PROXY STATEMENT

Information Regarding Proxies

General

This Proxy Statement and the accompanying form of proxy are furnished in connection with the solicitation of proxies by the board of directors of Cell Therapeutics, Inc. for use at our Annual Meeting of Shareholders, to be held at 10:30 a.m. on Friday, July 12, 2002, in the St. Andrews Ballroom located at the Golf Club at Newcastle, 15500 Six Penny Lane, Newcastle, Washington 98059, and at any adjournment or postponement thereof.

Only shareholders of record on our books at the close of business on May 24, 2002, which we will refer to as the record date, will be entitled to notice of, and to vote at, the Annual Meeting.

At the Annual Meeting, shareholders will be asked to: (1) elect three Class II directors, each to serve until the 2005 Annual Meeting, (2) approve an amendment to our 1994 Equity Incentive Plan to increase the number of shares of common stock available for grant under the plan by 1,800,000 shares, (3) approve an amendment to our 1996 Employee Stock Purchase Plan to increase the number of shares of common stock available for issuance under the plan by 200,000 shares, and (4) ratify the selection of Ernst & Young LLP as our independent auditors for the year ending December 31, 2002.

It is anticipated that these proxy solicitation materials will be sent to shareholders on or about June 10, 2002.

Solicitation of Proxies

This solicitation is made on behalf of our board of directors. All expenses in connection with the solicitation of proxies will be borne by us. In addition to solicitation by mail, our officers, directors or other regular employees may solicit proxies by telephone, facsimile or in person. These individuals will not receive any additional compensation for these services. We have retained Strategic Stock Surveillance, LLC to assist in the distribution and solicitation of proxies. Strategic Stock Surveillance, LLC may solicit proxies by mail, telephone, facsimile or in person. We anticipate that the fee for this service will amount to approximately \$7,500.

Voting Rights and Outstanding Shares

Each share of our common stock, without par value, outstanding on the record date is entitled to one vote per share at the Annual Meeting. We do not have any other class of capital stock outstanding. At the close of business on the record date, there were issued and outstanding 35,120,040 shares of common stock. The presence at the Annual Meeting in person or by proxy of holders of record of a majority of the outstanding shares of voting stock is required to constitute a quorum for the transaction of all business at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non votes (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not empowered

to vote on a particular proposal). Abstentions will be counted towards the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes against Proposals 2 and 3. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved. In an uncontested election of directors, any action other than a vote for a nominee will have no effect, assuming the presence of a quorum. Abstentions and broker non-votes will have no effect on Proposal 4, as they will not represent votes cast for the purpose of voting on this proposal.

All shares of common stock represented by properly executed proxies that are returned and not revoked will be voted in accordance with the instructions, if any, given therein. If no instructions are provided in a proxy, the shares of voting stock represented by such proxy will be voted FOR the board's nominees for director, and FOR the approval of Proposals 2, 3 and 4 and in accordance with the proxy-holder's best judgment as to any other matters raised at the Annual Meeting.

Voting Electronically or by Telephone

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible shareholders who receive a paper copy of the annual report and proxy statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your voting form will provide instructions. If your voting form does not reference Internet or telephone information, please complete and return the paper proxy card in the self-addressed postage paid envelope provided.

Revocability of Proxies

Any shareholder of record executing a proxy has the power to revoke it at any time prior to the voting thereof on any matter (without, however, affecting any vote taken prior to such revocation) by delivering written notice to our secretary, Michael J. Kennedy, at our principal executive offices, by executing and delivering another proxy dated as of a later date or by voting in person at the meeting.

Security Ownership of Certain Beneficial Owners and Management

(1) The address of the individuals listed is 501 Elliott Avenue West, Suite 400, Seattle, Washington 98119.

(2) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (SEC) and generally includes voting or investment power with respect to securities. This table is based upon information supplied by officers, directors, and Schedules 13D and 13G filed with the SEC. Shares of common stock subject to options or warrants currently exercisable or convertible, or exercisable or convertible within 60 days of April 30, 2002, are deemed outstanding for computing the percentage of the person holding the option or warrant but are not deemed outstanding for computing the percentage of any other person. Except as indicated in the footnotes to this table and pursuant to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned.

(3) Includes (a) warrants to purchase 35,000 shares of common stock, and 1,544,510 shares of common stock held by Lindsay A. Rosenwald, M.D., (b) warrants to purchase 257,219 shares of common stock, and 1,007,481 shares of common stock held by The Aries Master Fund, a Cayman Island exempted company, (c) warrants to purchase 104,229 shares of common stock, and 405,866 shares of common stock held by Aries Domestic Fund L.P., (d) warrants to purchase 8,076 shares of common stock, and 121,110 shares of common stock, held by Aries Domestic Fund II, L.P. Paramount Capital Asset Management, Inc. is the general partner of each of the Aries Domestic Funds and the investment manager of The Aries Master Fund. Dr. Rosenwald is the chairman and sole shareholder of Paramount Capital Asset Management.

(4) Consists of 1,965,816 shares of common stock beneficially owned by Essex Woodlands Health Ventures Fund IV, L.P. Mr. Martin P. Sutter is the managing director of Essex Woodlands Health Ventures Fund IV, L.P.

(5) Janus Capital Corporation has sole power to vote and dispose of 2,515,370 shares. Mr. Thomas H. Bailey, the president and chairman of the board of Janus Capital Corporation, has sole power to vote and dispose of 2,515,370 shares. Also, Janus Global Life Sciences Fund has sole power to vote and dispose of 1,773,055 shares.

PROPOSAL 1
ELECTION OF DIRECTORS

Our amended and restated articles of incorporation provide for the board of directors to be divided into three approximately equal classes of directors serving staggered three-year terms and until their successors are elected and qualified. As a result, approximately one-third of the total number of directors will be elected every year. Under our bylaws, the number of directors constituting the entire board of directors may be decreased or increased by majority action of either the board of directors or the shareholders, but no decrease in the number of directors may have the effect of shortening the term of any incumbent director. In the event of a vacancy on the board of directors, our bylaws permit a majority of the remaining directors in office to fill the vacancy, and the director then chosen will hold office until the next shareholders meeting at which directors are elected and until his or her successor is elected and qualifies.

The board of directors has fixed the number of directors at eight. Currently, there are eight members of the board of directors. The current terms of office of the Class II directors, Dr. Max E. Link, Dr. Wilfred E. Jaeger, and Dr. Vartan Gregorian expire at the 2002 Annual Meeting. The current terms of office of the Class III directors, Dr. James A. Bianco, Dr. Jack W. Singer and Dr. Mary O. Munding, expire at the 2003 Annual Meeting. The current terms of office of the Class I directors, Dr. Phillip M. Nudelman and Mr. Jack L. Bowman, expire at the 2004 Annual Meeting.

Dr. Link, Dr. Jaeger, and Dr. Gregorian have been nominated by the board for election at the Annual Meeting as Class II directors for three-year terms expiring at the 2005 Annual Meeting.

