At August 31, 2010, the cost and related gross unrealized appreciation and depreciation on investments for tax purposes are as follows:

Cost of Investments for Tax Purposes	Gross Tax Unrealized Appreciation	Gross Tax Unrealized Depreciation	Net Tax Unrealized Appreciation on Investments
\$ 395,475,096	\$ 287,837,551	\$ (25,439,449)	\$ 262,398,102

In accordance with ASC 820, Fair Value Measurements and Disclosures (formerly known as the Statement of Financial Accounting Standard ("FAS") No. 157), fair value is defined as the price that the Fund would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market for the investment or liability. ASC 820 establishes three different categories for valuations. Level 1 valuations are those based upon quoted prices in active markets. Level 2 valuations are those based upon quoted prices in inactive markets or based upon significant observable inputs (e.g. yield curves; benchmark interest rates; indices). Level 3 valuations are those based upon unobservable inputs (e.g. discounted cash flow analysis; non-market based methods used to determine fair valuation).

The Fund has adopted the Accounting Standard Update, Fair Value Measurements and Disclosures (Topic 820): Improving Disclosure about Fair Value Measurements which provides guidance on how investment assets and liabilities are to be valued and disclosed. Specifically, the amendment requires reporting entities to disclose

- i) the input and valuation techniques used to measure fair value for both recurring and nonrecurring fair value measurements, for Level 2 or Level 3 positions
- ii) transfers between all levels (including Level 1 and Level 2) on a gross basis (i.e. transfers out must be disclosed separately from transfers in) as well as the reason(s) for the transfer and
- iii) purchases, sales, issuances and settlements must be shown on a gross basis in the Level 3 rollforward rather than as one net number. The effective date of the amendment is for the interim and annual periods beginning after December 15, 2009 however, the requirement to provide the Level 3 activity for purchases, sales, issuances and settlements on a gross basis will be effective for interim and annual periods beginning

after December 15,  
2010.

The Fund values Level 1 securities using readily available market quotations in active markets. The Fund owns 1,513,847 shares of Abraxas Petroleum Corp. common stock valued as a Level 2 security due to sale restrictions on the shares. These shares are valued at a discount to the readily available market quotations of Abraxas Petroleum Corp. (ticker: AXAS). In addition, the Fund owns 114,230 shares of Abraxas Petroleum Corp. warrants which are valued as a Level 2 security. The warrants are valued using a pricing methodology that considers observable inputs such as AXAS stock price, the one-month Treasury Bill, the expiration date of the warrants and the exercise price of the warrants.

Clearwater Natural Resources L.P. labeled as Other Equity Securities, Clearwater GP Holding Co. labeled as Other Equity Securities, Clearwater Natural Resources L.P. labeled as Incentive Distribution Rights, and Clearwater Natural Resources L.P. labeled as Warrants are valued as Level 3 securities. All of these securities are valued at zero due to Clearwater declaring bankruptcy. Clearwater Subordinate Note term loan is also a Level 3 security. It is valued at 0.33 based upon its status as an unsecured lender and bankruptcy court proceeding settlements.

The following table represents the Fund's investments carried on the Statement of Assets and Liabilities by caption and by level within the fair value hierarchy as of August 31, 2010.
