PROXY STATEMENT

FOR 2018 ANNUAL MEETING OF SHAREHOLDERS

to be held on May 16, 2018 at 1:00 p.m. PDT

This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our Board of Directors (the "Board") for use at the annual meeting of shareholders to be held on May 16, 2018, and any postponements or adjournments thereof.

On or about April 12, 2018, this proxy statement and the accompanying form of proxy are being mailed to each shareholder of record at the close of business on March 16, 2018.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What matters am I voting on?

You will be voting on:

- the election of eight directors to hold office until the next annual meeting of shareholders and until their successors are elected and qualified;
- a proposal to ratify the appointment of Moss Adams LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018;
- a non-binding advisory vote to approve our named executive officer compensation ("say-on-pay" vote);
- a non-binding advisory vote on the frequency of holding future say-on-pay votes; and
- any other business that may properly come before the meeting.

Who is entitled to vote?

Holders of our common stock of record as of the close of business on March 16, 2018, the record date, may vote at the meeting. As of the record date, we had 19,309,829 shares of common stock outstanding. In deciding all matters at the meeting other than the election of directors, each shareholder will be entitled to one vote for each share of common stock held on the record date. For the election of directors, cumulative voting applies, so the number of votes each shareholder will have will be equal to the number of shares held on the record date multiplied by eight, the number of directors that are nominated. Each shareholder may cast all such votes for a single nominee, distribute them among the eight nominees for director equally, or distribute them among the eight nominees in any other way the shareholder deems fit. If a shareholder voting by proxy wishes to distribute votes among the nominees for director, the shareholder may do so on the enclosed proxy card in the space provided. If votes are not distributed on the proxy card, the persons named as proxies will use their discretion to distribute such votes FOR each of the eight individuals nominated to serve as director.

Where is the 2018 Annual Meeting of Shareholders being held?

The 2018 Annual Meeting of Shareholders will be held at the Portland, Oregon Widmer Brothers Banquet Room, located at 947 N. Russell Street, Portland, Oregon 97227 at 1:00 p.m. Pacific Daylight Time, on May 16, 2018.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our Board. The persons named in the proxy have been designated as proxies by our Board. If you sign and return the proxy in accordance with the procedures set forth in this

proxy statement, the persons designated as proxies by the Board will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted as follows:

• FOR the election as directors of the nominees listed below under Proposal No. 1;

• FOR the proposal to ratify the appointment of Moss Adams LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018;

• FOR approval, on an advisory basis, of our named executive officer compensation as disclosed in the Compensation Discussion and Analysis section and accompanying compensation tables included in this proxy statement; and

• FOR ONE YEAR, on an advisory basis, on the frequency of holding future say-on-pay votes.

If you give your proxy, your shares also will be voted in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting.

Can I change my vote after I return my proxy card?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our secretary;
- voting in person at the meeting; or
- delivering another proxy bearing a later date.

Please note that your attendance at the meeting alone will not revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present at the annual meeting for the meeting to be properly held under our bylaws and Washington state law. The presence, in person or by proxy, of a majority of all issued and outstanding shares of common stock entitled to vote at the meeting will constitute a quorum at the meeting. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted with respect to a particular matter. Similarly, a broker may not be permitted to vote shares (“broker non-vote”) held in street name on a particular matter in the absence of instructions from the beneficial owner of the shares. The shares subject to a valid proxy which are not being voted on a particular matter will nevertheless count for purposes of determining the presence of a quorum.

How may I vote?

You may vote your shares by mail or follow the instructions for electronic voting on the proxy card. If mailing, please date, sign and return the accompanying proxy in the envelope enclosed for that purpose (to which no postage need be affixed if mailed in the United States). You may specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you. See below for an explanation of how to vote shares held in street name.

How many votes are needed for approval of each matter?

Proposal No. 1: The election of directors is subject to a plurality vote of the shares of common stock voted at the meeting. “Plurality” means that the eight individuals who receive the largest number of votes cast “FOR” are elected as directors. Consequently, any shares not voted “FOR” a particular nominee (whether as a result of marking the proxy to withhold votes or a broker non-vote) will not be counted in such nominee’s favor and will have no effect on the outcome of the election. See “Who is entitled to vote?” above for an explanation of cumulative voting in the election of directors.

Proposal No. 2: The ratification of the appointment of Moss Adams LLP must receive more votes “FOR” than votes “AGAINST” at the meeting to be approved. Broker non-votes and abstentions from voting on this proposal will have no effect on the outcome of this proposal.

Proposal No. 3: The proposal to approve, on a non-binding advisory basis, the compensation paid to our named executive officers during 2017 must receive more votes “FOR” than votes “AGAINST” at the meeting to be approved. Broker non-votes and abstentions from voting on this proposal will have no effect on the outcome of the proposal. Because the shareholder vote is advisory only, it will not be binding on us or on our Board of Directors. However, the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal No. 4: Shareholders may choose one of four options regarding the frequency of future advisory votes on executive compensation - every one year, two years, or three years, or to abstain from voting. Broker non-votes and abstentions from voting on this proposal will have no effect on the outcome of the proposal. Because the shareholder

vote is advisory only, it will not be binding on us or on our Board of Directors. However, the Board of Directors will review the voting results and take them into consideration when determining the frequency of future say-on-pay votes.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, brokerage firms and other intermediaries generally will have discretion to vote their customers' shares on the proposal to ratify the appointment of Moss Adams LLP, but they will not have discretion to vote on proposal Nos. 1, 3 and 4.

STOCK OWNERSHIP AND RETENTION POLICY

Effective April 1, 2016, at the recommendation of the Compensation Committee, the Board adopted a policy that establishes expectations for ownership of our common stock that apply to our independent directors and members of our Executive Leadership Team (“ELT”). Expectations include ownership of shares with a value equal to four times the amount of the annual cash retainer for our independent directors; shares with a value equal to four times annual base salary for our Chief Executive Officer; shares with a value equal to two times annual base salary for our other executive officers; and shares with a value equal to one times annual base salary for all other ELT members. The policy also requires ELT members to retain 50% of the net shares acquired through stock option exercises and vesting of restricted stock units and performance shares until the ownership expectations are met, and 25% of such shares for a minimum of three years following exercise or vesting after meeting the ownership expectations.

