The Company anticipates that the results of operations for the quarter ended March 31, 2001 as compared to the quarter ended March 31, 2000, will result in a material decline in revenues and a continuing loss from operations for reasons which include, but are not limited to, the general decline in the demand from small to mid-sized entities for the types of services offered by the Company, as well as the sale in the fourth quarter of 2000 of a significant division of the Company. Although the Company has not yet finalized its financial information for the quarter ended March 31, 2001 with the assistance
