ANNUAL REPORT TO SHAREHOLDERS  
OF  
RENN GLOBAL ENTREPRENEURS FUND, INC.

December 31, 2011

Dear Shareholder,

I believe in 2012 we may be emerging from one of the longest and most difficult periods in memory. Over the past several years we have been planting, i.e., investing in a number of companies that could blossom in 2012.

One of our legacy companies has emerged as a new public stock. CMSF, Inc. is now Plures Technologies, Inc. This company has exciting possibilities with respect to its specialty semiconductor technology. Meanwhile, we are continuing to work on finding a merger partner for Integrated Security Systems, Inc., another legacy holding. We have been examining a number of different opportunities and hope to have something favorable to report over the next three to six months. RENN Global is a significant holder of each of these companies.

In our semi-annual report we described a new holding, AnchorFree, Inc. This company is still privately owned but continues to make excellent progress. AnchorFree is now ranked in the top 100 online destinations by traffic in the whole world, a very big accomplishment. The company now has over 10 million unique users with 2 billion page views per month. AnchorFree recently released its Apple application which is already one of the top downloaded utility applications in six countries. The addressable world market is currently 1.5 billion internet users so the market potential is quite large. Long term, AnchorFree would like to go public or merge with a major strategic partner. Unlike many internet companies, AnchorFree is very profitable.

We also described in our semi-annual report a large holding, PHC, was being acquired by Acadia Health. This merger has been completed. As a major player in the behavioral, mental health field, Acadia is commanding attention from a number of health care analysts. The stock trades under the symbol ACHC on the NASDAQ. We have a nice unrealized profit in ACHC, and we anticipate further growth.

Several more of our holdings, e.g., Access Plans, Inc. and Global Access Corporation, could be acquired and provide liquidity for the Fund. Lastly, Bovie Medical expects JPlasma, a revolutionary surgical product, to be cleared in the near term by the FDA. I believe Bovie could have significant appreciation in 2012-2013.

It appears that the Chinese stocks have “bottomed out” after a very difficult market period. Any up-turn would really help this portfolio. In these difficult economic times, all six of our Chinese holdings exhibited revenue growth this year.

We will have our 2011 Annual Shareholders Meeting on Wednesday, May 23, 2012 at the Doubletree Hotel, Campbell Center at 11:00 a.m. to vote for, among other things, directors and review our portfolio.

Even though we have been through a difficult period, we have had successes in the past. Perhaps we are coming back into “our zone” in 2012. We appreciate our shareholders’ support.

Sincerely

Russell Cleveland  
President and CEO

RENN Global Entrepreneurs Fund, Inc.  
Notes to Financial Statements  
December 31, 2011

Note Organization and Business Purpose

1

RENN Global Entrepreneurs Fund, Inc. (the “Fund”), is a registered, non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”).

The Fund, a Texas corporation, was organized and commenced operations in 1994 and is registered under and pursuant to the provisions of Section 8(a) of the 1940 Act.

The investment objective of the Fund is to provide its stockholders primarily with long-term capital appreciation by investing substantially in privately-placed convertible and equity securities of emerging growth companies traded on U.S. securities exchanges.

RENN Capital Group, Inc. (“RENN Group”), a Texas corporation, serves as the Investment Adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund’s investment portfolio, subject to the supervision of the Board of Directors. RENN Group is a registered investment adviser under the Investment Advisers Act of 1940, as amended.

Note Summary of Significant Accounting Policies

2

Valuation of Investments

Portfolio investments are stated at quoted market prices or fair value as determined by RENN Group (Note 5).

Revenue Recognition

The Fund recognizes realized gain/loss in the period of the sale based upon the identified cost basis. Change in unrealized gain/loss is reflected during the period of the change. Dividend income is recorded on the record date. Interest income is recorded as earned on an accrual basis. The Fund reserves any dividends or interest income that it determines is potentially uncollectible based upon an analysis of several factors used in assessing the financial condition of each company. The Fund has recorded a reserve for doubtful interest income due on convertible bonds in the amount of \$547,557 as of December 31, 2011. The adjustments to this reserve recorded during 2011 resulted in the reduction of previously reported interest income and resulted in a negative balance in interest income of (\$240,694) for the year ended December 31, 2011.

