PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

QUESTIONS AND ANSWERS ABOUT THE MEETING AND THE PROPOSALS

Q: *When and where is the annual meeting?*

A: Safeguard's annual meeting is being held on Wednesday, May 25, 2005 at 10:00 a.m. at The Desmond Great Valley Hotel and Conference Center, One Liberty Boulevard, Malvern, PA 19355.

Q: *Do I need a ticket or proof of Safeguard ownership to attend the annual meeting?*

A: You will not need a ticket to attend the annual meeting. **However, only persons with evidence of stock ownership, or who are guests of Safeguard, may attend and be admitted to the annual meeting.** Photo identification, such as a valid driver's license or passport, will be required. If your shares are registered in the name of a broker, trust, bank or other nominee, you will need to bring a proxy or a letter from that broker, trust, bank or other nominee, or your most recent brokerage account statement, that confirms that you are the beneficial owner of Safeguard shares. **Individuals who do not have proof that they own Safeguard shares will not be admitted to the meeting.**

Q: *Why am I receiving these materials?*

A: You are receiving Safeguard's annual report, notice of annual meeting, proxy statement and a proxy card or voting instruction form because you owned shares of Safeguard stock on April 5, 2005, the record date for determining the shareholders entitled to vote at the annual meeting. This proxy statement contains detailed information relating to the proposals on which we would like you, as a shareholder, to vote. The proxy card or voting instruction form is used for voting.

Q: *How many shares must be present to hold the meeting?*

A: To hold the meeting, a quorum must be present. A quorum is a majority of the outstanding shares, which may be represented at the meeting either in person or by proxy. Proxies received but marked as abstentions or containing broker non-votes on a particular matter will be included in the calculation of the number of shares entitled to vote for the purpose of determining the presence of a quorum.

Q: *What am I voting on?*

A: You are being asked to vote on:

1. the election of nine directors who have been nominated to serve on Safeguard's Board of Directors (Board);
and

2. the ratification of the appointment of KPMG LLP as Safeguard's independent registered public accounting firm for the 2005 fiscal year.

We also will consider other business that properly comes before the annual meeting.

Table of Contents

Q: *How does Safeguard's Board of Directors recommend I vote?*

A: Safeguard's Board recommends a vote **FOR** each Board nominee and **FOR** ratification of the appointment of KPMG LLP as Safeguard's independent registered public accounting firm. Our Board also requests discretionary authority to cumulate votes and to vote on any other matter that may properly arise at the meeting.

Q: *How many votes do I have?*

A: Each share of Safeguard common stock outstanding on the record date is entitled to vote on all items being voted upon at the annual meeting. On the record date, we had 119,890,738 shares issued and outstanding.

Every shareholder may cast one vote for each share owned on the record date, including shares held directly in your name as the **shareholder of record** and shares held for you as the **beneficial owner** through a broker, trustee, or other nominee, such as a bank. In the election of directors, shareholders may elect to cumulate their votes as described below under ***What does cumulative voting mean?***

Q: *What does cumulative voting mean?*

A: Cumulative voting applies only in the election of directors. It means that you may cast a number of votes equal to the number of Safeguard shares you own multiplied by the number of directors to be elected. For example, since nine directors are standing for election at the annual meeting, if you hold 100 shares of Safeguard stock, you may cast 900 votes (nine times 100) in the election of directors. You may distribute those votes among as few or as many of the nine nominees as you wish. In other words, in the example provided, you may cast all 900 votes **FOR** one nominee or allocate your 900 votes among two or more nominees, as long as the total equals 900 votes.

If you received a proxy card and wish to vote cumulatively, you must:

write the words *cumulate for* in the space provided under item 1 of the proxy card; and

write the name of each nominee and the number of votes to be cast for each nominee in that space.

If you vote cumulatively, please check to be sure that the votes you cast add up to the number of shares you own multiplied by nine. If the number of votes does not add up correctly, your votes will not be counted until a properly completed proxy card has been received.

The cumulative voting feature for the election of directors also is available by voting in person at the annual meeting; however, it is not available by telephone or the Internet. If you are the **beneficial owner** of shares held in street name and wish to vote cumulatively, you will need to contact your broker, bank or other nominee holder of your shares.

Q: *What is the difference between holding shares as a shareholder of record and as a beneficial owner ?*

A: Most of Safeguard's shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with Safeguard's transfer agent, Mellon Investor Services LLC, you are considered the **shareholder of record** with respect to those shares, and these proxy materials are being sent to you directly by Safeguard. As a **shareholder of record**, you have the right to grant your voting proxy directly to Safeguard or to vote in person at the meeting. If you are a **shareholder of record**, Safeguard has enclosed a proxy card for your use in voting your shares.

Table of Contents

Beneficial Owner

If your shares are held in street name (such as in a brokerage account or by another nominee, such as a bank or trust company), you are considered the **beneficial owner** of the shares, and these proxy materials, together with a voting instruction form, are being forwarded to you by your broker or other nominee. As the **beneficial owner**, you have the right to direct your broker or other nominee how to vote your shares. You also are invited to attend the annual meeting. To vote your shares at the meeting, you will need a legal proxy from your broker or other nominee authorizing you to vote at the meeting.

Q: *How do I vote my shares?*

A: If you are a **shareholder of record**, there are three ways for you to vote by proxy:

1. sign and date each proxy card you receive, mark the boxes indicating how you wish to vote, and return the proxy card in the prepaid envelope provided;
2. Call 1-866-540-5760 and follow the instructions; or
3. Log on to the Internet at <http://www.proxyvoting.com/sfe> and follow the instructions at that site.

Telephone and Internet voting will close at 11:59 p.m. Eastern time the date prior to the annual meeting date.

If you sign your proxy card but do not mark any boxes showing how you wish to vote, the proxies designated by our Board, Christopher J. Davis and Steven J. Feder, will vote your shares and cumulate your votes as recommended by our Board and, in their discretion, will vote on any other matters which may properly arise at the meeting

If you are the **beneficial owner** of shares held in street name, you will receive a voting instruction form directly from your broker, bank or other nominee describing how to vote your shares. This form will, in most cases, offer you three ways to vote:

1. by telephone;
2. via the Internet; or
3. by completing, signing and returning the voting instruction form in the accompanying prepaid envelope.

Whether you are a shareholder of record or the beneficial owner of the shares, you will need to have your proxy card or voting instruction form in hand when you call or log on to the Internet. Remember, if you vote by telephone or via the Internet, do not return your proxy card or voting instruction form.

Q: *What do I do if I change my mind after I vote my shares?*

A: If you are a **shareholder of record**, you may change your vote at any time prior to the vote at the annual meeting by:

1. sending written notice to our Secretary (which must be received at our corporate headquarters on or before the business day prior to the annual meeting) stating that you would like to revoke (that is, cancel) your proxy;
2. re-voting by telephone or via the Internet (only your latest vote will be counted);
3. submitting another proxy card with a later date (again, only your latest vote will be counted); or
4. voting in person at the annual meeting.

Table of Contents

If you are the **beneficial owner** of shares held in street name, you may submit new voting instructions by following the instructions provided by your broker, bank or other nominee. You also may vote in person at the annual meeting if you obtain a legal proxy from your broker or other nominee authorizing you to vote at the meeting.

Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically request so. If you are a **shareholder of record** and wish to vote at the meeting, you may do so by presenting your completed proxy card or ballot to the judge of election. If you are a **beneficial owner** of shares held in street name and wish to vote at the meeting, you must present the legal proxy from your broker or other nominee to the judge of election along with your ballot.

Q: *What is the required vote for a proposal to pass?*

A: In the election of directors, the nine nominees who receive the highest number of **FOR** votes at the annual meeting will be elected as directors. A properly executed proxy that withholds authority to vote with respect to the election of one or more directors will not be voted with respect to the director or directors indicated and will not be taken into account in determining the outcome of the election; however, it will be counted for purposes of determining whether there is a quorum.

The proposal to ratify the appointment of our independent registered public accounting firm requires the affirmative **FOR** vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal.

Broker non-votes (which are explained in the next question) and abstentions are not counted in the tally of votes **FOR** or **AGAINST** a proposal and, therefore, have no effect on the proposal, assuming a quorum is present.

