs and policies. There can be no assurance that the Board's risk oversight structure has identified and addressed every potential material risk and there may be additional risks that could arise in the Company's business. Both known and unknown risks could result in potentially material financial and/or business losses despite the Board's efforts to oversee risk.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to (i) the financial information to be provided to shareholders and the Commission; (ii) the review of quarterly financial statements; (iii) the system of financial reporting controls management has established; and (iv) the internal audit, external audit, and loan review processes.

Governance Committee

The Governance Committee for 2012 was comprised of directors Shea, Dodge, Colwell, Carter, and Lewis. The Governance Committee met four (4) times during 2012. Mrs. Shea served as Chairperson of the Committee. The Company Board of Directors has determined that each member of the Governance Committee is independent for purposes of NYSE MKT listing standards.

The Governance Committee's responsibilities include screening director candidates, recommending nominees to the full Board of Directors (including the slate of returning directors) to be elected each year, making recommendations concerning the size and composition of the Board of Directors, recommending Committee structure and membership, and sponsoring new director orientation and education. The Governance Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.BHBT.com.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management, and shareholders. To date the Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee considers among other things the background, business and professional experience (including any requisite financial expertise or other special qualifications), current employment, community service, and other board service of its director-nominees, as well as racial, ethnic, and gender diversity of the Board as a whole. The Governance Committee generally considers a candidate's qualifications in light of these broad criteria as well as an assessment as to whether the candidate can make decisions on behalf of or while representing the Company in a manner consistent with its stated business goals and objectives. The Governance Committee will also consider the candidate's independent status in accordance with applicable regulations and listing standards. The Governance Committee will consider nominees recommended by shareholders. Any shareholder wishing to nominate a candidate for director must follow the procedures for submission of proposals set forth in the section of this Proxy Statement entitled "Nominations by Shareholders."

Compensation and Human Resources Committee

The Compensation and Human Resources Committee reviews and considers recommendations from management, consultants, and directors concerning executive compensation policies, employee benefit plans, and salary administration programs, including reviewing annually the performance, total compensation, and recommended

adjustments for all executive officers of the Company and its subsidiaries. The deliberations of the Compensation and Human Resources Committee are reported to the Board of Directors for review and approval by the independent board members. The Compensation and Human Resources Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.BHBT.com.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

In the paragraphs that follow, is an overview and analysis of the Company's compensation program and policies, the material compensation decisions made under those programs and policies with respect to its named executive officers, and the material factors considered in making those decisions. Later in this Proxy Statement under the heading, Executive Compensation is a series of tables containing specific information about the compensation earned or paid to the named executive officers, referred to as NEOs.

The discussion below is intended to aid understanding the detailed information provided in those tables and put that information into context within the overall compensation program.

Named Executive Officers

As used in this Proxy Statement, the term named executive officers or NEOs includes: (i) the Company's President and Chief Executive Officer, Joseph M. Murphy and Chief Financial Officer, Gerald Shencavitz, and (ii) the Company's three (3) other most highly compensated policy making, executive officers who earned more than \$100,000 in total compensation during the Company's last fiscal year. In 2012, the other three NEOs were Executive Vice Presidents: Michael W. Bonsey, Gregory W. Dalton and Stephen M. Leackfeldt.

Objectives of the Company's Compensation Program

The objective of the Company's compensation program is to attract, retain, motivate, and reward NEOs and other executives who contribute to its financial and operational success, which ultimately builds value for its shareholders. The Company Board of Directors believes that, in order to do this effectively, the program must:

.

Provide Company NEOs with total compensation opportunities at levels that are competitive for comparable positions at companies and banks with whom it competes for talent;

.

Directly link a significant portion of total compensation to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels;

.

Provide upside opportunities for exceptional individual performance, which can result in differentiated compensation among NEOs based on performance; and

.

Closely align the NEOs' interest with those of Company shareholders by making stock-based incentives an element of the executive's compensation over time.

Role of the Compensation Committee

The Compensation and Human Resources Committee (the Committee) oversees regulatory compliance for all Company compensation and benefit plans and administers the Company's executive compensation programs. The Committee recommends these programs to the Company's Board of Directors for approval by its independent board members at least annually and more frequently, if circumstances warrant. These programs are intended to provide a variety of competitive compensation components including base salaries, traditional benefits, annual cash performance incentives, and retirement programs. In addition, the Company has sought to align the long-term interests of its executives, including the NEOs, with those of the shareholders by providing share-based incentives in the form of stock option grants or equity awards. The composition of the components may vary from year to year based on individual performance, the Company's business plan, market conditions, or other factors.

The Committee believes that the Company's compensation policies and procedures are designed to provide a strong link between each NEO's compensation and the Company's short and long-term performance. The objective of the Company's compensation program is to provide compensation which is competitive, variable based on the Company's performance, and aligned with the long-term interests of shareholders.

Shareholder Say on Pay Advisory Votes

Shareholders were first entitled to vote on an advisory, non-binding resolution on the Company's compensation policies and procedures in 2009, again in 2011, and annually thereafter. Past shareholder votes have been overwhelmingly in favor of the Company's programs and practices.

The May, 2012 Say on Pay voting results were as follows:

For	Against	Abstain	Broker Non-Vote
2,315,677.99	62,894.35	77,016.82	981,993

The Compensation Committee will continue to consider the outcome of future advisory, non-binding Say on Pay votes when reviewing and planning future executive compensation arrangements.

