PROXY STATEMENT FOR 2003 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Q: What am I being asked to vote on?

A: We are asking you to vote on the following:

- o the election of two members to our Board of Directors to serve until 2006;
- o the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors for 2003; and
- o any other business that may properly come before the meeting or any adjournment or postponement of the meeting.

Q: Who may vote?

A: All stockholders of record as of the close of business on March 18, 2003, are entitled to vote. Holders of our common stock are entitled to one vote per share. As of March 18, 2003, 27,945,012 shares of our common stock were outstanding and entitled to vote.

Q: Who may attend the meeting?

A: All stockholders as of the record date, or their duly appointed proxies, may attend the meeting.

Q: How do I vote?

A: You may vote in two ways:

- o you may come to the annual meeting and cast your vote in person; or
- o you may vote by signing and returning the enclosed proxy card. If you do, the persons named on the card will vote your shares in the manner you indicate.

Q: Who is soliciting my proxy?

A: U.S. Concrete is soliciting your proxy on behalf of its Board of Directors.

Q: What happens if I do not indicate how I wish to vote on one or more of the proposals?

A: If you return your signed proxy card, but do not indicate how you wish to vote, the persons named as proxies will vote your shares FOR election of all the nominees for director (Proposal No. 1) and FOR ratification of the appointment of PricewaterhouseCoopers LLP (Proposal No. 2). We are unaware of any other matters that may come before the annual meeting. If they do, the proxy holders will vote the proxies according to their best judgment.

Q: What if I vote by proxy and then change my mind?

A: You can revoke your proxy at any time before the annual meeting by:

- o writing to U.S. Concrete's Secretary at the mailing address in the answer to the last question on the next page;
- o delivering a properly executed proxy dated after the date of the proxy you want to revoke; or
- o attending the annual meeting and casting your vote in person.

Edgar Filing: US CONCRETE INC - Form DEF 14A

- Q: When did U.S. Concrete first distribute this proxy statement and the accompanying form of proxy to stockholders?
- A: We first distributed this proxy statement and the accompanying form of proxy to our stockholders on or about April 4, 2003.
- Q: What constitutes a quorum?
- A: The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the meeting constitutes a quorum. We need a quorum of stockholders to hold a valid annual

1

meeting. If you have properly signed and returned your proxy card, you will be considered part of the quorum. We will count abstentions and broker non-votes as present for the purpose of establishing a quorum. A broker non-vote occurs when a broker votes on some matters on the proxy card, but not on others because the broker does not have the authority to do so. If a quorum is not present, the chairman or the holders of a majority of the shares of common stock present in person or by proxy at the annual meeting may adjourn the meeting, without notice other than an announcement at the meeting, until the required quorum is present.

- Q: What vote is required for the passage of each of the proposals up for consideration at the annual meeting?
- A: Directors are elected by a plurality of the shares of common stock present in person or by proxy and voting at the meeting in the election of directors. Ratification of PricewaterhouseCoopers LLP as our independent auditors for 2003 requires the affirmative vote of a majority of the votes cast on the proposal. Abstentions and broker non-votes will have no effect on the vote for directors or the ratification of the appointment of our independent auditors.
- Q: Who will count the votes?
- A: Representatives of American Stock Transfer & Trust Company will tabulate the votes.
- Q: What shares are included on the proxy card?
- A: The shares listed on your card represent all the shares of common stock held in your name, as distinguished from shares held by a broker in "street" name. You will receive a separate card from your broker if you hold shares in "street" name.
- Q: What does it mean if I get more than one proxy card?
- A: It indicates that your shares are held in more than one account, such as two brokerage accounts, and are registered in different names. You should vote each of the proxy cards to ensure that all your shares are voted.
- Q: What is U.S. Concrete's mailing address?
- A: Our mailing address is U.S. Concrete, Inc., 2925 Briarpark, Suite 500, Houston, Texas 77042.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Our Board currently consists of ten members. Our certificate of incorporation divides our Board into three classes (Class I, Class II and Class III), having staggered terms of three years each. The present term of office of the directors in Class I will expire at this annual meeting.

