PROXY STATEMENT

Annual Meeting of Shareholders

This Proxy Statement (the "2008 Proxy Statement") is furnished in connection with the solicitation by the Board of Directors of Solitario Resources Corporation, a Colorado corporation ("Solitario" or the "Company"), of proxies in the accompanying form for use at the Annual Meeting of Shareholders to be held on Thursday, June 12, 2008, and any adjournment or postponement of such meeting (the "Annual Meeting"). The Annual Meeting will be held at 10:00 a.m., Mountain Daylight Time, at 4251 Kipling Street, Suite 390, Wheat Ridge, CO 80033.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholder to be held on Thursday, June 12, 2008. This proxy statement and our 2007 Annual Report (which is not a part of the Company's proxy soliciting materials), including the Annual Report on Form 10-K for the year ended December 31, 2007, are available online at [www.solitarioresources.com](http://www.solitarioresources.com).

The 2007 Annual Report (which is not a part of the Company's proxy soliciting materials) is being mailed to the Company's shareholders with this Proxy Statement. Upon written request from any person solicited herein, addressed to the Corporate Secretary of Solitario at its principal offices at 4251 Kipling St. Suite 390, Wheat Ridge, Colorado 80033, Solitario will provide, at no cost, a copy of the Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") for the fiscal year ended December 31, 2007 (the "2007 10-K"), without exhibits. A copy of any or all of the exhibits to the 2007 10-K will be furnished for a fee, which will not exceed the Company's reasonable expenses in furnishing the exhibits.

Proxies are solicited so that each shareholder may have an opportunity to vote. These proxies will enable shareholders to vote on all matters that are scheduled to come before the meeting. When proxies are returned properly executed, the shares represented thereby will be voted in accordance with the shareholders' directions. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card; if no choice has been specified, the shares will be voted as recommended by the Board of Directors of Solitario (the "Board"). Means have been provided whereby a shareholder may withhold his vote for any Director. The proxy cards also confer discretionary authority to vote the shares authorized to be voted thereby on any matter that was not known on the date of the Proxy Statement but may properly be presented for action at the meeting.

You are asked to sign, date, and return the accompanying proxy card regardless of whether or not you plan to attend the meeting. Any shareholder returning a proxy has the power to revoke it at any time before shares represented by the proxy are voted at the meeting. Any shares represented by an unrevoked proxy will be voted unless the shareholder attends the meeting and votes in person. A shareholder's right to revoke his or her proxy is not limited by or subject to compliance with a specified formal procedure, but written notice should be given to the Corporate Secretary of Solitario at or before the meeting.

The expense of printing and mailing proxy material will be borne by Solitario. In addition to the solicitation of proxies by mail, solicitation may be made by certain Directors, officers, and other employees of Solitario in person or by telephone or other means of electronic communication. No additional compensation will be paid for such solicitation.

Arrangements will also be made with brokerage firms and other custodians, nominees, and fiduciaries to forward proxy solicitation material to certain beneficial owners of Solitario's Common Stock and Solitario will reimburse such brokerage firms, custodians, nominees, fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

The presence in person or by proxy of holders of record of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the meeting. If a quorum is present at the meeting the six nominees for election as Directors who receive the greatest number of votes cast for election of directors at the meeting by the shares present in person or represented by proxy at the meeting and entitled to vote shall be elected Directors. Shares held by persons who abstain from voting on the election of Directors and broker non-votes will not be counted in the election. Shares held by persons abstaining will be counted in determining whether a quorum is present for the purpose of voting on the proposal but broker non-votes will not be counted for this purpose.