The Role of Compensation Consultants and the Committee's Evaluation of Conflicts of Interest

The Committee has occasionally utilized, and expects to utilize in the future, various outside consultants, actuaries, and employment attorneys to assist it in developing and implementing the essential components of the Company's compensation program, including its stock option program, Supplemental Executive Retirement Plan (SERP), and incentive compensation arrangements.

During 2012, as in past years, Committee Chair, Robert Phillips and Senior Vice President Sawyer attended a multi-day conference sponsored by *Bank Director Magazine*, NASDAQ, and Institutional Shareholder Services specifically targeted at Bank Executive & Board Compensation best practices.

The Committee, under authority granted by its Charter, engages Pearl Meyer & Partners to assist in conducting updated reviews of the Company's executive officer and director compensation packages. Their 2012-2013 engagement includes:

.

Providing current market-based total compensation guidelines to assist in establishing appropriate and ongoing base compensation and short-term incentive compensation levels for the Company's NEOs;

.

Providing on-going guidance on the Company's short-term, annual cash incentive plan positions in relationship to the established plan framework utilizing, thresholds, targets, and stretch goals tied to the Company's strategic and long-term financial plans;

.

Providing a comprehensive review of the Company's compensation program for its directors;

.

Recommending an updated, appropriate Compensation Peer Group comparison for compensation purposes;

.

Providing guidelines for competitive base salary, equity components, and benefit structure as the Company seeks a candidate to fill the vacancy created by Mr. Murphy's previously announced retirement in June 2013; and

.

Providing guidance for the development of a long term incentive program using equity grants as partial payment for future grants to NEOs under the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009.

The Committee has assessed the relationships between Pearl Meyer & Partners, the Company, the Committee and the executive officers of the Company for independence and conflicts of interest. In this assessment, the Committee reviewed the criteria set forth in the SEC's Reg. 240.10C-1(b)(4) (i)-(vi) and such other criteria as it deemed appropriate. Specifically, the Committee considered the following factors in its evaluation of its relationship with Pearl Meyer & Partners:

.

Whether Pearl Meyer & Partners provided any other services to the Company;

.

How much compensation Pearl Meyer & Partners has received from the Company for compensation consulting services, as a percentage to their total revenue;

.

What policies and procedures have been adopted by Pearl Meyer & Partners to prevent a conflict of interest;

Whether Pearl Meyer & Partners has any business or personal relationship with a member of the Committee;

Whether Pearl Meyer & Partners owns any of our Company stock; and

Whether Pearl Meyer & Partners has any personal or business relationship with any executive officer of the Company.

The Committee did not identify any conflicts of interest for Pearl Meyer & Partners.

Role of Management in Establishing Compensation

On an annual basis Mrs. Marsha C. Sawyer, the Senior Vice President of Human Resources, with the oversight of the CEO, provides the Committee with general information on executive officer compensation, including the NEOs. The Committee then reviews, discusses, and considers this information and any recommendations. The CEO and the Senior Vice President of Human Resources generally attend the Committee meetings but were not present for the executive sessions or for any discussion of their own compensation. Mrs. Sawyer assists in the administration of all executive compensation programs, prepares Committee and Board meeting materials and performs work as requested by the Committee, including working directly with the Company's Compensation Consultant in preparation of peer analyses for the Committee's consideration. Mr. Murphy, the Company's CEO attends portions of the Committee's meetings and makes recommendations on base salary, annual incentives, and equity compensation for executive officers who report to him. The Committee has the discretion to accept, reject, or modify the CEO's recommendations. No changes occurred in 2012 with respect to the participation by management in the compensation process.

Market Benchmarking and Performance Comparisons

The Committee approves and recommends to the Board's independent members compensation programs it believes meets the Company's ongoing need to attract, motivate, and retain talented and qualified executives who have the ability to make a major contribution to the leadership and success of the Company. The Committee regularly reviews market information provided by the Company's independent compensation consulting firm, Pearl Meyer & Partners. Pearl Meyer & Partners is retained by the Committee and does not provide any other consulting services to the Company or its subsidiaries. Pearl Meyer & Partners draws compensation information from published surveys and public filings detailing comparable benchmark data for similarly sized banks in the Company's region. The Committee reviews comparative compensation and benefit information contained in the public filings of a peer group the Company established for compensation comparison (the Compensation Peer Group). The Committee again found it necessary due to bank mergers and acquisitions to update and expand its Compensation Peer Group to financial

institutions outside of Maine to incorporate an appropriate selection of publicly-traded financial institutions and provide a representation of the geographical area that may be considered for recruitment purposes. With the assistance of Pearl Meyer & Partners, the Company redefined its 2012 Compensation Peer Group to the companies listed below. The Committee believes these Compensation Peer Group filings disclose compensation programs of similarly situated executives in comparable institutions throughout Maine and the Northeast region and they are a useful comparative tool for the Committee in establishing executive compensation programs and individual criteria for its executives including the NEOs. The Compensation Peer Group information is used as a guide in establishing reasonableness in the Company's compensation program.

Financial performance statistics for the Company's Compensation Peer Group is shown for the year ended **December 31, 2012**. The statistical information reported below was provided to Pearl Meyer & Partners by SNL Financial. For 2012, the Company's Compensation Peer Group was comprised of the following institutions.

The Committee did not target the elements of its compensation program at any specific level or percentile within the Compensation Peer Group, but used the information as a whole and the 50th percentile as a way to define its compensation program and assess the competitiveness and reasonableness of the Company's pay practices. Rather than rely on a specific formula-based model, the Committee believes that retaining discretion to assess the overall performance of NEOs gives the Committee the ability to more accurately reflect individual contributions that cannot be absolutely quantified. The Committee also considers the senior incentive program tailored to provide more emphasis on incentive compensation for the NEO group as an important component of the Company's overall compensation program.