The Board has nominated Eugene P. Martineau and T. William Porter, two of the three Class I directors who currently serve on the Board, as nominees for re-election at the annual meeting. The third Class I director who currently serves on the Board, Michael W. Harlan, who also serves as our Senior Vice President and Chief Financial Officer, has elected to resign from the Board immediately prior to the annual meeting. In addition, Michael D. Mitschele, a current Class II director who also serves as the President of our Atlantic Region, and William T. Albanese, a current Class III director who also serves as the President of our Bay Area Region, have each elected to resign from the Board immediately prior to the annual meeting, so that after that time the Board will consist of a majority of independent directors. At the time of the annual meeting the number of positions on the Board will be reduced from ten to seven and the number of Class I directors will be reduced to two, the number of Class II directors will be reduced to three and the number of Class III directors will be reduced to two. Each of Messrs. Harlan, Mitschele and Albanese will continue to serve in their same capacities as executive officers after the annual meeting. For information about these individuals and a description of their business backgrounds, see "Executive Officers and Key Employees" below. The respective terms of our current directors, other than Messrs. Harlan, Mitschele

Edgar Filing: US CONCRETE INC - Form DEF 14A

and Albanese, and nominees for director expire on the dates set forth below. Information regarding their ages and backgrounds also is set forth below.

If a quorum is present, the election of any director requires the favorable vote of the holders of a plurality of the shares of common stock present and voting, in person or by proxy, at the annual meeting. Any abstentions or broker non-votes will not affect the vote. If you properly sign and return the enclosed proxy, and unless you withhold authority to vote for one or more of the nominees, the persons named as proxies will vote FOR the election of the nominees listed below. We do not expect that any of the nominees will refuse or be unable to act as a director of U.S. Concrete for the term specified. If, however, any nominee becomes unable or unwilling to serve as a director prior to the vote, the persons named as proxies intend to vote the proxy shares for the election of any other person the Board of Directors may designate.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND COMMITTEES

Director Meetings

Our Board met four times and took action by unanimous written consent on four occasions during 2002. Our Board has standing audit, compensation and nominating committees. During 2002, each member of the Board then in office attended at least 75% of the aggregate number of meetings of the Board and any committee of the Board on which he served.

Audit Committee

The audit committee, which met five times during 2002, consists of Messrs. Colson, Simpson and Foster. The audit committee is governed by a charter that it has adopted. We attached a copy of that charter to the proxy statement for our 2001 Annual Meeting of Stockholders. You can obtain a copy of that charter by making a request for a copy to our Corporate Secretary. U.S. Concrete's securities are listed on the Nasdaq National Market and are governed by the listing standards of the National Association of Securities Dealers (the "NASD"). Each member of the audit committee is independent as defined by the NASD's listing standards, except for Mr. Foster. Mr. Foster does not qualify as an independent director because we paid a bonus to Mr. Foster in 2002 in excess of the NASD's standard for determination of director independence, in connection with certain capital raising and acquisition services he provided to us during 2001. For additional information about this payment, see "Certain Transactions" below. Mr. Foster, who is neither an employee of U.S. Concrete nor an immediate family member of any U.S. Concrete employee, has an extensive financial and accounting background. For information about Mr. Foster and a description of his business background, see "Election of Directors" above. Our Board determined that appointing Mr. Foster to the audit committee was in the best interest of U.S. Concrete because the Board believes his broad financial and accounting experience enables him to make significant contributions to the audit committee.

The audit committee's role is one of financial oversight. Our management is responsible for preparing our financial statements, and our independent auditors are responsible for auditing those financial statements. The audit committee is not providing any expert or special assurance as to our financial statements or any professional certification as to the independent auditor's work. The following functions are the key responsibilities of the audit committee in carrying out its oversight:

- o recommending the appointment of our independent auditors to the Board

Edgar Filing: US CONCRETE INC - Form DEF 14A

of Directors;

- o reviewing the scope of the independent auditors' examination and, at the conclusion of that examination, reviewing the results of the audit, including any comments or recommendations of the independent auditors;
- o reviewing our financial policies and accounting systems and controls and our audited and interim unaudited financial statements;
- o preparing a report for inclusion in our proxy statement regarding its review of our audited financial statements, including a statement on whether it recommended that the Board include those financial statements in our annual report on Form 10-K for that year;
- o approving and ratifying the duties and compensation of our independent auditors, both for audit and non-audit services; and
- o reviewing and assessing, on an annual basis, the adequacy of the audit committee's charter and recommending revisions to the Board.