Q: *Will my shares be voted if I do not sign and return my proxy card or voting instruction form?*

A: They could be. If you are a **shareholder of record** and do not provide a proxy, your shares will not be voted unless you attend the meeting and vote your shares. If you are a **beneficial owner** of shares held in street name and do not provide your broker with voting instructions, your broker or other nominee may either use its discretion to vote your shares on routine matters (such as the election of directors or the ratification of our independent registered public accounting firm) or leave your shares unvoted. However, for matters deemed non-routine by the New York Stock Exchange, your broker or other nominee would not be able to vote without your instructions, in which case your shares would be considered broker non-votes on that particular matter.

Q: *Who will count the votes?*

A: A representative of Mellon Investor Services LLC, our registrar and transfer agent, will count the votes and act as the judge of election.

Q: *What does it mean if I get more than one proxy card or voting instruction form?*

A: It may mean that you have multiple accounts at the transfer agent or hold your shares in more than one brokerage account. **Please provide voting instructions for all proxy cards and voting instruction forms that you receive.** If you are a **shareholder of record**, we encourage you to contact our transfer agent to obtain information about how to combine your accounts. You may contact our transfer agent at the following address and telephone numbers:

If you are a **shareholder of record**, you also can find information on transferring shares and other useful shareholder information on our transfer agent's web site at <http://www.melloninvestor.com>.

Q: *What is householding and how does it affect me?*

A: If you and other residents at your mailing address are the **beneficial owner** of shares held in street name, your broker, bank or other nominee may have notified you that your household will receive only one annual report and proxy statement for each company in which you hold stock through that broker, bank or other nominee. This practice is commonly referred to as householding and potentially provides extra convenience for shareholders and cost savings for companies. Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Therefore, your broker or other nominee will send only one copy of our annual report and proxy statement to your address; however, each shareholder in your household will continue to receive a separate voting instruction form.

If you are the **beneficial owner** of shares held in street name and you would like to receive your own set of our annual report and proxy statement in the future, or if you share an address with another Safeguard shareholder and together both of you would like to receive only a single set of Safeguard annual documents, please contact ADP Investor Communication Services by telephone at 800-542-1061. Be sure to provide ADP Investor Communication Services with your name, the name of your brokerage firm, bank or other nominee, and your account number. These changes should be effective 30 days following receipt of your instructions.

If you did not receive an individual copy of this year's annual report or proxy statement, we will send a copy to you if you send a written request to Safeguard Scientifics, Inc., Attention: Investor Relations, 800 The Safeguard Building, 435 Devon Park Drive, Wayne, PA 19087-1945 or call 1-888-733-1200.

Q: *Can a shareholder nominate someone to be a director of Safeguard?*

A: The policy of the Corporate Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board in substantially the same manner as it considers other Board candidates it identifies. Criteria to be considered include, among other things, a candidate's qualification as independent under the various standards applicable to the Board and each of its committees, depth and breadth of experience within Safeguard's industry and otherwise, outside time commitments, special areas of expertise, accounting and finance knowledge, business judgment, leadership ability, and experience in developing and assessing business strategies.

Any shareholder nomination must include the following: the nominee's name, a comprehensive biography of the director nominee, an explanation of why the nominee is qualified to serve as a director and whatever other supporting material the shareholder considers appropriate; the name, address and telephone number of the shareholder or group of shareholders making the recommendation, proof of Safeguard stock ownership, number of shares and length of time the shares of Safeguard's voting securities have been beneficially owned by the stockholder or group of stockholders, and a representation that the stockholder or group of stockholders is entitled to and will remain entitled to vote at Safeguard's next annual meeting; and a letter from the individual being recommended certifying his or her willingness to serve, if elected, as a director. Recommendations, which must be received not later than 120 days prior to the first anniversary of the date on which notice of the prior year's annual meeting was first mailed to shareholders, should be directed to:

Q: *How may I communicate with Safeguard's Board or with non-management directors on Safeguard's Board?*

A: Safeguard's Audit Committee has established procedures for confidential, anonymous submission of complaints by employees and for receipt, retention and treatment of complaints, from whatever source, received by Safeguard, regarding accounting, internal accounting controls or auditing matters. Any person who desires to contact the Audit Committee may do so by addressing correspondence to:

Audit Committee Chair
c/o Secretary
Safeguard Scientifics, Inc.
800 The Safeguard Building
435 Devon Park Drive
Wayne, PA 19087-1945

All such communications are sent to the Chair of the Audit Committee, and after consultation with the Chair of the Audit Committee, may be sent to the other members of the Audit Committee.

All other communications directed to the Board or any specified director(s) should be addressed in care of Safeguard's Secretary at the address noted above. All communications are initially reviewed by our Secretary. The Chair of the Audit Committee is advised promptly of any communication that alleges misconduct on the part of Safeguard's management or raises legal, ethical or compliance concerns about Safeguard's policies or practices.

On a regular basis, the Chair of the Audit Committee receives updates on other communications received from shareholders that raise issues related to the affairs of Safeguard but which do not fall into the two prior categories. The Chair of the Audit Committee determines which of these communications he would like to see. Our Secretary maintains a log of all such communications which are available for review upon request of any member of the Board. Typically, we do not forward to our independent directors communications from our shareholders or other communications which are of a personal nature or not related to the duties and responsibilities of the Board, including, without limitation, business plan or other business opportunity submissions, inquiries related to products or services provided by Safeguard's companies, spam, junk mail and mass mailings, resumes and other forms of job inquiries, surveys or polls, business solicitations or advertisements, and any material that relates to improper or irrelevant topics or is unduly hostile, threatening, illegal or similarly unsuitable.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We have long believed that good corporate governance is important to ensure that Safeguard is managed for the long-term benefit of our shareholders and to maintain Safeguard's integrity in the marketplace. Safeguard's Statement on Corporate Governance (attached as Appendix A), Code of Conduct and the charters for each of the Board's standing committees (attached as Appendices B, C and D) are available through the Corporate Governance link on Safeguard's website at <http://www.safeguard.com/investors/> and, upon a shareholder's written request directed to our Secretary, in print. The Code of Conduct is applicable to all employees of Safeguard, including each of Safeguard's executive and financial officers, and the members of our Board. Safeguard intends to post amendments to or waivers from our Code of Conduct (to the extent applicable to Safeguard's directors or executive officers) in the Corporate Governance section of our website.

Board Independence. The Board has determined that each of the current directors standing for re-election, except Messrs. Craig, Keith and Messman, has no material relationship with Safeguard (either directly or through Safeguard's relationship with an organization of which the director is a partner, shareholder or officer) and is independent within the meaning of Safeguard's director independence standards, which reflect the New York Stock Exchange (NYSE) director independence standards as currently in effect. The attached Statement on Corporate Governance addresses the director independence standards.

Board Compensation. Directors employed by Safeguard receive no additional compensation for serving on the Board or its committees. Mr. Craig is the only employee of Safeguard who is a member of the Board.

During 2004, non-employee directors received the following compensation:

\$35,000 annual retainer, or \$85,000 in the case of the chairman of the Board;

\$5,000 annual retainer for chairing a committee;

\$2,000 for each Board meeting attended;

\$1,500 for each committee meeting attended;

reimbursement of out-of-pocket expenses.

For 2005, the chairman of the Board will receive an annual retainer of \$50,000. Safeguard does not provide retirement benefits to directors.

Safeguard also maintains a Group Deferred Stock Unit Program for Directors (Directors' DSU Program) which allows each director, at his or her election, to receive deferred stock units in lieu of cash retainer fees, Board meeting fees, Committee chair retainer fees, and Committee meeting fees paid to directors (Directors' Fees). The deferral election applies to Directors' Fees to be received for the following calendar year and remains in effect for each subsequent year unless the director elects otherwise at the end of the calendar year preceding the year in which the services are rendered. The number of deferred stock units awarded is determined by dividing the Directors' Fees by the fair market value of Safeguard's stock on the date on which the director would have otherwise received the Directors' Fees. Each director also receives a number of matching share units, based on the same fair market value calculation, equal to 25% of the Directors' Fees deferred. A director is always 100% vested in Directors' Fees deferred; the matching share units vest 100% on the first anniversary of the date the matching share units are credited to the director's account. Each deferred stock unit entitles the director to receive one share of Safeguard common stock on or about the first anniversary of the date upon which the director leaves the Safeguard Board. A director also may elect to receive the stock in annual installments over a period of up to 5 years after leaving the Board. Messrs. Keith, Messman and

Roberts elected to defer payment of Directors Fees earned during 2004 in the amount of \$55,500, \$31,000 and \$17,500, respectively, and received matching share units with an aggregate value of \$13,876, \$7,750 and \$4,374, respectively.

