Item 1. Semi-Annual Report to Shareholders

SEMI-ANNUAL REPORT TO SHAREHOLDERS
OF
RENN GLOBAL ENTREPRENEURS FUND, INC.

June 30, 2010

Dear Shareholder,

The six-month period ending June 30, 2010 was one of the strangest periods of my career. The first quarter was favorable, the second quarter was not. Since then we have been going through one of those periods when everything is interpreted as “half empty rather than half full.” May was the worst month since 1940 and June the worst month since 1930 in the broad market indexes. We are reminded of Warren Buffet’s comment, to paraphrase, “undue pessimism is the friend of the long-term investor.”

We have had three strategies to try to provide returns to investors. The first strategy is to recognize the worldwide growth of entrepreneurs, especially in China. The second strategy is to work with legacy companies to realize value. The third strategy is to have core holdings that can produce value.

On the first strategy, we have continued to add US-traded Chinese companies to our portfolio. New additions include Kingtone Wirelesinfo Solution Holding, Inc. (NASDAQ:KONE). This company provides unique mobile enterprise solutions. China Jo-Jo Drugstores, Inc. (NASDAQ:CJJD) is a rapidly growing retailer of drugs in China taking advantage of new government regulations on expanding drug stores in China. We now have a number of holdings related to the growth of China.

On the cover of the August issue of Smart Money was the headline: “The Case for Going Global, 5 Reasons to Ignore the Chaos and Invest Abroad.” Ironically, the stock market for Chinese stocks was weak over the past quarter despite the fact that China was one of the few countries reporting excellent economic growth. Most of the companies related to China in our portfolio have large cash positions and have been reporting positive earnings growth. We believe we will look back on this period as a very good opportunity.

Our second strategy has been to work with legacy issues to realize value. Working with investment bankers, we have been seeking a buyout or merger partner for Integrated Security Systems Inc. We are hoping to make progress on this over the next three to six months. CMSF Corporation, formerly CaminoSoft, is now an attractive shell for a company wanting to go public. We are actively working on this. The board of AuraSound, Inc. has announced a major merger which could add value. This will take place shortly. So progress is being made on the legacy issues.

Our core holdings continue to show promise. The only disappointment in the six months was Bovie Medical Corporation (NYSE-Amex:BVX). The Company was hit with a patent infringement suit which seems without merit. The Company still has a number of major new products, but they seem to be long in coming. We are hoping for a recovery here. Points International, Ltd. (OTC:PTSEF) has been reporting a number of new major contracts in the airline area and has become profitable. Management has forecasted several good years ahead. We added a new US core holding. PHC Inc. (NYSE-Amex:PHC) relates to treating behavioral problems and mental illness, a growth industry. The Company spoke at our May annual meeting. We are expecting good results here.

Lastly, we are sad to report our long-term director, Peter Collins, passed away in July 2010. We appreciate his many contributions to the Fund over the years and wish the best to his family.

In conclusion, we have been going through a very unusual period in our history, but we are remembering “where there are problems, there are always opportunities.” Enclosed is the six-month report which you may read in detail.

Sincerely
Russell Cleveland
President and CEO

Note 1 Organization and Business Purpose

RENN Global Entrepreneurs Fund, Inc. (the "Fund"), formerly known as Renaissance Capital Growth & Income Fund III, Inc., is a registered, non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act").

The Fund, a Texas corporation, was organized and commenced operations in 1994 and is registered under and pursuant to the provisions of Section 8(a) of the 1940 Act.

The investment objective of the Fund is to provide its stockholders primarily with long-term capital appreciation by investing substantially in privately-placed convertible and equity securities of emerging growth companies traded on U.S. securities exchanges.

RENN Capital Group, Inc. ("RENN Group"), a Texas corporation, serves as the Investment Adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund's investment portfolio, subject to the supervision of the Board of Directors. RENN Group is a registered investment adviser under the Investment Advisers Act of 1940, as amended.

Note 2 Summary of Significant Accounting Policies

Valuation of Investments

Portfolio investments are stated at quoted market or fair value as determined by RENN Group (Note 5).

Revenue Recognition

The Fund recognizes realized gain/loss in the period of the sale based upon the identified cost basis. Change in unrealized gain/loss is reflected during the period of the change. Dividend income is recorded on the record date. Interest income is recorded as earned on an accrual basis. The Fund reserves any dividends or interest income which is deemed to be uncollectable.

Cash and Cash Equivalents

The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. As of June 30, 2010, cash and cash equivalents are at risk to the extent that they exceed Federal Deposit Insurance Corporation insured amounts. To minimize this risk, the Fund places its cash and cash equivalents with major U.S. financial institutions.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
Six Months Period Ending June 30, 2010 (Unaudited)

Note 2 Summary of Significant Accounting Policies, continued

Income Tax

The Fund has elected the special income tax treatment available to “regulated investment company” (“RIC”) under Subchapter M of the Internal Revenue Code (“IRC”) which allows the Fund to be relieved of federal income tax on that part of its net investment income and realized capital gain that it pays out to its stockholders. The requirements to qualify for RIC status include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund’s taxable investment income to its stockholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC and to distribute all of the Fund’s taxable investment income and realized long-term capital gain within the defined period under the IRC to qualify as a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund’s net assets as well as the amount of cash available for distribution to stockholders. Continued qualification as a RIC requires management to satisfy certain investment diversification requirements in future years. There can be no assurance that the Fund will qualify as a RIC in future years.