Cash and Cash Equivalents

As of December 31, 2011, cash and cash equivalents are at risk to the extent that they exceed Federal Deposit Insurance Corporation insured amounts. The Fund has not experienced any losses as a result of this risk. The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. As of December 31, 2011, cash equivalents were held in the Federated Prime Obligations Fund which is not covered by depository insurance.

RENN Global Entrepreneurs Fund, Inc.  
Notes to Financial Statements  
December 31, 2011

Note Summary of Significant Accounting Policies, continued

2

Income Tax

The Fund has elected the special income tax treatment available to “regulated investment company” (“RIC”) under Subchapter M of the Internal Revenue Code (“IRC”) which allows the Fund to be relieved of federal income tax on that part of its net investment income and realized capital gain that it pays out to its stockholders. The requirements to qualify for RIC status include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund’s taxable investment income to its stockholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC and to distribute all of the Fund’s taxable investment income and realized long-term capital gain within the defined period under the IRC to qualify as a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund’s net assets as well as the amount of cash available for distribution to stockholders. Continued qualification as a RIC requires management to satisfy certain investment diversification requirements in future years. There can be no assurance that the Fund will qualify as a RIC in future years.

Federal income taxes payable on behalf of stockholders on realized capital gain that the Fund elects to retain are accrued and reflected as tax expense paid on behalf of stockholders on the last day of the tax year in which such gain is realized.

Net Decrease in Net Assets resulting from operations per share

Net decrease in net assets resulting from operations per share is based on the weighted average number of shares outstanding of 4,463,967 during the year ended December 31, 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note Due to/from Broker

3

The Fund conducts business with various brokers for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with these brokers. “Due from broker” represents unsettled sales transactions. “Due to broker” represents a margin loan payable to these brokers, which is secured by investments in securities maintained with the lending broker as collateral for the margin loan (as indicated by footnote 5 on the schedule of investments). The Fund is subject to credit risk to the extent the brokers are unable to deliver cash balances or securities, or clear security transactions on the Fund’s behalf. RENN Capital Group, Inc., the investment adviser, actively monitors the Fund’s exposure to these brokers and believes the likelihood of loss under

those circumstances is remote. At December 31, 2011, “due from broker” balance was \$0 and “due to broker” balance was \$283,571.

RENN Global Entrepreneurs Fund, Inc.  
Notes to Financial Statements  
December 31, 2011

Note Due to/from Broker, continued

3

The terms on a margin loan are governed by federal regulation and by the rules of National Association of Securities Dealers (“NASD”) and the securities exchanges. In general under Federal Reserve Board Regulation T, firms can lend a customer up to 50% of the price of a security. The rules of NASD and the exchanges supplement the requirements of Regulation T by placing “maintenance” margin requirements on customer accounts. Under the rules of the broker, equity in the account must not fall below 30% of the current market value of the securities in the account that have a market value above \$6.625 or \$2.00 per share for securities that have a market value between \$2.125 and \$6.625. The failure to do so may cause the firm to force the sale of or liquidate the securities in the account in order to bring the account’s equity back to the required level. The loan is not made for any specific term or duration but is due and payable at the brokerage firm’s discretion. The Fund has a negotiated interest rate of 150 basis points over the Federal Funds rate. The interest will vary with any changes in the Federal Funds rate. The interest charges are added to the loan balance. At December 31, 2011 the margin interest rate was 2.74%. The margin loan balance is secured by the securities as explained on the schedule of investments. The Fund has a policy allowing it to borrow not more than 33% of the Fund’s Net Asset Value as of the time of borrowing for purposes of taking advantage of investments deemed to be in the best interest of the Fund or to borrow such amounts as deemed necessary and prudent as a temporary measure for extraordinary or emergency purposes. Federal regulations under the 1940 Act require that the Fund maintain 300% asset coverage in relation to any borrowed amount.

