ABOUT OUR ANNUAL MEETING

What is the purpose of our annual meeting?

At our annual meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of two Class III directors, ratification of Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the fiscal year ending June 30, 2015, and any other matters that properly come before our annual meeting. In addition, our management will report on our performance during fiscal 2014 and the latest interim period and respond to appropriate questions from shareholders.

VOTING

Who is entitled to vote at our meeting?

Holders of common stock of record at the close of business on the record date, November 3, 2014, are entitled to receive notice of and to vote at our annual meeting, and any adjournment, postponement or continuation of our annual meeting.

What are the voting rights of our shareholders?

As of the record date, 7,526,430 shares of common stock were outstanding, each of which is entitled to one vote with respect to each matter to be voted on at our annual meeting.

Who can attend our annual meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend our annual meeting. Even if you currently plan to attend our annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend our annual meeting.

If you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at our annual meeting.

What constitutes a quorum?

The presence at our annual meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will constitute a quorum, permitting the conduct of business at our annual meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares present at our annual meeting.

How do I vote?

You may vote using any of the following methods:

•By Internet or telephone

If you are a shareholder of record, you will need the control number included on the Notice to access the proxy statement and annual report. Follow the instructions in the Notice to vote your shares electronically on the Internet, or by calling the toll-free number referenced in the materials available on the Internet.

If you are a beneficial owner of shares, you may vote your shares electronically on the Internet by following the instructions sent to you by your broker, bank or other holder of record, or by calling the toll-free number referenced in the materials available on the Internet.

•By mail

If you are a shareholder of record, request from us, by following the instructions on the Notice, printed copies of the proxy statement and annual report, which will include a proxy card. If you are a beneficial owner of shares, follow the instructions from your broker, bank or other holder of record to request copies of the proxy statement and annual report, which will include a voting instruction form. Be sure to complete, sign and date the proxy card or voting instruction form and return it in the prepaid envelope.

•In person at the annual meeting

All shareholders of record may vote in person at the annual meeting. You can request a ballot at the meeting. You may also be represented by another person at the annual meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspector of election with your ballot to be able to vote at the annual meeting.

Internet and telephone voting facilities for shareholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern Time on December 26, 2014. The availability of Internet and telephone voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. We therefore recommend that you follow the voting instructions in the materials provided to you by your broker, bank or other holder of record. If you vote on the Internet or by telephone, you do not have to return a proxy card or voting instruction form. If you are located outside the U.S. please use the Internet or mail voting methods. Your vote is important. Your timely response can save us the expense of attempting to contact you again.

May I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be revoked if you attend our annual meeting in person and request that your proxy be revoked, although attendance at our annual meeting will not by itself revoke a previously granted proxy.

What are our Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board of Directors. Our Board of Directors recommends a vote:

FOR election of our nominees for Class III directors; and

FOR ratification of Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the fiscal year ending June 30, 2015.

What vote is required to approve each matter?

Election of Class III Directors. The two persons receiving the highest number of "FOR" votes cast by the holders of our common stock for election as Class I directors will be elected. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although the proxy will be counted for purposes of determining whether a quorum is present. Abstentions and shares held by brokers or nominees as to which voting instructions have not been received from the beneficial owner of or persons otherwise entitled to vote the shares and as to which the broker or nominee does not have discretionary voting power, i.e., broker non-votes, will not be taken into account in determining the outcome of the election of Class III directors. We do not permit cumulative voting in the election of directors.

Ratification of Auditors. The affirmative vote of a majority of the votes cast by the holders of shares of our common stock at the annual meeting will be required for the ratification of the selection of our independent registered public accounting firm for the fiscal year ending June 30, 2015. Abstentions and broker non-votes do not constitute votes cast and therefore will not affect the outcome of the vote.

If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of our Board of Directors, i.e., FOR the election of our nominees for Class III directors, FOR the ratification of Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the fiscal year ending June 30, 2015.

Who will pay the costs of soliciting proxies on behalf of our Board of Directors?

We are making this solicitation and will pay the cost of soliciting proxies on behalf of our Board of Directors, including expenses of preparing and of any mailing this proxy statement. The solicitation of proxies or votes may be made in person or by telephone or telegram by our regular officers and employees, none of whom will receive special

compensation for such services. Upon request, we will also reimburse brokers, nominees, fiduciaries and custodians and persons holding shares in their names or in the names of nominees for their reasonable expenses in sending proxies and proxy material to beneficial owners.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, or the Exchange Act, requires that our officers and directors, as well as persons who own 10% or more of a class of our equity securities, file reports of their ownership of our securities, as well as statements of changes in such ownership, with us and the SEC. Based upon written representations received by us from our officers, directors and 10% or greater shareholders, and our review of the statements of beneficial ownership changes filed with us by our officers, directors and 10% or greater shareholders during fiscal 2014, we believe all such filings required during the fiscal 2014 were made on a timely basis, except Director Kwan who filed the Form 4 late and did not file a Form 5 to report the transaction on the late Form 4 report.