PLEDGING AND HEDGING TRANSACTION POLICY

In March 2013, the Nominating and Governance Committee approved the adoption of a policy prohibiting the pledging of shares of our common stock by executive officers and directors as security for borrowings, including margin loans. The policy also prohibits executive officers and directors from engaging in hedging transactions in our common stock, including such financial instruments as prepaid variable forwards, equity swaps, collars, exchange funds, puts and calls, and other derivative securities that are designed to hedge or offset a decrease in market value of our common stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires that our officers and directors, and persons who own more than 10% of our common stock, file reports of stock ownership and changes of ownership with the SEC. Based solely on our review of the copies of such reports received by us and on written representations by our officers and directors regarding their compliance with the applicable reporting requirements under Section 16(a) of the Exchange Act, we believe that, with respect to our fiscal year ended December 31, 2017, all filing requirements applicable to our officers and directors, and all of the persons known to us to own more than 10% of our common stock, were complied with by such persons on a timely basis, except for Andrew Thomas, Joseph Vanderstelt, Kenneth Kunze, Scott Mennen, Derek Hahm, John Glick, and Edwin Smith, each of whom was an officer during 2017 and filed one late Form 4 report with respect to an award of restricted stock units.

BOARD OF DIRECTORS

Our business is managed under the direction of the Board of Directors (the “Board”), which currently consists of the following 8 directors: David R. Lord (Chairman), Timothy P. Boyle, Marc J. Cramer, Paul D. Davis, Kevin R. Kelly, Nickolas A. Mills, Michael R. Taylor and Jacqueline S. Woodward.

The full Board met six times during 2017. No director attended fewer than 75% of the total number of meetings of the Board and of any Board committees of which he or she was a member during 2017. Directors are encouraged to attend the Annual Meeting of Shareholders. At the 2017 Annual Meeting, the seven incumbent directors who were directors at the time were in attendance, as well as Ms. Woodward, who was elected as a director at the meeting.

Director Independence

Our common stock is listed on The Nasdaq Stock Market ("Nasdaq") and, accordingly, we are subject to the requirement in Nasdaq Listing Rule 5605(b)(1) that a majority of our directors be independent as defined in Listing Rule 5605(a)(2). Current nominees Messrs. Boyle, Cramer, Davis, Kelly and Lord and Ms. Woodward do not have any relationship that would disqualify them as independent directors under Listing Rule 5605(a)(2) and, in the opinion of the Board, do not have any other relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities as directors. Therefore, the Board believes that Messrs. Boyle, Cramer, Davis, Kelly and Lord and Ms. Woodward are "independent directors" as defined in Listing Rule 5605(a)(2). Messrs. Mills and Taylor are employees of Anheuser-Busch, LLC ("A-B") and are A-B's designees to the Board pursuant to an agreement between A-B and us that precludes them from meeting the definition of "independent director" in Listing Rule 5605(a)(2)..All independent directors meet in executive session, at which only independent directors are present, at least twice a year, in conjunction with regularly scheduled Board meetings.

Nominees for Director

The Board believes that our current directors, as a whole, provide the diversity of experience and skills necessary for a well-functioning board. All of our directors have substantial senior executive level experience, a significant background in the beer industry, or both. The Board highly values the ability of individual directors to contribute to a constructive governance environment and believes that the current Board members, collectively, perform in such a manner.

Under our Amended and Restated Bylaws, there are 8 positions on the Board. The following 8 individuals have been nominated for election at the annual meeting. Each of the nominees currently serves as a director. A-B has the contractual right to appoint two directors to our Board.

- attained 21 years of age;
- no material conflict, whether personal, financial or otherwise, associated with being on the Board;
- satisfaction of the requirements for regulatory approval; and

In making determinations regarding nominations of directors, the Nominating and Governance Committee may take into account the benefits of diverse viewpoints. The Nominating and Governance Committee also considers these and other factors as it oversees the annual Board and committee evaluations.

The Nominating and Governance Committee has discretion to decide which individuals to recommend for nomination as directors. Shareholders should submit any recommendations for director nominees at our 2019 annual meeting to us by December 13, 2018 (120 days

prior to the anniversary of mailing this proxy statement).

A shareholder of record can nominate a candidate for election to the Board by complying with the procedures in Article II, Section 2.3.2 of our Amended and Restated Bylaws. Any eligible shareholder who wishes to submit a nomination should review the requirements in the bylaws on nominations by shareholders. Any nomination should be sent in writing to the Secretary, Craft Brew Alliance, Inc., 929 N. Russell Street, Portland, OR 97227. Notice must be received by us no later than December 13, 2018.

Committees of the Board

The Board has standing Audit, Compensation, Nominating and Governance, and Strategic Planning Committees. Each of our committees is responsible to the full Board and its activities are therefore subject to Board approval. Pursuant to an exchange and recapitalization agreement between us and A-B, A-B has the right to designate two members of our Board of Directors. A-B also generally has the right to have a designee on each committee of the Board of Directors, except where prohibited by law or stock

exchange requirements, or with respect to a committee formed to review or determine transactions or proposed transactions between A-B and us. The activities of each of our standing Board committees are summarized in more detail below.

Audit Committee

The Audit Committee is responsible for the engagement of and approval of the services provided by our independent registered public accounting firm. The Audit Committee assists our Board in fulfilling its oversight responsibilities by reviewing (i) the financial reports and other pertinent financial information provided by us to the public and the SEC, (ii) our system of internal control established by management and the Board, and (iii) our auditing, accounting and financial reporting processes generally.

The current members of the Audit Committee, who served throughout 2017, are Messrs. Kelly (Chair), Cramer and Lord, each of whom is an independent director as defined by Nasdaq Listing Rule 5605(a)(2) and (c)(2). The Board has also determined that Mr. Kelly, an independent director, qualifies as an “audit committee financial expert” as defined by the SEC. Mr. Taylor, as A-B’s designee, observes meetings of the Audit Committee. John D. Rogers, Jr., a former director, was also a member of the Audit Committee during 2017. The Audit Committee met five times during 2017. The Board has adopted a written charter for the Audit Committee, which is reviewed annually and revised as appropriate. A copy of the Audit Committee Charter is available on our website at www.craftbrew.com (select Investors – Governance – Highlights).