Total Shareholder Returns (TSR) statistics for the Company's Compensation Peer Group is shown below for both one year and the three years ending December 31, 2012 for the purposes of measuring its CEO compensation in relationship to shareholder value. The statistical information was provided to Pearl Meyer & Partners for the Company's 2012 Compensation Peer Group.

The Committee feels the Company's TSR compares favorably with the Company's Compensation Peer Group and places the Company above average for the measurement period indicating a solid pay-performance alignment. The Committee believes that the compensation established for its CEO and other NEOs provides for appropriate balance between market compensation and shareholder return.

The Committee used detailed compensation information on the Compensation Peer Group as disclosed in the most recent proxy filings available for competitive reference along with market salary survey information provided by Pearl Meyer & Partners. The Committee further referenced salary survey information and guidance provided by Pearl Meyer & Partners in its process to confirm and validate the appropriateness of the Company's executive compensation compared to market and performance in establishing compensation levels for this group.

2012 compensation and comparative market salary information is detailed below:

¹Approved base salary figures at the end of 2012 are used for comparison purposes in this table.

²Market sources are comprised of Peer Group Average Proxy filing data from the financial institutions disclosed on page 20 of base salary and cash (incentive) compensation and multiple industry survey results utilized by Pearl Meyer & Partners.

³ Approved base salary figures at the end of 2012 plus the amount paid to each NEO under the 2012 Annual Incentive

Plans are used in this table for comparison purposes.

⁴Mr. Bonsey's salary comparison is measured against market salaries for a Chief Risk Officer. Salaries ranges reported include banks on a larger scale than Bar Harbor Bankshares. Mr. Bonsey's base salary is set reflective of the Company's size in relationship to the reported group size.

⁵Mr. Leackfeldt's salary comparison is measured against market salaries for an Executive Officer in charge of Retail Banking. Mr. Leackfeldt also carries the responsibilities for oversight of all the Company's facilities and the Bank's Operations areas that are not reflected in the market comparison detailed above

The Committee also considers the relative scarcity of senior banking executive candidates in its immediate market area and the difficulties of recruiting out-of-market candidates to work in rural Maine. The Committee does not use any formal, fixed, or indexed criteria for establishing compensation levels for any of its NEOs within market identified ranges. The Committee believes over time, the growth in total compensation provided to its executive officers should be balanced towards incentive and equity compensation opportunities directly tied to corporate performance with less emphasis upon growth in base salaries.

Compensation Plan Components

The Company's executive compensation program applicable to the NEOs is comprised of the following primary components: (a) base salaries and benefits, (b) annual incentive cash compensation programs, (c) long-term incentives in the form of stock option grants, and (d) retirement benefits:

(a)***Base Salary and Benefits.*** The executive compensation program provides base salaries and benefits, which include health and life insurance programs, a 401(k) retirement program, and vacation awards to compensate executive officers for the performance of core duties and responsibilities associated with their positions. The Committee reviews base salaries annually in the context of the comparative industry information, as described above. The Committee also considers the specific contributions of the individual executive officer and the officer's opportunity for professional growth, as well as market factors, when it sets and adjusts base salaries. In addition, the Committee considers the prevailing economic climate, the overall performance of the Company, and its most current business plan.

Upon performance evaluations and the advice and market salary data supplied by Pearl Meyer & Partners, the Committee made performance and market adjustments resulting in the 2012 approved base salaries for NEOs as follows:

Named Executive	2011	2012	2012	2012	Percentage	Percentage

¹Mr. Bonsey's, Mr. Dalton's, and Mr. Leackfeldt's base salaries were increased through the Company's normal process at the beginning of 2011. They were further increased in October of 2011 in recognition of their promotions to Executive Vice President and expansion of their respective roles within the Company. The 2011 Base Salary figure noted in the table represents their annualized, ending base salary for 2011.

²The Board of Directors voted NEOs equity shares as part of their 2012 compensation adjustment to further align the NEOs compensation with the financial success of the Company. The shares are wholly owned by the executive, but carry the restriction to be held for a minimum of three months after leaving the employment of the Company

(b)***Short-term, Annual Incentive Cash Compensation Program.*** During 2012, eight (8) senior managers including NEOs, Messrs. Murphy, Shencavitz, Bonsey, Dalton, and Leackfeldt participated in an annual cash incentive compensation plan developed under the guidance of Pearl Meyer & Partners. The philosophy of the Compensation Committee was to set competitive, reasonable base salaries and allow for the potential of meaningful incentives tied to the Company's short-term initiatives to optimize profitability, growth, excellence in individual performance, and to promote teamwork among its participants. This plan was approved by the Company's Board of Directors for 2012 and is detailed below:

Incentive Payout Opportunity

Each participant had a target incentive opportunity based on their role. The target incentive reflected a percentage of base salary determined to be consistent with competitive market practices. Actual awards varied based on achievement of specific goals. The opportunity reflects a range of potential awards. Actual awards ranged from 0% (for not achieving minimal performance) to 150% of target (for exceptional performance). The table below summarizes the incentive ranges for the 2012 plan year.

2012 Short-Term Incentive Targets

Role	Threshold		Target	Stretch
	Below Threshold	(50% of Target Percentage)		(150% of Target Percentage)
President /CEO	0%	12.50%	25.00%	37.50%
EVP & CFO	0%	10.00%	20.00%	30.00%
EVP	0%	8.75%	17.50%	26.25%

Plan Trigger

In order for the Annual Incentive Plan to activate or turn on, the Company needed to achieve at least \$10,336 in Net Income for 2012. If BHB did not meet this level, the plan would not pay out any awards for the year, regardless of performance on other goals.