The audit committee meets separately with the independent auditors to provide an open avenue of communication. The audit committee and the Board of Directors are ultimately responsible for the selection, evaluation and replacement of the independent auditors.

7

Compensation Committee

The compensation committee, which met three times and took action by unanimous written consent on three occasions during 2002, consists of Messrs. Foster, Porter and Colson. The compensation committee:

- o administers our incentive compensation plans; and
- o determines salaries for executive officers and incentive compensation for senior employees and other key management personnel.

For additional information, see "Report of the Compensation Committee Regarding Executive Compensation."

Nominating Committee

The nominating committee, which met once during 2002, consists of Messrs. Simpson, Walker, Mitschele and Porter. The nominating committee:

- o interviews and evaluates new candidates for director of U.S. Concrete;
- o recommends to the full Board all nominees for election to the Board by our stockholders;
- o recommends directors to be elected by the Board to fill vacancies on the Board;
- o reviews, and makes recommendations to the Board with respect to, compensation of the non-employee directors; and
- o reviews, and makes recommendations to the Board regarding, corporate governance matters.

The nominating committee will consider nominees stockholders recommend. Stockholders may submit nominations to the nominating committee in care of

Edgar Filing: US CONCRETE INC - Form DEF 14A

Corporate Secretary, U.S. Concrete, Inc., 2925 Briarpark, Suite 500, Houston, Texas 77042.

As to each person a stockholder proposes to nominate for election as a director, our bylaws provide that the nomination notice must (1) include the name, age, business address and principal occupation or employment of that person, the number of shares of common stock that person owns beneficially or of record and any other information relating to that person that Section 14 of the Securities Exchange Act of 1934 and the related SEC rules and regulations require and (2) be accompanied by the written consent of the person that stockholder proposes to nominate for election as a director to be named in the proxy statement as a nominee and to serve as a director if elected. The nomination notice must also include, as to that stockholder and that beneficial owner, if any, of common stock on whose behalf that stockholder is making the nomination or nominations:

- o the name and address of that stockholder, as they appear on U.S. Concrete's books and the name and address of that beneficial owner;
- o the number of shares of common stock which that stockholder and that beneficial owner each owns beneficially or of record;
- o a description of all arrangements and understandings between that stockholder or that beneficial owner and each proposed nominee of that stockholder and any other person or persons (including their names) pursuant to which that stockholder will make the nomination(s);
- o a representation by that stockholder that he or she intends to appear in person or by proxy at that meeting to nominate the person(s) named in that nomination notice; and
- o any other information relating to that stockholder and that beneficial owner that Section 14 of the Securities Exchange Act of 1934 and the related SEC rules and regulations require.

To be timely for consideration at our 2004 annual meeting, our corporate secretary must receive a stockholder's nomination notice at our principal executive offices, at the address set forth above, no earlier than November 1, 2003 and no later than the close of business on January 30, 2004.

Director Compensation

We pay to each of our nonemployee directors the following fees:

8

- o an annual retainer of \$10,000;
- o \$5,000 for each Board meeting attended in person and \$2,500 for each Board meeting attended telephonically;
- o \$5,000 for each audit committee meeting attended by the chairperson of the audit committee, whether attended in person or telephonically and whether or not the meeting is held on the same day as a Board meeting;
- o \$4,000 for each audit committee meeting attended by each other member of the audit committee, whether attended in person or telephonically and whether or not the meeting is held on the same day as a Board meeting; and
- o \$1,000 for each other Board committee meeting attended in person and \$500 for each such other Board committee meeting attended telephonically, unless the committee meeting is held on the same day as a Board meeting, in which case the committee member receives no fee for attending that committee meeting.