Note Management Fees and Reimbursement

4

Pursuant to an Investment Advisory Agreement (the “Agreement”) effective May 15, 2009, RENN Group performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the Investment Adviser is reimbursed by the Fund for certain directly allocable administrative expenses. A summary of fees and reimbursements paid by the Fund under either the Agreement or the prospectus is as follows:

RENN Group receives a management fee equal to a quarterly rate of 0.4375% of the Fund’s net assets, as determined at the end of each quarter, each payment to be due as of the last day of the calendar quarter. The Fund incurred \$192,762, during the year ended December 31, 2011 for such management fees.

The Investment Adviser was reimbursed by the Fund for directly allocable administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$44,106 during the year ended December 31, 2011.

At December 31, 2011 the Fund had an account payable of \$49,280 for the amount due for the fees and expense reimbursements disclosed above.

Note Valuation of Investments

5

Investments are carried in the statements of assets and liabilities at fair value, as determined in good faith by RENN Group, subject to the approval of the Fund's Board of Directors.

The Fund generally invests in common securities, preferred securities, convertible and nonconvertible debt securities and warrants. These securities may be unregistered and thinly-to-moderately traded. Generally, the Fund negotiates registration rights at the time of purchase and the portfolio companies are required to register the shares within a designated period, and the cost of registration is borne by the portfolio company.

On a weekly basis, RENN Group prepares a valuation to determine fair value of the investments of the Fund. The Board of Directors approves the valuation on a quarterly basis. Interim board involvement may occur if material issues arise before quarter end. The valuation principles are described below.

Unrestricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price on the date of valuation.

Restricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued based on the quoted price for an otherwise identical unrestricted security of the same issuer that trades in a public market, adjusted to reflect the effect of any significant restrictions.

The unlisted preferred stock of companies with common stock listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price of the common stock into which the preferred stock is convertible on the date of valuation.

Debt securities are valued at fair value. Fair value is generally determined to be the greater of the face value of the debt or the market value of the underlying common stock into which the instrument may be converted. However, the Fund considers, among other things, whether a debt issuer is in default or bankruptcy and the underlying collateral and may adjust the fair value accordingly.

The unlisted in-the-money options or warrants of companies with the underlying common stock listed on an exchange, NASDAQ or in the over-the-counter market are valued at fair value (the positive difference between the closing price of the underlying common stock and the strike price of the warrant or option). An out-of-the money warrant or option has no value; thus the Fund assigns no value to it.

Investments in privately held entities are valued at fair value. If there is no independent and objective pricing authority (i.e., a public market) for such investments, fair value is based on the latest sale of equity securities to independent third parties. If a private entity does not have an independent value established over an extended period of time, then the Investment Adviser will determine fair value on the basis of appraisal procedures established in good faith and approved by the Board of Directors.

The Fund follows the provisions of Accounting Standards Codification ASC 820, Fair Value Measurements, under which the Fund has established a fair value hierarchy that prioritizes the sources (“inputs”) used to measure fair value into three broad levels: inputs based on quoted market prices in active markets (Level 1 inputs); observable inputs based on corroboration with available market data (Level 2 inputs); and unobservable inputs based on uncorroborated market data or a reporting entity’s own assumptions (Level 3 inputs).

The following table shows a summary of investments measured at fair value on a recurring basis classified under the appropriate level of fair value hierarchy as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Convertible Bonds	\$ -	\$ 410,000	\$ 284,500	\$ 694,500
Convertible Preferred Equities	-	850,001	952,180	1,802,181
Common stock	4,713,551	349,375	1,921,632	6,984,558
Miscellaneous Securities	-	6,625	158,334	164,959
<b>Total Investments</b>	<b>\$ 4,713,551</b>	<b>\$ 1,616,001</b>	<b>\$ 3,316,646</b>	<b>\$ 9,646,198</b>