For the year ended December 31, 2012, the Company reported record net income of \$12,466 compared with \$11,043 for the year ended December 31, 2011, representing an increase of \$1,423 or 12.89%.

Incentive Plan Measures

Each participant had predefined performance goals used to determine their short-term incentive award. There were two performance categories: BHB Team and Individual. BHB Team performance was reflected by common goals for all participants. Individual goals reflected each participant's individual contributions based on their role. The specific allocations of goals were weighted to reflect the focus and contribution for each position in the Company.

The table below provided the guidelines for the allocation of participant's incentives for each performance component.

Position	BHB/Team Performance	Individual Performance
President/CEO (Murphy)	75%	25%
EVP/CFO (Shencavitz)	75%	25%
EVP Line (Dalton)	30%	70%
EVP Staff (Bonsey and Leackfeldt)	50%	50%

BHB Performance

BHB Team performance goals for 2012 were increased Net Income and an improved Efficiency Ratio. The table below shows the specific performance goals at Threshold, Target (budget or improvement over prior year measurements) and Stretch for each of the NEO's during 2012.

² The asset quality measures for Past Dues and Non-Performing Loans + Other Real Estate Owned are calculated using a twelve month average of the month-end actual data for the calendar year. Charge off percentage is measured using the actual annual net charge offs as a percentage of the average outstanding. The average outstanding for this calculation is measured by averaging the actual outstanding loans at each month end.

- (c)**Equity Plans.** Since adopting its Stock Option Plan in 2000, the Company has provided its officers and managers, including its NEOs, with an equity-based compensation component in the form of stock options. This compensation component is used to align the interest of the Company's participating officers and managers, particularly its executive officers, with those of its shareholders over a long-term horizon and to serve as a retention tool. The Company granted options upon date of hire or promotion for qualified individuals, and from time to time for special recognition. The Company awards all grants at the closing market price of the business day of the enabling vote by the Company's Board of Directors. The Board of Directors also sets the vesting schedule, which is typically over a period of three to seven years. The Stock Option Plan adopted in 2000 may no longer issue stock options grants and the grants made under the Stock Option Plan of 2000 to NEOs and other management members are nearing expiration. A schedule of these maturing options can be found on page 33. Stock trading activity in the Company stock is being experienced as members of the management team exercise these maturing options. The Company adopted the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 which was approved by shareholders at the May 2009 Annual Meeting under which equity grants currently may be issued. NEOs were granted an increment of restricted stock as part of their 2012 compensation adjustment. These restricted equity shares are fully vested, but held in the possession of the Company and may not be sold, transferred, or gifted by the NEOs until at least three months after they are no longer employed nor have director oversight for the Company. The purpose of the 2012 equity grants was to tie a portion of the NEOs compensation to the future success of the Company. While no formal plan to continue this compensation philosophy was established in 2012, the Committee may consider employing some form of this practice in the future. Details of these grants made under the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 are set forth on page 33 in the 2012 Option Exercises and Stock Vested Table in columns (d) and (e). The Compensation Committee has engaged Pearl Meyer & Partners to assist it in developing a new equity-based program for future use. This portion of the Company's compensation program was designed to encourage the long-term financial growth of the Company and reward the NEOs for the appreciation in shareholder value.
- (d)**Benefits, Retirement and Post-Termination Compensation Elements.** The Company provides a 401(k) plan for all employees meeting minimum age and service requirements. In addition, the Company provides a nonqualified, noncontributory, defined-benefit plan (SERP) for certain highly compensated officers. Currently, the CEO and Executive Vice President and Chief Financial Officer (EVP/CFO) are the only two NEOs that participate in the SERP. The Company's 401(k) plan has embedded regulatory ceilings that limit the two most senior executives from deferring amounts which the Committee considers sufficient to provide for a reasonable, final average salary retirement benefit. The Company utilizes its SERP plan as a vehicle to assist in funding the CEO's and EVP/CFO's total retirement program.

The Company also maintains Change in Control Agreements for NEOs Murphy, Shencavitz, Bonsey, Leackfeldt, and Dalton. These agreements provide for the payment of their salary and other specified benefits for a period of twelve to twenty-four months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within set timeframes after a change in control, unless such termination was for cause. These specific payments and timeframes were established under the advice of a compensation consultant and employment attorney as representative of similar type agreements in the industry.

The Committee believes that the Company's SERP plan and Change in Control Agreements are necessary to provide a competitive total compensation plan to attract and retain the employment of NEOs that are a party to the agreements.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

Stock Ownership Guidelines

While all of the Company's executive officers hold Company stock, the Company does not have specific guidelines regarding stock ownership for its NEOs at this time. However, the Company encourages stock ownership and reviews overall ownership levels on a periodic basis.

Compliance with Internal Revenue Code Section 409A

Section 409A of the Internal Revenue Code was enacted in 2005 and provides that if a service provider is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, the service provider would be subject to adverse tax treatment, including accelerated income recognition and a potential 20% tax penalty. The Company has modified its affected compensation plans to comply with the Section 409A tax provisions because the Company's NEOs meet the definition of a service provider under Section 409A.

Policy on Internal Revenue Code Section 162(m)

Section 162(m) of the Code disallows publicly-traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$ 1 million unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring the compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation and the performance-based requirements of Section 162(m).

No Company employee exceeded the \$1 million dollar threshold during 2012.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this proxy statement and has discussed it with members of management. Based on such review and discussion, the Compensation Committee recommended to the Board of Director members that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and this Proxy Statement.