PROPOSAL NO.1

ELECTION OF DIRECTORS

ITEM 1 – ELECTION OF CLASS III DIRECTORS

Introduction

The election of our directors by our shareholders is governed by the Pennsylvania Business Corporation Law and our Bylaws. The following discussion summarizes these provisions and describes the process our Governance and Nominating Committee follows in connection with the nomination of candidates for election as directors by the holders of our common stock.

Governance and Nominating Procedures

Our Governance and Nominating Committee is responsible for recommending to the Board of Directors candidates to stand for election to the Board of Directors at our annual meeting. Our Governance and Nominating Committee will also consider director candidates recommended by shareholders in accordance with the advance notice procedures in Section 2.3 of our Bylaws. These procedures are described under “Shareholder Proposals” in this proxy statement. The Governance and Nominating Committee may also consider director candidates proposed by our management. We have not utilized third party executive search firms to identify candidates for director.

With the exception of applicable rules of the SEC and the Nasdaq Stock MarketSM, or Nasdaq, our Governance and Nominating Committee does not have any specific, minimum qualifications for candidates for election to our Board of Directors, and our Governance and Nominating Committee may take into account such factors as it deems appropriate. Our Governance and Nominating Committee examines the specific attributes of candidates for election to our Board of Directors and also considers the judgment, skill, diversity, business experience, the interplay of the candidate’s experience with the experience of the other members of our Board of Directors and the extent to which the candidate would contribute to the overall effectiveness of our Board of Directors.

Our Governance and Nominating Committee will utilize the following process in identifying and evaluating candidates for election as members of our Board of Directors:

Evaluation of the performance and qualifications of the members of our Board of Directors whose term of office will expire at the forthcoming annual meeting of shareholders and determination of whether they should be nominated for re-election.

Consideration of the suitability of the candidates for election, including incumbent directors.

Review of the qualifications of any candidates proposed by shareholders in accordance with our Bylaws, candidates proposed by management and candidates proposed by individual members of our Board of Directors.

After such review and consideration, propose to the Board of Directors a slate of candidates for election at the forthcoming annual meeting of shareholders.

Actions Taken by Our Governance and Nominating Committee

Our Governance and Nominating Committee met once in fiscal 2014, but our entire Board of Directors performed the functions of the Governance and Nominating Committee with respect to the nominating of candidates for election at the annual meeting. The Board of Directors met on May 8, 2014 for the purpose of nominating candidates for election as Class III directors by our shareholders at our annual meeting of shareholders and approved the nomination of the persons named below.

Candidates for Election

Our Board of Directors currently consists of six members, four of whom are considered independent for purposes of the applicable Nasdaq rules. The current independent directors are Lisa A. Napolitano, Fred G. Choate, C. Sean Closkey and William L. G. Kwan. Each director is elected for a three-year term and until his/her successor has been duly elected.

Two Class III directors are to be elected at our annual meeting. Unless otherwise instructed, the proxies solicited by our Board of Directors will be voted for the election of the nominees named below. Both of the Class III directors nominees currently serve as members of our Board of Directors.

If any of the nominees for Class III directors becomes unavailable for any reason, the proxies intend to vote for a substitute nominee designated by our Board of Directors. Our Board of Directors has no reason to believe the nominees for Class III directors named will be unable to serve if elected. Any vacancy occurring on our Board of Directors for any reason may be filled by a majority vote of our directors then in office until the expiration of the term of the class of directors in which the vacancy exists.

The names of the nominees for Class III directors who will continue in office after our annual meeting until the expiration of their respective terms, together with certain information regarding them, are as follows:

CORPORATE GOVERNANCE

The SEC and Nasdaq have adopted regulations and listing requirements that relate to our corporate governance. Our Board of Directors has adopted standards and practices in order to comply with those regulations that apply to us. We have adopted a Code of Ethics, which can be accessed on our web site. Our website is located at www.escalonmed.com. Any amendment to our Code of Ethics will be reported on our web site and, to the extent required, in a Form 8-K current report filed with the SEC.

We believe our shareholders are best served if the Board retains flexibility to decide what leadership structure works best for us based on the facts and circumstances existing from time to time. Currently, the offices of Chairman and

CEO are held by the different persons, Richard J. DePiano and Richard J. DePiano, Jr., respectively. The Board does not believe that its independence or performance would be enhanced by requiring that the Chairman be an independent director. The Board follows sound corporate governance practices to ensure its independence and effective functioning. Most importantly, four of the six directors are independent and meet regularly in scheduled executive sessions. These sessions are led by an independent director with clear duties to ensure proper checks and balances. In addition, the Board's audit, compensation and governance committees are and have for many years been composed solely of independent directors. This means that oversight of critical issues such as the integrity of our financial statements and CEO and senior management compensation are entrusted to independent directors. The Board retains the right to review this determination as facts and circumstances change.