Compensation Committee

The Compensation Committee is responsible for establishing and approving corporate goals and objectives relevant to compensation of the Chief Executive Officer and other senior executives; evaluating the performance of the Chief Executive Officer and other senior executives in light of those goals and objectives; developing and overseeing the overall compensation policies applicable to our Chief Executive Officer and other senior executives; and annually reviewing and making recommendations to the Board with respect to director compensation and benefits. The Compensation Committee is also responsible for establishing general policies applicable to the granting, vesting and other terms of stock options, restricted stock, restricted stock units, performance shares, stock appreciation rights and other stock-based awards granted to employees, directors, and consultants under our stock incentive plans, and for determining the number and terms of such grants.

The current members of the Compensation Committee are Messrs. Davis (Chair), Boyle, Cramer, Kelly and Lord, and Ms. Woodward, each of whom is an independent director as defined by Nasdaq Listing Rule 5605(a)(2) and 5605(d)(2)(A). Mr. Mills, as A-B’s designee, observes meetings of the Compensation Committee. John D. Rogers, Jr., a former director, was also a member of the Compensation Committee during 2017. The Compensation Committee met three times during 2017. The Board has adopted a written charter for the Compensation Committee, which is available on our website at www.craftbrew.com (select Investors – Governance – Highlights).

Under its charter, the Compensation Committee has the authority, in its sole discretion, to retain the services of outside consultants to provide advice regarding our executive compensation program and other compensation matters for which the Compensation Committee is responsible. The Compensation Committee also has sole authority to terminate its relationship with any consultants and to approve their fees and other terms of their engagement. Beginning in October 2014, the Compensation Committee engaged Hay Group, a global compensation consulting firm acquired by Korn Ferry in December 2015, to provide advice upon request regarding compensation issues. Among the factors considered by the Committee in retaining Hay Group were its practice of analyzing each executive or other management position by function and responsibilities rather than by title, in part through conducting interviews with each individual, as well as its compilation of compensation survey data separately for companies in the beer, wine and spirits industry. During 2017, at the request of the Committee, Hay Group provided its recommendations regarding changes in the composition of the peer group used to evaluate the Company's competitive

position regarding executive compensation, certain aspects of the CEO's compensation, the structure of the annual executive cash incentive program, and the compensation program for outside directors. In November 2017, the Committee also authorized Hay Group to prepare an updated analysis of the Company's executive compensation program using current survey data for use in its future deliberations. The fees paid to Hay Group during 2017 for such services totaled approximately \$19,000. No other compensation consultant provided services to the Compensation Committee during 2017. Additional information regarding the Compensation Committee's interactions with Hay Group appears below under the heading "Compensation Discussion and Analysis."

The Compensation Committee receives and considers the recommendations of our Chief Executive Officer regarding compensation of other senior executives. During 2017, our Chief Executive Officer and our Chief Financial Officer attended meetings of the Compensation Committee when invited. Our Chief Executive Officer reports to the Compensation Committee regarding the level of achievement of individual performance goals by other senior executives tied to their annual cash incentive target bonuses. Executive officers are excused during the Compensation Committee's deliberations regarding their compensation.

The Compensation Committee received input from our Chief Executive Officer regarding various elements of our compensation program in 2017, including base salary levels for senior executives, target annual cash incentive bonus amounts, the allocation

among corporate performance goals for the target bonuses, identification and calculation of achievement of the corporate performance goals, establishment of individual performance goals for our senior executives, and establishment of corporate performance goals for the long-term performance share awards made to senior executives.

Under its Charter, the Compensation Committee is permitted to delegate any of its responsibilities to one or more subcommittees composed entirely of independent directors. In addition, the Compensation Committee may choose to delegate its authority under our stock incentive plans to our CEO with respect to grants of stock-based awards to employees who are not subject to the reporting requirements of Section 16 of the Exchange Act.

In reviewing our compensation policies and practices, the Compensation Committee has considered whether our compensation program, in particular our performance-based awards, encourages participants to take risks that are reasonably likely to have a material adverse effect on us, and has concluded that such a result is unlikely.

Nominating and Governance Committee

The Nominating and Governance Committee reviews the structure of the Board, its committee structure and overall size; recommends to the Board nominees for vacant Board positions; reviews and reports to the Board on the nominees to be included in the slate of directors, including evaluating any individuals suggested by shareholders, for election at the Annual Meeting of Shareholders; recommends directors to serve on each Board committee; oversees the development of a plan for CEO succession; and oversees the evaluation of the Board and its committees.

The Nominating and Governance Committee is currently composed of Messrs. Boyle (Chair), Cramer, Davis, Kelly and Lord, and Ms. Woodward, each of whom is an independent director as defined by Nasdaq Marketplace Rule 5605(a)(2). Mr. Taylor, as A-B's designee, observes meetings of the Nominating and Governance Committee. John D. Rogers, Jr., a former director, was also a member of the Nominating and Governance Committee during 2017. The Nominating and Governance Committee met three times in 2017. The Board has adopted a written charter for the Nominating and Governance Committee, which is reviewed annually and revised as appropriate. A copy of the charter is available on our website at www.craftbrew.com (select Investors – Governance – Highlights).

Strategic Planning Committee

The Strategic Planning Committee is responsible for advising management in the development of strategic plans; reviewing proposed capital and other significant expenditures proposed by management for consistency with our long-term business objectives; and reviewing and recommending to the Board management proposals related to expansion, capital investment, acquisitions, partnerships, joint ventures or alliances, dispositions of capital assets, adequacy of the existing capital structure and similar issues.

The Strategic Planning Committee is currently composed of Messrs. Cramer (Chair), Boyle, Davis, Kelly and Mills and Ms. Woodward, each of whom, except Mr. Mills, is an independent director as defined by Nasdaq Marketplace Rule 5605(a)(2). Effective January 1, 2017, Mr. Cramer became Co-Chair and served as Chair following the retirement, in May 2017, of John D. Rogers, Jr., a former director. The Strategic Planning Committee met four times in 2017. The Board has adopted a written charter for the Strategic Planning Committee, which is reviewed annually and revised as appropriate. A copy of the charter is available on our website at www.craftbrew.com (select Investors – Governance – Highlights).