¹Included in received base salary amounts disclosed above for each named executive officer are monies they deferred pursuant to the Company's 401(k) Plan, which allows employees of the Company and its wholly owned subsidiaries to defer monies from their compensation, subject to applicable limitations in section 401(k) of the Internal Revenue Code of 1986, as amended, and amounts deferred pursuant to the Company's Section 125 Cafeteria plan providing health, life, and disability insurance benefits. Employees, including NEOs are paid on a 26 bi-weekly basis most years. Infrequently, the calendar provides for 27 bi-weekly pay days. NEOs received 1/26 of their 2009 base salary on January 4, 2010 to accommodate this additional pay date. This adjusting amount has been included in the 2010 base salary amount disclosed above. This additional pay amount for 2010 was approved by the Board of Directors.

²Amounts in this column represent the cash value of restricted stock granted to executives as part of their 2012 compensation adjustments.

³The amounts in this column reflect the changes in value of the Company's nonqualified, noncontributory, defined-benefit supplemental executive retirement program between December 31, 2012, December 31, 2011, and December 31, 2010. The amounts include applicable Medicare gross up (1.45%) amounts on the SERP calculations.

⁴Other Annual Compensation includes match and contribution amounts into the Company's 401(k) plan in the same formula and schedule as available to all other employees and imputed life insurance amounts on group term insurance in excess of the allowable \$50,000, non-taxable IRS limit.

⁵Mr. Murphy's 2010 Incentive Compensation was capped as a result of the Company participation in the U.S. Treasury's Capital Purchase Program. The amounts disclosed above represent the reduced amounts for Mr. Murphy.

⁶Mr. Shencavitz's calculation (memo post only) had been over-reported in prior years. Thus, to eliminate the cumulative prior overage, there was no need to report any additional amount for 2011 on Mr. Shencavitz's income statement to the IRS.

⁷Mr. Bonsey's base salary was adjusted from \$144,200 to \$167,000 effective October, 2011 upon his promotion to Executive Vice President. The \$148,504 represents the actual blended base salary he received for the calendar year 2011.

⁸One time payment of \$5,000 in recognition of transitional teamwork effort in the business banking function during 2010 but paid in 2011

⁹Mr. Dalton's base salary was adjusted from \$151,600 to \$175,000 effective October, 2011 upon his promotion to Executive Vice President. The \$156,003 represents the actual blended base salary he received for the calendar year 2011.

¹⁰Mr. Leackfeldt's base salary was adjusted from \$145,038 to \$167,000 effective October, 2011 upon his promotion to Executive Vice President. The \$149,193 represents the actual blended base salary he received for the calendar year 2011.

The NEOs also participate in certain group life, health, disability insurance, and medical reimbursement plans, not disclosed in the Summary Compensation Table, that are generally available to all employees and do not discriminate in scope, terms, and operation. NARRATIVE DISCUSSION AND ANALYSIS OF SUMMARY COMPENSATION TABLE

The Committee believes the following information and discussion is useful to the reader in understanding the information set forth in the above Summary Compensation Table.

Chief Executive Officer Employment Agreement

The Company has entered into a written employment agreement with Mr. Joseph M. Murphy, its President and CEO which was amended and restated on November 19, 2008 (the "CEO Employment Agreement").

The CEO Employment Agreement provides for the payment of an annual base salary to the President and CEO of not less than \$273,946 to be paid in substantially equal installments in accordance with the Company's compensation policies and procedures on the pay dates established by the Company for its senior executive officers. The base salary shall be reviewed annually by the Compensation Committee of the Company's Board of Directors and shall be adjusted at the Company's sole discretion. The CEO shall also participate in any performance

compensation plan agreed upon by the parties during the term of the CEO Employment Agreement in concert with the Company's evolving goals and objectives. The Employment Agreement is for an initial term of two (2) years with provisions for automatic extensions of one (1) year each in the absence of notice from the Company of its intention not to extend the term of the Employment Agreement. Mr. Murphy has announced his retirement from the Company as of June 30, 2013.

Mr. Murphy's Employment Agreement also provided for a payment in the event of his involuntary termination without cause or voluntary termination for good reason of two times his salary plus health and welfare benefits for twenty four months. With limited exceptions, it also allows for a severance payment to the CEO in the event his employment is terminated within one (1) year prior to or following certain events defined to constitute a change in control of the Company. This severance payment resulting from a termination of employment (constructive termination) following a change in control is equal to two (2) times the CEO's base annual salary, incentive compensation payments earned and any accrued but unused vacation time. In addition, if Mr. Murphy had any unvested stock options and unvested supplemental executive retirement benefits those amounts would vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Murphy becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

Mr. Murphy's Change in Control Agreement also contains restrictions on competition by the CEO with the Company during the term and for a period of one (1) year following the cessation of the CEO's employment with the Company regardless of reason.

Compensation of the Chief Executive Officer

On an annual basis, the Committee reviews the existing compensation plan for the Company's CEO, Joseph M. Murphy. The Committee reviews this compensation plan in the context of the Company's overall performance, the achievement of certain financial and non-financial goals and the judgment of the entire Board of Directors as to the quality of the CEO's leadership. In addition, the Committee compares the CEO's compensation to CEOs of the Company's Compensation Peer Group and salary survey information for comparable positions. In making these comparisons, the Committee takes into account appropriate differences in the size, business model, and financial performance of the other banking institutions.