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

Level 3

Beginning balance – December 31, 2010	\$ 1,394,895
Purchase of Level 3 Preferred Equities	500,000
Purchase of Level 3 Common stock	45,739
Transferred from Level 2 to Level 3	1,621,052
Transferred from Level 3 to Level 2	(410,000 )
Settlements of Level 3 Convertible Bonds	(433,334 )
Realized gain on settlements of Level 3 Convertible Bonds	150,000
Changes in unrealized gain or loss	448,294
<b>Ending Balance – December 31, 2011</b>	<b>\$ 3,316,646</b>

The Fund has adopted a policy of recording any transfers of investment securities between the different levels in the fair value hierarchy as of the end of the year unless circumstances dictate otherwise. The transfers into Level 3 and out of Level 3 identified above were due to changes in the observability of the inputs utilized by the Fund to estimate the fair value of certain securities.

Note Income Taxes

6

During 2011 management has followed a policy of distributing all of the Fund's taxable investment income and realized capital gain within the defined period under the IRC to ensure that any federal income tax on such income, if any, is paid by the Fund's stockholders. During the year ended December 31, 2011 there was no taxable investment income or net realized long-term capital gain, and therefore no declaration of any distributions. Accordingly, no income tax expense was reported by the Fund for the year ended December 31, 2011. The Fund had a tax loss

carryforward of \$12,676,631 for the year ended December 31, 2011, which is available to offset future realized capital gain for a period of up to seven years. No income tax benefit has been reflected on this carryforward, as the income tax application has not yet been determined.

Note Related Party Transactions

7

On April 15, 2011, the Fund purchased 277,778 Series A preferred shares of AnchorFree, Inc. from Global Special Opportunities Trust (GSOT), a fund to which RENN Group acted as investment adviser. GSOT was a fund with a finite life that terminated May 31, 2011; thus, GSOT had to liquidate its portfolio by that date. AnchorFree is a private company; thus, there is (and was at that time) no active market for its securities. The Fund purchased the AnchorFree shares from GSOT for \$500,000 or \$1.80 per share, which was GSOT's cost basis. The fair value at the time of the purchase, as determined by a third party, was \$3.06. GSOT was aware of the \$3.06 valuation, but given its impending liquidation, was satisfied being made whole. The Fund benefitted by buying a \$3.06 asset for \$1.80. Thus, both funds received a satisfactory outcome.

In order to provide liquidity the Fund sold the following securities to RENN Universal Growth Investment Trust PLC (a fund advised by RENN Capital Group, Inc) during the year ended December 31, 2011.

Portfolio Company	# of Shares	Net Proceeds	Cost	Gain / Loss

Board Member Attributes. The following is a summary of some of the experience, skills and attributes that led to the conclusion that each member should serve as a director for the Fund:

Russell Cleveland, the Chairman, brings more than 50 years of experience in the investment business, 40 years of which were spent as a portfolio manager specializing in multiple classes of securities of small private and publicly traded companies. He is a graduate of the Wharton School of Business and has appeared on CNBC numerous times as a small cap analyst. He has been a Director of the Fund since its inception.

Charles C. Pierce, Jr. is a retired Vice Chairman of Dain Rauscher, Inc., former President of the Texas Stock and Bond Dealers Association, and former Chairman of the South Central District of the Securities Industry Association covering Texas, Oklahoma, New Mexico, Kansas, and Colorado, and has been a Director of the Fund since 2002.

**Consideration of Diversity in Board Membership.** In selecting and re-electing board members, consideration is given to the presence on the Board of a broad spectrum of business acumen and personal perspectives. The Fund has members who bring experience in banking and finance, executive management of corporations, directorship, and success with entrepreneurial challenges, among others. The Fund intends to keep a diversity of skills and attitudes in its board makeup and assesses those qualities in any present director or one who is being considered for nomination to the Board.