Risk Management

We have designed and implemented processes to manage risk in our operations. The Board's role in risk management is primarily one of oversight, with day-to-day responsibility for risk management implemented by the management team. The Board receives a report annually regarding the state of the Company's enterprise risk management system. The Board executes its oversight role directly and also through its various committees. The Audit Committee has

principal responsibility for implementing the Board's risk management oversight role. The Audit Committee reviews management's assessment of the key risks facing us, including the key controls we rely on to mitigate those risks. The Audit Committee also monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting, liquidity risk, risk relating to compliance with loan covenants and contract terms, and risk arising out of related party transactions. The Nominating and Governance Committee also assists in risk management by overseeing our compliance with legal and regulatory requirements and risks relating to our governance structure. The Compensation Committee assesses risks created by the incentives inherent in our compensation policies. Finally, the full Board reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions. The Board believes that its current leadership structure has not been influenced by the manner in which it oversees risk management.

Leadership Structure

The positions of Chairman of the Board and Chief Executive Officer are filled by two different people. Currently, the Chairman position is held by David Lord, an independent director, and our Chief Executive Officer is Andrew Thomas. Separating the Chairman and Chief Executive Officer positions provides multiple perspectives and ideas at Board meetings, expands the skill set available to address the variety of risks and challenges we may encounter, gives the independent directors input over the agenda and issues to be discussed at Board meetings, and improves communication between management and the Board by giving the Chief Executive Officer a single initial source for Board-level communication and input on significant decisions. The Nominating and Governance Committee reevaluates the efficacy of the Board's leadership structure at least annually.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders wishing to communicate with the Board, the non-management directors, or with an individual Board member may do so by writing to the Board, to the non-management directors, or to the particular Board member, and mailing the correspondence to: c/o Audit Committee Chair, Craft Brew Alliance, Inc., 929 N. Russell St., Portland, Oregon 97227. The envelope should indicate that it contains a shareholder communication. All such shareholder communications will be forwarded to the director or directors to whom the communications are addressed.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with Moss Adams LLP, the Company's independent registered public accounting firm, the matters required to be discussed pursuant to auditing standards adopted by the Public Company Accounting Oversight Board ("PCAOB"). In addition, the Audit Committee discussed various matters with Moss Adams LLP related to the Company's consolidated financial statements, including critical accounting policies and practices. The Audit Committee also received the written disclosures and the letter from Moss Adams LLP required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence," and has discussed with Moss Adams LLP its independence from the Company and management.

Based on the review and discussions of the Audit Committee with respect to the items listed above, the Audit Committee recommended to the Board of Directors that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC. The Audit Committee has also recommended, subject to shareholder approval, the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for its fiscal year ending December 31, 2018.

COMPENSATION DISCUSSION AND ANALYSIS

Our Board is responsible for establishing and administering our executive compensation and employee benefit programs in the context of our overall goals and objectives. This Board duty has been delegated to the Compensation Committee (referred to in this section as the "Committee") in accordance with the Committee's Charter. The Committee reviews the executive compensation program at least annually and approves appropriate modifications to executive officer compensation, including specific amounts and types of compensation. The Committee is responsible for establishing the compensation of the CEO. The Committee also reviews and approves the compensation and incentive programs for other executive officers after reviewing the CEO's recommendations. The Committee establishes the annual compensation of the non-employee directors and oversees the administration of our stock-based compensation plans.

This Compensation Discussion and Analysis provides information on our executive compensation program and policies and summarizes the decision-making process supporting the compensation amounts shown in the tables that follow this section.

Executive Compensation Philosophy and Objectives

The objectives of our compensation program are to (i) provide a competitive, comprehensive compensation package to attract, retain and motivate highly talented personnel at all levels of our organization and (ii) provide incentives and rewards for implementing and accomplishing our short-term and long-term strategic and operational goals and objectives. Therefore, we strive to structure compensation packages that are competitive within the industry, while maintaining and promoting our interests, as well as the interests of our shareholders. Additionally, when appropriate, compensation is structured to maximize the tax benefits available to us and minimize compensation expense.

We believe that specific levels of executive compensation should reflect the responsibilities of each position within our company, the relative value of the position and the competition for quality, key personnel in our industry. Our executive compensation program includes four primary components:

Base salary. Base salary is the guaranteed element of an executive's annual cash compensation. The level of base salary reflects the Committee's assessment of the employee's long-term performance, his or her skill set and the market value of that skill set.

• Annual cash bonus opportunities. Performance-based incentive cash bonuses are intended to reward executives for achieving specific financial and operational goals both at a corporate and an individual level.

• Long-term incentive awards. Long-term incentives are provided through grants of performance share awards ("PBAs") and restricted stock units ("RSUs"). These equity-based awards are intended to encourage our executives to take steps that they believe are necessary to ensure our long-term success, and to align their interests with our other shareholders.

Severance payments. Executive employment agreements provide for severance payments as a means of recruiting and retaining top quality executives, by assuring them of a reasonable amount of compensation in the event of termination of employment under specified circumstances, including a change in control.

At our annual meeting in May 2017, shareholders approved our non-binding Say-on-Pay proposal to approve our executive compensation by a favorable vote representing more than 96% of the votes cast. The Committee believes that this vote represents a positive endorsement of our executive compensation practices and decisions. The shareholders' substantial support of our executive compensation program contributed to the Committee's decision not to change its general approach to our executive compensation programs and policies for 2018. The Committee will continue to consider results from the shareholder advisory votes, including the upcoming vote at the 2018 annual meeting, when reviewing our executive compensation programs and policies.

Advice of Compensation Consultant

The Committee retains an outside compensation consultant to provide advice periodically regarding appropriate elements of a competitive executive compensation structure, including fixed and at-risk elements, short-term and long-term incentives, cash and equity components, and benefits. The Committee currently retains Hay Group as its independent compensation consultant. See "Board of Directors-Committees of the Board-Compensation Committee" above for additional information regarding Hay Group.