In accordance with the CEO's Employment Agreement with the Company, the Committee reviews the CEO's base salary no less often than annually and may recommend an increase in his base salary to the Board of Directors at the Committee's sole discretion. During 2012, CEO Murphy's cash base salary was adjusted 2.93% based on his continued strong performance on behalf of the Company and competitive data provided by the Company's Compensation Consultant, Pearl Meyer & Partners.

As further discussed below, the CEO participated in the structured annual incentive cash compensation plan provided to all executive officers. During 2012, Mr. Murphy earned an annual incentive of \$113,156.

During 2012, the Committee granted the CEO Murphy 279 shares of restricted stock with a value on the grant date of \$9,999 as part of his 2012 compensation adjustment. The stock is wholly owned by Mr. Murphy, but he is required to hold the shares for a minimum of three months after he has no further employment or director oversight for the Company.

CEO Murphy is a member of the Board of Directors of the Company and its subsidiaries. He does not receive any director fees for participating in the activities of these Boards.

Other Change in Control, Confidentiality, and Non-competition Agreements

The Company entered into a Change in Control, Confidentiality, and Non-competition Agreement with the Company's EVP/CFO, Mr. Gerald Shencavitz. This agreement provides Mr. Shencavitz with severance of both salary and benefits for a period of eighteen (18) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months after a change of control, unless such termination was for cause. In addition, Mr. Shencavitz's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Shencavitz becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

The Company has also entered into Change in Control, Confidentiality, and Non-Competition Agreements with the Bank's Executive Vice Presidents, Michael W. Bonsey, and Gregory W. Dalton, and Stephen Leackfeldt along with four other senior employees. Their agreements provide for severance of both salary and benefits for a period of twelve (12) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months of a change of control, unless such termination was for cause.

All of these agreements were entered into as part of a total compensation program to attract and/or retain qualified executives and not entered into in response to any effort known to the Board of Directors by any party or entity to acquire control of the Company.

Incentive Cash Compensation

During 2012 NEOs, Messrs. Murphy, Shencavitz, Bonsey, Dalton, and Leackfeldt participated in an annual cash incentive compensation program with a combination of team and individual goals representing opportunities for incentive payments. This plan was approved by the Company's Compensation Committee and Board of Directors in 2012. The voted plan document allows for tiered payments based on Threshold, Target, and Stretch measures along with an overall plan trigger requiring the Company to achieve at least a Net Income Available to Common Shareholder's amount of \$10,336 before any payments would be approved or paid under any measure. The Company paid out a total of Two Hundred Eighty Five Thousand, Four Hundred and Seven dollars (\$285,407) to its NEOs in 2012.

The altering, inflating, and/or inappropriate manipulation of performance/financial results or any other infraction of recognized ethical business standards, will subject any participant to disciplinary action up to and including termination of employment. In addition, any incentive compensation as provided by the plan to which the participant

would otherwise be entitled will be revoked or subject to claw back.

The plan is based on a balance of multiple measures, layered oversight, and reasonable ceilings for exceptional performance. These two basic plan features structure the plan to discourage excessive risk and rewards. The Compensation Committee reviewed the plan design to insure it is in line with best practices for risk.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

Under the SERP the Participants are eligible to receive upon most termination events, disability, or death, an individually defined benefit payment based upon a predetermined vesting schedule. No plan benefits are payable to these individuals if they are terminated for cause as defined in the document.

Upon full vesting (defined as age 68 for Mr. Murphy and age 65 for Mr. Shencavitz) and the named executive s retirement, then monthly payments of \$11,200 and \$8,583, respectively will be paid under the SERP to the named executives (or their beneficiary) for a period of 240 months. There are also provisions under the SERP for reduced monthly payments in the event of an earlier retirement by these individuals. As of December 31, 2012, Messrs. Murphy and Shencavitz have vested monthly benefits of \$11,200 and \$4,219, respectively.

² If Mr. Shencavitz terminates his employment on or after his Early Retirement Date and prior to his Normal Retirement Date and within three years after a Change in Control, and if he terminates employment for Good Reason or is terminated without Cause, then the amount of his SERP benefit shall accelerate to his full vested benefit and this figure would be \$2,059,920.

