PROXY STATEMENT

Annual Meeting of Shareholders
November 14, 2006

INTRODUCTION

The Board of Directors of LSI Industries Inc. is requesting your proxy for the Annual Meeting of Shareholders on November 14, 2006, and at any postponement or adjournment of such meeting. This Proxy Statement and the accompanying proxy card were first mailed on September 28, 2006 to shareholders of record as of September 15, 2006.

VOTING AT ANNUAL MEETING

General Information

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting either by proxy or in person. Shareholders may vote in person or by proxy at the Annual Meeting. Proxies given may be revoked at any time by filing with the Company (to the attention of Ronald S. Stowell) either a written revocation or a duly executed proxy bearing a later date, or by appearing at the Annual Meeting and voting in person. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change your vote. All shares will be voted as specified on each properly executed proxy card. If no choice is specified, the shares will be voted as recommended by the Board of Directors, namely FOR Proposal 1 to elect the six persons nominated as directors by the Nominating and Corporate Governance Committee of the Board of Directors, and FOR Proposal 2 (Ratification of Appointment of Independent Registered Public Accounting Firm). If any other matters come before the meeting or any postponement or adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the proxy card.

As of September 15, 2006, the record date for determining shareholders entitled to notice of and to vote at the Annual Meeting, LSI Industries had 21,453,385 Common Shares outstanding. Each share is entitled to one vote. Only shareholders of record at the close of business on September 15, 2006, will be entitled to vote at the Annual Meeting. Abstentions and shares otherwise not voted for any reason, including broker non-votes, will have no effect on the outcome of any vote taken at the Annual Meeting. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal.

Shareholders who desire to have proposals included in the Notice for the 2007 Annual Meeting of Shareholders must submit their proposals to the Company at its offices on or before June 4, 2007.

The form of Proxy for the Annual Meeting of Shareholders grants authority to the persons designated therein as proxies to vote in their discretion on any matters that come before the meeting, or any adjournment thereof, except those set forth in the Company's Proxy Statement and except for matters as to which adequate notice is received. In order for a notice to be deemed adequate for the 2007 Annual Shareholders Meeting, it must be received prior to August 15, 2007. If there is a change in the anticipated date of next year's annual meeting or if these deadlines change by more than 30 days, we will notify you of this change through our Form 10-Q filings.

Proposal 1. Election of Directors

The Company's Code of Regulations provides that the Board of Directors be composed of six directors, each of whom is elected for a one-year term. The terms of the Company's directors expire at the 2006 Annual Meeting of Shareholders.

The Nominating and Corporate Governance Committee of the Board has nominated for reelection the six present directors, namely, Gary P. Kreider, Dennis B. Meyer, Wilfred T. O' Gara, Robert J. Ready, Mark A. Serrienne and James P. Sferra. Proxies solicited by the Board will be voted for the election of these six nominees.

-2-

All directors elected at the Annual Meeting will be elected to hold office for one year and until their successors are elected and qualified. In voting to elect directors, shareholders are entitled to one vote for each share held of record. Shareholders are not entitled to cumulate their votes in the election of directors.

Should any of the nominees become unable to serve, proxies will be voted for any substitute nominee designated by the Board. The six nominees receiving the highest number of votes cast will be elected.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR each of the six directors nominated in this Proxy Statement. Nominees receiving the highest number of votes will be elected.

Proposal 2. Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors appointed Deloitte & Touche LLP as the Company's independent registered public accountants for fiscal 2007. Deloitte & Touche LLP has been the independent registered public accounting firm for the Company since December 2005. Although not required by law, the Board is seeking shareholder ratification of its selection. If ratification is not obtained, the Audit Committee intends to continue the employment of Deloitte & Touche LLP at least through fiscal 2007.

Representatives of Deloitte & Touche LLP are expected to be present at the Shareholders' Meeting and will be given an opportunity to make a statement, if they so desire, and to respond to appropriate questions that may be asked by shareholders.

On December 16, 2005, the Audit Committee of the Board of Directors dismissed Grant Thornton LLP as its independent registered public accounting firm. On that same date, the Audit Committee engaged Deloitte & Touche LLP as its independent registered public accounting firm effective December 16, 2005.