Audit Committee Report

In performing its duties the Audit Committee reviewed and discussed the audited financial statements contained in the 2007 Annual Report on Form 10-K with management and Solitario's independent registered public accountant, Ehrhardt Keefe Steiner & Hottman PC ("Ehrhardt"). The Audit Committee met with Ehrhardt, and discussed all issues deemed to be significant by Ehrhardt, including any matters required by Rule 2-07 of Regulation S-X, "Communication with Audit Committees" and Statement of Auditing Standard No. 61, as amended, ("Communications with Audit Committees") and without management present, discussed and reviewed the results of the independent auditor's examination of the financial statements. ## 2. PROPOSED NAME CHANGE TO SOLITARIO EXPLORATION & ROYALTY CORP.

#### Background Information

We have been engaged in the exploration of mineral properties for approximately fifteen years. We have stated and demonstrated during our history that Solitario does not develop the properties it acquires, but rather we typically seek to form joint ventures on our properties with larger mining companies that have more expertise and capabilities to develop these properties. We have also sold properties in the past on an infrequent basis and have intermittently received annual rental payments on some of our properties from our partners. None of our properties have ever been developed or reached the operating mining stage, either on our own or by our joint venture partners.

However, our joint ventures are typically structured to be similar to a net profit interest in the properties, of between 25 and 35 percent. These joint ventures have also been structured to give Solitario the option to make no additional cash payments for development of our properties (to the mining stage). This has typically been accomplished through the terms of our joint venture agreements that require our joint venture partners to fund substantially all exploration, feasibility and construction costs to reach production on our properties. Generally, our joint venture agreements require construction financing, and related interest, provided by our partners to be paid back from a portion of our future cash flow from the net profit interest, discussed above.

We believe this operating structure is fairly unique in the mining industry. We further believe that our typical joint venture interest closely resembles that of a net profits royalty interest, given that we will not be required to fund construction to place our joint ventured properties into production. Accordingly we believe Solitario engages in

exploration as its primary activity to provide future net profits interests or royalties.

Proposed Name Change

The Board of Directors has approved, subject to stockholder approval and any required approvals from TSX and or AMEX, an amendment to our Articles of Incorporation to change the Company's name from "**Solitario Resources Corporation**" to "**Solitario Exploration & Royalty Corp.**" (the "Amendment"). The Board of Directors believes this new name will more accurately reflect our business operations and future revenue streams. The Amendment does not change the terms or rights of holders of our common stock or any existing corporate governance portions of our Articles of Incorporation. The Secretary of State of Colorado has in place a procedure whereby a corporation may effect a name change, upon approval by the Board of Directors and shareholders by filing a simple form. If the Amendment is approved by the shareholders at the annual meeting, Solitario will promptly file the name change with the Secretary of State of Colorado utilizing such form and Solitario will obtain a new CUSIP number for all existing shares in accordance with the rules and requirements of the TSX and AMEX. If the Amendment is not approved, no action will be taken and the name of the Company will remain unchanged. We do not anticipate that current shareholders will be required to turn in their old certificates, or take any other action to allow for the trading of their current shares upon the approval of the Amendment.

The 1994 Plan had a ten year life which expired in March 2004 and there are no shares available for grant under the 1994 Plan.

The grants were made at the closing price of Solitario stock of Cdn\$4.53 on September 7, 2007 as quoted on the Toronto Stock Exchange and had no intrinsic value.

In consideration for his services, Mr. Jones was paid a one-time lump sum payment of \$160,000 in cash during 2006. No cash payments were made during 2007. ## 5. COMPENSATION DISCUSSION AND ANALYSIS

The following discussion provides information regarding the compensation program for Solitario's Named Executive Officers for 2006.

### Objectives of the Corporation's Compensation Program

The Compensation Committee has responsibility for approving the compensation program for Solitario's Named Executive Officers and acts according to a charter that has been approved by the Board of Directors and is available on the Company website at [www.solitarioresources.com](http://www.solitarioresources.com). The compensation program is designed to attract, retain and reward our executives who contribute to Solitario's long-term success. This in turn will build value for Solitario and its shareholders. The program is based upon three fundamental principles:

A substantial portion of Solitario's Named Executive Officer compensation should be performance and equity-based to achieve alignment with shareholder interests.