Notes

- A** Cash Severance. Severance payable to all other executives represents a payment due upon a hypothetical change in control event and their subsequent termination under the terms of their agreements. Twenty-four months of severance would have been payable to Mr. Murphy if his employment was terminated by Bar Harbor Bankshares for any reason other than cause, death, disability, or retirement as defined in his written CEO Employment Agreement. Mr. Shencavitz's payment stream under his severance agreement would be for eighteen months. Payments disclosed represent twelve months of salary for each of Bonsey, Leackfeldt, and Dalton.
- B** Bonus. The amount disclosed above represents the bonus/incentive amounts due for 2012 but not yet paid, to each executive on December 31, 2012. These amounts were paid in February, 2013. The amount of incentive payments earned for the fiscal year 2012 has also been disclosed in the Summary Compensation Table for 2012 on page 28 of this Proxy statement.
- C** Stock Options/SARs. The price per share of Bar Harbor Bankshares common stock on December 31, 2012, was \$33.65, representing the closing per share price on the NYSE MKT exchange for that date. All options for participants are either completely vested or of no value when measured against the \$33.65 closing per share price on December 31, 2012. Disclosed amounts would have been realized if the executive actually exercised the vested options in the manner provided for by the Company's stock option plan and award agreement at the December 31, 2012 market price. In the event of a termination of employment, the executive (or the executive's estate in the event of death) would have had the right to exercise vested stock options for a set period as specified under the plan document. All executives would have forfeited the right to exercise vested or unvested options if they had been released for cause. No amounts are reported under the accelerated line item.
- D** COBRA Eligible Benefits. The amount disclosed represents the cost of continued health, dental, and vision coverage for a period of twenty-four months for Murphy, eighteen months for Shencavitz, and twelve months for Bonsey, Dalton, and Leackfeldt.
- E** Pension Benefits/SERP. Amounts disclosed represent vested amounts as of December 31, 2012, payable to Murphy and Shencavitz (or their beneficiary/estate) over the twenty-year benefit period provided for under the Company's plan document. Amounts disclosed under Involuntary Without Cause and Voluntary With Good Reason for Murphy as well as under Change in Control for both Murphy and Shencavitz represent the full vesting of their benefits under the program to be paid over the same 20-year period. Amounts disclosed do not reflect vested balances for each executive as part of the Company-sponsored 401(k) plan under which participation is generally available to all employees. The Company carries term life insurance policies on Murphy and Shencavitz in the amounts of \$1,350,000 and \$1,200,000, respectively, to help defray costs of these pension benefits should either die while employed by the Company, but prior to full recognition of required accounting entries.
- F** Nonqualified Deferred Compensation Plan. No named executive participated under a Nonqualified Deferred Compensation Plan as of December 31, 2012 with the exception of the Supplemental Executive Retirement Benefit Plan (SERP) set forth in Note E.
- G** Life Insurance Proceeds/Disability Benefits. Amounts represent benefits payable by a third party insurer (UNUM) to the designated executives or their beneficiaries under Company-sponsored life and disability programs. These life and disability insurance programs were generally available to

all employees of the Company. The Disability amount quoted is representative of a 12 month, disability paid benefit. Total benefits due would be dependent upon the severity, the length of a disability, and insurance policy interpretation.

H Other Perquisites. Not applicable to Bar Harbor Bankshares.

I Tax Gross-Ups. In the event of the hypothetical change in control of Bar Harbor Bankshares on December 31, 2012, and the subsequent termination (or constructive termination) as detailed in their individual change in control agreements, and Murphy and Shencavitz were subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, an additional payment would be made to restore them to the after-tax position they would have been in if the excise tax had not been imposed and such excess parachute payments exceeded 110% of three times the executive's base amount, as defined in Section 280G of the Internal Revenue Code. In the event this 110% threshold is not met, the excess parachute payments will be reduced so they do not exceed three times the executive's base amount. Amounts paid under this Gross-Up provision would not be tax deductible by the Company or any successor thereto.

DIRECTOR COMPENSATION

Directors of the Company, Bar Harbor Bank & Trust, and Bar Harbor Trust Services were paid by a combination of fees for meetings attended supplemented by quarterly stipends. A fee of \$500 was paid to Board members for each meeting of the Company and its subsidiary company boards attended and each committee meeting attended. Members of the Board received \$500 when the Company and the Bank held joint meetings. The Board compensated the Chairperson (or the Vice Chairperson in his stead) for attendance at any Committee meeting even though they are not a voting member. The fee paid for attendance at the Company's Annual Meeting was \$500 per member. Audit Committee members received \$600 for each Audit Committee meeting they attended. In addition, each Director, with the exception of the Chairperson of the Board, Vice Chairperson of the Board and the Chairpersons of the Audit Committee, Governance Committee and Compensation Committee received a quarterly stipend of \$1,500. The Board Chairperson received a quarterly stipend of \$3,500, the Vice Chairman received a quarterly stipend of \$2,500, and the Chairpersons of the Audit, Governance, and Compensation and Human Resources committees each received a \$2,000 stipend per quarter.

Meeting Fees	Quarterly Stipend
(\$)	(\$)
Chairperson of the Board	3,500
Vice Chairperson of the Board	2,500
Chairperson of the Audit Committee	2,000
Chairperson of the Governance Committee	2,000
Chairperson of the Compensation and Human Resource Committee	2,000
All other Directors	1,500

Audit Committee Attendance	600
All other meetings, including Annual Meeting	500

Meetings of the Board of Directors of the Company are held monthly. Director Murphy, who also serves as an officer of the Company, does not receive Directors' fees.

The Company reviews a comparative summary of director compensation annually prepared by the Company's Compensation Consultant, Pearl Meyer & Partners. The Consultant recommended that the Board consider including equity compensation as part of its compensation mix on an ongoing basis. In May, 2012 each independent director was awarded 55 restricted shares of Bar Harbor Bankshares under the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 which was approved by the shareholders in 2009 as part of an overall market adjustment in director compensation. These restricted share certificates are fully vested, but held in the possession of the Company and may not be sold, transferred, or gifted by directors until three months after they leave the service of the Board.

³Director Kenneth E. Smith deferred a portion of his compensation under a Non Qualified Deferred Compensation arrangement. This deferred arrangement is funded entirely by the director and the funds are invested and remain in the name of the Company until the director withdraws them upon his resignation, retirement, or termination from Board membership. Director Smith assumes the investment risk on these funds and holds the status of an unsecured creditor of the Company for the payment of these deferred fees at a future date.

