ACQUISITION FACT SHEET

Allergan, Inc. and Inamed Corporation: A Powerful Strategic Rationale Acquisition combines two global specialty companies to create a world leading medical aesthetics franchise with a complementary portfolio of premier brands that meet the highest standards of quality, safety and effectiveness.

Combined company would offer broad portfolio of medical aesthetic products to customers and patients and provide significant growth and cross-selling/cross-marketing opportunities to dermatologists, plastic surgeons and other medical aesthetic specialists.

Proposition is expected to accelerate Allergan s sales growth, and to generate significant and achievable revenue and cost synergies; neutral to Allergan s Cash EPS in 2006 and accretive to Allergan s Cash EPS in 2007 and beyond.

The acquisition also will facilitate upper teens earnings growth after incremental pharmaceutical R&D investment, demonstrating Allergan s unwavering commitment to its core specialty pharmaceutical platforms.

Offer values Inamed at approximately \$3.2 billion, a premium of approximately \$450 million over the current value of Medicis s offer.

This significant expansion of Allergan s existing medical aesthetics franchise will diversify its revenues and distinguish Allergan as a premier specialty pharma company by adding another leadership position in its high-growth portfolio of ophthalmology, medical dermatology, medical aesthetics and neurosciences specialty businesses.