Our Board and Its Committees

Our Board met four times in fiscal 2014. Our Board has an Executive Committee, an Audit Committee, a Governance and Nominating Committee and a Compensation Committee. Each of our directors attended 75% or more of the meetings of our Board of Directors and committees of our Board on which that director serves.

Audit Committee

Our Audit Committee consists of Lisa A. Napolitano, William L.G. Kwan, and C. Sean Closkey. The Audit Committee met five times in fiscal 2014. Each member of the Audit Committee is independent within the meaning of the rules of Nasdaq and of the SEC. Consistent with the Sarbanes-Oxley Act of 2002, the Audit Committee has responsibility for:

- the selection of our independent registered public accounting firm;
- reviewing the scope and results of the audit;
- reviewing related-party transactions; and
- reviewing the adequacy of our accounting, financial, internal and operating controls.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Our Compensation Committee is responsible for reviewing and approving the annual compensation of our executive officers and our nonemployee directors.

Our Compensation Committee is composed solely of directors who are not our current or former employees, and each is independent under the current listing standards of Nasdaq. Our Board has delegated to our Compensation Committee the responsibility to review and approve our compensation and benefits plans, programs and policies, including the compensation of the chief executive officer and our other executive officers as well as middle-level management and other key

employees. The Compensation Committee administers all of our executive compensation programs, incentive compensation plans and equity-based plans and provides oversight for all of our other compensation and benefit programs.

The key components of the compensation program for executive officers are base salary, bonus and long-term incentives in the form of stock options. These components are administered with the goal of providing total compensation that is competitive in the marketplace, recognizes meaningful differences in individual performance and offers the opportunity to earn superior rewards when merited by individual and corporate performance.

Objectives of Compensation Program

Our Compensation Committee intends to govern and administer compensation plans to support the achievement of our long-term strategic objectives, to enhance shareholder value, to attract, motivate and retain highly qualified employees by paying them competitively and rewarding them for their own and our success.

We have no retirement plans or deferred compensation programs in effect for our non-employee directors except for our 401(k) plan in which the executive officers are eligible to participate and our executive officers and our Supplemental Executive Retirement and Benefit Agreement with Richard J. DePiano, our Chairman. Compensation is generally paid as earned. We do not have an exact formula for allocating between cash and non-cash compensation, which has been in the form of stock options. We do not have a nonequity incentive plan, as that term is used in the FASB issued authoritative guidance related to share based payments.

To the extent consistent with the foregoing objectives, our Compensation Committee also intends to maximize the deductibility of compensation for tax purposes. The Committee may, however, decide to exceed the tax deductible limits established under Section 162(m) of the Internal Revenue Code, of 1986, as amended, or the Code, when such a decision appears to be warranted based upon competitive and other factors.

What Our Compensation Program Is Designed to Reward

The key components of the compensation program for executive officers are base salary, bonus and long-term incentives in the form of stock options. These components are administered with the goal of providing total compensation that is competitive in the marketplace, recognizes meaningful differences in individual performance and offers the opportunity to earn superior rewards when merited by individual and corporate performance.

Stock price performance has not been a factor in determining annual compensation insofar as the price of our common stock is subject to a number of factors outside our control. We have endeavored through the grants of stock options to the executive officers to incentivize individual and team performance, providing a meaningful stake in us and linking them to a stake in our overall success.

Elements of Our Compensation Plan and How Each Element Relates to Objectives

There are three primary elements in the compensation package of our executive officers: base salary, bonus and long-term incentives.

Base Salaries

Base salaries for our executive officers are designed to provide a base pay opportunity that is appropriately competitive within the marketplace. Adjustments to each individual's base salary are made in connection with annual performance reviews in addition to the assessment of market competitiveness.

Bonus

Our Compensation Committee establishes a bonus program for executive officers and other managers and key employees eligible to participate in the program. The program is based on a financial plan for the fiscal year and other business factors. The amount of bonus, if any, hinges on corporate profitability and our overall cash position, and on the performance of the participant in the program. Provision for bonus expense is typically made over the course of a fiscal year. The provision becomes fixed, based on the final review of the Compensation Committee, which is usually made after the financial results of the fiscal year have been reviewed by our independent accountants. For fiscal 2014, there were two factors that determined executive bonuses, our profitability and a discretionary component.

Profitability is the dominant factor under the bonus plan. For the year ended June 30, 2014, Mr. DePiano, Mr. DePiano, Jr. Mr. Wallace and Mr. O'Connor did not receive a bonus due to net loss incurred during this period.