Edgar Filing: US CONCRETE INC - Form DEF 14A

We also annually grant each nonemployee director an option to purchase 10,000 shares of common stock under our 1999 Incentive Plan. We do not pay any additional compensation to our employees for serving as directors, but we reimburse all directors for out-of-pocket expenses they incur in connection with attending Board and Board committee meetings or otherwise in their capacity as directors. For a discussion of additional compensation we have paid to Mr. Foster, the Chairman of our Board, see "Certain Transactions -Transactions Involving Certain Officers, Directors and Stockholders."

Employment Agreements

We expect to enter into new employment agreements in April 2003 with several key employees and each of the named executive officers, including Messrs. Martineau, Harlan, Albanese, Albanese and Mitschele. Each of these agreements will:

- o provide for an annual minimum base salary;
- o entitle the employee to participate, on the same basis generally as other executive officers, in general employee benefit plans and programs available to our employees; and
- o have an initial term of three years in the case of Messrs. Martineau and Harlan and an initial term of two years in the case of Messrs. Albanese, Albanese and Mitschele.

Beginning in April 2005, in the case of the agreements with Messrs. Martineau and Harlan, and April 2004, in the case of the agreements with Messrs. Albanese, Albanese and Mitschele, each of these agreements will be subject to an automatic daily extension, such that it will then provide for a continuous one-year term, subject to the right of either party to terminate the employee's employment at any time. If we terminate that employment without cause or the employee terminates that employment for good reason, we generally will be required to pay to the employee (1) his base salary at the time of termination for the longer of the balance of the initial term or 12 months, (2) a bonus equal to the average amount of the employee's bonus in the preceding three years multiplied by the percentage of full weeks the employee was employed by us during the year of termination, and (3) health insurance premiums for 18 months following termination. Additionally, all options, restricted stock awards and similar awards granted to the employee prior to the termination would immediately vest and become exercisable in full and remain outstanding in accordance with their terms.

Under each of the new employment agreements, if there is a change in control of our company, all stock options, restricted stock awards and similar awards granted to the employee prior to the change in control would immediately vest and become exercisable and would remain outstanding in accordance with their terms. Additionally, if within one year after the change in control the employee terminates his employment for good reason or is terminated without cause, the employee will receive the same severance as described in the preceding paragraph, except the severance will be three times the base salary in the case of Messrs. Martineau and Harlan and two times the base salary in the case of Messrs. Albanese, Albanese and Mitschele. If after the first anniversary of the change in control the employee terminates his employment for good reason or is terminated without cause, the employee will receive the same severance as described in the preceding paragraph.

In addition to their severance payments, on the occurrence of a change in control, these employees would be entitled to receive, at each employee's election, either (1) options to purchase stock of the acquiring

Edgar Filing: US CONCRETE INC - Form DEF 14A

company for the same number of shares as they would have received had they exercised their U.S. Concrete options immediately prior to the transaction resulting in a change in control and received for the shares acquired on exercise of such options shares

13

of the acquiring company in the change in control transaction; the aggregate exercise price for the shares covered by such options would be equal to the aggregate exercise price for the U.S. Concrete options; or (2) a lump-sum after-tax payment not less than the amount of gain they would have realized on exercise of such options of the acquiring company and sale of the underlying shares.

Each of these agreements also provides for benefits if the employee dies or becomes disabled. If the employment of the employee terminates for any reason other than for cause by us or without good reason by the employee, that termination will not affect the term or exercisability of any incentive plan stock options the employee holds.

Compensation Committee Interlocks and Insider Participation

In 2002, Messrs. Foster, Colson and Porter served as members of the compensation committee. Mr. Foster is a Senior Managing Director of Main Street Mezzanine Fund, LLC. We paid Main Street \$396,578 in 2002 for reimbursement of expenses primarily related to our acquisition program and other business development activities. Mr. Colson is an investor in Main Street. Porter & Hedges, L.L.P., a Houston, Texas law firm of which Mr. Porter is Chairman, performed legal services for us in 2002.