Decisions made by the Committee regarding our executive compensation programs for 2015 and 2016 were made based on a competitive assessment provided by Hay Group in November 2014. This assessment compared compensation paid to executive officers as compared to a group of peer companies recommended by Hay Group and approved by the Committee Chair, as well as comparative compensation data for 2014 with regard to companies in Hay Group's beer, wine and spirits industry survey. During its November 2017 meeting, the Committee authorized the engagement of Hay Group to prepare an updated survey of executive compensation for positions comparable to our executive officer positions to inform its decisions in 2018.

Components of 2017 Executive Officer Compensation

Our executive compensation program is comprised of both fixed and variable elements with both cash and equity components, consisting primarily of a base salary, annual cash incentive bonus opportunities, grants of RSUs and PBAs, modest personal benefits, and severance arrangements. The Committee's decisions regarding compensation of senior executives for 2017 reflected its continued desire to emphasize incentive compensation over fixed compensation such as salaries and benefits.

Base Salary

Base salaries are established annually. The Committee's general philosophy is to weight incentive compensation more heavily than fixed compensation. In November 2016, the Committee reviewed recommendations by our human resources department regarding 2017 executive salaries, based on national benchmark salary data obtained through a subscription with Mercer, the world's largest human resources consulting firm. The Committee approved an increase in executive officer salaries by 3% from 2016 levels, consistent with the survey data in Mercer's benchmark database.

2017 Annual Cash Incentive Bonuses

Consistent with the Committee's philosophy of tying a significant portion of compensation to the achievement of performance goals, the Committee established annual cash bonus opportunities, expressed as a percentage of 2017 base salary, for the following executive officers (together with Andrew Thomas, the "named executive officers"): Joseph Vanderstelt, 55%; Scott Mennen, 55%; Kenneth Kunze, 55%; and Derek Hahm, 100%. Mr. Thomas's cash bonus opportunity was set at \$350,000, unchanged from 2016. The annual cash bonus opportunities for the named executive officers other than Mr. Thomas were subject to the attainment of two corporate performance goals listed below (35% each), while 30% was tied to achievement of a performance goal tailored to each executive officer. Mr.

Thomas's individual performance goal was tied to 40% of his target bonus, while each of the corporate goals represented 30%. The bonus percentages tied to individual goals were increased from 20% to 40% for Mr. Thomas and to 30% for the other executive officers to emphasize personal accountability.

The Committee determines the extent to which performance goals have been satisfied following the end of each fiscal year. Payment, if any, is made promptly following such determination. An executive officer is not entitled to receive a bonus unless he or she remains employed by us through the date of the Committee's determination, unless the Committee decides otherwise.

The corporate level goals approved by the Committee for 2017 were based on target amounts of earnings before interest, taxes, depreciation, and amortization ("EBITDA") and total revenue. EBITDA, as calculated, includes the potential bonuses as expense. The corporate performance target amounts, originally fixed by the Committee at its February 2017 meeting, were each adjusted upward in May 2017 by approximately \$3 million to reflect required changes in the timing of recognition of certain payments to us by affiliates of Anheuser-Busch, LLC, as revenue under generally accepted accounting principles. The corporate performance target amounts were later adjusted downward, with the approval of the Committee at its meeting in February 2018, to reflect a change in the our strategic priorities approved by the Board in mid-2017. The EBITDA goal was decreased by approximately

2.3% and the total revenue goal by approximately 2.8% as a result of these adjustments. Following the adjustments, the target amount of EBITDA was \$20.0 million and the target amount of total revenue was \$219.2 million.

For each 1% by which achievement of a corporate goal is above or below 100%, the portion of the bonus opportunity attributable to that goal would increase or decrease by 2.5%. No bonus amount would be paid with respect to a goal as to which achievement fell below 80%. Achievement of individual performance goals is determined on a straight-line sliding scale. The maximum payout in a given year is 125% of the target amount.

In February 2018, the Committee determined that the adjusted EBITDA goal was met at the 87.3% level and the total revenue goal was achieved at the 94.6% level, resulting in an overall payout on the bonus opportunity tied to corporate goals for 2017 of 77.4%.

Individual performance goals for 2017 approved by the Committee for the named executive officers and levels of achievement as approved by the Committee in February 2018 were as follows:

Name	Goal	Achievement %
Andrew Thomas	Weighted average of achievement of individual objective metrics by executive team	91%
Joseph Vanderstelt	Index of 2017 quarterly results relative to budget	95%
Scott Mennen	Cost of goods sold per barrel, excluding alternating proprietorship and Woodinville closing	101%
Kenneth Kunze	Home market volume index	91%
Derek Hahm	Domestic beer and restaurant and retail gross profit	91%

Stock Incentive Plan Awards

The Committee typically considers equity grants for our senior executives and other employees annually.

The Committee determined that the grant date fair value of annual equity grants to the named executive officers for 2017, expressed in terms of a percentage of base salary, should be as follows: Mr. Thomas, 100%; Mr. Vanderstelt, 75%; Mr. Mennen, 50%; Mr. Kunze, 50%; and Mr. Hahm, 50%. The Committee further determined that the equity awards, based on grant date fair value, should be 30% in the form of time-vested RSUs and 70% in the form of PBAs. Consequently, a substantial portion of the equity awards are subject to attainment of performance goals as described below.

The RSUs will cliff vest on March 31, 2020, assuming continued employment through that date.

The vesting of the PBAs granted in 2017 is subject to achieving target levels of revenue compound annual growth rate (CAGR)

and EBITDA margin over a performance cycle beginning January 1, 2017 and ending December 31, 2019. The target amounts were fixed at 50 basis points above the three-year plan numbers that had been developed by management and approved by the Board. Payout of shares will be based on a sliding scale from 50% at the threshold level of 50 basis points below plan to 150% at 150 basis points above plan. Accordingly, at the time the Committee approved the PBAs in February 2017, it believed that approximately 88% of the awards would likely vest.

At its November 2017 meeting, the Committee reviewed an analysis provided by Hay Group showing that Mr. Thomas's actual compensation over the past two years was below the median for our peers despite our strong stock performance and total shareholder return above the median. Accordingly, the Committee approved a one-time grant of RSUs with a grant date fair value of \$85,000 to Mr. Thomas in light of his exemplary leadership contributing to our achievement of highly positive financial results in the face of significant competition and other factors adversely affecting the craft beer industry.

