### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Umpqua Bank 401(k) and Profit Sharing Plan  
Advisory Committee, for the Western Sierra Bancorp  
401(k) Stock Ownership Plan

Edgar Filing: UMPQUA HOLDINGS CORP - Form 11-K

We have audited the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits of the Western Sierra Bancorp 401(k) Stock Ownership Plan as of and for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Auditing Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and the changes in net assets available for benefits of the Western Sierra Bancorp 401(k) Stock Ownership Plan as of and for the years ended December 31, 2006 and 2005, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the Trustees of the Plan voted on May 26, 2006 to merge the Plan into the Umpqua Bank 401(k) and Profit Sharing Plan, effectively terminating the Plan on January 1, 2007. All Plan assets were transferred to the Umpqua Bank 401(k) and Profit Sharing Plan on December 29, 2006. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments are stated, from the on-going plan basis used in presenting the 2005 financial statements to the liquidation basis used in presenting the 2006 financial statements.

**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF PLAN**

The following description of the Western Sierra Bancorp 401(k) Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

Western Sierra Bancorp, the Plan Sponsor, established the Plan effective January 1, 1990. The Plan is a defined contribution plan covering all eligible employees of Western Sierra Bancorp and subsidiaries (the "Company"). The Board of Trustees of the Plan is responsible for administration and management of the Plan. All investments in the Plan are participant directed, except for the employer matching contribution and any other discretionary contributions which are in the form of Company common stock and are non-participant directed. Hartford Life Insurance Company serves as Custodian for the Plan. Polycomp Administrative Services, Inc. serves as third party administrator of the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 26, 2006, the Company's 401(k) Advisory Committee recommended, and the Company's Board of Directors approved, that the Plan be merged into the Umpqua Bank 401(k) and Profit Sharing Plan effective January 1, 2007 and that the plan remain in effect and active through December 31, 2006. All Plan assets were transferred into the Umpqua Bank 401(k) and Profit Sharing Plan on December 29, 2006 and the Plan was effectively terminated.

Eligibility

Under the Plan, all employees of the Company who were 21 years old and completed six months of service and at least 500 hours, were eligible to participate in the Plan on the earlier of January 1, April 1, July 1 or October 1 following their six-month anniversary.

Vesting

Participants were immediately vested in their voluntary contributions plus actual earnings thereon. All discretionary and matching employer contributions vest over a 5 year period at the rate of 20% per year starting at the completion of the second year of continuous service and are 100% vested after completion of six years of service. In case of retirement, disability or death, the participant became 100% vested. As a result of the merger, each participant will receive credit for past service for purposes of eligibility and vesting in the Umpqua Bank 401(k) and Profit Sharing Plan.

**1. DESCRIPTION OF PLAN (Continued)**

Contributions

Each year, participants could make salary deferral contributions in any percentage of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company could make discretionary matching contributions and other discretionary contributions to the Plan, as determined each year by the Company's Board of Directors. Participants could also contribute amounts representing distributions from other qualified plans.

During 2006, the Company made a discretionary matching contribution equal to 100% of the first 4% of base compensation that the participant contributed to the Plan. During 2005, the Company made a discretionary matching contribution equal to 70% of the first 4% of base compensation that the participant contributed to the Plan. No additional discretionary contribution was made to the Plan in 2006 or 2005. Company contributions are made in Company stock and are subject to certain IRC limitations.

Participant Accounts

Individual accounts were maintained for each Plan participant. Each participant's account was credited with the participant's contributions, allocation of the Company's matching and discretionary contributions, allocations of forfeitures and Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations were based on participant earnings, as defined.

Employer matching contributions were allocated to participants who were employed on June 2, 2006, immediately prior to the closing date of the merger of the Company with Umpqua Holding Corporation to the extent approved by the Company's Board of Directors.

The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Participant's Investment Options

Participants could direct the investment of their contributions into various investment options offered by the Plan. Participants could change their investment options, including the vested portion of non-participant directed investments at the beginning of each quarter through the Plan Administrator.

**1. DESCRIPTION OF PLAN (Continued)**

Participant Loans

Participants could borrow up to 50% of their vested accounts in the form of a loan with a minimum amount of \$1,000 and maximum amount of \$50,000. Loans were secured by the balance in the participant's account which were commensurate with local prevailing rates at the time the funds are borrowed. Loan terms ranged from one to five years, or longer for the purchase of a primary residence. Principal and interest were paid ratably through payroll deductions. Participant loans outstanding as of the merger date were transferred into the Umpqua Bank 401(k) and Profit Sharing Plan and retain the same interest and repayment terms.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant would receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) an installment distribution consisting of approximately equal annual or more frequent installments over a designated term, or (b) a cash-out for vested accrued benefits of \$1,000 or less. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rolled over into an eligible retirement plan. Participants may also receive in-service distributions on account of hardship. As of December 31, 2006 and 2005, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Benefits were distributed in the form of qualifying Company securities or cash. However, participants had the right to request that their benefits be distributed in the form of qualifying Company securities.

Forfeitures

Matching and discretionary forfeitures from the nonvested portion of terminated employees' account balances were allocated to remaining participants in the same manner as described above. Forfeitures totaled \$16,935 and \$24,027 at December 31, 2006 and 2005, respectively.

Administrative Expenses

The Company provided bookkeeping and other administrative services for the Plan at no charge. Broker costs and transfer taxes were paid by the Plan.