CERTAIN TRANSACTIONS

On completion of our IPO in 1999, we entered into new facilities leases, or extended existing leases, with former stockholders or affiliates of former stockholders of Central and Eastern Concrete Materials, Inc. (formerly known as Baer Concrete, Incorporated). Those leases generally provide for initial lease terms of 15 to 20 years, with one or more extension options we may exercise. The following summarizes the current annual rentals we must pay during the initial lease terms:

	Number of Facilities	Aggregate Annual Rentals
	-----	-----
Central.....	2	\$316,950
Eastern.....	2	294,195

We believe the rentals we must pay under each of these leases are at fair market rates. William T. Albanese, a former owner of Central and the President of our Bay Area Region, and Michael D. Mitschele, the former owner of Eastern and the President of our Atlantic Region, are members of our Board of Directors, although each of them has elected to resign from the Board effective immediately prior to the annual meeting.

Central purchased building materials for \$277,750 during 2002 from a company owned by two trusts of which William T. Albanese and Thomas J. Albanese are co-trustees. We believe the amount we paid was fair and substantially equivalent to amounts we would have paid to an unaffiliated third party. Both

Edgar Filing: US CONCRETE INC - Form DEF 14A

trusts sold their interests in this company in early 2002.

Central sold \$14.1 million of ready-mixed concrete to a company owned by a cousin of Messrs. Albanese and Albanese in 2002. We believe the amount we received was fair and substantially equivalent to what we would have received from an unaffiliated third party.

On completion of our acquisition of Beall Industries, Inc. and affiliated companies in February 2000, we entered into eight new facilities leases with their former stockholders or affiliates of those stockholders, of which we currently lease seven. The leases generally provide for initial lease terms of five years, with three five-year renewal options we may exercise. We must pay an aggregate of \$214,800 in current annual rent during the initial terms of these leases. We believe these rentals represent fair market rates. Robert S. Beall, a former owner of these companies, beneficially owned more than 5% of the outstanding shares of our common stock during a portion of 2002.

Beall Concrete Enterprises, Ltd., one of our subsidiaries, purchases aggregates from time to time from a company that Mr. Beall has controlled since June 2001. These purchases totaled \$180,269 in 2002. We believe the amount we paid was fair and substantially equivalent to amounts we would have paid to an unaffiliated third party.

14

Mr. Beall purchased ready-mixed concrete from Beall Concrete Enterprises during 2002 in the amount of \$88,097, in connection with the development of a real estate project. We sold this concrete to Mr. Beall at fair market value.

We paid Main Street \$396,578 in 2002 for reimbursement of expenses primarily related to our acquisition program and other business development activities. Vincent D. Foster is a Senior Managing Director of Main Street, and John R. Colson is an investor in Main Street. We believe the amount we paid was fair and substantially equivalent to amounts we would have paid to an unaffiliated third party.

In February 2002, we paid a bonus to Mr. Foster, the Chairman of the Board, in the amount of 15,949 shares of our common stock, valued at \$6.27 per share, and \$50,000 in cash.

During 2000, we extended loans of \$175,000 to Mr. Martineau, our chief executive officer and one of our directors, and \$125,000 to Mr. Harlan, our chief financial officer and one of our directors. We subsequently forgave these loans in 2002. The loans, which would have been payable in full on March 1, 2005, did not bear interest. During 2002, we extended loans of \$70,595 to Mr. Martineau and \$50,000 to Mr. Harlan. These loans do not bear interest.

In March 2001, we modified our non-compete arrangements with Neil J. Vannucci, one of our directors for a portion of 2002. We originally established these arrangements in the acquisition agreement for Bay Cities Building Materials Co., Inc., of which he is a former stockholder. The modifications further limit Mr. Vannucci's right to compete against us in exchange for three annual cash payments of \$138,000 each to Mr. Vannucci or a designate of Mr. Vannucci, of which we paid \$92,000 in 2002.

T. William Porter, a member of our board of directors, is the Chairman of Porter & Hedges, L.L.P., a Houston, Texas law firm. Porter & Hedges, L.L.P. performed legal services for us in 2002; however, the amount of fees paid to them was not material.