**Board Oversight of Risk.** The Board endeavors to forestall risk by its development of fundamental investment policies for approval by the shareholders and other policies which are more flexible for the Adviser's activities on the Fund's behalf. The Board is also involved in the assessment and monitoring of risk by virtue of its review of the Fund's investment activities, noting whether the portfolio has industry or geographic susceptibilities, the appointment of the Adviser's portfolio managers to directorships on portfolio boards when indicated, and by review of the financial particulars of the Fund, including any occasions of debt. It also considers the strength of the Adviser's staff to provide uninterrupted investment and administrative services to the Fund.

**Board Leadership Structure.** The Board has determined that Mr. Cleveland's dual role as the Fund's Chief Executive Officer and Chairman of the Board is appropriate for this Fund. Mr. Cleveland is an "interested person" in the Fund, giving him an additional incentive for its good performance and protection. He has foregone compensation from the Fund for both roles except for his indirect benefit from the Adviser's management fee based on growth of the Fund's asset values and the growth in the market value of the Fund's stock that he owns indirectly. The appointment of a separate person serving as chairman would likely require the Fund to incur additional fee expense for the position, which the Board feels is unwarranted. The Board feels that its considerable oversight of risk fuses well with the Board's leadership structure.

The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. A copy of each such Form N-Q is available on the SEC's website at [www.sec.gov](http://www.sec.gov). Such forms may also be reviewed and copied at the SEC Public Reference Room in Washington, D.C., and you may call the Public Reference Room at 1-800-SEC-0330 for information on its hours, etc.

## Item 2. Code of Ethics.

The Fund has adopted a Code of Ethics applicable to the Fund's principal executive officer, principal accounting officer, and persons designated by the Chief Executive Officer as performing similar functions, as required by Regulation S-K Item 406. The Fund posts such Code of Ethics on the Fund's website located at [www.rencapital.com](http://www.rencapital.com) and intends to disclose material amendments or waivers of the Code of Ethics by posting promptly to the Fund's website. During the period covered by this report, there has been no amendment or waiver regarding such Code of Ethics.

## Item 3. Audit Committee Financial Expert.

The Registrant's Board of Directors has determined that J. Philip McCormick is qualified to serve as financial expert on its audit committee and that he is "independent," as defined by the U.S. Securities and Exchange Commission.

## Item 4. Principal Accountant Fees and Services.

The following table presents fees paid by the Fund for professional services rendered by Malin, Bergquist & Company, LLP for the years ended December 31, 2011 and 2010.

Fee Category	2011 Fees	2010 Fees
Audit Fee	\$77,886	\$80,952
Audit-Related Fees	\$-	\$-
Tax Fees	\$-	\$-
All Other Fees	\$-	\$-
<b>Total Fees</b>	<b>\$77,886</b>	<b>\$80,952</b>

Audit Fees were for professional services rendered for the audit of the Fund's annual financial statements. No non-audit fees were paid to the independent audit firm of Malin, Bergquist & Company, LLP.

The Audit Committee generally requires pre-approval of engagements for all auditor services, which proposed services must be described in detail and which auditor must have been determined by the Audit Committee as independent. One factor used by the Audit Committee in its assessment of an auditor's independence is the amount of non-audit services performed for the Fund or its affiliates. Any non-audit services which were not specified at the onset but which are made known to the Audit Committee and approved by it prior to the completion of an audit will be deemed pre-approved to the extent that the amount is less than five percent of the total auditor service fees for the year. In the ordinary course of its duties the Chairman of the Audit Committee would be the member who would sign any pre-approval. However, in his absence or incapacity any one of the other members of the Audit Committee may sign if the approval is time-sensitive and a majority of the other available members of the Audit Committee agreed to which member would be the signator.

The Fund does not ordinarily engage the auditor for non-audit services, and no non-audit services were approved or provided for the period covered by this report.

Item 5. Audit Committee of Listed Registrants.

The Registrant has an Audit Committee which was established by the Board of Directors of the Fund in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The members of the Registrant's Audit Committee are Ernest Hill (Chairman), J. Philip McCormick and Charles Pierce, Jr.

“Introduction

“As an investment adviser registered under the Advisers Act, we have a fiduciary duty to act solely in the best interests of our clients. As part of this duty, we recognize that we must vote client securities in a timely manner free of conflicts of interest and in the best interests of our clients.