Edgar Filing: LSI INDUSTRIES INC - Form DEF 14A

Grant Thornton's report on LSI's financial statements for each of the last two fiscal years did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles. During LSI's two most recent fiscal years and the subsequent interim period preceding the dismissal of Grant Thornton, there were no disagreements on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of Grant Thornton, would have caused it to make a reference to the subject matter in connection with its report. During LSI's two most recent fiscal years and the subsequent interim period preceding Grant Thornton's dismissal, there have been no reportable events (as defined in Regulation S-K Item 304(a)(1)(v)).

During the two most recent fiscal years and the interim period prior to engaging Deloitte, neither LSI nor anyone on its behalf consulted Deloitte regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on LSI's financial statements, and no written report or oral

-3-

advice was provided to LSI that Deloitte concluded was an important factor considered by LSI in reaching a decision as an accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement or a reportable event (as defined in Regulation S-K Item 304(a)(1)(iv) and Regulation S-K Item 304(a)(1)(v)).

Grant Thornton furnished LSI with a letter addressed to the Securities and Exchange Commission related to the disclosures in our current report on Form 8-K filed with the Commission on December 20, 2005. The letter was filed as Exhibit 16 to the Form 8-K.

The Company expensed the following fees from Deloitte & Touche LLP in the fiscal year ended June 30, 2006, and from Grant Thornton LLP (the Company's previous independent registered public accounting firm) in the fiscal year ended June 30, 2005 and through the first quarter of fiscal 2006:

CORPORATE GOVERNANCE

LSI Industries Inc. is an Ohio corporation and, therefore, governed by the corporate laws of the State of Ohio. Since its shares are publicly traded on the NASDAQ Global Select Market and it files reports with the Securities and Exchange Commission, it is also subject to NASD rules as well as various provisions of federal securities laws as recently changed by the Sarbanes-Oxley Act. The following members of the Board meet the NASD requirement for independence: Messrs. Kreider, Meyer, O'Gara and Serrienne.

Governance of the corporation is placed in the hands of the Directors who, in turn, elect officers to manage the business operations. The Board oversees the management of LSI Industries on your behalf. It reviews the Company's long-term strategic plans and exercises direct decision making authority in all major decisions, such as significant acquisitions, the declaration of dividends, major capital expenditures and the establishment of critical policies.

During fiscal 2006, the Board of Directors met on ten occasions and took two Actions in Writing. In addition to all of the committee meetings disclosed in this report, the independent directors met on two occasions during fiscal 2006 without the presence of the Company's management or executives.

Edgar Filing: LSI INDUSTRIES INC - Form DEF 14A

The Company expects all directors to attend shareholders' meetings. All directors attended the 2005 Annual Meeting. Each of the directors attended over 75% of the aggregate of all meetings of the Board and committees of which they were a member.

Shareholders may communicate with the full Board or individual directors on matters of concern by mail or through our website in each case to the attention of the Secretary of LSI Industries Inc.

Non-employee directors of the Company received \$25,000 (\$10,000 of which was in the form of common shares of the Company, paid quarterly at the closing price of the Company's common shares at the end of the first business day of that quarter), plus \$1,500 for each meeting attended. Committee members received \$6,000 or \$3,000, respectively, for serving as Chairman or a member of the Audit Committee, \$3,000 or \$1,500, respectively, for serving as Chairman or a member of either the Compensation or Nominating and Corporate Governance Committee, plus either \$500 or \$750 per committee meeting. Gary Kreider serves as Board Secretary. Mr. Kreider receives no fees for this service except that he receives

-10-

committee meeting fees for serving as Board secretary for committees of which he is not a member. Directors who are employees of the Company do not receive any compensation for serving as a Director. Non-employee directors received, at the time of their election as directors, an annual grant of an option to purchase 1,500 Common Shares at the market price at the time of grant. Options granted to non-employee directors in fiscal 2006 were exercisable at the time of grant and have a ten year term. Pursuant to an amendment to the 2003 Equity Compensation Plan, options granted to non-employee directors after January 25, 2006 will become vested 25% after each ninety day period following the date of grant.

The following table sets forth information regarding compensation paid by the Company to its outside independent Board members during fiscal 2006.