Federal income taxes payable on behalf of stockholders on realized capital gain that the Fund elects to retain are accrued and reflected as tax expense paid on behalf of stockholders on the last day of the tax year in which such gain is realized.

Net Decrease in Net Assets resulting from operations per share

Net decrease in net assets resulting from operations per share is based on the weighted average number of shares outstanding of 4,463,967 during the six months ended June 30, 2010.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note 3 Due to/from Broker

The Fund conducts business with various brokers for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with these brokers. “Due from broker” represents unsettled sales transactions. “Due to broker” represents a margin loan payable to these brokers, which is secured by investments in securities maintained with the lending broker as collateral for the margin loan. The Fund is subject to credit risk to the extent the brokers are unable to deliver cash balances or securities, or clear security transactions on the Fund’s behalf. The Investment Adviser actively monitors the Fund’s exposure to these brokers and believes the likelihood of loss under those circumstances is remote. At June 30, 2010, “due from broker” balance was \$0 and “due to broker” balance was \$1,168,777.

RENN Global Entrepreneurs Fund, Inc.
Notes to Financial Statements
Six Months Period Ending June 30, 2010 (Unaudited)

Note 3 Due to/from Broker, continued

The terms on a margin loan are governed by federal regulation and by the rules of National Association of Securities Dealers (“NASD”) and the securities exchanges. In general under Federal Reserve Board Regulation T, firms can lend a customer up to 50% of the price of a security. The rules of NASD and the exchanges supplement the requirements of Regulation T by placing “maintenance” margin requirements on customer accounts. Under the rules of the broker, equity in the account must not fall below 30% of the current market value of the securities in the account that have a market value above \$6.625 or \$2.00 per share for securities that have a market value between \$2.125 and \$6.625. The failure to do so may cause the firm to force the sale of or liquidate the securities in the account in order to bring the account’s equity back to the required level. The loan is not made for any specific term or duration but is due and payable at the brokerage firm’s discretion. The Fund has a negotiated interest rate of 150 basis points over the Federal Funds rate. The interest will vary with any changes in the Federal Funds rate. The interest charges are added to the loan balance. At June 30, 2010 the margin interest rate was 4.50%. The margin loan balance is secured by the securities as explained on the schedule of investments. The Fund has a policy allowing it to borrow not more than 33% of the Fund’s Net Asset Value as of the time of borrowing for purposes of taking advantage of investments deemed to be in the best interest of the Fund or to borrow such amounts as deemed necessary and prudent as a temporary measure for extraordinary or emergency purposes. Federal regulations under the 1940 Act require that the Fund maintain 300% asset coverage in relation to any borrowed amount.

Note 4 Management Fees and Reimbursement

Pursuant to an Investment Advisory Agreement (the “Agreement”) effective May 15, 2009, RENN Group performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the Investment Adviser is reimbursed by the Fund for certain directly allocable administrative expenses. A summary of fees and reimbursements paid by the Fund under either the Agreement or the prospectus is as follows:

RENN Group receives a management fee equal to a quarterly rate of 0.4375% of the Fund’s net assets, as determined at the end of each quarter, each payment to be due as of the last day of the calendar quarter. The Fund incurred \$133,357, during the six months ended June 30, 2010 for such management fees.

The Investment Adviser was reimbursed by the Fund for directly allocable administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$10,814 during the six months ended June 30, 2010.

At June 30, 2010 the Fund had an account payable of \$87,381 for the amount due for the fees and expense reimbursements disclosed above.

Note 5 Valuation of Investments

Investments are carried in the statement of assets and liabilities at fair value, as determined in good faith by the Investment Adviser, subject to the approval of the Fund's Board of Directors. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible (at the discretion of the Fund) into the common stock of the issuer at a set conversion price. The common stock underlying these securities is generally unregistered and thinly-to-moderately traded. Generally, the Fund negotiates registration rights at the time of purchase and the portfolio companies are required to register the shares within a designated period and the cost of registration is borne by the portfolio company. Interest on the convertible securities is generally payable quarterly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to the market price of the underlying common stock, liquidity, and other factors.

The Fund follows the provisions of Accounting Standards Codification ASC 820, Fair Value Measurements, under which, the Fund has established a fair value hierarchy that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets (Level 1 inputs); observable inputs based on corroboration with available market data (Level 2 inputs); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions (Level 3 inputs). The Fund's valuation policies are as follows:

On a weekly basis, RENN Group prepares a valuation to determine fair value of the investments of the Fund. The Board of Directors approves the valuation on a quarterly basis. Interim board involvement may occur if material issues arise before quarter end. The valuation principles are described below.

- Unrestricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price on the date of valuation.
- Restricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued based on the quoted price for an otherwise identical unrestricted security of the same issuer that trades in a public market, adjusted to reflect the effect of any significant restrictions.
- The unlisted preferred stock of companies with common stock listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price of the common stock into which the preferred stock is convertible on the date of valuation.
- Debt securities are valued at fair value. The Fund considers, among other things, whether a debt issuer is in default or bankruptcy. It also considers the underlying collateral. Fair value is generally determined to be the greater of the face value of the debt or the market value of the underlying common stock into which the instrument may be converted.
- The unlisted in-the-money options or warrants of companies with the underlying common stock listed on an exchange, NASDAQ or in the over-the-counter market are valued at fair value (the positive difference between the closing price of the underlying common stock and the strike price of the warrant or option). An out-of-the money warrant or option has no value; thus the Fund assigns no value to it.

Note 5 Valuation of Investments, continued

Investments in privately held entities are valued at fair value. If there is no independent and objective pricing authority (i.e., a public market) for such investments, fair value is based on the latest sale of equity securities to independent third parties. If a private entity does not have an independent value established over an extended period of time, then the Investment Adviser will determine fair value on the basis of appraisal procedures established in good faith and approved by the Board of Directors.

The following table shows a summary of investments measured at fair value on a recurring basis classified under the appropriate level of fair value hierarchy as of June 30, 2010:

	June 30, 2010
Quoted Prices in Active Markets for	
Identical Assets (Level 1)	\$ 9,621,375
Significant Other Observable Inputs (Level 2)	2,740,317
Significant Unobservable Inputs (Level 3)	1,437,850
	\$
Total Investments	13,799,542

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

Level 3	\$
Beginning balance - March 31, 2010	2,339,384
Changes in unrealized gain or loss	(901,534)
	\$
Ending Balance - June 30, 2010	1,437,850

Note 6 Income Taxes

During 2010 management has followed a policy of distributing all of the Fund's taxable investment income and realized capital gain within the defined period under the IRC to ensure that any federal income tax on such income, if any, is paid by the Fund's stockholders. During the six months ended June 30, 2010 there was no taxable investment income or realized long-term capital gain, and therefore no declaration of any distributions. Accordingly, no income tax expense was reported by the Fund for the six months ended June 30, 2010.

Board Approval of the Investment Advisory Contract.

At the Board meeting held April 22, 2010, the Board of Directors reviewed the Investment Advisory Agreement entered into with RENN Group. In conjunction with that review, members of the Board of Directors noted that the quarterly rate of 0.4375% for the Adviser's management fee was at or below other closed-end funds of similar engagement. Members of the Board of Directors also reviewed the costs incurred by the Adviser on the Fund's behalf. The expense ratio was higher than desired, but deemed to be unavoidable because of shrinkage of asset valuations primarily due to the general investment environment. Upon close examination it was concluded that the expenses were properly managed. The Adviser's performance was compared to similar closed-end funds, and was found to be acceptable. Based on these factors and confidence in the Adviser's guidance toward global endeavors, the members of the Board found it appropriate to recommend renewal of the Investment Advisory Agreement with RENN Group, and following shareholder approval on May 14, 2010, the Board did renew the Investment Advisory Agreement for another one-year term.

Delivery of Shareholder Documents.

The SEC permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements or Notices of Internet Availability of Proxy Materials and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders.

RENN Global Entrepreneurs Fund, Inc. may household the mailing of your documents indefinitely unless you instruct RENN Global Entrepreneurs Fund, Inc. otherwise.

If you prefer to receive multiple copies of these materials, please call American Stock Transfer & Trust Co. at 1-800-937-5449. You may also notify us in writing or via email. We will begin sending you individual copies of reports within 30 days of receiving your request to stop householding.

Dividend Reinvestment Plan

Pursuant to the Fund's Dividend Reinvestment and Cash Purchase Plan (the "Plan"), a stockholder whose shares are registered in his or her own name will be deemed to have elected to have all dividends and distributions automatically

reinvested in Fund shares unless he or she elects otherwise on a current basis. Stockholders whose shares are held in nominee names will likewise be treated as having elected to have their dividends and distributions reinvested. You may elect to receive cash distributions, net of withholding tax, by requesting an election form from the Fund's Plan Agent, American Stock Transfer & Trust Co. You may terminate participation by notifying the Plan Agent in writing. If notice is received by the Plan Agent not less than 10 days prior to any dividend or distribution it will be effective immediately. Information regarding income tax consequences should be directed to your tax consultant – the Plan will furnish information by January 31 following the year of distribution as to the category of income that the distributions represent. Your questions regarding the Plan should be directed to the Fund's Plan Agent, American Stock Transfer & Trust Co., whose telephone number is 718-921-8275 and whose address is 40 Wall Street, New York, NY 10005.
