REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees
Umpqua Bank 401(k) and Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of the Umpqua Bank 401(k) and Profit Sharing Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held (at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the Umpqua Bank 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Umpqua Holdings Corporation and Subsidiaries (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing one hour of service.

Contributions Participants may elect to contribute up to 100% of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Participants must complete at least 250 hours of service during the Plan quarter, and be employed as of the last day of the Plan quarter, to be eligible to receive any matching contributions for that quarter. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. The Company matched 50% of employee contributions, up to 6% of eligible compensation deferred to the Plan for the year ended December 31, 2009. There were no profit sharing contributions for the year ended December 31, 2009.

Contributions are subject to regulatory limitations.

Participant accounts Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are fully vested at all times in that portion of their accounts attributable to their own contributions and earnings or losses thereon. Vesting in Company contributions is based on years of service pursuant to the following vesting schedule.

Years of Service	Percentage
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 years or more	100%

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN (continued)

Participant loans Participants may borrow from their accounts a minimum of \$1,000 up to 50% of participants' vested accounts, but not in excess of \$50,000. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the rates of interest on outstanding loans ranged from 4.16% to 10.25% with various maturities through December 2013.

Payment of benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance, or annual installments over a period not more than the participant's life expectancy (or the assumed life expectancies of the participant and their beneficiary). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future Company contributions. During 2009, \$119,937 in forfeitures was used to reduce employer contributions. As of December 31, 2009 and 2008, respectively, forfeited nonvested accounts totaled \$111,357 and \$125,958.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

FASB Codification - On July 1, 2009, the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

Investment valuation Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits Benefit payments are recorded when paid.

Expenses Administrative expenses such as legal and accounting fees are paid by the Company. Transaction fees and investment management fees are paid by the Plan.

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN**NOTES TO FINANCIAL STATEMENTS****NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are issued.

NOTE 3 INVESTMENTS

Investments Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2009		2008
Goldman Sachs Financial Square Prime Fund	\$ 10,264,871	\$	9,216,679
PIMCO Total Return Fund	\$ 8,851,073	\$	6,850,644
Umqua Holdings Corporation Common Stock	\$ 7,995,565	\$	7,976,761
Growth Fund of America	\$ 7,430,879	\$	5,452,033
MFS Value Fund R5	\$ 5,935,355		NA
Vanguard 500 Index Fund	\$ 3,885,096		NA
Dimensional International Value Portfolio	\$ 3,584,133		NA
Dodge & Cox Stock Fund	NA	\$	4,268,416
Van Kampen Equity and Income Fund	NA	\$	2,886,942

During 2009, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

Mutual funds	\$	11,426,103
Common stock		(325,224)
Individually directed accounts		440,757
Net appreciation in fair value of investments	\$	11,541,636

NOTE 4 FAIR VALUE MEASUREMENTS

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

- Level 1** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2** Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;
- Level 3** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan adopted clarifying guidance during 2009 which expands disclosures and requires that major categories of debt and equity securities be determined on the basis of the nature and risks of the investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of mutual funds are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Common stock is valued at the closing price reported on the major market on which the individual securities are traded. Common stock is generally classified within level 1 of the valuation hierarchy.

Money market funds are public investment vehicles valued using \$1 for the NAV. The money market fund is classified within level 2 of the valuation hierarchy.

Loans to participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. Participant loans are classified within level 3 of the valuation hierarchy.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 8, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible that, given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of the Umpqua Holdings Corporation Stock Fund which is comprised of common stock of the Company.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 9 RECONCILIATION TO FORM 5500

The following are reconciliations of net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2009		2008
Net assets available for benefits per financial statements	\$ 71,484,765	\$	55,761,390
Less benefits payable not included in the financial statements until paid	(82,057)		(2,658)
Net assets available for benefits per Form 5500	\$ 71,402,708	\$	55,758,732

UMPQUA BANK 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 RECONCILIATION TO FORM 5500 (continued)

The following is a reconciliation of total deductions for the year ended December 31, 2009:

Total deductions per financial statements	\$	5,029,686
Investment expenses per the financial statements	\$	15,105
Benefit payments reported in 2008 but paid in 2009		(2,658)
Benefit payments reported in 2009 but paid in 2010		82,057
Total expenses per Form 5500	\$	5,124,190