Compensation Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, (through May 15, 2012) Dodge, Fernald, and Colwell. Mr. Smith replaced Mrs. Dearborn on this committee effective May 15, 2012. None of the Company's NEO's serves as a member of a compensation committee of any other company that has an executive officer serving as a member of the Company's Board of Directors. None of the NEO's serves as a member of the board of directors of any other company that has an executive officer serving as a member of the Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Management and Others

The Company has entered into a long-term lease for its Bank branch located in Somesville, Maine, effective February 1, 2006 (the Somesville Lease). The Somesville Lease has interim renewals of five years and the present term runs through 2016. During each subsequent lease year the base rent is increased using a formula tied to certain changes in the consumer price index. During 2012, the lease payments totaled Seventy Nine Thousand Three Hundred Twenty-Six dollars (\$79,326). In addition to base rent, the Bank is responsible to pay as additional rent certain defined real estate taxes as well as certain operating expenses, and other costs, charges, and expenses associated with the premises. The Landlord under the Somesville Lease is A.C. Fernald Sons Inc., a Maine corporation. Mr. Robert B. Fernald of Mount Desert, Maine, is a shareholder, director, and officer of A. C. Fernald Sons Inc. and is the father of Company director Lauri E. Fernald. Lauri E. Fernald does not own any stock or hold any corporate office or other position with A.C. Fernald Sons Inc. and has no direct or indirect interest in the Somesville Lease other than her familial relationship with Mr. Robert B. Fernald.

Except as set forth above and with regard to Indebtedness of Management described below, none of the director-nominees or NEOs of the Company or of any of its subsidiaries engaged during 2012 in any transaction with the Company or any of its subsidiaries, in which the amount involved exceeded \$120,000.

The Company administers related party transactions (if any) under its Related Party Transaction Policy, which policy addresses compliance to NYSE MKT Rule 120 and Item 404 (a) of Regulations S-K. This policy provides for Board Audit Committee oversight of related party transactions that exceed a *de minimus* lifetime income statement impact of \$25,000 (except for loan transactions, which for the Company and its subsidiaries are administered pursuant to Federal Regulation O, as described more fully below). Any transactions that qualify under this policy are reviewed by the Board Audit Committee (or another acceptable Board Committee, or the full Board of Directors) for approval prior to being contractually bound by the Company. Other than the Somesville Lease described above, and loans offered in the ordinary course of business and approved by the Bar Harbor Bank & Trust Board of Directors, the Company had no related party transactions. The Related Party Transaction Policy is approved annually by the Board of Directors and administered by management of the Bank.

Indebtedness of Management

The Company's wholly owned subsidiary, Bar Harbor Bank & Trust (the Bank), offers to its directors, officers, principal shareholders and employees, and to businesses owned and/or controlled by those persons (collectively insiders), commercial and consumer loans in the ordinary course of its business.

All loans made by the Company and its subsidiaries to insiders are regulated by the Company's federal and state regulators under federal Regulation O (Reg. O). Reg. O sets forth various practices and reporting requirements for loans to insiders. In addition, the Sarbanes-Oxley Act of 2002 permits banks and bank holding companies to extend credit to their directors and officers provided that such extensions of credit are (a) made or provided in the ordinary course of the consumer credit business of such issuer; (b) of a type that is generally made available to such issuer to the public; and (c) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer.

As of December 31, 2012, the outstanding loans by the Company's subsidiary bank (BHBT) to the Company's nominees for Directors and NEOs amounts to an aggregate of approximately \$2,112,645 with a maximum availability limit of \$4,679,278. All loans extended by the Bank to insiders comply with Reg. O, the Sarbanes-Oxley Act of 2002, and NYSE MKT Rule 120. They are offered under the same terms and conditions available to non-insiders, including but not limited to those terms and conditions related to the requirements for approval, the interest rates charged, the required repayment terms, and the required collateral. Further, the Bank may, from time to time at the discretion of management, provide interest rate discounts, fee waivers or other pricing

inducements to qualified employees and directors when doing so accomplishes or furthers an objective of the Bank and/or the Company. No such programs are made available only to insiders. The terms and conditions of all loans, including those to insiders, and the process by which they are approved, is fully documented in the Bank's written Loan Policy. The Loan Policy is approved annually by the Board of Directors and administered by management of the Bank. Loans to insiders may not contain a higher level of risk, nor be offered with terms and conditions more favorable, than loans to non-insiders with equivalent financial profiles (except for the favorable pricing programs previously described). The Company believes that all extensions of credit to Company insiders and executive officers satisfy the foregoing conditions. No such transactions have involved more than normal risk of collectability or presented other unfavorable features and no loans outstanding.

The Company anticipates a representative from KPMG LLP will be present and available to respond to questions or make a statement(s) at the Annual Meeting.

Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act) (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made, and the names and addresses of other shareholders known by the shareholder proposing such business to support such proposal, and the class and number of shares of the Company's capital stock beneficially

owned by such other shareholders; and (c) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such shareholder, as they appear on the Company's books, and of such beneficial owner, and (ii) the class and number of shares of the Company which are owned beneficially and of record by such shareholder and such beneficial owner. Shareholder proposals submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 for inclusion in the Company's proxy statement and form of proxy for the 2014 Annual Meeting of Shareholders must be received by the Company not later than January 22, 2014 but not earlier than December 23, 2013. If the Governance Committee determines that any Shareholder proposal (including a nomination for election of a director) was not made in a timely fashion or that information provided in the notice does not fulfill the information requirements set forth above in any material respects, such proposal shall not be presented for action at the Annual Meeting for which it is proposed. If a shareholder should propose a candidate, the Governance Committee would evaluate that candidate on the basis of the criteria noted above.

Communication with Board of Directors

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of Shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications addressed to the Board of Directors received by

the Company from shareholders will be shared with the full Board of Directors no later than the next regularly scheduled Board meeting.

If any other business, matter, or proposal shall properly come before the Annual Meeting and be voted upon, the enclosed proxies will be deemed to confer discretionary authority on the individuals named as proxies therein to vote the shares represented by such proxies as to any such matters.