Long-Term Incentives

Grants of stock options under our stock option plans are designed to provide executive officers and other managers and key employees with an opportunity to share, along with shareholders, in our long-term performance. Stock option grants are generally made annually to all executive officers, with additional grants being made following a significant change in job responsibility, scope or title or a significant achievement. The size of the option grant to each executive officer is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with us, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

Stock options granted under the various stock option plans generally have had a five-year vesting schedule and generally have been set to expire ten years from the date of grant. The exercise price of options granted under the stock option plans is at no less than 100% of the fair market value of the underlying stock on the date of grant. The number of stock options granted to each executive officer is determined by the Compensation Committee based upon several factors, including the executive officer's salary, performance and the estimated value of the stock at the time of grant, but the Compensation Committee has the flexibility to make adjustments to those factors in its discretion.

How Amounts Were Selected for Each Element of an Executive's Compensation

Each executive's current and prior compensation is considered in setting future compensation. Base salary and the long-term incentives are not set with reference to a formula.

A target bonus, or portion thereof, is earned, based on fulfillment of conditions, paramount of which is our profitability.

As a general rule option awards are made in the first or second quarter of a year and after the financial results for the prior year have been audited and reported to the board of directors. Grants and awards are valued, and exercise prices are set, as of the date the grant or award is made. Exceptions to the general rule may arise for grants made to recognize a promotion or to address the effect of expiring options.

The Compensation Committee has considered whether our overall compensation program for employees in fiscal 2014 creates incentives for employees to take excessive or unreasonable risks that could materially harm the company. We believe that several features of our compensation policies for management employees appropriately mitigate such risks, including a mix of long- and short-term compensation incentives that we believe is properly weighted, the uniformity of compensation practices across our company, as a baseline for bonus plan targets for our management.

Accounting and Tax Considerations

On July 1, 2007, we adopted in the FASB issued authoritative guidance related to share based payments. Under this accounting standard, we are required to value stock options granted in fiscal year 2007 and in subsequent fiscal years under the fair value method and expense those amounts in the income statement over the vesting period of the stock option. We were also required to value unvested stock options granted prior to our adoption of the FASB issued authoritative guidance related to share based payments under the fair value method and amortize such expense in the income statement over the stock option's remaining vesting period. A material portion of such amortizing expense relates to option grants made to our executive officers.

Under Section 162(m) of the Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. The compensation committee has been advised that based upon prior shareholder approval of the material terms of our stock option plans, compensation under these plans is excluded from this limitation, provided that the other requirements of Section 162(m) are met. However, when warranted based upon competitive and other factors, the compensation committee may decide to exceed the tax deductible limits established under Section 162(m) Code. The base salary provided to each executive in 2012, 2013 and 2014 did not exceed the limits under Section 162(m) for tax deductibility; no executive exercised any options in 2012, 2013 or 2014.

Overview of Executive Employment Agreements

On September 18, 2013, the Board of Directors authorized compensation of \$50,000 per year to Richard J. DePiano, our Chairman. The current base salary provided by the Board of Directors as adjusted for yearly cost of living adjustments, is \$50,000 per year, and provides for additional incentive compensation in the form of a cash bonus to be paid to Mr. DePiano at the discretion of our board of directors and also provides for health and long-term disability insurance.

On June 23, 2005, we entered into a Supplemental Executive Retirement Benefit Agreement with Mr. DePiano. The agreement provides for the payment of supplemental retirement benefits to the covered executive in the event of the covered executive's termination of services with the Company under the following circumstances:

- The Company is obligated to pay the executive \$8,491 per month for life, with payments commencing the month after retirement. If the covered executive were to die within a period of three years after such retirement, the Company would be obligated to continue making such payments until a minimum of 36 months payments have been made to the covered executive and his beneficiaries in the aggregate.

- If the covered executive dies before his retirement while employed by the Company, the Company would be obligated to make 36 months payments to his beneficiaries of \$8,491 per month commencing in the month after his death.

- If the covered executive were to become disabled while employed by the Company, the Company would be obligated to pay the executive \$8,000 per month for life, with payments commencing the month after he suffers such disability. If the covered executive were to die within three years after suffering such disability, the Company would be obligated to continue making such payments until a minimum of 36 months payments have been made to the covered executive and his beneficiaries in the aggregate.

- If the covered executive's employment with the Company is terminated by the Company, or if the executive terminates his employment with the Company for good reason, as defined in the agreement, the Company would be obligated to pay the executive \$8,491 per month for life. If the covered executive were to die within a period of three years after such termination, the Company would be obligated to continue making such payments until a minimum of 36 months payments have been made to the covered executive and his beneficiaries in the aggregate.

As of June 30, 2014 and 2013 approximately \$944,000 and \$1,026,000 was accrued retirement benefits, respectively.
