### I. INFORMATION ABOUT VOTING

Solicitation of Proxies. The Board of Directors ("Board") of Crown Castle International Corp. ("CCIC" or the "Company") is soliciting proxies for use at the 2002 Annual Meeting of CCIC ("Annual Meeting") and any adjournments of the Annual Meeting. CCIC first sent this proxy statement, the accompanying form of proxy and the CCIC Annual Report for 2001 to its stockholders on or about April 26, 2002.

Agenda Items. The agenda for the Annual Meeting is to:

1. Elect three class I directors for a term of three years;

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

2. Ratify the appointment of KPMG LLP as the Company's independent public accountants for 2002; and
3. Conduct other business properly before the Annual Meeting.

Who can Vote. You can vote at the Annual Meeting if you are a holder on the Record Date of CCIC's common stock, par value of \$0.01 per share ("Common Stock"), or CCIC's 8 1/4% Series A Cumulative Convertible Redeemable Preferred Stock ("8 1/4% Convertible Preferred Stock"). The record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting is the close of business on April 9, 2002 ("Record Date"). Holders of Common Stock will have one vote for each share of Common Stock, and holders of 8 1/4% Convertible Preferred Stock, which vote on an as converted basis, will have an aggregate of 7,441,860 votes. As of the close of business on April 9, 2002, there were 220,387,529 shares of Common Stock and 200,000 shares of 8 1/4% Convertible Preferred Stock outstanding. As of the Record Date, the outstanding shares of 8 1/4% Convertible Preferred Stock were convertible into an aggregate of 7,441,860 shares of Common Stock. All outstanding shares of Common Stock are entitled to vote, other than the 15,597,783 shares of Common Stock held by Crown Atlantic Holding Company LLC and the 5,063,731 shares of common stock held by Crown Castle GT Company LLC (the limited liability companies for CCIC's joint ventures with certain indirect subsidiaries of Verizon Communications Inc.), which are not entitled to vote or be counted for quorum purposes while held by such ventures.

How to Vote. You may vote in two ways:

- . You can come to the Annual Meeting and cast your vote there.
- . You can vote by signing and returning the enclosed proxy card (or contacting the internet or telephone voting service listed on your proxy card). If you do, the individuals named on the card will vote your shares in the manner you indicate.

Use of Proxies. Unless you tell the Board on the proxy card to vote differently, the Board plans to vote all shares represented by the signed and returned proxies FOR the Board nominees named herein and FOR the ratification of the appointment of KPMG LLP as the

3

Company's independent public accountants for 2002. The Company does not now know of any other matters to come before the Annual Meeting. If they do, proxy holders will vote the shares represented by the proxies in their best judgment.

Revoking a Proxy. You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

- . Sending a written notice of revocation to the Corporate Secretary of CCIC;
- . Delivering a properly executed, later-dated proxy; or
- . Attending the Annual Meeting and voting in person.

The Quorum Requirement. A quorum of stockholders is needed to hold a valid Annual Meeting. A quorum will exist to hold a valid Annual Meeting if the holders of at least a majority in voting power of the outstanding shares of Common Stock and 8 1/4% Convertible Preferred Stock entitled to vote at the Annual Meeting either attend the Annual Meeting in person or are represented by

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

proxy. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum. A broker non-vote occurs when a broker votes on some matters on the proxy card but not on others because the broker has not received voting instructions from its customer or does not have the authority to do so.

Vote Required for Action. Directors are elected (Proposal 1) by a plurality vote of the holders of shares of Common Stock and the holders of 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors, voting together as a single class. The ratification of KPMG LLP as CCIC's independent public accountants for 2002 (Proposal 2) requires the affirmative vote of the holders of a majority of the voting power represented by the shares of Common Stock and 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matter, voting together as a single class.