Director	Annual Retainer						
	Cash Payment	LSI Common Shares		Total	Board Committee Membership	Meeting Attendance	Total Compensation
		# of shares	Value				
Gary P. Kreider	\$ 15,000	608	\$ 9,997	\$ 24,997	\$ 4,500	\$ 17,250	\$ 46,747
Dennis B. Meyer	15,000	608	9,997	24,997	7,500	18,250	50,747
Wilfred T. O'Gara	15,000	608	9,997	24,997	9,000	18,250	52,247

Total	\$ 60,000	2,432	\$ 39,988	\$ 99,988	\$ 27,000	\$ 72,000	\$ 198,988

In addition to the compensation listed in the above table, each of the outside independent directors was awarded 1,500 stock options (the exercise price was \$17.02 per share, the fair market value of LSI common shares on the date of grant) when they were elected as Directors at the November 15, 2005 Annual Shareholders' Meeting.

At its meeting on April 27, 2004, the Board reviewed, approved and adopted the LSI Industries Inc. Code of Ethics. There have been no amendments to the Code of Ethics nor any waivers granted to employees, managers or executive officers. The Company's Code of Ethics is available as Exhibit 14 to the Form 10-K filed for the year ended June 30, 2004.

The Directors have organized themselves into the committees described below to help carry out Board responsibilities. In particular, Board committees work on key issues in greater detail than would be possible at full Board meetings. Each committee reviews the results of its meetings with the full Board.

Each of the following committees, except for the Executive Committee, is composed of nonemployee directors each of whom meets the relevant independence requirements established by Nasdaq and the Sarbanes-Oxley Act that apply to their particular assignments.

The Executive Committee

The Executive Committee, composed of Messrs. Ready (Chairman), and Sferra, is responsible, during the intervals between meetings of the Board of Directors, for exercising all the powers of the Board of Directors in the management and control and the business of the Company to the extent permitted by law. The Executive Committee met once during fiscal 2006.

The Audit Committee

The Audit Committee is governed by an Audit Committee Charter adopted by the Board of Directors. The Audit Committee is composed of Messrs. O Gara (Chairman), Meyer, and Serrienne. Wilfred T. O Gara has been designated as the Audit Committee financial expert by the Board of Directors, and meets all requirements as a financial expert as established by the Securities and Exchange Commission. The Audit Committee met six times in fiscal 2006.

The Audit Committee is solely responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm, our auditors. The Audit Committee also evaluates information received from both the outside auditor and management to determine whether the auditor is independent of management. The independent registered public accounting firm reports directly to the Audit Committee. A copy of the Committee's Charter is available on LSI's website.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the following:

1. The financial reports and other financial information provided by the Company to any governmental body or the public,
2. The Company's systems of internal control regarding finance, accounting, legal compliance and ethics that management and the Board have established, and
3. The Company's auditing, accounting and financial reporting processes generally.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints concerning accounting, internal controls or auditing matters and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

The Audit Committee approves all audit and non-audit services performed for the Company by its independent registered public accounting firm prior to the time that those services are commenced. The Chairman also has the authority to approve these services between regularly scheduled meetings. In this event, the Chairman reports approvals made by him to the full Committee at each of its meetings. For these purposes, the Committee, or its Chairman, is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service.

The Company adheres to a policy that limits the scope of consulting services that may be provided by the independent registered public accounting firm that performs the annual audit. This policy draws a distinction between audit, audit-related and non-audit services, and prohibits the independent registered public accounting firm from performing certain non-audit services. The Company will not use its independent registered public accounting firm to perform certain non-audit-related services such as non-financial or management consulting services, business strategy consulting, information technology consulting, internal audit, price allocation appraisals and fairness opinions. Audit-related and tax consulting services that will be permitted include: retirement plan and 401(k) audits, securities registration and reporting, tax compliance and planning, advice on the application of accounting policies, guidance on acquisition accounting and assistance with due diligence audits.

During the year, the Committee has discussed with both Deloitte & Touche LLP and management the Company's actions to establish, document, test and evaluate controls and procedures pursuant to new requirements of the Sarbanes-Oxley Act.