Additional details of all equity awards are reflected in the tables set forth under “Executive Compensation” below.

In February 2018, the Committee also considered the attainment of performance goals established for PBAs granted in 2015. The goals were based on total revenue and EBITDA for the three years ended December 31, 2017. The EBITDA goal was attained at the 60% level and the revenue goal was attained at the 85% level, resulting in a zero payout of the awarded shares.

See “Stock Ownership and Retention Policy” and “Pledging and Hedging Transaction Policy” above for descriptions of expectations for ownership of our common stock and prohibitions on the pledging of shares of our common stock and hedging transactions by members of our Executive Leadership Team.

Severance Benefits

In 2016, we entered into amendments to the employment agreements with each of our named executive officers that provide for severance benefits in the event that the officer's employment is terminated under specified circumstances, including upon a change in control, as described in more detail below under "Employment Agreements and Potential Payments upon Termination or Change-in-Control."

Other Compensation

We make contributions to the 401(k) accounts of all participating named executive officers on the same terms as those of other participants in our 401(k) annual plan and provide health and disability insurance for the named executive officers under the same plans as for non-executive employees.

In December 2015, the Committee approved a \$100,000 retention bonus for Mr. Thomas, half of which was paid in January 2016 and the other half of which will be paid on December 31, 2018. If Mr. Thomas fails to remain employed as our CEO through that date, he will not be entitled to the second payment and will be required to repay the initial \$50,000.

Disclosure of Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following information about the relationship between the annual total compensation of our employees and the annual total compensation of our CEO for 2017, our last completed fiscal year:

- The annual total compensation of our CEO was \$1,241,442.
- The median of the annual total compensation of all of our employees other than our CEO (based on our median employee identified under the methodology described below) was \$54,002.
- The resulting ratio of our CEO's annual total compensation to the annual total compensation of our median employee is 23 to 1.

The pay ratio stated above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records. The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratios reported by other companies may not be comparable to our pay ratio stated above.

We completed the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and CEO:

- On December 31, 2017, our employee population consisted of approximately 665 individuals, including full-time, part-time, temporary, and seasonal employees employed on that date.
- To find the median of the annual total compensation of all our employees (other than our CEO), we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for the fiscal year 2017. In making this determination, we annualized the compensation of full-time and part-time permanent employees who were employed on December 31, 2017 but who did not work for us the entire year. No full-time equivalent adjustments were made for part-time employees.
- We identified our median employee using this compensation measure and methodology, which was consistently applied to all employees included in the calculation.
- After identifying the median employee, we added together all of the elements of that employee's compensation for 2017 in accordance with the requirements applicable to calculating annual total compensation for purposes of the Summary Compensation Table below.

For the annual total compensation of our CEO, we used the amount reported for our CEO in the “Total” column for 2017 in the Summary Compensation Table below.

Tax Deductibility

Section 162(m) of the Internal Revenue Code limits the amount that we may deduct for income tax purposes for compensation paid to our named executive officers to \$1,000,000 per person. Prior to the enactment of the Tax Cuts and Jobs Act by Congress in late 2017, performance-based compensation that met the requirements of Section 162(m) and regulations thereunder was excluded from the limit. This exception was repealed on a prospective basis.

Accordingly, subject to certain limitations, effective with the 2018 tax year, all compensation paid to a named executive officer or other covered employee in excess of \$1,000,000 will be non-deductible, other than qualifying performance-based compensation paid under written binding agreements in effect as of November 2, 2017.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included elsewhere in this proxy statement with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be incorporated by reference in our annual report on Form 10-K and included in this proxy statement.

Represents the potential annual cash incentive bonus amounts payable based on the level of achievement of corporate performance goals, as well as individual performance goals, as described under “Compensation Discussion and Analysis” above. The target amounts are payable if the overall achievement level is 100%. No (1) amounts are payable for achievement of corporate goals below 80% of the target level. For each percentage point that achievement of a corporate goal falls below the target level, the bonus amount attributable to that goal is reduced by 2.5%. For each percentage point that achievement of a corporate goal is above the target level, the bonus amount attributable to that goal is increased by 2.5%. The maximum payout is 125% of the target amount.

Represents PBAs under the 2014 Stock Incentive Plan that will vest upon the attainment of performance goals over a three fiscal year performance cycle ending December 31, 2019 as described under “Compensation Discussion and Analysis” above. Upon vesting, the performance shares will be settled in shares of common stock. The performance goals are based on threshold, target and maximum levels of net sales CAGR and EBITDA margin. Payout of shares will be based on a sliding scale from 50% at the threshold to 150% at the maximum. The target amounts will be issuable if the overall achievement level is 100%.

Reflects RSU awards granted under the 2014 Stock Incentive Plan that vest on March 31, 2020, approximately three years following the grant date, other than the November 15, 2017 grant of RSUs to Mr. Thomas, which vest as to 20% on December 31, 2018; 40% on December 31, 2019; and 40% on December 31, 2020.

See Notes 2 and 13 to our audited financial statements included in our 2017 Form 10-K for information on the valuation assumptions and other related information.

EMPLOYMENT AGREEMENTS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Other than as described below, we do not have any employment agreements or any other agreements or understandings with any of the named executive officers that provide for supplemental payments after the executive's employment terminates.

Material Terms of Employment Letter Agreements

We have entered into employment letter agreements as described below:

Employment Letter Agreement with Andrew Thomas

Our employment letter agreement with Mr. Thomas was amended and restated effective July 1, 2016. Under the agreement, we have agreed to employ Mr. Thomas as our Chief Executive Officer for a period ending June 30, 2019. Mr. Thomas is entitled to a retention bonus as follows: (a) \$50,000 paid in January 2016, subject to repayment (clawback) if he breaches the agreement or does not remain employed as CEO through December 31, 2018; and (b) \$50,000 if he remains employed as CEO through December 31, 2018. The effectiveness of the Employee Noncompetition and Nonsolicitation Agreement, dated November 20, 2013, between us and Mr. Thomas was also extended until 12 months following the termination of Mr. Thomas's employment with us for any reason.