This is accomplished in two ways; first, through the award of stock options in an amount and at a price that encourages our Named Executive Officers to promote the long-term growth and performance of Solitario in terms of the value of the Company which is ultimately reflected in the price of our stock as quoted on the TSX and the AMEX. Second, this is also reflected in terms of cash compensation in the form of cash bonuses. These bonuses are entirely set by the Compensation Committee, in their sole discretion, in a range of zero to 100% of base salary. The extent to which

9

<PAGE>

bonuses are paid depends entirely on the extent to which the Solitario has met its exploration, budget and shareholder goals, set by the Committee. The Compensation Committee authorized the payment to each of the Named Executive Officers a bonus equal to 10% of their annual salary which was paid in March 2007. These bonuses reflected the performance of the Named Executive Officers during 2006. The Compensation Committee authorized the payment of bonuses of 10% of each of the Named Executive Officers for 2007, which was paid in March 2008, after review of results for the full year of 2007 in comparison to goals for the year ended 2007.

Solitario's compensation program for Named Executive Officers should enable the Company to compete for the best executive talent available.

The Compensation Committee believes shareholders are best served when the Company can attract and retain the highest caliber executives appropriate for a firm of our size and complexity. This is done with competitive and fair compensation packages. Our Named Executive Officers have served Solitario for many years, however they only became employees of Solitario on September 1, 2006 and the compensation was primarily based upon their existing compensation from Crown. Prior to September 1, 2006, Solitario's Named Executive Officers were employees of Crown and Solitario was provided management services from Crown pursuant to the Management Services Agreement, discussed below under "Certain Relationships and Related Transactions." The Compensation Committee also reviewed published compensation surveys and the published compensation packages of our peer companies (the "Peer Group Companies") for which Solitario competes for executive talent. These Peer Group Companies included the following companies:

Canyon Resources Corporation	Metallica Resources Corporation
Royal Gold Corporation	Pacific Rim Mining Corporation
Great Basin Gold Corporation	Miramar Mining Corporation
Reunion Gold Corporation	

These reviews were not used create specific benchmarks applicable to our Named Executive Officer compensation levels. These reviews were used to inform the members of the compensation committee of current standards in the industry as such standards may relate, in their independent judgment, to appropriate modifications to Solitario's existing compensation levels in setting new compensation levels. The differences in Solitario's activities, which are more narrowly defined to exploration, compared to the peers and the difference in the number of total employees of Solitario, which currently has approximately 25 employees world-wide, compared to the peer companies, does not lend itself to effective use of specific benchmarks based upon the peer companies.

During 2007, no change was made to the initial compensation set during 2006.

Solitario's compensation program for Named Executive Officers should be fair to the executive, the Company and all its employees and perceived as such, both internally and externally.

The Compensation Committee strives to create a compensation program that promotes good corporate practice, encourages our Named Executive Officers and promotes teamwork among our employees. The Compensation Committee takes these goals into consideration by comparison of executive pay in relation to all other Solitario salary costs for internal consistency, and by comparison to both Peer Group Companies and industry salaries for external consistency. In addition, the compensation program is meant to enhance shareholder value and the Compensation Committee strives to provide transparency and full disclosure to all interested parties.

#### Key Elements of Executive Compensation

##### Base Salary

The Compensation Committee provides base salary that is commensurate with their review of our Peer Group Companies, listed above. The Compensation Committee fixed the Base Salary for 2006 (which commenced on September 1, 2006, when all of the Named Executive Officers became employees of Solitario) during its meeting in the summer of 2006. For the base salary to be paid in 2007 no peer group review was completed and the base salary was not adjusted from the amount fixed by the Compensation Committee at its meeting in the fall of 2006. Increases or decreases in base salary are dependent on the Compensation Committee's evaluation of each individual Named Executive Officer performance, the effect of any peer group review, and the performance of the entire Company relative to the goals and objectives of the Company discussed above. No Named Executive Officers have minimum base salary payments pursuant to any employment or other agreements. The Compensation Committee has authority from the Board of Directors to set the base salary at any amount it believes is appropriate.