Generally, all other actions require the affirmative vote of a majority of the voting power represented by shares of Common Stock and 8 1/4% Convertible Preferred Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matters, voting together as a single class. With respect to Proposal 1, abstentions and broker non-votes have no effect on determinations of plurality, except to the extent that they affect the total votes received by any particular candidate. Abstentions have the effect of a no vote with respect to Proposal 2. Shares represented by broker non-votes will not be considered to be present at the Annual Meeting for purposes of Proposal 2; therefore, broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated.

## II. PROPOSALS

### 1. The Election of Directors

CCIC has three classes of directors of as nearly equal size as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The term for class I directors expires at the 2002 Annual Meeting.

The nominees for class I directors this year are: Dale N. Hatfield, Lee W. Hogan and Robert F. McKenzie.

The nominees have consented to be nominated and have expressed their intention to serve if elected. The Board expects that each of the nominees for class I directors will be able and willing to serve as directors. If any nominee is not available, the proxies may be voted for another person nominated by the current Board to fill the vacancy, or the size of the Board may be reduced. Information about the nominees, the continuing directors and the Board is contained in the next section of this proxy statement.

The Board of Directors recommends a vote FOR the election of Dale N. Hatfield, Lee W. Hogan and Robert F. McKenzie as class I directors.

5

### 2. Ratification of Appointment of Independent Public Accountants

The Audit Committee of the Board has recommended that KPMG LLP continue to serve as CCIC's independent public accountants for 2002. KPMG LLP has served as

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

CCIC's independent public accountants since 1995. An adverse vote will be considered as a direction to the Audit Committee of the Board to select other auditors for 2003.

The Company expects a representative of KPMG LLP to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

**Audit Fees.** The aggregate fees, including out-of-pocket expenses, billed for professional services rendered by KPMG LLP for the audit of the Company's consolidated financial statements as of and for the year ended December 31, 2001, and the reviews of the Company's unaudited condensed consolidated interim financial statements as of March 31, 2001, June 30, 2001, and September 30, 2001 were \$400,000.

**Financial Information Systems Design & Implementation Fees.** KPMG LLP did not engage in any activities or receive any fees for 2001 relating to designing or implementing hardware or software systems that aggregate source data underlying the financial statements or generate information that is significant to the Company's financial statements taken as a whole.

**All Other Fees.** In addition to the fees described above, aggregate fees, including out-of-pocket expenses, of \$1,427,000 were paid to KPMG LLP during the year ended December 31, 2001, primarily for the following professional services: tax-related services (\$677,000); due diligence for acquisitions (\$166,000); registration statements (\$165,000); and statutory and other audits (\$419,000).

The Board of Directors recommends a vote FOR ratification of the appointment of KPMG LLP as the Company's independent public accountants for the year 2002.

- .. Retainer and Fees. Each independent director of CCIC receives an annual retainer of \$20,000 (\$25,000 for Board committee chairmen, effective 2002) paid quarterly and reimbursement of reasonable incidental expenses. Each independent director also receives \$1,500 for each Board meeting attended (\$500 if such meeting is held by conference call) and \$1,500 for each Board committee meeting attended (plus, in the case of Board committee Chairmen, an additional \$1,000 for each committee meeting after the fourth such meeting in any given year, effective 2002).
- .. Options. At the first Board meeting of each year, CCIC grants each independent director an option to purchase 15,000 shares of Common Stock pursuant to the Amended and Restated 1995 Stock Option Plan. In addition, each new independent director is granted 25,000 options upon such director's initial election or appointment to the Board. The exercise price of these options equals the fair market value of the shares at the close of business on the date of grant. The options have a 10-year life and are exercisable on the date of grant. In 2001, CCIC granted each independent director an option to purchase 15,000 shares at a price of \$24.69 per share.