Severance Agreements with Named Executive Officers

During 2016, we entered into revised severance arrangements with each of our executive officers. The severance arrangements will apply following termination of the officer's employment either by us, for any reason (except for "cause"), or by the officer for "good reason."

In the absence of a change in control, each executive officer will receive 12 monthly payments equal to the officer's monthly base salary rate then in effect, plus a cash payment equal to the amount of health insurance premiums under COBRA for 12 months.

If an executive officer's employment is terminated within 12 months after a change in control occurs, the officer will receive a single cash payment within 45 days following termination equal to 18 months of base salary (24 months for our CEO), plus the officer's target annual cash bonus amount, plus an amount equal to the sum of COBRA health insurance premiums for 18 months (24 months for our CEO). A change in control will be deemed to occur upon the acquisition by a person or group of more than 50% of our outstanding stock, replacement of a majority of the directors during a 12-month period (unless endorsed by a majority of the existing directors), or acquisition by a person or group of assets representing at least 75% of the total gross fair market value of our assets.

"Cause" is defined as engaging in conduct which has substantially and adversely impaired our interests, or would be likely to do so if the officer were to remain employed by us; engaging in fraud, dishonesty or self-dealing relating to, or arising out of, the officer's employment; violating any criminal law relating to the officer's employment or to us; engaging in conduct which constitutes a material violation of a significant company policy or our Code of Conduct and Ethics; or repeatedly refusing to obey lawful directions of the Board or our CEO. For our CEO, "cause" also includes failing to maintain a residence within 50 miles of our principal office.

"Good reason" is defined as the occurrence of one or more of the following events without the officer's consent: (i) a material reduction in authority, duties, or responsibilities as defined; or (ii) a material reduction in the authority,

duties, or responsibilities of the person or persons to whom the officer reports. “Good reason” may also include relocation of the officer’s workplace by more than a specified distance.

An officer, other than those residing in California, will forfeit any unpaid severance payments if the officer becomes employed by a brewing company or other business competing with our business relating to alcoholic beverages.

Each of our executive officers will be required to sign a general release of all claims against us as a condition to receiving severance benefits.

The following table quantifies the estimated potential cash severance benefits and the continuation of health benefits that would be provided if the officer's employment had been terminated as of December 31, 2017 in the absence of a change in control:

Other Benefits

Our employment letter agreements with our executive officers provide for participation in all of our employee benefit programs for which the executive officer is eligible, including our 401(k) plan. Under the 401(k) plan, the executive officer's contributions may be made on a before-tax basis, subject to IRS limits. For 2017, we matched contributions to the 401(k) plan on a 50% basis up to 6% of eligible compensation. Our matching contributions to the plan vest ratably over five years of service by the executive officer. Eligibility for the matching contribution begins after the executive officer has been employed a minimum of three months.

TRANSACTIONS WITH RELATED PERSONS

Statement of Policy Regarding Transactions with Related Persons

We have adopted a policy of not engaging in business transactions with our officers, directors, nominees for director, beneficial owners of more than 5% of our common stock and immediate family members or affiliates of the foregoing (each a "Related Person") except upon terms that are fair and reasonable as determined in good faith by our Audit

Committee. Nevertheless, we recognize that there may be situations where such transactions with a Related Person may be in, or may not be inconsistent with, the best interests of our shareholders. Therefore, we have adopted a Statement of Policy with respect to such related person transactions that guides the review and approval or ratification of these transactions.

Under the Statement of Policy, a “related person transaction” is a transaction between us and any Related Person, other than transactions available to all employees generally and transactions involving less than \$10,000 when aggregated with all similar transactions. The Audit Committee has been tasked with the review and approval of all related person transactions. The Audit Committee considers all relevant facts and circumstances available in making its determination as to a related person transaction, including (if applicable), but not limited to: the benefits to us; the impact on a director’s independence in the event the Related Person is a director, an immediate family member of a director or an entity which is owned or controlled in substantial part by a director; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to employees generally. A copy of our Statement of Policy with respect to related person transactions is available on our website at www.craftbrew.com (select - Investors - Governance - Highlights).

Lease Arrangements

As a result of the merger with WBBC, we assumed several lease contracts with lessors whose members include Related Persons. We lease our headquarters office and restaurant space located in Portland, Oregon from Smithson & McKay LLC, whose members include Kurt Widmer, Rob Widmer and Kristen Maier-Lenz, their sister. Although they disclaim group status, the three siblings collectively beneficially own more than 9% of our outstanding common stock. The lease expires in 2034, with an extension, at our option, for two 10-year periods. We are responsible for taxes, insurance and maintenance associated with these leases. We paid lease rentals to Smithson & McKay LLC totaling \$70,000 for the year ended December 31, 2017. Rental payments under the lease are adjusted each year to reflect changes in the consumer price index (“CPI”). The lease payments during an extension period, if applicable, will be established at fair market levels at the beginning of each period. We hold a right to purchase these facilities at the greater of \$2.0 million or the appraised value of the property. The right to purchase is not valid in the final year of the lease term or in each of the final years of the renewal terms, as applicable.

We also lease our storage facilities and land located in Portland, Oregon, and certain equipment from Widmer Brothers LLC, whose members include Kurt and Rob Widmer. At the end of 2017, we extended our lease for a five-year period and at our option, we can extend the lease for one additional five-year period. We are responsible for taxes, insurance and maintenance associated with these leases. We paid lease rentals to Widmer Brothers LLC totaling \$66,000 for the year ended December 31, 2017. The sublease contracts expire on various dates through 2020, with an extension, at our option, for two five-year periods. The rent during an extension period, if applicable, will be established at fair market levels at the beginning of each period. Lease payments to the lessor totaled \$574,000 for the year ended December 31, 2017. We are responsible for taxes, insurance and maintenance on the leased property.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Eight directors will be elected at the Annual Meeting of Shareholders, to serve until the next Annual Meeting of Shareholders and until their successors are elected and qualified. As discussed under “Board of Directors” above, under our Amended and Restated Bylaws, there are 8 positions on the Board. The following 8 individuals have been nominated by the Board of Directors for election at the Annual Meeting of Shareholders: Timothy P. Boyle, Marc J. Cramer, Paul D. Davis, Kevin R. Kelly, David R. Should any nominee be unable to serve, the persons named in the proxy may vote for any substitute designated by the Board. See “Who is entitled to vote?” on page 1 for an explanation of the cumulative voting provisions applicable to the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF THE NOMINEES NAMED IN PROPOSAL NO. 1.

