## DIANA SHIPPING INC. ANNOUNCES THE SALE OF A PANAMAX DRY BULK VESSEL, THE M/V MELITE

ATHENS, GREECE, October 12, 2017 – Diana Shipping Inc. (NYSE: DSX), (the "Company"), a global shipping company specializing in the ownership of dry bulk vessels, today announced that it has signed, through a separate wholly-owned subsidiary (the "Owners"), a Memorandum of Agreement to sell to an unaffiliated third party (the "Buyers"), the 2004-built vessel "Melite" for demolition, on an "as is where is" basis, with delivery due to the Buyers by October 30, 2017, for a sale price of approximately US\$2.52 million before commissions.

The Owners of "Melite" have submitted a Notice of Abandonment to their Hull and Machinery Underwriters, who have not, as of today's date, accepted this Notice, but have agreed to the sale of the vessel on the terms outlined in the above mentioned Memorandum of Agreement. This Notice of Abandonment forms part of Owners' claim against the vessel's Hull and Machinery Underwriters resulting from the previously announced grounding of the vessel on July 26, 2017, and which if accepted by the insurers will result in the payment to Owners of the vessel's total insured value of approximately US\$14.0 million.

Upon completion of the aforementioned sale, Diana Shipping Inc.'s fleet will consist of 50 dry bulk vessels (4 Newcastlemax, 14 Capesize, 5 Post-Panamax, 5 Kamsarmax and 22 Panamax). As of today, the combined carrying capacity of the Company's fleet, including the m/v Melite, is approximately 5.9 million dwt with a weighted average age of 8.2 years. A table describing the current Diana Shipping Inc. fleet can be found on the Company's website, [www.dianashippinginc.com](http://www.dianashippinginc.com). Information contained on the Company's website does not constitute a part of this press release.

### About the Company

Diana Shipping Inc. is a global provider of shipping transportation services through its ownership of dry bulk vessels. The Company's vessels are employed primarily on medium to long-term time charters and transport a range of dry bulk cargoes, including such commodities as iron ore, coal, grain and other materials along worldwide shipping routes.

### Cautionary Statement Regarding Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies

to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "anticipate," "intends," "estimate," "forecast," "project," "plan," "potential," "may," "should," "expect," "pending" and similar expressions identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charter rates and vessel values, changes in demand for dry bulk shipping capacity, changes in our operating expenses, including bunker prices, drydocking and insurance costs, the market for our vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessel breakdowns and instances of off-hires and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