Table of Contents

Each director who is not an employee of Safeguard receives an initial option grant to purchase 50,000 shares of Safeguard common stock upon initial election to the Board. Each of these directors also receives an annual service option grant to purchase 15,000 shares. Directors' options generally have an eight-year term. Initial option grants generally vest 25% each year starting on the first anniversary of the grant date. Annual service option grants generally vest 100% on the first anniversary of the grant date. The exercise price is equal to the fair market value of a share of our common stock on the grant date. In December 2004, each non-employee director received the annual service option grant to purchase 15,000 shares. These options have a per share exercise price of \$2.125, an eight-year term, and vest 100% on the first anniversary of the grant date.

Board Structure and Committee Composition. As of the date of this proxy statement, Safeguard's Board has nine members and four standing committees. The Board held 12 meetings in 2004, two of which were joint meetings with the Corporate Governance Committee and one of which was a joint meeting with the special transactions committee that was established to evaluate Safeguard's strategy and strategic relationship with CompuCom Systems, Inc. Each incumbent director attended at least 75% of the total number of meetings of the Board and committees of which he or she was a member, with the exception of Mr. Ripp who attended 74% of the total number of meetings. Directors are invited, but not required, to attend annual meetings of Safeguard shareholders. Five directors attended the 2004 annual meeting of shareholders. In addition, under Safeguard's Statement on Corporate Governance and in accordance with NYSE listing standards, non-employee directors have an opportunity to meet in executive session at each regularly scheduled Board meeting, outside of the presence of any management directors and any other members of Safeguard's management who may otherwise be present, and during at least one session per year, only independent directors may be present. The chair of the Corporate Governance Committee presides at these sessions. The table below describes the membership of each of the standing committees during 2004 and the number of meetings held by each of these committees during 2004.

RATIFICATION OF APPOINTMENT OF KPMG LLP
Item 2 on Proxy Card

The Audit Committee, composed entirely of independent, non-employee members of the Board, approved the reappointment of KPMG LLP ("KPMG") as Safeguard's independent registered public accounting firm for the fiscal year ending December 31, 2005 and the Board has recommended that our shareholders ratify the appointment. If the shareholders do not ratify the appointment, the Audit Committee may reconsider its recommendation and may retain KPMG or another accounting firm without resubmitting the matter to shareholders. Even if the shareholders ratify the appointment of KPMG, the Audit Committee may select another firm if it determines such selection to be in the best interest of Safeguard and its shareholders.

Services provided to Safeguard and its subsidiaries by KPMG in fiscal 2004 and fiscal 2003 are described below under "Independent Registered Public Accounting Firm Audit Fees." Representatives of KPMG are expected to attend the annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board recommends a vote FOR ratification of the appointment of KPMG as Safeguard's independent registered public accounting firm. Ratification requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote on the proposal.

Independent Registered Public Accounting Firm Audit Fees

The following table presents fees for professional services rendered by KPMG for the audit of Safeguard's consolidated financial statements for fiscal 2004 and fiscal 2003 and fees billed for audit-related services, tax services and all other services rendered by KPMG for fiscal 2004 and fiscal 2003. This table also includes fees billed to Safeguard's consolidated subsidiaries for services rendered by KPMG.

	2004	2003
Audit Fees (1)	\$ 2,272,303	\$ 1,243,625
Audit-Related Fees (2)	93,990	125,595

Audit fees for 2004 also included fees for professional services rendered for the audits of management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting.

The Audit Committee pre-approves each service to be performed by KPMG at its regularly scheduled meetings. However, for any service that may require pre-approval between regularly scheduled meetings, the Audit Committee has delegated to the Chair of the Audit Committee the authority to pre-approve services not prohibited by law to be performed by Safeguard's independent registered public accounting firm and associated fees up to a maximum for any one non-audit service of \$100,000, provided that the Chair shall report any decisions to pre-approve such services and fees to the Audit Committee at its next regularly scheduled meeting.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its responsibilities for general oversight of the accuracy of Safeguard's financial statements, Safeguard's compliance with legal and regulatory requirements, the adequacy and efficiency of Safeguard's internal controls and procedures, the performance of Safeguard's internal audit function, and the performance, qualifications and independence of Safeguard's independent registered public accounting firm. The Audit Committee has the sole authority to retain, set compensation and retention terms for, terminate and oversee the relationship with Safeguard's independent registered public accounting firm (which reports directly to the Audit Committee). The Audit Committee has the authority to obtain advice, counsel and assistance from internal and external legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties and to receive appropriate funding from Safeguard for such advice and assistance.

The responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which is reviewed annually by the Committee. A copy of the Audit Committee Charter is attached as Appendix B to this proxy statement and also is available through the Corporate Governance link on Safeguard's website at <http://www.safeguard.com/investors/>. As required by its charter, during 2004 the Audit Committee completed a self-evaluation of its performance and delivered a report to the Board of the results of that evaluation.

Safeguard's management has primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of Safeguard's consolidated financial statements in accordance with generally accepted accounting principles. Safeguard's independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to the conformity of Safeguard's audited financial statements with accounting principles generally accepted in the United States.

During 2004, management completed the documentation, testing and evaluation of Safeguard's system of internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management, KPMG and the firm responsible for Safeguard's internal audit function. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of Safeguard's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in Safeguard's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 filed with the SEC, as well as KPMG's Reports of Independent Registered Public Accounting Firm (included in Safeguard's Annual Report on Form 10-K). These reports related to the audit of the consolidated financial statements, management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee Safeguard's efforts related to its internal control over financial reporting and management's preparations for the evaluation in 2005.

Throughout the year, the Audit Committee regularly meets with management of Safeguard, Safeguard's independent registered public accounting firm, and the firm responsible for Safeguard's internal audit function. The Audit Committee often meets with these groups in closed sessions. In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed Safeguard's audited financial statements for fiscal 2004 and has met and held discussions with management and KPMG regarding the audited financial statements.
2. The Audit Committee has discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Table of Contents

3. The Audit Committee has received the written disclosures and letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with KPMG their independence.
4. Based on the review and discussion referred to in paragraphs 1 through 3 above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in Safeguard's Annual Report on Form 10-K for fiscal year 2004 for filing with the SEC.

Members of the Audit Committee:

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total return on \$100 invested in our common stock for the period from December 31, 1999 through December 31, 2004 with the cumulative total return on \$100 invested for the same period in the Russell 2000 Index, the Dow Jones Wilshire 4500 Index, and the peer group used in last year's proxy statement. Following the sale of our interest in CompuCom Systems, Inc. in the fourth quarter of 2004, we concluded that the peer group used in last year's proxy statement is no longer representative of Safeguard's business. In light of the diverse nature of Safeguard's business and based on our assessment of available published industry or line-of-business indices, we determined that no single industry or line-of-business index would provide a meaningful comparison to Safeguard. Further, we did not believe that we could readily identify an appropriate group of industry peer companies for this comparison. Accordingly, pursuant to SEC rules, we selected the Dow Jones Wilshire 4500 Index, a published market index in which the median market capitalization of the included companies is similar to our own. Safeguard's common stock currently is included as a component of both the Russell 2000 and Dow Jones Wilshire 4500 indices.

Comparison of Cumulative Total Returns

The former peer group consists of SIC Code 737 Computer Programming & Data Processing Services and SIC Code 5045 Computer, Peripheral Equipment and Software Wholesalers, with a 50% weighting for each SIC Code.

Assumes reinvestment of dividends. We have not distributed cash dividends during this period.

Assumes an investment of \$100 on December 31, 1999.