##### Bonuses

The Compensation Committee provided bonuses of 10% of annualized base salary for 2007, which were paid in March of 2008, based upon an analysis of the success of the Company during the year then ended. The Compensation Committee provides bonuses, in their sole discretion, based upon their evaluation of the individual Named Executive Officer in light of the following parameters:

- (i) Targeted bonuses based upon operational goals and parameters; and
- (ii) The desire, discussed above, to provide a substantial portion of compensation based on performance; and
- (iii) The performance of the company relative to its Peer Group Companies.

&lt;PAGE&gt;

In establishing its goals for any particular year, the Compensation Committee strives to ensure that the goals provide both an incentive and an attainable goal that provides shareholders with the opportunity for return on their investment while minimizing corporate and shareholder risk to the extent possible. These specific targets and goals are confidential, and due to Solitario's corporate activities are not specifically related to traditional financial metrics, such as revenue growth, earnings or earnings per share. The targets and goals are more subjective and generally include the negotiation and signing of joint ventures on our existing properties, exploration activities and success, both on our own and through joint ventures, acquisition of additional exploration properties, training and retaining employees, maintaining adequate liquidity to fund future exploration activities, financial reporting and disclosure, and shareholder return.

### Equity

The only equity compensation our Named Executive Officers receive is in the form of stock options pursuant to the 2006 Plan, priced at the current market value of our publicly traded stock (as defined) in the 2006 Plan. The Compensation Committee believes that a substantial portion of our Named Executive Officers compensation should be performance based. The Compensation Committee also believes that our compensation policies should be fair to our shareholders, and be focused on our long-term viability. The Compensation Committee believes the granting of stock options from the 2006 Plan aligns the interests of the Named Executive Officers and our shareholders and provides the incentive to manage the Company from the perspective of an owner of the Company. In addition, the Compensation Committee believes the vesting terms of the stock options granted from the 2006 Plan, discussed below, provides a that a significant portion of the compensation will be received at a future date.

The amount of all individual grants and the grant date of the Options are determined each year at the summer meeting of the Compensation Committee at the discretion of the Compensation Committee, usually after the completion of the annual meeting of shareholders. All grants are as of the date of the approval by the Compensation Committee (or the full Board, if requested by the Compensation Committee) at the market value on the date of grant. All grants from the 2006 Plan vest 25% on the date of grant and the remaining options vest at 25% per year on the anniversary of the grant over a three-year period

### Allocation Between the Key Elements of Compensation

The Compensation Committee has complete discretion in allocating total compensation between the key elements of compensation discussed above. Each of the individual components of compensation is evaluated by the Compensation Committee independently and each component is not evaluated based upon the other components. The Compensation Committee has not developed a set formula (such as fair value of equity compensation to equal 50% of base salary) to allocate the elements of compensation to each individual Named Executive Officer.

### Employment Agreements

None of our Named Executive Officers have ongoing employment agreements other than individual Change in Control Severance Benefits Agreements, discussed below.

### Change in Control Agreements

The Compensation Committee and Solitario consider it essential to the best interest of its stockholders to foster the continuous employment of key management personnel. In this regard, the Compensation Committee and Board of Directors recognize that, as is the case with many publicly held corporations and their subsidiaries, the possibility of a

change in control may exist and that such possibility, and the uncertainty and questions which it may raise among management, may result in the departure or distraction of management personnel to the detriment of the Company and its stockholders.

Accordingly, on March 14, 2007, the Compensation Committee approved separate Change in Control Severance Benefits Agreements (the "CIC") for Mr. Herald, Mr. Maronick and Mr. Hunt, our Named Executive Officers. Each CIC provides for the payment of severance benefits at any time for a period of three years upon the change in control of Solitario (as defined in the CIC) equal to 2.5 times the base salary of the Named Executive Officer. In addition any unvested stock options held by the Named Executive Officer will vest upon the change in control. The CIC provides an additional gross up for any taxes due as a result of Excise Tax, as defined by Section 4999 of the Internal Revenue Service Code of 1986 (the "Code").