Executive Compensation--Employment, Termination and Change of Control Arrangements"). Each management director receives no additional compensation for service as a director.
- .. Certain Relationships and Related Transactions. On November 19, 1999, GE Capital Structured Finance Group, or SFG, made a \$200,000,000 strategic investment in CCIC in exchange for 200,000 shares of CCIC's 8 1/4% Convertible Preferred Stock and warrants to purchase 1,000,000 shares of CCIC's Common Stock. The warrants have an exercise price of \$26.875 per share and are exercisable, in whole or in part, at any time for a period of five years following the issue date. The net proceeds of this investment were used to pay a portion of the purchase price for CCIC's transaction with GTE Wireless. The certificate of designations relating to the 8 1/4% Convertible Preferred Stock provides that so long as GE Capital or its permitted transferees hold at least 50% of such 8 1/4% Convertible Preferred Stock, GE Capital will have the right to designate one nominee to be a member of the Board of Directors of CCIC. William D. Strittmatter has served as a director of CCIC as the nominee of GE Capital since November 1999 and is also Vice President of GE Capital and Managing Director--Telecommunications for SFG.

Percentage ownership shown is based on the number of shares of Common Stock outstanding as of April 9, 2002 rather than February 11, 2002.
- (e) Based upon an amendment to Schedule 13D filed on January 23, 2001, Salomon Brothers International Limited ("SBIL"), Salomon Brothers Europe Limited ("SBEL"), Salomon International LLC ("SI"), Salomon Brothers Holding Company Inc. ("SBHC"), Salomon Smith Barney Holdings Inc. ("SSBH"), and Citigroup Inc. each report shared voting and dispositive power with respect to the 17,713,536 shares

(the "Covered Shares"). In addition, the Schedule 13D indicates shared voting and dispositive power of an additional 160,968 shares of Common Stock by SBHC, reflecting securities beneficially owned by certain other subsidiaries of SBHC (including securities convertible into Common Stock). The Schedule 13D also indicates shared voting and dispositive of an additional 246,710 shares of Common Stock by each of SSBH and Citigroup Inc., reflecting securities beneficially owned by certain other subsidiaries of SSBH and Citigroup Inc. (including securities convertible into Common Stock).

The Schedule 13D states that on July 5, 2000, SBIL purchased the Covered Shares from Transmission Future Networks B.V. ("TFN"), a wholly-owned indirect subsidiary of France Telecom S.A. ("FT"). The acquisition of the shares was made in connection with the disposition by FT and its affiliates (including TFN) of their interests in the Company and its affiliates, in accordance with a letter of undertakings between FT and the United Kingdom Secretary of State for Trade and Industry. Pursuant to a Disposition Agreement, dated as of May 17, 2000 and amended as of June 5, 2000 (the "Disposition Agreement"), among the Company, CCUK, FT, TFN, Telediffusion de France International S.A. and SBIL, SBIL agreed, subject to certain exceptions, not to dispose of the Covered Shares prior to June 8, 2001. Following such date, TFN is entitled, pursuant to a Confirmation for Equity Swap Transaction, dated as of July 5, 2000 (the "Swap Agreement"), among TFN, FT and SBIL, to direct SBIL to dispose of the Covered Shares in a manner specified by TFN. Upon the occurrence of certain events of default with respect to FT or TFN or certain other contingencies, however, SBIL may sell the Covered Shares without TFN's direction. If the Covered Shares have not been disposed of prior to June 8, 2002 (subject to extension under certain circumstances set forth in the Disposition Agreement), the Company will be entitled to direct SBIL to dispose of any remaining Covered Shares. Pursuant to the Disposition Agreement, SBIL has granted an irrevocable proxy to each of the general counsel and associate general counsel of the Company to vote the Covered Shares in the same proportion as the votes cast by or on behalf of all other holders of Common

Stock of the Company.

By reason of their relationship, Citigroup, SSBH, SBHC, SI and SBEL may be deemed to share voting and dispositive power with respect to Common Stock owned by SBIL. In addition, by reason of certain provisions in the Disposition Agreement and the Swap Agreement described above, the Company may be deemed to share voting power with respect to the Covered Shares held by SBIL, and TFN, FT and the Company may be deemed to share dispositive power with respect to the Covered Shares held by SBIL. Percentage ownership shown is based on the number of shares of Common Stock outstanding as of April 9, 2002 rather than January 23, 2001.