If elected, each nominee will hold office until his term expires and his successor is elected and qualifies. It is intended that the accompanying proxy will be voted for the election as directors of Dr. Link, Dr. Jaeger, and Dr. Gregorian unless the proxy contains contrary instructions. Each nominee has agreed to serve if elected, and we have no reason to believe that any of the nominees will not be a candidate or will be unable to serve. However, if any of the nominees should become unable or unwilling to serve as a director, the persons named in the proxy have advised us that they will vote for the election of the substitute nominee or nominees designated by the board of directors.

The candidates elected will be those receiving the three largest number of votes cast by the shares of voting stock entitled to vote in the election. Abstentions and broker non-votes will not be counted in the election of directors.

Set forth below is biographical information for each nominee for director and each person whose term of office as a director will continue after the Annual Meeting:

Name	Age as of 5/01/02	Director Since	Class
James A. Bianco, M.D.(2)	45	1991	III
Jack L. Bowman(3)(4)	69	1995	I

Phillip M. Nudelman, Ph.D.(2)(4)	66	1994	I
Jack W. Singer, M.D.	59	1991	III

- (1) Chairman of the board of directors.
- (2) Member of the executive committee.
- (3) Member of the compensation committee.
- (4) Member of the audit committee.

Nomination for Election for a Three-Year Term Expiring at the 2002 Annual Meeting Class II Directors

Dr. Link joined the board of directors in July 1995 as its vice chairman and has served as chairman of the board of directors since January 1996. In addition, Dr. Link has held a number of executive positions with pharmaceutical and healthcare companies. Most recently, he served as chief executive officer of Corange, Limited from May 1993 until June 1994. Prior to joining Corange, Dr. Link served in a number of positions within Sandoz Pharma Ltd., including chief executive officer from 1990 until April 1992, and chairman from April 1992 until May 1993. Dr. Link currently serves on the board of directors of Alexion Pharmaceuticals, Inc., Access Pharmaceuticals, CytRx Corporation, Discovery Labs, Human Genome Sciences, Inc., Protein Design Labs, Inc., Celsion Corporation, and Osiris Therapeutics. Dr. Link received his Ph.D. in economics from the University of St. Gallen.

Dr. Jaeger has been one of our directors since September 1992. Dr. Jaeger is a founding general partner of Three Arch Partners, a venture capital firm which focuses on health care investments. Prior to joining Three Arch Partners in 1993, he was a partner at Collinson Howe Venture Partners, formerly Schroeder Venture Advisors and the Phoenix Partners. Dr. Jaeger is also a director of numerous other healthcare companies. Dr. Jaeger received his M.D. from the University of British Columbia in Vancouver, B.C., Canada and his M.B.A. from Stanford University.

Dr. Gregorian has been one of our directors since December 2001. He is the twelfth president of Carnegie Corporation of New York, a grant-making institution founded by Andrew Carnegie in 1911. Prior to his current position, which he assumed in June 1997, Dr. Gregorian served for eight years as Brown University's sixteenth president. He was awarded a Ph.D. in history and humanities from Stanford University. A Phi Beta Kappa and a Ford Foundation Foreign Area Training Fellow, he is a recipient of numerous fellowships, including those from the John Simon Guggenheim Foundation, the American Council of Learned Societies, the Social Science Research Council and the American Philosophical Society. He serves on the boards of McGraw-Hill and Providence Journal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF EACH NAMED NOMINEE.

Directors Continuing in Office Until the 2003 Annual Meeting Class III Directors

Dr. Bianco is our principal founder and has been our president and chief executive officer since February 1992 and one of our directors since our inception in September 1991. Prior to joining us, Dr. Bianco was an assistant professor of medicine at the University of Washington, Seattle, and an assistant member in the clinical research division of the Fred Hutchinson Cancer Research Center, the world's largest bone marrow transplant center. From 1990 to 1992, Dr. Bianco was the director of the Bone Marrow Transplant Program at the Veterans Administration Medical Center in Seattle. Dr. Bianco received his B.S. degree in biology and physics from New York University and his M.D. from Mount Sinai School of Medicine. Dr. Bianco is the brother of Louis A. Bianco, our executive vice president, finance and administration.

Dr. Singer is one of our founders and directors and currently serves as our executive vice president, research program chairman. Dr. Singer has been one of our directors since our inception in September 1991. From April 1992 to July 1995, Dr. Singer was our executive vice president, research and development. Prior to joining us, Dr. Singer was a professor of medicine at the University of Washington and a full member of the Fred Hutchinson Cancer Research Center. From 1975 to 1992, Dr. Singer was the chief of medical oncology at the Veterans Administration Medical Center in Seattle. Dr. Singer received his M.D. from State University of New York, Downstate Medical College.

Dr. Mundinger has been one of our directors since April 1997. Since 1986, she has been a dean and professor at the School of Nursing, and an associate dean on the faculty of medicine at Columbia University. Dr. Mundinger currently serves on the board of directors of United Health Group. Dr. Mundinger received her doctorate of public health from Columbia's School of Public Health.

Directors Continuing in Office Until the 2004 Annual Meeting Class I Directors

Dr. Nudelman has been one of our directors since March 1994. Since May 2000, he has been the president and chief executive officer of The Hope Heart Institute. From 1998 to 2000, he was the chairman of the board of Kaiser/Group Health. From 1990 to 2000, Dr. Nudelman was the president and chief executive officer of Group Health Cooperative of Puget Sound, a health maintenance organization. Dr. Nudelman serves on the board of directors of SpaceLabs Medical, Inc., Personal Path Systems, and Cytran Ltd. Dr. Nudelman received his B.S. degree in microbiology, zoology and pharmacy from the University of Washington, and holds an M.B.A. and a Ph.D. in health systems management from Pacific Western University.

Mr. Bowman has been one of our directors since April 1995. From 1987 until January 1994, Mr. Bowman was a company group chairman at Johnson & Johnson, having primary responsibility for a group of companies in the diagnostic, blood glucose monitoring and pharmaceutical businesses. From 1980 to 1987, Mr. Bowman held various positions at American Cyanamid Company, most recently as executive vice president. Mr. Bowman was a member of the board of trustees of The Johns Hopkins University and serves on the board of directors of NeoRx Corporation, Cellegy Pharmaceuticals, Inc., Targeted Genetics Corporation, Celgene Corporation, Osiris Therapeutics, and Reliant Pharmaceuticals.

Board and Committee Meetings

Our board of directors held 19 meetings during the year ended December 31, 2001. Each of the directors attended at least 75% of the total number of meetings of the board of directors and the total number of meetings held by all committees of the board of directors on which they served. The board of directors has three standing committees: an executive committee, a compensation committee, and an audit committee. There is no standing nominating committee.

The executive committee exercises the full power and authority of the board of directors, except as limited by applicable law and except as specific authority is otherwise delegated by the board of directors to its other committees. One meeting of the executive committee was held during the year ended December 31, 2001. The executive committee currently consists of Drs. Bianco, Link and Nudelman.