**REPORT OF THE COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation Committee is responsible for setting compensation for Safeguard's chief executive officer and other executive officers. The Compensation Committee also administers the long- and short-term compensation and performance-based incentive plans (which are cash and equity based), employment agreements, perquisites and other employee benefit plans. The Compensation Committee also evaluates and recommends to the Corporate Governance Committee the compensation for all non-employee directors of Safeguard for service on the Board and its committees. The specific duties and responsibilities of the Compensation Committee are set forth in its charter, which is attached to this proxy statement as Appendix D and also is available through the Corporate Governance link on Safeguard's website at <http://www.safeguard.com/investors/>.

Compensation Philosophy

Safeguard's mission is to create long-term value for our shareholders by:

taking controlling interests in and developing companies in the time-to-volume stage of development that pursue business activities in the information technology and life sciences industries;

investing capital, management and operational expertise to achieve superior revenue, cash-flow and value growth of our companies;

providing to our companies leadership and counsel, capital support and financial expertise, strategic guidance and operating discipline, access to best practices and industry knowledge; and

when circumstances warrant, selling all or a portion of our interest in a company and redeploying the capital realized to other acquisition and development opportunities.

Our primary objectives are to leverage our resources to create superior growth opportunities and long-term value for Safeguard and its shareholders; pursue additional market penetration, revenue growth, cash-flow improvement and long-term value growth of our companies; acquire interests in new companies in the time-to-volume stage of development that pursue business activities within our industry focus; and continue to assess our companies for their growth opportunities.

Our compensation philosophy is to align the compensation of senior management and other employees with our mission and the long-term interests of our shareholders. This philosophy helps us to:

attract and retain outstanding employees who can thrive in a competitive environment of continuous change and whose experience and skills can be leveraged across Safeguard's companies;

motivate and reward employees to contribute to the success of our business; and

align employees with shareholder interests through the use of equity incentives.

In determining compensation for executive officers, the Compensation Committee believes that a significant portion of each officer's total compensation should be at-risk and linked closely with Safeguard's achievement of strategic and operating objectives, as well as the individual performance of each executive officer.

The Compensation Committee recognized that Safeguard has undergone significant changes over the past several years, with 2004 representing the completion of the transformation of Safeguard's business strategy. With Safeguard's strategy in flux over the past several years, and in light of the changes in the executive officers as the leadership team

has been aligned to the business strategy, the Compensation Committee has maintained a generally consistent compensation philosophy and application of that philosophy to individual compensation decisions. As

Table of Contents

Safeguard moves forward, the Compensation Committee anticipates ongoing re-assessment of its compensation philosophy and Safeguard's compensation programs.

To accomplish this compensation philosophy, Safeguard has targeted base pay levels generally at or near the 50th percentile for executives having comparable duties and responsibilities at similar companies. Incentive compensation, including both annual cash incentives and long-term incentives, has been targeted to fall at or near the 75th percentile of these same companies assuming achievement of Safeguard's strategic and operating objectives. This approach enables us to attract and retain executives with the skills necessary to operate in Safeguard's complex and dynamic environment and to accomplish Safeguard's strategic objectives.

We recognize that Safeguard's business strategy, industry focus and diverse array of companies make comparisons to other companies difficult. The companies utilized in establishing the benchmark comparisons for 2004 included a mix of technology companies (both early stage and later stage), technology incubator companies, capital providers and private equity funds. During 2004, Safeguard's business changed dramatically, including the sale of our interest in CompuCom Systems, Inc., which had represented the largest component of our consolidated revenues. Based on the inherent challenge in matching companies, job positions and skill sets, and in recognition of the historical nature of the benchmarking data (which typically represents the most recently completed fiscal year rather than compensation for the current or next year and, historically, has also been limited to actual compensation paid rather than the target opportunity), we have looked to this data for general guidance rather than rigid adherence to specific percentages. For the same reasons, as well as the fact that the comparison group includes non-public companies, we have not historically used the same group for the stock performance graph included in Safeguard's proxy statement. The Compensation Committee anticipates an ongoing re-assessment of the appropriateness of the companies to be used for benchmark comparison in 2005 and future years.

Compensation Structure

The compensation of our executives consists of:

base pay;

annual, variable, at-risk cash incentives;

equity grants in the form of stock options, restricted stock grants and/or deferred stock units; and

participation in other benefit programs.

Base Pay. Base pay is established initially on the basis of subjective factors, including experience, individual achievements, the level of responsibility assumed at Safeguard, and the level of skills and experience that can be leveraged for our companies. In reviewing the appropriate level of Safeguard's base pay for its executive officers, the Compensation Committee considers the benchmark comparisons, as described above, and advice on executive compensation from its independent compensation consultant.

Annual Cash Incentives. Annual cash incentives are intended to motivate executives to achieve and exceed annual financial and strategic objectives and individual performance objectives. The cash incentive amounts which can be earned are typically variable and 100% at-risk. We generally measure our success based on improvements in the operating performance and value of our public and private companies, the successful completion of liquidity events involving our companies, and achievement of specific milestone events in furtherance of our strategic objectives. Specific annual financial and strategic objectives have included:

achieving strategic goals established by the Board;

achieving revenue and EBITDA targets for our companies;

achieving parent company cost and capitalization objectives;

19

Table of Contents

achieving value growth objectives at Safeguard's companies;

developing, refining and implementing Safeguard's strategy and infrastructure; and

adding new companies consistent with our strategy and capital model.

The Compensation Committee has set target levels of executive cash incentives based on either a percentage of base salary or a fixed dollar amount and the executive's ability to impact Safeguard's performance. These target amounts are included in agreements entered into by Safeguard with each of our executive officers, and may be reviewed for increases each year by the Compensation Committee. The Compensation Committee also establishes annual individual performance objectives for the chief executive officer. With the assistance of the chief executive officer, the Compensation Committee establishes annual individual performance objectives for the other executive officers. At the end of the year, the Compensation Committee reviews the level of achievement of the financial and strategic objectives and the individual performance objectives of the chief executive officer and other executive officers. Annual cash incentives are paid based on a percentage of target amounts and may exceed target amounts when, in the judgment of the Compensation Committee, performance levels are deemed to be superior.

Stock Options, Restricted Stock Awards and Deferred Stock Units. Our executive compensation programs include a significant equity component, in the form of stock options, restricted stock awards and deferred stock units, to align the interests of executives and employees with the long-term interests of our shareholders and motivate executives and employees to remain in our employ. The Compensation Committee awards stock options, restricted stock and deferred stock units based on a number of factors, including:

the desire to align the executive's incentive compensation with the interests of Safeguard's shareholders;

the achievement of financial and strategic objectives;

an individual's contributions in providing strategic leadership and oversight for Safeguard and its companies;

the need to create retention incentives for key personnel;

the amount and term of unvested stock options, restricted stock awards and/or deferred stock units already held by each individual and the price of Safeguard's common stock at the time that grants are considered; and

the significance of other long-term incentive and retention arrangements provided to recipients.

Compensation of the Chief Executive Officer

During 2004, the Compensation Committee reviewed Mr. Craig's compensation. Based on its assessment of Mr. Craig's responsibilities as president and chief executive officer and his accomplishments on behalf of Safeguard, and a review of comparable company data (as described above), the Compensation Committee determined that Mr. Craig's base salary of \$600,000 continued to be competitive and, therefore, Mr. Craig did not receive a salary increase for fiscal 2005. For the same reasons, Mr. Craig's target annual cash incentive was not increased from \$720,000, representing 120% of his base salary.

Table of Contents

In 2004, the Compensation Committee changed the timing of some of the decisions regarding compensation. For example, rather than evaluating Safeguard's performance of strategic and operating objectives during the year, the assessment was made after completion of the full year. Accordingly, in February 2005, the Compensation Committee approved payment to Mr. Craig of an annual cash incentive for 2004. The award was made pursuant to the management incentive plan adopted by the Compensation Committee in April 2004, which established corporate and individual objectives for the payment of variable, at-risk cash incentives to Mr. Craig and other eligible executive officers based on 2004 performance and operating results. The objectives for 2004 included:

specified revenue and EBITDA objectives for our companies;

corporate expense plus interest expense objectives;

capital generation objectives from the sale of non-strategic assets;

completion of the sale of CompuCom Systems, Inc.; and

each participant's individually established objectives.