- (f) Based on a Schedule 13D filed on April 9, 1999, Cellco Partnership (currently doing business as Verizon Wireless), and Bell Atlantic Corporation (predecessor in interest

23

to Verizon Communications Inc. ("Verizon")) report shared voting and dispositive power with respect to all such shares. The 15,597,783 shares are currently held by Crown Atlantic Holding Company LLC ("CA JV"), a joint venture owned 56.9% by CCIC's subsidiary, CCA Investment Corp., and 43.1% by an indirect subsidiary of Verizon (the "Verizon CA Sub"). Pursuant to the terms of the agreements relating to the CA JV, the Verizon CA Sub may trigger the dissolution of the joint venture at any time after March 31, 2002, at which time all shares of Common Stock held by the joint venture will be distributed to the Verizon CA Sub. For purposes of the percentage ownership calculation set forth in the table, the shares held by the CA JV are included in the number of shares of Common Stock outstanding. The Schedule 13D states that Verizon Wireless and Verizon disclaim beneficial ownership of the 15,597,783 shares of Common Stock for all purposes other than Section 13 of the Securities Exchange Act of 1934, as amended. The number of shares set forth in the table with respect to Verizon excludes the 5,063,731 shares of Common Stock held by Crown Castle GT Holding Company LLC ("GT JV"), a joint venture owned 82.2% by CCIC's subsidiary, Crown Castle GT Company LLC, and 17.8% by an indirect subsidiary of Verizon (the "Verizon GT Sub"). Pursuant to the terms of the agreements relating to the GT JV, the Verizon GT Sub may trigger the dissolution of the joint venture at any time after January 31, 2003, at which time all shares of Common Stock held by the GT JV will be distributed to the Verizon GT Sub. On or after December 2, 2002 (60 days prior to January 31, 2003), Verizon may be deemed to have shared voting and shared dispositive power with respect to the aggregate 20,661,514 held by the CA JV and the GT JV, which amount would constitute beneficial ownership of 9.38% of CCIC's Common Stock as of April 9, 2002. For purposes of the percentage ownership calculation in the foregoing sentence, the shares held by the CA JV and the GT JV are included in the number of shares of Common Stock outstanding.

- (g) Represents all outstanding shares of 8 1/4% Convertible Preferred Stock. Such shares of Preferred Stock are convertible into an aggregate of 7,441,860 shares of Common Stock and vote with the Common Stock in proportion to the number of shares of Common Stock into which they are convertible. General Electric Capital Corporation also holds warrants to acquire 1,000,000 shares of Common Stock.

### Option Grants in 2001

The following table provides details regarding stock options granted in 2001 to executive officers named in the Summary Compensation Table. In addition, in accordance with SEC rules, the hypothetical gains are shown that would exist for the respective options based on assumed rates of annual compounded growth in the stock price of 5% and 10% from the date the options were granted over the full option term. The actual value, if any, an executive may realize will depend on the spread between the market price and the exercise price on the date the options are exercised.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(a)	
	Number of Securities Underlying Options Granted (#)	% of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Sh)	Expiration Date	5% (\$)	10% (\$)

(a) The potential realizable value assumes a per-share market price at the time of the grant to be approximately equal to the exercise price with an assumed rate of appreciation of 5% and 10%, respectively, compounded annually for the term of the options.

(b) These options were granted as front-loaded performance options ("Front Loaded Options"). The vesting terms relating to the Front Loaded Options

are more specifically described herein at "VII. Executive Compensation-- Compensation Committee Report on Executive Compensation." The expiration date set forth above with respect to the Front Loaded Options assumes the performance hurdle related to such options will be met; however, at the assumed rate of appreciation of 5% and 10% described in footnote (a) above, the performance hurdle would not be met and such options would expire five years and one month after their date of grant.

