2012 Incentive Compensation

On March 5, 2012, the Compensation Committee also approved a short-term incentive plan for 2012 (the "2012 STI Plan") and a long-term incentive program for 2012 through 2014 (the "2012 - 2014 LTI Plan"). The structure, terms and objectives of the 2012 STI Plan and 2012 - 2014 Plan are generally consistent with the structure, terms and objectives of prior plans, with the exception of the addition to the 2012 STI Plan of "clawback" provisions that are consistent with those contained in the 2012 - 2014 Plan, and are described in more detail below.

2012 Short-Term Incentive Compensation

The 2012 STI Plan is designed to reward participants for economic value added ("EVA") versus cost of capital of the Company's core Fabricated Products business with modifiers for safety performance (as measured by the total case incident rate). Under the 2012 STI Plan, EVA will equal the Company's pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of the Company's net assets (subject to certain adjustments) with the possibility of adjustments to individual awards within the pool based on actual performance, including individual, facility, functional area and/or business unit performance. The 2012 STI Plan provides for (i) a threshold performance level below which no payout is made, a target performance level at which the target award is available and a performance level at or above which the maximum payout is available, and (ii) minimum and maximum payout opportunities ranging from zero up to three times the target payout amount. The table below sets forth the estimated future payouts that can be earned by each of the Named Executive Officers under the 2012 STI Plan below threshold performance levels and at the threshold, target and maximum performance levels.

Name	Below Threshold	Threshold	Target	Maximum
Jack A. Hockema	\$0	\$284,500	\$569,000	\$1,707,000
Daniel J. Rinkenberger	\$0	\$132,500	\$265,000	\$795,000
John Barneson	\$0	\$75,000	\$150,000	\$450,000
John M. Donnan	\$0	\$125,000	\$250,000	\$750,000
James E. McAuliffe, Jr.	\$0	\$55,500	\$111,000	\$333,000

Under the 2012 STI Plan, a pro rata incentive award is earned based on actual eligibility during the performance period if prior to December 31, 2012 a participant (1) dies, (2) retires under "normal" retirement (age 65) or in connection with full early retirement (position elimination), (3) is involuntarily terminated due to position elimination, or (4) becomes disabled. A participant will be entitled to the full payment of his or her award only if the participant remains employed by the Company on the date of such payment, unless such participant's employment is voluntarily terminated on or after December 31, 2012 by him or her with good reason or by us without cause or terminated on or after December 31, 2012 due to the death, disability or normal or full early retirement as described above.

The preceding description of the 2012 STI Plan is a summary and is qualified in its entirety by the Kaiser Aluminum Fabricated Products 2012 Short-Term Incentive Plan For Key Managers Summary, which is attached hereto as Exhibit 10.1 and incorporated herein by reference.

2012-2014 Long-Term Incentive Compensation Plan

The 2012 - 2014 LTI Plan is designed to reward participants with (i) a fixed number of shares of restricted stock that, subject to certain limited exceptions described in more detail below, vest on March 5, 2015 and (ii) a fixed number of performance shares that vest, if at all, based on the average annual EVA of the Company's core Fabricated Products business for 2012, 2013 and 2014. EVA under the 2012 - 2014 LTI Plan will equal the Company's pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of the Company's net assets (subject to certain adjustments). The 2012 - 2014 LTI Plan provides, with respect to the performance shares, for minimum and maximum vesting opportunities ranging from zero up to two times the target number depending upon the performance level of the Company's core Fabricated Products business over the three-year performance period. Each performance share that becomes vested entitles the participant to receive one share of the Company's common stock.

On March 5, 2012, to effectuate the 2012 - 2014 LTI Plan, the Compensation Committee approved the following grants of restricted stock and performance shares, effective as of March 5, 2012, for the Named Executive Officers:

Name	Number of Shares of Restricted Stock (1)	Number of Performance Shares (2)
Jack A. Hockema	16,177	68,698
Daniel J. Rinkenberger	6,850	16,363
John Barneson	4,884	11,667
John M. Donnan	5,956	14,228
James E. McAuliffe, Jr.	2,644	6,317

The restrictions on 100% of the shares of restricted stock granted will lapse on March 5, 2015 or earlier if the Named Executive Officer's employment terminates as a result of death or disability, the Named Executive Officer's (1) employment is terminated by the Company without cause, the Named Executive Officer's employment is voluntarily terminated by him for good reason, the Named Executive Officer retires at or after reaching age 65 or in the event of a change in control of the Company.

(2) The table below sets forth the number of performance shares that will become vested for each of the Named Executive Officers under the 2012 - 2014 LTI Plan at the threshold, target and maximum performance levels:

The number of performance shares, if any, that vest based on the level of performance achieved during the three-year performance period will vest on the later to occur of March 5, 2015 and the date on which the Compensation Committee certifies the performance level achieved during the three-year performance period. Notwithstanding the foregoing, the target number of performance shares will vest if, prior to December 31, 2014, the Named Executive Officer's employment terminates as a result of death or disability, the Named Executive Officer's employment is terminated by the Company without cause, the Named Executive Officer's employment is voluntarily terminated by him for good reason or in the event of a change in control of the Company. After December 31, 2014, the number of performance shares, if any, that will vest upon any of the foregoing events will be determined based on the performance level achieved during the three-year performance period.

The grants of restricted stock and performance shares were made pursuant to the Company's Amended and Restated 2006 Equity and Performance Incentive Plan (the "Equity Plan"). A copy of the Equity Plan is filed as Exhibit 10.23 to the Annual Report on Form 10-K, filed by the Company on February 29, 2012. The form of Restricted Stock Award Agreement used to evidence the grants of restricted stock made to the Company's executive officers under the 2012 - 2014 LTI Plan and the form of Performance Shares Award Agreement used to evidence the grants of performance shares made to the Company's executive officers under the 2012 - 2014 LTI Plan are attached hereto as Exhibits 10.2 and 10.3, respectively, and incorporated herein by reference. A summary of the performance objectives and the formula for determining the number of performance shares earned under the 2012 - 2014 LTI Plan is attached hereto as Exhibit 10.4 and incorporated herein by reference.