In addition to its review of the quantitative achievement of the corporate objectives under the 2004 plan, the Compensation Committee considered the leadership and efforts of Mr. Craig and the significant milestones achieved during 2004 in completing the transformation of our business strategy, including:

completion of the \$150 million convertible debt offering which extended the stated maturity of our long-term debt to 2024 and reduced interest expense by approximately \$3.5 million per year;

completion of the sale of CompuCom Systems, Inc., which provided approximately \$128 million of gross proceeds;

acquisition of Laureate Pharma;

continued development of our companies;

substantial reductions in corporate expenses;

establishment of a growing pipeline for potential acquisitions; and

expansion of our management team to supplement deal sourcing and execution, investor relations and legal support capabilities.

Based on its review, the Compensation Committee determined that management had substantially achieved their annual corporate performance objectives and that Mr. Craig had substantially achieved his individual objectives. The determination of the payment to Mr. Craig also was based on the results of the annual performance review of the chief executive officer undertaken by the Corporate Governance Committee of Safeguard's Board. Accordingly, the Compensation Committee approved the payment of a cash incentive for 2004 for Mr. Craig of \$622,800, which represented 86.5% of his target incentive of \$720,000.

In addition, during 2004, the Compensation Committee approved the grant to Mr. Craig of options to purchase 750,000 shares of our common stock pursuant to Safeguard's shareholder-approved option plans, and vesting 25% on the first anniversary of the grant date and monthly thereafter over a three-year period. The Compensation Committee believes that the principal purpose of Safeguard's long-term equity incentive programs is to attract, retain and motivate executives. Awards under the equity compensation plans encourage employees to contribute materially to Safeguard's growth, thereby benefiting shareholders, and help to align the economic interests of employees with those of our

shareholders. The grants are intended by the Compensation Committee to be competitive with comparison data and are adjusted based on the executive officer's accomplishments and future potential. Since the

Table of Contents

stock options were granted with an exercise price equal to the market price of our common stock on the date of grant, the options will have value only if the market price increases after that date.

In March 2005, Mr. Craig notified the Board of his intention to retire. Mr. Craig has agreed to remain in his role while the Board identifies and retains a successor chief executive officer. We have approved transition arrangements for Mr. Craig to reflect these changes, as described under the heading Executive Compensation Employment Contracts, Severance and Change-in-Control Arrangements, included elsewhere in this proxy statement.

Compensation of Other Executive Officers

Base pay of all executive officers is reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. During 2004, the Compensation Committee reviewed and approved increases in the base pay of certain executive officers in connection with promotions and annual performance reviews. In addition, the Compensation Committee set the base pay level for a newly hired executive officer. The Compensation Committee's determination of this base pay level was based, in part, on its assessment of comparison data, as described above, as well as the recommendations of the chief executive officer regarding the compensation for executive officers reporting to him.

As part of the Compensation Committee's review of executive compensation during 2004, the Compensation Committee reviewed annual target incentives for certain executive officers. As a result of this review, the target amounts for certain existing executive officers were modified in 2004. The Compensation Committee also set the target incentive level for a promoted executive officer and a newly-hired executive officer at levels below, as a percentage of base pay, other executive officers based on differences in their duties and level of responsibilities. As adjusted, the Compensation Committee believes that the total compensation of these executive officers is appropriate relative to the comparison data (as described above). In addition, the Compensation Committee determined to express the target incentives as specific dollar amounts rather than as a percentage of base pay. This change is expected to provide increased flexibility for the Compensation Committee to make changes in the future to either base pay or target incentives, individually, without a corresponding increase to the other component of compensation.

Certain executive officers entered into agreements with Safeguard, which provide for payments in the event of termination of employment without cause or following a change in control of Safeguard. Consistent with the Compensation Committee's overall compensation goals, these agreements provide for reduced payments and benefits relative to the agreements in place for existing executive officers. These agreements are described under the heading Executive Compensation Employment Contracts, Severance and Change-in-Control Arrangements, included elsewhere in this proxy statement.

The Compensation Committee also awarded long-term equity incentives to certain existing and new executive officers in the form of options to purchase shares of our common stock pursuant to Safeguard's shareholder-approved stock option plans, with an exercise price equal to the market price of our common stock on the grant date, and vesting 25% on the first anniversary of the grant date and monthly thereafter over a three-year period. The size of individual awards was generally intended to reflect the executive officer's duties and responsibilities within Safeguard, his performance and contributions during the year and an evaluation of the comparison data described above.

In February 2005, the Compensation Committee evaluated the annual performance of Safeguard and the individual performance of the other executive officers on a basis similar to that described above with respect to the chief executive officer and approved payment of annual cash incentives ranging from 86.5% to 90% of target amounts.

IRS Limits on Deductibility of Compensation

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code. Section 162(m) disallows a tax deduction for any publicly held corporation for certain executive compensation exceeding \$1,000,000 per person in any taxable year unless it is performance based within the meaning of Section 162(m). The portion of cash compensation paid to Mr. Craig for 2004 in excess of \$1,000,000 was not performance-based compensation within the meaning of Section 162(m) and, therefore, was not deductible by Safeguard. We believe that providing an appropriate level of cash compensation and maintaining flexibility in determining compensation may be more important than preserving this tax deduction. Therefore, the Compensation Committee does not currently plan to take any action to qualify any of the cash incentive compensation plans under Section 162(m).

Conclusion

Consistent with our compensation philosophy, we believe that attracting and retaining talented and motivated management and employees is essential to creating long-term shareholder value. Offering a competitive, performance-based compensation program with a significant equity component helps to achieve these objectives by aligning the interests of executive officers with those of our shareholders. The Compensation Committee has reviewed the compensation of the chief executive officer and the other executive officers for 2004, including base pay, annual cash incentives and long-term equity-based incentive compensation, and believes that Safeguard's fiscal 2004 compensation program met the objectives of our compensation philosophy.

The following table shows stock option grants during 2004 to the named executive officers. We have not granted any stock appreciation rights to the named executive officers.

Name	Number of Securities Underlying Option/SARs	Individual Grants		Exercise or Base Price (\$/Sh)(3)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(1)	
		Percent of Total Options/ SARs Granted to Employees	In Fiscal Year			5%	10%
Anthony L. Craig	750,000	28.4%		\$ 2.115	12/20/2012	\$ 757,364	\$ 1,814,018
Michael F. Cola	300,000	11.3%		\$ 2.125	12/15/2012	\$ 304,378	\$ 729,038
Christopher J. Davis	250,000	9.5%		\$ 2.125	12/15/2012	\$ 253,648	\$ 607,532

John A. Loftus	225,000	8.5%		\$ 2.125	12/15/2012	\$ 228,283	\$ 546,778

- (1) These values assume that the shares appreciate from the exercise price on the grant date at the compounded annual rate shown from the grant date until the end of the option term. These values are not estimates of future stock price growth of Safeguard. Executives will not benefit unless the Safeguard stock price increases above the option exercise price.
- (2) The options have an eight-year term and vest 25% on the first anniversary of the grant and in 36 equal monthly installments thereafter. Upon death, disability, change in control, termination of employment without cause, for good reason (as defined in individual agreements between each executive officer and Safeguard) or within 18 months of a change in control, or retirement on or after an individual's 65th birthday, the options will become fully vested on the date of the event. The option exercise price may be paid in cash, by delivery of previously acquired shares, subject to certain conditions, or same-day sales (that is, a cashless exercise through a broker). The Compensation Committee may modify the terms of outstanding options, including acceleration of the exercise date.
- (3) All options have an exercise price equal to the fair market value of the shares subject to each option on the grant date.

Upon joining Alliance in May 2004, Mr. Ibarguen was awarded an option to acquire approximately 2.5% of the shares of AHI common stock under its 2002 Equity Compensation Plan at an exercise price equal to the fair market value of the shares on the grant date. The option has an eight-year term and vests 25% on the first anniversary of the grant and in 36 equal monthly installments thereafter. In the event of a change in control of AHI, some or all of the options would vest earlier depending upon when such transaction occurs. As described in our Annual Report on Form 10-K, AHI is 98.9% owned by Safeguard. Safeguard's companies generally have used equity grants as part of their executive compensation programs.

(1) The value is calculated using the difference between the option exercise price and the year-end stock price of \$2.12 per share, multiplied by the number of shares subject to an option.