### Employment, Termination and Change of Control Arrangements

.. Severance Agreements. Under severance agreements entered into with each of

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

the executive officers named above in "VII. Executive Compensation--Summary Compensation Table", CCIC is required to provide severance benefits to these executive officers if they are terminated without cause (as defined in the severance agreements) or they terminate their employment with good reason (as defined in the severance agreements) (collectively, a "qualifying termination"). The severance agreements provide for enhanced severance benefits if the executive officers incur a qualifying termination within the two-year period following a change in control (as defined in the severance agreements). Upon a qualifying termination that does not occur during the change in control period, an eligible executive officer is entitled to:

- . a lump sum payment equal to two times the sum of his base salary and annual bonus,
- . a prorated cash amount equal to his annual bonus for the year of termination,
- . continued coverage under specified welfare benefit programs for two years, and
- . immediate vesting of any outstanding options and restricted stock awards.

Upon a qualifying termination during the change in control period, an eligible executive officer is entitled to:

- . receive a lump sum payment equal to three times the sum of his base salary and annual bonus,
  - . continued coverage under specified welfare benefit programs for three years, and
  - . immediate vesting of any outstanding options (which remain exercisable for two years following employment or service as a director, if applicable) and restricted stock awards.
- .. Stock Options. All unvested stock options granted to executive officers vest upon a change in control. The accelerated vesting provisions relating to a change in control are contained in the individual stock option agreements.
- .. Additional Severance Arrangements. During 2001, the Company also negotiated a separate severance arrangement for Ted B. Miller, Jr, who resigned as Chief Executive Officer of the Company effective August 20, 2001. Pursuant to the terms of the severance arrangement, Mr. Miller received:
- . an amount in cash equal to three times the sum of his base salary and annual bonus at the time of his resignation,
  - . an amount in cash equal to his annual bonus for 2001, pro rated for the time during which he served as an executive officer in 2001,

29

- . continued coverage under specified welfare benefit programs for three years, and
  - . immediate vesting of any outstanding options, which remain exercisable until five years following the date Mr. Miller ceases to serve on the Board.
- .. Employment Agreement. The Company has entered into an employment agreement

with Peter G. Abery in connection with Mr. Abery's appointment as President and Managing Director of CCUK. The contract has a term from January 1, 2002 through December 2004. The agreement provides that Mr. Abery shall receive the following compensation during the term:

- . base salary of \$250,000 per year,
- . eligibility for an annual bonus of 75% of base salary provided performance hurdles are met,
- . options to purchase 100,000 shares of the Company's common stock at an exercise price of \$10.50 per share,
- . bonus of \$75,000 to be paid upon completion of the term,
- . health care and other employee welfare benefits, and
- . access to an employee vehicle, and relocation, career transition and housing assistance.

### Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors reviews, evaluates and establishes the salary levels of corporate executive officers (the chief executive officer ("CEO"), officers reporting directly to the CEO, and certain other officers--currently 10 persons) and administers CCIC's stock option and other compensatory plans. The current members of the Committee are J. Landis Martin, Chairman, Lee W. Hogan and Robert F. McKenzie. The following report presents the Committee's summary of CCIC's compensation programs and policies and describes the bases for compensation of CCIC's executive officers and its CEO.

- .. Goals. The principal goals of CCIC's executive compensation policy are to provide competitive compensation opportunities to attract and retain qualified and productive executive employees; to motivate executives to meet and exceed corporate financial goals; and to create meaningful links between corporate performance, individual performance and rewards. It has been CCIC's traditional executive compensation policy that a significant portion of the compensation paid to the executive officers should be based on CCIC's results of operations and the growth in value of its equity. CCIC's executive officer compensation program is designed to align executive officer compensation with stockholder interests. Specifically, the program seeks to:
  - . incentivize and reward executive officers for sound business management and improvement in stockholder value
  - . balance its components so that the accomplishment of short-term and long-term operating and strategic objectives is encouraged and recognized
  - . encourage achieving objectives within a team environment
  - . attract, motivate and retain executive officers necessary for the long-term success of CCIC
- .. Compensation Program. For the year 2001, as in prior years, the Compensation Committee reviewed the compensation programs of certain competitors and "peers" in similar industries. All of the companies used by the Compensation Committee as the peer group for evaluating CCIC's executive officer

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

compensation offer base salary, stock options and bonuses. Some of the companies used by the Committee as the peer group are among those included in the Communications Services, NEC index contained in the Stockholder Return Performance Presentation graph set forth on page 35 of this proxy statement.