The Audit Committee receives and approves Engagement Letters from the Company's independent registered public accounting firm for the major components of their services rendered, such as the year end audit, audit of the Company's Retirement Plan, tax compliance work, etc. All other services are approved in advance on a project-by-project basis by the Audit Committee, acting through its Chairman, and are subsequently additionally approved by the Audit Committee itself following its quarterly detailed review and discussion of fees from the Company's independent registered public accounting firm.

The Audit Committee has advised the Company it has determined that the non-audit services rendered by Grant Thornton LLP early in fiscal 2006 and by Deloitte & Touche LLP for the final approximate seven months of fiscal 2006 are compatible with maintaining the independence of those respective firms when they were engaged as auditors during fiscal year 2006.

Report of the Audit Committee

During fiscal 2006, the Audit Committee determined the Company would be better served by changing its independent registered public accounting firm. Accordingly, following a thorough analysis and evaluation, the Audit Committee dismissed Grant Thornton LLP and appointed Deloitte & Touche LLP in December 2005. There had been no disagreements with Grant Thornton LLP over audit procedures or accounting, and the Board had considered them independent during the five months plus they were engaged by the Company at the beginning of fiscal 2006.

The Audit Committee engaged Deloitte & Touche LLP, an independent registered public accounting firm, to conduct audits for the purpose of expressing an audit opinion on the conformity of the audited year-end financial statements with accounting principles generally accepted in the United States, as well as an audit opinion on the Company's system of internal control over financial reporting. The Committee also discussed with Deloitte & Touche LLP the overall scope and plan for their audit. Following these audits, the Audit Committee reviewed with Deloitte & Touche LLP their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including Statement of Auditing Standards No. 61 (SAS 61 - Communications with Audit Committees), as amended. SAS 61 requires Deloitte & Touche LLP to provide the Committee with additional information regarding the scope and results of their audit of the Company's financial statements with respect to (i) their responsibility under auditing standards generally accepted in the United States, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee also reviewed with Deloitte & Touche LLP their assessment of the Company's system of internal control over financial reporting.

Deloitte & Touche LLP also provided a letter containing the disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) with respect to relationships between Deloitte & Touche LLP and either the Company or management that in its professional judgment may

-13-

reasonably be thought to bear on independence. This letter from Deloitte & Touche LLP confirms that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws and the requirements of the Independence Standards Board. The Audit Committee has advised Company management that it has determined that the services rendered by Deloitte & Touche LLP during fiscal year 2006 are compatible with maintaining their independence as the Company's auditors.

The Audit Committee reviewed and discussed with management the audited financial statements for the year ended June 30, 2006. In reliance on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2006 for filing with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, composed of Messrs. Kreider (Chairman), Meyer, O'Gara and Serrienne, is responsible for nominating persons for election as directors at each annual shareholders' meeting and to fill any Board vacancies that may arise between meetings. The Nominating and Corporate Governance Committee will consider nominees recommended by security holders in written correspondence directed to the Secretary of the Company. The Committee takes into account, among other factors which it may deem appropriate, the judgments, skill, diversity, business experience, and the needs of the Board as its function relates to the business of the Company. The Nominating and Corporate Governance Committee met once during fiscal year 2006 to nominate the slate of directors for the 2005 Annual Shareholders' Meeting. The Nominating and Governance Committee did not seek the recommendation of any of the director candidates named in this proxy statement, nor did it receive a recommendation from any shareholder, non-management director, executive officer or third-party search firm in connection with its own approval of such candidates. The Company has not paid any fee to a third party to assist it in identifying or evaluating nominees. A copy of the Committee's Charter is available on LSI's website.

The Compensation Committee

The Compensation Committee, composed of Messrs. Meyer (Chairman), Kreider, O Gara, and Serriane, is responsible for establishing compensation levels for management and for administering the Company's Equity Compensation Plan and Non-Qualified Deferred Compensation Plan. The Compensation Committee met four times during fiscal 2006.

Report of the Compensation Committee

The Compensation Committee annually establishes salaries, bonuses and stock option or stock grant awards for executive officers and key management personnel. The Committee reviews the performance of the Company's executive officers in connection with the Company's overall performance. The Committee desires to establish executive compensation that enhances the Company's overall fundamental objective of providing long-term value for its shareholders and

-14-

employees. In addition, major emphasis is being placed on retaining current management and incentivizing key managers to align their interests to make them consistent with the Company's growth. The Committee believes that the interests of management and shareholders can be more closely aligned by providing executives with competitive levels of compensation that will enable LSI Industries to attract and retain key executives by rewarding exceptional individual performance, and by tying executive pay to overall corporate performance.