Employment Contracts, Severance and Change-in-Control Arrangements

Mr. Craig is a party to agreements with us which entitle him to a current annual base salary of \$600,000. In 2002, we paid \$333,151 of Mr. Craig's relocation costs and the related tax gross-up and afforded him the right to use an equity membership in a country club. The agreements provide that in the event Mr. Craig's employment is terminated without cause, he terminates his employment for good reason (as defined in his agreements), or his employment is terminated within 24 months following a change in control of Safeguard, we will pay Mr. Craig three times the sum of his annual base salary (of at least \$600,000) plus the greater of his bonus at his target bonus percentage or the average of his actual bonus received for the last three completed fiscal years; his outstanding stock options will fully vest and will remain exercisable until the third anniversary of his termination of employment; the Board, in its discretion, may accelerate the vesting of any restricted stock grants and deferred stock units held by Mr. Craig; we will reimburse Mr. Craig up to \$20,000 for outplacement services or office space; and we will provide Mr. Craig with up to 24 months' continued coverage under our medical, health and life insurance plans.

In March 2005, Mr. Craig notified the Board of his intention to retire. Safeguard has entered into a transition agreement with Mr. Craig which replaces his prior agreements. Pursuant to the transition agreement, Mr. Craig will remain president and chief executive officer at his current compensation level until the date the successor chief executive officer joins Safeguard. For a six-month transition period thereafter (which may be extended if requested by the new chief executive officer and approved by the Board), Mr. Craig will remain an employee of Safeguard to assist in the transition to the new chief executive officer and may remain a director for a transitional period thereafter. Safeguard has agreed to pay Mr. Craig \$75,000 per month for his services during the transition period, continue his health, life and similar benefits coverage, and provide him with other employee benefits made available to executive officers of Safeguard. Mr. Craig's stock options and deferred stock units will continue vesting during the transition period, during his service as a Board member and for six months thereafter, following which his stock options will remain exercisable for 24 months. Following the transition period, Mr. Craig will repay Safeguard \$75,000 in exchange for Safeguard's equity membership in the country club described above, and Safeguard will pay up to \$20,000 per year towards the premium cost of Mr. Craig's health insurance coverage up to age 65.

Messrs. Cola, Davis and Loftus and Steven J. Feder (who became senior vice president and general counsel in November 2004 and whose compensation during 2004 was less than the level required for inclusion in the Summary Compensation Table) have agreements with us that provide certain benefits upon involuntary termination of employment without cause, termination of employment for good reason (as defined in the agreements) or termination of employment within 18 months following a change in control of Safeguard. In such an event, the agreements will provide the executives with the following benefits: payment of a prorated bonus for the year of termination; payment of a multiple of the executive's base salary (plus annual target bonus in the case of Messrs. Cola and Davis); reimbursement of up to \$20,000 for outplacement services or office space; and continued coverage under our medical, health and life insurance plans for a designated period. For Messrs. Cola and Davis, the multiple is two

times the sum of base salary (of at least \$475,000 and \$375,000, respectively), plus an annual target bonus (of at least \$275,000 and \$325,000, respectively), and the number of months of continued coverage under our medical, health and life insurance plans is 24 months. For Mr. Feder, the multiple is one to 1.5 times base salary (of at least \$300,000) depending upon the timing and reasons for termination of employment. For Mr. Loftus, the multiple is 1.5 times base salary (of at least \$250,000). For Messrs. Feder and Loftus, the number of months of continued coverage under our medical, health and life insurance plans is 12 months. The agreements also provide that upon the termination of an executive's employment in connection with a change in control, the executive's stock options, restricted stock awards and deferred stock units will fully vest and the stock options will remain exercisable until the third anniversary of the termination of employment. If the termination of the executive's employment occurs other than in connection with a change in control, the executive's stock options will fully vest and remain exercisable until the third anniversary of the termination of employment, restricted stock grants made prior to October 2002 will vest, and the Board, in its discretion, may accelerate vesting of restricted stock grants or deferred stock units awarded after October 2002.

Safeguard's executive officers are eligible for the benefits made available to other Safeguard employees from time to time, including our health, dental and vision plans, short- and long-term disability coverage, term life insurance, accidental death and dismemberment coverage, business travel accident insurance, and our 401(k) plan and non-qualified deferred compensation plan. Executive officers also receive a \$10,000 annual car allowance, an \$8,000 non-accountable annual expense allowance, universal life insurance coverage ranging from \$750,000 to \$1,000,000, and up to \$5,000 reimbursement annually for medical, vision or dental expenses not covered under our other benefit plans.

During 2004, Mr. Ibarguen entered into an agreement with Alliance which provides for an annual base salary of \$450,000 and an annual performance-based bonus target of \$300,000 assuming 100% achievement of Alliance's corporate performance objectives and his individual performance objectives. The agreement also provides Mr. Ibarguen with certain benefits upon involuntary termination of employment without cause, termination of employment for good reason (as defined in his agreement) or termination of employment within 18 months following a change in control of Alliance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The SEC rules require that we disclose late filings of reports of stock ownership by our directors, executive officers and greater than 10% holders of our common stock. During 2004, there were no holders of greater than 10% of our common stock. Based solely on our review of the copies of reports we have received and upon written representations from the reporting persons that no Form 5 reports were required to be filed by those persons, Safeguard believes there were no late filings by our directors and executive officers during 2004.

**SAFEGUARD SCIENTIFICS, INC.
STATEMENT ON CORPORATE GOVERNANCE**

The business of Safeguard Scientifics, Inc. (the Company) is conducted by its employees, managers and officers, under the direction of the chief executive officer (the CEO) and the oversight of the Company's Board of Directors (the Board), to enhance the long-term economic value of the Company for its stockholders. The Board is elected by the stockholders to oversee management and to assure that the long-term interests of the stockholders are being served. The Board and management recognize that the long-term interests of stockholders are advanced by responsibly addressing the concerns of other stakeholders and interested parties including employees, recruits, customers, suppliers, communities, government officials and the public at large. The Board has adopted this Statement on Corporate Governance, as well as committee charters, to provide a framework for the functioning of the Board and Board committees.

I. Board Duties and Responsibilities

To accomplish its mission to maximize long-term stockholder value, the Board must:

1. ensure that the Company operates in a legal, ethical, and socially responsible manner;
2. select, evaluate, and offer substantive advice and counsel to the CEO and work with the CEO to develop effective measurement systems that facilitate an evaluation of the Company's degree of success in creating long-term economic value for its stockholders;
3. review, approve, and monitor fundamental financial and business strategies and major corporate actions;
4. oversee the Company's capital structure and financial policies and practices;
5. assess major risks facing the Company and review options for their mitigation; and
6. provide counsel and oversight on the selection, evaluation, development and compensation of executive officers and provide candid feedback on their successes and failures.

B. Corporate Governance

C. Committee Charters

The Board will review and, if it deems appropriate, approve changes to the Company's Audit, Compensation and Corporate Governance Committee charters, including such changes as have been recommended to the Board by such committees. The chairpersons of the various committees shall consult with the Corporate Governance Committee in coordinating the work assignments of the various committees.

D. Evaluation and Education

The Board shall oversee the Corporate Governance Committee's initiatives for the evaluation and education of the full Board, the committees of the Board and individual Board members. The Company has an educational program for new Board members that includes extensive materials

and meetings with key management. Additionally, all directors will periodically participate in continuing education programs designed to improve their ability to perform their duties.

E. Company Visitation

Non-employee directors are encouraged to visit the Company and its subsidiaries each year to familiarize himself/herself with the business of the Company and its subsidiaries. These visits should be pre-arranged with the CEO, and directors are requested to report to the full Board at the next Board meeting after any such visit their observations from such visits.

F. Assessing Board and Committee Performance

The Corporate Governance Committee will conduct an annual evaluation of the Board's performance and the performance of its individual members and assist each of the Board committees in a self-assessment of each committee's performance and the performance of individual members of each committee to determine whether the Board and its committees are functioning effectively.