The Committee believes that using stock options and performance-based bonuses matches executive officers' interests with those of the stockholders. The market price of CCIC's stock must increase in order for an executive officer to receive the value of a stock option. Therefore, CCIC's operating goals and individual incentives are targeted towards those activities that increase stockholder value. If CCIC does not perform, the options are of less value and performance-based bonuses are reduced.

31

In the Committee's assessment of compensation levels, the Committee takes into consideration performance relative to the individual responsibilities of the executive officers and considerations of internal equity, as well as the financial performance of CCIC relative to its goals. The Committee also considers the competitiveness of the entire executive compensation package and each of its individual components. The Committee reviews CCIC's overall performance and each executive officer individually to determine salary and bonus adjustments and to determine stock awards.

- .. Salaries. The Committee approves the annual salaries for all executive officers of CCIC. The Committee reviews recommendations made by the CEO with regard to salary adjustments for executive officers other than himself, and then either approves or amends these recommended salary adjustments. The Committee independently reviews performance of the CEO and determines an appropriate salary based on the criteria set forth above, as well as input from outside compensation consultants and other sources. In 2001, the Committee retained the services of Towers Perrin to review CCIC's overall compensation packages for executive officers. The majority of the executive officers received adjustments to their base salaries for 2001 to more closely align their compensation with the market analysis prepared by Towers Perrin.
- .. Incentive Compensation. Each year, the Committee approves incentive bonuses for the executive officers of CCIC using similar methodologies to those employed in evaluating salaries for the executive officers. As in prior years, achievement of certain performance targets, such as the improvement of earnings before interest, taxes, depreciation and amortization, were used by the Committee in awarding bonuses for 2001. Depending on the level at which the performance goals are met, the CEO and the other executive officers generally are eligible for cash bonuses approximating 50 to 100 percent of their base salaries. Bonuses were paid to executive officers for 2001 based upon the level at which their respective business segments achieved performance goals; in addition, bonuses were also paid to certain persons for significant individual contributions.
- .. Stock Options. Historically, the CCIC executive officers were granted discretionary annual incentive stock options pursuant to the Amended and Restated 1995 Stock Option Plan, based upon individual and corporate performance. In addition, the Committee had historically granted stock options to executive officers from time to time pursuant to a discretionary option pool (the "Option Pool") of up to 1.29% of the purchase price or deal value for major acquisitions, mergers, new business initiatives and similar transactions that were consistent with CCIC's mission statement and long-term business plans. Following the approval of the 2001 Stock Incentive Plan at the annual stockholders' meeting held on June 5, 2001, the Committee terminated the Option Pool.

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

Following a change in certain management positions, the Board in September 2001 (following review and recommendation by the Committee) granted certain front-loaded

32

performance accelerated options under the Amended and Restated 1995 Stock Option Plan ("Front-Loaded Options") to the CEO, John P. Kelly, the other executive officers and certain other key employees of CCIC. The number of Front-Loaded Options granted to each recipient was approximately equal to the number of options which would have otherwise been expected to be granted to such individual as annual incentive stock options for the years 2001, 2002 and 2003. The Front-Loaded Options have an exercise price equal to \$8.70 per share, the closing share price of the CCIC common stock on the date of grant.