Edgar Filing: US CONCRETE INC - Form DEF 14A

We employ Karl Walker, the son of Robert S. Walker. We paid Karl Walker an aggregate of \$65,402 in salary, bonus compensation and 401(k) plan matching contributions in 2002. In 2002, we granted options to Mr. Walker for 2,500 shares of our common stock. We granted these options on the same terms and conditions as the options we granted to other employees in 2002.

Our subsidiary, Central, employs Lauren Cerrito, the daughter of William T. Albanese, Daniel Albanese, the son of William T. Albanese, and Joseph Cerrito, the son-in-law of William T. Albanese. Central paid Ms. Cerrito an aggregate of \$114,638 in salary, bonus compensation and 401(k) plan matching contributions in 2002. Central paid Daniel Albanese an aggregate of \$80,729 in salary, bonus compensation and 401(k) plan matching contributions in 2002. Central paid Mr. Cerrito an aggregate of \$78,412 in salary, bonus compensation and 401(k) plan matching contributions in 2002. In 2002, we granted options to Ms. Cerrito, Daniel Albanese and Mr. Cerrito for 7,000 shares, 500 shares and 1,000 shares of our common stock, respectively. We granted these options on the same terms and conditions as the options we granted to other employees in 2002.

Our subsidiary, Superior Concrete Materials, Inc., employs Todd Martineau, the son of Eugene P. Martineau. Superior paid Todd Martineau an aggregate of \$74,463 in salary, bonus compensation and 401(k) plan matching contributions in 2002. In 2002, we granted options to Todd Martineau for 1,500 shares of our common stock. We granted these options on the same terms and conditions as the options we granted to other employees in 2002.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and any persons beneficially owning more than 10% of our common stock to report their initial ownership of common stock and any subsequent changes in that ownership to the SEC. Specific due dates for these reports have been established, and we are required to disclose in this proxy statement any failure to file by these dates. All required 2002 filings were made on a timely basis, except that Richard A. Williams and Thomas J. Albanese each failed to timely make one filing. In making these disclosures, we relied solely on written statements of directors, executive officers and stockholders and copies of the reports that they have filed with the SEC.

REPORT OF THE AUDIT COMMITTEE

To the Board of Directors of U.S. Concrete, Inc.:

We have reviewed and discussed with management U.S. Concrete's audited financial statements as of and for the year ended December 31, 2002.

In addition, we have discussed with PricewaterhouseCoopers LLP, U.S. Concrete's independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independent Standards Board's Standard No. 1, Independence Discussions with Audit Committees, as amended, and we have discussed with that firm its independence from U.S. Concrete. We also considered

Edgar Filing: US CONCRETE INC - Form DEF 14A

whether PricewaterhouseCoopers LLP's provision of services that are not related to the audit of U.S. Concrete's financial statements is compatible with maintaining that firm's independence from U.S. Concrete.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors of U.S. Concrete that the audited financial statements referred to above be included in U.S. Concrete's annual report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE REGARDING EXECUTIVE COMPENSATION

The compensation committee (the "Committee") administers U.S. Concrete's executive compensation program. The Committee is responsible for establishing appropriate compensation goals for executive officers and evaluating the performance of executive officers in meeting those goals. No member of the Committee is a current or former employee or officer of U.S. Concrete.

The Committee seeks to reward senior management for building long-term stockholder value. In addition, the Committee designs executive compensation programs to provide the ability to attract, motivate and retain the management personnel necessary to U.S. Concrete's success by providing an executive compensation program comparable to that offered by competitive companies to their management personnel. Finally, the Committee believes we must compensate our executive officers fairly for their contributions to our short-term and long-term performance. The Committee uses annual base salaries, annual bonuses and equity incentives to achieve these goals.

Base Salary

Base salaries for executives are determined initially by evaluating executives' levels of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. The Committee reviews executive salaries annually based on a variety of factors, including individual performance, general levels of market salary increases and U.S. Concrete's overall results. The Committee grants salary increases within a pay-for-performance framework. Performance for base salary purposes is assessed using a qualitative, rather than a quantitative, performance assessment; no specific performance formula or weighting of factors is used in determining base salary levels. However, the Committee considers operating performance, execution of our business strategy, earnings levels and progress in implementing business development efforts in establishing base salary increases for executives. Mr. Martineau received a base salary of \$297,639 during 2002, which was an increase from 2001. The Committee is aware that base salaries of our executive officers were below those paid by comparably sized, publicly traded companies, and increased Mr. Martineau's salary in recognition of that fact and based on his individual performance during the year.