The Committee uses base salaries, incentive and deferred compensation arrangements, automobile allowances, life and disability insurance programs, and stock options designed to tie a portion of the executive's compensation to the stock market performance of the Company's Common Shares when establishing executive and managerial compensation programs.

While Mr. Robert J. Ready's 2006 base salary and bonus were determined based on the Compensation Committee's recommendation, the 2006 salaries and bonuses for the other named executive officers were based upon recommendations from management, some of which were subsequently modified by the Committee.

Base Compensation

The Committee generally reviews the base salaries of the Company's executive officers and each executive's level of responsibility and potential, as well as salary levels offered by competitors and the overall competition in the existing marketplace. Each executive's particular division of the Company is reviewed, and its contribution to the overall results of the Company assessed. The Committee generally uses this information to determine the executive's base compensation level. The Committee determined that salary adjustments in line with those relative to the Company's industry peers were appropriate for the Company's executive officers, key management and all salaried personnel in fiscal 2006.

The Committee generally applies a collective, subjective evaluation of the above factors to determine the annual base compensation level of its executive officers in light of the Company's performance and, in certain cases, the performance of its various divisions. The Committee did not utilize a particular objective formula as a means of establishing annual base compensation levels. Chief Executive Officer and President Robert J. Ready's salary is generally established on the same basis.

Incentive Compensation

Discretionary incentive compensation awards for performance during fiscal 2006 were made to employees of certain operating divisions based upon the achievement of specific goals set forth in the strategic Plan adopted for the 2006 fiscal year. This discretionary Incentive Compensation Plan, which is approved annually by the Committee, provides that employees' bonuses are based upon certain combinations of overall corporate results, business segment results, divisional results, as well as discretionary factors such as attitude, and individual performance. Bonuses for corporate officers, including Robert J. Ready, are based entirely on overall corporate results, as well as discretionary factors such as attitude and individual performance.

-15-

Stock Option Grants and Equity Compensation

The shareholders of LSI Industries established an Equity Compensation Plan to provide a method of attracting, retaining and providing appropriate incentives to key employees. The Committee is responsible for the administration of this Plan, both with respect to executive officers and all other employees. To that end, the Committee determines which employees receive options, the time of grant and the number of shares

Edgar Filing: LSI INDUSTRIES INC - Form DEF 14A

subject to the option. All option prices are set at 100% of the last closing price for the Company's common shares on the date of grant. The Committee bases its individual option awards upon the past contributions of the particular employee as well as the capability of the employee to impact positively the Company's future success and profitability. There were no stock options granted to executive officers in fiscal year 2006, other than to Fred D. Jalbout at the time of the acquisition of SACO Technologies. The Committee can also award shares, restricted stock, stock appreciation rights, and other equity awards to executive officers and all other employees. Nominal equity compensation awards were made in fiscal year 2006 to employees who had achieved twenty years of service with the Company.

The Committee's Conclusion

Based on this review, the Committee finds the Company's Chief Executive Officer's total compensation to be reasonable.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Gary P. Kreider, who is a member of the Compensation Committee, is designated as a senior partner of Keating Muething & Klekamp PLL, Cincinnati, Ohio, a law firm that provided legal services to the Company in fiscal year 2006, but he has no vote or interest in the firm's earnings.

CERTAIN TRANSACTIONS

J. Scott Sferra, age 42, is Vice President Manufacturing of the Cincinnati Operations of LSI Industries and is the son of James P. Sferra, Director, Secretary and Executive Vice President Manufacturing of LSI Industries. In fiscal year 2006, J. Scott Sferra's total compensation was \$119,513.

During fiscal 2006, the Company paid approximately \$700,000 to American Engineering and Metal Working, a company owned and operated by Kurt McCauley, David McCauley's son, for fabricated metal products. The Company believes that the rates charged by American Engineering for these products are comparable to those that the Company would have paid if it had purchased such products from other suppliers in transactions negotiated at arms length.