“These policies and procedures for voting proxies for our investment advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

“Proxy Policy

“We vote proxies relating to our portfolio securities in the best interest of our clients’ shareholders. We review on a case-by-case basis each proposal submitted to a shareholder vote to determine its impact on the portfolio securities held by our clients. Although we generally vote against proposals that may have a negative impact on our clients’ portfolio securities, we may vote for such a proposal if there exists compelling long-term reasons to do so.

“Our proxy voting decisions are made by the senior officers who are responsible for monitoring each of our clients’ investments. To ensure that our vote is not the product of a conflict of interest, we require that: (i) anyone involved in the decision-making process disclose to our Chief Compliance Officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees involved in the decision-making process or vote administration are prohibited from revealing how we intend to vote on a proposal in order to reduce any attempted influence from interested parties.”

Item 8. Portfolio Managers of Closed-End Management Investment Companies, continued.

Scott E. Douglass has served as a Vice President of the Fund and of RENN Capital Group, Inc. since November 2004. He is a Chartered Financial Analyst.

As employees of the Adviser, each of the foregoing Portfolio Managers is also responsible for the day-to-day management of the portfolios of two foreign funds, none of which is an investment company registered in the United States or a pooled investment vehicle. The total assets managed for those funds are \$75,942,169 as of December 31, 2011.

There could appear to be a potential conflict of interest for the Portfolio Managers in that the Adviser does not receive an incentive fee from the Fund, whereas it does receive performance fees from at least some of the other funds it manages. However, investment opportunities that are appropriate for the Fund are considered concurrently with the assessment of the opportunity for the Adviser's other clients, and the amount prorated to the Fund is determined according to SEC guidelines for permitted co-investments, which proration is reviewed by the Fund's Board of Directors. In addition, the Portfolio Managers' compensation structures have no specific provision for participation calculated on the performance of any particular client of the Adviser.

The Portfolio Managers are employed by RENN Capital Group, Inc. which is the Investment Adviser to the Fund. The Portfolio Managers are compensated by annual salaries and occasional bonuses. Bonuses are generally paid when one or more of the Adviser's managed funds pay an incentive fee. Two of the Adviser's three managed funds have incentive fee arrangements. The Fund does not have an incentive fee arrangement.

Russell Cleveland is the only Portfolio Manager that has beneficial ownership in the Fund, and it was over \$1,000,000 as of December 31, 2011.

Item 9. Purchases of Equity Securities by the Fund and Its Affiliated Purchasers.

Neither the Fund nor any Affiliated Purchaser, nor any person on their behalf, has purchased any of the Fund's securities in the period covered by this report. The purchase of the Fund's securities is authorized under its Dividend Reinvestment Plan and Cash Purchase Plan dated February 15, 1994, but no such shares were purchased during the period covered by this report.

An "Affiliated Purchaser" is defined as a person acting directly or indirectly, in concert with the Fund in the purchase of the Fund's securities, or any person controlling, controlled by, or under common control with the Fund and thereby controlling the purchase of the Fund's shares, but does not include an officer or director of the Fund who may properly authorize repurchase of the Fund's shares pursuant to Rule 10b-18 of the Exchange Act of 1934.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which shareholders may recommend nominees to the Fund's Board of Directors since the Fund last provided disclosure in response to this item. The submission of shareholder proposals which require a vote of all shareholders will be handled in accordance with Rule 14a-8 of the Exchange

Act. No such proposals were received.

Item Controls and Procedures.

11.

Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, within the ninety days immediately preceding the filing of this report we evaluated the effectiveness of our disclosure controls and procedures as required by Rule 13a-15(b) under the Securities Exchange Act of 1934. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of that date to provide reasonable assurance that the information we are required to disclose in reports that we file under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and includes controls and procedures designed to ensure that information required to be disclosed by us in such reports is accumulated and communicated to our management, including the principal executive officer and principal financial officer, in sufficient time to allow timely decisions regarding required disclosure.