Generally, the CIC defines a "change in control" as (i) a person acquiring more than 50% of the outstanding stock of the Company, (ii) the shareholders of the Company approving a merger or acquisition whereby more than 50% of the outstanding shares held prior to the vote will be held by a new person or corporation, (iii) the shareholders of the Company approving the sale or disposition of substantially all of the company's assets or (iv) the shareholders of the Company approving a plan of liquidation or dissolution of the Company.

The change in control benefits are to be paid after a change in control if the Named Executive Officer terminates his employment for "good reason," or is terminated by the Corporation, other than for "cause." "Good reason" is generally defined as a reduction in the compensation, level of responsibility or forced relocation, among other things. "Cause" is generally defined in the CIC as the conviction of a felony, gross and willful failure to perform assigned duties, and dishonest conduct that is intentional and materially injurious to the Company.

11

<PAGE>

#### Tax Implications of Executive Compensation

Under Section 162(m) of the Code, the Company generally receives a tax deduction for compensation on payments which total less than \$1,000,000 paid to our Named Executive Officers, unless that compensation is performance based. We do not believe the total non-performance based compensation for any of our Named Executive Officers will exceed \$1,000,000 during 2007 or the foreseeable future.

#### Stock Ownership Guidelines

Solitario has not established formal stock ownership guidelines for our Named Executive Officers. The Company's Insider Trading Policy prohibits the Named Executive Officers, as well as other insiders, who may have access to material inside information, from purchasing, selling, entering into short sale transactions, engaging in hedging or offsetting transactions regarding Solitario's common stock during periods where such persons have access to material inside information.

#### Role of the Chief Executive Officer in Compensation Decisions

The Chief Executive Officer annually reviews the performance of all other Named Executive Officers. The performance of the Chief Executive Officer is reviewed by the Chairman of the Compensation Committee. The conclusions and recommendations, which include salary, bonus and equity grants, if any, are presented to the Compensation Committee, which has absolute discretion in modifying or applying any of the recommendations for the Named Executive Officers. The Compensation Committee presents its conclusions and recommendation the Board of Directors for their input and review.

## 10. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As noted under "Compensation Discussion and Analysis" in this Proxy, the Company entered into certain change in control agreements on March 14, 2007 with the following Named Executive Officers: Christopher E. Herald, James R. Maronick and Walter H. Hunt. The terms of the change in control agreements are more fully described under "Change In Control Agreements" in the "Compensation Discussion and Analysis" section of this Proxy. Described below are the potential payments to each Named Executive Officer in the event of a change in control as defined in the applicable Change in Control Agreement (the "CIC").

Name	Salary (\$) (1)	Tax gross up (2)	Total (\$)
Christopher E. Herald, CEO	525,000	-	525,000
James R. Maronick, CFO	375,000	-	375,000
Walter H, Hunt, COO	375,000	-	375,000

(1) Two and one half times base salary as of April 23, 2008. Paid as a lump sum payment.

(2) The change in control provides for a gross-up for taxes in the event the combined salary and all other compensation, triggered by a change in control, results in Excise Tax, as defined by Section 4999 of the Code. The CIC provide for additional cash compensation to pay for the Excise Tax, which is 20% of all compensation when the total payments, including the fair value from acceleration of vesting for unvested options, under the CIC exceed three times base salary. Accordingly, if the fair value of the acceleration of vesting for unvested options cause the total compensation to exceed three times base salary, then the Company will reimburse the Named Executive Officer an amount to offset the 20% Excise Tax. Until a change in control is triggered and additional compensation, if any, from acceleration of vesting of outstanding options is determined, the amount of tax gross up, if any, cannot be determined.