PROPOSAL NO. 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the firm of Moss Adams LLP (“Moss Adams”), independent registered public accountants, to audit our financial statements for the year ending December 31, 2018.

At the Annual Meeting of Shareholders, the shareholders are being asked to ratify the selection of Moss Adams as our independent registered public accounting firm for the year ending December 31, 2018. Representatives of Moss Adams will be present at the Annual Meeting of Shareholders and they will have an opportunity to make statements and will be available to respond to appropriate questions from shareholders.

If the votes in favor of the proposal do not exceed the votes against the proposal, the Audit Committee will reconsider the selection.

Fees Paid to the Independent Registered Public Accounting Firm

The following table presents fees billed, or to be billed, by Moss Adams for professional services rendered with respect to the years ended December 31, 2017 and 2016. All of these services were approved by the Audit Committee:

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing and overseeing the work of our independent registered public accounting firm. The Audit Committee has established the following procedures for the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm.

Before engagement of the independent registered public accounting firm for the next year's audit, the independent registered public accounting firm will submit a detailed description of services expected to be rendered during that year for each of the following categories of services to the Audit Committee for approval:

Audit services. Audit services include work performed for the audit of our financial statements and the review of financial statements included in our quarterly reports, as well as work that is normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings.

Audit related services. Audit related services are for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not covered above under "audit services."

Tax services. Tax services include all services performed by the independent registered public accounting firm's tax personnel for tax compliance, tax advice and tax planning.

Other services. Other services are those services not described in the other categories.

Before engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent registered public accounting firm to report actual fees versus budgeted fees periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the services must be pre-approved by the Audit Committee before the independent registered public accounting firm is engaged.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF MOSS ADAMS LLP.

PROPOSAL NO. 3 — ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Under regulations adopted by the SEC, shareholders must be given the opportunity to provide an advisory vote regarding the compensation of our named executive officers. This advisory vote, while not binding on the Board or Compensation Committee, provides a means by which shareholders may confirm and approve the overall compensation package of the named executive officers. The vote is a vote to approve or disapprove the overall compensation package of the named executive officers, and does not provide for a vote on any one specific element of the compensation package or on the compensation received by any one person. Although not binding, the results of the vote will be taken into consideration when the Compensation Committee reviews the named executive officer compensation package in the future. For the past six years, we have conducted this advisory say-on-pay vote at each annual meeting of shareholders.

Our executive compensation programs are designed to align the interests of our executive management team with those of our shareholders, provide competitive compensation to attract and retain experienced executive talent, and reward achievement of our strategic goals and objectives, both short-term and long-term, while providing a meaningful portion of total compensation that is dependent on our overall financial performance, both short-term and long-term. In considering how to vote, we encourage you to carefully review the Compensation Discussion and Analysis section and related executive compensation tables, which outline the total compensation package and our

compensation practices relative to our performance. We believe the compensation program for our named executive officers is appropriate for the following reasons:

- our executive compensation program is weighted more toward incentive compensation than fixed elements such as salary; and
- a significant portion of executive compensation is in the form of equity grants, with 70% in performance shares with a three-year performance cycle, and 30% in restricted stock units that vest in full approximately three years following the date of grant, as long as the officer continues to be employed by us, thus aligning the interests of our senior management with the long-term interests of our shareholders.

Accordingly, we are asking shareholders to approve the following non-binding advisory resolution:

“Resolved that, the compensation paid to our named executive officers as disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative discussion included in the Proxy Statement for our 2018 Annual Meeting of Shareholders is approved.”

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE ADVISORY RESOLUTION ON NAMED EXECUTIVE OFFICER COMPENSATION.

PROPOSAL NO. 4 - ADVISORY VOTE ON THE FREQUENCY OF SHAREHOLDER VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION

As required by SEC rules, shareholders must be given the opportunity at least once every six years to advise the Board, in a non-binding vote, as to whether we should conduct an advisory (non-binding) vote on named executive officer compensation (that is, a say-on-pay vote similar to Proposal No. 3 above) every one, two or three years. In considering your vote, you may wish to review the information presented in connection with Proposal No. 3 above, explanation of our compensation philosophy and policies regarding the named executive officers presented in “Compensation Discussion and Analysis,” and the related compensation tables above.

In the vote held in 2012, a substantial majority of shareholders picked ONE YEAR as the desired frequency for holding say-on-pay votes, and a say-on-pay vote has been held every year since. While our compensation strategies are related to both short-term and longer-term business outcomes, most compensation decisions are made annually. We believe that an annual advisory vote on named executive officer compensation will give us timely feedback on our compensation disclosures and executive compensation program. Accordingly, the Board has determined that holding an advisory vote on named executive officer compensation every year continues to be the most appropriate policy for us, and recommends that shareholders vote to hold future say-on-pay votes annually.

Shareholders should be aware that each advisory vote will occur after the majority of decisions regarding executive compensation for the current year have been made. In addition, because the compensation elements integrate into an overall compensation package, it may not be appropriate to change the compensation package to reflect the results of one year’s advisory vote on named executive officer compensation before the next annual meeting of shareholders.

Shareholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Shareholders are not voting to approve or disapprove the Board’s recommendation. Although non-binding, the Board and the Compensation Committee will take into account the outcome of the vote when making future decisions about how often we conduct an advisory shareholder vote on our named executive officer compensation. Notwithstanding the Board’s recommendation and the outcome of the shareholder vote, the Board may, in the future, decide to conduct say-on-pay votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to our compensation programs.

THE BOARD RECOMMENDS A VOTE IN FAVOR OF “ONE YEAR” WITH RESPECT TO THE FREQUENCY OF CONDUCTING FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION.

OTHER MATTERS

We know of no other matters that are likely to be brought before the meeting. If, however, other matters that are not now known come before the meeting, the persons named in the enclosed proxy or their substitutes will vote such proxy in accordance with their discretion.