Annual Bonus Plan

Edgar Filing: US CONCRETE INC - Form DEF 14A

The Committee has adopted an annual bonus plan to provide executive officers and other key employees with additional performance incentives in the form of an annual bonus for meeting certain financial, operational and personal goals set on an annual basis. The annual bonus plan provides that a portion of each key employee's annual bonus is determined based on achieving predetermined earnings targets. The remainder of each key employee's bonus is based on individual performance in achieving predetermined goals set by the employee and approved by a supervisor. Bonus levels vary in accordance with each key employee's level of responsibility. Mr. Martineau earned a bonus of \$135,000 in cash and \$250,000 in restricted stock during 2002, which U.S. Concrete paid in 2003. A portion of that bonus was discretionary, and was based on Mr. Martineau's overall performance and contributions to U.S. Concrete during 2002.

Incentive Compensation

The Committee grants executives discretionary annual stock options under U.S. Concrete's 1999 Incentive Plan at an exercise price per share not less than the fair market value of a share of common stock on the grant date. Accordingly, stock options have value only if the price of the common stock appreciates after the grant date. We intend for this design to focus executives on the creation of stockholder value over the long term and increases their proprietary interest in U.S. Concrete.

The Committee granted options to purchase a total of 250,000 shares of common stock to the named executive officers during 2002. All the options granted to executive officers vest at the rate of 25% per year, commencing on the first anniversary of the grant date, and expire 10 years from the grant date or three months following termination of employment.

In 2002, Mr. Martineau was granted an option to purchase 100,000 shares of common stock, with an exercise price of \$6.27 per share. In determining the number of shares subject to the option granted to Mr. Martineau, the Committee considered numerous subjective factors indicative of his dedication to the success of U.S. Concrete.

17

As of March 25, 2003, Mr. Martineau owned 416,483 shares of common stock (55,432 of which are restricted shares) and held options to purchase a total of 515,000 shares. The Committee believes that this equity interest provides an appropriate link to the interests of our company's stockholders.

Other Compensation

During 2000, U.S. Concrete extended loans of \$175,000 to Mr. Martineau and \$125,000 to Mr. Harlan. These loans were forgiven in 2002 in recognition of Messrs. Martineau's and Harlan's efforts during 2001.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over one million dollars paid to certain executive officers, except for qualified performance-based compensation. U.S. Concrete had no nondeductible compensation expense for the year ended December 31, 2002. The Committee plans to review this matter as appropriate and take action as may be necessary to preserve the deductibility of compensation payments to the extent reasonably practical and consistent with U.S. Concrete's compensation objectives.

PERFORMANCE GRAPH

The following graph compares, for the period from May 26, 1999, the date of our IPO, to December 31, 2002, the cumulative stockholder return on our common stock with the cumulative total return on the Standard & Poor's 500 Index and a peer group index we selected that includes six public companies within our industry. The comparison assumes that (1) \$100 was invested on May 26, 1999 in our common stock, the S&P 500 Index and the peer group index and (2) all dividends were reinvested.

The companies that comprise the peer group index are Lafarge Corporation, Texas Industries, Inc., Florida Rock Industries, Inc., Centex Construction Products, Inc., Martin Marietta Materials, Inc. and Vulcan Materials Company. This group is the same as the group we used in the proxy statement for our 2002 annual meeting of stockholders, except that we removed U.S. Aggregates, Inc. from the peer group this year because it was delisted from the New York Stock Exchange effective November 26, 2001 for failure to meet the NYSE's requirements for continued listing.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On May 16, 2002, our Board dismissed Arthur Andersen LLP as our independent auditors for the year ended December 31, 2002 and appointed PricewaterhouseCoopers LLP as our independent auditors for year ended December

Edgar Filing: US CONCRETE INC - Form DEF 14A

31, 2002. The appointment of PricewaterhouseCoopers LLP was made at the recommendation of the audit committee of our Board of Directors.