### 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

#### Crown Resources Corporation

Crown provided management and technical services to Solitario under a management and technical services agreement originally signed in April 1994 and modified in April 1999, December 2000 and July 2002. The agreement was terminated on August 31, 2006 upon the completion of the Crown - Kinross merger. Under the modified agreement we were billed by Crown for services at 25% of Crown's corporate administrative costs for executive and technical salaries, benefits and expenses, 50% of Crown's corporate administrative costs for financial management and reporting salaries, benefits, expenses and 75% of Crown's corporate administrative costs for investor relations salaries, benefits and expenses. In addition, we reimbursed Crown for direct out-of-pocket expenses. These allocations were based upon the estimated time and expenses spent by Crown management and employees on both Crown activities and Solitario activities. Our management believed these allocations were reasonable and the allocations were periodically reviewed by our management and approved by independent Board members of both Crown and Solitario. Management service fees were billed monthly, due on receipt and were generally paid within thirty days. We did not incur any management service fees during 2007. Management service fees were \$232,000, and \$423,000 for the years ended December 31, 2006 and 2005, respectively.

On July 26, 2004, Crown completed a spin-off of our shares to its shareholders, whereby each Crown shareholder received 0.2169 shares of our common stock for each Crown share they owned. As part of the spin-off, Crown retained 998,306 of our shares for the benefit of Crown's warrant holders who would receive those shares when the warrant holders exercise their warrants. Subsequent to the spin-off, through August 31, 2006 when the Crown - Kinross merger was completed, Crown distributed 995,229 of these retained shares upon exercise of its warrants and

at December 31, 2006 the remaining 3,077 shares of our stock became the property of Kinross which is not a related party to Solitario.

#### Mark Jones Consulting Agreement

On September 1, 2006, we entered into a consulting agreement with Mark E. Jones, III, a director and vice-chairman of our Board of Directors. The consulting agreement has a two-year term. Under the agreement, Mr. Jones will advise the Company on matters of strategic direction, planning, and identification of corporate opportunities, when and as requested by the Solitario. In consideration for the services to be performed, Mr. Jones has been paid a one time lump sum payment of \$160,000, plus he is entitled to receive pre-approved, documented expenses incurred in performance of the consulting services. We have charged \$80,000 for consulting expense, related to the agreement, included in general and

administrative expense for the year ended December 31, 2007 compared to \$27,000 for the year ended December 31, 2006. We will amortize the remaining balance of prepaid consulting fees of \$53,000, included in current assets as of December 31, 2007, during 2008.

#### TNR Gold Corp.

On July 24, 2006, we exercised a warrant to purchase 500,000 shares of TNR Gold Corp. ("TNR") common stock by paying \$70,000. We recorded the cash paid and the fair value of the warrant on the date of exercise of \$12,000 as marketable equity securities. We received this warrant in July 2004 when we exchanged 500,000 shares of TNR Gold Corp ("TNR") common stock for 500,000 shares of TNR common stock that were not available to be publicly traded in Canada until November 28, 2004 and a warrant to purchase an additional 500,000 shares of TNR common stock for Cdn\$0.16 per share for a period of two years. The 2004 transaction was accounted for as a sale of our previously owned TNR shares and an acquisition of the new TNR shares and warrants. The TNR shares are classified as marketable equity securities held for sale. As of December 31, 2007, we own 1,000,000 shares of TNR that are classified as marketable equity securities held for sale and are recorded at their fair market value of \$316,000 and included in marketable equity securities. As of December 31, 2007 we do not own warrants for the purchase of TNR shares. Previous to their exercise, the TNR warrants were recorded at fair market value based upon quoted prices and classified as derivative instruments. We recorded a loss on derivative instruments of \$5,000, and \$20,000, for the decrease in the value of its warrants during the years ended December 31, 2006 and 2005, respectively. Christopher E. Herald, our CEO, is a member of the Board of Directors of TNR.