The compensation committee has broad responsibility for assuring that our officers and key management personnel are effectively compensated in terms of salaries, supplemental compensation and benefits that are internally equitable and externally competitive. The compensation committee also administers our 1994 Equity Incentive Plan and our 1996 Employee Stock Purchase Plan. Three meetings of the compensation committee were held during the year ended December 31, 2001. The compensation committee currently consists of three non-employee directors, Drs. Jaeger and Munding and Mr. Bowman.

The audit committee, which was established in January 1994, has responsibility for assisting the board of directors in fulfilling their responsibilities related to our corporate accounting and reporting practices and the quality and integrity of our financial reporting. The composition of the audit committee and the attributes of its members, and the responsibilities of the audit committee as reflected in its charter, are intended to be in accord with Securities and Exchange Commission rules and Nasdaq listing requirements adopted in December 1999 with regard to corporate audit committees. Six meetings of the audit committee were held during the year ended December 31, 2001. The audit committee currently consists of three non-employee directors, Drs. Jaeger and Nudelman and Mr. Bowman, all of whom meet the independence and experience criteria of the Nasdaq listing requirements.

Director Compensation

Directors who are also our employees are not paid an annual retainer, nor are they compensated for serving on the board. Non-employee directors are paid \$2,000 per meeting of the board, up to a maximum of \$10,000 per director each calendar year, and \$1,000 per meeting of a board committee, up to a maximum of \$5,000 per director each calendar year. All directors are reimbursed for their expenses incurred in attending board meetings. During 2001, pursuant to the Automatic Option Grant Program in effect for the directors under our 1994 Stock Option Plan, each non-employee director also received a fully-vested option grant for 15,000 shares upon appointment to the board, and a fully-vested option grant for 5,000 shares annually after the commencement of his or her service as a director. Each of these options has an exercise price equal to 100% of the fair market value on the grant date in 2001 and a term of ten years measured from the grant date, subject to early termination if the optionee ceases serving as a director.

PROPOSAL 2
APPROVAL OF AMENDMENT TO THE 1994 EQUITY INCENTIVE PLAN

Our 1994 Equity Incentive Plan, which we will refer to as the 1994 plan, was adopted by the board of directors in January 1994 and approved by the shareholders in February 1994. The 1994 plan provides for the grant of incentive stock options to our employees and nonstatutory stock options to our employees, directors and consultants. On May 23, 2002, the board of directors authorized an amendment to the 1994 plan, subject to shareholder approval, to increase the number of shares authorized for issuance under the 1994 plan by 1,800,000 shares, from 6,536,715 shares to 8,336,715. The shareholders are being requested to approve this amendment at the Annual Meeting of Shareholders. As of the record date, options to purchase an aggregate of 4,264,024 shares of our common stock were outstanding under the 1994 plan with a weighted average exercise price of \$20.76 per share, options to purchase an aggregate of 1,653,576 shares of our common stock had been exercised and 427,384 shares of common stock were available for future grant under the plan.

The purpose of the proposed increase is to provide sufficient shares for future option grants to our new and existing officers, key employees, non-employee directors and consultants. The board of directors believes that we should have shares available under the 1994 plan to provide options to certain of our prospective and existing officers, key employees, non-employee directors and consultants. The board of directors further believes that we and our shareholders significantly benefit from having our key management, scientific employees and consultants receive options to purchase our common stock, and that the opportunity afforded these employees and consultants to acquire common stock is an essential element of an effective management incentive program. The board of directors also believes that stock options are valuable in attracting and retaining highly qualified management and scientific personnel and in providing additional motivation to these individuals to use their best efforts on our behalf.

The 1994 plan is administered by the compensation committee of the board of directors. The compensation committee may amend the terms of any award theretofore granted but no such amendment shall impair the right of any participant without his or her consent. However, the compensation committee may not, without the approval of shareholders, (i) amend the terms of any option to reduce the option price or (ii) cancel any option and grant a new option with a lower option price such that the effect would be the same as reducing the option price.

For a description of the principal features of the 1994 plan, see Appendix A Description of the 1994 Equity Incentive Plan.

The affirmative vote of a majority of the outstanding shares of voting stock present in person or represented by proxy entitled to vote at the Annual Meeting will be required to approve the proposed amendment to the 1994 plan.

Unless otherwise instructed, it is the intention of the persons named in the accompanying form of proxy to vote shares represented by properly executed proxies for approval of the proposed amendment to the 1994 plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF THE PROPOSED AMENDMENT TO THE 1994 PLAN AND THE INCREASE OF THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE PLAN.

Participation in the 1994 Plan

As of the record date, the options to purchase 4,264,024 shares of our common stock that were outstanding pursuant to our 1994 plan and our 1992 stock option plan were granted to 272 employees, consultants and non-employee directors and generally vest in equal annual installments on the first three or four anniversaries of the date of grant. The exercise prices of these options range from \$2.00 to \$47.28, with an average weighted exercise price of \$20.76. In addition, restricted share awards covering 191,731 shares of common stock were granted to 18 employees, and these awards vest on the third anniversary of the date of grant.

Stock Options and Awards

The table below shows, as to each of our executive officers named in the Summary Compensation Table herein and the various indicated individuals and groups, the number of shares of common stock subject to options and restricted shares granted under the 1994 plan between January 1, 2001 and April 30, 2002, together with the weighted average exercise price payable per share.

PROPOSAL 3
APPROVAL OF AMENDMENT TO THE 1996 EMPLOYEE STOCK PURCHASE PLAN

We are seeking your approval of an amendment to our 1996 Employee Stock Purchase Plan, which we will refer to as the employee plan, to increase the number of shares of our common stock available for issuance under the employee plan by 200,000 shares, from 285,714 to 485,714 shares. The board of directors approved this amendment on May 23, 2002. The purposes of the employee plan are to encourage ownership of our common stock by our employees and to provide additional incentives to our employees to promote the success of our business. Under the employee plan, participants may purchase our stock at a discount (limited to 85% of the fair market value on the date of grant) through convenient payroll deductions. We believe the employee plan is an important component of our employee compensation package and approximately 50% of our employees participated in the employee plan during the most recent purchase period. We also believe that the employee plan assists us in attracting and retaining skilled personnel. The essential features of the employee plan are summarized below. The employee plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended.

Summary Of 1996 Employee Stock Purchase Plan

General. The employee plan was originally adopted by the board of directors in March 1996 and approved by our shareholders in April 1996 and provides our employees with the opportunity to purchase shares of common stock through payroll deductions. The number of shares of common stock previously reserved for issuance under the employee plan was 285,714 shares. As of December 31, 2001, 195,013 shares of common stock had been sold under the employee plan, leaving 90,701 shares available for purchase.

Administration. The employee plan shall be administered by a committee of the board of directors consisting of not less than two non-employee directors, which shall determine from time to time whether to grant options to purchase shares under the employee plan as of any date otherwise qualifying as an offering commencement date. The committee shall have authority in its discretion to interpret the employee plan, to prescribe, amend and rescind rules and regulations relating to determining the terms of options to purchase shares granted under the employee plan, and to make all other determinations necessary or advisable for the administration of the employee plan. Any determination of the committee shall be final and binding upon all persons having or claiming any interest under the employee plan or under any options to purchase shares granted pursuant to the employee plan.