Our Board has selected PricewaterhouseCoopers LLP to serve as our independent auditors for the year ending December 31, 2003. The Board has directed that this appointment be submitted to the stockholders for ratification at the Annual Meeting. We expect representatives of PricewaterhouseCoopers LLP will be present at the meeting, will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions of any stockholders.

During the two years ended December 31, 2000 and 2001, and the subsequent interim period through May 16, 2002, there were no disagreements between Arthur Andersen LLP and us on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused Arthur Andersen LLP to make a reference to the subject matter of the disagreements in connection with its reports on our consolidated financial statements for those years; and, during that period, we did not experience any "reportable events" of the kinds listed in Item 304(a)(1)(v) of Regulation S-K.

The audit reports of Arthur Andersen LLP on our consolidated financial statements as of and for the years ended December 31, 2000 or 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two years ended December 31, 2000 and 2001, and the subsequent interim period through May 16, 2002, U.S. Concrete did not consult with PricewaterhouseCoopers LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Assuming the presence of a quorum, the affirmative vote of a majority of the votes cast on the proposal is necessary to ratify the selection of PricewaterhouseCoopers LLP as our independent auditors for the year ending December 31, 2003. The enclosed form of proxy provides a means for you to vote for the ratification of the selection of independent auditors, to vote against it or to abstain from voting with respect to it. If you execute and return a proxy, but do not specify how to vote the shares represented by your proxy, the persons named as proxies will vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as independent auditors. In determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not affect the vote.

Your Board recommends a vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for 2003.

Audit Fees

PricewaterhouseCoopers LLP's fees and related expenses for our 2002 audit were \$362,100.

We did not incur any fees to PricewaterhouseCoopers LLP in 2002 with respect to financial information systems design and implementation services.

All Other Fees

PricewaterhouseCoopers LLP's fees for all other professional services rendered to us during 2002 were \$22,400.

EXPENSES RELATING TO THIS PROXY SOLICITATION

We will pay all expenses relating to this proxy solicitation. In addition to this solicitation by mail, our officers, directors and regular employees may solicit proxies by telephone or personal call without extra compensation for that activity. We also expect to reimburse banks, brokers and other persons for reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of our common stock and obtaining the proxies of those owners. We estimate these expenses to be approximately \$6,000.

OTHER INFORMATION

Date for Submission of Stockholder Proposals

Under rules the SEC has established, any stockholder who wishes to have a qualified proposal considered for inclusion in our proxy statement for our 2004 Annual Meeting of Stockholders must send notice of the proposal to our Corporate Secretary at our principal executive offices, 2925 Briarpark, Suite 500, Houston, Texas 77042, so that we receive that notice by no later than the close of business on December 6, 2003. If you submit a stockholder proposal, you must provide your name and address, the number of shares of common stock you hold of record or beneficially, the date or dates on which you acquired those shares and documentary support for any claim of beneficial ownership.

In addition, our bylaws establish an advance-notice procedure for stockholder proposals to be brought before an annual meeting. The procedure provides that stockholders must submit proposals to us in writing containing certain information specified in our bylaws no earlier than the 180th day and no later than the close of business on the 90th day prior to the first anniversary of our preceding year's annual meeting. These requirements are in addition to the SEC's requirements with which a stockholder must comply to have a stockholder proposal included in our proxy statement. Stockholders may obtain a copy of our bylaws by making a written request to our Corporate Secretary.

Under these bylaw provisions, we must receive stockholder proposals for our 2004 Annual Meeting of Stockholders no earlier than November 1, 2003 and no later than the close of business on January 30, 2004. Stockholders must deliver the proposals to Corporate Secretary, U.S. Concrete, Inc., 2925 Briarpark, Suite 500, Houston, Texas 77042.

Other Matters

The Board of Directors does not intend to bring any other matters before the annual meeting and has not been informed that any other matters are to be presented by others. If any other matters properly come before the annual meeting, the persons named in the enclosed form of proxy will vote all proxies according to their best judgment. The form of proxy provides that the persons named as proxies have discretionary authority to vote on matters not known or determined on the date of this proxy statement.