In the absence of the achievement of the Performance Hurdle (defined below), the Front-Loaded Options vest on the fifth anniversary of the date of grant and expire one month thereafter. The vesting of the Front-Loaded Options is accelerated as follows upon CCIC common stock reaching a target price of \$20.00 per share for twenty consecutive trading days (the "Performance Hurdle"):

Hurdle Met Within:	Vesting Schedule:
-----	-----
1st year of grant date	25% on first four anniversaries of grant
1st and 2nd anniversary of grant	33% on second, third and fourth anniversary of grant
2nd and 3rd anniversary of grant	50% on third and fourth anniversary of grant
3rd and 4th anniversary of grant	100% on fourth anniversary of grant
4th and 5th anniversary of grant	100% on date performance hurdle met

Absent special circumstances, it is not expected that individuals who received Front-Loaded Options under this program will receive annual incentive options for 2002 or 2003.

.. Compensation of the Chief Executive Officer. During 2001, Ted B. Miller, Jr. served as CEO of CCIC from January 1, 2001 until August 20, 2001; thereafter, John P. Kelly served as CEO.

For 2001, the Committee set Mr. Miller's base salary at \$500,000, \$286,540 of which had been paid through August 20, 2001. In determining the level of Mr. Miller's salary, the Committee considered the market in which CCIC competes, the compensation of similarly situated officers at certain competitors and "peers" in similar industries, CCIC's performance in 2000 and Mr. Miller's contributions to corporate performance. Mr. Miller did not receive non-qualified stock options under the company's annual incentive stock option program for 2001, as he was not serving as CEO at the end of 2001. In connection with Mr. Miller's resignation as CEO, and in connection with his severance arrangement, CCIC provided Mr. Miller an aggregate severance of \$3,353,123 in cash (calculated as three years' base salary and bonus and an amount equal to his pro rated annual target bonus for 2001), three years of medical, dental, vision, disability and death benefits, and the vesting of all stock options held by Mr. Miller with an exercise period

## Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form DEF 14A

of five years after he ceases to serve on the Board (see "VII. Executive Compensation--Employment, Termination and Change of Control Arrangements").

33

Mr. Kelly began 2001 as President and Chief Operating Officer of CCIC. The Committee set Mr. Kelly's base salary for that position at \$325,000. At Mr. Kelly's request, the Committee did not increase his salary for 2001 following his appointment as CEO on August 20, 2001. Mr. Kelly also received a bonus of \$243,800 (or 75% of his base salary) for his service during 2001; again, this amount reflects the amount he otherwise would have received had he not assumed the additional responsibilities of CEO. In addition, in 2001, the Company granted Mr. Kelly Front-Loaded Options to purchase 590,000 shares of common stock of the Company having an exercise price equal to \$8.70 and subject to the vesting terms described above under "Stock Options". In determining the level of Mr. Kelly's salary, bonus and Front Loaded Option grant, the Committee considered the market in which CCIC competes, the compensation of similarly situated officers at certain competitors and "peers" in similar industries, CCIC's performance in 2000, Mr. Kelly's contributions to corporate performance, and Mr. Kelly's request that his cash compensation not be increased for 2001 following his appointment as CEO.

.. Summary. The Committee has considered the impact of Section 162(m) of the Code regarding the corporate limitations on deducting certain compensation expenses. It is the Committee's intent to adopt policies to obtain maximum tax deductibility of executive compensation consistent with providing motivational and competitive compensation, which is truly performance-based. However, it is also the Committee's intent to balance the effectiveness of its plans and compensation policies against the materiality of any possible lost deductions.

The Committee believes that CCIC's executive compensation policies and programs serve the interests of the stockholders and the Company effectively. The Committee believes the various compensation programs are appropriately balanced to provide motivation for executives to contribute to CCIC's overall success and enhance the value of CCIC for the stockholders' benefit. When performance goals are met or exceeded, resulting in increased value to stockholders, executives are rewarded commensurately. The Committee will continue to monitor the effectiveness of CCIC's total compensation program and continue to make proposals where appropriate, in order to meet the current and future needs of CCIC.

Lee W. Hogan