Eligibility and Participation. Employees who customarily work more than twenty hours per week and more than five months per calendar year may participate in the employee plan. Participation in the employee plan is voluntary. No participant may purchase shares if immediately after such purchase, the participant would own stock and/or outstanding options to purchase stock comprising 5% or more of the total combined voting power of our stock. In addition, no participant is permitted to purchase stock with a value in excess of \$25,000 (determined at the fair market value of the stock at the time such option to purchase shares is granted) in any calendar year.

Offering Dates. Shares of stock are offered for purchase on the first business day of each new offering period. New offering periods start on each January 1 and July 1.

Purchase Price. The purchase price per share is 85% of the lower of (a) the fair market value per share on the commencement date of the applicable offering period, or (b) the fair market value of the stock on the last business day of the applicable offering period.

Payroll Deductions. Employees may authorize payroll deductions in 1% multiples of base salary for each payroll period up to a maximum of 10% of his or her base salary. An employee may discontinue his or her participation in the employee plan at any time.

Purchase of Stock. By executing an enrollment form, an employee is entitled to purchase shares of our common stock on the last day of the offering period. The maximum number of shares that may be purchased during an offering period is determined by dividing the amount collected from the participant through payroll deductions during the offering period by the purchase price in effect for that offering termination date, subject to a maximum of 800 shares. Unless the employee's participation is discontinued prior to such purchase date, his or her purchase of the shares will occur automatically on the last day of the offering period at the applicable price.

Withdrawal. Generally, a participant may withdraw from an offering period at any time by written notice without affecting his or her eligibility to participate in future offering periods. However, once a participant withdraws from a particular offering period, that participant may not participate again in the same offering period. To participate in a subsequent offering period, the participant must deliver a new enrollment agreement to us.

Termination of Employment. Termination of a participant's employment for any reason, including death, retirement, voluntary severance or involuntary severance, cancels his or her option to purchase shares and participation in the employee plan immediately. In such event, the payroll deductions credited to the participant's account will be returned to him or her or, in the case of an employee's death, to the person or persons entitled thereto as provided in the employee plan.

Changes in Capitalization. The number of shares reserved under the employee plan, the limit on the number of shares which may be purchased during the accumulation period and the purchase price per share of common stock under the employee plan shall be appropriately adjusted for the payment of a stock dividend or any increase or decrease in the number of outstanding shares of our common stock resulting from a split-up or contraction of shares, in order to prevent the dilution or enlargement of benefits thereunder.

Change of Control. In the event of a change of control (as defined in the employee plan), the board of directors shall, in its sole discretion, either (a) provide that shares granted under the employee plan shall be purchasable to the extent of each participant's accumulated payroll deductions for the offering period in effect as of a date prior to the change in control or (b) arrange with the surviving, continuing, successor or purchasing corporation, as the case may be, that such corporation assume our rights and obligations under the employee plan.

Dissolution or Liquidation. In the event of our dissolution or liquidation, except pursuant to a transaction to which Section 424(a) of the Internal Revenue Code applies, each option to purchase shares of our common stock will terminate; however, the participant has the right to purchase shares prior to such dissolution or liquidation.

Amendment and Termination of the Employee Plan. The board of directors may terminate or amend the employee plan at any time and from time to time. No termination of or amendment to the employee plan may materially and adversely affect the rights of a participant as of the date of such termination or amendment without the participant's consent.

Federal Income Tax Consequences

The proposed amendment will have no effect upon the tax consequences to participants or us. The following brief summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the employee plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The employee plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the employee plan are sold or otherwise disposed of. Upon sale or

other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period applicable to such shares. If the shares are sold or otherwise disposed of more than two years from the first day of the applicable offering period, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be capital gain, which will be long-term if the shares are held for more than one year. We generally are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Participation In The Employee Plan

The following table sets forth the number of shares purchased under the employee plan during 2001 by each of (i) the named executive officers; (ii) all executive officers as a group; and (iii) all employees, including all officers who are not currently executive officers, as a group. Non-employee directors are not eligible for participation in the employee plan.

The affirmative vote of a majority of the outstanding shares of voting stock present in person or represented by proxy entitled to vote at the Annual Meeting will be required to approve the proposed amendment to the employee plan.

Unless otherwise instructed, it is the intention of the persons named in the accompanying form of proxy to vote shares represented by properly executed proxies for approval of the proposed amendment to the employee plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE 1996 EMPLOYEE STOCK PURCHASE PLAN INCREASING THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE PLAN.

PROPOSAL 4
RATIFICATION OF THE SELECTION OF INDEPENDENT AUDITORS

The board of directors has selected Ernst & Young LLP as our independent auditors for the year ending December 31, 2002, and has further directed that we submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 1992. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

In the event the shareholders fail to ratify the selection, the board will reconsider whether or not to retain that firm. Even if the selection is ratified, the board in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the board feels that such a change would be in our and our shareholders' best interests. The affirmative vote of a majority of the shares of voting stock present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions and broker non-votes will not be counted toward the total.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS.

Audit Committee Report

The audit committee reviews and monitors our financial reporting process on behalf of the board and reviews our system of internal controls and our investment policies. The audit committee acts only in an oversight capacity, however, and it is management that has the primary responsibility for the financial statements and the reporting process. The board has adopted the charter of the audit committee.

In addition, the audit committee recommends to the board the appointment of the independent auditors and reviews their proposed audit scope, approach and independence.

The audit committee members are not professional accountants or auditors and their duties are not intended to duplicate or to certify the activities of management or the independent auditors. It is not the audit committee's duty to plan or conduct audits or to determine that our financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Consequently, the audit committee is not providing any professional certification as to the independent auditors' work or any expert assurance as to the financial statements.

The audit committee has reviewed and discussed our audited financial statements with management and Ernst & Young LLP. Management has represented to the audit committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The audit committee also discussed with Ernst & Young LLP other matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the audit committee has received from, and discussed with, Ernst & Young LLP their annual written report on their independence from us and our management, as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and considered with the auditors whether the provision of financial information systems design and implementation and other non-audit services provided to us by them during 2001 were compatible with the auditors' independence.

Based on the audit committee's discussion with management and the independent auditors and the audit committee's review of the representations of management and the independent auditors, the audit committee recommended to the board that the audited financial statements be included in our Annual Report on Form 10-K/A for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

AUDIT COMMITTEE

Jack L. Bowman
Wilfred E. Jaeger, M.D.
Phillip M. Nudelman, Ph.D.

Fees Billed by Ernst & Young LLP During 2001

Audit fees. Audit fees billed to us during 2001 for review of our annual financial statements and those financial statements included in our quarterly reports on Form 10-Q totaled \$223,725.

Audit related fees. Audit related fees billed to us during 2001 totaled \$463,402.