G. Assessing CEO Performance

The Board believes that the CEO's performance should be evaluated annually and as a regular part of any decision with respect to CEO compensation. The Board has delegated to the Corporate Governance Committee the responsibility to conduct an annual performance evaluation of the CEO's performance and communicate its evaluation to the CEO. The Board has delegated to the Compensation Committee the responsibility to review, consider, suggest and approve compensatory plans and pay levels for the CEO. However, in performing its duties, the Compensation Committee will periodically consult with, and solicit the views of, the entire Board concerning the compensation of the CEO prior to approving compensation arrangements with the CEO. The Compensation Committee is responsible for setting annual and long-term performance goals for the CEO and for evaluating his or her performance against such goals. The following areas shall be reviewed at least annually by the appropriate committee and the independent members of the Board: (i) the creation of a Company vision and strategy; (ii) the execution of the vision and strategy; (iii) the development of sound long-term and annual business plans in support of the approved strategy; (iv) maintenance of consistent values and exemplary conduct; and (v) the development, retention and motivation of an effective executive management team and succession plans for the executive management team. The annual assessment of the performance of the CEO will be discussed with the CEO in a manner to be determined by the chairperson of the Corporate Governance Committee.

H. Succession Planning

The Board shall oversee the Corporate Governance Committee's initiatives for succession planning. To assist the Board, the CEO periodically provides the Corporate Governance Committee with an assessment of the executive officers and their potential to succeed him or her. The CEO also will provide the Corporate Governance Committee with an assessment of persons considered to be potential successors to other executive officer positions and a review of any development plans recommended for such potential successors. The results of these assessments will be reported to and discussed with the Board.

I. Business Conduct and Ethics

The Board believes that, in order to maintain the highest ethical, legal and socially responsible conduct, the Company should maintain appropriate codes of business conduct and ethics regarding, among other things:

(i) conflicts of interest; (ii) corporate opportunities; (iii) confidentiality; (iv) fair dealing; (v) protection and proper use of Company assets; (vi) compliance with laws, rules and regulations; and (vii) such other matters as the Board deems appropriate. Such codes also will collectively include standards of conduct applicable to designated persons, including the CEO and the senior financial officers, that are designed to promote:

(i) honest and

ethical conduct; (ii) full, fair, accurate, timely and understandable disclosure in the periodic reports, proxy statements and other Company filings with, and documents furnished to, the Securities and Exchange Commission; (iii) compliance with applicable governmental rules and regulations; (iv) the prompt internal reporting of violations of the codes; and (v) accountability for adherence to the codes. The Board has delegated the responsibility for establishing and overseeing these codes of business conduct and ethics to the Audit Committee and the Corporate Governance Committee.

II. Corporate Organization

A. Board of Directors

The Corporate Governance Committee is responsible for considering and making recommendations to the Board concerning the appropriate size of the Board. The Board shall periodically review its size to consider the size that is appropriate for its effective operation. In general, the Board believes that its appropriate size is eight to eleven members, recognizing that retirements, resignations and recruiting delays may result, periodically, in the Board consisting, for some transitional period, of a slightly greater or lesser number of directors than the Board may have targeted.

B. Management

After considering the recommendations of the CEO, the Board will appoint the members of the executive management of the Company.

III. Board of Directors Composition and Structure

A. Mix of Directors; Independent Directors

A substantial majority of the Board will be independent in accordance with the requirements of the New York Stock Exchange (the NYSE). The Board's current goal is to have at least 70% of its members be independent. Moreover, no director will be independent unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company).

1. **Categorical Standards.** The Board has established the following objective independence guidelines to assist it in determining director independence: A director will not be deemed independent if: (i) the director is, or within the last three years was, employed by the Company (other than former employment as an interim Chairman or CEO or other executive officer); (ii) someone in the director's immediate family is, or within the last three years was, employed as an executive officer of the Company; (iii) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (iv) the director is a current employee of a firm that is the Company's internal or external auditor; (v) the director has an immediate family member who is a current employee of a firm that is the Company's internal or external auditor and who participates in that firm's audit, assurance or tax compliance (but not tax planning practice); (vi) the director or an immediate family member was, within the last three years (but is no longer), a partner or employee of such a firm and personally worked on the Company's audit within that time; (vii) the director or someone in the director's immediate family is, or has been within the last three years, employed as an executive officer of another entity that concurrently has or had as a member of its compensation (or equivalent) committee of the board of directors any of the Company's executive officers; or (viii) the director received, or someone in the director's immediate family received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the

Company, other than director and committee fees, pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), compensation received by a director for

A - 3

Table of Contents

former service as an interim Chairman or CEO or other executive officer, and compensation received by an immediate family member for service as an employee of the Company (other than an executive officer). The following commercial or charitable relationships will not be considered to be material relationships: (i) if the director is a current employee, or someone in her/his immediate family is an executive officer, of another company that, during any of the other company's past three fiscal years made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year of the other company, does not exceed \$1 million or two percent, whichever is greater, of the other company's consolidated gross revenues or (ii) if the director serves as an executive officer of a charitable organization and, during any of the charitable organization's past three fiscal years, the Company made charitable contributions to the charitable organization in any single fiscal year of the charitable organization that does not exceed \$1 million or two percent, whichever is greater, of the charitable organization's consolidated gross revenues. For the purposes of these categorical standards, the term *immediate family member* has the meaning set forth in the New York Stock Exchange's corporate governance rules.

2. **Board Determinations.** For relationships not addressed by the guidelines in subsection 1 above, the determination of whether the director would be independent or not shall be made by the Board of Directors, subject to applicable New York Stock Exchange or other listing standard or legal requirements.
3. **Audit Committee Independence Requirements.** Audit Committee members may not accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or any Company subsidiary. For the purpose of this paragraph, compensatory fees do not include fees for service on the Board or a Board committee, or the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company (provided that such compensation is not contingent in any way on continued service). In addition, Audit Committee members may not be affiliated persons of the Company or any Company subsidiary.
4. **Selection of Directors.** In connection with its proxy solicitation relating to the Company's annual stockholders' meeting, the Board recommends a slate of nominees for election by stockholders. In addition, the Board fills vacancies on the Board when necessary or appropriate. The Board's recommendations or determinations are based on the recommendations of, and information supplied by, the Corporate Governance Committee, taking into account the criteria described below and other factors, including the requirements for Board committee membership. In recommending nominees, the Board will consider nominees recommended by stockholders.

B. Board Membership Criteria

The Corporate Governance Committee is responsible for considering, reviewing with and making recommendations to the Board, on an annual basis, concerning the size and overall characteristics of the Board, including desired competencies, skills and attributes, for establishing criteria for persons to be nominated for election to the Board and its committees, and for filling vacancies. Criteria to be considered include at a minimum the following: (i) a candidate's qualification as independent under the various standards applicable to the Board and each of its committees; (ii) depth and breadth of experience within the Company's industry and otherwise; (iii) outside time commitments; (iv) special areas of expertise; (v) accounting and finance knowledge; (vi) business judgment; (vii) leadership ability; (viii) knowledge of international markets; (ix) experience in developing and assessing business strategies; (x) corporate governance expertise; (xi) risk management skills; and (xii) for incumbent members of the Board, the past performance of the incumbent director. In considering candidates for nomination, the Committee shall be sensitive to outstanding talent

among minority groups and women and shall give consideration to the staffing needs of each of the committees of the Board.

A - 4

Table of Contents

C. Leadership

The Board notes that all directors are elected by the stockholders and, therefore, have an equal voice. The Chairperson of the Board, the CEO, or the Board as a whole may call upon any one or more directors to provide leadership in a given situation. The Board understands that leadership in certain subject areas falls to the committee chairpersons responsible for the subject matter giving rise to the need, and that the chairpersons function as the committee liaisons to the Chairperson and the rest of the Board. The chairperson of the Corporate Governance Committee will preside at the executive sessions of the non-employee directors.

D. Term Limits

The Board does not believe that it should establish term limits for service on the Board. Term limits have the disadvantage of causing the loss of the contribution of directors who have developed, over a period of time, meaningful insight into the Company and its operations and, therefore, can provide an important contribution to the Board as a whole.

E. Retirement

No person will be nominated by the Board to serve as a director after he or she has passed his or her 70th birthday unless the Corporate Governance Committee has waived the mandatory retirement age of such person as a director.

