NEW YORK, New York March 19, 2003 The Bear Stearns Companies Inc. (NYSE:BSC) today reported earnings per share (diluted) of \$2.00 for the first quarter ended February 28, 2003, up 55.0% from \$1.29 per share (diluted) for the quarter ended February 28, 2002. Net income for the first fiscal quarter of 2003 was \$274.3 million, up 51.9% from \$180.5 million for the comparable quarter a year ago. Net revenues were \$1.5 billion for the current quarter, up 22.3% from \$1.2 billion for the quarter ended February 28, 2002. The annualized after-tax return on common stockholders' equity for the quarter ended February 28, 2003 was 19.9% and for the trailing 12-month period ended February 28, 2003 was 19.2%.

While market conditions continue to be difficult, we reported our best quarterly operating earnings in our history as a public company. A brief discussion of the company's business segments, compared to the prior year quarter, follows:

CAPITAL MARKETS

Net revenues for the Capital Markets segment were \$1,255.4 million for the quarter ended February 28, 2003, up 33.9% from \$937.4 million for the first fiscal quarter last year.

- Institutional Equities net revenues were \$276.5 million for the first fiscal quarter of 2003, up 12.6% from \$245.5 million for the comparable prior year quarter. The increase in institutional equity revenues was due to improvement in equity derivatives and convertible arbitrage reflecting improved market conditions and customer order flow.
- Fixed Income net revenues were a record \$791.2 million, up 44.3% from \$548.2 million reported for the quarter ended February 28, 2002. The record performance in the fixed income franchise was broad based as record net revenues were achieved in the mortgage and credit product areas. The record net revenues levels achieved reflect the favorable market conditions experienced during the quarter and the significant increase in primary and secondary market activity.
- Investment Banking net revenues were \$187.8 million for the quarter ended February 28, 2003, up 30.6% from \$143.8 million for the quarter ended February 28, 2002. Merger and acquisition revenues increased substantially reflecting increased volume of completed mergers and acquisition activity. Underwriting revenues also increased principally due to increased municipal underwriting activity during the quarter. For the quarter, the company was ranked as the #1 underwriter of municipal securities due in part to its lead managed tobacco securitizations for the states of California and New Jersey.

GLOBAL CLEARING SERVICES

Net revenues for Global Clearing Services were \$175.8 million for the quarter ended February 28, 2003, down 14.2% from \$204.9 million for the quarter ended February 28, 2002. The decline in net revenues was due to lower levels of fully disclosed and prime broker activity and decreased net interest profits. Average customer margin debt balances

-6-

were \$35.9 billion during the quarter ended February 28, 2003, as compared with \$35.1 billion in the February 28, 2002 quarter. Customer short balances averaged \$56.3 billion for the first quarter of 2003, as compared with \$55.9 billion for the first quarter of 2002. Free credit balances

Edgar Filing: BEAR STEARNS COMPANIES INC - Form 8-K

averaged \$18.4 billion and \$19.6 billion for the first quarter of 2003 and 2002, respectively.

WEALTH MANAGEMENT

Wealth Management net revenues for the quarter ended February 28, 2003 were \$115.6 million, down 6.2% from \$123.2 million for the quarter ended February 28, 2002. Weak equity market conditions continue to discourage individual investor activity creating an extremely challenging operating environment for the wealth management businesses.

- Private Client Services revenues were \$80.5 million in the first quarter of 2003, a decline of 7.8% from \$87.2 million in the prior year quarter.
- Asset Management net revenues were down 2.3% to \$35.1 million for the first quarter of 2003 from \$36.0 million in the prior year quarter.
- Total assets under management stood at \$23.3 billion on February 28, 2003, down 9.7% from \$25.8 billion at February 28, 2002.

EXPENSES

Disciplined expense management combined with increased net revenues served to improve year over year profit margins. The pre-tax, pre-CAP-Plan profit margin was 31.2% in the current quarter compared with 24.9% in the prior year quarter ended February 28, 2002.

Compensation as a percentage of net revenues was 50.0% and 51.1% for the quarters ended February 28, 2003 and February 28, 2002, respectively. Non-compensation expenses were \$332.3 million for the quarter ended February 28, 2003, virtually unchanged from the level of expenses reported in the prior year quarter.

-7-