Financial Information Systems Design and Implementation Fees. No fees were billed to us during 2001 for financial information systems design and implementation.

All Other Fees. Fees billed to us during 2001 for all other non-audit services rendered to us, including tax-related services, totaled \$202,791.

- (1) Other annual compensation in the form of perquisites and other personal benefits has been omitted where the aggregate amount of the perquisites and other personal benefits constituted the lesser of \$50,000 or 10% of the total annual salary and bonus for the named executive officer for the applicable year.
- (2) All restricted stock grants were made on December 22, 1999 under the 1994 Equity Incentive Plan. The aggregate number of shares held by the named executive officers at the end of 2001 (and their market value as of December 31, 2001) were: Dr. Bianco, 35,394 (\$108,412); Dr. Singer, 21,243 (\$65,067); Mr. Bianco, 17,712 (\$54,252); Mr. Kenney, 18,382 (\$56,304); and Dr. Paradise, 10,000 (\$30,630). All of these grants vest 100% on the third anniversary of the grant date.
- (3) None of the named executive officers held any stock appreciation rights.
- (4) Other annual compensation for Dr. Bianco represents perquisites, including \$51,685 in tax reimbursements.
- (5) All other compensation for Dr. Bianco includes the following: (i) a premium payment of \$40,000 for life insurance required by the terms of Dr. Bianco's employment, and (ii) reimbursement of long-term disability insurance premiums of \$9,304.
- (6) Other annual compensation for Dr. Bianco represents perquisites, including \$38,772 in tax reimbursements and \$19,416 in business travel reimbursements.
- (7) All other compensation for Dr. Bianco includes the following: (i) a premium payment of \$40,000 for life insurance required by the terms of Dr. Bianco's employment, and (ii) reimbursement of long-term disability insurance premiums of \$9,461.
- (8) Other annual compensation for Dr. Bianco represents perquisites, including \$34,166 in tax reimbursements for certain perquisites, and \$61,304 in tax reimbursement with respect to loan forgiveness described in Note 9.
- (9) All other compensation for Dr. Bianco includes the following: (i) loan forgiveness of \$88,036 pursuant to the terms of Dr. Bianco's employment agreement, (ii) a premium payment of \$40,000 for life insurance required by the terms of Dr. Bianco's employment, (iii) reimbursement of long-term disability insurance premiums of \$9,461, and (iv) travel and expense reimbursements totaling \$3,900.
- (10) All other compensation for Mr. Bianco includes reimbursement for long-term disability insurance premiums.
- (11) All other compensation for Mr. Bianco includes the following: (i) reimbursement for long-term disability insurance premiums of \$8,443, and (ii) a premium payment of \$2,178 for life insurance.
- (12) All other compensation for Mr. Bianco includes the following: (i) reimbursement for long-term disability insurance premiums of \$8,499, and (ii) a premium payment of \$1,929 for life insurance.
- (13) All other compensation for Dr. Singer includes reimbursement for long-term disability insurance premiums.

Edgar Filing: CELL THERAPEUTICS INC - Form DEF 14A

The following table sets forth for each of the named executive officers the number of options granted during the year ended December 31, 2001 and the potential realizable value of such grants. No stock appreciation rights were granted to such individuals for the 2001 fiscal year.

Options Granted in Last Fiscal Year

Individual Grants

Name	Number of Securities Underlying Options Granted(1)	% of Total Options Granted to Employees in Fiscal Year (%)	Exercise Price (\$/Sh) (2)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (3)	
					5% (\$)	10% (\$)
James A. Bianco, M.D.	250,000	16.5%	\$ 27.30	11/30/11	\$ 4,291,420	\$ 10,875,300
Louis A. Bianco	75,000	4.9	27.30	11/30/11	1,287,426	3,262,590

Jack W. Singer, M.D.	75,000	4.9	27.30	11/30/11	1,287,426	3,262,590

- (1) Options were granted under the 1994 plan.
- (2) Stock options were granted at an exercise price equal to 100% of the estimated fair value of the common stock, as determined by the board of directors on the date of grant, pursuant to the terms of the 1994 plan.
- (3) Potential realizable value is based on the assumption that the common stock appreciates at the annual rates shown (compounded annually) from the date of grant until the expiration of the option term. These assumed rates of appreciation are mandated by the rules of the SEC and do not represent our estimate or projection of the future common stock price. There can be no assurance that any of the values reflected in this table will be achieved.

The following table sets forth for each of the named executive officers, the fiscal year end number and value of unexercised options. None of the named executive officers held any stock appreciation rights at the end of the 2001 fiscal year.

Aggregated Option Exercises in Latest Fiscal Year and Fiscal Year-End Option Values

Jack W. Singer, M.D.	10,000	267,792	111,198	13,333	2,354,157	281,020

- (1) This amount is the aggregate number of in-the-money options multiplied by the difference between the last reported sale price of the common stock on the Nasdaq National Market on December 31, 2001 and the exercise price for that option.
- (2) Includes 38,048 options exercised and rescinded by Dr. Bianco in 2001.
- (3) Includes 43,336 options exercised and rescinded by Mr. Bianco in 2001.

Employment Agreements

Dr. Bianco, president and chief executive officer, entered into an employment agreement with us effective July 4, 2000. The agreement provides that, in the event that Dr. Bianco's employment is involuntarily terminated, the severance benefits are equal to: eighteen months base salary, immediate vesting of all of Dr. Bianco's stock options and restricted shares, payment for life insurance and accrued but unused vacation. The employment agreement restricts Dr. Bianco from competing with us for the term of the severance payment period following

the termination of his employment with us. In addition, the severance payments are conditioned upon Dr. Bianco not soliciting our employees. The agreement also provides that, in the event a change of control (as defined in the employment agreement) occurs, then all of Dr. Bianco's stock options and restricted shares will immediately become vested. It further provides that, if any payments are subject to the excise tax on parachute payments, we will make a gross up payment in an amount that covers the excise tax due plus the excise and income taxes payable on the gross up payment.

Each of Jack W. Singer, Louis A. Bianco, and Edward F. Kenney has entered into a severance agreement with us effective September 23, 1997, February 1, 1998, and January 22, 1999, respectively. The agreements provide that, in the event any of the foregoing named executive officers is terminated by us without cause or resigns for good reason, including a change in title in connection with a change in control in the cases of Dr. Singer and Mr. Bianco: (1) we will pay the base salary for one year from the severance date, (2) we will pay accrued but unused vacation through the severance date, (3) we will continue to pay benefits for one year from the severance date, and (4) all stock options will become immediately vested. Inventions and proprietary information agreements restrict Dr. Singer from competing with us for two years after the termination of his employment with us.

Compensation Committee Report on Executive Compensation

The compensation committee of the board of directors is composed of directors who are not our employees. The compensation committee is responsible for establishing and administering our executive compensation arrangements, including the compensation of the chief executive officer and our other executive officers and key employees, subject to ratification by the board. The compensation committee also administers the 1994 plan and the 1996 employee stock purchase plan and makes all stock option grants under the 1994 plan to our executive officers.