F. Resignation

A non-management director who changes the primary job responsibilities related to his or her principal employment that the director held at the time of his or her most recent election to the Board will offer a letter of resignation for Board consideration. The Board will, in its sole discretion, determine whether such change in responsibilities will impair the director's ability to effectively serve on the Board, and may waive such requirement for resignation where it has determined the ability of the director to serve is not impaired. A management director will offer to resign from the Board upon the management director's resignation, removal, or retirement as an officer of the Company. The Board will, in its sole discretion, determine whether or not to accept such resignation, provided that if approved by the Board, such director shall only continue to serve as a director after his or her resignation, removal or retirement for a transition period of up to one year after the date that he or she ceases to be an executive officer.

G. Additional Directorships

Directors are encouraged to limit the number of other boards of directors (excluding non-profit boards of directors) on which they serve, taking into account their potential meeting attendance, participation, and other commitments with respect to these other boards of directors. It is generally advisable for members of the Audit Committee to limit the number of public company audit committees on which they serve to three. The Corporate Governance Committee and the Board will take into account the nature of and the time involved in a director's service on other boards in evaluating the suitability of individual director candidates. Prior to accepting any invitation to serve on the board of directors of another public company board of directors or with any government or advisory group, a director must seek and receive the consent of the Corporate Governance Committee to confirm the absence of any actual or potential conflict that would result from the director's service on such board of directors or such government or advisory group. Such approval should routinely be granted absent issues arising from an actual or potential conflict.

H. Compensation of Non-Employee Directors

The Compensation Committee periodically reviews, considers and recommends to the Corporate Governance Committee the total compensation program for all non-employee directors of the Company for service on the Board and its committees. The Board should make changes in non-employee director compensation practices only upon the recommendation of the Corporate

Governance Committee after discussion and concurrence by a majority of independent directors of the full Board. Both the Board and Corporate Governance Committee should be guided by the following principles: compensation should fairly pay directors for the work required; compensation should align directors' interests with the long-term interests of stockholders while not calling into question their objectivity; and the structure of the compensation should be simple, transparent and easy for stockholders to understand.

IV. Board Meetings and Procedures

A. Number of Meetings; Attendance and Preparation

The Board holds a minimum of four regularly scheduled meetings per year. Directors are expected to attend all regularly scheduled meetings and to have reviewed, prior to the meetings, all written meeting materials distributed to them in advance. Directors are expected to be physically present at all regularly scheduled meetings, and a director who is unable to attend a meeting is expected to notify the Chairperson in advance of such meeting. Attendance in person is always preferred. However, conference telephone, videoconference, or similar communication equipment attendance at a meeting is acceptable.

B. Distribution of Materials

The agenda for each meeting of the Board will be prepared by the CEO following consultation with the Chairperson and other members of the Board and provided to directors along with Board Books containing supporting materials in a timely manner in advance of any meeting. It is recognized, however, that under certain circumstances, written materials may be unavailable to directors in advance of the meeting. On those occasions in which the information regarding a matter to be considered at a Board meeting is too sensitive to provide in writing, the Chairperson may elect to contact each director by telephone in advance of the meeting to discuss the subject and the principal issues the Board will need to consider. Each director is required to review the materials distributed in advance of the meeting. Any director may request, without restriction, the addition of specific agenda items. Such requests will be discussed in a timely manner with the Chairperson of the Board prior to preparation and dissemination of the agenda to directors. Every director is expected to attend every Board meeting and meetings of committees on which he or she serves.

C. Attendance of Non-Directors; Access to Senior Management/Independent Advisors

The Board believes that attendance of key executive officers and, under special circumstances, other Company personnel can augment the meeting process by providing certain expertise and insight into items that are open for discussion at certain meetings. Directors have complete and open access to the executive management and information concerning the Company's business activities and performance. Such access will be guided by the Company's policies regarding confidential information. The Board, including the independent members of the Board and the committees of the Board, have the authority, in their discretion and at the Company's expense, to retain independent advisors.

D. Executive Sessions of Non-Employee Directors

The non-employee directors of the Board will have an opportunity to meet in executive session at each regularly scheduled Board meeting, or as they otherwise may determine necessary, outside of the presence of any management directors and any other members of the Company's management who may otherwise be present, to: (i) evaluate the CEO, (ii) review management succession planning, and (iii) consider such other matters as they may deem appropriate. During at least one session per year, only independent directors may be present. The chairperson of the Corporate Governance Committee will preside at the executive sessions.

Following each executive session, the results of the deliberations and any recommendations should be communicated to the full Board. The Board will establish, or direct a committee to establish, a method for interested parties to communicate directly with the presiding director or with non-management directors as a group.

E. Confidentiality

The Board believes that maintaining confidentiality of information and deliberations is an imperative.

V. COMMITTEES

A. General

1. Except where Board committees have sole authority to act as required by applicable law or a listing standard, it is the general policy of the Company that major decisions be considered by the Board as a whole. As a consequence, the Board has determined to constitute only those committees that it believes are critical to the efficient operation of the Board or are required by applicable law or a listing standard. The Board currently has four standing Committees: the Audit Committee; the Compensation Committee; the Corporate Governance Committee; and the Acquisition Committee. The Board has the authority to establish such other committees, temporary or permanent, as the Board deems advisable. The Audit Committee, the Compensation Committee and the Corporate Governance Committee will each consist of three or more directors, each of whom will satisfy the independence requirements set forth herein and any additional requirements set forth in their respective charters and any other listing or regulatory requirements. The Corporate Governance Committee will recommend, and the Board will designate, a chairperson of each committee. The Acquisition Committee shall consist of three or more directors, at least two of whom shall satisfy the independence requirements set forth herein.
2. Each of the Audit Committee, the Compensation Committee, and the Corporate Governance Committee will have appropriate written charters that are adopted by the Board. The charter of each committee will be reviewed at least annually by the Board and the relevant committee. These committee charters will be made available on the Company's website at: www.safeguard.com.
3. Chairpersons of committees and appropriate members of executive management will, where possible, develop an advance agenda for all committee meetings along with supporting materials in a timely manner in advance of any meeting. Each committee member is required to review all such materials in advance of the meeting. Insofar as possible, committee meetings will be scheduled in conjunction with meetings of the full Board.
4. The Board is responsible for overseeing the activities of its committees (except where such committees have sole authority to act pursuant to applicable law or a listing standard) and for ensuring that the committees are fulfilling their duties and responsibilities. The Board will regularly receive reports from its committees regarding their activities and will take such actions as it deems necessary and appropriate in response to these reports.

B. Membership

1. The Board does not believe in mandating fixed rotation of committee members and/or committee chairpersons, since there may be reasons at a given point in time for maintaining continuity. Ideally, however, the Board will seek to rotate committee members and chairpersons, on a staggered basis within each committee, on an average of every three to four years. The Board seeks thereby to avoid director entrenchment while ensuring continuity and the availability of experience derived through longevity.
2. The Corporate Governance Committee will make recommendations regarding committee appointments to the Board for its approval. Proposed committee appointments, including the designation of committee

chairpersons, will give consideration to any expressed

desire of individual Board members. The Board will make the committee appointments at the first regularly scheduled Board meeting following each Annual Meeting of Stockholders.

3. Any member of the Board may attend any of the Committee meetings.

VI. OTHER PRINCIPLES

A. Disclosure and Review of Corporate Governance Principles

This Statement on Corporate Governance will be made available on the Company's website. The Corporate Governance Committee will review this Statement on Corporate Governance from time to time, but not less frequently than annually, and will report on the results of its review to the full Board.

B. Communications with Stockholders and Other Interested Parties

1. The Chairperson and the CEO are responsible for establishing effective communications with the Company's stockholders, customers, associates, communities, suppliers, creditors, and corporate partners. Directors are not precluded from meeting with such parties, but any such meetings generally should be held with management present.
2. The Board believes it is imperative that the Company promote full, fair, accurate, timely and understandable disclosure in the periodic reports and other statements and reports that the Company is required to file under the securities laws.

Specifically, the Company shall not hire as its Chief Executive Officer, Controller, Chief Financial Officer, Chief Accounting Officer or any person serving in an equivalent position any partner, employee or former employee of the Company's independent auditors who participated in any capacity in an audit of the Company during the one-year period preceding the date of initiation of the then-current audit.