General Compensation Policy

We operate in the extremely competitive and rapidly changing biotechnology industry. The compensation committee believes that the compensation programs for our executive officers should be designed to attract, retain and motivate talented executives responsible for our success and should be determined within a competitive framework and based on the achievement of strategic corporate objectives and individual performance and teamwork. Within this overall philosophy, the compensation committee's objectives are to:

- Offer a total compensation program that takes into consideration the compensation practices of a specifically identified peer group of companies with which we compete for executive talent.
- Integrate each executive officer's compensation package with annual and long-term corporate objectives and focus the officer's attention on the attainment of those objectives.
- Encourage the creation of shareholder value through the achievement of strategic corporate objectives.
- Provide annual variable incentive awards that take into account our performance relative to corporate objectives and the individual executive officer's contributions.
- Align the financial interests of executive officers with those of shareholders by providing significant equity-based, long-term incentives.

Compensation Components and Process

The compensation committee has developed a compensation policy that is designed to attract and retain qualified key executive officers critical to our success.

Accordingly, the compensation committee makes its decisions based upon the attainment of corporate-wide, team and individual performances. These performances are evaluated in terms of the achievement of strategic and business plan goals, including long-term goals tied to the expansion of our core technology and innovative product development, the discovery of new drug candidates and the development of our organizational infrastructure.

In establishing the compensation package of our executive officers, the compensation committee has adopted a total pay philosophy which includes three major components: (1) base salary set at levels that are commensurate with those of comparable positions at other pharmaceutical or biotechnology companies; (2) annual bonuses and stock option grants tied to the achievement of strategic corporate and team objectives and individual performance; and (3) long-term, stock-based incentive awards intended to strengthen the mutuality of interests between the executive officers and our shareholders.

The compensation committee determines the compensation levels for the executive officers with the assistance of an independent consulting firm that furnishes the compensation committee with executive compensation data drawn from several nationally recognized surveys of companies within the biotechnology and pharmaceutical industries. On the basis of those surveys, the compensation committee has identified a peer group of companies with which we compete for executive talent and which have a total capitalization and head count similar to ours and are at approximately the same stage of commercialization, which we will refer to as the peer companies.

The positions of our chief executive officer and the other executive officers were compared with those of their counterparts at the peer companies, and the market compensation levels for comparable positions were examined to determine base salary, target incentives, and total cash compensation. In addition, the practices of the peer companies concerning stock option grants were also reviewed and compared.

Base Salary. The base salary for each executive officer is set at a level considered appropriate for comparable positions at the peer companies. The compensation committee's policy is to target base salary levels at the market average level of base salary in effect for comparable positions at the peer companies. Executive officers who attain the core competencies required of their positions are paid at that level. The compensation committee makes its base salary determinations in accordance with the market average level in effect for comparable positions at the peer companies, competitive market forces and the evaluation of performance and core competency provided for each executive officer by the chief executive officer.

Variable Incentive Awards. To reinforce the attainment of our goals, the compensation committee believes that a substantial portion of the annual compensation of each executive officer should be in the form of variable incentive pay. The annual incentive payment for each executive officer is determined on the basis of the achievement of the corporate objectives established for the fiscal year and the Committee's evaluation of the officer's performance both on an individual and team basis. For the 2001 fiscal year, the corporate performance objectives were tied to the following measures of success: (1) expand the commercial prospects for TRISENOX revenue growth targeting a break even operating unit by 2003; (2) enhance our drug candidate portfolio; (3) optimize the development and commercial potential for PG-TXL; and (4) secure adequate operating capital.

Long-Term, Equity-Based Incentive Awards. The goal of our long-term equity-based incentive awards is to align the interests of executive officers with the shareholders and to provide each executive officer with a significant incentive to perform his or her management duties from the perspective of an owner with an equity stake in the business. Such incentive is provided through stock option grants made under the 1994 plan. The size of the option grant to each executive officer is set at a level which the compensation committee feels is appropriate to create a meaningful opportunity for stock ownership based upon the executive officer's current position with us, internal comparability with stock option grants made to our other executives, the executive officer's current level of performance and his or her potential for future responsibility and promotion over the option term. The compensation committee also takes into account comparable equity incentives provided to individuals in similar positions in the biotechnology and pharmaceutical industries, as reflected in external surveys, and the number of unvested options held by the executive officer at the time of the new grant. The compensation committee has established certain general guidelines by which it seeks to target a fixed number of unvested option shares for each executive officer based upon his or her current position with us and his or her potential for in-house growth (i.e., future responsibilities and possible promotions over the option term). However, the compensation committee does not strictly adhere to these guidelines in making stock option grants, and the relative weight that is given to the various factors varies from individual to individual, as the circumstances warrant.

During fiscal 2001, the compensation committee awarded the executive officers named in this proxy statement, new stock options for an aggregate of 550,000 shares of common stock. Each grant allows the officer to acquire the shares underlying the stock option at a fixed price per share (the market price on the grant date) over a ten-year period of time. Specifically, the options vest in periodic installments over a three-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return only if the officer remains with us and then only if the market price appreciates over the option term.

Compensation of the Chief Executive Officer

The base salary of our chief executive officer, James A. Bianco, M.D., is reviewed annually by the compensation committee and was \$433,008 for the 2001 fiscal year, which equates to a 0% increase over fiscal year 2000. Such salary level was established on the basis of the base salary levels in effect for chief executive officers at the other biotechnology and pharmaceutical companies comprising the peer companies. This salary level for Dr. Bianco brings him to 8% above the average of the salary levels in effect for the chief executive officers of the peer companies. The compensation committee granted Dr. Bianco bonuses of \$222,013 during 2001. This amount is 51% of base pay, and is above peer data suggesting that short term incentive target grants are approximately 40% of base pay.

Dr. Bianco was also awarded stock options for 250,000 shares of common stock at an exercise price of \$27.30 per share. The grant reflected the compensation committee's continuing policy to maintain his option holdings at a level consistent with that for other chief executive officers of comparable commercial companies in the pharmaceutical industry and to subject a portion of his overall compensation each year to the market performance of our common stock. Accordingly, the stock option grants will be of no value to Dr. Bianco unless there is appreciation in the value of our common stock over the option term.

Compliance with Internal Revenue Code Section 162(m)

As a result of Section 162(m) of the Internal Revenue Code, which was enacted into law in 1993, we will not be allowed a federal income tax deduction for compensation paid to certain officers, to the extent that compensation exceeds one (1) million dollars per officer in any one year. This limitation will apply to all compensation that is not considered to be performance based. Compensation that does qualify as performance-based compensation will not have to be taken into account for purposes of this limitation. Our 1994 plan has been structured so any compensation deemed paid in connection with the exercise of stock options granted under that plan with an exercise price equal to the market price of the option shares on the grant date will qualify as performance-based compensation. The cash compensation paid to our executive officers during fiscal 2001 did not exceed the one (1) million dollar limit per officer.

Certain Relationships and Related Transactions

On December 16, 1998, in lieu of cash bonuses, we extended loans at 4.97% annual interest to the following executive officers: Dr. Bianco, \$100,000 and Dr. Singer, \$75,000. The promissory notes provide for a single payment of principal and interest on December 16, 2002. The largest balances outstanding on the loans during 2001 were \$115,663 and \$86,747, respectively. The amounts outstanding at April 30, 2002 were \$117,789 and \$88,342, respectively.

On April 8, 2002, we extended a loan of \$3.5 million to Dr. Bianco. The loan is a full-recourse loan and is secured by a mortgage on certain property owned by Dr. Bianco, as well as 255,381 shares of our common stock owned by Dr. Bianco. The loan bears interest at the six-month LIBOR rate plus 2.25%, adjusted semi-annually (4.55% at April 8, 2002). Interest is due on October 8th and April 8th of each year that the loan is outstanding and principal is due April 8, 2004.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission reports of ownership and changes in ownership of common stock and other of our equity securities. Executive officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. We prepare Section 16(a) forms on behalf of our executive officers and directors based on the information provided by them. Based solely on review of this information, or written representations from reporting persons that no other reports were required, we believe that, during the 2001 fiscal year, all Section 16(a) filing requirements applicable to our executive officers, directors and greater than ten percent beneficial owners were complied with, other than the filings of a Form 4 for each of James A. Bianco, Louis A. Bianco, and Jack W. Singer, which were filed one day late.

Other Business

As of the date of this proxy statement, we know of no other business that will be presented for action at the meeting. We have not received any advance notice of business to be brought before the meeting by any shareholder. If other business requiring a vote of the shareholders should come before the meeting, the person designated as your proxy will vote or refrain from voting in accordance with his best judgment.

Other Information

Our Annual Report to Shareholders for the year ended December 31, 2001 is being mailed concurrently with the mailing of the Notice of Annual Meeting and Proxy Statement to all shareholders entitled to notice of and to vote at the Annual Meeting. The Annual Report is not considered proxy soliciting material nor is it incorporated into this Proxy Statement.

Shareholder Proposals

A shareholder who intends to nominate a candidate for election to the board of directors or to present a proposal of business at the 2003 Annual Meeting and desires that information regarding the proposal be included in the 2003 proxy statement and proxy materials must ensure that such information is received in writing by our secretary at our principal executive offices not later than February 7, 2003. In addition, our bylaws provide that a

proposal for action to be presented by any shareholder at an annual meeting, including the nomination of a candidate for election to the board of directors, will be considered out of order and will not be acted upon unless the proposal is received in writing by our secretary at our principal executive offices at least 90 days before the meeting. The notice must also provide certain other information as described in the bylaws. Copies of the bylaws are available to shareholders free of charge upon request to our secretary.

DESCRIPTION OF THE 1994 EQUITY INCENTIVE PLAN

Purpose. The 1994 plan provides for (a) the grant of incentive stock options, nonstatutory stock options and stock appreciation rights, (b) the award of stock bonuses, (c) the sale of stock, and (d) any other equity-based or equity-related awards which the plan administrator determines to be consistent with the purpose of the 1994 plan and our interests. The 1994 plan also provides for the automatic grant of nonstatutory options to non-employee directors pursuant to the formula described below. The terms and provisions of the 1994 plan, as amended, are summarized more fully below. This summary, however, does not purport to be a complete exposition of all the provisions of the 1994 plan. We will furnish a copy of the 1994 plan to any shareholder upon written request to our Investor Relations Department at our principal offices in Seattle, Washington.

Eligibility. The 1994 plan authorizes the granting of awards to (a) selected employees, officers and directors, and (b) selected non-employee agents, consultants, advisors and independent contractors. Directors who are not employed by us shall receive automatic nonstatutory stock option grants under the 1994 plan, as described below, and will also be eligible to receive other awards under the 1994 plan. All persons selected by the plan administrator to receive awards under the 1994 plan must be individuals that the plan administrator believes have made or will make important contributions to our success.

Automatic Grants to Non-Employee Directors Under the 1994 Plan. Each non-employee director is automatically granted a fully vested nonstatutory stock option to purchase 15,000 shares of common stock upon his or her election to the board of directors for the first time. In addition, each non-employee director is automatically granted a fully vested nonstatutory stock option to purchase 5,000 shares of common stock on each anniversary of his or her immediately preceding election to the board of directors. The exercise price of such options is 100% of the fair market value of the shares of common stock on the date of grant. Each such option will have a ten-year term from the date of grant, unless earlier terminated upon termination of a non-employee director's service with us.

Number of Shares Covered by the 1994 Plan. 6,536,715 shares of common stock have been reserved for issuance under the 1994 plan. If the shareholders approve the adoption of the amendment to the 1994 plan, a total of 8,336,715 shares of common stock (representing approximately 24% of the total number of shares of common stock issued and outstanding as of May 24, 2002) will have been reserved for grant under the 1994 plan, of which 4,455,755 shares are subject to outstanding options and restricted share awards, and 2,227,384 shares would be available for future grants. If an option granted under the 1994 plan expires, terminates or is canceled, the unissued shares subject to such option shall again be available for issuance under the 1994 plan, and if shares sold under the 1994 plan are forfeited to us or are repurchased by us at the issue price paid per share, the number of shares forfeited or repurchased shall again be available for issuance under the 1994 plan. In no event may any one participant in the 1994 plan be granted stock options and direct stock awards for more than 500,000 shares in the aggregate per calendar year under the 1994 plan.

Administration. The 1994 plan is administered by the compensation committee of the board of directors. The compensation committee may promulgate rules and regulations for the operation of the 1994 plan, interprets the 1994 plan and related agreements and generally supervises the administration of the 1994 plan. The compensation committee determines the persons to whom awards will be made under the 1994 plan, the amount of the awards, and the other terms and conditions of the awards. The compensation committee may also advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction with respect to an award, or give an employee an election to surrender an existing award in exchange for the grant of a new award.

Term of 1994 plan. The 1994 plan was approved by the board of directors on January 7, 1994, and will terminate upon the earlier of (i) the date that all shares available for issuance under the 1994 plan have been

issued and all restrictions on such shares have lapsed or (ii) January 1, 2004. The board of directors has the power to suspend, terminate, modify or amend the 1994 plan at any time.

Stock Options. The compensation committee may grant stock options under the 1994 plan. The compensation committee will determine the persons to whom options will be granted, the exercise price of each option, the number of shares to be covered by each option, the period of each option, the times at which each option may be exercised, and whether each option is an incentive stock option or a nonstatutory stock option. Options granted under the 1994 plan must have exercise prices that are not less than 100% of the fair market value of the underlying shares on the date of grant. However, if an optionee of an incentive stock option at the time of grant possesses more than 10% of the combined voting power of all classes of our stock (we will refer to such a person as a 10% shareholder), the exercise price may not be less than 110% of the fair market value of the underlying shares on the date of grant. Options may be granted under the 1994 plan for varying periods established at the time of grant (not to exceed ten years from the date of grant for incentive stock options, or five years from the date of grant for incentive stock options granted to any 10% shareholder). During the optionee's lifetime, the option is generally exercisable only by the optionee and may not be assigned or transferred other than by will or the laws of inheritance following the optionee's death. The compensation committee may, however, allow nonstatutory options to be transferred or assigned during the optionee's lifetime to one or more family members or a trust established exclusively for such family members, to the extent such transfer or assignment is in furtherance of the optionee's estate plan. Options will be exercisable in accordance with the terms of an option agreement entered into at the time of the grant. In the event of the death or other termination of an optionee's employment or service with us, the 1994 plan provides that the optionee's options may be exercised for specified periods thereafter (generally one year in the case of termination by reason of death or disability and three months in the case of termination for any other reason). The 1994 plan also provides that upon any termination of employment or service, the compensation committee may extend the exercise period for any option up to the expiration date of the option and may increase the portion of the option that is exercisable. The 1994 plan does not allow options to be exercised after their expiration date. The purchase price for shares of common stock purchased on exercise of options granted under the 1994 plan must be paid in cash, including cash that may be the proceeds of a loan from us or, with the consent of the compensation committee, in whole or in part in shares of our common stock. With the consent of the compensation committee, an optionee may request us to apply the shares to be received on exercise of a portion of an option to satisfy the exercise price for additional portions of the option.

Stock Bonuses. The compensation committee may award shares of common stock as stock bonuses under the 1994 plan. The compensation committee will determine the persons to receive stock bonuses, the number of shares to be awarded and the time of the award. No cash consideration (other than tax withholding amounts) will be paid by persons in connection with stock bonuses. Shares received as a stock bonus may be subject to terms, conditions and restrictions as determined by the compensation committee.

Stock Purchases. The compensation committee may authorize the sale of shares of our common stock under the 1994 plan to eligible individuals in our service, but in no event may the price payable per share be less than 75% of the fair market value of the shares at the time of issuance. The issued shares will be subject to such terms, conditions and limitations as the compensation committee deems appropriate. Such limitations may include restrictions on the transferability of the shares and the implementation of a vesting schedule pursuant to which the issued shares will be subject to forfeiture or repurchase by us, at the issue price paid per share, should the recipient leave our employ or service prior to vesting in those shares.

Changes in Capital Structure. If any recapitalization, reclassification, stock split, combination of shares or stock dividend causes the outstanding shares of our common stock to increase or decrease or to be changed into a different number or kind of securities of ours or any other corporation, the compensation committee shall make appropriate adjustments in (i) the number and kind of securities available for awards under the 1994 plan, (ii) the number and kind of securities as to which outstanding options shall be exercisable, such that the participant's

proportionate interest before and after the event is maintained, (iii) the maximum number and kind of securities for which any one participant may be granted options and direct stock awards under the 1994 plan per calendar year and (iv) the number and kind of securities for which stock options will automatically be granted to newly elected or continuing non-employee directors. Appropriate adjustments will also be made to the exercise price then in effect under outstanding options.

Effect of Reorganization or Liquidation. The 1994 plan provides for automatic acceleration of the vesting of options granted under the 1994 plan if a merger, consolidation, reorganization, plan of exchange or liquidation results in our shareholders receiving cash, stock or other property in exchange for their shares, except as specified in the following paragraph. Option holders will have the right during the thirty (30) day period immediately prior to any such event to exercise their options without any limitation on exercisability. The 1994 plan provides that, if our shareholders receive stock of another corporation in exchange for shares of our stock in any merger, consolidation, reorganization or plan of exchange, all options granted under the 1994 plan will be converted into options to purchase shares of the stock of the other corporation. Under the 1994 plan the compensation committee may, in its discretion, accelerate the vesting of options in lieu of their conversion, in which event holders would have a thirty (30) day period prior to such event to exercise their options, as provided above. In addition, the 1994 plan allows the compensation committee to accelerate the vesting of the options granted under the 1994 plan upon the occurrence of a change in control. A change in control is defined as (a) the acquisition, directly or indirectly, by any individual, entity or group (within the meaning of Section 13(d) or 14(d)(2) of the Securities Exchange Act of 1934 (the "1934 Act")), of beneficial ownership (within the meaning of Rule 13d-3 under the 1934 Act) of securities representing 50.1% or more of either the then outstanding shares of our common stock or the combined voting power in the election of directors of our then outstanding voting securities, (b) individuals who, as of the effective date of the plan, constitute the board of directors (the "Incumbent Board") (including any individual whose subsequent election or nomination was approved by a vote of at least a majority of the directors then comprising the Incumbent Board) cease for any reason to constitute at least a majority of the board of directors, or (c) approval by our shareholders of certain reorganizations, mergers or consolidations, or of certain liquidations, dissolutions or dispositions of all or substantially all of our assets. The compensation committee may make awards under the 1994 plan that have terms and conditions that vary from those specified in the 1994 plan when such awards are granted in substitution for, or in connection with the assumption of, existing awards made by another corporation and assumed or otherwise agreed to be provided for by us in connection with a corporate merger or other similar transaction to which we or one of our affiliates is a party. The compensation committee may also specify the terms and provisions of other equity-based or equity-related awards not described in the 1994 plan which the compensation committee determines to be consistent with the purpose of the 1994 plan and our interests.

Amendment of Plan. The board of directors may amend, alter, suspend or terminate the 1994 plan, or any part thereof, at any time and for any reason. However, we shall obtain shareholders approval for (i) any amendment to the 1994 plan to the extent necessary and desirable to comply with applicable law and (ii) any repricing or option exchange program. No such action by the board of directors or shareholders may generally alter or impair any award previously granted under the 1994 plan without the written consent of the holder of such award.

Federal Income Tax Consequences

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market

value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director, or 10% shareholder. Unless limited by Section 162(m) of the Code, we are entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Unless limited by Section 162(m) of the Code, we are entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income.

Restricted Stock. Stock purchase rights will generally be taxed in the same manner as nonstatutory stock options. However, restricted stock is subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code, because we may repurchase the stock when the purchaser ceases to provide services to us. As a result of this substantial risk of forfeiture, the purchaser will not recognize ordinary income at the time of purchase. Instead, the purchaser will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture (i.e., when our right of repurchase lapses). The purchaser's ordinary income is measured as the difference between the purchase price and the fair market value of the stock on the date the stock is no longer subject to right of repurchase.

The purchaser may accelerate to the date of purchase his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of purchase), an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the purchase price and the fair market value of the stock on the date of purchase, and the capital gain holding period commences on such date. The ordinary income recognized by a purchaser who is an employee will be subject to tax withholding by us. Different rules may apply if the purchaser is also an officer, director, or 10% shareholder.

The foregoing is only a summary of the effect of federal income taxation upon optionees and upon us with respect to the grant and exercise of options under the 1994 plan. It does not purport to be complete, and does not discuss the tax consequences of the employee's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee or consultant may reside.
